Lucy: We know. We sure have been busy and I we learned so much from all over the world.

Haiku: We sure have and its all been really fascinating. I just wish my sister Maggie could be here with me.

Lincoln: Hey wasn't Maggie…?

Haiku: Yes Lincoln. Maggie is Luan's best friend and she is as emotionless as me.

Brittney: I know her. Does she know you've been disowned because of your powers?

Haiku: Unfortunately no Brittney. She doesn't.

Brittney: We'll have to tell her when we get back.

Lincoln: I have a strong feeling that she will hate her parents too after everything that went down.

Haiku: I do too Lincoln. But she's my sister and I love her.

Lucy: That's thoughtful Haiku.

Brittney: I would hate my parents too if they disowned my little sisters.

Lincoln: Me too.

Gwen: Same here but I don't have any brothers or sisters.

Nicole: We're here guys. Welcome to Nicaragua.

Me: Nicaragua. It's just as beautiful as I remember it.

Aylene: It's beautiful.

Jessie K: This place is loaded with history and it has some of the most amazing landscapes in the world.

Nicole: And some of the most amazing volcanoes.

Allie: This is gonna be awesome.

Naruto: It sure is.

---

The first volcano we were at was Mount Masaya.

We had our gas masks on.

Nicole: Here we are guys. This volcano is called Mount Masaya.

Lori: It's literally amazing and you can see into the crater.

Leni: Totes. It's so hot.

Luna: It sure is.

Jessie K: I know this volcano all too well. It's said to be one of the 6 doorways into the Netherworld.

Me: Oh yeah. I saw that in a documentary at one time on the History Channel. It was something.

Jessie K: I remember that dad. See that cross over there?

Jessie pointed to a cross on a tall hill on the volcano.

Me: I sure do. That cross was erected there to keep the demons in the volcano from escaping.

Lori: That is literally something.

Lola: It sure is Lori.

Lana: It's amazing and scary at the same time.

Laney: It sure is. This volcano must have a dark history as well as a dark tie to the Netherworld.

Me: It does Laney.

* * *

Next we were at Momotombo Volcano.

Nicole: Momotombo Volcano. One of the most beautiful volcanoes in all of Nicaragua.

Sam: It sure is beautiful.

Luna: It sure is dude.

Lynn: This volcano is amazing. What's that gash down the middle of the volcano?

Nicole: That gash was carved out by pyroclastic flows and avalanches of lava by eruptions over the centuries.

Varie: It's amazing.

Aylene: It sure is. Is it one of Nicaragua's most active volcanoes?

Nicole: It erupts periodically but not all the time.

* * *

We then had Vanzilla 2.0 in Yacht mode and we were on Lake Nicaragua. We were at a volcano called Concepción.

Nicole: This volcano is called Concepción. It's another one of the most beautiful volcanoes in the world.

Lola: It sure is beautiful. It's a perfect cone shape.

Lisa: Yes indeed.

Lily: This volcano is amazing. And from the looks of things it's still erupting.

Nicole: Yes. Its activity began in 2015 and it's still going on.

Naruto: It's amazing.

Sakura: It sure is.

Fu: The power of the Earth is an amazing force to be reckoned with.

Me: It sure is. Remember what we saw in Dante's Peak?

Lincoln: How can we not forget. That was an amazing example of the power of the Earth.

Laney: It sure was.

Sakura: And the devastation that all volcanoes can cause to people, towns, cities and villages. It's all awful.

Me: It sure is.

An ash plume erupted out of the volcano and it was an amazing sight.

Me: Whoa!

Hinata: Incredible!

Rin: Unbelievable!

Fu: I'll never forget seeing that volcano erupt in Dante's Peak. That was awful.

Lincoln: It sure was Fu. Luckily no one got killed but the entire town was completely destroyed.

Me: Yeah. It was wiped off the map.

Sakura: it sure was.

Naruto: That was awful. Glad everyone is all right.

Me: Me too.

Laney: Same here. Thank goodness we got everyone out of there.

Lynn Sr.: I saw that in the newspaper and your press conference and that was awful. How strong was the volcano when it erupted?

Me: Level 6 on the Volcanic Explosivity Index. More powerful than Mount Saint Helens.

Rita: That was powerful.

Chione: It sure was. I can't believe that volcanoes pack so much destructive power.

Ben: They're one of natures most powerful forces Chione.

Linka: They sure are.

Riley: It's all incredible.

Nicole: It sure is.

Later we explored all of Nicaragua and learned all sorts of sights in the country.

We then set out for our next destination.

Continues in Part 43.

# Volcanic Trip Part 43

Part 43: MEXICO

---

Vanzilla 2.0 was in Jet mode flying to our next destination.

I am playing video games with Lincoln, Lily, Linka and Lori and Varie, Lilly, Laney, Haiku and Lucy were reading books.

Me: I'm gonna beat you guys!

Lori: I literally think not!

Lily: Don't count on it! (Beats all of them) YES! I WIN!

Me: Wow! Lily is an amazing video game player.

Lilly: She sure is.

Me: Lori I've been meaning to ask you this for a while now.

Lori: What is it?

Me: Where did you come up with the threat of turning people into a human pretzel?

Lori: That's a question I haven't heard in a long time. I got the idea for it during one of my babysitting days.

Flashback:

Lori: (Narrating) **It was back when I was in Middle school. The house was totally in a ruckus and no one was listening to me.**

Past Lori: Guys calm down please!

Past Luna: No way! This is awesome!

Past Lynn: Yeah what are you gonna do about it?

Lori: (Narrating) **They weren't gonna listen to me and that's when I snapped.**

Past Lori's head boiled red and her hair turned into a steamwhistle.

TTTTOOOOOOOOOOOOOOOOOOOOOOOOTTTTTTTTTTTTTTTTTTT!

Past Lori: THAT'S ENOUGH!

Everyone stopped wondering why Lori was upset.

Past Lori: YOU ALL WILL STOP THIS RIGHT NOW AND BEHAVE LIKE NORMAL PEOPLE! IF I CATCH YOU DOING ANYTHING ELSE, I WILL LITERALLY TURN YOU INTO A HUMAN PRETZEL!

Everyone was now terrified of her and they all knew that they had to listen to her from now on or face the consequences of her wrath.

Past Lori: Thank you.

Lori: (Narrating) **That's when I became the enforcer and the big sister.**

Flashback ends.

Me: Wow. That's amazing.

Lincoln: It sure is. And Lori's been teaching me everything for when she passes the torch to me in the future.

Lori: That's right little bro.

Lilly: That's gonna be so cool Linky.

Varie: That is gonna be cool.

Lucy: It sure is.

Nicole: We're here guys. Welcome to Mexico.

Lincoln: I've always wanted to go to Mexico.

Nicole: You're gonna love it buddy. Mexico has amazing volcanoes and history. We're not going to Honduras, El Salvador or Guatemala because those are considered some of the most lawless countries in Central America.

Lynn Sr.: That's a good reason.

Rita: Good thinking Nicole.

Nicole: Thanks Ms. Rita.

We were flying over Mexico City, the Capital City of Mexico.

Ronnie Anne: So this is Mexico City. I've always wanted to see the city we came from.

Lincoln: I didn't know you were originally from Mexico, Ronnie Anne.

Ronnie Anne: That's right Lame-o. Me and my family came to Michigan from Mexico a long time ago.

Linka: That is so cool.

Me: Mexico: I was only a baby when we went here for the first time. But this is such a beautiful sight.

Varie: It sure is.

Nicole: You'll love our first stop.

---

We arrived at our first stop in Mexico: A volcano called Paricutin.

Nicole: This is Paricutin Volcano, one of the 7 Natural Wonders of the world. It first formed from 1943 to 1952 which was considered unusually long for a volcano to form.

Naruto: That's amazing.

Sakura: It sure is.

Lola: How come it took so long to form a volcano like this?

Nicole: Usually it takes about 3 weeks to form a baby volcano.

Jessie K: I remember reading about this. It was one of the most amazing acts of volcanic formation in the world.

Mary: That's amazing.

Nicole: Let me show you guys a building by the volcano.

We went to the ruins of the San Juan Parangaricutiro Church.

Kate: Wow. What is all this?

Jessie K: I know this church. These are the ruins of the San Juan Parangaricutiro Church. It was destroyed when Paricutin erupted from 1942 to 1953 and its been left here to crumble like a rotting wound.

Lola: This is awful. I can't believe that a volcano would destroy a church like this.

Lana: Me neither. This church could use a serious renovation.

Me: We can't do that guys. This church is so run down that it would collapse should we attempt to repair it.

* * *

Next we were in Chihuahua, Mexico and we were in the Cave of The Crystals.

Nicole: The Cave of The Crystals. One of the most amazing crystal caves in the world.

Everyone: Wow./It's amazing./This is unbelievable.

Lori: This is literally the most amazing crystal cave I've ever scene.

Leni: Totes but why is it so hot in here?

Me: The temperature in here can get to 136 degrees fahrenheit and there's 99% humidity.

Eddy: Man I'm frying like an egg in here.

Eddy takes off his shirt.

Luan: I'm hot too Eddy-bear.

Luna: How did these crystals form in this cave dudes?

Nicole: It took thousands of years to form this magnificent cave because of the geothermal heat from the Earth's mantle.

Sam: This is an amazing cave guys. But why is it so humid in here too?

Nicole: There's a pocket of underground water between both Caves of Crystals. The geothermal heat from the Earth's mantle heats the water and the steam comes into the caves and gives it its humidity.

Lincoln: This is all amazing.

Lilly: It sure is.

Haiku: If I had a heart it would be swelling with excitement.

Lucy: Mine too.

Lynn: What are these crystals that are forming in here?

Lisa: These crystals Lynn are giant Calcium Sulfate Dihydrate; Street name: Gypsum.

Me: That's right. Gypsum is a beautiful crystal.

Terra: This is so cool though. I would never live in a cave this hot though.

Raven: Me neither.

Starfire: It is too hot.

Volcana: It sure is. I may love fire but this is too hot for me.

Me: That's true.

Next we were at the volcano caldera El Chichon.

Nicole: This is El Chichon. A volcano that erupted suddenly and without warning on April 4th, 1982.

Jessie K: I remember reading about this. It was declared the worst disaster in Mexico's history. Over 2,000 people dead.

Nicole: That's right. It ranked level 5 on the Volcanic Explosivity Index and 20 million tons of volcanic ash reached the Stratosphere and spread around the globe in three weeks. It was very comparable to the 1991 eruption of Pinatubo in the Philippines. 24,000 square kilometers of land, crops, and the area were affected and 9 villages were completely leveled and over 2,000 people were killed. Look here.

We saw some skulls and bones that were untouched after almost 36 years.

Naruto: This was horrible.

I pick up a skull that was burned on the front of the face.

Me: YEE! This person received the full force of the eruption in the face head on and burned him bad. Look.

I show the skull to everyone and they gasped and it was awful.

Lucy: Wicked.

Haiku: It sure is Lucy.

Shannon: That is awful. From the looks of things he never even knew what hit him until it was too late.

Me: This was back almost 36 years ago and that was a horrible event for these people.

Nicole: That's right dad. But El Chichon was overshadowed by the eruption of Nevado Del Ruiz in Colombia 3 years later in 1985.

Me: That's bad.

Kate: It sure was. I can't believe that volcanic eruptions pack so much destructive power.

Lana: Me neither Kate.

Laney: What did the volcano look like before it erupted?

Nicole: Here's a picture of it Laney.

Nicole showed them a picture of El Chichon before it erupted.

Laney: It looked like a forest covered hill.

Nicole: It sure did. And all that explosive pressure caused El Chichon to blow its top. Literally.

Luan: This is an Explosive eruption that Blew your mind. (Laughs to Rimshot) Get it?

We all laugh.

Me: (Laughs) That was a good one Luan.

Varie: (Laughs) That was funny.

Aylene: That was funny.

Eddy: It sure was.

Cody: That was funny.

Zoe: Yep.

---

Next we were at the Ruins of the ancient city of Tikal in Guatemala.

Jessie K: The ancient ruins of the Mayan City Tikal.

Me: Oh wow. I told you about this city when we were in Ecuador.

Shannon: From the movie Apocalypto right?

Me: That's right.

Jessie K: Apocalypto was an awesome movie.

Brittney: It sure was. How they sacrificed to the Mayan Gods was wicked.

Lucy: It sure was Brittney.

Jessie K: Let me show you something that the Mayan's here were known for.

Jessie lead us to a hall of paintings.

Jessie K: This painting here shows how they sacrificed people to their gods. They rip the still beating heart out of them and cut their head off.

Everyone: EEWW!

Jessie K: I know it's gross but that's how they did it back in 1511. Let me show you something really cool. (Snaps Fingers)

The area changed to the city of Tikal in the year 1511 and we were witnessing how Human Sacrifice was done.

WARNING: THIS PART IS GRUESOME. READ AT YOUR OWN RISK.

Lori: Where are we?

Jessie K: This is the city of Tikal back in 1511. This is all just an illusion of what happened back then. These people can't see us or hear us. We are gonna witness how they sacrificed to their gods.

We were on the Tikal Temple and we saw the high priest cut open a mans chest and rip out his still beating heart and then another man took an axe and cut his head off and threw it down the pyramid where it was caught in a net below and the body was disposed of.

Lola fainted after seeing this and Lucy and Haiku smiled in delight.

Shannon: That was gruesome and awesome.

Lincoln: And this is what they did back then Jessie?

Jessie K: Yep. But after the Spanish Conquest the Mayans, Incans and Aztecs were all destroyed and are now extinct. It might've been gruesome but that's how it happened back then.

Lana: Well that's a relief.

Lynn: It sure is.

Lynn Sr.: How did the Mayan's go extinct?

Jessie K: It was because of the Spanish Conquistadors killing them, disease or starvation.

Linka: I'm glad the Mayans are all gone.

Me: Me too.

Varie: Same here.

The illusion vanished.

Lori: That was literally a strange illusion.

Leni: Totes. But that was a scary one.

Jessie K: I know. I'm sorry if I scared all of you.

Cody: You didn't scare us Jessie. We knew it was all apart of the history here.

Lola: I'm sorry I fainted but that was weird and g-ross.

We saw lots of very prominent artifacts from the Mayan world. We saw cool masks, ancient weapons, jewelry, and more.

Lori: This has literally been a very fun trip to Mexico.

Leni: Totes. I look amazing with this Mayan tiara.

Me: That's actually called a Mayan Headdress. It's a very popular piece of clothing they had in the Mayan days.

Lori: I literally look amazing with this jewelry.

Lori had rings and bracelets on her hands and arms made of opals and sapphires and peacock feathers. She also had a dress and made of kashmir and a little cape made of peacock feathers.

Varie: They look stylish on you Lori.

Lori: Thanks Varie.

---

Later in Mexico city we saw the most ancient relic in all of the Mayan world: The Mayan Calendar.

Lisa: The Mayan Calendar. I love this ancient relic.

Jessie K: Me too Lisa. It's my favorite relic in the ancient world. This calendar was used by the Mayan's to determine when the world was going to end.

Chione: How was this going to determine if the world was going to end?

Jessie K: These symbols represent the months and the days and the years. The Mayan's believed that the world was going to end on December 21st, 2012.

Lucy: That was 5 years ago.

Jessie K: Yes that was 5 years ago. But they recently discovered that one of the runes in the Mayan calendar was mistranslated. The world is going to end on the projected date of the year 3,000.

Lincoln: That's a long time from now.

Lisa: Correct elder brother. So we have nothing to worry about.

Lily: No we don't.

Fu: That's a relief. But something still bothers me. Why couldn't Wednesday, Liam, Tabby or Zach come with us?

Me: They decided to stay back and go to school so they are under the care of Mr. Albert.

Lincoln: Oh yeah. Pop-pop is a great grandpa and a great babysitter.

Varie: It was nice of your grandpa to watch them while we were away.

Rita: That's dad for you Varie. By the way I'm planning on getting that terrible nurse Sue fired after we get back. Would you like to sign up for a job at Sunset Canyon Retirement Home?

Varie: I would be honored Ms. Rita.

Rita: Great.

Later we did all sorts of stuff in Mexico and explored all the sights and learned so much about Mexico's history and tried all the food. It was all spicy and delicious.

We then went to our next destination.

Continues in Part 44.

# Volcanic Trip Part 44

Part 44: UNITED STATES PACIFIC COAST

---

Vanzilla 2.0 is in Jet Mode and we are flying over the United States Pacific Coastline.

Nicole: Here we are guys. The final stop on our global trip: The Pacific Coastline of the United States of America.

Lincoln: It's beautiful. I can't believe that we were gone for so long.

Laney: We were gone for 132 days and it was all an amazing trip.

Lana: It sure was Lanes. We've learned so much around the world and it was so cool!

Starfire: It sure was. Learning all about the Earth was an adventure worth remembering.

Raven: I agree Star.

Terra: This was all an amazing trip.

Beast Boy: It sure was.

Volcana: I agree.

Linka: So what's our first stop in the Pacific Coast?

Nicole: We're going to California and work our way up to Oregon and then to Washington State.

Lilly: This is gonna be fun.

Naruto: It sure is.

---

CALIFORNIA.

We were in San Diego, California.

Me: San Diego, California. The 8th Largest City in the country and the 2nd Largest City in the State of California.

Varie: There's so much to do here in San Diego. The San Diego Zoo, Legoland, and more.

Aylene: That's right.

Lana: I've always wanted to go to the San Diego Zoo and Legoland.

Lola: Legoland is supposed to be amazing.

Vince: Well you're all gonna love California. It's all an amazing place.

Cody: And it has some of the most amazing food in the world. I've been here before and it's all great food.

Ronnie Anne: That's amazing Cody.

Zoe: It sure is. I know some people here in California. But they're all in the Prison system.

Hercules: I remember Zoe. What did they do again?

Zoe: Murder. I'll take you guys to them.

Me: We can't wait.

We were now at one of the most amazing spots in all of California: The San Andreas Fault.

Nicole: The San Andreas Fault. One of the most Seismically active areas in the country.

Me: It's amazing.

Vince: It sure is.

Chione: I've seen this in pictures and on those movies. That movie San Andreas from 2015 was intense.

Natilee: I'll never forget that movie. That was intense. That earthquake that rattled all of California was intense.

Nicole: It sure was. I'll never forget that. But an earthquakes most deadliest weapon is not fire but water. That Tsunami in that movie was over 700 feet high and it was unbelievable.

Lincoln: It sure was.

Lola: That was an intense movie though and Dwayne Johnson did a fantantic job in that movie.

Lily: He sure did.

Lori: That was literally the most amazing performance he did.

Leni: Totes.

Later we were over at Legoland.

Me: Legoland, San Diego, California. This is one of my favorite parks here in California.

We were having alot of fun and more. We did all sorts of fun activities and fun stuff.

Next we went to the San Diego Zoo and it was an amazing and fun time for all of us. We saw lots of amazing animals and did all kinds of fun stuff there.

Fu: The San Diego Zoo is an amazing Zoo!

Zoe: It sure is.

Chione: My favorite animals are the tropical animals.

Ben: Those animals are amazing.

Gwen: They sure were.

Jessie K: I loved the Gorillas and Monkeys.

Brittney: I liked the bats and the creatures of the darkness.

Lucy: Same here.

Haiku: Me too.

Shannon: They were amazing and I liked the bears.

Me: They were fun.

Next we were at Seaworld.

Lori, Carol, Lincoln, Lilly, Me and Varie went swimming with the dolphins and did all kinds of fun things. It was all very fun.

Later we went to Los Angeles, California.

Me: Los Angeles, California. The 2nd most populated city in the United States and the most populated city in all of California.

Lisa: This is an amazing city.

Lincoln: I heard that it's also home to some of the most amazing game shows known around the world.

Me: You heard right Lincoln. My favorite game shows are done here.

Rita: Mine too J.D.

We went to lots of great attractions in Los Angeles and my favorite stop is the La Brea Tar Pits.

Naruto: Wow. So these are the La Brea Tar Pits.

Me: That's right bro. These are the most perfectly preserved tar pits in the country.

Nicole: I love these tar pits.

Jessie K: These tar pits have been here for a long time and were discovered by Spanish Explorers in 1769.

Lana dipped her hand in the tar lake and it was really sticky and she pulled it out and it was covered in slimy tar.

Lana: This is cool!

Me: Tar pits have been notoriously dangerous for all animals during the prehistoric times. They have mired animals of all kinds in them for millions of years.

Varie: That's weird and horrible.

Lola: That is strange but gross.

Lisa: But it's all a fascinating and amazing process.

Lynn: It's all amazing.

Sakura: It sure is.

Luan: This is a sticky situation of a Tar Pit of doom. (Laughs to Rimshot) Get it?

Most of us laugh while everyone else sighed.

Me: (Laughs) That was a good one Luan.

Varie: (Laughs) That was funny.

Eddy: (Laughs) That was a good one!

Cody: It sure was.

Vince: That was funny.

Raven: (Laughs) I just got it.

Next we went to the most infamous prison in all of California: The Central California Women's Facility in Chowchilla, California.

Zoe: Here we are guys. This is the Central California Women's Facility, one of California's most notorious prisons for women.

Brittney: I know this prison all too well. In these prison walls live only the damned and they are some of the most dangerous women inmates in the country.

Zoe: That's right Brittney.

We went into the prison and it was like stepping through the gates into the Netherworld.

Lana & Lola: (Hugging and shaking in fear) I'm scared.

Laney: Me too guys. But as long as we're together we'll be fine.

Lynn: I say we fight all these buttfaces and give this whole prison an enormous number of Dutch Ovens!

Me: That would be fun and hilarious but that wouldn't be pleasent.

Lynn Sr.: That's right.

In the visiting yard we were talking to some of the inmates and some of them weren't as dangerous as we thought.

But there was one that I was about to fight and it was our old enemy Gisele Razor.

Me: Gisele Razor.

Gisele: J.D. Knudson.

Me: Prison life hasn't been too kind for you hasn't it?

Gisele: No it hasn't. Because of you I lost everything!

Varie: Who is that girl J.D.?

Me: She is Gisele Razor. She was from Michigan and she is the ultimate bad girl. She hates everything with a merciless vengeance and wants nothing more than to see the whole world burn. She has done all sorts of unspeakable crimes all over Michigan. She did murder, assault & battery, arson, theft, and more. She has a rap sheet that's 10 miles long and because of that she is known as "THE TERROR OF MICHIGAN". She was the first ever criminal I busted when I moved to Michigan and her case was so high profile that they couldn't let her sit with her lawyer during the trial. They had to put her in a tempered glass case and chain her up in a strait jacket because she is so incredibly dangerous. She was very combative in court. She spit at the people and she had to be restrained several times for violent outbursts and she even threatened some of the families attending the trial. She was found guilty of all her crimes and sentenced to multiple life sentences without parole here in this prison.

Gisele: That's right. Cool scar by the way J.D.

Me: Nice of you to notice. I got it recently when we were in Sumatra.

Gisele: I lost everything because of you J.D.!

Me: You got what was coming to you Gisele. People like you need to be locked up in prison forever and never see the light of day again.

Gisele: I will now have my revenge on you J.D.!

Lori: HEY!

Gisele: Lori. How nice to see you again.

Lori: I will literally never forgive you for everything you've done Gisele. I am now going to literally grind you into dust and blow you into the wind!

Lori spread her wings and had wind spiraling around her fists.

Gisele: (Gasp) Lori? What happened to you?

Lori: A good gift and blessing.

Me: Go get her Lori!

Aylene: Show no mercy!

Vince: Yeah!

Lori: With pleasure.

Gisele: You all will die!

Lori: You first!

Lori punched Gisele in the face and fired a blast of wind, hurling her into the wall and she crashed into it.

CRASH!

Gisele got up and she was enraged.

Gisele: (ENRAGED SCREAMING) EEERRRRRAAAAAAAAAAAAAAAAAAAAUUUUUUUUUUUUGGGGHHH

She charged towards Lori and Lori kicked her in the face and punched her in the stomach and punched her in the nose.

POW! BLAM! CRACK!

Lori kicked her in the mouth and knocked out some of her teeth.

SMASH!

Gisele had blood dripping from her nose and mouth and she was enraged beyond all forms of human comprehension.

Gisele: (ENRAGED GROWL) I HATE YOU!

Lori's aura flared up and she punched Gisele in the stomach and kicked her in the back and punched her in the back of the head.

Lori backed away and she was not even in the least bit exhausted.

Lori: You've literally had this coming for a long time Gisele.

Gisele: I will kill you and drink your blood!

Gisele pulled out a knife and charged at Lori and she slashed Lori's face and cut her but it missed her eye and Lori kicked the knife out of her hand and Lori head butt her and knocked her out.

Lori: That was for me!

The prisoners all cheered wildly for Lori.

Me: I think she deserves to be in a much more tougher prison instead of here in California.

I snap my fingers and beam her to the Moon Triple Supermaximum Security Prison. She was in a prison cell surrounded by hot lava and if she ever escapes she will suffocate in the endless vacuum of space.

Varie: You were awesome Lori. Let me look at that cut.

Varie did so.

Varie: That's a nasty wound. Luckily it missed your eye.

Lori: It sure did. I'm glad that we'll never see Gisele Razor again.

Me: Me too Lori.

Laney: That girl had so many problems it was unbelievable.

Me: Yeah. She makes even Charles Manson look like a saint compared to her.

The prisoners all agreed with me and Laney.

---

Later we were in San Francisco.

Me: San Francisco, California. Just as Beautiful as I remember it.

Varie: It's a beautiful city.

Me: Yeah.

We went to all sorts of great places in San Francisco: We went to Alcatraz Prison, Fishermans Wharf, The Golden Gate Bridge, and more.

---

OREGON

We were now in Oregon.

Lincoln: So this is Oregon. It's so beautiful.

Leni: Totes. I love the forests.

Shanan: Me too Leni. The trees are beautiful.

Me: Oregon has some of the most awesome scenery and views of the ocean in the country.

We arrived in Cannon Beach, Oregon.

Me: Welcome to Cannon Beach everyone. This is my moms favorite city in Oregon.

Laney: It's beautiful. The view of the ocean is awesome.

Lori: It literally is. I love the view. What are those big rocks there?

Me: That's Haystack Rock. It's a big landmark here in Cannon Beach.

Lynn: It's so cool.

Lucy: It sure is.

We saw all kinds of magnificent landmarks in Oregon and we went to Portland and Salem and more. As we were having lunch we were eating lots of good food and the Oregon Marionberry pie was awesome. As we walked back to the car we saw a newspaper that had a disturbing front page cover.

Me: Hey what's this? "Town of Springfield at War! The Kids of Springfield have launched an all out war against the dysfunctional town to destroy it and wipe it off the map forever." We got to see this.

We flew over to the town of Springfield, Oregon and we saw the whole town completely engulfed in flames and explosions were breaking out. Bodies littered the ground and everything was completely destroyed. The only things that were still standing were the Nuclear Power Plant and a multi-million dollar mansion.

Me: My goodness.

Lori: What happened here?

Lola: This whole town is gone.

Lincoln: What caused all of this to happen?

Me: My guess is that the Kids of Springfield have finally had enough of the adults being stupid idiots and decided to launch an all out war against the town and remove it from the world forever so they can be free.

Linka: This is horrible.

Lisa: From the way things are here in Springfield that is the logical assumption.

Suddenly a burst of light and ghosts came and the Grim Reaper himself appeared.

Me: (Gasp) The Grim Reaper!

Grim: (Jamaican Accent) That's right J.D.

Me: You're not here to reap our souls are you?

Grim: No. I have a job for you all.

Me: What is thy bidding Grim?

Grim: I need your help in reaping this man. (Holds up a photo of said man) Charles Montgomery Burns.

Me: (GROWLS FEROCIOUSLY) I HATE THAT MAN! (Calms down) Sorry. But we'll do it.

Grim: Thank you.

Me: I have a plan.

I reveal my plan and we put Operation: Death To Burns in effect.

Me: All right here's what we do.

[Scene transits to Lola on her heart-shape laptop]

Me: (Narrating) 1st, Lola is gonna dig up all the dirt on Mr. Burns and transfer all of his assets to our accounts.

Mr. Burns: Smithers! Why is all my money gone!?

Smithers: I don't know sir. Looks like someone hacked into your account and stole all your money.

Me: (Narrating) 2nd, I will beam the mansion over to Royal York and leave Mr. Burns and Mr. Smithers on the ground of where it was.

I did said thing and Mr. Burns and Smithers were on the ground wondering where the mansion went to.

Me: Lastly I will walk up to him and deliver the final blow.

I walk up to Mr. Burns and he was infuriated.

Me: Mr. Burns.

Mr. Burns saw me.

Mr. Burns: Who are you?

Smithers: Sir that's J.D. Knudson the richest kid in the world and he is also the most famous kid on the planet.

Mr. Burns was enraged.

Mr. Burns: So you are behind all this! You took everything from me!

Me: And I show no remorse in doing so.

Mr. Burns: Why you?!

He ran at me and punched me in the face. But when he punched me the impact of the punch didn't make me flinch but it caused all of Mr. Burns' bones in his hands to break and protrude from his hands. Mr. Burns was screaming in pain.

Me: (Giggles) That tickled. Now to make sure you never get another cent from anyone ever again.

The Grim Reaper appeared.

Grim: Charles Montgomery Burns. Your fate is decided. Everlasting damnation for your sins.

Mr. Burns: No! I won't go to the Netherworld!

Me: You have no choice. (Cocks a gun)

BANG! BANG!

I fired two bullets into Mr. Burns' legs and blew them both off.

Me: He's all yours Grim.

Grim: Thank you J.D.

Me: You're welcome. [To Mr. Burns] You've cheated Death for the last time Burns. Burn in Eternal Hell!

Grim then slashed off Mr. Burns' head with his scythe and killed him instantly. Mr. Burns went to the darkness of the Netherworld for all Eternity. His punishment was suffering for his greed in the 4th Circle of The Inferno.

Me: Never again Burns.

Grim: J.D. thank you for helping me reap Burns.

Me: It was our pleasure Grim.

Mr. Smithers was enraged and he was gonna get revenge for killing Mr. Burns. He pulled out a gun and fired at me. But I used the Force and stopped the bullet in midair. I redirected it back at him and it went into his leg.

Mr. Smithers was in alot of pain and I sent him to prison for attempted murder.

Me: As for Mr. Burns.

I fired a blast of fire and burned his body.

Grim laughed malevolently.

Me: I'm glad Mr. Burns is gone for good Grim.

Grim: Me too J.D. I'll see you again sometime soon.

Grim then vanished.

Me: Now to take care of Springfield forever.

Later we went to the Nuclear power plant and placed bombs in the reactor and set the timer for 2 hours. We gathered all the children after the war was won and Ms. Ruth Powers was with them. We then contained all of Springfield in a giant force field dome.

Bart: Whoa! That was awesome.

Me: Thanks Bart.

30 seconds left until detonation.

Naruto: How big will the explosion be?

Me: 250 Megatons of TNT but the force field will contain the explosion and only destroy all of Springfield.

5 seconds. 4… 3… 2… 1… 0.

KRABBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOMMM

A blinding white flash of light as bright as 10,000 Suns illuminated the area and a huge explosion shook the area and completely obliterated all of Springfield and vaporized everything.

Me: That was intense!

Lisa: That's the end of Springfield.

Varie: Yep. Good riddence.

Keith: Thanks for helping us destroy all of Springfield J.D.

Me: My pleasure Keith. That town gave everyone everywhere a really bad name. By the way Keith are you the leader of the army that wiped out Springfield?

Keith: I sure am. Me and my siblings here are part of a group called The Dysfunctional Town Liberation Army. We are a special extremist group that specialize in the destruction of towns that are extremely bad and completely dysfunctional. We help out the children of that town get away from it and then we launch a massive holy war on that town and make it pay for everything its done.

Me: Wow.

Lori: So you guys are considered the Antipode of Terrorism.

Keith: That's a good way to put it Lori. Yes.

Olivia: Our job is so big that it's not for the faint of heart.

Me: Wow.

Later Keith, his siblings and the former kids of Springfield were offered a home in Royal York and they accepted. Keith gave me a special watch that can call them just in case.

WASHINGTON.

Lastly we were in Washington State. We were in Seattle.

We saw all kinds of magnificent sights here. We went to the Pike Place Fish Market, Mount Rainier, The Space Needle, lots of great buildings and more.

We had lots of great food and it was all delicious.

This was our last stop on our global vacation and it was an amazing trip. We then returned home.

Continues in Part 45.

# Volcanic Trip Finale

Vanzilla 2.0 was driving down the street and we were back in Royal York, Michigan. We pulled up to our house and it was great to be home again.

Lincoln and Lily's Blood Clones saw us and dispeled.

Lily and Lincoln received their memories and they had been really busy over the course of the trip.

Me: Home.

We go in and I was greeted by my family and we were exhausted and tired. We went to the sofa and plopped down on it.

Me: (Groans in exhaustion) What a trip!

Lincoln: You said it J.D. Man! I'm exhausted!

Lori: We all are Lincoln.

Linka: We sure are.

Sumner: Boy you guys must've had alot of fun.

Me: We sure did dad. It was amazing.

Varie: It was awesome. We've been to so many places around the world and we saw so much.

Aylene: It was awesome.

Chione: It sure was.

Leni: Totes. I have never seen so much from around the world.

Lucy: It was all amazing and wicked.

Patti: We heard you guys went to Chernobyl.

Me: We sure did mom. It was a scary place. It was a ghost town.

Sumner: It is.

Jessie K: But we've learned so much on our trip and it was so awesome. I can't believe that there are so many awesome places.

Terra: Yeah. It was awesome and cool.

* * *

Later after we unpacked our stuff, we were in the Living room showing some photos of our trip. Wednesday, Liam, Zach, Tabby, Lady Tsunade, Shizune, Kakashi, Mrs. Johnson and Albert were with us.

Me: Here's us in the Amazon Rainforest in Brazil. It was an amazing forest.

Laney: It sure was.

Shanan: It was amazing guys.

Liam: (Southern Accent) Whoa dang! That there's an amazing forest.

Tabby: It sure is beautiful and Jammin mate.

Zach: Yeah it sure is.

Me: Yeah. We also went to the ancient city of Machu Picchu.

Patti: I've always wanted to go to Machu Picchu. It's been one of my dreams on my bucket list.

Lori: That's what we literally remember Mrs. Knudson.

Lady Tsunade: It sounds like you all had a really fun time.

Me: We sure did Lady Hokage.

Laney: You all should've seen it. You would've loved it.

Kakashi: I'll take your word for it. I'm glad you guys all had a fun trip.

Me: Me too Kakashi-sensei.

Naruto: How long were we gone?

Me: We were gone for 135 days. We just got back yesterday.

Shizune: So not even half a year.

Nicole: Yeah. But it was all an amazing trip.

Albert: Well I'm glad you all had so much fun guys. I also heard that you all went to Pearl Harbor in Hawaii.

Me: We sure did Mr. Albert and Ms. Rita got to fly a Japanese Zero plane in Pearl Harbor.

Albert was amazed and overjoyed.

Albert: I'm so proud of you Rita.

Rita: Thanks dad. Your flying lessons really paid off.

Me: We were amazed ourselves.

Rita: But that's nothing you should see me do wheelies in a tank baby.

Me: That's awesome.

Carol: But it's great to be home.

Ben: It sure is.

Vince: Same here.

Zoe: It was all such a fun trip.

Hercules: It sure was. My feet are really sore.

Me: Mine too.

Mrs. Johnson: Well you guys have been on an amazing trip. Great job keeping your education alive with those blood clones.

Lincoln: Thanks Mrs. Johnson. I figured that I wouldn't miss a day at School if I had a Blood Clone there while we're away. Killing two birds with one stone.

Mrs. Johnson: That's a good way to put it.

Lily: I worked at the Krusty Krab 2 while we were gone too and a Blood Clone was there too.

Me: it was all very clever.

We took a week of rest before heading back to our daily routines.

THE END.

Another fanfiction series complete.

WHOO-WHEE! Finally! I wanted to do this one to show my knowledge on the worlds volcanoes and all about the countries of the world. This idea came out of the blue for me and it was an amazing sensation. Not only did we learn so much about the world and all the history it has but we did so many great adventures and more. I would like to thank WitchCat2012 on Deviantart for letting me use her OC Chione and credit goes to you for making her. Great job. Let me know what you all think. I'm gonna take a little break for a while before continuing my work again.

See you all next time.

# Monkey See, Doggie Three

It starts in Lisa's room. She, Jeri and the Lion Guard and Blossom are working in Lisa's lab.

Lisa: All I need is some Potassium Dissulfate and our experiment is complete.

Blossom: That's right.

Suddenly the alarm went off and Lisa got onto her computer. They saw in New York City a strange disturbance.

12 hours earlier.

Everyone in New York City was getting ready for bed. But in the museum of history a theft was in progress. He was after the ancient Anubis Dog Head.

He took a picture of the head and put it in front of the camera to fool the guards.

?: Oooh. Yes.

He got past the security systems and stole the head by pushing it out with his finger. He was sneaking away but he snapped his fingers knowing that he forgot something. He smashed open a case and stole two ruby jewels.

The Museum was robbed.

Present Day

Blossom: What's going on Lisa?

Lisa: It appears that the canine population has risen exponentially in New York City. Dogs are all over the city and rising fast.

Blossom knew this was all too familiar and she and her sisters knew this scenario all too well.

Blossom: Oh man. He tried this plan 2 times before.

Lisa: Who is that Blossom?

Blossom: He's Mojo Jojo. He was once the Professor's monkey friend, Jojo. But he was the worst ever assistant he had. He would always break everything and made a huge mess. It was when he was working on his formula to create the perfect little girl. He added the three ingredients to make it: Sugar, Spice and Everything Nice. But Jojo pushed him and it caused him to shatter a vat full of the chemical that made us: Chemical X. It poured into the formula and made us: The Powerpuff Girls. As a result, the explosion that made us mutated Jojo and gave him super-intelligence and he became a monkey bent on taking over the world. That made him one of our most dangerous enemies. He was then forever known as Mojo Jojo.

Jeri: I remember him. He is really bad news.

Kion: This guy must be stopped at all costs.

6 hours earlier

Mojo: Yes, with these jewels the magic curse of the ancient Anubis Dogs Head will finally be unleashed. Then the Human Race will bow down to me, Mojo Jojo! (Evil Laughter)

Present day.

Lisa: He must be stopped at all costs. Lana!

Lana arrived.

Lana: What's up sis?

Lisa explained the situation and Lana was shocked.

Lana: We have to stop Mojo at all costs!

Blossom: I know.

Lisa: She-Hulk and Gwen are there now trying to help in any way they can.

Blossom: They have no idea what they're getting themselves into.

Then they were off. Bubbles and Buttercup were with them.

---

New York City was in peril and overrun with dogs.

Bubbles: Mojo sure has been busy.

Buttercup: I remember what he did with this plan the first two times.

Lana: This is awful.

They then saw a Mastiff dog with green highlights in its fur.

Lana: She-Hulk is that you?

She-Hulk: (Barking) Yes it's me. I was turned into a dog by this monkey with a weird cap.

Lana: She-Hulk said that Mojo turned her into a dog.

Lisa: This is insane.

Blossom: It sure is.

A collie came. It was Gwen.

Lana: Gwen?

Gwen: (Barks)

Lana: You look really cool as a Collie.

Gwen: (Barking) I do don't I.

Gwen saw a cat and growled at it.

Lana: No Gwen. Don't chase cats now. We have to go to Mojo and stop him for good.

Gwen: (Barking) Right.

Lisa: Blossom you know where Mojo Jojo lives. Take us to him.

Blossom: Right.

They flew and ran to where Mojo Jojo lives: The Volcano Observatory.

Mojo capture Luan and Eddy and had them tied up in Chairs.

Luan: You'll never get away with this you Banana brain! (Laughs) Get it? But seriously you will never win!

Mojo Jojo: That is where you're wrong Luan. My plan will succeed.

Eddy: No it won't.

Mojo Jojo was then about to fire up a big machine.

He fired a ray that spread all over the world and turned everyone but us in Michigan into dogs.

Mojo: Now I have the power for one gigantic worldwide blast to change the whole world into dogs! Then I, Mojo Jojo will be the true master of the world! Where all the world is Dogs! Their master will be ME!

They all smashed through the roof of Mojo's observatory.

Blossom: Not so fast!

Buttercup: Mojo!

Bubbles: Jojo!

Mojo Jojo saw that Lana and Lisa weren't changed into dogs.

Mojo Jojo: Why haven't you two been turned into dogs!?

Lana: Because we're immune to this curse.

Lisa: You've tried this stupid plan 3 times now.

Mojo Jojo: Yes. The third time is the charm.

Blossom: Not this time Mojo.

Bubbles: We've had it with you Mojo Jojo.

Buttercup: It's time for you to go away for good!

Lana: Yeah!

Lana saw Luan and Eddy tied up.

Lana: Luan! Eddy!

Mojo Jojo: That's right. I captured your friends as part of my back up plan. Do you have any last words before…

Mojo is interrupted by Eddy who broke out of the ropes and is… dancing?

Eddy: [dances] Ooh, child, things are gonna get easier. Ooh child, things will get brighter. You listen to these words. Ooh child, things are gonna get easier. Ooh child things'll get brighter. Then bring it down hard! Someday…

Mojo: What are you doing?

Eddy: Dance-off, bro. Me and you. [holds out his hand for Luan] Luan.

Luan [shakes her head]: No thanks, babe. I'm good.

Eddy: Subtle, taking it back.

Mojo: WHAT ON EARTH ARE YOU DOING?!

Eddy: I'm distracting you, you big dumb monkey!

Lisa: Come on girls!

Then they savagely beatened and pulverized Mojo practically within an inch of his life.

Lisa: Now Mojo it's time you stay incarcerated in prison forever but with a terrible curse.

Lisa snapped her fingers and his brain appeared and shrunk down to the size of a underdeveloped soynut.

Blossom: Whoa! What did you do to him Lisa?

Lisa: I cursed him with a fate worse than death: Eternal Life as a brainless and dumb idiot. Now for the final touch.

Lisa snapped her fingers and beamed him all the way to the Moon prison where he will stay forever. He was now so dumb and stupid that he can't do anything ever.

Blossom: Good work Lisa.

Lisa: Thank you.

Blossom: That was clever of you to distract Mojo Eddy.

Eddy: Thank's Blossom.

Bubbles: Now we have to break the curse.

Lana used her ice powers and shattered the device and she then flew up into space and she threw the Anubis head and Jewels into the Sun where it was vaporized in an instant.

The Curse was broken and everyone reverted back to normal.

Blossom and Bubbles covered Lisa and Lana's eyes and Eddy did as well as She-Hulk and Gwen were changing back.

She-Hulk: What happened? (Sees she doesn't have clothes on and gets embarrassed) Where are my clothes?

Buttercup went out and got She-Hulk and Gwen Green and Purple bathrobes.

Gwen: Thanks Buttercup.

Buttercup: You're welcome Gwen.

They put the robes on and did some stretches.

She-Hulk: It feels good to be human again.

Gwen: Same here.

Bubbles: We have an unusual story for you.

She-Hulk: Actually you don't need to tell us. We saw and witnessed everything.

Gwen: Yeah. It was cool being a dog.

Lisa: For some people yes.

Luan: This was all a Doggy of wonder. (Laughs to Rimshot) Get it?

Blossom, Bubbles and Buttercup laughed while Lana and Lisa sighed.

Eddy: (Laughs) That was a good one Luan.

Blossom: Lets search this place and see what Mojo had here.

Lana: Okay.

They searched the area and found all kinds of high tech equipment and science stuff, weapons, chemicals, and more. They even found remnants of Mojo Jojo's first attempt to take over the world.

Lana: Whoa! Look at all this stuff.

Lisa: Mojo sure had an interesting array of scientific equipment, chemical formulas and all sorts of fascinating stuff.

The equipment was all beamed to Lisa's lab and the weapons were kept in storage for later use.

Mojo Jojo was forever finished and made a brainless dummy for all eternity. An Immortal Brainless Dummy.

THE END

Another Fanfiction Completed.

NicoChan11 gave me the idea for this chapter. Like I said earlier I hate Mojo Jojo and he is a tyrannical monkey that wants to rule over the world with an iron fist. Planet of The Apes to the 100th power. Thanks for the idea Nico. You are awesome! Let me know what you all think.

See you all next time.

# Lion's Savior

Jeri & The Lion Guard were in the Simulator doing an exercise.

Me, Varie, Vince, Aylene, Cody, Zoe, Hercules, Chione and the Loud Siblings were in the Control Room.

---

The Exercise began and Jeri & the Lion Guard found themselves at the gorge.

Kion: I was told about this. Scar and the hyenas caused a Stampede of wildebeasts and they killed Grandfather Mufasa here and tried to kill dad.

Jeri: That's what I remember.

Beshte: I think I see what's going on here. We're going to rescue King Mufasa before Scar kills him.

Jeri: Bingo.

Jeri pulls out a pair of Binoculars and looks around the gorge. She spots Simba as a cub sitting on a rock and on the other side of the cliff was huge a herd of thousands of wildebeasts.

Jeri: That's a huge herd. There must be thousands of them.

Ono went up above and his eyes flashed yellow.

Ono: I see them and the hyenas are there too. Scar is moving to give the signal.

Jeri: Here it comes.

The Wildebeasts were moving and they were running down the cliff and young Simba was running.

Near the gorge Mufasa and Zazu saw the stampede.

Zazu: Oh look Sire. The herd is on the move.

Mufasa: Odd.

Scar came to them.

Scar: Mufasa quick! Stampede in the gorge! Simba's down there!

Mufasa: Simba!

They rushed to the gorge and found young Simba hanging on a tree and Mufasa went down to get him. He was getting hurt but he saved him.

Later Mufasa was climbing up a cliff.

Jeri: This is it. Kion, we're gonna have to use the Roar to save him when he's thrown off the cliff.

Kion: I have a feeling I know what's going on.

Fuli: This is gonna be cool.

Mufasa was hanging on.

Mufasa: Scar! Brother. Help me.

Scar stuck his claws into Mufasa's paws and looked at him with an evil nature.

Scar: Long live the king.

Scar threw him off the cliff to his death.

Jeri: Now!

Kion and Jeri used the Roar of The Elders.

RRRRAAAAAAAAAAAUUUUUUUUUUUUUUURRRRRRRRRRR!

A tornado of wind held him up and the Wildebeast herd had left.

Jeri: That was a close one.

Kion: Lets go down and talk to him.

Young Simba thinks that Mufasa disappeared.

Mufasa: What was that?

Kion: That was the power of the Roar of the Elders.

Mufasa saw them and he recognized the symbol on their left elbows.

Mufasa: (Shocked) The Lion Guard.

Jeri: That's right your majesty.

Mufasa: But Scar destroyed the Lion Guard.

Kion: I know. We should introduce ourselves. My name is Kion and I am your grandson. The Leader and Fiercest of the team.

Jeri: I'm Jeri Katou, 2nd in Command of the Lion Guard.

Ono: I'm Ono, the keenest of sight.

Fuli: I'm Fuli, the Fastest.

Beshte: I'm Beshte, the Strongest.

Bunga: And I'm Bunga, the Bravest.

Mufasa: It's a pleasure to meet you all. You have my eternal debt for saving my life. Kion you are a great Leader of the Lion Guard.

Kion: I get that all the time Grandfather Mufasa. Simba is my father and he is the king in the place we came from.

Jeri: We're all from another dimension and in that dimension Scar succeeded in killing you and he assumed the throne of King of the Pridelands and he let the Hyenas take over the Pridelands. Everything was completely destroyed. No food, no water and Simba ran away in fear. The Hyenas threatened to kill him if he ever returned and look!

They then saw young Simba running away in fear.

Scar looked at this and the hyenas came.

Scar: Kill him.

The Hyenas went after young Simba and he climbed the cliffs and went down a hill into a thorn field. He ran out and Banzai of the Hyenas stopped but he was pushed into the field and he had thorns stuck all over him and Shenzei and Ed were laughing at him. He came out and Ed was laughing hysterically at him.

Shenzei: Hey! There he goes! There he goes!

Banzai: (Pulls some thorns out) So go get him!

Shenzei: There ain't no way I'm going in there! What? You want me to come out looking like you? Cactus butt?

Banzai pulled out some thorns and spit them at Ed and he yelped.

Banzai: But we got to finish the job.

Shenzei: Well he's as good as dead out there anyway and if he comes back, we'll kill him.

Banzai: YEAH! YOU HEAR THAT!? IF YOU EVER COME BACK, WE'LL KILL YA!

Young Simba was exiled and was threatened with death should he ever return.

Jeri: See what I mean your majesty?

Mufasa: Yes. I believe it. I should've known that Scar would be responsible for this. It's all my fault.

Kion: No it's not Grandfather Mufasa. It's Scar's fault.

Mufasa: I got to go after him.

Beshte: We all will your majesty.

Kion: Lets go!

They went after young Simba and they treked across the dry area.

---

CONTROL ROOM

Lincoln: Scar IS pure evil!

Lori: Rafiki was literally right. It's hard to imagine that he is capable of killing his own brother.

Luna: Dude. Some people are just that evil and they care about no one but themselves.

Lisa: That's right siblings. Scar is now classified as a monster.

Lynn: That's right Lisa.

Me: He will get what's coming to him in the end. It's only a matter of time.

Aylene: And Simba will be ready for him when the time comes.

Cody: That's right Aylene.

---

SIMULATOR

Young Simba collapsed from exhaustion and that's when Timon the Meerkat and Pumbaa the Warthog found him.

Timon: EEEEYYYYYYYYAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAHHHHHHH!

Timon & Pumbaa were ramming a flock of buzzards.

Timon: Get out! Get out! Get outta here!

Pumbaa: I love this! Bowling for buzzards!

Timon: (Laughs) Get them every time.

Jeri & The Lion Guard and Mufasa were watching Young Simba from the shadows and they saw him grow into an amazing lion with Timon & Pumbaa. Simba later was reunited with Nala and later that's when they showed themselves.

Jeri: Simba.

Simba and Nala saw them.

Simba: Who are all of you?

Jeri: My name is Jeri Katou, I'm 2nd in Command of the Lion Guard.

Simba: The Lion Guard?

Kion: We are a special team that protects the Pridelands and defends the Circle of Life. My name is Kion, the Leader and the Fiercest of the Team.

Ono: I'm Ono, the Keenest of Sight.

Beshte: I'm Beshte, the Strongest.

Fuli: I'm Fuli, the Fastest.

Bunga: And I am Bunga, the Bravest.

Nala: It's a pleasure to meet all of you.

Timon: Hey! What's going on here!?

Bunga: Timon I know this is weird. But I am your adopted nephew. I call you and Pumbaa my uncles.

Bunga gave them some bugs and they ate them.

Jeri: Simba, your father is alive.

Simba: No, he's dead and it's all my fault.

Mufasa: No it isn't my son.

Mufasa revealed himself.

Simba: Father.

Mufasa nodded and he proved that he was alive after all.

Simba: Father!

Simba and Mufasa were reunited for the first time in a while.

Mufasa: It's not your fault my son. It's mine. I was too blind to see the warning signs that Scar would try to kill me.

Simba: I thought I lost you father.

Kion: You didn't dad. Me and Jeri used the Roar of The Elders and saved Mufasa as he was thrown from the cliff by Scar.

Simba: I was lied to.

Mufasa: We all were son.

Simba: I know what we have to do.

Kion: We're gonna fight Scar and take back the Pridelands.

Jeri: Lets get him!

Jeri & The Lion Guard, Mufasa, Simba, Nala, and Timon & Pumbaa went back to the Pridelands and found that the Pridelands was now a desolate wasteland and everything was destroyed. The only thing standing was Pride Rock.

Jeri: I can't believe that Scar did all this.

Ono: Yeah. He's a monster.

Beshte: He sure is.

Nala: Yeah.

Simba: We're gonna take down Scar for good and make sure that he pays for his treachery.

Mufasa: That's right son.

Jeri: Lets go.

CONTROL ROOM

Varie: This is it guys.

Zoe: Yep. The battle for the Pridelands has begun.

Hercules: This is not gonna be pretty.

Vince: Lets watch.

Lola: This is gonna be awesome.

Lana: It sure is.

SIMULATOR

They all went to Pride Rock and saw the land with the hyenas.

Timon: Hyenas. I hate hyenas.

Jeri: I got this.

Jeri created an illusion and the Hyenas saw a warthog run by them and they chased it.

Simba: Nala, you find my mother and rally the Lionesses. We'll look for Scar.

They went for Scar but he called for Serabi.

Scar: SERABI!

Serabi showed up to Scar.

Serabi: Yes Scar?

Scar: Where is your hunting party? They're not doing their job.

Serabi: Scar there is no food. The Herds have moved on.

Scar: No! You're just not looking hard enough!

Serabi: It's over. There is nothing left. We have only one choice: We must leave Pride Rock.

Scar: We're not going anywhere.

Serabi: Then you have sentenced us to death!

Scar: Then so be it!

Serabi: You can't do that!

Scar: I am the King I can do whatever I want!

Jeri: (Offscreen) You are not the King!

Scar saw Jeri & The Lion Guard, Mufasa and Simba ready to face him as Thunder and Lightning roared above them.

They faced Scar and were ready for the big fight.

Jeri: Give us one good reason why we shouldn't kill you where you stand Scar.

Scar: I thought you were dead Mufasa. You and Simba were dead. But who are all of you?

Jeri: My name is Jeri Katou.

Kion: I'm Kion.

Beshte: I'm Beshte.

Fuli: I'm Fuli.

Ono: I'm Ono.

Bunga: And I'm Bunga.

Simba: No. We were saved by Jeri and the Lion Guard.

Kion: It's over Scar. Your reign of Terror on the Pridelands is over and it ends now!

A lightning strike hit the ground and set the lands on fire.

THUNDERCLAP!

The Fire of The Netherworld was formed all over the land.

Mufasa: You tried to kill me Scar and that is an unforgivable crime.

Nala: I knew it!

Jeri: Attack!

The battle for the Pridelands began and it was a fierce battle. Jeri was slashing hyenas with her sword, Beshte was bashing hyenas, Fuli was clawing and running at them with intense speed, Ono was pecking them, Bunga released fart gas that smelled worse than puke, Timon and Pumbaa were bashing Hyenas and Rafiki was bashing Hyenas with his staff.

The fire was raging and the hyenas were either running or being incinerated.

Timon ran into the den as he was being chased and he saw a cage.

Zazu was in it.

Zazu: Let me out! Let me out!

Timon: Let me in! Let me in!

Timon went into the cage and he was afraid.

Timon: Please don't eat me.

Pumbaa: Drop him!

Banzai: Hey! Who's the pig?

Pumbaa: Are you talking to me?

Timon: Uh oh! They called him the Pig!

Pumbaa: Are You Talking to Me!?

Timon: You shouldn't have done that.

Pumbaa: ARE YOU TALKING TO MEEEE!?

Timon: Now they're in for it.

Pumbaa: THEY CALL ME MR. PIG! AAAAAAAAAAAAAHHHHHHHHHHHHH!

Pumbaa charged and beat up the hyenas.

Jeri saw Scar trying to get away but a Lightning flash revealed him and Jeri went after him. The whole of Pride Rock was on fire and Jeri went through the wall of fire and was ready to face Scar.

Jeri: You will pay for everything you've done.

Scar was pleading for his life.

Scar: Jeri. Jeri please have mercy. I beg of you.

Jeri: You don't deserve to live at all.

Scar: But Jeri. It was the hyenas who are the real enemy. It was their fault. It was their idea.

The Hyenas did not like this one bit. Scar tried to throw them under the bus.

Jeri: I'm not believing you Scar. You've caused too much pain and suffering to the Pridelands and all of Tanzania. You are as evil as evil can get. However I will give you this one chance. You are to leave the Pridelands forever and never come back. Or I will kill you myself.

Scar: Yes. Of course. As you wish Jeri of the LION GUARD!

Scar threw burning embers into her face but she blocked them and Scar tried to pounce on her and Jeri jumped to him and pushed him and punched him in the face. Scar became human and he had a sword.

They got into a powerful sword fight as the Flames of Hell raged around them and lightning flashed ferociously in the storm clouds above them.

The sword fight they had was absolutely savage. Black Lightning and White Lightning flashed from their blades with each clash and sparks were flying everywhere and setting much of the land on fire. Causing the fire to spread. Jeri then kicked Scar in the face and sent him tumbling down the cliff and he reverted back to Lion form and Jeri saw that he was confronted by his Hyenas.

Scar: Ah. My friends.

Shenzei: "Friends"? I thought he said that we were the enemy.

Banzai: Yeah. That's what I heard.

Scar realized that his big mouth has gotten him in trouble BIG TIME.

Shenzei & Banzai: Ed?

Ed laughed and slurped his mouth. The hyenas came at him and had him cornered and they mauled Scar to death as the fire engulfed them all and incinerated them all. Rain came and extinguished the fire. Simba then knew that his destiny was to be king and he was ready. He hugged Rafiki.

Rafiki: It is time.

Simba ascended to the edge of Pride Rock and they all stood in amazement as Simba was ready.

Simba Roared and the Lionesses roared and Kion & Jeri roared too. Simba is now the rightful king of the Pridelands. Scar's reign of terror had been silenced forever. Afterwhich, the Pridelands were restored to their former beauty and Simba and Nala had two cubs: Kiara & Kion. Later Jeri told Mufasa everything and beamed Mufasa over to Tanzania and Simba was reunited with his father for real. It was a joyous time in the Pridelands.

The exercise ended and we all cheered wildly for Jeri & the Lion Guard.

Linka: You guys were amazing!

Jeri: Thanks Linka.

Kion: Scar sure got what he deserved. Jeri is a hero.

Me: You're all heroes and you've come a long way.

Jeri: Thanks J.D.

Carol: you were amazing Jeri. All of you were.

Later we went to the kitchen for a snack.

THE END.

Another Fanfiction completed.

This chapter was on my mind for a while and I wanted to this one for a while. The part where Scar killed Mufasa was sad and what he did to everyone was absolutely unforgivable. James Earl Jones, Jonathon Taylor Thomas, Matthew Broderick, Jeremy Irons, Whoopi Goldberg, Jim Cummings, Cheech Marin, Nathan Lane, Ernie Sabella, Robert Guillaume and Moira Kelly did a really great job in The Lion King and it was the biggest box office hit in 1994 and in all of Disney. It was an awesome movie. Let me know what you all think.

See you all next time.

# No Place Like Homeschool

[Episode begins with an alarm clock ringing.]

**Lori:** Wake up, everybody, time to get ready for school.

[Everyone minus Lola and Lily groan as they wait in line for the bathroom.]

**Lincoln:** [First in line holding his pee and pounding his fist on the door.] Come on Luna! There's nine people that need to use the bathroom!

**Luna:** One sec, bro, I can't leave until I hit this high note. Getting ready for school Oh wait, not quite. School SCHOOL

Me: Boy. It's always hectic when we go to school huh?

Varie: It sure is.

**Lynn:** She shoots, she scores! [Lynn hits her hockey puck with her hockey stick on the bathroom door much to her siblings' (up front in the line) surprise. She slap shots it the other way, Lisa ducks under it and stops Lynn.]

**Lisa:** Is that necessary?

**Lynn:** What? It's a waste of a shower if you haven't worked up a sweat.

**Lana:** [Who is sitting on the floor rubbing herself with mud.] Or, gotten dirty. [Continues rubbing herself] Ah.

**Lola:** [Pops her head out of her room with a mud mask and curlers in her hair.] Excuse me, can you keep it down, please? You know I require at least eight hours of beauty sleep. [Returns to bed]

Carol: Sorry Lola.

**Lucy:** [Pops up behind Lincoln, scaring him.] Um, what's up with

Lola? Why isn't she getting ready for school?

**Lincoln:** It's pageant season, so she's homeschooling to have more time for rehearsal.

**Lynn:** [Scoffs] Homeschool. [Roller skating through a makeshift slalom course.] A.K.A sleep in, do a little bit of schoolwork, then goof off for the rest of the day.

Laney: Uh I'm pretty sure it's more than that Lynn. I mean it's still school.

Lynn: Yeah, school with no teachers to tell you what to do.

**Lana:** [Envious] Yeah, lucky. She gets to live it up on easy street for a whole week.

**Lisa:** Uh, actually, this year it's six weeks.

**Lincoln:** Six weeks?!

**Lori:** Lola needs time during the day to prepare for her pageants.

**Lynn:** I have basketball practice, football practice, lacrosse tryouts, and a hockey game, all before Thursday.

**Lucy:** And I have two grave site services back to back tomorrow, at cemeteries on opposite sides of town.

**Lana:** I'm dumpster diving with Flip, everyday after school this week.

**Lisa:** And I'm speaking about sodium sulfate at the science club after school tomorrow.

**Lana:** All, while Lola gets to sleep in as late as she wants.

**Lucy:** And not have to wait in line for the bathroom.

**Lynn:** And she can eat whatever she wants out of the fridge.

**Luan:** Hey! We should get to be homeschooled too.

Laney: Guys no. We shouldn't try to get in on Lola's homeschooling.

She needs this time to focus on her work and her pageants.

Lincoln: Come on Laney. Even you have to admit. Homeschool will be perfect for you.

Laney: Perfect how?

Lincoln: Well, you'll have all the peace and quiet you'll ever want. No students to bother you or tease you. And plenty of time to read your books after you're finished.

Laney: Well if you put it that way that does sound nice. Okay, I'm in!

**Lori:** [Trying to be the voice of reason.] Guys, Mom and Dad would never let us actually do it.

**Me:** No they will and it's time for an intervention.

I gathered everyone in the living room including my mom and dad and family for a special presentation.

Me: Now the reason I've gathered you all here is because there has been a nasty spree of carnage thats been plaguing our country over the course of the last 19 years.

Lynn Sr.: What is this spree?

Me: (Dramatic Voice) SCHOOL SHOOTINGS!

Thunder and Lightning crashed in the background.

Luna: Dude! I've seen all those on the news. It was awful.

Leni: Why would schools be shot at?

Me: Lots of reasons Leni. These are done by kids that are pure evil and have nothing but hatred and evil in their hearts. They have done all kinds of horrible things to these schools all over the country. The most infamous of them all is one that happened in my neck of the woods in Colorado. Before I was even born: Columbine.

Lori: I've read about that. That was literally the most horrific tragedy

I've ever read about.

Luna: I saw the Virginia Tech Massacre on the news and that was horrible dudes.

Laney: I've read about the most recent one in the newspapers: The Majorie Stoneman Douglas High School Shooting. That was awful.

Luan: That was awful. I can't believe that kid did that.

Lynn: What drove him to do that?

Varie: He was fueled by hate and vengeance.

Me: That's right and now the Gun Control debates are in effect. But we're getting off topic here. I figured that Homeschooling would be perfect for this family because of concern for should a school Shooting arise we need to stay safe. Even though we have powers and we can fight and protect our friends. We should be homeschooled because of School Shootings.

Rita: You raise a good point J.D.

Lily: I agree J.D. We should be homeschooled because of this terrible thing thats been happening.

Lilly: I agree too.

Patti: Me too. From now on J.D., Jayme, we're homeschooling you.

Me: Thanks mom.

Rita: I agree with you Patti. School Shootings are a huge problem. From now on you're all gonna be homeschooled. You can still go to regular school when it's needed though.

Everyone cheered.

---

[Cuts to Lisa, Lori, Luan and Luna in the kitchen; Lori and Luan are eating breakfast while Charles is chewing on a bone.]

**Luna:** [patting her knee] This is the life, right dudes?

Me: You said it Luna.

Sam: This is awesome.

**Lisa:** [reading College Math book by B. Smart.] I'll say. Just think I'd be reading kindergarten math books, and now I get to read this college math book.

**Lori:** I think you're missing the point Lisa.

**Lisa:** You goof off your way I'll goof off mine.

Me: I already finished my work.

They saw that my book was finished.

Me: I'm a fast worker.

Luna: I can see that dude. [To Laney] Come on Lanes. Chill out with us.

Laney: Sorry guys. I need to focus on my school work.

Lori: But Laney, we literally have all week to work on those books.

Varie: Lori let Laney do her work and then we can have our free time.

Lori: Yeah you're right.

Aylene: I already finished anyway.

Vince: I've graduated from school 4 years ago. So I'm good. I take care of my sisters now.

Me: How are Megan and Sarah doing partner?

Vince: They're doing awesome man. I'm so happy to have my sisters back every day.

Cody: That's awesome Vince.

[Cuts to the backyard]

**Lincoln:** [playing with action figure] Ace Savvy, deep in the Amazon jungle searches for the hidden lair of the evil villain, Blackjack. Will he find-

**Lana:** Look out! It's the mantis queen! [brings out a mantis and growls.]

**Lincoln:** Whoa, aaaaaah! Oh no.[keeps playing with Lana; Lucy is hanging upside down on the fence with her bats; Leni pushes a giggling Lily on a swing; Lynn is jumping rope; Cliff is sleeping but Lola is reading with sunglasses.]

**Lynn:** One thousand six.

**Lola:** Hey guys, it's 2 o'clock. Shouldn't you hit the books?

Me: I already finished mine Lola.

Lola: Wow! You're fast J.D.

Varie: Most of us are finished.

**Lincoln:** It's two already?

**Lana:** I guess we should do some work.

**Leni:** Thanks for reminding us, Lola.

Laney: I finished mine before breakfast.

Me: Good job Laney.

---

[Lori places workbooks on the dining room table and passes them around with Lincoln.]

**Lori:** OK, here we go. Workbook page one: **Please read all contents carefully** .

[The rest of the siblings do so for a few seconds.]

**Lynn:** Boom, one page down.

[Leni's phone rings]

**Leni:** I don't want to interrupt our flow, but Ed just sent me a totes amazing cat video. Want to see?

**Lincoln:** Yeah.

**Lynn:** Me too! Me too!

**Lucy:** Is it a black cat?

Me: Let me see.

[They watch the video of the meowing cat with music they pick up their workbooks again.]

Laney: Let me see too. [Looks at the cat video and gasps] Is that a cat wearing a leather jacket!? Sooo Cute!

**Lori:** Now, where were we? Oh right! [clears throat] Workbook page one: **Please read all contents carefully** .

[A jingle is heard from outside.]

**Lana:** Ooh, ice cream truck!

Me: It sounds like it.

Chione: It sure does.

[We all rush outside cheering only to find… ]

**Mr. Grouse:** Hey everyone! I see you're enjoying my new CD of classic ice cream truck jingles. [starts dancing] Ooh, this one really swings.

Me: That's really funny Mr. Grouse. How have you been?

Mr. Grouse: I've been good J.D. I heard you all went on a huge global vacation.

Me: We sure did. It was an amazing and awesome experience.

**Lana:** Man, now I really want ice cream.

Me: Me too.

**Leni:** Let's go! We earned it, we already read the first page twice.

Laney: I'm not hun… Is that fudge ripple? My favorite!

Mary: You really love ice cream huh Laney?

Laney: I love Ice Cream!

Zoe: Everybody does.

Brittney: We sure do.

[Lola enters with a leotard carrying a juice box and briefcase of ribbons.]

**Lucy:** Hey Lola, ice cream break?

**Lola:** I can't. I have ribbon dancing rehearsal.

Allie: Have a good time Lola.

Lola: Thanks Allie.

[She gets into her little car and drives away.]

**Luan:** She really needs to work on her work life balance.

---

[Later that night, everyone minus Lola and Laney, are brushing their teeth.]

**Lincoln:** How fun has this week been?

**Lynn:** [chanting] Homeschool! Homeschool! Homeschool! [squirts toothpaste on Lisa's glasses causing some siblings to laugh, Lisa wipes it off with a sponge squeegee.]

Laney: Guys, homeschool isn't about goofing off! It's still school and it already has been a week.

Hercules: She's right guys. We're reaching the deadline and we have to do it.

**Leni:** Laney's right, guys. We should probably do those workbook thingies tomorrow.

**Lori:** True, we did promise Mom we'd get all of out work done.

**Luan:** Hmm, then again, tomorrow is Friday. So it's practically the weekend already. Might as well wait til Monday to get a fresh start.

**Luna:** Good call, brah!

[Lola enters the bathroom.]

**Lola:** Why are you guys still yammering? Go to bed already. We have a test at 8 AM tomorrow.

**Lincoln:** Test? What test?

**Lola:** [sighs] That's how homeschool works. You take a test every Friday to make sure you've been learning instead of slacking off all week! [sighs again]

Me: I know Lola.

Laney: Unlike you guys, I've been preparing for the test.

Varie: Me too.

Aylene: Same here.

Cody: Me too.

**Lucy:** [Lola's siblings grow worried] What? Why didn't anyone tell us that?

**Lola:** Hello? It's on page two of your workbooks. [shows the next page that says **WEEKLY TEST** causing her siblings to gasp.]

**Lincoln:** [surprised] All the way on page two? Well, of course we didn't see it.

Laney: Yeah, because all you've read was page one.

Lola went to sleep.

**Lisa:** But, I myself am not worried about a simple examination of the subject of-[looks in the workbook and gasps] What now?! "Kindergartners will be graded on their week's worth of arts and crafts projects"? Aah, art and crafts are my Achilles' heel. Stubby digits.

Laney: Don't worry guys. I'll help you out. Unlike you I've been studying.

Me: That's right Laney.

Zoe: We'll help you too.

Hercules: We sure will.

**Lincoln:** Come on, guys, we can still pass, even you, Lisa. We just have to pull an all nighter and really study.

**Leni:** Lincoln's right, no more distractions.

**Leni's siblings:** Agreed!

[The ice cream jingle is heard again, Lori pulls out a dollar.]

Laney: Ice cream! [We pull out dollars and ran outside only to find that it was only Mr. Grouse again]

**Mr. Grouse:** Ha ha, evening, Louds. [We groan]

Laney: Ugh!

Me: We really need to stop listening out for that.

Lincoln: [As we go back inside] Guys we can still pass, even you Lisa. We just have to pull an all nighter and really study.

Leni: Lincoln's right. No more destractions.

We all agreed.

* * *

[The kids are just finished eating a tub of Morgan's strawberry ice cream; Lynn pushes it away causing Cliff to jump.]

Me: Mmm. I love strawberry Ice Cream.

**Lynn:** OK, now that that's out of the way, we really gotta buckle down.

**Lisa:** To increase out chances of success, I suggest we find an environment free of any and all distractions.

Me: Good idea.

**Lucy:** I don't think you'll all fit in my coffin.

Varie: No it would be too small.

Heidi: I agree.

Isabelle: Me too.

[The others get surprised.]

**Lisa:** I have an alternate suggestion.

[The kids are now in the backyard near the bunker that was once used to avoid Luan's pranks.]

**Lynn:** Wow, you're going to let us inside your super top-secret bunker?

Me: This is gonna be interesting.

**Lisa:** Yes, but don't get any ideas. I will be changing the access code.

Laney: Darn.

[We are now inside it.]

Me: Boy it's like a fallout shelter in here. It would be perfect for us to use in case of a Nuclear Holocaust.

Lisa: Affirmative 2nd Big Brother. It would.

**Lincoln:** Alright, guys. Let's get cracking.

[Leni starts clicking with her tongue.]

**Luan:** Would you mind not doing that?

**Leni:** Doing what?

[Lynn's stomach starts growling.]

**Lana:** Hey, shut your gut. I'm trying to read over here.

**Lynn:** How can you hear my stomach over Luna's tapping foot?

**Luna:** I'm just trying to drown out the noise of Lucy chewing her pen.

**Lucy:** It helps me focus. Otherwise, all I can think about is Lori's perfume.

**Lori:** Um, would you rather smell Lana's grubby old hat?

**Lana:** [offended] Wow. [the sisters start arguing] It's your fault.

**Leni:** It's totally your fault and I don't like your perfume.

[Lincoln sounds an air horn alarming Me, Aylene, Leni, Luan and Lynn.]

**Lincoln:** Guys, guys. This isn't working.

Me: [Cleaning out my ears] OOOWWW! Lincoln, what are you trying to do!? Blow our heads clean off our shoulders!?

Aylene: Yeah that hurt my ears!

Lincoln: Sorry guys.

**Lisa:** [takes the air horn away] Don't touch that. It's to scare away post-apocalyptic mutants. And or Mr. Grouse.

**Lori:** How does Lola pull this off every year?

Laney: [Pulls off her headphones] There's no trick guys. It's just hard work and focusing.

**Lincoln:** Well either way, we need her help to pass this test! You know what we gotta do, right?

**Everyone else except Leni:** Yes!

**Leni:** [at the same time] No. [everyone looks at her] Uh, yes.… OK, no. What's up?

**Lincoln:** Someone's going to have to interrupt Lola's beauty sleep and ask her for help.

Laney: What? We can't do that!

**Lynn:** But she needs the full eight hours!

**Lucy:** Or else she can't function properly.

**Luan:** And she's a biter!

**Lincoln:** Well, someone's gotta do it.

Me: That won't be needed. Me and Naruto will gladly help you all for the test.

Lincoln: You would do that for us J.D.?

Me: Sure. Friends always help eachother. Besides, not to brag but you all saw me and Naruto on Total Drama and how we stayed up for 5 days non-stop.

Lynn: I remember that. That was cool.

Me: And it's killing two birds with one stone. We give Lola the sleep she needs and Me and Naruto will help you guys.

Lincoln: That's perfect.

Everyone was in agreement.

I called Naruto.

* * *

In the Leaf Naruto and Sakura were watching TV while snuggling and Naruto's cell phone rang.

Naruto: I got that. [Answers it] Hello?

Me: Hey little bro.

Naruto: Hey bro. What's happening?

Me: We need your help.

I explain what's going on.

Naruto: Homeschooling. Good reasons on homeschooling and I will be happy to help. I'm on my way.

Naruto hung up and got dressed and he spread his wings and flew over to us.

* * *

As we waited there was a knock on the door.

I answered it and Naruto was there.

Me: Hey little bro.

Naruto: Hey bro. Glad I could come.

Me: All right lets get to work.

Me and Naruto: SHADOW CLONE JUTSU!

We made clones and we got to work.

* * *

[The next day, We are finished with our tests; Lisa is making an arts and crafts bouquet of flowers]

**Rita:** [with stopwatch] OK guys, times up, pencils down. Or in your case, Lisa, pipe cleaners. [Lisa is stressed] [Soon Rita hands everyone back their tests and gives Lisa her bouquet back.]

**Rita:** Well, it was a close call, but congratulations to all of you, you all passed! [We all cheer]

Me: Thanks for helping us bro.

Naruto: No problem J.D. Glad I could help.

An ANBU appeared.

Me: Hello Captain Frog.

Frog: Hello J.D. I actually came for Naruto. Lady Hokage has called for you.

Naruto: I'm on my way.

Me: Be careful bro.

Naruto: Will do. (Snaps his fingers and he is instantly in his shinobi clothes)

Lori: That is literally so cool.

Lily: It sure is.

Naruto vanished in a ball of fire and the ANBU vanished too.

Me: Well guys. Now we have a new regimen here. We're now being homeschooled.

We all cheered.

It was the start of an amazing time at home.

THE END.

Another Fanfiction Complete.

I had this one on my mind for a while but I was waiting for the script to be made. This was an interesting one for me. Let me know what you all think.

See you all next time.

# Reuniting a Sister

It starts with Brittney and Haiku reading books on dark magic in the living room.

Brittney: Haiku, we are gonna ask Maggie to live with us. We have to tell her everything.

Haiku: I know Brittney. I may be dark and emotionless but I love my sister and she is the world to me. I want my sister back.

Brittney: I know Haiku and we will get her back.

---

The next day Brittney and Haiku were walking over to Haiku's old house. Haiku had a black umbrella open because she doesn't like sunlight.

Brittney: Are you ready for this Haiku?

Haiku: I am Brittney.

They arrived at Haiku's old house.

Brittney: Nice place.

Haiku: It's no castle of Dracula but it was a nice house.

They saw Maggie sitting on the front porch.

Maggie: Haiku!

She rushed over to them and Maggie and Haiku hugged for the first time in a while.

Maggie: Haiku. I've missed you so much sis.

Haiku: Me too Maggie. I guess my former parents didn't tell you.

Maggie: Tell me what?

Brittney: It's been a while Maggie.

Maggie: It sure has Brittney. I heard you went on a huge global trip.

Brittney: We sure did. But there's a reason why Haiku is not in your household. Haiku was blessed by the Raven of Hdor - the God of Darkness in Norse Myth during the Sadie Hawkins dance last year and it gave her dark powers like my friend Lucy Loud and your mom and dad disowned her because of them.

Maggie was shocked and horrified. She normally doesn't show any emotion but this is an exception for her.

Maggie: Why didn't they tell me?

Brittney: What did they say?

Maggie: They told me that Haiku ran away to get a better life.

Brittney: Apparently they lied about it because they didn't want you to find out the truth. Ever heard of that old saying The Truth Hurts?

Maggie: Yes. I know that saying Brittney and thank you for reuniting me with my sister. Now I know that those people are not my parents and they will never accept that Haiku was given a great gift of darkness.

Brittney: I agree.

Suddenly a fireball made of black fire shot towards Maggie from out of the sky and hit her and she was in a tornado of black fire.

Brittney: Whoa! We got an elemental choosing in progress.

Haiku: We sure do. This is exactly how I got my powers.

Brittney: That's right.

When the tornado of black fire vanished, Maggie had black angel wings with feathers made of pure black fire.

Maggie got up.

Maggie: What happened? I feel really strange.

Brittney: A black fireball hit you and gave you powers like mine, Lucy and Haiku's and you have amazing black angel wings.

Maggie saw the wings and she saw that Brittney was right.

Maggie: Wow! These wings are amazing!

Brittney: They sure are. My dad has a book that can tell us how you got your powers.

Maggie: Thanks Brittney. I got to leave a note for my parents and pack my stuff. They're at work now. I'll be right back.

Haiku: Okay. We'll wait.

Maggie went into the house and packed her stuff and left a note.

---

30 Minutes Later Maggie came out of the house with a suitcase full of her clothes and her stuff.

Maggie: Okay. I'm ready.

Brittney: Okay. Lets go.

Maggie: And from now on my name is now Maggie Loud.

Haiku: I'm glad to have you in my family sis.

They hugged.

They walked back home to the Knudson-Loud-Anderson-Weather estate.

Maggie later got settled in to Lucy's Room. As Haiku and Maggie were catching up on everything that's been happening, everyone else came in.

Lori: Another great day at school.

Brittney: Hey guys.

Luna: Hey Brittney.

Luan: Hey Maggie. What's going on?

Maggie: Hey Luan. I have some news to tell you all.

Brittney: Maggie was told everything that happened to Haiku and she severed her ties to her parents. Former parents rather.

Maggie revealed everything to us and we gasped in shock.

Me: You did the right thing to get out of there Maggie.

Varie: You sure did.

Laney: Anybody that disowns a child of their own family because of getting powers is not human and doesn't deserve to be a parent.

Lisa: Affirmative Laney.

Maggie: I never want to see those two monsters again! (Crying) I can never forgive them for kicking my sister out of my life!

Luan comforted Maggie and Eddy was with her.

Luan: It's all right Maggie. You're right though. Your former parents don't even deserve to be called parents.

Luna: That's right dude.

Sam: Those people don't deserve to take care of you and Haiku.

Lincoln: That's right Maggie.

Linka: Yeah.

Me: But let me see how you got your powers.

I pull out my Legends book and found an amazing discovery.

Me: Maggie you got dark powers because of the Black Fireball of Erebus, the God of Darkness in Greek Myth. Once every 400 years, Erebus sends a fireball of pure black fire to a worthy person who has righteous love and fury for any member of their family. They are given black angel wings with feathers made entirely out of black fire, dark fire powers, the ability to use dark magic, Cosmic Umbrakinesis, and dark lightning, immortality, invincibility, the ability to talk to birds, The Ability to see in the dark which can be turned on and off at will, super strength and super speed. They also have the amazing ability to summon and control the souls of the damned and they even have the power to resurrect the dead.

Maggie was shocked.

Maggie: This is amazing. I had no idea I could get so many powers from this.

Aylene: It's how most of us got our powers.

Yuko: We were given our powers from Mythological Deities from all over the world.

Linka: That's right Maggie.

Jessie K: But what are we gonna do about Maggie and Haiku's parents?

A knock on the door was heard.

Me: That's them. I can sense it.

Maggie: Let me and Haiku face them.

Haiku: It's payback time.

Maggie answered the door and it was her and Haiku's former parents.

Maggie: I knew you would come.

Maggie's mom: You will come home with us right now young lady.

Maggie: No! I'm through with you. I know the truth. You kicked out Haiku because of her powers. She is my sister! You lied to me and ruined her life. I was to always be there for her and you took her away from me! Now you are going to pay for it!

Maggie fired a blast of dark fire and sent them onto the street. They both faced them and were ready to fight.

Maggie: You guys used to enjoy using dark magic before me and Haiku existed! And you used it for good and great works! What changed!? Haiku is my sister. And you had the nerve to throw out your own kid!? Lie to me about it, and… (sighs) I made a promise. I wish you had kept yours. A true parent would not bail on their kids when a big change enters their lives. I will not wish death on you, cause even I would never be that cold-hearted… but I hope you learn this lesson the hard way.

Haiku: We will never forgive you.

Haiku and Maggie dashed and kicked them both in the face and knocked them out.

The police arrived and arrested Maggie's parents.

Later they were found guilty of Child Abandonment, neglect and Child Abuse. They were sentenced to 25 years in prison without parole, fined $500,000.00, ordered to pay Maggie and Haiku $10,000,000.00 and their parental rights were officially terminated. If they ever have anymore children they will be taken away and put up for adoption on the spot.

Maggie: Guys thank you for helping me and my sister.

Brittney: No problem Maggie.

Haiku: I'm glad to have my sister back.

Maggie and Haiku hugged.

Maggie: Me too.

Cody: I have this strong feeling that your former parents won't last a day in jail.

Zoe: I have a feeling you're right Cody. People that abuse children are not liked at all among the prison population. They usually die in prison and don't survive passed the first week.

Hercules: Well they deserve it.

Vince: I agree. People like them give all parents everywhere a really bad name.

Aylene: That's right.

Me: Yep.

And they were right. 5 days later, Maggie and Haiku's former parents were beaten to death by fellow inmates. They were buried in unmarked graves and nobody attended their funerals. They are now burning in the darkness of the Netherworld forever.

Maggie is now an official Loud.

THE END.

---

I had this idea from an earlier chapter. GennaiArakidaXIV gave me the idea for Maggie's speech for when she fights her disgraced parents. Thanks for that man. Let me know what you all think.

See you all next time.

# The Water From The Dragon

It starts at Royal York Elementary School in the Gym.

We were playing Fight Dodgeball.

Zach: Man I hate dodgeball!

Me: Hyah!

I kick a dodgeball and it socks a kid in the face.

WHAM!

Me: It's not that bad Zach. (Catches a ball and throws it and it hits another kid in the stomach)

BLAM!

Me: Besides. It works up a great sweat.

I fly into the air and throw a bunch of dodgeballs at a bunch of kids and knocked them out.

POW! BLAM! SMACK! CRACK! KROW! ZONK! THWACK! KATOW! BAM! BOP!

I landed and clap my hands in satisfaction.

Me: (Imitating Arnold Schwarzeneggar) Well that hit the spot.

Everyone cheered wildly for me.

Lincoln: J.D. that was awesome!

Me: Thanks Lincoln.

Girl Jordan: What is the secret to your skills in dodgeball J.D.?

Me: It's no secret Girl Jordan. You have to stay focused, have a good arm and dodge when the ball is coming at you.

Middle School Kid: They cheated!

Girl Jordan: Put a sock in it.

She throws a dodgeball at him and it hits him in the face and knocks out some teeth.

SMASH!

Me and everyone else: SSSS OOOOOHHH!

Me: That's gotta hurt.

Linka: No kidding.

Ronnie Anne: That must've hurt.

The kid got up and he walked over to Girl Jordan and grabbed her by the shirt and he had a look on his face that promised death.

Me: Put her down you jerk!

I punch him in the face and I gave him a nasty black eye.

Middle School Kid: You better be ready for the fight of your life Jordan. I will destroy you in front of the school today at 3:00.

Girl Jordan was now absolutely terrified. She was gonna be murdered by a big kid in middle school.

Me: You will die for threatening my friend. Who are you by the way?

Nathan: The name's Nathan Puwalsky. I'm 17 and still in Middle School.

Me: I've heard alot about you. You have a nasty reputation as being a big bad tough guy and you failed Middle School and had to repeat it a couple times. I heard rumors flying around that you killed a couple of kids and drank their blood and ate their brains.

Nathan: That's right and I will gladly do it again by killing her.

Me: Not on my watch you won't. Me and Girl Jordan are gonna pulverize you until there is nothing left. So get ready Nathan Puwalsky.

I take my finger and made the finger motion on my neck that said "I will Kill you".

Me: You're dead.

Nathan: We'll see. Don't be late.

Me: We'll be there.

Nathan: You'd better be.

Me: And when we fight, You are dead.

He left and Girl Jordan fainted.

Me: Oh man.

I take out some smelling salts and she woke up.

Girl Jordan: Wha… What happened?

Me: Me and you are gonna fight Nathan Puwalsky. But don't worry Girl Jordan. We'll work together to get through this.

Suddenly without warning the doors bursted open and a huge wave of water rushed in and took the form of a huge dragon made of Pure Water.

It looked at Girl Jordan and went at her and she was enveloped in a tornado of pure water.

Laney came into the Gym and she saw the whole thing.

Laney: Another elemental choosing!

Lola, Lana, Lucy and Lisa came in.

Lola: Who is it this time?

Me: It's Girl Jordan.

Lucy: Gasp!

Lisa: So Girl Jordan has been chosen.

Me: Yep.

The Water Tornado disappeared and Girl Jordan had Angel Wings with feathers made of pure water. She had a water dragon symbol emblazened on her forehead.

Girl Jordan got up.

Girl Jordan: What happened? Last thing I saw before blacking out was a dragon made of pure water.

Me: You did see that and you were given water powers as a result.

Girl Jordan: Really?

Girl Jordan held out her hand and a dragon of pure water came out and blasted through the wall of the gym with incredible force and created a huge hole in the wall.

Me: Whoa! That's powerful.

Lana: It sure is.

Lola: Girl Jordan this is incredible!

Girl Jordan: This is unbelievable! How did that dragon give me these powers?

Me: I'll be right back.

I go to the Locker Room and come back out with my book.

Me: Lets see here.

I look it up and found an astounding discovery.

Me: Here it is. Girl Jordan you were given water powers because of the Water Dragon of Ler, the God of the Sea in Celtic Myth. Once every 200 years a dragon made of pure water will grant the powers of Winged Flight with wings of pure water, cosmic hydrokinesis, Cosmic Cryokinesis, breathe underwater, talk to fish, water temperature control, Water Buoyancy immunity, super strength, Immortality, Invincibility and Super Speed to that person. But there's a catch. That person must be of direct descent from Ireland.

Girl Jordan: That's amazing! I now have powers like you and your siblings Lincoln!

Lincoln: I know.

Laney: Are you descended from Ireland Girl Jordan?

Girl Jordan: I guess so. I don't know my ancestral heritage.

Lisa pulled a hair out of Girl Jordan's head.

Girl Jordan: Ow!

Lisa: Apologies Girl Jordan but I believe I can help you determine your ancestral heritage.

Lisa pulled out a machine and she put the hair in.

Me: Is that a DNA scanner Lisa?

Lisa: Correct J.D. This will determine where Girl Jordan is from in terms of Ancestral Heritage.

A paper printed out and it had a pie chart.

Lisa: Here we are.

Lisa handed it to Girl Jordan.

Girl Jordan: I am part Irish. It says here that I am 62% Irish, 28% French and 10% German, Icelandic, Italian, Norwegian and Russian.

Me: Wow! That's an interesting heritage.

Girl Jordan: It sure is. Thanks for telling me this Lisa.

Lisa: My pleasure Girl Jordan.

Me: Now that that's taken care of we have a Code Black.

Clyde: Girl Jordan is getting into a fight with a ruthless 17-year-old Middle School Kid named Nathan Puwalsky.

Lucy, Laney, Lana & Lola and Lisa gasped.

Lucy: I've heard about him. It's said that he killed a couple of kids, drank their blood and ate their brains.

Me: You heard right Lucy.

Lincoln: Those rumors are all true.

Linka: Yeah. He's a monster and he's gonna kill Girl Jordan.

Girl Jordan then suddenly got a look of sheer determination on her face.

Girl Jordan: I will make that freak pay for terrorizing the area!

Me: We both will.

Jen: I know you two can do it.

Me: Thanks Jen. All right Girl Jordan. I'm going to train you until 3:00 and I know just the spot to go to and just the teacher to do it.

I took Girl Jordan to the Hyperbolic Time Chamber and Goku was with us. We trained her at an excruciatingly vigorous and relentless level in all the fields and learned so much about her powers and she even learned some techniques never before possible.

5 Hours later we emerged and Girl Jordan was forever changed. She was stronger than ever before. Her clothes she had on were shreded and she was ready.

Girl Jordan: I'm ready.

Me: Lets get him.

I look at my watch on my right arm.

2:55 PM.

Me: 5 minutes till three. Ready Girl Jordan?

Girl Jordan: I sure am.

---

3:00 PM

In the front of the school everyone was gathered in a circle and Me and Girl Jordan were facing Nathan.

Nathan: Glad you two could make it.

Me: Wouldn't miss it. This is your last day alive. Prepare to die.

Nathan: You don't scare me.

Me: You should be afraid.

Nathan: I hope you two are ready to die.

Me: You should ask yourself that question Puwalsky. I'll face you first and Girl Jordan will face you next. Sound fair?

Nathan: Fine with me.

Me: Lets dance you monster.

I dash and punch him in the face and kick him in the stomach.

I tag Girl Jordan and she faced him.

Nathan: J.D. is strong but lets see how you measure to me.

Girl Jordan: With pleasure.

She spread her wings and flew around him and kicked him in the back, leg sweeped him and kicked him in the back and sent him into the air and dealt him a spinning axe kick and sent him crashing into the ground.

BLAM!

Me: Have you had enough Nathan or do you want some more?

Nathan got up and he was badly beaten.

Nathan: Never! I will kill both of you!

Nathan charged and he tried to punch me but I blocked his punch and kicked him in the face and knocked out some more teeth.

Me: You are nothing more than a cold blooded psychopath and a ruthless murderer that has no respect for the value of human life. You're just a worthless little wretch.

Nathan: How dare you talk to me this way!?

Me: I can talk about people like you however I want.

Nathan: (ENRAGED SCREAMING) I WILL KILL AAALLLLL OOOOFFFFF YYYYOOOOOUUUUUU!

Nathan went after Lincoln and Lincoln kicked him in the stomach. Laney punched him in the head and Lana and Lola dealt him 3 blows to his face and they both punched him in the stomach at the same time and Nathan belched out a huge amount of blood. Lisa then kicked Nathan in the knee and broke his leg. The bone was sticking out of the back of his leg. Lucy then fired a stream of black lightning at him.

Lucy: Let fear consume you completely.

When the lightning faded Nathan's eyes were white and completely blank. He looked around and saw everything change to pitch black darkness.

Nathan: Where are you!? Show yourselves!

Nicole then arrived.

Nicole: Nathan Puwalsky, you are under arrest.

The police slapped the cuffs on him and arrested him.

Nicole: Nice work dad. Nathan Puwalsky is the biggest bounty I was after.

Nicole pulled out a wanted poster and it was of Nathan Puwalsky.

Me: Wanted. Nathan Puwalsky. For Murder in 12 states!? He is that bad!?

Nicole: That's right dad. He broke out of prison 2 years ago as he was awaiting trial for the murders of 12 kids.

Me: So we had a serial killer in our schools. This guy is the ultimate personification of evil in its entirety.

Girl Jordan: That's awful. Whoa! $500,000,000.00 for his capture!? That's great money.

Me: Bounty hunting is very profitable.

Nicole: It sure is. You all caught him for me.

Me: Actually Girl Jordan is the one that should have this bounty. She deserves it. She's a hero for saving us.

Girl Jordan: Thanks J.D. I couldn't have done all this without you.

Me: You're welcome Girl Jordan.

Nathan Puwalsky was back in prison. He was found guilty of his crimes and sentenced to death. He was executed the next morning. He became the youngest ever inmate to die on Death Row in history of the U.S.A.

---

At home we were doing our homeschool work on a dark and stormy night.

Varie: I heard you all stopped a serial killer kid.

Me: We sure did Varie.

Luna: We saw that on the news dudes.

Lori: Girl Jordan was literally awesome with those moves.

Leni: Totes. She was amazing.

Luan: She sure gave him a run for his money.

Me: She sure did Luan. It was a great day for her.

Then there was a knock at the door.

Varie: I'll get it.

Varie went and got the door and she saw a sad sight. On the front porch all soaked and wet and crying her eyes out was Girl Jordan and she had 2 suitcases with her.

Varie: (Gasp) Girl Jordan!? What happened?

Girl Jordan: (Crying hard) My parents disowned me because of my powers! I have no where to go!

Varie: Oh you poor thing. Come on in.

Varie took her in and she had her sit on the sofa.

Me: Girl Jordan? What happened?

Varie: Her parents disowned her because of her powers.

Everyone gasped.

Lola: That's awful.

Haiku: Girl Jordan we're so sorry.

Luan: Oh you poor girl.

Lynn: Yeah.

Aylene: Boy we've been having lots of our friends lose their family ties because of our powers. Some of us have accepted them but some people have not.

Cody: Yeah.

Zoe: This is getting insane.

Hercules: It sure is.

Vince: We have to help Girl Jordan as much as we can.

Jessie B: Yeah.

Me: It's all right Girl Jordan. You're more than welcome to stay with us. We have lots of room.

Girl Jordan: (Sniffles) Really?

Laney: Sure. We helped you fight Nathan and you're our friend.

Girl Jordan: (Sniffles) Thank you guys. Thank you.

Me: You're welcome.

We got Girl Jordan settled in and she lives in Lily's room.

Girl Jordan: I love your aquarium room Lily.

Lily: Thanks Girl Jordan. I've always loved the ocean. The beauty of the worlds fish has always been my thing.

Girl Jordan: I can believe it.

Lily picked up the 2nd suitcase and it was really heavy.

Lily: This one is really heavy.

Girl Jordan: Oh that's the bounty I cashed in.

Lily opened the suitcase and in it was $500,000,000.00 in gold bricks.

Lily: It's all in Gold Bricks!

Girl Jordan: Yeah. It's $500,000,000.00 in Gold.

Lily: This is a lot. This is going in the safe.

Lily formed a clone and took it to the safe in the basement.

Lynn Sr. & Rita came home and they were told what happened to Girl Jordan.

Girl Jordan was sitting with the girls at the Grown Up table.

Girl Jordan: Thank you for letting me be a member of your family Lynn.

Lynn Sr.: No problem Girl Jordan.

Rita: After getting your powers no one should ever be kicked out of their home like that.

Me: I agree Ms. Rita. Ever since our friends have been getting their powers some of our friends were getting their family ties severed because of it. Aylene, Rusty, Polly, Riley and Giggles were accepted where Haiku, Tabby, Liam and Sam were not.

Luna: Yeah. This is crazy.

Sam: It sure is.

Aylene: Yeah.

Later we got ready for bed.

THE END.

---

Another Fanfiction complete.

I wanted to have Girl Jordan get her powers for a while now. The scenario with a serial killer kid was completely out of the blue for me. I suddenly remembered the episode of Family Guy where Meg had to fight a bully named Mike Puwalsky and that was the first name that came to my mind. But Mike Puwalsky was taken so I went with a different name. Let me know what you think.

See you all next time.

# Carnage is Chaos

It starts in Lori and Carol's room. I had called an emergency meeting and Spider Man, Mary Jane, Naruto, Black Cat, Eddie Brock, Harry Osbourne, Flint and Penny were with us.

Me: Now the reason I called you all here is because I have a strong reason to believe that someone is spreading lies about our abilities and how we help people and is ruining so many peoples lives.

Spider Man: I have a feeling you're right J.D.

Mary Jane: Me too J.D. Rumors have been flying all over the city of Royal York like wildfire and someone is showing an extreme hatred for Metahumans. They are poisoning their minds with hate.

Varie: Whoever it is we have to stop them and fast.

Carol: That's right.

Lisa: Siblings and friends I have the solution.

Lisa pulled out a special radio machine.

Lisa: This is my new radio transmission and communications tracer. With this we can find whoever is sending those false messages.

Me: That's perfect Lisa.

Aylene: We can now find out who is responsible for this and shut them down.

Eddie: This is gonna be interesting.

---

We got to work and I was tuning the device to find the signal and the transmission.

Me: Lets see. (Tunes it to a station) No. (Tunes it to another station)

No. (Tunes it to another station) No. (Tunes it to another station and I gasp) Aha! I found it.

?: My fellow citizens. The Metahumans pose a serious and grave threat to our great city and they want to kill us all. If you have any metahumans as a family member, disown them right away. They all are a poison that must be purged and destroyed completely.

Me: That voice is familiar to me. Let me check here.

I use my computer to identify the voice and did a comparison. I compared it to J. Jonah Jameson and it wasn't a match.

Computer: Analyzing. No match.

Me: Well J. Jonah Jameson is out. So it's someone else.

I compared the voice to a number of criminal offenders we fought before and the voice match was shocking.

Me: (Gasp) Oh no!

Lincoln: What is it J.D.?

Me: The one that's sending these false radio messages is our old enemy Cletus Kasady!

Spider Man: Kasady's still alive!?

Vince: I thought we killed him!

Naruto: That's what me and Carnage were thinking.

Carnage: Yeah. He just doesn't know when to stop and shut up.

Sakura: I agree Carnage.

Fu: Me too.

Flint: That freak doesn't know how to take a hint and move on.

Me: Yeah. But his voice imitation of J. Jonah Jameson is perfect.

Aylene: That's a good talent.

Cody: It sure is.

Black Cat: But the question is how did he survive being blown up in that explosion?

Me: I don't know Felicia. But some how he did and is now back for round 2.

Penny M: So how are we gonna stop Kasady?

Me: Well Penny lets see where he's at first.

I activated the tracer and the computer revealed that he was in Midtown High School.

Me: Midtown High School.

Spider Man: Our school. He must've gotten into the radio broadcast studio.

Me: Then that's where we're headed. But it could be a trap. So we have to be ready for anything.

Flint: That's right.

Me: Lets get him!

We all set out for the heart of the city and we saw Midtown High School entombed in a big red blob. We went in and the school looked like the inside of a beating heart.

Heartbeats echoed throughout the school.

Me: This is so disgusting. It's like we're inside someones heart.

Naruto: It sure does.

Sakura: This is so gross.

Lola: I hate this place.

Lana: I think it's really cool.

Lori: The sooner we find Cletus and kill him the sooner we can literally stop this madness.

Girl Jordan: I agree Lori.

Linka: Me too.

Lucy: I may like blood and darkness but this is too creepy for me.

Shannon: It's all right Lucy. We'll get through this together.

Fu: Yeah.

Laney: This is really scary.

Vince: Lets not let fear take over guys. We're on a mission.

Lynn: Yeah.

We clear some debris and find a man moping the floors.

Me: (Gasp) Stan Lee!

Lincoln: The world famous creator of Marvel Comics?

Stan: That's right. It's an honor to meet you J.D. Knudson, Loud Siblings and friends.

Zoe: What are you doing here?

Stan: I was working on my next comic when the Carnage Symbiote took over the school. I decided to mop the place to help you.

Me: We appreciate it Stan. Me and Lincoln love all your comics and they are awesome. We even draw our own comics as a way to show prestige to your creativity.

Stan Lee: I'm honored. Thank you J.D.

We did the famous comic salute.

Me, Lincoln and Stan: EXCELSIOR!

We all laughed.

Me: Stan this fight is gonna get rough so you better get going.

Stan: Right. I have a feeling I know what's about to happen. Thank you.

Me: No problem.

Stan left the school and we proceeded on. We made it to the radio room and found Cletus Kasady making radio transmissions.

Me: Hold it right there Kasady!

He turned and saw us and we gasped at what we saw on him. He had burn scars and shrapnel wounds all over his body and his hair was totally burned off.

Me: Jeez! That explosion burned you all over.

Cletus: Yes. Because of you I am now a hideously scarred freak! I have burn scars and shrapnel wounds over 95% of my body and I nearly escaped with my life but I lost the Carnage Symbiote and am just a powerless man! But I quickly regained the Carnage Symbiote and I formed the ultimate plan to destroy all of humanity! (Insane Laugh) After Summer Vacation Started I snuck into the school and found the key to my revenge. By hacking into the radio rooms communications array I would send out all those false messages about Metahumans being evil by imitating the voice of J. Jonah Jameson and I would destroy all kinds of families around the country.

Girl Jordan: You ruined my life Kasady! Because of you I got disowned by my parents when I got my water powers!

Me: You will pay for this Kasady! You should've stayed dead when Lori and Leni thought they killed you!

Leni: Totes!

Lori: I'm going to literally beat you into a bloody pulp for everything you've done!

Cletus: (Insane Laughter) I will kill you all before that happens!

Me: Shut up you freak!

I go Super Angel 4.

Varie, Vince, Lincoln, Laney, Carol, and My children went Super Angel 3 and Yuko went Super Angel. Eddie became Venom and Flint had sand swirling around him and we saw that Penny M. had leaves swirling around her and she sprouted Angel Wings made entirely of leaves, Ben became Ultimate Ben and activated Buzzshock's powers.

Cletus: Don't you dare tell me to shut up!

He then became Carnage.

Mary Jane: Let me help.

Mary Jane then shocked us all when we saw that she has the Carnage Symbiote inside her too and she became The Ultimate Spider Woman!

Me: Whoa! Mary Jane you look amazing.

Mary Jane: Thanks. Me and the Carnage Symbiote are now partners and I am now known as the Ultimate Spider Woman.

Varie: It's awesome.

Spider Man: It sure is.

Me: Lets dance Kasady.

I fired an energy ball and he dodged it and the wall exploded behind him and he hit the ground. We flew out to him and Kasady formed his arm into an axe and Yuko fired a fireball and burned his arm off. But Kasady regenerated it and I kicked him in the face and punched him in the stomach. Suddenly Kasady grew spikes out of his body and one of them skewered me through my hand.

Me: (Grunts in pain) You'll have to do better than that.

I flare up my fire aura and burned his chest and my wound closed up because of my accelerated healing. Kasady formed a sword on his arm and me and him clashed and he it was a brutal, savage and ferocious swordfight. Sparks were flying everywhere and parts of the city were being set on fire. Ben fired a blast of lightning at Kasady and I activate my Ultimate J.D. form.

Me: ECHO ECHO!

I unleash a loud sonic scream that was so loud that it shattered all of the windows in the buildings. Kasady was in a lot of pain and the Carnage Symbiote came off of him.

I revert back to normal and fired a blast of fire at Kasady and incinerate him instantly.

Naruto: Nice shot Bro.

Me: Thanks Little bro. Burn in Eternal Hell Cletus Kasady!

But Kasady's spirit appeared and Nicole appeared.

Nicole: The Netherworld is too good for you Kasady.

Nicole pulled out the Book of Vile Darkness.

Nicole: (Chants an Incantation) **Aldruon Enlenthranel Vosolen Lirus-nor!**

The Carnage Symbiote then took form and was standing on its own and roared.

Carnage: **Carnage is CHAOS!**

Me: I think not.

I entomb the Carnage Symbiote in a bubble and take him into space where I threw him into the Sun and he was vaporized in an instant.

Me: (Echoing) That's the end of Carnage.

I fly back down and land and we cheer wildly.

Me: It's over guys. The terror of Cletus Kasady and Carnage has been silenced forever.

Lincoln: He sure has.

Lilly: Good riddence.

Me: Yep. But we have to call a press conference in Washington D.C. and let everyone know whats been going on.

Luna: Good thinking dude.

Sam: We have to let everyone around the country know.

---

Later we were in Washington D.C. where I called a press conference and revealed everything that went down with Cletus Kasady.

Me: Good Evening everyone. I'm sorry to interrupt your activities for the rest of the day. But over the course of the last 6 days, Homicidal Maniac Cletus Kasady has been poisoning our countries people with lies saying that Metahumans are evil and vile scum that need to be ostracized from humanity. It was part of his diabolical plan to get his revenge on me and my friends. He was going to tear countless families apart and ruin their lives. Me and my friends were given our powers from many different sources. Mostly because of mythological deities from around the world. My friend from Royal York Girl Jordan here was recently disowned by her parents because of Cletus' lies and deception. She had gotten Water Powers because of the Water Dragon of Ler, the God of the Sea in Celtic Myth. Cletus was going to ruin our country and destroy it by ruining the next generations of many families around the country. Also we never suspected it but we have reason to believe that disgraced Chief News Reporter of the Daily Bugle J. Jonah Jameson who is now in prison and is now the most hated man in the world for his crimes, lies and prejudice, we believe that he is responsible for causing our friends Liam, Tabby and Haiku here to be disowned by their families too because of their powers.

Everyone around the country was horrified by this and they soon saw that Metahumans and superheroes are not evil at all. They are people like everyone else that were given amazing powers to use for good. But some were made for evil. Because of J. Jonah Jameson and Cletus Kasady, many families in the country were ruined beyond all repair.

---

Back at home we were resting.

Me: Another villain has been destroyed by us and will no longer terrorize the world.

Penny M: You said it J.D.

Me: Yep. By the way Penny I think I know how you got your plant powers.

Penny M: Really?

Me: Mm-mmm. It's a side effect from my heart and some of my blood that I gave you. It gave you Plant Powers and Angel Wings.

Penny M: That is awesome.

Lana: This is gonna be cool Penny.

Lola: Yeah.

Later we got ready for dinner.

THE END.

Another Fanfiction Complete.

This one came out of the blue for me and I got it from the show Ultimate Spiderman. That show was awesome. Let me know what

you all think.

See you all next time.

# Fiery Babysitting

It starts in Lincoln & Linka's room.

Lincoln: (Yawns) Ah. Sunday mornings. My homeschooling is done, my chores are complete and I'm looking forward to a whole day of freedom!

Lincoln and Linka get up and start dancing.

Me: Me too buddy!

Rita: (Offscreen) RISE AND SHINE KIDS! WE'RE GOING TO AUNT RUTHS TODAY! YAAAYYY!

Me: Time for another awesome babysitting adventure.

Lincoln: Oh yeah! Natilee babysat us last time.

Lilly: She sure did.

Varie: Lets see who will do it today.

Me: Yep.

I spin my new Daughter Wheel and it landed on Jared.

Me: Jared is gonna babysit today.

Janeen: Awesome!

---

Jared was gonna babysit Leni, Ember, Luan, Lynn, Linka, Lucy, Laney, Lola, Lisa, Marie K.L., Lily and Girl Jordan, Cody, Wednesday, Carol and Chione.

Me: You know what to do son?

Jared: I sure do dad. I learned alot from the master and my sisters.

Me: Okay son. Have a good time.

Jared: Will do dad.

After everyone left they got to their first activity.

Jared: All right guys. We're gonna do our first activity.

A knock on the door was heard and Jared answered it. It was Eddy as always.

Eddy: Hey Jared.

Jared: Oh hello Eddy.

Luan: Hey my king of Comedy.

Eddy: My angel queen of comedy.

They both kissed.

Marie K.L.: Hey Eddy.

Eddy: Hi Marie.

Jared: Now our first activity is something I call Adventure Fun. We go to the Simulator and fight in our favorite action packed shows.

Carol: That sounds like fun Jared.

Jared: You're gonna love it Carol.

---

They went to the Simulator and Carol went first.

Lisa: What scenario do you have in mind for Carol?

Jared: She'll love it.

Jared typed in the scenario and the danger level.

Jared: Here we go.

SIMULATOR

The Simulator activated and Carol found herself in the world of Xena: Warrior Princess.

Carol: I'm in Xena: Warrior Princess. (Squeals) This is gonna be so cool!

An explosion was heard and she saw Xena fighting the ruthless Callisto.

Carol: That's Callisto. I've always hated her. She has godly powers because of the Ambrosia. Now it's time for an angel to face a God.

Carol spread her purple wings and unsheathed her sword.

Carol dashed and just as Callisto was about to clash again with Xena, Carol's sword clashed with Callisto's and she kicked her in the chest and fired Godzilla's orange atomic ray and it hit her in the chest and blew a huge hole into it.

Callisto got up and she saw Carol.

Callisto: Who are you?

Carol: Your worst nightmare.

Callisto fired a blast of fire and Carol fired her atomic ray and the blasts collided and exploded. Engulfing much of the land in a raging inferno. Fire covered everything.

Carol kicked Callisto in the face and punched her in the stomach.

The hole in her chest healed instantly.

CONTROL ROOM

Jared: This is getting intense!

Linka: It sure is. I've never watched Xena: Warrior Princess but this is awesome.

Lola: It sure is. I watched Xena: Warrior Princess and it was amazing. Callisto is a ruthless monster.

Laney: She sure is. I can't believe she's that evil.

Girl Jordan: Me neither.

Jared: I've known Xena: Warrior Princess since I was a little boy and the fights between Xena and Callisto were savage. They were considered the most incredible fights in the show.

Lucy: They sure were. If it were a vampire facing a god that would be wicked.

Wednesday: It sure would.

Luan: This is gonna get intense.

Jared: Yeah. Lets watch.

---

SIMULATOR

Carol and Callisto were really going at eachother. Callisto fired a stream of lightning an Carol fired King Ghidorah's Gravity Lightning. The blasts collided and shattered the lightning and blew Callisto's arm off.

Callisto: You'll have to do better than that.

Callisto regrew her whole arm and teleported behind Carol. But Carol expected this and she punched Callisto in the face and kicked her in the stomach and sent her crashing into the rocks. Callisto and Carol fired energy blasts and they were blowing the whole area apart. The fight was so savage, destructive and ferocious that it was unbelievable.

Callisto was getting tired but Carol was not.

Callisto: What are you? You're no human.

Carol: Wrong Callisto. I am a human. But I was given my gifts from a source of incredible power.

Carol dashed and she grabbed Callisto and she stripped her of her godly powers and made them her own.

Callisto was now completely powerless.

Callisto tried to fire a fire blast but nothing happened.

Callisto: What did you do to me!?

Carol: I took away your powers and made them my own.

Carol opened her eyes and they were now purple instead of blue.

Carol: You're through Callisto.

Xena: She's right Callisto. You're through.

Carol: An Angel has beaten a God and the Angel has become a god.

Xena: Now it's your turn to face fear and pay for everything you've done.

Carol stabbed Callisto in the stomach and the poison on her sword was killing her.

Callisto: What's happening to me!?

Carol: My sword is poisonous.

Callisto saw that the blade of the sword had a purple sheen that signaled that the blade is covering in poison.

Carol pulled the sword out and the poison was suffocating her and it killed her in 30 seconds.

Callisto was dead and she disintegrated in 10 seconds to ashes.

Carol: Whoa! That was intense.

Xena: It sure was. Thank you for helping me.

Carol: No problem Xena. My name is Carol Pingrey Loud. It's a pleasure to meet you.

Xena: Same here. You were amazing as a warrior.

Carol: Thank you.

Xena: My pleasure.

Carol: I'm actually from the future in the year 2018 A.D.

Xena: That's a long time from now. You are a skilled girl from your time.

Carol: I know. I get that all the time.

Carol then left and the Simulation ended.

In the control room cheered wildly for her.

Lola: Carol you were awesome!

Girl Jordan: You sure were.

Carol: Thanks guys.

Jared: So how does it feel to have the power of a God Carol?

Carol: It feels awesome Jared. I wonder what Vince would say now that I have Godly Powers aside from the ones I already have?

Jared: I'm sure he would accept this no matter what. We still have time for 3 more adventures.

Laney: I would like to have a go.

Jared: Okay Laney. I have just the scenario in mind for you.

Laney: Okay.

Laney went into the Simulator and it activated.

---

Laney found herself in a wartorn world that looked like a post-apocalyptic nightmare.

Laney: My goodness. What happened here?

Laney walked around the ruins of the city and she saw that she was in Royal Woods and it was all completely destroyed. She found a newspaper on the ground and read it.

Laney: "World War III caused by reckless actions of Lincoln Loud"!? What!?

?: You're gonna pay for this "BRO"!

Laney: That sounded like Luna.

Laney peaked over a hill and she saw dark versions of her sisters about ready to kill a version of Lincoln with shreded clothes and he had cuts, bruises and scrapes all over him. Some of his teeth were missing. The Dark sisters had red eyes.

Laney: Oh man. This is not good. I have to save my brother.

Lincoln: I didn't start World War III. Someone framed me!

Laney: Framed him?

Dark Lori: Don't give us those lies Lincoln. Because of you the entire world is now destroyed!

Dark Leni: This is like, all your fault!

Dark Lola: My pageant career is ruined because you destroyed the world!

Dark Lana: I hate you more than life itself!

Dark Lily: (RASPBERRIES)

CONTROL ROOM

Lola: No one talks about Linky like that!

Leni: Like, Lets help him out girls!

Lily: Yeah!

Leni, Luan, Eddy, Lynn, Lucy, Lola, Lisa and Lily went into the Simulator.

SIMULATOR

Luan: Hey!

The Dark Sisters and the beaten up Lincoln saw them and the dark sisters gasp.

Leni: No one talks that way to our brother!

Lisa: You people are disgusting excuses of homo sapiens!

Lily: Yeah. People like you make me sick! In fact…

Lily then projectile vomits all over them.

Dark Lori: EEWW!

Dark Luna: That is so gross dude!

Dark Lola faints.

Dark Lana: I like gross things but this is too much. (Throws up on dark Lynn)

Dark Lynn: Hey!

Lily: I may be a baby biologically but I have the body of a 10 year old girl.

Dark Lily began to realize the error of her ways because of how mean she was to Lincoln.

Laney: Nice shot Lily. Yeah. Nobody talks that way about our brother. People like you give sisters everywhere a bad name.

Leni: Yeah. And now we're gonna totes pound you into dust!

Lucy: You mess with one Loud, you mess with all of us.

Dark Lori: We'll see about that. I'm going to literally turn you all into human Pretzels!

Lola: Bring it on you dumb blonde!

If it were the real Lori she would not call her that.

Dark Lori was enraged.

Dark Lori: What did you just call me!?

Lola then punched her in the face and sent her crashing into a fire hydrant.

Luan: You may be my dark side but your jokes are stupid and lame!

Dark Luan was enraged and she snapped! She pulled out a flamethrower and fired a stream of fire at Luan and Luan fired a blast of light and she threw a bear trap that snapped onto Dark Luan's leg and she screamed in pain.

Eddy: Nice shot and throw Luan.

Luan: Thanks Eddy. That was a trap of all trades. (Laughs to Rimshot) Get it?

They laughed while The Dark Sisters booed and jeered.

Lily picked up Dark Lily and dark Lily's eyes became white again.

Lily: Oh Lily. You remind me of how I looked when I was a like you.

Lily 2: Lily woving Winky.

Lily: (Giggles) We love Linky. Yep.

Lily 2 cried hard into Lily's shirt and she comforted her.

Lily: Oh it's all right little me. You were poisoned with lies. There there.

Leni was facing Dark Lori.

Leni: You will like, pay for kicking Linky out of our room!

Dark Lori: He is no brother of mine! It's my room and my room only!

Leni: You are more stupider than me Lori! It's my room too! (Thinks to herself) But now I have my own room.

Dark Lori: I'm going to…

Leni punched Lori in the stomach and kicked her in the face and knocked out some her teeth. Dark Lori was knocked out.

Leni: That oughta totes shut you up.

Lola punched Dark Lola in the face and knocked out some of her teeth and gave her a nasty black eye.

Lola: No one talks that way about Linky!

Dark Lola was knocked out.

Luna kicked her Dark self in the face and knocked her out.

Luna: Your way of Rockin' sucks eggs! No one talks about my brother that way!

Lisa used her technokinetic powers and formed a particle disintegration ray. She fired it at her dark self and Dark Lisa was a pile of dust with the eyes and glasses remaining.

Dark Lisa: Ow.

Lisa: No one talks that way about our dear elder brother.

Luan was facing her dark self. (Not the dark Luan in Prison)

Dark Luan: So you're angry for all the pranks I did.

Luan: Not just that but you give loving sisters and Comedians everywhere a really bad name.

Dark Luan: I'm not going down without a fight. I will Punch your lights out! (Laughs) Get it? But seriously you're dead.

Luan: We'll see.

Luan created a dragon made of red light and she sent it at Dark Luan and it ate her and mauled her. Dark Luan was a bloody mess.

Lucy fired a blast of Black Lightning at her dark self.

Lucy: Let fear consumed you completely.

Dark Lucy saw everything related to vampires burning and she then saw everything in different shades of Pink.

Dark Lucy ran into the destroyed Loud House and hid.

Lynn was facing her Dark Self.

Lynn: You are no sister to my brother. I may use him as a punching bag but he's my brother and I love him. But you are just a sore loser! Whoa! That's something I never thought I would say to anyone. Especially my evil self.

Dark Lynn was enraged and she charged towards Lynn and Lynn stomped the ground and a torrent of lava exploded out and incinerated Dark Lynn. Dark Lynn was a burned and battered mess.

Leni was facing her dark self and she slashed her hair off with her sword.

Leni: That is totes a big improvement for you.

Dark Lana was too scared to fight and she ran into the house.

Laney: What a woose.

?: You all ruined everything.

They then saw another Lincoln but he had Black Hair instead of white. This was Lincoln's Dark Self.

Leni: That is not Linky!

Lucy: Gasp! That's a physical embodiment of Lincoln's evil inside his heart.

Lisa: This is absolutely horrible. He's the true mastermind for plunging the entire planet into World War III.

Laney: He sure is. He's pure evil and he must've separated from Lincoln and destroyed the world.

Dark Lincoln: That's right and you all hurt my dear sisters!

Lynn: They were just pawns in your crazy plans to turn them against our brother and you destroyed the world in the process!

The Loud Sisters woke up and their eyes were back to normal.

Lori 2: What happened?

Lincoln 2: You ruined my name and my image and destroyed the world by plunging it into World War III! I lost everything because of you!

The 2nd Loud Siblings were horrified and flabbergasted by this. They were used as pawns in a diabolical plot to destroy Lincoln's Reputation and in the process they destroyed the world by plunging it into World War III.

Luan: You are gonna pay for everything you've done you monster!

Dark Lincoln: Oh I don't think so! Sisters help me destroy your pathetic goody goody selves.

Lori 2: No! You are not our brother! You turned us against him and did all kinds of horrible things to both him and the world! For that we're literally gonna rip you apart!

Laney: Leave this to me.

Laney fired poison barbs at Dark Lincoln and poisoned him. Dark Lincoln's heart was being destroyed.

Dark Lincoln: What's happening to me!?

Laney: It's my deadliest poison that Lisa helped me create. It's 500 Million times more powerful than Strychnine. I call it Strychnine Ω. It's a super poison that attacks the heart and then it spreads to the brain and kills you in 2 minutes and there is no antidote. Enjoy your trip to the Netherworld.

Luan: And don't ever hurt our friends and family again!

Dark Lincoln died and he disintegrated into a skeleton in 30 seconds.

Eddy: That takes care of that little wretch.

Lynn: Yep.

Lincoln 2: Guys thank you for clearing my name and restoring my good reputation.

Laney: No problem Lincoln 2. Our Lincoln would've done the same thing.

Lori 2: We have to go tell the world everything that's happened.

Lynn: Okay.

They went back home and everyone else cheered for them.

Jared: You guys were awesome. Great job.

Leni: Thanks Jared.

Lynn: Dark Lincoln got what was coming to him.

Jared: He sure did. Who wants to go next in another adventure?

Lily 2 was with them and they decided to rename her Rita Loud II.

Marie K.L.: I'll go.

Linka: Me too.

Jared: Okay.

Lily: You know I've always wanted to have a little twin sister.

Linka: I'm happy for you Lily.

Jared: Me too.

Marie K.L. and Linka were in the Simulator and Jared typed in the scenario.

---

The Simulator Activated and they found themselves in the ruins by the Sea of Possibilities in the world of Fantasia in The Neverending Story from 1984.

Marie K.L.: I know this movie! We're in The NeverEnding Story.

Linka: I love this movie. It was awesome.

They then saw malevolent storm clouds. It was The Nothing. A horrible void of darkness that sucks in everything like a vacuum.

Marie K.L.: The Nothing.

Linka: I remember that awful storm. It will completely destroy all of Fantasia unless we do something. We have to help the Childlike Empress and save Fantasia by calling her new name. From what I remember a Human from Earth can only do it.

Marie K.L.: That's right. Lets do it.

Linka: Right and we're from Earth.

They then stood ready and screamed the new name of the Childlike Empress.

Marie & Linka: MOONCHILD!

The Nothing suddenly disintegrated and vanished completely. All the people that were taken by the Nothing were returned.

Marie K.L.: It worked! Lets go find Atreyu and help him.

Linka: Right.

They went into the ruins of the temple and saw murals of the events in the movie. The murals were a timeline of everything that took place. They saw Atreyu looking at the murals.

Marie K.L.: Atreyu.

He saw them.

Atreyu: Who are you?

Marie K.L.: My name is Marie Kanker Loud.

Linka: And I'm Linka Loud.

Atreyu: Pleasure to meet you. Are you all humans?

Linka: We are and we saved Fantasia. The Nothing is gone.

Atreyu was shocked.

Atreyu: We did it.

Linka: We sure did.

Atreyu: It's over.

Marie K.L.: Not quite. I sense that there is one more obstacle to take down.

Linka: I feel it too.

They continued to explore the temple and they saw a mural of a dark wolf and they heard a growl and gasped. They saw a malevolent black wolf with green glowing demon eyes. He growled at them in a ferocious manner.

Marie K.L.: (In her head) Gmork.

Linka: (In her head) Gmork.

Gmork: **If you come any closer, I will rip you to shreds.**

The temple was rumbling.

Atreyu: Who are you?

Gmork: **I am Gmork. And you three, whoever you all are can have the honor of being my last victims.**

Marie K.L.: We won't go down without a fight.

Atreyu: That's right. I am a warrior.

Linka: We all are.

Gmork: **HA! Brave warriors. Then fight The Nothing.**

Marie K.L.: The Nothing has been sent back to where it came from thanks to us and there's no need to go beyond the Boundaries of Fantasia.

Gmork: **(Evil Laughter)**

Atreyu: What's so funny about that?

Gmork: **Fantasia has no boundaries and the Nothing can't be stopped. (Laughs)**

Lightning raged in the sky and that meant that the Nothing was coming back.

Atreyu: That's not true! You're lying!

Linka: Yeah!

Gmork: **Foolish brats. Don't you know anything about Fantasia? It's the world of Human Fantasies. Every part, every creature of it is a piece of the dreams and hopes of mankind. Therefore it has no boundaries.**

The Temple was collapsing even more as the Nothing was getting stronger again.

Linka: So Fantasia is still dying no matter what.

Atreyu: But why is it dying then?

Gmork: **Because people have begun to lose their hopes and forget their dreams. So the Nothing grows stronger.**

Atreyu: What is the Nothing?

Gmork: **It's the emptiness that's left. It is like a despair. Destroying this world and I have been trying to help it.**

Linka: You're a Harbinger of Death.

Marie K.L.: That's right.

Atreyu: But why!?

Gmork: **Because people who have no hopes are easy to control. And whoever has the control has the Power!**

The Nothing was getting stronger by the second as the skies raged and darkened and the temple quaked.

Marie K.L.: We have to stop him now.

Atreyu: Yeah. [To Gmork] But who are you really?

**Gmork: I am the servant of the power behind the Nothing. I was sent to kill the only one who could've stopped the Nothing. I lost him in the Swamps of Sadness. His name was Atreyu!**

Thunder crashed and the temple rumbled again and Atreyu grabbed a blade of stone.

Linka: That does it!

Atreyu: If we're about to die anyway I'd rather die fighting!

Marie K.L.: We'll show you our true power!

Linka: This is the end for you Gmork!

Atreyu: That's right! Come for me Gmork! I AM ATREYU!

When Gmork heard that name and discovered who he was, his target was right there in front of him. He roared and went at them in a bloodthirsty pounce! Linka fired a blast of lightning and Marie summoned Marianas and the dragon fired a blast of fire that incinerated Gmork in an instant.

Marianas: That takes care of that monster.

Marie K.L.: Lets go. We have to stop the Nothing.

Linka: Right.

Suddenly the Auryn Necklace appeared around Linka and Marie's necks.

Marie K.L.: The Auryn.

Linka: It's amazing.

Suddenly the Nothing vanished completely. The calling of the Empress New Name was only half of the cure. Killing Gmork was the finisher.

The world of Fantasia was officially saved from total destruction.

Later they went to the Ivory Tower. They saw it and it was a breathtaking marvel to behold.

Marie K.L.: The Ivory Tower. What a sight.

Linka: It sure is.

Atreyu was riding Falkor and he regained the Auryn Necklace.

They went into the Home of The Empress and they stood before her.

Childlike Empress: Atreyu, Marie, Linka. Thank you all for saving all of Fantasia. I am forever in your debt.

Marie K.L.: No problem. We had to help or the world would've been destroyed and there would be no hope and dreams for anyone.

Linka: That's right.

Later they went home and everyone cheered wildly for them.

Jared: You guys were awesome.

Marie K.L.: Thanks Jared.

Linka: We saved all of Fantasia from total destruction.

Jared: You sure did. We have time for one more adventure.

Lucy: I would like to do the next one.

Jared: Okay. I have just the scenario for you Lucy.

Lucy: Okay.

---

The Simulator activated and Lucy found herself in the movie Blade.

Lucy: Gasp! I'm in the movie Blade.

She saw the fight with Blade and all kinds of evil vampires.

Lucy: Time for the Angel of Darkness to strike.

Lucy unsheathed her sword and spread her black wings, her red demon eyes were revealed and her fangs were out.

Lucy went down and slashed some of the vampires apart and they disintegrated into ash.

Blade came out and helped Lucy.

Frost: Hey Blade!

They saw Frost and he had eyes red like blood and he was armed with a samurai sword.

Frost: Lets do this.

Lucy: Let me face him Blade. I know what I'm doing.

Lucy charged and they clashed in a powerful sword fight. Sparks were flying with each clash of their swords and it was a battle between Dark Angel VS Evil God. The whole place was set on fire and explosions blew apart the walls and lit most of the building on fire. The sunlight was blasting in and it hit Frost and was burning him.

Frost got out of the light and Lucy got the drop on him and grabbed his arms and stripped him of his godly powers and she made them her own.

Blade then came and threw some auto-injectors filled with Ethylenediaminetetraacetic acid or EDTA and they pumped him full of it.

Blade: Some (Censored) are always trying to ice skate uphill.

Blade took the last auto-injector and flicked it into the air and kicked it and it went into Frost's forehead.

Lucy: Go to Hell and stay there!

Frost swelled up like a balloon and he exploded into a mess of blood, guts and gore.

KABOOM!

CONTROL ROOM

Jared: EEEEEWWW!

Linka: Serves that evil vampire right.

Lola ran to a trash can and hurled.

SIMULATOR

Lucy: That's the end of that vampire.

Blade: Not bad for a vampire girl.

Lucy: My name is Lucy Loud. I was made a Daywalker like you Blade. I have the thirst for blood and immunity to Silver, Garlic and Sunlight like you. But I know how to control the thirst.

Blade: How did you become a Daywalker Lucy?

Lucy: Me and my family had an incident happen a while back. I was bitten by my sister Lana's Vampire Bat and it made me into a Vampire.

Blade: That's unusual. I thought being bitten by a vampire bat and turning into a vampire from them was just a myth.

Lucy: I was thinking the same thing.

Later Lucy came back and we cheered for her.

Laney: Great job Lucy. You were amazing.

Linka: You sure were.

Lucy: Thanks guys. The Dark Angel won against the Evil God.

Jared: You sure did. (Watch Beeps) Time for our next activity: Singing Songs.

Linka: That's always fun.

Laney: It sure is.

Eddy: I love listening to our singing.

Lola: We sure do.

Girl Jordan: This is gonna be awesome.

In Luna's room They were getting their instruments ready.

Jared: Okay guys. Our first song is one of my grandpa's favorites. It's George Alexander's El Dorado. It was made in 1966 for the John Wayne movie El Dorado.

Linka: That sounds like a cool one.

Lola: This is gonna be cool.

Jared: Ready guys?

The Song played and Jared was playing a 12-string guitar.

Jared: (Singing Divinely)

Through sunshine and shadow, from darkness till noon

Over mountains that reach from the sky to the moon.

A man with a dream that will never let go

Keeps searching to find El Dorado.

So ride, boldly ride, to the end of the rainbow.

Ride, boldly ride, till you find El Dorado.

The wind becomes bitter, the sky turns to gray.

His body grows weary, he can't find his way.

But he'll never turn back though he's lost in the snow…

For he has to find El Dorado.

So ride, boldly ride, to the end of the rainbow.

Ride, boldly ride, till you find El Dorado.

My daddy once told me what a man ought to be.

There's much more to life than the things we can see.

And the godliest mortal you ever will know

Is the one with the dream of El Dorado.

So ride, boldly ride, to the end of the rainbow.

Ride, boldly ride, till you find El Dorado.

An illusion formed and it turned the room into the beauty of Monument Valley in Utah.

The song ended and they all cheered.

Lola: That was awesome Jared!

Laney: I love Monument Valley. It's so pretty.

Lisa: Affirmative Laney. Monument Valley in Utah has some of the most amazing geological rock formations in the American West.

Jared: It sure does. Utah is known for having some of the most amazing rock formations in the country.

Ember: It sure does. How come we never went there on our global trip?

Sam came in and she was not feeling good.

Sam: Hey guys.

Jared: Hey Sam. I'm sorry you couldn't go with everyone to Aunt Ruth.

Sam: I know Jared. I'm sick with the stomach flu. I heard you guys playing music and that song was awesome.

Lola: Thanks Sam. I'm sorry you got sick. That stinks.

Sam: Me too Lola.

Linka: Want to hear another song?

Sam: I would like that.

Jared: We're gonna be playing Rugged Roads by Pete "Wyoming" Bender. It's one of my favorite songs from the American Southwest.

Sam: That sounds cool.

Jared: Here we go.

They start playing on Native American drums and flutes and instuments and the room changed into the Grand Canyon in Arizona.

Sam: The Grand Canyon. It's so beautiful.

The Grand Canyon is the largest canyon in North America and the 3rd Largest Canyon in the world. It's 10 Miles wide, 277 miles long and 6,093 feet deep. It took 18 million years to form the Grand Canyon and is one of the 7 Natural Wonders of the World and is a very popular tourist attraction in Arizona.

When the song stopped Sam applauded.

Sam: That was awesome guys!

Jared: Thanks Sam.

Ember: Glad you liked it. I can see that you're starting to feel better because of it.

Sam: I am. (Stomach growls) Uh oh!

Jared grabbed a nearby trash can and Sam threw up in it.

Jared: That is one nasty stomach bug. Lola can you go get Sam a glass of water?

Lola: You got it Jared.

Lola raced to the kitchen and came back with a glass of water.

Sam: Thanks Lola.

Sam drank the water.

Lola: You're welcome Sam.

Jared: We have time for one more song. Laney how about you sing the next one?

Laney: Sure. I know just the one. It's called It's A Beautiful Day by Sarah Brightman.

Jared: Good Choice.

They started playing and the room changed into an alien planet with a beautiful view of planets in the sky.

Laney: (Singing Divinely)

un bel giorno…

un bel giorno per morire.

Un bel di, vedremo

levarsi un fil di fumo

dall'estremo confin del mare.

E poi la nave appare.

With every new day

Your promises fade away

It's a fine day to see

Though the last day for me

It's a beautiful day

Un bel di, vedremo

levarsi un fil di fumo

dall'estremo confin del mare.

E poi la nave appare.

With every new day

Your promises fade away

It's a fine day to see

Though the last day for me

It's a beautiful day

It's the last day for me

It's a beautiful day

It's the last day for me

It's a beautiful day

---

Miles away at Aunt Ruth's house we heard Laney's divine and magnificent voice.

Me: Is that Laney?

Varie: It sure is. I didn't know she could sing very well.

Aylene: She's a great singer.

Vince: She sure is Aylene. I wonder how Carol is doing.

Cody: I'm sure she's doing okay.

Hercules: Me too.

Zoe: Same here.

Lincoln: That is awesome! I didn't know Laney is a good singer.

Lori: It literally is a great talent Lincoln. You have a great singing talent too.

Luna: She's right dude.

Lincoln: It's an amazing talent. Our family has lots of hidden talents all across the board.

Jessie K: That's right.

---

When the song was done we all cheered wildly.

Jared: Laney that was awesome!

Lola: I didn't know you you could sing so good Laney.

Laney: It's a hidden talent.

Lucy: It's a great talent.

Girl Jordan: It sure is. (Stomach Growls) Getting hungry.

Jared: It was lunch time anyway guys.

---

In the Kitchen Jared was going over what would be good for lunch.

Lily: Okay Jared, J.D. gave us Pizza, Varie gave us Spaghetti, Vince made us Burgers, Jayme made us Boullabaisse and Natilee gave us Steak & Eggs.

Carol: Way to keep track Lily.

Rita II: Poo-poo.

Jared: Lets see here. How about Chicken Cacciatore?

Laney: Ooh that's one of my favorite meals.

Everyone agreed.

Jared: Chicken Cacciatore it is.

Jared when to the chicken and whipped up the meal and it was a big pot of it.

Jared: Here you are guys. Fruit salad and Vegetables for me because I eat only fruits and vegetables and drink only water.

Lola: You have an interesting diet Jared.

Jared: Lets dig in everyone.

They ate it all.

---

1 hour later all the dishes were licked clean and they were patting their bellies in satisfaction.

Linka: Boy that was (Belches) delicious. Excuse me.

Laney: (Belch) Excuse me. It sure was.

Carol: It was really delicious.

Lucy: Burp. It was fantastic. If I had a heart it would be swelling right now.

Lola: It was really good. Thanks Jared.

Jared: You're welcome guys.

Sam: I can't have any because of my Stomach bug.

Luan: It's not fun but it's one thing you can get pasta. (Laughs to Rimshot) Get it?

We all laugh.

Jared: (Laughs) That was funny.

Eddy: (Laughs) Good one Luan.

Sam: That was funny.

Jared: We'll make a pot of this for when everyone gets back from Aunt Ruth.

Linka: Perfect.

---

Later at 3:00 they saw us pull up in Vanzilla 2.0.

Jared: They're back.

We came in with bored expressions on our faces and we saw the table with bowls of Chicken Cacciatore on it.

Jared: Hey guys. Welcome home.

Me: Chicken Cacciatore my favorite.

Lori: This will literally wash the taste of 60-year-old pudding out of my mouth.

Luna: Mine too.

Jared: Well dig in guys.

Me: How did it go son?

Jared: It was awesome dad. We did all sorts of great stuff.

Lola: We did adventures in the simulator.

Laney: Sang songs and had lunch.

Lana: That is cool!

Jared did a great job.

The next babysitting adventure is gonna be awesome.

THE END.

Another Fanfiction Complete.

I wanted to do a chapter with Jared babysitting for a while. I used to watch The Neverending Story back when I was a kid. It was my first ever movie that I watched when I was a kid. It was made 34 years ago and it was awesome. Blade was an awesome Vampire Movie. Wesley Snipes did a great job in the Blade movies. Xena: Warrior Princess was awesome. Lucy Lawless and Renee Russo did a great job in that show. Let me know what you all think.

See you all next time.

# Wrath of The Evil Supercomputer

It starts in Royal Woods Elementary Gym.

Jen: Hey, guys. Just want to let you know that there are some new students coming in today.

Eddy: Really?

Me: That's cool.

Jen: Apparently, they're from France.

Double D: I believe we went to France on our vacation.

Ed: I can't wait to meet those new students, guys!

Varie: We were there on our Global trip.

Jen: I know. Everyone please give a warm Royal York welcome for Jeremie Belpois, Aelita Schaefer, Odd Della Robbia, Ulrich Stern, Yumi Ishiyama and William Dunbar.

We cheered.

Me: (In my head) I've seen them before but I can't remember. But I'll have to ask. (Out loud) Welcome to America.

Jeremie: Thank you J.D. It's an honor to be here.

Aelita: Same here.

Ulrich: It's gonna be cool being here.

Odd: It sure is.

Yumi: It's a pleasure to be here.

William: Same here.

Lincoln: It's gonna be so cool having you all here.

Aelita: Thanks Lincoln.

---

At Lunch we were getting acquainted with the 6 newbies.

Me: So Jeremie if I may ask, don't take this the wrong way but I've seen all of you before from somewhere. I sensed a huge disturbance in the Force while we were in France on our Global Trip. What was happening?

Jeremie: Well J.D. you see we are known as the Lyoko Warriors.

Yumi: Our job is to protect the world from the terror of a malevolent sentient supercomputer called X.A.N.A.

Me and Lisa gasped.

Me: X.A.N.A.!? That program developed by the military in the 1990's that was created to destroy enemy communications!?

Jeremie: That's correct J.D.

Lisa: It was part of a top secret project for the French Government called Project Carthage.

Aelita: That's right Lisa. X.A.N.A. was designed for that purpose. But our job is not just protecting all of France from X.A.N.A.

Ulrich: We also protect the world of Lyoko from its evil wrath.

Me: This computer must've developed its own conciousness and became an evil sentient supercomputer.

Jeremie: That's correct J.D. X.A.N.A. rebeled against its creator Franz Hopper and it trapped him and his daughter Aelita in the virtual world of Lyoko. Luckily Franz shut it down to prevent it from wreaking havoc on the world. X.A.N.A. has the power to go anywhere throughout the electrical networks of the world and can cause all kinds of chaos. It can even possess living things and can manipulate objects, electrokinesis, super strength, speed, and endurance. We thought we destroyed X.A.N.A. for good but it keeps coming back and gets stronger than ever.

Lucy: Gasp! Sounds like this evil computer has caused a lot of problems for you all.

Yumi: It sure did Lucy. I like your goth girl look.

Lucy: Thank you Yumi. I was born from the darkness where most people have adopted it.

Yumi: That's true.

Lynn: I can tell you love sports as much as I do Odd.

Odd: Thanks Lynn. Sports are my life.

Me: Let me see here.

I pull out my laptop and show a slideshow of all the times the Lyoko Warriors defeated X.A.N.A. and saved France and Lyoko from its wrath.

Me: Boy you all have been busy over the course of 3 years.

Jeremie: We sure were.

Suddenly I sensed a huge disturbance in the Force.

Me: Uh oh! I sense a huge disturbance in the Force.

Lincoln: I feel it too.

Varie: Same here.

Vince: Something is going on.

Screaming was heard outside and we saw a girl fire purple lightning at a couple of kids and fired energy blasts at them.

Me: Whoa! This must be X.A.N.A.'s work.

Jeremie: That's right J.D.

Aelita: Is that Sissy!?

Ulrich: How did she get here?

Me: I don't know. But we have to stop her. Come on!

We go outside to face her.

Me: Hey X.A.N.A.! You have absolutely no shame picking on little kids.

X.A.N.A.: **You all will die!**

Me: You first you monster!

I go Super Angel 4.

Kouen - Crimson Flames from Naruto OST plays.

Me: This is my fight guys. You all evacuate the school. I have a feeling that this is gonna be rough.

Vince: You got it partner.

Cody: Take down that cybernetic freak!

Me: With pleasure.

I dash and punch X.A.N.A. in the face and it got up and fired purple lightning at me and I fired lightning and our blasts collided and a power struggle began. Our power in our lightning was equal. The lightning blast exploded and sparks landed all over the area and set most of the ground on fire. People were running for their lives as the fight was getting intense. I stomp the ground and rocks lifted and X.A.N.A. went flying into the air when a rock pillar catapulted it and I went at it and punched it in the stomach with devastating force.

KRABLAM!

X.A.N.A. backed away and fired an energy ball and I did the same and our blasts collided and exploded with incredible power.

KRABBBBBOOOOOOOOOOOOOOOOOOOMMMMMMMMMMM!

The mushroom cloud could be seen all the way from the highest building in Royal York. Luckily Lincoln had everything protected in a powerful force field.

Me: X.A.N.A. You will pay for everything you've done to this planet and you will pay for trying to kill so many innocent people! I will never forgive you for any of your crimes!

Me and X.A.N.A. went at eachother in a brutal and ferocious fistfight and the shockwaves from each punch and kick were incredibly powerful. We were exchanging blows at a rapid, powerful and savage rate. The fight was so savage and explosive that it was unbelievable. We landed on the ground and went at eachother again and I kicked X.A.N.A. in the stomach and punched it in the mouth. We then clasped hands and our auras flared up. The ground was shaking extremely violently as our power was clashing. Pebbles and rocks lifted up off the ground. I punch X.A.N.A. again and we went at eachother again and it was much more savage than ever. The fight was getting so rough and powerful that it was unbelievable.

Lincoln: Whoa! J.D. and X.A.N.A. are both equally matched!

Laney: Unbelievable! How can they both have that much power?

Lori: This is literally getting intense!

Carol: It sure is.

Jared: This is intense guys. Nicole is there a way to seal X.A.N.A. in its entirety away for good into the Book of Vile Darkness?

Nicole: Yes there is bro. But it will take time to prepare.

Natilee: You'd better do it sis.

Nicole: Okay.

Nicole pulled out the Book of Vile Darkness and began chanting an incantation.

The fight was getting more and more savage and brutal as time went on. The Lyoko Warriors then suddenly appeared and were helping me fight X.A.N.A.

Nicole: (Chanting an Incantation) **Genosumica Nextrofina Kylmyko Lextiago Morstiga Protexa Volenen Mortus…**

The fight was relentless. X.A.N.A. was not gonna stop until we were all dead and the world would be destroyed. But we weren't gonna stop either.

Nicole: (Continues Chanting) **Kektorma Netrygna Jordista Lirusnor!**

A beam of black energy fired from the book and it hit X.A.N.A. and a ghostly figure exited Sissy's body and a violent earthquake was felt as a network of evil wires and computers erupted out of the ground and converged on our area and we saw the symbol of X.A.N.A.

The Book of Vile Darkness began to suck in X.A.N.A. In the world of Lyoko a vortex appeared and X.A.N.A.'s monsters were being sucked into the Book of Vile Darkness.

X.A.N.A.: (ENRAGED SCREAMING) **NOOOO! THIS CAN'T BE HAPPENING! YOU MEDDLING LYOKO WARRIORS HAVE RUINED EVERYTHING FOR ME! I WILL BE BACK AND YOU WILL PAY DEARLY FOR THIS! *I SWEAR IT!***

Nicole: Not this time you won't you technological abomination! Go back to Hell and stay there!

The Book sucked in X.A.N.A. and it let out one final scream as it disappeared into the book. Never to terrorize the world again.

The Book of Vile Darkness had all of X.A.N.A.'s info inside it and what it revealed was absolutely horrifying. It did all kinds of terrible deeds over the course of 28 years and its crimes were so horrible that it makes even Orochimaru, Obito Uchiha and Madara Uchiha look like saints and tame kittens compared to it.

Nicole: Whoa! X.A.N.A. is the ultimate evil. It has done so many crimes that it goes beyond that of pure evil.

Naruto: It's good that it's over sis.

Nicole: You said it bro. Another victory for Team Cosmic Dragon.

Vince: That was awesome though Nicole.

Carol: It sure was.

Everyone cheered wildly for us and we saved the world from the evil technological abomination known as X.A.N.A. and never again will it terrorize the world or the world of Lyoko. Later we got back to our daily routines and chatted with the Lyoko Warriors. Sissy went back home to France. Lori liked William, Luna liked Ulrich and Luan liked Aelita. Lisa liked Jeremie because of his computer and science skills.

Jeremie: Thanks for helping us stop X.A.N.A. for good J.D.

Me: My pleasure Jeremie. But I can't take all the credit. You all helped me.

Yumi: You are a true friend J.D. and everything we heard about you in France is true. You are a true force for good.

Me: Thanks Yumi. I get that all the time.

Zoe: He sure does. But Yumi how would you like to learn dark magic with me, Brittney, Lucy and Shannon?

Yumi: I would love that Zoe.

Me: This is gonna be great having you all here Jeremie.

Jeremie: It sure is.

THE END.

NicoChan11 gave me the idea for the Code Lyoko chapter. I've been wanting to do a Code Lyoko Chapter for a while but I didn't know how to set it up. Thanks for the idea. Credit goes to you. I watched Code Lyoko 10 years ago. It was a strange and interesting show. I can't believe that a Supercomputer program that was designed for the French Military to disrupt enemy communications like that would become a malevolent monster bent on wanting to destroy the world. That is awful and strange. But let me know what you all think.

See you all next time.

# The Sly Loud's Part 1

Brittney, Lucy, Laney, Lana and Sakura were in the Simulator.

Me: Good luck in there girls.

Brittney: Thanks dad.

Lucy: This is gonna be really interesting.

Vince: Have fun in there girls.

Laney: We will Vince.

Lana: This is gonna be awesome.

Naruto: I'm sure it will.

They went into the Simulator.

---

The Simulator activated and they found themselves in the world of Sly Cooper. But they were changed as a result.

Laney: Paris, France. Cool!

Brittney: It feels like yesterday since we were here. (Notices that she changed) Hey. I look different.

Brittney formed a mirror made of water and she saw that she was an Anthropomorphic Crow.

Brittney: Hey. I'm an anthropomorphic Crow. My favorite bird.

Lucy: Gasp! I'm an Anthropomorphic Bat. Wicked.

Laney: I'm an Anthropomorphic Squirrel. I look really cute with a squirrel tail.

Lana: I'm an Anthropomorphic Fox. I look cool.

Sakura: I'm an Anthropomorphic Leopard. I look awesome.

Brittney: I guess in this world everyone is an anthropomorphic animal.

Lana: That is cool!

Brittney: It sure is.

Then a shadowy figure appeared and went passed them. It was the famous thief anti-hero Sly Cooper.

Brittney: Sly Cooper. Awesome.

Lucy: Wicked.

Sly saw them.

Sly: Well I'm glad I have some fans.

Brittney: You're one of my heroes Sly. I love your thieving skills and how you steal from the bad guys.

Lana: Yeah.

Sly: I'm honored. How would you like to help us?

Brittney: We would be honored Sly. By the way. I'm Brittney Knudson.

Lucy: I'm Lucy Loud and these are my little sisters Laney and Lana.

Laney: Pleasure to meet you.

Lana: Sup.

Sakura: And I'm Sakura Haruno.

Sly: Pleasure to meet you all. Lets go.

They snuck into the Paris Interpol office of Inspector Carmelita

Montoya Fox and stole a police file.

Brittney: (Whispering) What's the file for?

Sly: You'll find out later.

Lana: This is gonna be interesting.

They got out and they were confronted by Inspector Carmelita Montoya Fox.

Inspector Fox: Hold it right there!

Sly: Well. Inspector Fox. You're looking as lovely as ever.

Inspector Fox: Not as lovely as you'll be once you are behind bars Cooper. And I don't believe that I've met your friends.

Brittney: We're brand new Inspector. I'm Brittney Knudson.

Lucy: I'm Lucy Loud and these are my little sisters Laney and Lana.

Lana: Pleasure.

Laney: Charmed.

Sakura: And I'm Sakura Haruno.

Inspector Fox: Pleasure to meet you. Now you are going to jail Sly.

Brittney: Then come and get us!

They dodged all of Carmelita's blasts of electricity from her shock pistol and they went into the Cooper Van.

They hightailed it back to the Cooper Hideout: An abandoned Train Caboose car.

Sly: This is the Cooper Hideout girls.

Brittney: It's nice.

Sly: I would like you to meet my best friends and partners. Bentley and Murray.

Bentley is an anthropomorphic Box Turtle and Murray is an anthropomorphic Hippopottamus.

Bentley: Pleasure to meet you all.

Murray: Same here.

Brittney: Pleasure to meet you all too.

They introduced themselves.

Brittney: So Sly what is the importance behind the file you stole?

Sly: Well my story is an interesting one. You see this file holds the key to avenging my family and reclaiming my family's most valued treasure.

Laney: What happened?

Sly: It all began when I was just a kid bouncing on my fathers knee. You see I come from a long line of Master Thieves who kept all their secrets of sneaking and stealing in an ancient book: The Thievius Raccoonus.

Lana: Wow. That book sounds very important to you.

Sly: It is. Anyone that read it learned it learned to be especially sneaky which is why we specialize in stealing from criminals.

Laney: So you're considered anti-heroes in a sense.

Sly: That's right. After all there's no honor, no challenge, no fun stealing from ordinary people. You rip off a master criminal you know you're a master thief.

Brittney: That's awesome. I'm a bit of an anti-hero myself. It's how I got my title "The Empress of Darkness" because I'm one with the darkness and I sneak around in the shadow of the night catching criminals and beating them up and delivering them to the cops.

Sly: That's an interesting story. But here is where it gets rough. On the night I was supposed to inherit the book, 5 visitors came unannounced at our door. My father fought to protect us but the gang of villains known as the Fiendish 5 overpowered him and ransacked our house until they found the Thievius Raccoonus! Our family's manual of thieving greatness fell into their filthy hands. They tore the book into 5 pieces and split it up. Each villain disappearing to the farthest corners of the world to commit dastardly crimes.

They gasp in sheer horror.

Brittney: Sly that's awful.

Laney: I'm so sorry Sly.

Lucy: Me too.

Lana: Same here.

Sakura: That's horrible. They ruined your life.

Sly: Yeah. Broke and alone I was dumped at the town orphanage. There I met 2 guys who became my lifelong buddies and trusted crew. Bentley, technogenius and strategist supreme and Murray, part time driver and full time burden. Together we pledged to track down the Fiendish 5, avenge my father and steal back the Thievius Raccoonus. This is gonna be the toughest test of my life. I will either become a master thief like my ancestors before me or fail and allow my family name to bite the dust.

Brittney: And we will gladly help you Sly. From this day on we are gonna be called Team Thievius Raccoonus and our mission is to help Sly reclaim his birthright and legacy.

All: Yeah.

Brittney: Lets do it.

The journey of Team Thievius Raccoonus had begun.

Part 2: TIDE OF TERROR

---

Team Thievius Raccoonus was on their way to Wales.

Bentley made some modifications to the Cooper Van and made it bigger for them all to fit in.

Brittney: So our first member of the Fiendish 5 is in Wales.

Bentley: That's right Brittney.

Sly: Our first member of the Fiendish 5 is Sir Raleigh the Frog.

Brittney: He looks like a man that belongs in the lap of luxury.

Lana: That's for sure.

Sly: Yes.

Raleigh's background revealed that as a young man, he was a hot-tempered frog that grew bored of his life of luxury and privilege. On a whim he tried his hand at Piracy and found it to his liking. He quickly became addicted to crime and was brought into the Fiendish 5 as their Chief Machinist and mechanic. He is stationed in the soggy coast of the Isle of Wrath in the middle of the Perilous Welsh Triangle.

Brittney: Then that's where we're headed. Watch out Raleigh. We're coming for you.

They arrived in the Isle of Wrath and it was raining alot.

Brittney: It sure is raining.

Lucy: It sure is.

Brittney: I also have a strong feeling that there are pages from the Thievius Raccoonus here all over the island.

Sly: I have a feeling you're right Brittney. Lets go.

Laney: Lets also keep our eyes peeled for them. There are bound to be in safes here.

Lana: I have a feeling you're right sis.

Sakura: Lets follow Sly.

They followed Sly and found a Safe. Laney cracked it and found a page just as she surmised.

Laney: Just as I thought.

Lana: Good work sis.

Sly: Lets go.

Sly left a calling card in the safe. It was his family emblem.

They got to the bas and it was a fancy yacht and above it was a blimp that was causing the storm clouds.

Brittney: So that's how Raleigh is doing it. He has a weather control machine in that blimp up there that's making the storm clouds which causes ships that come near the island to crash onto the rocks so he can loot and plunder them for treasure.

Sakura: Very clever.

Lana: Yeah.

Sly: Lets search the yacht and find more pages and go after Raleigh.

Brittney: Right.

They searched every part of the yacht and pounded all of Raleigh's henchmen and found more pages. Then they went into the Blimp and faced Raleigh himself.

Raleigh: Oh how delightful. We have guests. The only thing is… I HATE UNEXPECTED GUESTS!

Lana: You're not gonna like us Raleigh. You're gonna pay for killing Sly's father and taking part of what is rightfully his!

Raleigh: Oh I'm so sorry. How sloppy of me to not finish the job. Obviously we should've snuffed you out as well. So without further ado let me make amends by what… BLOATING TO GARGANTUAN SIZE AND SQUASHING YOU LIKE THE INSIGNIFICANT BUGS THAT ARE!

Lana: I don't think so.

Lana spread her ice wings and punched Raleigh in the face and won easily.

Raleigh: BLAST IT ALL! How could I loose to a little wretched girl!? Well gloat all you want Cooper Gang, but you're no match for Muggshot, my villainous cohort in Utah. You'll see. Mesa City is so well guarded a snake couldn't slither in without setting off alarms!

Brittney: We shall see about that.

Raleigh's section of the Thievius Raccoonus was an entry from Sly's Japanese ancestor Rioichi Cooper who lived in 17th Century Feudal Japan. His moves were the Ninja Spire Jump and the Leaping Dragon. The Yacht was beamed to our dimension where it became another house on the lake we have in our mansion. Inspector Fox arrived after they left and arrested Raleigh. He was sentenced to life with a minimum of 50 years for his crimes and was ordered to pay £80,000,000 in restitution. With the storm machine out of commission boats found themselves on the water again and the mystery of the Welsh Triangle faded from memory.

Team Thievius Raccoonus spent a few days in Great Britain and did some sightseeing and returned back to Paris for the next heist.

Brittney: Well guys. One down 4 to go. I have a feeling that Muggshot is gonna be tough.

Sly: Me too Brittney.

# The Sly Loud's Part 3

## Part 3: SUNSET SNAKE EYES

---

Team Thievius Raccoonus was on their way to the fictitious city of Mesa City, Utah.

The trip gave them the time to study up on Muggshot - An Anthropomorphic American Bulldog and the ruthless muscle of the Fiendish 5.

What he lacked in brains he made up for it in brawn.

But he wasn't always this way. His background revealed that he grew up as the Runt of The Litter and the Neighborhood Weakling. He was bullied and picked on constantly. The only friends he could turn to were on the big screens in the movie theaters. It was there that he saw his first gangster and he knew instantly that that's what he wanted to be. He spent the rest of his youth working out. Fueled by his dreams of great power and respect. With enough blood, sweat and tears, his dream became a reality. He pulverized the bullies faces in and became a hard boiled, street brawling, tough-as-nails gangster with a taste for guns and a desire to never be picked on or pushed around again.

Muggshot turned Mesa City into a gambling casino. Utah is one of the 3 states where gambling is illegal. Tennessee, Hawaii and Utah are the three states where Gambling is outlawed.

Brittney: So Muggshot is doing an illegal Gambling operation. Well it's time to shut it down for good.

Sly: You'll get no argument from me.

Laney: Muggshot is going down.

Lana: Lets get him.

They searched the whole place and found more pages of the Thievius Raccoonus. They destroyed and defeated all the guards and took all the gold and more. Lana won all the money in the casino and won $111 Billion.

Lana: Not bad for a 6-year-old girl huh?

She sealed the money into a scroll and continued on.

They beat all the guards and went up to Muggshots Room. The Reason Inspector Fox didn't show up was because Brittney found a hidden microphone on Sly's backpack recording everything and where they will go and she crushed it.

Brittney: Never again Inspector Fox.

In Muggshot's room they saw Muggshot.

Muggshot: What!? My boys have been yapping about some big mysterious dudes running around cracking skulls and winning all my money and, and this is it? You're all the monkey wrench in my operation? Some scrawny rat with a stick and five girls. Wait a second. I've seen that stick before.

Sly: Maybe when my father knocked your block off with it.

Muggshot: Your father? Wow. You're a Cooper? You know, that Thingus Raccamagoucus had a lot of nice pictures but way too many big words.

Brittney: Shame you couldn't read all of them you pea brain behemoth.

Muggshot: Why you little!? You break into my place, steal my stuff, trash the joint, win all my money I feel transgressed and violated. Lets Rock!

Sakura: I'll take care of this guys.

Laney: Show no mercy Sakura.

Sakura: With pleasure.

Sakura dashed and punched Muggshot in the face with a powerful punch that incapacitated him in an instant.

Muggshot: Dis is impossible! A little girl like you beating a big strong bruiser like me? It ain't right! You want all of that stupid picture book? You're gonna have to go down to Haiti and cross paths with Mz. Ruby. And then believe me you don't want to be me.

Brittney: Three words Muggshot: Bring. It. On.

After they beat Muggshot they broke into his safe and found a page of the Thievius Raccoonus that belonged to Sly's Old West ancestor Tennessee Kid Cooper. His specialty was the Rail Walk and the Rail Slide. Moves perfected during a lifetime of theft in the Old West. They got out just in time as Inspector Fox and Interpol arrived and that was the end of Muggshot's Gambling Empire and Mesa City's citizens soon returned home.

They spent a few days in America and returned to Paris for their next mission.

# The Sly Loud's Part 4

Part 4: VICIOUS VOODOO

Team Thievius Raccoonus was heading to Haiti.

There lived the infamous Voodoo Priestess Mz. Ruby. An Anthropomorphic Alligator.

Her background revealed that she was born into a family of mystics and other children found her to be really scary. She taught herself how to summon the undead and this gave her a few friends. In her adulthood she turned to a life of crime and set out to punish the world for fearing her as a child and she was brought into the Fiendish 5 as Chief Mystic. Her powers allow her to break the laws of man and nature at the same time.

Brittney: So Mz. Ruby will no doubt know we're coming after her.

Lucy: I'll be facing her when the time comes.

Sakura: We're gonna be ready for her.

Laney: This is gonna be interesting.

Lana: It sure is.

They arrived in Haiti and they saw a major Zombie Production factory. It was a sight that defiles graves at an unprecidented level. It was a sight that enraged Lucy.

Lucy: You guys go on and get everything around here. I'll face Mz. Ruby. Sly you come with me too.

Sly: You got it Lucy. Lets go.

They went into Mz. Ruby's skull home and they faced her.

Mz. Ruby: Mmm. I could feel that Cooper vibe coming. Most distastefully bad juju.

Sly: Yeah well you give me the creeps too lady. Cooking up an army of ghosts isn't a very neighborly pastime.

Lucy: People like you give Voodoo users everywhere a bad name Ruby.

Mz. Ruby: (Laughs) Oh Sly and Lucy. I see your mouths moving but all I hear blah, blah, blah. Well if jaws need to flap, then let them flap. See you in the next world Sly Cooper and Lucy Loud.

Lucy: Bring it on.

Lucy and Sly went over pounded her all over the place and Lucy grabbed her and sucked all her magic out and made it her own.

Mz. Ruby: You've all got some rhythm Raccoon and Bat. But it won't help you none if you're fixing to go after the Panda King. He's tough with a capital "T". If you go poking around his stronghold in China. You're likely to get poked back.

Sly: Yeah well if he's anything like the rest of you I think we'll manage.

Lucy: Never again Ruby. Your days of messing with the dead are over.

* * *

Later everyone regrouped. They found more pages of the Thievius Raccoonus and gold and Sly found a section of the Thievius Raccoonus that belonged to Sly's pioneering ancestor from Ancient Egypt Slytunkhamen Cooper. His invisibility technique allowed him to steal from corrupt pharaohs and greedy noblemen. They left just as Inspector Fox arrived right on schedule. The production of Zombies which was made illegal in the World Peace Accord of 1971 earned Mz. Ruby a Life Sentence behind bars. They enjoyed a couple of days in the tropical sunshine and later returned to Paris for the next mission.

Part 5: FIRE IN THE SKY

---

Team Thievius Racoonus was on their way to China.

They were learning about the Panda King.

An Anthropomorphic Panda Bear.

His background was a sad one. He was born penniless in the Kunlun Mountains of China. But he was really fascinated by the fireworks rich noblemen set off every New Years. He spent 10 years learning the art. But when he tried to offer his fireworks to the noblemen they couldn't couldn't see past his shaggy clothes and chased him away. Humiliated because of the arrogance and greed of the noblemen, he took revenge on everyone that shunned him by using the very tools of his art for crime. Causing a huge amount of death and destruction. The Fiendish 5 recruited him as their demolitions expert and from then on, his explosive touch became feared around the world.

Brittney: Whoa! That's awful what the Panda King experienced.

Laney: Yeah. Those stupid noblemen ingrates ruined his life.

Lana: They sure did. I love fireworks but those idiots caused him to become this.

Lucy: Maybe we can help him.

Sly: I have a feeling I know what you're gonna do girls. I wish you all luck.

Sakura: Thanks Sly.

They arrived in China and saw that the Panda King had built a massive explosives factory and his plans were to provide nearby towns and villages Avalanche Protection Insurance and if they refused he will send avalanches down and destroy the villages. They ransacked the factory and recovered more pages of the Thievius Raccoonus and even the cover for the Thievius Raccoonus. Then it was time to face The Panda King.

Panda King: I see you carry the cane of the notorious Cooper Thief Clan. Have you come here for revenge? To steal back the Thievius Raccoonus?

Sly: That was my plan at first. But now I'm interested in putting an end to your avalanche extortion racket.

Panda King: Why should you care if I bury a few worthless villages in snow? You are a thief just like me.

Sly: No that's only half right. I am a thief from a long line of master thieves. While you, you're just a frustrated Firework Artist turned Homicidal Pyromaniac.

Laney: Sly. Let me talk to him.

Laney walked up to the Panda King.

Laney: Panda King I love your fireworks. They're beautiful. I think that your talent was overlooked because of those greedy narcissistic dirtbags that are noblemen. They wouldn't know good art even if it kicked them into the Sun. Like you I too am an artist and I paint pictures of beautiful scenes.

Laney touched the ground and a plant grew and formed a background where the fireworks exploded and created dazzling displays of beauty and skill and then he began to realize that he had been using his art for such diabolical purposes. He then renounced his criminal ways immediately.

Panda King: Thank you brave Laney for helping me realize what a fool I was in using my talents in fireworks for the wrong purpose.

Laney: You're welcome.

The Panda King redeemed himself. They then got the Panda King's section of the Thievius Raccoonus that belonged to Sly Cooper's technologically minded German Ancestor from World War I - Otto Van Cooper. Not known for his physical dexterity, Otto relied on vehicles like planes and cars to help him in his thieving endeavors. Armed with his designs they made new modifications to the Cooper Van.

The Panda King was now a member of the Cooper Gang and of Team Thievius Raccoonus. Now they had to go after the final member of The Fiendish 5 and his hideout is in the fictitious Krakarov Volcano in Russia.

Panda King taught Laney his Flame Fu and she quickly became a 9th Degree Black Belt in the art.

Continues in Part 6

# The Sly Loud's Finale

Finale: THE COLD HEART OF HATE

---

As Team Thievius Raccoonus was on their way to the fictitious Krakarov Volcano on the Kamchatka Peninsula in Russia, Brittney began to notice something rather peculiar on the pages that were recovered.

Brittney: This is really weird. In these pictures it shows a giant Shadowy Owl silhouetted against the Night Sky.

Bentley: Hmm. Now that you mention it those images look very identical to the final member of the Fiendish 5.

Sly: It sure does.

Sakura: Who is the Final Member we're going after?

Sly: His name is Clockwerk.

Clockwerk is a Eurasian Eagle Owl.

Something just didn't add up with how Clockwerk was there in those pictures.

They arrived at the Krakarov Volcano and the door was closed. Brittney manned the machine gun turret and blasted the door open and they went in. The volcano was a really volatile place.

They then saw Robo-Falcons coming at them.

Lana: Robo-falcons coming fast!

Brittney: I got them!

Brittney fired the turret and shot them down and Lana used her super speed and grabbed them and they would be perfect for modifying the defense systems of our dimension.

Suddenly they saw the tower fire a super powerful laser at some rocks and they blew off the hill.

Bentley: That's a super powerful Death Ray!

Laney: Whoa!

Lucy: Gasp! That is powerful!

Sakura: This is incredible.

Lana used her speed and beamed it to our dimension.

Brittney: All right we're gonna fly over the heart of the volcano and take the fight to Clockwerk.

Lana: Sly and Panda King can use the jet packs I made.

Panda King: Perfect.

Sly: Great job Lana.

Brittney: All right. Lets go!

They flew over the lava lake and then they saw CLOCKWERK HIMSELF! He was a giant mechanical Eurasian Eagle Owl and the level of hate and evil he had was unbelievable.

Brittney: Whoa!

Clockwerk: **Sly Cooper. You have destroyed my lair and my death ray. Remarkable. You Cooper's always find a way to beat me!**

Sly: Always!? So that was you in the background of all those old pictures in the Thievius Raccoonus! How old are you?

Clockwerk: **Perfection has no age.**

Laney: Are you immortal?

Clockwerk: **Revenge is the prime ingredient in the Fountain of Youth. I've kept myself alive for hundreds of years with a steady diet of jealousy and hate, awaiting the day when I would eclipse your family's thieving reputation.**

They were shocked.

Laney: This guy is a monster!

Brittney: This guy is no bird. He is Pure Evil!

Panda King: I can blast holes in his armor for us to attack him.

Sly: Lets go!

Panda King fired his fireworks and it blasted his left wing and they fired blasts into it. They hit several spots and Clockwerk fell into the lava.

Laney: That did it.

Lana: Yeah!

But Clockwerk flew out of the Lava and he was still active.

Sakura: It only slowed him down.

Brittney: What does it take to kill this monster!?

Sly: I don't get it. You're so familiar with my family - You must have known my father had a son. If you hated the Cooper's so much, why did you let me live when you stole the Thievius Raccoonus?

Clockwerk: **Because I wanted to show the world that without your precious book, the Cooper Line is nothing.**

Brittney: Well it didn't work out well didn't it?

Lana: Letting Sly live was a huge mistake and now we're gonna make you pay for your crimes!

Sly: That's right. But there's where you're wrong Clockwerk. The Thievius Raccoonus doesn't create great thieves… it takes great thieves to create the Thievius Raccoonus!

Clockwerk: **Enough Sly Cooper! It ends here! I'll finish you like I finished your father. Then the Cooper line will be erased and the only master thief will be Clockwerk!**

Brittney: Over my dead body you will!

They fought viciously against Clockwerk. It was a brutal and explosive fight. But Clockwerk was putting up a tremendous fight. They beat Clockwerk and he was vulnerable and all that was left was to destroy his head. Sly delivered the final blow to his head and the debris from Clockwerk was everywhere. They defeated the Fiendish 5. They reclaimed Sly's birthright.

Brittney: We did it guys. Mission accomplished.

They cheered wildly.

Sly: Brittney. Thank you all for helping me reclaim my family book, my heritage and my birthright.

Brittney: No problem Sly. We worked together and helped you avenge your family.

Bentley: It was awesome.

Laney: It sure was.

Sakura: Yeah.

Sly: Well I guess you all have to get back to your dimension.

Brittney: Yep. But we won't be far away from you all.

Brittney snapped her fingers and the Earth of Sly's world merged with ours in our dimension and it was now part of our world.

Brittney: We are actually humans.

Bentley: It's awesome.

Murray: It sure is.

---

Later Brittney, Lucy, Laney, Lana and Sakura went home to Michigan. The Cooper Gang headquarters was now Raleigh's Yacht and it was perfect for them. It was the beginning of new adventures for the Cooper Gang.

THE END.

# Revenge of The Trix

It starts with me, my mom and dad at the governor's office.

Me: I understand the full responsibility sir.

Governor: I'm sure you do. You are hereby approved for the Harem Bill.

Me: Thank you sir. But I don't think of it as a Harem sir. I think of it as a Big family.

Governor: Good call. That's perfect.

---

Back at my house I made my announcement.

Me: I was recently approved for a special bill to get a harem or as I call it a big family like my brother Naruto.

Lori: That is literally amazing J.D.

Leni: Totes.

Me: Yeah. But there's a catch. I have to share my wives with everyone in my family.

Naruto: That's like the Leaf's Clan Restoration Act.

Sakura: It sure is.

Varie: Yeah.

Me: Yes. But I made it extremely clear that I would choose who wants to be part of my big family and I would not have them be part in a loveless marriage. I also want to get to know them more before I make it official.

Naruto: That's good bro. I can teach you how to do it.

Me: Thanks bro. But that won't be necessary. I've learned a lot from Varie and this is gonna be a good thing for me.

Lynn: This is gonna be cool.

Lucy: It sure is. If Dracula can have 3 brides then why not you?

Me: I'm not a vampire but thanks Lucy.

---

Later at high school, Me Varie and the older siblings were in class.

Mrs. Harrington: All right class may I have your attention? Now we have a new student joining us today so please give a warm Royal York High welcome for Rachel.

A girl with long blonde hair in a ponytail with magenta eyes, pink tank top and a purple skirt and red high heel shoes came in. Her earrings were music notes.

Rachel: Pleasure to meet you all.

Me: Welcome to Royal York Rachel.

Rachel: Thank you. I moved here from New York City.

Me: I love New York. Beautiful buildings and scenery.

Rachel: Yeah.

Mrs. Harrington: How about you take the seat between Varie and Lori?

Rachel: Okay.

We got class over with.

---

At Lunch we were chatting with Rachel.

Lori: So can you tell us a little about yourself Rachel?

Rachel: Sure Lori. I like music and having fun on my guitar.

Luna: That's rockin. I'm a rock and roll player myself.

Rachel: That's cool Luna.

Me: Rachel I can tell you are from somewhere else. I don't mean to make you uncomfortable but I just know.

Rachel: You're right J.D. I'm not actually from Earth. I was born on the planet Melody.

Me: Planet Melody?

Rachel: Yeah. Planet Melody is a planet located in the Harmonic Nebula. We are known for our music and it's considered a paradise planet.

Me: Wow.

Luna: Sounds like my kind of planet.

Sam: Me too luvbird.

Varie: We are no strangers to different planets across the galaxy. We've been to many planets across the universe on our adventures. It's all amazing.

Rachel: I believe it. I've heard so many stories about all of your adventures all over the world and the Galaxy. But I have something else to tell you. I am the daughter of the princess of Melody Musa.

Me: Musa of the Winx Club? That's awesome.

Rachel: Yes. It is. I love my mother and my family.

Then I sensed a disturbance in the force.

Me: Uh oh! I sense a disturbance in the Force.

Varie: What is it?

Me: It's evil and it's coming this way. Better call in the rest of the force.

I pull out a special device in the shape of a K and press a button. In Royal York Elementary and Middle School and at home, Vince, Aylene, Cody, Hercules and Zoe, Yuko, Janeen, my children, Lincoln and the rest of the siblings got the signal and flew to the high school.

Lincoln: We got your call J.D. What's up?

Me: Trouble. It's coming this way. I can sense it.

Lincoln: I feel it too.

Suddenly an explosion of lightning blasted a hole into the roof and 3 figures came in and it was the Trix - Icy, Darcy and Stormy.

Rachel: The Trix!

Me: I've heard about these heartless monsters. They are the most ruthless delinquent witches ever to terrorize the realm of Magix.

Icy: That's right J.D. and now we will destroy you and steal your powers.

Me: You can't kill me that easily Icy.

I go Super Angel 4.

Rachel: Wow! So this is your Super Angel 4 transformation.

Me: That's right Rachel. In this form my power is enhanced 1 million fold.

Varie: You want to get to him Trix, you'll have to go through us!

Varie went Super Angel 3.

Vince: Yeah!

Vince went Super Angel 3.

Rachel: Let me help you. Rachel of Melody! Fairy of Music!

Rachel became a Dimenix.

Me: Your form is really cool Rachel.

Rachel: (giggles) Thanks.

?: You Trix just will never learn will you?

Stormy: It's those meddling Winx.

The Winx Club came in.

Me: The Winx Club! Awesome.

Bloom: It's a pleasure to meet you J.D. We've heard so much about all of you.

Layla: When we heard that the Trix were causing trouble we came as soon as we could.

Me: We appreciate it. Lets tear these monsters apart. It's time they paid for their crimes against the Universe.

Everyone spread their wings and we went at the Trix and a huge and savage fight began. Massive fire explosions blew apart the area outside and set much of the land on fire. We were hitting the Trix with everything we got and they were putting up a really powerful fight. But it was starting to become too much for them.

In the end the Trix were knocked down and were on their last legs.

Me: Never again Trix. You've terrorized the universe for far too long and now it ends.

I held out an energy blast to them.

Me: Go to Hell and stay there!

I fired an energy blast and obliterated them completely. Killing them instantly.

Me: That takes care of them.

Rachel: You were all awesome!

Me: We get that alot.

Flora: Those Trix were monsters that needed to be destroyed for good.

Roxy: You said it Flora.

Techa: Never again will they terrorize the realms.

Stella: That's right.

* * *

Later I took Rachel on a date to get to know her. Turns out she has an amazing history and she idolized me as her source of inspiration. She helped keep New York safe before moving to Royal York. She is an amazing girl. I explained my new ordinence that was placed on me and she accepted. I now had 2 wives coming.

THE END.

# Darkar's Revenge

It starts at home as we were preparing for another week of Homeschool. I just finished my test.

Me: Done.

Rachel: So you guys have homeschooling?

Me: Yeah. It was because of me that I gave the idea for the Loud's. School Shootings were plaguing our country and we couldn't risk it anymore. We only go to school when it's needed though.

Rachel: Good thinking.

Varie: Yeah.

Suddenly I felt a disturbance.

Me: I sense a disturbance in the Force.

Lincoln: What is it J.D.?

Me: I don't know. But it's not good.

Bloom then came in.

Bloom: J.D. we got big problems!

Me: What's wrong Bloom?

Bloom: Alfea is under attack.

Me: We better go too! Lets go!

---

We then arrived in the magical dimension of Alfea and it was under attack by an old enemy that I defeated 3 years ago: Lord Darkar!

Me: That's impossible! I thought I killed him.

Bloom: You did J.D. but somehow he's back and he wants revenge.

Rachel: I heard you killed him J.D. When was this?

Me: It was 3 years ago when I was 12. I didn't have my Super Angel powers back then but he was the most formidable adversary I've ever faced. He was the first ever monster I killed.

Lori: So this monster was literally your first kill?

Luna: That's awful dude.

Leni: Totes.

Laney: How are we gonna destroy this monster again?

Me: Lets go.

---

We flew and confronted him.

Me: DARKAR!

Darkar saw us.

Lord Darkar: **Just the little man I wanted to see. J.D. Knudson. You're gonna pay for killing me!**

Me: I thought I was rid of you forever Darkar. You got what you deserved for terrorizing the Universe!

Lord Darkar: **I will kill you for sending me to Hell. You ruined my reign of terror.**

Me: You had it coming for a long time Darkar. I'm glad I killed you and I show no remorse in doing so and I will gladly do so again. This time I'm sending you back to Hell! And not even your precious Trix can save you this time.

Darkar was shocked.

Lord Darkar: **You killed my Trix?**

Lola: They got what they deserved you monster!

Lana: They're dead now thanks to us. We stripped them of their powers and sent them off to the Netherworld forever.

Laney: Just like you will be.

Lucy: Your crimes are completely unforgivable.

Lord Darkar became enraged and he became a Shadow Phoenix.

Lord Darkar: **You will die a thousand deaths for everything you've done to me J.D.!**

Me: You first Darkar! Just for the record I'm not the same J.D. Knudson you fought 3 years ago. I've gotten far more powerful than when we fought last time.

Lord Darkar: **How so?**

I go Super Angel 4 and Lord Darkar was enraged.

Me: This is so.

Lord Darkar: **No matter ho…**

I kicked him in the head without warning and fired an energy blast and blew off his right wing. The Winx Club, Rachel, Vince, Aylene, Varie, Cody, Hercules & Zoe, My Children, Janeen, Yuko, Naruto and the girls, and the Loud Siblings were helping out and tearing Darkar apart. Darkar was on his last legs and he was back in his knight form.

Lord Darkar: **This isn't fair! WHY CAN'T I WIN!? WHY!? WHY!? I AM THE MOST POWERFUL RULER IN THE UNIVERSE!**

Me: Because you don't care about anyone other than yourself. People like you deserve to be forever damned.

Vince: That's right. You're a monster and you will never be worthy of the power you have and you will always be a worthless waste of a life.

Varie: That's right.

Aylene: You brought all this on yourself Darkar and you lost.

Cody: People like you will never be welcome in all of God's Creation.

Zoe: That's right.

Me: This is the end of the road for you Darkar. Go back to Hell and stay there.

I fired an energy blast and obliterated him in an instant. His wicked spirit then appeared.

Nicole: Now you are cursed to my book. (Pulls out the Book of Vile Darkness and chants an incantation) Aldruon Enlenthranel Vosolen Lirus-nor!

The Book of Vile Darkness sucked in Darkar and sealed him into it for all eternity.

Me: Darkar will never terrorize my life ever again or terrorize anyone elses.

Allie: That's right dad.

Jared: I'm sorry dad. I didn't know he was your first kill.

Nicole: Me neither.

Me: Yeah.

Natilee: Well Darkar is now gone forever.

?: But you forgot me.

We turned as saw another Bloom but she was dark and evil and we gasped.

Lori: Is that another Bloom?

Bloom: So this is the monster that I became when Darkar poisoned my mind with evil.

Flora: I had no idea Bloom.

Stella: This monster is bad.

Nicole: Let me face her guys.

Me: Go get her Nicole.

Nicole: With pleasure.

Nicole went Super Angel 3 and she dashed and Dark Bloom got punched in the face and kicked in the stomach.

Dark Bloom fired a blast of fire and Nicole fired a dragon made of stars and cosmic energy and it overpowered her and obliterated her.

Nicole powered down.

Nicole: That didn't last very long.

Me: No it didn't. But it's now official guys. We've now seen the last of Darkar the Shadow Phoenix.

Naruto: That's right bro.

Rachel: Yep. The Trix and Darkar will never terrorize our Universe again.

Lincoln: That's right.

Lilly: I hate people like that.

Zoe: Me too.

Rita II: Poo poo.

Stella: That's right.

Musa: Lets have a concert to celebrate our victory.

Everyone: YEAH!

---

Back on Earth we had a victory concert and it was awesome. The songs we sang were amazing. Everyone from all over Royal York was there and it was awesome.

THE END.

---

Another Fanfiction complete.

I've been wanting to do a chapter with Darkar for a while. I've forgotten about him until me and Rachel did roleplaying. Thanks for that. Let me know what you all think.

See you next time.

# Sand VS Fire

It starts as we were watching TV, reading books and playing board games.

Lola: So far things have been very quiet haven't they?

Penny M: They sure have Lola.

Rachel: Yeah. No word on any activity yet.

Vince: Yep.

Lana: How's your heart doing?

Penny M: It's doing good Lana. I now feel amazing.

Lisa: I'm happy for you Penny.

Me: Glad my heart I gave you works like a charm Penny.

Leslie: We're so happy for you Penny.

Penny M: Thanks guys. Leslie how were you like before you became this uh?

Leslie: How we became Agony?

Penny M: Yeah.

Leslie: We weren't always Agony. I was a normal girl but I had a very dark past. My father was a raging alcoholic and he would beat me on a regular basis. He hated me and how I was the apple in my moms eyes.

Penny M: That's awful Leslie.

Leslie: I know. But that's not the worst part.

WARNING: This flashback is very dark. Read at your own risk.

Flashback starts.

Leslie: (Narrating) My father raped me several times, beat me up, cause bad injuries to me and he did the most terrible thing to me. (Crying) He killed my mother right in front of me! And he sold me to the Life Foundation for more beer!

Flashback ends.

Leslie was crying hard and Varie was comforting her.

Varie: I'm so sorry Leslie.

Sam: I know just how you feel. My parents were the most dangerous serial killer couple in the country and they did all that to me. They were about to sell me to someone but I ran away before that could happen.

Naruto: Boy you've had it worse than me Leslie.

Sakura: Your father is a monster. No offense Naruto.

Naruto: None taken Sakura.

Me: That stupid man.

Alexis: I can't believe that man. He should be locked up in the darkest prison cell imaginable. Leslie I promise we'll get justice for you.

Leslie: Thank you Alexis.

Suddenly without warning a blue fireball bursted through the window and hit Alexis and she was in a tornado of blue fire.

Laney: Another Elemental Choosing.

Zoe: It sure is.

The Blue Fire Tornado had snowflakes in it along with icicles.

I touched the tornado and my hand had frost on it.

Me: It's Cold Fire.

Linka: It sure is. That's cold stuff.

The tornado vanished and Alexis had Sky Blue Angel Wings and blue clothes.

Alexis: What happened?

Me: You were in a tornado of Cold fire and you were given wings and powers.

Alexis: Let me see here.

Alexis held out her hand and she fired a blue fireball and the wall froze with ice.

Alexis: This is awesome!

Me: It sure is. Let me see here.

I pull out my book and look it up. I made an unusual discovery.

Me: Here it is. Alexis you've been given your powers by the Cold Fireball of Skaði the goddess of the hunt, skiing and winter in Norse Myth. Once every 250 years she sends a fireball made of blue cold fire that bestows her powers of all of winter to a worthy soul who has an overwhelming sense of love and justice for those that are closest to her.

Alexis: That's amazing. I have a lot to learn now that I have ice powers.

Rachel: This is gonna be so cool for you Alexis. No pun intended.

Lana: I'll teach you everything I know about how to use your powers Alexis. I got my powers because of the Snowflake of Khione, the goddess of Snow in Greek Myth.

Alexis: Thanks Lana.

The TV show was interrupted by a breaking news report.

News Reporter: We interrupt this program to bring you this breaking news report. We are live in Downtown Royal York where Flint Markus the Sandman is facing a high school kid with incredible fire powers as well as a man that looks like he's made of pure clay.

We saw that the kid had blonde and red hair and his fire powers were incredible and he had a red shirt and beige pants.

Me: (Gasp) That's Francis Stone AKA Hotstreak! And that's former actor Matt Hagen AKA Clayface!

Lincoln: You know Francis J.D.?

Me: Yeah. It was 9 years ago. He was a hot-headed bully and I was his favorite target. Francis and I would get into these huge fights as part of a daily fighting session after school and he was a powerful fighter, but it gave me a good workout. When I was 10 he moved away to Dakota City and I heard rumors flying around that Dakota City became a town full of Metahumans somehow. He may have been a bully but he respected me. Matt Hagen is an actor and they called him the Man of a Million Faces. His face was horribly disfigured after he got into a terrible car accident and he recovered in the burn unit. But he was the test subject for corrupt industrialist businessman Roland Daggett for a new face cream compound called Renuyu. It's what gave him his moniker the man of a Million Faces. He was impersonating men for Daggett but he greatly resented that and he quickly became addicted to the Renuyu. Daggett's henchmen poured the entire vat of the compound onto him to try and kill him. But it only mutated him and turned him into Clayface. He has shape-shifting powers and can form clay weapons from his arms like spike hammers and swords and more. He can also turn into anyone he wants.

Lincoln: That's really strange.

Lori: It sure is.

Leni: Totes.

Lola: It sounds like these guys have it out for Flint somehow.

Me: Yeah. We better help him. Lola, Leslie, Eddy, Luan, Lynn, Lincoln you all come with me.

Lola: We're on it.

Luan: Lets burn this guy up! (Laughs to Rimshot) Get it?

We all laugh.

Me: (Laughs) That was funny.

Leslie: We get it.

Me: Lets go.

Leslie became Agony.

---

We flew and swung to the city and we saw the fight.

Sandman fired a sand blast at Hotstreak and buried him. But Hotstreak exploded out.

Hotstreak: You're no hero Sandman. You're a villain like me!

Sandman: I was never like you Hotstreak. (hits Clayface with sand hammers) No one messes with my friends!

Clayface (blocks with clay hammers): Being a hero's made you soft, Marko. Paul and Ock taught you better then that. You gotta help yourself! (hits Sandman with clay hammers)

Sandman (turns hand into sand mace): That's not who I am anymore!

Me: And he never will be again!

I fired a blast of fire at Clayface and hardened him and shatter him into a million pieces.

Flint: Thanks J.D.

Me: No Problem Flint.

I look at Hotstreak.

Me: Hello Francis, it's been a while.

Hotstreak: J.D. Knudson. How nice to see my favorite sparring partner again.

Me: You've been doing really well and the fire powers are a good touch for you.

Hotstreak: Thanks. I heard you've been doing all kinds of good things around the world these past 10 years.

Me: That's right. How did you get these powers though?

Hotstreak: I was exposed to some kind of gas that exploded everywhere in Dakota City and I got these powers as a result. These barrels had the biohazard sign on it.

Me: You were exposed to an Experimental Biohazardous Mutagenic Compound and it mutated you and gave you fire powers.

Hotstreak: That's right J.D. Several others in Dakota City were exposed too and they got powers as well.

Me: Chemical accidents are one of the most prominent causes of people getting superpowers.

Hotstreak: That's true. Lets have a spar.

Me: Just like old times. Right?

Hotstreak: You know it.

We went at eachother and punched and kicked and did all kinds of fighting moves. I beat Francis like I did all those times all those years ago.

Hotstreak: You've gotten stronger and much better than I remember J.D.

Me: So have you Francis. You've gotten stronger too. But now it's time to pull out all the stops. Lola?

Lola: Lets get it on Hot boy!

Lola spread her wings and had fire in her hands.

Hotstreak: The little beauty girl has fire powers too. Lets burn.

Lola and Francis fired streams of fire at eachother and the blasts collided and then Lola's fire overtook his and sent him crashing into a trash can.

Alexis: Lets cool this monster down.

Agony: We agree.

Agony wrapped Francis in purple webbing from head to toe and Alexis fired a ball of Cold Fire and froze him completely in a block of ice.

Alexis: Now that's what I call getting the Cold Shoulder. (Rimshot)

Luan: (Laughs) That was a good one Alexis.

Alexis: Thanks Luan.

Eddy arrived.

Eddy: (Laughs) That was a good one. Great fight guys.

Lola: Thanks Eddy.

Luan: Are you all right Eddy?

Eddy: I sure am my Queen of Comedy. I had a run in with Clayface earlier.

Flashback :

Eddy was listening and dancing to Come and Get Your Love by Redbone on the street until he ran into a man.

Eddy (turns his music off): Can I help you?

Man: I'm looking for Flint Marko. Have you seen him?

Eddy: Sorry. I haven't seen him around. Can you come back later?

The man then turned into Clayface, frightening Eddy.

Clayface: Actually, I prefer it if you got him to come over here. Now.

Flashback Ends.

Eddy: I had no choice.

Luan: I'm glad you're all right Eddy.

Me: Same here man. Lets get Clayface and Hotstreak here to the proper authorities.

Clayface was scooped up and placed into a big bag and arrested. Hotstreak was loaded into a police car.

At home we celebrated our victory with a burrito party.

THE END.

# The Pit of Immortality

It starts with Me, Laney, Varie, Lincoln and Rachel watching TV in the Living Room.

Me: It sure is quiet. Our parents are out and won't be back until next week.

Lincoln: That's right.

?: It's rather lonely without your family isn't it?

Me: Who said that?

?: Over here.

We saw two figures in the shadows. One threw a knife at me and I caught it with my fingers.

Ra's: You must forgive Ubu J.D. he is well trained. Allow me to introduce myself. I am he who is called Ra's Al Ghul.

Me: The Demon's Head. I've heard a lot about you, but I thought you were just a legend.

Ra's: I am quite real.

Me: I heard that you lived for over 700 years because of the legendary Lazarus Pits that are scattered across the world.

Ra's: That is correct.

Lincoln: That's amazing. You've found a source of immortality.

Rachel: He sure did Lincoln.

Laney: That's unbelievable.

Ra's: Yes but it's only temporary. (Coughs violently)

Varie: Are you all right?

Ra's: Keep your distance. I am merely old.

Me: I know. It's the age of time catching up to you. You've lived for 700 years and that makes you the longest living man ever known in the history of the world. I'm immortal and invincible myself and there's no doubt in my mind that I will surpass you in the next 1,000 years.

Ra's: I have no doubt about that. But that's not the reason why we're here. Do you recognize this?

Ra's handed me a dagger with a strange blade.

Me: It's a Khanjali Dagger. It's primarily used by mercenaries in Calcutta, India. And we were there on a global vacation 2 months ago.

Ra's: That's right. My daughter speaks so highly of you and the reason why I came here is to offer her hand to you in marriage.

Me: This is all very sudden Ra's and I take it you've heard of my ordinence that I was placed under.

Ra's: Yes. I have. And I understand your circumstances before you decide and I will accept them.

Me: Thank you Ra's.

Ra's: My daughter was kidnapped by the mercenaries.

Me: You called the right people Ra's. We'll gladly help you.

Lincoln: You can count on us.

Ra's: Right. To India then.

Rachel: Lets do it.

---

We went to India and found the mercenaries.

Me: Let Talia go you buttfaces!

I kicked the men in the faces and knocked them out.

We found Talia tied up and gagged.

Me: Talia.

I cut the ropes and removed the bandana on her mouth.

Me: Are you all right?

Talia: I am now thanks to you. (Sees a man come up behind me) Look out J.D.!

I pull out a gun and shoot him in the head and killed him.

Me: No more.

Lincoln: Nice shot J.D.

Rachel: You've got good aim J.D.

Me: Thanks.

Ra's: Well done J.D.

Talia: Father.

They hugged.

Ra's: Glad you're safe my daughter. But J.D. we're not done yet. The Detective and his ward are over in the Himalayas in Nepal.

Me: Batman & Robin?

Ra's: Yes.

Lincoln: We'd better help them.

Rachel: We should.

Varie: Our next stop is Nepal.

Laney: Then that's where we're going.

We went to Nepal.

---

We arrived at a cave in the Himalayan Mountains in Nepal and we saw Robin tied to a chair and Batman was fighting mercenaries.

Me: Oh no!

We assisted Batman and fought the mercenaries.

Batman: Thanks for helping me J.D.

Me: You're welcome Bruce.

Clapping was heard and we saw Ra's come out and he had a Jackel Head mask on.

Me: This was all a test wasn't it?

Ra's took the head off.

Ra's: You guessed correctly J.D. And Detective you are as true as you say you are.

Batman: I had a feeling it was a test to.

The Mercenaries were actually working for Ra's and they left.

Talia came out and she was beautiful.

Me: You look amazing Talia.

Talia: Thank you J.D.

Ra's then suddenly was coughing violently again and his breathing was bad.

Varie: Oh man!

Talia: Father!

Batman checked his pulse.

Batman: Pulse is bad.

Me: The decay of time has caught up to him.

Talia: We must take him to the Lazarus Pit.

We then go into a huge cave room and it had a huge pool full of a bubbling aqua green liquid.

Me: The Lazarus Pit. It's hard to imagine that these are here. These pits were named after Lazarus, the man who Jesus Christ our lord and savior resurrected through the power of God and is also his best friend.

Lincoln: This is incredible!

Laney: It sure is. I had no idea these pits even existed.

Rachel: Me neither.

Ubu: Nobody but us and Master Ra's know about their existence.

Robin knew what they were gonna do.

Robin: You want us to put him in that!? You're crazy!

Talia: No! I know it is difficult to believe but the pit has kept him alive. What has kept him alive for 600 years.

Me: It's true Dick. I've read a lot about the Lazarus Pits and they have powerful revitalizing chemicals that can bring the dead back to life. Ra's lived for 700 years because of it.

Batman: We have no choice. He stopped breathing.

We lowered Ra's down into the pit and he was submerged into the liquid.

Robin: We've killed him.

Talia: No. All is well.

Then a vortex of the liquid appeared and Ra's was lifted out onto the ledge fully restored, stronger and young and totally revitalized!

Me: Unbelievable. The Legend is all true!

Laney: It sure is.

Rachel: It's incredible.

Ra's then started laughing like a homicidal madman.

Laney: Why is he laughing like that?

Ra's then picked up Talia and was going to throw her into the pit.

Ubu: We must stop him. The chemicals can revive the dying but will kill a healthy person!

Me: I believe it.

I form a whip of lightning and grabbed his arms and Talia went flying into the air. I spread my wings and catch her.

Me: Are you all right Talia?

Talia: Yes J.D. thanks to you. Let me help him.

Talia walked up to Ra's and slapped him and he returned to his senses.

Ra's: Thank you daughter. And thank you J.D. for saving my daughters life.

Me: You're welcome Ra's. You look incredible. The chemicals in the Lazarus Pit are everything I've read about.

Talia: Yes. It gives physical rejuvenation but the stress of the transformation leaves one temporarily insane.

Me: Whoa. That's a nasty side effect.

Ra's: Yes. But I have other plans later on.

I sensed what he was gonna do and the cave started collapsing.

Me: Lets get out of here!

We teleport and Talia was with us. We went to a hotel owned by Bruce when we heard the name of something called Orpheus. Bruce used a computer to look it up.

Batman: Orpheus from Greek Mythology. He descended into the Netherworld to bring his beloved back from the dead.

Me: I remember that. And me Lincoln and Linka were there and met him.

Batman: Yeah. But according to the database, it's also the name of a privately owned satellite launched into synchronous orbit over a year ago.

Robin: Coincidence?

Batman: Yeah. Right.

Laney: Who would use a satellite like that?

Talia: We don't know.

Robin: What's it orbiting over?

It showed that the satellite was orbiting over central Africa.

Batman: What else? A desert. The Sahara Desert and the coordinates must be the location for Ra's Al Ghuls Desert Stronghold.

Me: Looks like we're heading to Niger.

---

We arrived in the desert of Niger.

There was Ra's desert Stronghold.

We infiltrated it and went in but the men captured us and brought us before Ra's.

Me: Ra's what is it that you plan on doing?

Ra's: I'll show you.

Ubu: Batman's mask master?

Ra's: No leave it. It is a mark of honor.

Ra's pushed a button and a chamber opened and in it was a Lazarus Pit.

Ra's: The material of the pit is an unknown chemical stew that bubbles to the Earth's surface only in certain key places. (A bomb was being placed over the pit) Even now my people are placing bombs such as that one over the various Lazarus Pits around the world. These bombs are electronically linked to a private satellite already up in Earth orbit.

Batman: Orpheus.

Ra's: Precisely. And at the moment when Sun and Moon are in proper alignment to cause the greatest upheaval in Earth's Geomagnetic field, I shall send a signal to that satellite beginning a countdown. 5 minutes thereafter one bomb will be lowered deep into the heart of each pit. The satellite will in turn relay a microwave signal that will detonate all the bombs simultaneously. The multiple explosions will result in a global chain reaction. All the Lazarus Pits throughout the world will overflow. The globe will be saturated with their chemical solution. And when the resultant cataclysm has abated, there will come a blessed peace and this poor, defiled planet shall find itself restored to its former pristine glory.

Me: That's insane!

Batman: But that will cost countless lives!

Ra's: Actually detective, we have counted. 5,547,912,452. A most impressive plan would you not agree?

Me: That will result in 75% of the entire planets population being erased!

Laney: You're out of your mind!

Talia: I can't believe that this is what you're trying to do father.

Rachel: We won't let you do this Ra's!

---

Later they put us in a jail cell. I had a hidden lockpick in my mouth and picked my cuffs. I grabbed the guards, knocked them out and took the keys and got us out. As Ra's got the sequence ready I grabbed a guard and knocked him out and saw a storage room full of ammo. I take some grenades and pull a pin on one and threw it in. We ran and an explosion blew it apart.

KABOOM!

Missiles flew out and blew everything in the stronghold apart and set it on fire.

Ubu: Master!

Ra's saw us blow the satellite control board apart and we stopped his plans.

Ra's: Destroy them!

Ubu came and I kicked him in the face and knocked him out. Laney used her plant powers and tied up all of his men. Lincoln used lightning to knock them out.

Ra's: Perhaps it is time J.D. that you and I finally finish this!

Me: I have a feeling I know what you want Ra's. This will be a clash between two immortal beings. One thats lived for 700 years like you and one that's lived for 15.

Ra's: A very interesting battle.

We both unsheathed our swords.

Me: Lets dance.

We engaged in a powerful swordfight. Sparks were flying with our clash.

Talia was watching our fight and it was getting intense. Suddenly a rainbow curtain of the Aurora Borealis appeared out of nowhere and it was a magnificent sight to behold.

Lincoln: What's the Aurora doing down here in Niger?

Laney: I don't know but it's beautiful.

Rachel: It sure is.

Varie: It's just as beautiful as I remember.

* * *

Back in Michigan, Lisa, Nicole, Jessie B. and Beatrice are working on weather experiments in Lisa's Lab when the alarms went off.

They went to the computer.

Nicole: There's a weather disturbance in Africa. The Aurora Borealis has extended all the way down to southern Niger.

Lisa: That is rather very peculiar.

Beatrice: It certainly is.

Jessie B: What do you think is causing it?

Nicole: I don't know. But this is unusual. There's no evidence of solar flare activity that hit Earth over the last 24 to 72 hours. So this must be an Elemental Choosing.

Lisa: That could very well be. We've seen people get powers because of weather disturbances of different kinds.

Jessie B: Yeah. But who is it?

Nicole: We don't know Jessie. But we'll find out later.

---

Back in Niger the Aurora became a phoenix and flew down to Talia. When it hit her it enveloped her in a tornado of Aurora Light and phoenixes of rainbow light were flying around it.

Laney: We have an elemental choosing in progress!

Ra's saw what was happening as we clashed.

Ra's: What's happening to my daughter!?

Me: Something that gave all my friends their powers.

We resumed our clash.

When the tornado faded Talia had angel wings that had feathers glowing with rainbow light and the aurora borealis was shimmering in the feathers. Her sclera were glowing with rainbow curtains.

Talia: What happened?

Laney: You went through an elemental choosing Talia. It's how we got our powers in my family.

Lincoln: It's true.

Rachel: That's what really astounds me Lincoln.

Varie: It's a big deal.

Talia: I wonder what I can do.

Talia held out her hand and she fired a rainbow ray and it blew apart the wall of the Stronghold with incredible power.

KRABBBOOOM!

Laney: Whoa! What power!

Lincoln: That… Was… AWESOME!

Rachel: It sure was Lincoln.

Talia: I have light powers.

Lincoln: My sister Luan has Light Powers and I'm sure she would be happy to teach you how to use them.

Talia: Thanks Lincoln.

The clash between me and Ra's raged on and I was proving to be better than him and then he slipped and was holding on as his sword was embedded in the wall of the Lazarus Pit.

Ra's: Victory is yours J.D. Perhaps it is time I am finally one with the planet I so love.

Ra's let go of the sword and just as he was about to fall into the pit I used my powers and lifted him out.

Me: No Ra's. I'm not gonna let you die like this. I have a better place for you to enjoy the beauty of Earth.

* * *

At the Moon Supermax Prison I was talking to Ra's from outside his cell as he was looking out of his cell window and he was admiring the splendor of Earth from the Moon.

Me: I know it's not much Ra's. But the Earth looks beautiful from here doesn't it?

Ra's: It's certainly does J.D. I can't believe how beautiful it looks from here.

Me: Yeah. I know you know about the 1969 landing on the Moon with Apollo XI.

Ra's: Yes. It was a glorius sight to behold when I witnessed it.

Me: Yeah. But perhaps your time in here will give you a chance to reflect on everything you've done. I know your actions were trying to help the planet but using violence to do so is never the answer.

Ra's: You're right J.D. Living with Immortality has been a curse for me. I always witnessed my people dying around me while I would live.

Me: Immortality doesn't just give you eternal life, it's also a terrible curse. You will always live forever but you will always remain alone. It's an eternity where there's nothing but you and you only. I was given immortality and I know that I will live forever but there's one thing that I know that many people with it don't.

Ra's: And what is that?

Me: Even though everyone you knew died over the course of the centuries, they will always be with you in your heart and in spirit as long as you remember everything they've taught you and you'll never be apart from them. They'll always be with you no matter what.

Ra's began to realize that I was right and how he was blinded by his goals and emotions.

Ra's: Thank you J.D. I won't ever forget that.

Me: Good. But you now have true immortality. It will be with you forever. But it's never too late for you to redeem yourself. You can use your skills and genius to help people and share your experiences with everything you've learned and seen over the course of 700 years with people that don't know these things better than you do.

Ra's: That's true. Thank you J.D.

Me: I got to go now. Be safe.

Ra's: Will do.

I start to walk away.

Ra's: And J.D. (I look at him) Take care of my daughter.

Me: I will Ra's. You have my word of honor.

I leave and Ra's went back to admiring the planet from his cell.

Back on Earth I went into the Living Room and Talia was with me and so was everyone. I was looking up how Talia got her powers in my book. I made an unusual discovery.

Me: Here it is. Talia was given her light powers by the Aurora Phoenix of Artemis, the Goddess of Light in Greek Myth. Once every 700 years, Artemis creates an Aurora Borealis over an isolated area and anyone that has a righteous love for the planet they love but never to harm it will be chosen. They are given rainbow angel wings, cosmic light powers, the ability to talk to birds, animals and the fish in the sea and even breathe underwater and in space.

Talia: This is amazing. I had no idea such powers were even possible.

Lisa: We noticed the Aurora over Niger and it was part of the elemental choosing.

Nicole: That's right.

Rachel: This is all really interesting.

Varie: That's incredible.

Luan: I got my light powers when I separated from my dark self that was causing all those April Fools Rampages. I was given light powers by the Sun Goddess in Celtic Myth, Sulis.

Talia: That's amazing Luan.

Me: Yeah. You might say that it's all an Enlightening experience. (Rimshot)

We all laugh.

Rachel: (Laughs) That was funny!

Luan: (Laughs) Good one J.D.

Eddy: (Laughs) Funny.

Lynn Sr.: (Laughs) Good one.

Laney: That was funny. Talia I'm sorry about Ra's. I know he was trying to help the planet but it was for the wrong ideals.

Talia: Yes. I know Laney. I have a lot to learn now that I got powers like most of you.

Luan: I'd be happy to teach you Talia.

Talia: Thanks Luan.

Me: Yeah. But we've learned so much about Ra's and confirmed everything in the legends. The Lazarus Pits are real and they have amazing properties that can help people.

Lori: That is literally the most incredible thing we've ever heard.

Lisa: It is all interesting.

Leni: Totes.

Me: I agree. But the Lazarus Pits are much too dangerous for us to use. We have to make sure that they can never be used again.

Lisa: And we shall.

Later we had dinner and got ready for bed.

THE END.

Another Fanfiction Complete.

This came to me out of the blue when I finished my previous chapter. Ra's Al Ghul is one of my favorite villains in Batman and he was awesome. Ra's lived for 700 years and witnessed events all over history that no one can imagine. But everything about immortality is true. It's both a blessing and a curse. David Warner did a fantastic job voicing Ra's and many bad guys in animation. Let me know what you all think.

See you all next time.

# Gangreen Terror

Narrator: The City of Royal York, and it looks like it's gonna be a fun and peaceful day. Unless you run into THE GANGREEN GANG! The biggest bunch of belligerent bullies this city has ever seen!

They were the most delinquent enemies of the Powerpuff Girls.

Ace, Big Billy, Grubber, Little Artero and Snake were a bunch of bullies that hate everything and want nothing more than to see the world burn.

They came across some kids playing in the park and decided to kick some butt.

Me: Hold it right there greenskins!

They saw Me, Rachel, Luan, Eddy, Blossom, Bubbles and Buttercup ready to fight.

Me: The Gangreen Gang. You buttfaces just can't take a hint.

Blossom: That's right.

Luan: You guys give people everywhere a bad name. You're a bunch of people that turned Green Around the Gills! (Laughs) Get it? But seriously we're gonna kick your butts.

Me: (Laughs) That was a good one Luan.

Eddy: (Laughs) That was funny.

Bubbles: We've had it with you pussheads. Time for you 5 to die.

Buttercup: Yeah.

Rachel: Jail is too good for you guys. The Netherworld is much better.

Me: Yep. Lets get em!

We split them up and took them on.

---

BATTLE 1: J.D. VS ACE.

Ace tried to punch me but I dodged all his punches and kicked him in the face.

Me: How about you get some good music. Like Rock and roll.

I spin my Magisword Bracelet.

Announcer: BOULDER MAGISWORD!

I fired a boulder and it hit Ace in the face with incredible force and knocked out some of his teeth.

SMASH!

Me: This will Spice you up.

I spin my bracelet.

Announcer: CAYENNE PEPPER AND HOT OIL MAGISWORDS!

Me: Solo Combo: Capsaicin Extract Fury!

I fired a stream of pure Capsaicin Extract into Ace's mouth and it was a million times hotter than regular Capsaicin Extract. Ace then had a huge burst of fire explode out of his mouth as he was screaming like a little girl and running around like a chicken with its head cut off.

Me: Let me Cool you down.

I spin my bracelet.

Announcer: SNOWBALL MAGISWORD!

I fired a barrage of snowballs at him and he was frozen in a block of ice. It shattered and he was shivering.

Me: This one will definitely Sting you.

I spin my bracelet.

Announcer: BEEHIVE MAGISWORD!

I fired a stream of honey and a huge swarm of bees at Ace and the honey stuck to him and the bees stung him all over and covered him with ugly red bumps.

Me: How about this one to Lick you clean?

I spin my bracelet.

Announcer: TONGUE MAGISWORD!

The tongue splated him and licked him clean and covered him in slobber that smelled like rotten fish.

Ace: Ew!

Me: Didn't like that huh? This will not be a good fish for you.

I spin my bracelet.

Announcer: FISH HEAD MAGISWORD!

I bashed him in the head with it and it smashed his skull open.

KRABLAM!

Citizen 1: Ooh!

Citizen 2: That's not gonna feel good!

Me: Enjoy your time in the Netherworld, Ace.

I fired an energy blast and obliterated him.

Me: Tell the Devil I sent you.

All that was left was Ace's Glasses.

I pick them up.

Me: Never again Ace.

I crush the glasses with my bare hands.

---

Battle 2: LUAN VS SNAKE.

Snake was armed with a Jackal knife he stole.

Luan: Nice knife. It gives you a Cutting Edge! (Laughs) Get it?

Snake: (Hissing Laughter) I get it and that was-s-s terrible.

Luan: You wouldn't know good comedy if it hit you in the face and bit you in the butt.

Luan kicked the dagger out of his hand and bashed him in the head with a powerful punch.

BLAM!

Luan took the dagger and kept it.

Me: Enjoy the Netherworld Snake.

I fired an energy blast and obliterated him.

Me: So long Snake.

---

Battle 3: EDDY VS LITTLE ARTERO

Eddy had his bat wings spread and he kicked Artero into the air and punched him in the face and he crashed into a nearby trash can.

Me: Time to take out the Trash.

I fired an energy blast and Artero was vaporized in a fiery explosion.

KABOOM!

Me: Enjoy the torment in the Netherworld.

---

Battle 4: RACHEL VS GRUBBER.

Rachel: Rachel of Melody. Fairy of Music!

Rachel went Dimentix and she had a sword with a music note on it.

Grubber: (Raspberry)

Rachel: Didn't your mother ever teach you to say it and not spray it? No manners at all.

Rachel slashed off Grubber's tongue and I blasted him.

Me: Slobber all you like in the Netherworld.

---

Battle 5: POWERPUFF GIRLS VS BIG BILLY.

Blossom lifted Big Billy up and punched him toward Bubbles. Bubbles Kicked him into the air and Buttercup kicked him into the ground hard.

KRABLAM!

Me: Never again Gangreen filth!

I blasted Big Billy.

The spirits of the Gangreen Gang appeared.

Ace: We will come back and have our revenge!

Nicole appeared.

Nicole: I don't think so freaks. (Pulls out the Book of Vile Darkness and Chants an Incantation) Aldruon Enlenthranel Vosolen Lirus-nor!

Their spirits went into the book and the Gangreen Gang was gone for good.

Me: That takes care of them. Good work guys.

Luan: Thanks J.D. Those were good jokes by the way.

Me: Thanks Luan. It's some material I learned from you.

Rachel: It sure was funny.

Eddy: (Laughs) It was really funny.

Blossom: It sure was. The Gangreen Gang will never terrorize the kids of townsville ever again.

Me: No they won't.

Nicole: Good riddence.

We laughed hysterically.

Narrator: (Laughing) Oh you guys always crack me up. AND SO ONCE AGAIN THE DAY IS SAVED THANKS TO THE POWERPUFF GIRLS AND THE KNUDSON LOUD FAMILY!

THE END.

---

Another Fanfiction Complete.

I hate the Gangreen Gang but they got what was coming to them. I wanted to do add the Narrator of the Powerpuff Girls to the mix to add some excitement. I love those trademark lines he did at the end. Let me know what you all think.

See you all next time.

# Dakota City Metahuman Mayhem

It starts in the Living Room and we were watching TV, playing board games and card games and reading books. Lynn Sr. and Rita were off to somewhere.

Rita: We're off to the mall kids.

Leni: (Excited) The Mall? Let me check my schedule for the day. (Grabs Lori's phone and deletes stuff) Delete, delete, delete, delete. (Realizing something) Oh. This is your phone Lori.

Lori: Uch!

Rita: Sorry guys. But this trip is not for you. Charles ruined Lynn's tie collection and we have to get new ties for him.

Lynn Sr.: (Crying) I loved all those ties.

Me: Oh I'm sorry Mr. Lynn.

Varie: Yeah. I know how much those ties meant to you.

Vince: Me too Mr. Lynn.

Rachel: Those ties were very cool.

Aylene: They sure were but that Rabbit one was freaky.

Laney: You'll get no argument from me Aylene.

Rita: Well we're off kids. We'll see you all at 5:00

Me: Okay Ms. Rita. Have a good shopping spree.

They left for the mall.

Then there was a special report came on the news.

News Announcer: We interrupt our regularly scheduled program to bring you this special report.

News Reporter: Metahumans are running amok in Royal York Suburb town Dakota City. The city is in great peril.

Me: We'd better get over there and help out.

Lincoln: You know it J.D.

Me: Yeah. Lets head out!

---

We went to Dakota City and saw the city on fire and we saw several Metahumans destroying the city and causing mayhem.

Me: Whoa! This is insane. That experimental mutagen really created a bunch of Metahumans.

Linka: No kidding.

Lucy: It's unbelievable.

Alexis: It sure is.

Agony: We have to stop all this madness.

Me: I agree with both of you Agony. Lets go. Starburst Fighter Jet formation!

We went into the city and got into formation and we became a giant rainbow F18 Fighter Jet and we were moving at 1300 miles per hour and leaving a rainbow stream behind. We punched all the Metahumans out of the city and into a field next to a farm. We landed and they saw us.

Me: Kangor, Puff, Talon, Hotstreak, Ebon, Rubberband Man, Replay, Hyde, Tantrum, Aquamaria and Ferret.

Ebon: That's right. J.D. Knudson. We've heard so much about you man.

Me: I get that alot. You must be Ivan Evans AKA Ebon.

Ebon: That's right.

Me: That Experimental Mutagen did a number on you all and gave you unique powers.

Puff: That's right. It was less than a year ago. It was an event called the Big Bang.

Lola: The Big Bang?

Lori: I literally saw that in the newpapers. It was an event where all these barrels of a strange gas exploded and it created you guys.

Me: I saw that too Lori. It was weird but interesting.

Talon: It was. We got our powers and mutations as a result and normal people don't look at us as humans! We're monsters!

Me: No. You don't know how wrong you are about that Teresa. Many superheroes are looked at as different people but that didn't stop them from helping people.

Rubberband Man: He's right guys. Metahumans are not liked at first but they get accepted over time.

Carol: That's right guys. With great power comes a great responsibility.

Aquamaria: You're right Carol. But you probably don't recognize me. My name is Maria but I became Aquamaria because of the Big Bang.

Carol: (Gasp) Maria!

Maria and Carol hugged for the first time in a while.

Carol: I missed you my sister.

Aquamaria: I missed you too Carol.

Carol: These water powers are awesome for you.

Aquamaria: Thanks Carol but I can't be looked at as a normal human. Look at me. I'm pure water! I'm a freak!

Carol: Maria you know that I would never look at you any differently. You may have changed because of the Big Bang but you are still my best friend and my little sister.

Aquamaria: Really?

Carol: I would never think otherwise.

Aquamaria: Thanks Carol.

Suddenly a geyser of water exploded out of the ground and flew at Maria in the form of horse of pure water. It hit Maria and she was in a tornado of water and horses were swirling in it.

Laney: We have another elemental choosing in progress.

Lana: This is an interesting one.

Lapis: It sure is.

Rubberband Man: Is this how you guys got your powers?

Me: That's right Adam. Me, Vince and Carol were given our powers because of Cosmic Radiation, Radiation from Outer Space.

Luna: We got our powers because of the blessings of Mythological Gods and Goddesses from around the world.

Rachel: The list is long but it's a cool one.

Ebon: That's interesting. I didn't know powers worked like that too.

The water tornado faded and Maria was back to her human self and she was in an aqua blue swimsuit and her hair was brown and her eyes were green. She now had angel wings with feathers made of pure water.

Maria: What happened?

Carol: You've been cured of your condition and you've been given powers like me.

Maria: I have?

Maria fired a huge blast of water and it became a stampede of water horses and plowed into the trees with a huge splash.

KERSPLASH!

Maria: I still have my water powers!

Me: Yeah but look.

I form a mirror of water and Maria saw herself.

Maria: (Gasp) I've been cured! And these wings are awesome!

Carol: I'm so happy for you Maria.

Maria: Me too.

They hugged again.

Me: Glad your back to normal again Maria.

Maria: Thanks J.D.

?: Glad you're safe Maria.

On his disk came Static, and with him were Gear and Flamebird.

Me: Static, Gear and Flamebird.

Starfire: Flamebird!

Flamebird: Starfire!

They hugged.

Gear: You two must know eachother.

Flamebird: We sure do.

Me: We'll catch up later. Right now we have some Metahumans to take down. Lets power up!

Varie, Vince, Carol, Yuko, Naruto, Lincoln, Laney, Carol and my children went Super Angel.

Me: I've been saving this transformation for a rainy day but I figured it would be perfect to demonstrate for you guys.

I flared up my yellow aura and suddenly I was enveloped in a blinding ball of light blue light. It faded and I was forever changed. My hair was turquoise blue and my aura was sky blue and lightning sparkles and blue flames were in it.

Me: This is my new transformation. I was able to unlock it during my secret training 4 months ago. I call it Super Angel God and it contains the power beyond that of a Super Angel 10,000 transformation but my energy signal is completely undetectable. In this form I can do anything and my power is infinite.

Vince: I witnessed this myself and it's incredible.

Yuko: It's unbelievable.

Lincoln: It sure is. This is amazing.

Laney: I wish I could learn this power.

Carol: Me too.

Ebon: Well you guys won't live to get that chance.

Me: Want to bet?

I dash to Ebon with such blazing speed that it was too fast to comprehend and I punched him in the face with devastating force and he was stripped of his powers in an instant as a result and he reverted back to human form.

Me: Didn't expect that did ya?

Talon fired a sonic scream at me but I vanished and appeared behind her and snapped my fingers and she was cured.

Me: You're free now Teresa. We're gonna help you as much as we can.

Teresa: (Weakly) Thank you J.D.

Kangor jumped up and Static fired a blast of lightning at him and electrocuted him.

Me: Thanks Static.

Static: No problem J.D.

Gear had his backpack trap Ferret and I snapped my fingers and removed their powers and Kagor and Ferret were back to normal.

Puff flew up to me and blew a corrosive gas at me. Flamebird fired a blast of fire at the gas and it exploded into steam and I snapped my fingers and cured her.

Me: Nice work Flamebird.

Flamebird: Thanks J.D.

Lola and Talia were facing Hotstreak. They were demonstrating martial arts moves at an incredible level. Lola and Talia made a really great team.

They overwhelmed him.

Me: I'm sorry old friend but those fire powers are far too dangerous for you.

I snap my fingers and strip him of his powers and he was cured.

Lincoln and Linka were electrocuted Hyde and Tantrum and surprisingly Rubberband Man was helping them.

Lincoln: Thanks Adam.

Rubberband Man: No problem guys.

I stripped Tantrum and Hyde of their powers and cured them.

I reverted back.

Me: That's the end of them.

Police cars arrived and arrested them.

---

We later purged all of Dakota City of all the Metahuman villains and cured them. We found out that Richie Foley AKA Gear was given Superhuman Intelligence because of accidental exposure from the Mutagen still on Virgil Hawkins AKA Static. Flamebird came here through a transdimensional vortex as the Metabreed were attacking and she was helping Static and Gear when we arrived. The city was cleared of Metahumans that were evil and they were cured.

Back at home I was telling Maria how she got her powers by looking it up in my book.

Me: Here it is. Maria you were cured and given stronger water powers by the Water Stallion of Tefnut, the Egyptian Goddess of Water.

Cody: I know Tefnut.

Me: I had a feeling you would Cody. Once every 150 years Tefnut creates a geyser of water anywhere and sends a horse made of pure water. They are given Cosmic Hydrokinesis, Cosmic Cryokinesis, Winged Flight, can form water from anywhere whether it's from bodies of water or out of the Atmosphere, breathe underwater, talk to fish and even become a mermaid while underwater.

Maria: Wow. This is unbelievable.

Carol: It sure is. You probably have a lot to learn now that you have these powers too. Aside from what you had before.

Maria: Yeah.

Lily: I can teach you how to use your powers Maria. I was given my powers from the Glowing Water of Coventina, the Goddess of Water in Celtic Myth.

Girl Jordan: I was given my Water Powers from the Water Dragon of Lerr, the God of the Sea in Celtic Myth. I'll teach you too.

Luna: Same here. I was given my Water Powers by the Singing Water of the Sirens in Greek Myth.

Maria: This is incredible. Thank you.

Zoe: It shocked me too. It's called a Divine Blessing. We've been receiving reports in the world that the gods of the world were choosing people to give their powers to them.

Hercules: That's right.

Me: Yeah.

Lynn Sr. & Rita came back and we got dinner ready.

THE END.

---

Another Fanfiction Complete.

I loved watching Static Shock years ago. It was awesome. Static and a bunch of others got their powers because of an experimental biohazardous mutagenic compound and it mutated them and gave them powers. It was an event called the Big Bang. The Birth of The Bang Babies. It was a strange but awesome show. Vinjedi1995 gave me the idea for this. Thanks man. Let me know what you all think.

See you all next time.

# Fire VS Ice

It starts in Leni's room and she's giving Maria a whole new set of clothes.

Maria: Thanks for the clothes Leni.

Maria is now wearing Ocean Blue heeled sandals, an aqua blue skirt and an aqua blue summer shirt that had a drop of water on it.

Maria: I look amazing.

Leni: You're totes welcome Maria and you like go great in these. These clothes go perfect with your powers.

Maria: It's amazing.

Me: I agree Maria. You look absolutely amazing in these.

Maria: Thanks J.D.

Varie: It makes you look like you're one with the ocean.

Maria: That's true. Lily, Girl Jordan and Luna have taught me so much and I've learned a lot about my powers.

Maria created a stream of water that floated in midair above her hand and it was moving with her hand.

Me: That's awesome Maria. Your powers have come a long way. First you were exposed to an experimental mutagen and now a Divine Blessing from the Water Stallion of Tefnut in Egyptian Myth.

Maria: It's amazing.

Varie: It sure is.

Lana came in and she had a worried look on her face.

Lana: Guys there's an urgent news report on T.V.!

Me: Uh oh!

We went down to the Living Room and saw on the TV that Gotham is being covered in ice somehow.

Me: Whoa! Something's going on in Gotham.

Lana: It's being frozen in Ice!

Me: There's only one person I know that is capable of doing this: Mr. Freeze!

Lori: Who is he?

Me: He's famous scientist for molecular biology Dr. Victor Fries. He wasn't always like this though. He and his wife Nora were very in love with each other and they love each other more than life itself. But after Nora contracted a terminal illness he put her in a cryogenic sleep until he can find a cure. But his company that he worked at, GothCorp was put in debt because of his unauthorized experiments and he nearly put the company into bankruptcy. His boss Ferris Boyle ordered Fries to pull the plug on his experiments, but he refused and he kicked him into a table full of cryogenic chemicals which soaked him from head to toe in the Cryo solution. Thinking he wouldn't survive, Ferris Boyle left them both for dead. But Victor survived but he needs extreme cold to survive. The Cryo solution mutated his body to where he can't go out beyond frigid temperatures. He built a cryosuit that keeps his temperature at 32 degrees Fahrenheit. He has a freeze ray gun as his weapon of choice.

Luna: That's awful. But why is he causing all these crimes all over Gotham?

Me: He's doing it because he needs money to help his wife. He doesn't want to hurt people. He just wants to be reunited with Nora.

Talia: I feel sorry for him.

Me: Me too Talia. He's just a misunderstood man that wants to be reunited with Nora.

Rachel: We have to help him.

Chione: I agree Rachel. No one should ever be that alone forever.

Lily: I agree too Chione.

Me: All right lets help him. Varie, Lapis, Maria, Lana, Chione, Rachel, Talia, Lily, Girl Jordan, Laney, May, you girls come with me. Since May can't fly we're gonna have to carry you.

May: Okay.

Lily: We're right behind you J.D.

Me: Okay. Lets go!

We flew out to Gotham and we arrived and saw a hotel under attack.

We bursted in and saw Mr. Freeze freezing people with his freeze ray.

Me: Dr. Victor Fries A.K.A. Mr. Freeze.

Mr. Freeze: The Famous J.D. Knudson. I heard a lot about you. Your achievements are widely known around the world.

Me: We get that all the time Victor.

Maria: J.D. told us everything thats happened to you and we want to help you.

Varie: That's right. I know you want to help Nora, but doing all these crimes around Gotham is never the answer.

Rachel: Yeah. We only want to help you. It's not right to be separated from the one you love, but we'll gladly help you.

But Mr. Freeze didn't believe us.

Mr. Freeze: You'll just get in my way!

Mr. Freeze fired his freeze ray and I flared up my fire aura and it melted the ice from it.

Me: Victor listen to me! What we're telling you is the truth! We would never do anything to hurt you or your wife.

Mr. Freeze: I don't need your help.

He fired his freeze ray again and I fired a stream of fire and the beams collided and it was one of the biggest battles that's been widely known throughout the universe ever since the Beginning of Time: FIRE VS ICE!

Me: Victor listen! I know that you're going through some rough times, but we're trying to help you. What Ferris Boyle did to you both was absolutely despicable and I promise you that he will pay for it. But you have to trust us and let us help you.

Lily: He's right Victor. I have the power to help cure your wife!

Victor stopped firing his freeze ray and I stopped my fire.

Me: She's not lying Victor. We have the power to help Nora. All you have to do is show us where she is and you'll see for yourself.

Mr. Freeze: You'd better be right.

Me: I promise you.

---

Victor took us to his hideout in an abandoned Ice Cream factory. He showed us a tank and in it was Nora Fries.

Me: Nora Fries.

Lily: She's beautiful.

Mr. Freeze: Oh yes. She's the most beautiful woman I know and she's the most kind and beautiful woman in the world.

Chione: She is amazing. I can tell she means a lot to you.

Maria: What's wrong with her? Do you know Victor?

Mr. Freeze: She has an incurable degenerative disease that is attacking her liver. She was given only 3 weeks to live because of it. An organ transplant is impossible because she has an extremely rare blood type. Blood type AB-

Me: That's an extremely rare blood type. Only 0.7% of the entire population has that and trying to find a donor with a blood type like that is like trying to find a needle in a haystack. A haystack as big as the entire planet.

Talia: Yeah. That's a big search that would take months or years.

Lana: Lisa is a doctor and she knows more about medicine than I ever will.

Laney: Me too.

Lily: Let me work my magic guys.

Me: Okay Lily.

Lily spread her glowing blue water wings and she fired a stream of glowing blue water. It went into Nora's body and her dying liver was being fully healed. It was actually an aggressive autoimmune disease that was destroying her liver. Lily's water purged the bad white blood cells that were destroying her body and she was cured. The tank was drained and Nora woke up and she was stronger than ever before.

Nora saw Victor.

Nora: Victor?

Victor: Oh Nora!

They hugged for the first time in what seemed like forever.

Me: (Sniffles) I'm happy they're reunited.

Varie: Me too.

---

We revealed everything to Nora and she was shocked. Commissioner James Gordon and Batman were with us.

Nora: So Ferris Boyle tried to kill us because Victor was trying to help cure me?

Me: Mm-hmm. He was gonna pull the plug on his experiments and Victor wouldn't let him. But Boyle kicked him into a table full of Cryo Solution and left you both there for dead.

Mr. Freeze: That's right Commissioner Gordon. I never meant to cause any harm to Gotham in its entirety. I just wanted to try and cure Nora and be reunited with her. It's thanks to J.D. and his friends here that I was able to get my beloved Nora again.

Commissioner Gordon: That's understandable Victor. Love causes us to do a bunch of strange things that we regret. But I'm happy that J.D. and company were able to cure Nora. But your actions carry some very dire consequences.

Mr. Freeze: I know. I accept full responsibility for my crimes and I'm ready to atone for them.

Batman: It's good that you've accepted responsibility for your crimes Victor.

Robin: Yeah.

Me: If I may I would like to keep Victor in house arrest in Michigan. We have a big ice box in our mansion and we never use it. We can modify that into a bedroom for him. It can have a temperature of -100. He needs extreme cold. Anything above 32 degrees will thaw him out.

Commissioner Gordon: Good idea J.D.

Nora: Thank you J.D.

Me: Victor I promise that we will do everything in our power to try and reverse your condition.

Mr. Freeze: Thank you J.D.

Then a snowflake in blue fire came into the hideout and touched May and she was in a tornado of snow, ice and cold flames.

Me: Whoa!

Laney: Another Divine Blessing.

Nora: Is this how some of you got your powers J.D.?

Me: Yes. My friends got their powers because of the blessings of Mythological Deities from myths around the world. Me, Vince and Carol got our powers because of Cosmic Radiation, Radiation from Outer Space.

Lily: It's true Nora. It has changed my friends and my family forever.

Nora: Incredible.

When the tornado faded, May had blue angel wings and the feathers were made of cold fire and pure ice.

May: What happened?

Me: You've been given ice powers because of a divine blessing. Let me see here.

I pull out my book and discovered something unusual.

Me: Here it is. This is strange. May was given Ice Powers because of the Cold Fire Snowflake of Tsovinar, Goddess of the Sea in Armenian Mythology. Once every 1,000 years she sends a snowflake covered in blue cold fire that has a temperature of Absolute Zero or -459.67 degrees Fahrenheit to a worthy soul that has helped a person in need. They are given Cosmic Cryokinesis, Winged Flight, Super Strength and many powers attributed to ice.

Commissioner Gordon: That's amazing. I had no idea that the gods and goddesses of the myths around the world were capable of bestowing their powers to worthy bearers.

Lana: It's happened to most of my family Commissioner Gordon.

Laney: That's right. It's an amazing feeling for us but with Great Power come a Great Responsibility.

Me: That's right.

Chione: It's true. It's an incredible experience for my friends and family.

May: I have a lot to learn now that I have powers.

Lana: I will be happy to teach you May.

May: Thanks Lana.

---

Back at the mansion we were wearing fur parkas and we turned the ice box in the basement into Victor's room.

Me: Here you are Victor. I know it's different than what you knew before.

Victor: Yes. I know. But this will keep me sustained while you help me.

Me: It's gonna be a tough road but we'll do everything we can to help you.

Victor: Thank you J.D.

Nora: I'll visit you all the time Victor. I promise.

Victor: Thank you Nora. Thank you.

They kissed and it was awesome.

Me: I'm glad we could help you both. But if you need anything let us know.

Victor: Will do.

Me: The temperature in here is 75 below so it should be perfect for you.

Victor: Thank you.

We left and Victor felt right at home in his room.

May was given Victor's freeze ray as her weapon of choice.

THE END.

Another Fanfiction Complete.

Mr. Freeze is one of the villains I feel sorry for on Batman. He is just a misunderstood man that was in an accident trying to cure his wife Nora. I had this idea come to me after my previous chapter and NicoChan11 gave me ideas on how to start it. Thanks for that. Let me know what you all think.

See you all next time.

# Angel VS Vampires

It starts in the early morning hours. I was asleep and dreaming.

In my dream I was in Tokyo, Japan. But it was turned into a post-apocalyptic nightmare.

Me: What happened here? This is Tokyo but where is everyone?

I felt something on my back. It was a pen and when I pulled it out and it became a scythe with a wicked green blade.

Me: Whoa! This is a wicked scythe. The craftsmanship is amazing and it's easy to carry. Nice.

I also had a cool sword on my left hip. I unsheathed it and it had a red blade.

Me: Nice sword. The craftsmanship is awesome. But I got to find out what's going on here. This may be a dream but something is going on here and I got to find out what.

I sheathed my sword and put my scythe back on my back.

I walk around and saw much of the city completely destroyed and covered in plants and the buildings were rotting away.

Me: My gosh. This is a post-apocalyptic wasteland. What caused all of this? I hope I'm not the last human alive. I may be a human with the power of an angel but this is all really scary.

Suddenly a fight was heard.

Me: Uh oh!

I spread my wings and flew above the city and saw a fight with a bunch of kids fighting a blond hair kid. But he had very powerful swordmastery.

Me: Wow! That kid is good. But what is going on? These are all kids fighting. How is this possible? Wait a minute. [I look closer with my vision and I saw that the blond kid is a vampire] That kid is a vampire. No wonder. I'm not waiting around to find out what he will do.

I flew toward the fight and engaged him in a powerful swordfight. We clashed with epic prowess and sword skills. Sparks were flying everywhere with each clash of our swords and I punch him in the face and knocked out his fangs.

?: Who the heck are you?

Me: I'm your angel of death. My name is J.D. Knudson. Evil's worst nightmare. And you are?

Mikaela: I'm Mikaela Hyakuya.

Me: Pleasure to meet you. What happened here? This whole planet is now a post-apocalyptic dystopian nightmare.

Mikaela: Yes. It was because of a man-made virus that was unleashed in 2012. It killed all the adults but the kids under the age of 13 were unaffected by it. It did however changed most of us into vampires and we are at war with the humans and demons.

Me: That's awful. But why are humans at war with you all?

Mikaela: We want to rule the world. The humans are all sheep to us and we won't stop until the humans are turned.

Me: I won't let that happen!

I go Super Angel 4 and me and Mikaela resumed our clash. Sparks were flying everywhere and much of the city was engulfed in a raging inferno. The fire raged completely out of control and destroyed everything in its path. I was fairing well against Mikaela and he was a true force to be reckoned with.

Me: You're really good Mikaela. Your swordsmanship is the most amazing I've seen and combated. I commend you.

Mikaela: Thank you J.D. You are a very strong and powerful warrior yourself.

Me: I've been trained in this for 10 years. Since I was 5. But I fight to protect my precious people and that's something you vampires can never hope to achieve.

I slash Mikaela in the stomach and kick him in the face and punch him in the mouth.

Mikaela backed away and I held my hand up to use a Jutsu.

Me: FIRE STYLE: FIRE HEAVEN!

I throw a huge ball of fire at Mikaela and it exploded and engulfed much of the area in a raging inferno. Mikaela came out of the blaze burned and chared.

Me: You're a strong warrior Mikaela. I commend you. But I'm ending this fight now. (Cups hands to the side) KAAA! MEEE! HAAAAA! MEEEEE! HAAAAAAAA!

I fired a red Kamehameha Wave at Mikaela and it swallowed him and it completely obliterated him in an instant.

Me: Go to Hell and stay there.

I sheathe my sword and everyone cheered for me. The war between Vampires and Humans ended thanks to me.

I woke up in my bed.

Me: What? That was an unbelievable dream.

But then I notice something by my side. It was my sword and scythe.

Me: Wait a minute. That was no dream. It took me to another dimension. It really happened.

---

At breakfast I was revealing my dream and what happened.

Me: And then I helped everyone win the war and Humans can live

again.

Lincoln: That's amazing J.D.

Natilee: It sure is dad. That dream was a special one. It took you to that world for a reason. It was in trouble.

Me: I believe it Natilee.

Lori: That was literally the most incredible dream I've ever heard.

Leni: Totes.

Luna: Dude that must've been an awful world when it went through that.

Me: It was Luna. But in the end we triumphed thanks to me.

Lisa: Ach Poppycock. Dreams don't have the power to teleport people to different dimensions beyond the reach of time and space. It's a 100% scientific impossibility.

Me: Well it turns out Lisa that this one did. I was asleep the whole time here on Earth in this dimension and I was taken to another dimension while I slept.

Natilee: That's very strange. Dreams are often viewed as windows to another world and you can do anything in them.

Sam: It sure is strange. I never even knew such things could happen in the dream world.

Lola: Me neither Sam.

Lana: It's all really cool.

Lily: It sure is.

Rita II: Poo poo.

Rachel: This is incredible. I can't believe that dreams can do that.

Varie: Me neither.

Me: You learn something new every day.

Luan: Yeah. It's one thing you would never Dream of! (Laughs to Rimshot) Get it?

Most of us laughed while everyone sighed.

Me: (Laughs) That was a good one Luan.

Rachel: (Laughs) That was funny.

Cody: (Laughs) That was a good one.

Raven: (Laughs) Dream of. I just got it.

We then started our homeschooling.

THE END.

Another Fanfiction complete.

I wanted to do a chapter for the anime Seraph of The End. That was a strange and interesting series. I saw it on YouTube for a video for the song from Brunuhville The Wolf and The Moon. It was really cool. I didn't know how to set it up though. Let me know what you all think.

See you all next time.

Seraph of The End is owned by Takaya Kagami, Yamato Yamamoto and Wit Studio.

# Lingering Sentiment

It starts with Me, May and Lincoln walking home from the park. Manaphy and Glaceon were with us.

May: That was amazing. I never even knew my powers were capable of doing stuff like this. And Victor's freeze gun is perfect for me.

Lincoln: It sure is. I didn't know that you're so good with it. On a hot summer day like this it's perfect for it.

Me: You said it buddy.

As we were going passed the Royal York Bank we heard the alarm going off.

Me: Uh oh! Looks like we got a 211 in progress!

I pull out my pistol and call the police with a special beacon.

Lincoln: What's a 211?

Me: It's the California police code for Armed Robbery. I don't know what the Michigan code is for Armed Robbery.

The bank robbers came out. It was 3 men armed with AK47 machine guns and they had black ski masks on.

Robber 1: Thanks for the loot suckers!

Me: Not so fast freaks!

I fire my gun and hit them in the legs.

May: You scumbags sicken me! Time to put you all on ice!

May fired a blast of ice fire and froze two of the robbers.

Lincoln: Nice shot May.

May: Thanks.

The third bank robber had a huge bag full of cash and he was trembling in fear and starting begging for mercy.

Bank robber 3: Please have mercy.

May: Mercy is for the weak.

May fired her ice gun and Glaceon and Manaphy fired ice beams and froze the third robber.

Lincoln: Great job you three!

May: Thanks Lincoln.

Manaphy: These guys are menaces to humans everywhere.

May: Well said Manaphy.

I take the bag of money and go into the bank.

Me: It's all right citizens. The Bank Robbers are on ice. Thanks to me, May and Lincoln.

I return the money to the bank and they cheered wildly for us.

The police arrived and arrested the robbers.

Officer Paul: Great job guys. We've been after these bank robbers for years. They've been responsible for stealing more than $300 million in cash from banks all over Michigan and all over 25 states.

Me: Wow! They were that dangerous!?

Officer Paul: Yep.

He pulled out a wanted poster and gave it to me.

Me: The Police Officer Bandits? They pose as Police Officers and rob banks blind. Very clever.

Officer Paul: Yeah. And the money they stole was never recovered.

Me: (In my head) I have a feeling I know who took it all. (Out loud) We're glad we could help catch these monsters. Make sure that they get punished to the maximum extent of the law. But May here deserves most of the credit. She froze them in place and caught them.

Officer Stacy: We saw. Nice job guys.

May: Thanks Officers.

Me: How long have they been eluding you all?

Officer Stacy: 13 years. They are that clever and Michigan was their next target.

Me: Wow. They wanted to hit a bank in one of each of the 50 states and Michigan was next on their list.

Officer Paul: We have that feeling too.

Me: Did the FBI know?

Agent Waco: We sure did.

Me: Agent Waco. Good to see you again.

Agent Waco: You too J.D. We've been after these guys for years. Thank you catching them.

Me: You're welcome.

They left and we resumed our walk home.

Me: I have a feeling that Sly took the money they stole.

May: Me too J.D. The Cooper Gang is really cool.

Lincoln: They sure are. The Cooper Gang has stolen all kinds of loot from criminals all over the world over the Millennia.

Me: Yeah. Ever since 1300 B.C.

May: That is a long line of thieves.

Lincoln: It's amazing.

Me: It sure is.

We walked into the Living Room and we saw everyone watching the news.

Lori: Guys! We literally saw you all catch some of the most notorious bank robbers in the country on the news.

Me: We had a feeling you would Lori.

Rachel: You guys were awesome!

May: Thanks Rachel.

Suddenly Aqua came in.

Aqua: J.D.! Something is happening!

Me: What's wrong Aqua?

Aqua: I don't know how to explain it but something is going on. We have to check it out.

Me: Right. Eddy, Terra, Lori, Luan, May, Laney, lets go!

Lori: Right behind you J.D.

We went to the park and we saw a strange black portal.

Me: What's this portal?

Aqua: I don't know but lets find out.

Me: Lets go!

We go through the portal and we wound up in a wasteland.

Me: What is this place?

Sora, Donald, Goofy, Kairi, Riku and Mickey were there too and so was Spiderman.

Sora: Guys!

Me: Sora. Looks like you stumbled through the portal too.

Donald: Yeah. We've been here before.

Sora: We're about to face our most dangerous opponent ever.

The Lingering Sentiment just appeared through a portal, bringing a smile to Aqua's face and scaring Sora.

Aqua (happily): Terra!

Goofy: Gawrsh! It's that guy we fought when we went through that portal at Disney Castle!

Sora (Pales): If you guys need me, I'll be at the house. (tries to leave but Lori stops him)

Lori (smiles): Don't worry, Sora. It'll be ok.

Me: Do you know him Aqua?

Spider Man: Care to introduce us, Aqua?

Aqua (smiles): We know each other. He's a friend from work. (to the Lingering Sentiment) Where have you been? Everybody thought you were dead. But so much has happened since I last saw you. Me and my new friends killed Xehanort. Like, a few years ago, so that's still pretty recent. That kid Sora that I met all those years ago is here as well. (gestures to a frightened Sora) Look at him. He's all grown up!

Sora: Still think everything's gonna be ok, Lori?

Lori: We don't know Sora. But lets hope.

Kairi: Yeah.

Aqua: Terra, I know you and I had a falling out the last time we met, but I'm happy to see you now.

Lingering Sentiment: Xehanort…

Aqua: Terra? Are you ok?

Lingering Sentiment: XEHANORT! (clashes Keyblades with Aqua)

Aqua: Terra, what's wrong with you? I just told the others that we were friends. You're embarrassing me!

Me: He still has Xehanort's corruption inside him! Lets go guys!

I went Super Angel 4 and my keyblade materialized in my hand. It was the Bond of Flames Keyblade.

Laney had her Graceful Dahlia Scythe Ready.

We fought the Lingering Sentiment and we beat had him on the ropes.

Terra was still clashing Keyblade with Aqua but she pushed him back. Before Terra could do anything else, Eddy placed a bomb on his back and flipped over him.

Eddy (points at Terra): Boom!

The bomb explodes, knocking Terra to the ground.

Me: Good job Eddy!

Luan: That's my King of Comedy! That's an Explosive End. (Laughs)

Me: Love the Jokes Luan but now's not the time.

Spiderman tied him up with his web.

Spidey: Sorry pal but you need some serious help.

Aqua: J.D. help me with this!

Me: Right.

Aqua fired a beam of light from her keyblade at Terra. I helped her by channeling my power and firing a beam of energy from my keyblade.

Me: I know you're in there Terra! Come back to us!

Tara: Let me help too!

Tara formed her own keyblade and it was an Earth Keyblade.

Laney: I'll help too.

Tara and Laney fired beams of light and they hit Terra.

Me: Come on guys!

Sora: Lets go!

Sora, Kairi, Donald and Goofy fired beams of light from their weapons.

Lori had a Wind Keyblade, May had a Water Keyblade and Eddy had a Fire Keyblade.

Lori's Wind Keyblade

They fired beams of light at Terra and a dark blob of evil essence exited him.

Me: Get out of our friend! Go back to Hell and stay there!

Xehanort's evil essence was destroyed and he was forever erased from existence completely. This time forever.

Terra reverted back in a blinding flash of light and he was back to normal.

Aqua: Terra!

She went to Terra and she was hugging him.

I checked him.

Me: He's all right. He's just exhausted. Great job guys.

Kairi: Thanks J.D.

Back in the Living Room, Terra woke up and he was on the couch.

Me: How are you doing Terra?

Terra: Fine J.D. What happened?

Me: You were corrupted by Xehanort's evil essence. He turned you into a mindless slave to his will. Aqua was never giving up on you. She journeyed into the Realm of Darkness to find you. But it was all for not.

Aqua: It's true Terra. I thought I lost you forever. But now we are together again.

Sora: I'm glad your safe Terra.

Terra: Thanks guys. I owe you my life.

Me: A life is never owed when saved out of friendship.

Terra: What happened to Xehanort?

Me: He's dead. And we are the ones that killed him. He had a very diabolical plan that was going to destroy the entire universe had we not stopped him.

Terra: Tell me everything.

Me: Won't leave out any details.

We explained everything that Xehanort was planning and how he was the mastermind behind all the series of events that lead up to his death at our hands.

Me: And there you have it. Had he reassembled the χ - Blade, he would destroy the entire universe and rebuild it in his own image in his evil quest to balance Light and Darkness.

Goofy: That's right.

Mickey: Many lives all over the entire Universe were in jeopardy when we found out about this plan.

Donald: Yeah.

Terra was horrified. He always had suspicions about Xehanort but he never knew that that's what he was gonna do.

Terra: That monster. He almost destroyed me and nearly destroyed the universe.

Me: Yeah. But we killed him and thwarted his plans to destroy the Universe. He will never terrorize the Universe ever again. He's now back in the darkest pits of Hell where he will stay forever. This time for good.

Terra: Good riddence. I have a lot of catching up to do. I thought I was dead.

Aqua: Me too. But now you're back.

Terra: Look, Aqua. I want to say that I'm sorry.

Aqua: For what?

Terra: I know I wasn't been the best friend to you, or the best Keyblade Wielder for that matter. When I started out on my journey, I was so determined to prove that I had what it took to be a master, that I forgot that I didn't have to do everything alone, and it allowed the darkness in my heart to begin to lead me astray. We all know what happened after that, but now, I want to make things right. I don't care what happens from here on out, but I just want you guys to know, I don't blame you for anything that happened. If anything, I was really just trying to hide how much I blamed myself for it all.

Aqua: I don't blame you for that, Terra. If anything, I should be the one apologizing. I spent so many years hating myself for what had happened, not just to our home and Master Eraqus, but to us as well, that I didn't even bother trying to help stop Xehanort sooner. My biggest mistake was when I told you that Master Eraqus sent me to watch you, which was what caused you to fall right into Xehanort's clutches. If I could go back and do things over again so that nothing of it ever happened, I would, but all I can do now is just say I'm sorry and hope that you forgive me. I guess we're both a couple of hot headed idiots.

Terra: I wouldn't say that. I mean, I'm like fire but you're like water.

Aqua: True. But I think we're both like fire.

Terra: I guess you're right. But I'm like a real, raging fire. You're like a smoldering fire.

Aqua giggles at this and that's when the two of them see Spidey there with a bag of chips in his hand.

Aqua: Peter? How long have you been standing there?

Spidey: An hour.

Aqua: An hour?

Terra: Are you serious?

Spidey: I think I've gained the ability of standing so incredibly still that I become invisible to the eye. Watch [slowly raises a chip to his mouth]

Aqua: You're eating a chip.

Spidey: But my movement is so slow that it's imperceptible.

Aqua: No.

Spidey: I'm sure I'm invisible.

Tara Markov: [enters kitchen] Hey, Pete!

Spidey: [after a beat] Dang it.

We found out that Aqua was teaching Lori, Eddy, Tara and May how to use keyblades like her. They have the keyblades of the Elemental Forces of Nature.

We had a great dinner and turned in.

THE END.

Another Fanfiction Complete.

NicoChan11 gave me the idea for this one. Thanks for that man. We're one step closer to restoring all the original keyblade wielders. Kingdom Hearts III comes out on January 29th, 2019. HOORAY! FINALLY! The release date has been announced and I can't wait to get it. Let me know what you all think.

See you all next time.

# The Revenge of Dark Stanley

In the Radioactive Crater of the destroyed Springfield in Oregon, something was stirring. A bolt of lightning struck the ground and out of the ground arose a skeleton. Blood, guts, muscles and skin formed and so did chef clothes and a cleaver. It rose up and it was Dark Stanley. Dark Stanley has returned from the grave for revenge.

Dark Stanley: Grouse!

He started walking towards Royal York.

Dark Stanley: On second thought, I think I'd better take the bus.

Dark Stanley did so.

* * *

In Royal York, Michigan I was having breakfast with the Dysfunctional Town Liberation Army and the Loud kids when I sensed something.

I gasped.

Lincoln: What is it J.D.?

Me: I sense an evil disturbance heading this way.

Laney: What do you think it is?

Lisa S.: I don't think I want to find out.

Me: Let me see here.

I concentrated and I found it and gasped in sheer horror.

Me: (GASP) OH NO! MR. GROUSE IS IN GRAVE DANGER! DARK STANLEY HAS RISEN FROM THE GRAVE AND IS SEEKING TO GET REVENGE!

Everyone gasped.

Lori: That ghost story is literally real?

Bart: I thought that story was just an urban legend I told in Springfield.

Keith: I've heard about that Bart. It was awful what he did because of those kids.

Olivia: Yeah.

Damion: Dark Stanley was a monster. He killed 75 kids over 50 years ago. He got what was coming to him.

Me: And when we blew up Springfield, that set the events into motion for Dark Stanley to rise from the grave to get vengeance.

Varie: How are we gonna stop him? He's dead and without a doubt he's like Jason Voorhees in the Friday the 13th franchise.

Rachel: I have a feeling you're right Varie.

Me: Yeah. But we have to fight him no matter what. He can't walk here so he's gonna take the bus. It's gonna take at least a couple of days for him to get here.

Cody: We have to stop him at all costs.

Milhouse: But we have to warn Mr. Grouse at any cost!

Nelson: That's right. He has to know before it's too late.

Me: That's right Nelson.

* * *

Later at Mr. Grouse's house we pounded on his door.

Me: Mr. Grouse we have to tell you something!

Mr. Grouse answered.

Mr. Grouse: What's wrong J.D.?

Me: I'm afraid we have some really bad news. Dark Stanley is back! He has risen from the grave to get revenge on you!

Mr. Grouse was horrified.

Mr. Grouse: I got to get out of here!

Me: Wait Mr. Grouse. We're gonna fight him.

Laney: We're not afraid of him and we're gonna make sure that we send him back to the darkest pits of the netherworld for good this time.

Mr. Grouse: I have a feeling you all can do it. If anyone can stop Stanley Degroot it's you guys.

Me: Thanks Mr. Grouse.

---

**24 hours later.**

Dark Stanley was on the bus and he was sleeping.

Bus Driver: Mister?

Dark Stanley: Huh?

Bus Driver: We're at Royal York.

Dark Stanley: Royal York?

Bus Driver: Yeah it's now a huge bustling metropolis because of a huge expansion done recently.

Dark Stanley: Wow! It's a huge city now.

Bus Driver: It sure is.

They stopped and Dark Stanley got off.

Dark Stanley: Thank you.

Bus Driver: No problem.

The bus left.

Dark Stanley looked towards Mr. Grouse's house and it was 4 blocks away.

Dark Stanley: (Growls) Grouse!

---

In the middle of the street on Franklin Avenue, we were ready to face Dark Stanley and make sure that he never gets to Mr. Grouse. Me, Varie, May, Max, Maria, Alexis, Lincoln, Laney, Lola, Lisa L., Rachel, Aqua and Terra M. were ready for him. A storm was building over us.

Max (scared): I'm getting a bad feeling about this guys.

Max felt someone tap his shoulder. When he turned around…

Maria (evil grin): BOO!

Max yelled in fright and jumped back!

Max (angry and scared): You're evil, do you know that, Maria?!

Maria (laughs): Well, I was a metahuman criminal before I joined you guys.

Me: Cut it out Maria. We need to focus.

Maria: Right. Sorry.

(Thunderclap)

May: It's all right Max. We won't let Stanley get away with his crimes even though he's dead.

Alexis: We won't let him do this.

Rachel: That's right.

Varie: Yeah.

Me: I see something coming this way.

Lightning illuminated the figure coming.

We look down the street and it was Dark Stanley.

Me: Dark Stanley.

Dark Stanley walked toward us with his cleaver ready.

Me: Stanley Degroot AKA Dark Stanley.

Dark Stanley: That's right. Now get out of my way so I can kill Grouse!

THUNDERCLAP!

Me: No! You want to get to Mr. Grouse…

Varie: You're gonna have to go through us!

THUNDERCLAP!

Dark Stanley: Then you all will die!

Rachel: You died before and you will die again.

THUNDERCLAP!

Lincoln: We're sending you back to the Netherworld Stanley. People like you don't deserve to live!

Laney: Or ever be accepted among the living again!

THUNDERCLAP!

Dark Stanley: I'll make sure I take all of you with me!

Me: Bring it on! But not out here. Lets go to our simulator where we can fight for real without getting anyone else caught in the crossfire.

Dark Stanley: Ah. Good idea.

Me: Follow us.

---

We go into the Simulator and Jared punched in the scenario.

Jared: Coming online dad.

The Simulator activated and we were in an arid desert.

Me: A desert is perfect. Lets do this Stanley.

Dark Stanley: Lets.

I go Super Angel and we all clashed. We all engaged him in a savage and brutal fight. Massive fiery explosions ignited the landscape and set the desert on fire. Massive storm clouds built overhead and a vicious lightning storm formed. Lightning struck everywhere. But this lightning was far more powerful than anything we've seen. It struck the desert and the sand exploded into flames.

The fires of the Netherworld raged all over the desert and the fight intensified.

Thunderous shockwaves and explosions were rattling the area with extreme power. The fight was getting so savage, ferocious and brutal that it was unbelievable and it rattled to entire Universe to the core and everyone felt the extreme ferocity of it.

Me: Lets see you survive this Stanley.

I hold my right hand to the side and a green ball of energy forms and charges up.

Me: FINAL SHINE ATTACK!

I thrust my hand forward and fire a powerful green energy wave at him. It exploded when it hit him head on.

KRABBOOOOOOOOMMM!

---

Control room.

Goku, Vegeta, Bulma and Lazuli were watching.

Goku: Wow! What power!

Vegeta: J.D. sure got the hang of using my attacks down Kakarot.

Bulma: He sure has. It's hard to imagine that he has that much power.

Lazuli: It sure is.

---

Simulator.

When the smoke cleared Dark Stanley had his right arm and a good portion of his chest obliterated.

Me: That must've hurt for you huh?

Dark Stanley: I'm dead so how would I know?

But he was regenerating.

Aqua: He's regenerating.

Laney: What does it take to kill this monster!?

Me: We have to obliterate every single part of him completely to the point where not even an atom remains.

Lincoln: I think I know what you're gonna do J.D.

Me: Right. Everyone together! Our most powerful attacks.

I charge up a Big Bang Kamehameha.

Me: 100X BIG BANG KAMEHAMEHA!

Varie: 10X KAMEHAMEHA!

Lincoln: ELECTRO ECLIPSE BOMB!

Laney: FINAL FLASH!

Lola: NUOVA STAR!

Our techniques mixed and combined and hit him head on and exploded with incredible power.

KRAAAAAABBBBBBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOO

When the smoke cleared Dark Stanley was completely obliterated in an instant.

Me: That did it. Great job guys.

Dark Stanley's spirit appeared.

Dark Stanley: Curse you J.D.! I will be back and you won't stop me next time!

Nicole appeared.

Nicole: Sorry you Butt Puker but that's never happening again. (Pulls out the Book of Vile Darkness and Chants an Incantation) Aldruon Enlenthranel Vosolen Lirus-nor!

Dark Stanley's spirit went into the Book of Vile Darkness and was forever sealed into the book for all eternity.

Me: We won guys!

Everyone cheered wildly. Dark Stanley was forever gone and never again will he seek revenge against Mr. Grouse.

We told Mr. Grouse about how we defeated Dark Stanley. Luckily that wasn't Earth we were on when we fought him. It was an uninhabitable desert planet. Mr. Grouse's nightmare with Dark Stanley was now finally over.

---

Back in the Knudson-Loud-Anderson-Weather Estate we were watching TV when another spirit appeared. It was the ghost of Homer J. Simpson.

Me: Homer Simpson!

Bart: Dad?

Lisa S.: Dad.

Maggie S.: (Sucks pacifier)

Homer: My kids. Bart I came to tell you that I'm so sorry for the way I treated you. I was a rotten father to you and a complete and total idiot.

Bart: Yeah you'd better be sorry you two story pile of puke.

Homer: WHY YOU LITTLE!?

Homer tried to strangle Bart but his ghostly hands went right through Bart's neck.

Me: All right that's enough. Homer I know you didn't mean any harm to Bart. You just lacked the capacity for intelligence.

Homer: I know J.D. To tell you the truth my life was miserable from day 1 and now I want to correct my mistakes. I want to stay here on Earth with you guys as a ghost and help when it's needed. I'm sorry for everything I've done! I'm sorry kids! (Crying hard) I'm so sorry!

Lisa S.: It's not your fault dad.

Maggie came and hugged him.

Homer: Thanks Maggie.

Me: You're already on your path to redemption Homer.

Homer: Thanks J.D.

Me: I bet you're now happy that Mr. Burns is dead.

Homer: You bet I am J.D. Woo-hoo!

Me: I agree. Good riddence to bad rubbish.

THE END.

Another Fanfiction Complete.

This chapter came out of the blue for me and it was a good idea for me. NicoChan11 gave me the idea of Maria scaring Max. Thanks man. This has to be one of the most explosive chapters I've ever created. Credit goes to NicoChan11 for the Homer Spirit idea. Let me know what you think.

See you all next time.

# Witch Descendent VS Witch

It starts at breakfast time in the Dining Room.

Me: Ah Breakfast. The most important meal of the day.

Nora: It sure is.

Me: Yep.

Nora: Can you bring these down to Victor J.D.?

Me: Sure Nora.

I get up and take Victor's Ham and Eggs down to the basement. I set it down on a table and put on a fur parka.

I take the plate and knock on the door.

Victor: Come in.

I open the door and go in and Victor was sitting at his table watching TV.

Me: Morning Victor. Here's your breakfast.

Victor: Thanks J.D.

Me: You're welcome.

I hand the plate to him.

Me: How are you feeling?

Victor: Still cold but hanging in there.

Me: I know but we're still working on a cure for you. Once that's done you can get out of the ice box.

Victor: Thanks J.D. I appreciate it.

Me: You're welcome. See ya Victor.

I leave and close the door.

I put my parka back and head back upstairs.

Lincoln: How's Victor doing J.D.?

Me: Still cold. I hope we cure him soon.

Lisa: We're getting close to a cure 2nd big brother. We just have to isolate the chemicals for the cryogenic chemicals from his blood that mutated him.

Sakura: Well that's a relief.

Laney: Yeah. Hey look at this. The Hex Girls are performing in Salem, Massachusetts in 2 days for the annual Witch Festival.

Lucy: Gasp! I love the Hex Girls.

Me: Me too Lucy. They are awesome. I love their songs.

Shannon: We have to go there. I love the Hex Girls and I also want to learn more about my heritage in witchcraft and how my ancestors the Sanderson Sisters were feared throughout all of Salem back 326 years ago.

Lori: I want to go too. I was literally shocked when I found out that I am a direct descendent of Lorraine Newton. So I have witchcraft in my blood too.

Me: That's what shocks me too Lori.

Lucy: I want to go too.

Yumi: Count me in too.

Nicole: I'd better go too. Just in case.

Gwen: Same here.

May: I might as well go too.

Manaphy: Same here.

Laney: Count me in too.

Lincoln: I'll go too.

Rachel: Me too.

Chione: Same here.

Maria: Same here.

Me: All right. Lets go.

We got ready and left for Salem.

---

We arrived in Salem, Massachusetts. One of the darkest towns in the United States.

Me: Here we are guys. Welcome to Salem, Massachusetts.

Shannon: This is awesome. I've always wanted to come here. It's where my ancestors lived 326 years ago.

Lucy: It's a true mystery for many people here.

May: Why is this town so feared around the country?

Me: It has a dark history that dates back to the late 17th Century. It was home to the infamous Salem Witch Trials. It was a time of darkness, fear and persecution because they believed that the Devil was plaguing the town and many people here were tried and killed for witchcraft. Most of them were innocent people.

Lori: That is literally so horrible.

Gwen: I've read about this town in the books and it was horrible what all those people went through.

Chione: It sure was. I can't begin to describe what they went through all those years ago.

Me: Me neither.

Lincoln: Yeah.

We walked around the town and we saw coming out of a restaurant Shaggy Rogers and Scooby Doo and they were full. Big time.

Shaggy: Like thanks for the food.

Scooby Doo: Reah.

Me: Shaggy Rogers and Scooby Doo.

Shaggy: Like, J.D. Knudson!

Me: Good to see you again buddies!

We both hugged.

Scooby Doo: Reah! Row have you been?

Me: Great Scooby. You two are still the same living garbage disposals I remember years ago.

Shaggy: Yeah. We love to eat.

Me: I believe it. These are my friends and 2nd family.

Everyone introduced themselves.

Shaggy: Like it's a pleasure to meet you all.

Lori: Same here Shaggy. We heard that you've all been solving alot of mysteries all over the world.

Scooby Doo: Rhat's right.

Shaggy: We've made a huge reputation for foiling crimes.

Chione: That's what I heard.

Rachel: Yeah and I heard you have gotten the moniker by all those dumb criminals as…

Shaggy: Meddling Kids.

We all laughed.

Me: Memories. Just like old times huh Shaggy?

Shaggy: It sure is.

Yumi: How did you guys meet?

Me: We went to school together in Colorado before he moved to a place called Coolsville. He was 2 grades ahead of me when I started Kindergarten.

Shaggy: Yep and Scooby was a puppy when I started 6th Grade.

Me: Yeah. Scooby sure got big the last time I saw you.

Scooby Doo: I sure have. Rime sure flies roesn't it?

Me: It sure does Scooby.

Shaggy: Yeah. So like, what brings you all to Salem?

Me: We're here to watch a concert for the Hex Girls. One of my favorite Goth Bands.

Lucy: I love the Hex Girls. They are awesome.

Shannon: Same here.

Shaggy: That's awesome! The Hex Girls are awesome and they rock!

Me: They sure do.

Lucy: Me, Shannon and Yumi are their biggest fans and we love their music.

Yumi: We are goth girls and they're awesome.

Shannon: Yeah.

Me: Lets go find the rest of the gang and catch up.

Shaggy: Good idea.

As we walked on we saw three figures coming. They were the Hex Girls.

Shaggy lifted up all the fullness in his stomach and made himself look like a hunk.

Shaggy: Like, hi ladies.

The Hex Girls revealed that they had fangs.

Hex Girls: Hi.

Shaggy's fat dropped and he was scared. I grabbed his shirt and Lori grabbed Scooby's collar.

Me: Whoa! What's all the hullabaloo?

Shaggy: Like they're witches!

Scooby: Reah!

We saw the Hex Girls.

Me: The Hex Girls!

Thorn: That's right. It's an honor to meet you J.D. Knudson.

Me: Same here. We were just on our way to meet up with the rest of Shaggy's friends here. I think Shaggy here owes you an apology.

Shaggy: B..b..but.

Yumi: I think you two owe these girls an apology!

Shaggy: Like, we had a good reason to-

May: (points gun at him) Apologize. Now.

Me: May, that won't be necessary.

Shaggy: Like sorry girls.

Thorn: It's all right guys.

Maria (in disbelief): Seriously? How could Shaggy and Scooby possibly think that this is scary?

Thorn (surprised): You're not afraid of us?

Me: No. We're used to it.

May: I've seen Pokemon with fangs. It's a natural occurence.

Gwen: My cousin has transformed into aliens with fangs. I'm used to it.

Yumi: Lucy here likes to watch vampire shows.

Maria: What do you mean by that?

Yumi (sheepishly): I may or may not have started watching The Vampires of Melancholia with Lucy.

Me: Anyway. We came from Royal York, Michigan to watch your concert. Lucy, Yumi and Shannon here are your biggest fans.

Lucy: That's right. We love all your music, know all your songs and we think you're the greatest.

Luna: Thanks girls. We appreciate that.

---

Later we caught up with the rest of the gang.

Me: Fred Jones, Daphne Blake and Velma Dinkley.

Fred: J.D.! This is an unexpected surprise!

We hugged for the first time in a while.

Me: How have you been guys?

Daphne: We've been doing awesome J.D. You're looking awesome.

Me: Thanks Daphne. Velma you're looking as awesome as you were when we met.

Velma: Thanks J.D. You too.

With them was famous author Ben Ravencroft.

Me: Ben Ravencroft!?

Laney: Oh wow! I love all your books on horror, magic and mystery!

Ben: Thanks guys. It's an honor to meet you J.D. I've heard so much about you all.

Me: We get that all the time. It's an honor to meet you in person.

After introductions and catching up we went on a mystery. We were looking for Ben Ravencroft's journal that once belonged to his ancestor Sarah Ravencroft.

Manaphy came back to May, Shaggy, and Scooby with the mayor's watch.

Manaphy: Here's a watch. Is this a clue we need?

Scooby Doo: Ro Ray.

Shaggy: Like, that's the mayor's watch. I don't think that's a clue at all.

May: But we should still keep it.

Manaphy: Ok. Why?

May (laughs): Because he's gonna wake up tomorrow and he won't know where his watch is!

Me: (Laughs) Funny May.

Lincoln: Maybe there's something we need to figure out that will lead us to the journal.

Ben: There is.

Ben handed me what looked like a buckle and he showed me a picture of his ancestor.

Me: She was beautiful.

Ben: Oh yes.

Laney: I think I know where that tree is. Lets go.

Laney took us to the tree but it was cut down.

Ben: All these years I was looking for the wrong oak tree.

Me: It was cut down 300 years ago.

Lincoln dug around it and hit something wooden.

Lincoln: I found something.

Lincoln pulled out a wooden box.

Ben was excited.

Velma: Ben are you okay?

Ben: Just a little excited.

Laney: (In her head) I've got a bad feeling about this.

Ben opened the box and in it was a book. But it was an evil one.

Daphne: Looks kind of evil to belong to a wiccan healer.

Velma: Ben, that doesn't seem to be a journal at all.

Ben: Because it isn't Velma. It's a spellbook.

Velma gasped.

Ben: You see, Sarah wasn't a Wiccan. She was indeed a Witch.

We gasped.

Thorn: A real witch?

Dusk: Heavy.

Laney: I knew it.

Ben: And since Sarah's blood runs in my veins, I guess that makes me a Warlock. The Wiccans imprisoned Sarah in her own spellbook and you helped me find it.

Velma: You lied to me Ben!

Me: I had a feeling something evil was brewing here and I should know too Ben. I have another dark secret for you all. My ancestors were the ones that sealed Sarah into her spellbook.

Ben: So you are descended from those fools.

Me: That's right. Almost 330 years ago my ancestors sealed that malevolent witch into that spellbook. My history is a dark one from all those years ago. Not only was I gifted with my powers because of Cosmic Radiation, but my ancestors were a Witch and a Wiccan. I am Half Wiccan, Half Witch. A Twilight Hybrid if you will. That's how I'm able to use Light and Dark Magic.

Lincoln: I had no idea J.D. That's a powerful secret.

Lori: That is literally a huge secret.

Ben: That's unusual and very interesting. But you can't even begin to imagine the real power of this book. No mere mortal can. But I am descended from a superior breed. I shall unlock the power of the imprisoned Sarah Ravencroft.

Me: Not while we're here you won't!

The wind blew.

Ben: Together we shall reign supreme! **LET THE EVIL FROM THE PAST BREATHE AGAIN WITH FIERY BLAST! LET THE DARK**

**WIND WHIP THE NIGHT TO BLOW AWAY THE FORCE OF LIGHT!**

A dark storm swirled above him and a blast of green energy emerged from the book.

Ben: This is evils finest hour! (MALEVOLENT LAUGHTER)

The energy empowered him to an incredible degree.

Me: Whoa! His power is unbelievable! But so is ours! Power up guys!

I go Super Angel God, Lincoln and Laney went Super Angel 3. Chione, Lucy, Maria, Lori and May spread their wings. Yumi had a Katana ready and Rachel went Dimentix.

Shannon: Let me talk to him first.

Me: Okay.

Shannon walked up to him.

Shannon: Ben there's something you didn't know about me.

Ben: Oh? And what is that?

Shannon: My ancestors were the most feared witches in all of Salem and Colonial America. My name is Shannon Sanderson DeLuthe Loud and I am a direct descendent of Winnefred, Mary and Sarah Sanderson.

Velma: We have three witches?

Luna: That's crazy.

Thorn: It sure is.

Shannon: Yes. My ancestors were the most ruthless of all witches. They killed many children here in Salem to sustain their youth and beauty to live forever. But unlike them I use Dark Magic for good.

Shannon then spread black angel wings that were darker than the night and emblazened on her forehead was the symbol of the Triple Goddess.

Ben: This is interesting. Sarah and the Sanderson Sisters were in a huge bloodfeud with eachother in terms of magic. But after the Sanderson Sisters disappeared Sarah ruled all of Salem.

Me: This is kind of ironic isn't it? The descendents of the Wiccan's who sealed Sarah into that Spellbook and the Sanderson Sisters, facing the descendent of the evil Sarah Ravencroft. A rekindled bloodfeud almost 330 years apart.

Velma: That's crazy.

Lori: It literally is.

Lucy: It sure is.

Lori: Not only that Ben. But I am also descended from a Witch. I am Lori Loud and I am descended from Lorraine Newton who was executed for witchcraft in 1692. I know Wind Magic.

Me: This is weird huh? Descendents of Witches and Wiccans fighting a warlock.

Ben: Yes it is. Lets put the power of Sarah Ravencroft to the test against the descendents of all of you.

Me: Bring it on.

I dash and kick the book out of Ben's hands and punch him in the face and kick him in the stomach.

Shannon fired a blast of black lightning at Ben and sent him flying into a shed.

CRASH!

I grabbed the Book and Ben exploded out of the shack and he fired a green energy blast at me and I fired a blast at it and they exploded.

KABOOM!

Lucy fired a blast of black fire and it exploded by Ben.

BOOM!

Ben was shielding himself and Laney entangled him in vines from head to toe.

Me: Nicole can you pull out Sarah Ravencroft from the book and imprison her in the Book of Vile Darkness?

Nicole: I can do that dad. Hand the book to me and you all hold him off.

Me: Right.

I hand the book to Nicole and we went after Ben.

Ben broke out of the vines and I kicked him in the face. Fred, Daphne, Velma, Shaggy, Scooby and the Hex Girls were all amazed at the sheer power we had against Ben. It was a battle of Heaven VS Hell. Lincoln fired lightning at Ben and it hit him in the leg and he went numb. But Ben was persistent and he was relentless. But our power and his were pretty much equal.

Nicole: (Chanting an Incantation) **Loventixa Margvina Tormeca Quen Kekmika Xemica Necvomas…**

The Spellbook was glowing and out of it came Sarah Ravencroft and she was screaming as she was being pulled into the Book of Vile Darkness.

Ben saw this as we were fighting.

Ben: NO!

Me: No family reunion for you this time Ben!

I punch him in the face again and fired a blast of Rainbow Light at him.

Me: (Chants an Incantation) Unvockom Hestima Vextas!

The Rainbow Light formed a dragon of leaves and it breathed green fire and it hit Ben and entrapped him in a tree.

Nicole: (Continues Chanting) **Nexmita Jurentix Detira Vosolen Lirus-nor!**

Sarah Ravencroft was sealed into the Book of Vile Darkness for all eternity.

The evil skull on Sarah's spellbook vanished and it was now a regular spellbook.

Nicole: That takes care of that.

Nicole took the Spellbook in her bag with the Book of Vile Darkness and went Super Angel.

Nicole: Time to dance with Ben.

Nicole flew to Ben and kicked him in the stomach and he was knocked down.

Me: It's over Ben. You've terrorized all of Salem for far too long.

Nicole stripped him of his powers and put them back in the Spellbook.

Ben: This is impossible! How could I have been beaten so easily?

We powered down.

Yumi: Because you only think about no one other than yourself. People like you will never be welcomed in our world.

Me: Yeah.

Ben Ravencroft was arrested and sentenced to death by being burned at the stake. A form of Capital Punishment that we stopped using back in 1732.

Ben: I would've gotten away with it too if it weren't for you

MEDDLING KIDS!

Me: Sometimes Meddling can be a good thing. Burn in Hell and stay there and may God have mercy on your worthless and evil soul Spawn of Satan.

They lit the wood and Ben was incinerated.

Me: Good riddence to bad rubbish. I hope he enjoys his time in the Fires of Hell.

Rachel: You said it. Lets hope he stays there for good.

Lucy: That's right.

Shannon: After all these centuries the Ravencroft's will be forever forgotten.

Fred: That's right.

Velma: Good riddence to bad rubbish.

Shaggy: Like yeah.

Me: What turned into a visit to attend a concert became a battle between family ties from Heaven & Hell.

Thorn: That's right J.D. It's all unimaginable that witches are capable of such evil power.

Dusk: Yeah.

Luna: It's horrible.

Daphne: But this was all very awesome. You guys were incredible J.D.

Me: We get that all the time Daphne.

* * *

Later we were at the concert with the Hex Girls and it was awesome. We got to perform on stage with them. We found out that Thorn is a wiccan and that was awesome. Lucy, Shannon and Yumi got a picture and autographed poster of The Hex Girls. It was an awesome time in Salem. It was a reunion worth remembering. Small world huh?

THE END.

Another Fanfiction Complete.

NicoChan11 gave me the idea for this. I watched Scooby Doo and the Witch's Ghost on Cartoon Network years ago and it's my favorite Scooby Doo Movie. No I am not descended from anyone in Salem in real life. If I were then I would be living in Salem, Massachusetts. Salem has had a really dark history that dates back to the 17th Century and it was awful. But Halloween is very popular over there. Salem is believed to be where Halloween came from all those years ago. Let me know what you all think. Thanks for the awesome idea as usual Nico and thanks for refreshing old memories.

See you all next time.

Scooby Doo francise is owned by Hanna Barbera and Cartoon Network.

# Welcome to Jurassic Park

It starts with us in the Living Room reading books and watching T.V. when we heard a wine bottle pop.

POP!

Me: What was that?

We went into the kitchen and we saw a man with a bottle of our finest wine in his hands.

?: I've wanted to meet you for a long time J.D. and Loud Family.

Me: Why is that Mr.?

John: My name is John Hammond.

Me: The World Famous Billionaire Theme Park Architect!?

John: That's right. It's an honor to meet you all J.D.

Me: It's a huge honor John. We've heard so much about your world famous legendary theme parks and the success they became.

John: That's right. I came to ask if you would like to join me to become the first to see my latest theme park.

Me: This is a big offer John. What do you think guys?

Lori: I literally think it would be awesome.

Leni: Totes. We should check it out.

Luna: Dude that would be rockin!

Everyone agreed.

Me: We accept. Where is your latest theme park at John?

John: It is on Isla Nublar off the coast of Costa Rica and we depart today.

Me: We're on our way.

* * *

We arrived in Costa Rica and we were at the island of Isla Nublar.

We landed in a meadow and we saw an absolutely unbelievable sight that defied all forms of imagination. We saw that the island was a zoo for dinosaurs that genetic scientists have brought back to life with cutting edge genetic technology. We were shocked and absolutely amazed beyond all known recognition. We saw in the living flesh after 65,000,000 years of being dead because of the Chicxulub Asteroid a herd of Brachiosaurus walking and eating plants from the tall trees.

Me: This is unbelievable! That's a Brachiosaurus!

Kate: This is incredible! How is this all possible!?

John: This is my latest creation. A park where dinosaurs are kept in isolation and captivity. An attraction for everyone to enjoy. Knudson-Loud-Anderson family, Welcome to Jurassic Park!

(Jurassic Park Theme Plays)

Naruto: This is absolutely incredible!

Sakura: I never seen such a park before.

Fu: This is incredible!

Varie: How is this all possible?

John: I'll show you all at a presentation.

* * *

At the Jurassic Park Visitor's center we were in a theater for a movie. We saw a cartoon character named Mr. DNA.

Mr. DNA: A DNA strand like me is a blueprint for building a living thing. And sometimes animals that went extinct millions of years ago, like dinosaurs, left their blueprints behind for us to find. We just had to know where to look.

One hundred million years ago, there were mosquitoes just like today. And just like today, they fed on the blood of animals. Even dinosaurs. Sometimes after biting a dinosaur, the mosquito would land on the branch of a tree and get stuck in the sap. After a long time, the sap would get hard, and become fossilized just like a dinosaur bone, preserving the mosquito inside.

This fossilized tree sap, which we call "amber," waited for millions of years with the mosquito inside until Jurassic Park scientists came along. Using sophisticated techniques, they extracted the preserved blood from the mosquito, and bingo: Dino DNA!

A full DNA strand contains over three billion genetic codes.

*[Mr. DNA is now standing in front of a screen with data flying everywhere.]*

Mr. DNA: If we looked at screens like these once a second for eight hours a day, it'd take two years to look at the entire DNA strand. It's that long. Since it's so old-

*[Mr. DNA is suddenly dragged offscreen when he's caught by one of the flying data chunks. He soon reappears back on screen and continues talking.]*

Mr. DNA: -it's full of holes. That's where our geneticists take over. Thinking machine supercomputers and gene sequencers break down the strand in minutes, and virtual reality displays show our geneticists the gaps in the DNA sequence. We use the complete DNA of a frog to fill in the… holes… and complete the… code! Phew! Now we can hatch a baby dinosaur.

Me: That's unbelievable. You found dinosaur blood in a preserved mosquito in Amber and your scientists managed to resurrect the dinosaurs after 65 million years.

John: That's right J.D.

Lisa: This is all a magnificent scientific wonder. Frogs have been on Earth ever since 200 million B.C. and they contain the genetic makeup that all the dinosaurs are part of.

Me: That's right. Frogs, Reptiles and Dinosaurs are all related in some kind of way.

Lana: That is so cool!

Lola: I never thought that dinosaurs were related to frogs.

Lucy: This is all very complicated for me. I rather enjoy the darkness of the dead myself.

Laney: That's all really something. I can't believe that this is all possible.

Me: Yeah. This is incredible.

* * *

Later we were having a dinner with John and he had a proposal to see the entire park first hand and walk around it and see the entire island full of dinosaurs. We accepted it. Lisa had the strongest feeling that someone on the inside is going to sabotage the whole park and ruin it's success. So she and Lucy decided to stay back and spy around the visitor center for any activity. Lisa gave me a radio for contact.

We walked along a path and went through a gate that lead into the park.

Me: Well guys we're in the Jurassic. It feels like we went back in time 100 Million Years ago to the age of the Dinosaurs.

Aylene: It sure feels that way. These plants all belong in the world of the dinosaurs. It's hard to imagine that they managed to bring them all back to life after being dead for 65 million years.

Cody: That's what really shocked me too Aylene.

Laney: Me too. It's all amazing. I can't believe that everything in the book is all real. It's unbelievable.

Zoe: It sure is Laney.

Hercules: I love the movie Jurassic Park, but I just am in shock that they managed to resurrect the dinosaurs.

Vince: Me too Hercules. It's amazing and a magnificent wonder of genetic science.

Carol: It sure is.

Aqua: It's all amazing and incredible.

Alexis: Yeah.

Me: We're coming to the first exhibit: Dilophosaurus - the Two-Ridge Lizard. They lived 193 Million Years ago.

Laney: It says here in my book that the Dilophosaurus has a frill like a frilled lizard in Australia and can spit poison like a cobra.

Me: That's right Laney. The book said that, but in the world of paleontology there was no evidence that showed that it had those features.

Kate: That's right J.D.

We saw two Dilophosaurus in the paddock and we heard electrical humming.

Lana: Wow! So those are Dilophosaurus.

Lynn: This is amazing. I've never seen a fully restored dinosaur like this.

Lola: It sure is and neither did I. What do Dilophosaurus eat?

Me: They ate meat. Primarily smaller dinosaurs and mammals.

Kate: That's right J.D.

Carol: This is amazing. I've read a lot about the dinosaurs in the books and I never thought that we would see the dinosaurs in the 21st Century.

Lily: Me neither Carol.

Rita II: Poo poo.

Penny L: This is all really amazing.

Crysta: It sure is. I had no idea that these creatures lived all those years ago.

Laney: It's a huge thing Crysta.

Riley: It sure is.

---

Next we were at a paddock where we saw a herd of Triceratops.

Me: Triceratops. They lived 68 million years ago. They are one of the toughest dinosaurs ever known.

Luan: It sure is a Horned marvel. (Laughs to rimshot) Get it?

Most of us laughed while everyone else signed.

Me: (Laughs) That was funny.

Naruto: (Laughs) Good one Luan.

---

Back at the visitor center Lisa and Lucy were watching a man they had under their surveillence: Dennis Nedry. Lisa pulled up his background information on her wrist computer and discovered that he was planted as a spy by InGen's rival company Biosyn to steal embryos of dinosaurs from Jurassic Park so that Biosyn can do the same thing with the dinosaurs.

Lisa: So Biosyn is going to sabotage Jurassic Park.

Lucy: What do you mean Lisa?

Lisa: That man Dennis Nedry is going to steal dinosaur embryos and sabotage all of Jurassic Park. Biosyn is going to steal John Hammond's idea.

Lucy: Gasp. We got to stop them Lisa.

Lisa: I'm way ahead of you elder sister.

Lisa sent a message to John and warned him about Dennis and told him everything and she sent a message to the President of the United States in Washington D.C. telling him about Biosyn's criminal activity. She sent pictures of their crimes and actions over the past 20 years and everything they've been doing to scientists around the world for their own selfish gains. The President of The United States of America immediately called for the FBI to arrest the people of Biosyn and shut it down forever. They do say that a picture is worth a thousand words but these pictures put a stop to a corrupted company that was a terror to scientists all over the world.

Dennis Nedry was arrested and deported back to California.

Lisa: Never again Biosyn.

---

We then arrived at another paddock.

Me: I know this paddock all too well.

Lori: What dinosaur is here J.D.?

Me: Tyrannosaurus Rex, the meanest dinosaur ever known. It lived 67 million years ago.

We heard heavy footfalls coming and we heard a growl coming from the trees. We saw TYRANNOSAURUS REX!

Me: Tyrannosaurus Rex! The Meanest Killing Machine in the age of the dinosaurs.

Sasuke: Whoa. That is one nasty looking dinosaur.

Me: Tyrannosaurus was considered to be the meanest of all dinosaurs 67 million years ago.

Vince: I saw the movie Jurassic Park and it was considered an extremely fierce dinosaur.

The Tyrannosaurus Roared.

RRRROOOOOOOOOOOOOAAAAAAAAARRRRRRRR!

Me: Wow!

Aylene: Just as I remember when we defeated Sharptooth.

Me: It sure feels like a blast from the past. Also, watch this.

I take out a road flare and light it. The Tyrannosaurus Rex was enamored by it.

Me: It likes the light of road flares.

Laney: That's what I remember from the book.

Vince: I remember this from the book and the movie.

Me: Yep.

I wave the flare around and he followed it like a hypnosis watch.

Rachel: That is so cool! I can't believe that it actually is real.

Starfire: It sure is Rachel.

Bloom: This is all just incredible.

---

Later we saw many dinosaurs of many types here on the island and we decided to endorse Jurassic Park. In 2 weeks, people from around the world came to Isla Nublar and it became a huge worldwide success. We were given Jurassic Park Vests with the symbol of Jurassic Park on the back.

It was all considered an absolutely unforgetable experience and it all quickly became an extremely popular attraction for many people all over the world. With Biosyn gone, Jurassic Park became a huge global success that went completely uncontested. For people that love dinosaurs it's considered a major league once in a lifetime unforgetable experience.

Another Fanfiction Complete.

This one came out of the blue for me but I've known the Jurassic Park series since I was a kid. I love dinosaurs and learning all about the prehistoric times. This movie series is one of the strangest and most amazing series I've ever seen. Steven Spielberg made the first movie in 1993 and it became a huge global sensation which gave the green light for a huge franchise. Sam Neil, Laura Dern, Jeff Goldblum, Richard Attenborough, Wayne Knight, Ariana Richards, Joseph Mazzello and Samuel L. Jackson did a fantastic job in the first Jurassic Park. Sam Neil is awesome. He's a great actor. He was in the 1st and 3rd Jurassic Park movies and did a great job. Jurassic World was put on hold until 2015 and that was a huge wait. Chris Pratt did a great job in 2015's Jurassic World and now 2018's Jurassic World 2: Fallen Kingdom. A 3rd Jurassic World movie is coming out in 2021 and I can't wait to see what dinosaurs are featured in that. What really shocked me about the Jurassic World movie was that they created a hybrid dinosaur called Indominus Rex. It was a mixture of several dinosaurs and reptiles. If you ask me they were playing with fire and that lead to some major league consequences. You mess with Mother Nature and there will be horrible consequences. But let me know what you all think.

See you all next time.

Jurassic Park series is owned by Michael Crichton, Steven Spielberg and Universal Pictures.

# Befriending a Lumpkins

It starts with all of us having a camping trip in the woods outside of New York City.

Me: Nothing like going on a camping trip to unwind and bond with nature.

Lincoln: You said it buddy.

Linka: This is the life.

Rita II was crying.

Lily: Oh what's wrong little sis? Are you afraid of the stuff out here?

The fire went out.

Me: Uh oh. The fire went out.

Rachel: I got this.

Rachel fired a sound beam and relit the fire.

Leni: That's totes better.

Lori: It literally is.

Blossom: I can't quite put my finger on it but I think we've been here before.

Varie: How so Blossom?

Blossom: I don't know.

Bubbles: Me neither.

Me: Well you'll think of it eventually.

The next morning we woke up in our tents and got up and got some fresh air.

Me: What a great night. I love the beauty of nature.

Lily: Me too.

Lana: I love camping outside.

Lola: It's beautiful isn't it?

Suddenly we heard a gunshot.

BANG!

Me: Sounds like someone is out hunting.

Buttercup: I don't think that was a hunter J.D.

Blossom: (Gasp) I remember now. This is the land of our old enemy Fuzzy Lumpkins.

Me: What did he do to you girls?

Bubbles: He's a hillbilly pink fur villain that lives here in the woods outside of New York. He lives in total isolation away from the city and he hates visitors.

Laney: He doesn't have any friends?

Blossom: No he doesn't.

Lucy: That is sad. If I had a heart it would be sad for him. But I already am sad inside.

Lynn: No one should ever be alone their whole life.

Luan: I agree.

Luna: Me too dudes.

Me: We have to help him. Can you lead us to him Blossom?

Blossom: Sure.

The Powerpuff Girls lead us to the property of Fuzzy Lumpkins. It was a small cabin and we saw Fuzzy Lumpkins sitting in a rockin chair.

Fuzzy saw us.

Fuzzy: Hey you! Get offa my property! Now!

BANG!

He shot at us but we hid behind the trees.

Me: Fuzzy Lumpkins I presume?

Fuzzy: That's right! Now get offa my property!

BANG!

He fired at us again.

Blossom: Fuzzy Lumpkins. You haven't changed a bit.

Fuzzy: The Powerpuff Girls? Haven't seen y'all in years. You've grown the last time I saw ya.

Bubbles: Last time we saw you, you and Professor were pulverizing eachother because you cut down a tree he knew since he was a kid.

Fuzzy: Yeah. That was'n wrong of me to do. But that's in the past. I apoligized for it and swore'n to never bother him again. Now get offa my property!

BANG!

He shot at us again.

Fuzzy (angry): Ya got some nerve showing your faces here after all these years! I told ya'll before to stay offa my property!

Buttercup: Yeah, kinda knew you were gonna say that.

Fuzzy: I'm not in a good mood right now, Powerpuff Girls. So ya better leave right now while ya still can! Or are you here to fight? (chuckles) I'm not gonna go easy on ya'll.

Blossom: C'mon, Fuzzy. Let's just talk this out.

Varie: Yeah.

Fuzzy (takes out shotgun): Oh, I'm all done talkin!

Eddy fired a laser blast at Fuzzy, hitting him in the shoulder. But that only made him angrier.

Eddy: Fuzzy, one of us is gonna get hurt if this keeps up. Most likely me.

Fuzzy (angry): GET OFFA MY PROPERTY!

Me: I agree Eddy. Fuzzy what is your problem? Why do you not want to socialize with people and have friends?

Fuzzy: Because I don't want any friends! Now I'ma gonna teach ya'll a lesson!

He fired at us and Blossom fired a laser vision blast that melted his gun.

Me: Fuzzy listen to yourself. You may not have any friends but deep down you're just lonely and you are in need of a friend. No one should ever have to spend their entire lives alone forever.

Something was affecting Fuzzy in a warm way. It was an emotion that he never felt even once in his whole life: Love. Fuzzy's eyes welled up with tears and he started crying.

Fuzzy (crying): I just don't get it! Why does everything convieniently work out for ya, the great Powerpuff Girls?! Ya shrug through everything free of consequence and ya'll get rewards like money, fame, appreciation, and stuff! But me? I'm punished for being myself.

Buttercup then does something that suprises everyone. She hugs

Fuzzy!

Buttercup: I think all you need is a friend.

We walk to him and I reach out my hand to him and the chorus of Heaven was singing as I glowed in the golden light of good.

Me: We just want to be your friends. Everyone needs a friend. We love and care for eachother and are always there for everyone. We would never abandon you and neither will God. We just want to be your friend.

Fuzzy's heart was so full of love that it grew 4 sizes that day and Fuzzy returned the gesture by taking my hand and for the first time ever he was happy and filled with love.

Fuzzy: J.D. thank y'all for this. Thank y'all.

Me: You're welcome Fuzzy. No one should ever be alone forever.

---

Later Fuzzy decided to move his cabin into the forest of Royal York. He was right at home. A can phone system was set up between the Knudson-Loud-Anderson-Weather estate and Fuzzy Lumpkins.

THE END.

Another Fanfiction Complete.

NicoChan11 gave me the idea for this chapter. Like I said before, Fuzzy Lumpkins is the only villain I have sympathy for in The Powerpuff Girls. Jim Cummings did a fantastic job voicing him in the Pilot Episode of the show and throughout the show in general. Let me know what you all think.

See you all next time.

# The Negative Energy of The Orichalcos

It starts with me, Lincoln, Linka and Lily playing Super Mario Odyssey on Nintendo Switch.

Me: I got you now Bowser!

Lincoln: You're not gonna marry Princess Peach on our watch.

Linka: That's right!

Lily: Yeah!

Rita II: Poo poo!

Bowser was beaten by Lily.

Lily: Yeah! Take that you overgrown dumb turtle!

Me: After 33 years you just will never learn. Never underestimate the Queen of The Arcade.

Linka: Yeah!

Suddenly the Alarms went off.

Me: Uh oh!

A computer popped up and a hologram of Earth showed a massive spike in Negative Energy.

Me: Oh man. It's a massive Negative Energy Spike coming from the middle of the Atlantic Ocean. Right next to where Duel Academy is.

Lincoln: What do you think is causing it?

Me: I don't know but we have to check it out. Lets go!

Varie, Vince, Cody, Chione, Rachel, Terra M. Heidi, Carol and Sailor Mars came with and we went to go get She-Hulk.

Jen: Let me get changed before we head to Duel Academy.

With that, Jen closed her eyes and the changes began. Her black hair turned light green, green, to dark green and wavy. Her hair also increased in length and strength and began to hang beautifully down her back. Her height increased to approximately 9-10 feet tall and her red shirt and black jeans began to rip drastically! They began to stretch and stretch until they began ripping and falling off of her! Her blue sneakers began to stretch and stretch until they were crushed under her now very large feet! She was standing there in her purple and white swim-suit like uniform! Her muscles began to increase until they were larger than bowling balls! Her brown eyes turned bloodshot, light green, and then green! Her skin then changed from its original pale complexion to tan to light green to green. With the transformation done, She Hulk was standing where Jen was standing a few minutes ago.

Tara: I'll never get used to seeing that transformation.

She Hulk: Alright. Time to meet up with Jaden and the rest of Alexis' friends.

Me: Yep. Lets go to Duel Academy!

---

We arrived and landed on Duel Academy and all the students were wondering what's going on.

Jaden: What's happening J.D.?

Me: I don't know Jaden. But whatever it is it's definitely not good.

Bastion: I don't like it J.D. We have to go check it out.

Me: I know. Lets go guys.

We went over to the island and we were accompanied by Yugi Moto, Seto Kaiba, Tea Gardner, Tristan Taylor, Mokuba Kaiba and Rafael

Yugi: J.D. Knudson. We've heard so much about all your achievements.

Me: It's a pleasure to meet you Yugi.

Tea: You're an awesome guy J.D.

Me: Thanks. Lets head in.

We head into the island stronghold and I felt that it was completely flooded with Negative Energy.

Me: This place is filled with Negative Energy. It's everywhere.

Lincoln: I can feel it.

Cody: Me too. What do you think is causing it?

Kaiba: It's a man named Dartz. He's responsible for this.

Yugi: He wants to wipe out humanity somehow.

Vince: What!? Why would he do that!?

Tea: We don't know Vince.

Me: Lets search the island and see what we can find.

We went all over the island and found a strange sight. In one room we saw a huge stash of Duel Monster Cards. It's all the cards ever made.

Lincoln: Boy what a collection.

Linka: Yeah.

Lily: This is awesome.

Me: It sure is. Without a doubt these cards were all stolen.

Lincoln put all the cards in a scroll.

Me: Good work buddy. But I sense something else. This way.

We go to an alter and we found the Egyptian God Cards - Slifer the Sky Dragon, Obelisk the Tormentor and The Winged Dragon of Ra.

Yugi: It's the Egyptian God Cards. But their energy was drained somehow.

Me: I wonder what for?

Carol: Hey guys you got to take a look at this!

We go into another room and we saw a horrific sight. We saw millions of people inside stone tablets.

Me: What? What is this room!?

Sailor Mars: These are all people that are captured. Whoever did this wants to use them for their own evil purposes.

Vince: This is an evil feature to this place.

?: That's a matter of opinion.

We saw Dartz himself waiting for us.

Me: So you are Dartz I presume?

Dartz: That's correct J.D. Knudson. I've heard and seen your achievements over the last 10 years.

Me: It's mutual. But enough with the formalities. Why do you want to wipe out Humanity? What have we ever done that would warrent such a horrible transgression?

Dartz: Humanity is a menace to the world because of the darkness inside their own souls and they must be destroyed.

Me: I don't believe that at all. But why do you want to kill everyone?

Dartz: I should tell you all my story and how I found this out.

Dartz took us on a journey into the past and we were over the city of Atlantis from 10,000 years ago.

10,000 years ago, Atlantis, an island that was isolated from the rest of the world, was a perfect civilization. One day, however, meteors rained down upon the kingdom when a volcano erupted. Those meteorites were the mysterious and powerful Stones of the Orichalcos, and they glowed a bright greenish blue. Those stones imbued the people of Atlantis with ultimate knowledge and power. In just a few years, Atlantis became the most advanced civilization on the planet, and was even more advanced than the modern world. However, with power came corruption and greed.

Ironheart, the King of Atlantis and Dartz's father, gave his throne to his son, Dartz. Soon, the stones of the Orichalcos began to expose the evil in people, and turned those with darkness on the inside into monsters on the outside. Dartz witnessed his own wife, Iona become a horrid, ugly beast.

Confused and frightened, Dartz consulted a stone of the Orichalcos for guidance. The Orichalcos granted Dartz great power and lent him the Orichalcos Soldiers to do his bidding. It told him to resurrect an ancient mystical beast known as the Great Leviathan, which would help him to destroy the world and create a new one that would be free of evil. Dartz became corrupted and misguided.

Ironheart and Chris, (Dartz's daughter) fled and called upon the world of Duel Monsters and its guardians, the three Legendary Dragons (in actuality, three soldiers whom Dartz had transformed into dragons) for help against the corrupted Dartz. One day, an army of benevolent magical creatures-including the three dragons-led by Ironheart, met with Dartz's Army of the Orichalcos Soldiers and the Great Leviathan, and the Battle of Atlantis took place. The battle concluded with neither side victorious: The three dragons were frozen in ice, the magical creatures were sent back to their own world, the Soldiers of the Orichalcos were destroyed, the Great Leviathan was sealed away from the world, and Atlantis sank beneath the sea.

The corruption of the Orichalcos made Dartz believe that the world was a wicked place, and that humans had an inherent malice in their hearts. The transformation that the Orichalcos had inflicted on his fellow Atlanteans was, he believed, the punishment for being evil, as the outside of man became as twisted as their inside. Dartz was driven to revive the Great Leviathan to raze the world, so that he may reconstruct it in the image of glorious Atlantis. To do so, Dartz required souls of humans.

Dartz wandered the Earth for 10,000 years, presumably kept alive by the power of the Orichalcos. He knew that he had found one of the powerful souls that he required when he encountered the Pharaoh Atem in ancient Egypt, and witnessed his control of the powers of darkness and his ability to command Duel Monsters. He also witnessed the Pharaoh, with Slifer the Sky Dragon pursuing Thief King Bakura and Diabound. However, Dartz could not capture the Pharaoh's soul because Bakura and Zorc Necrophades were in his way, However Dartz seems to not have any fear of Zorc and when he showed the past of the Pharaoh, Dartz never saw Zorc as a threat to the Great Leviathan, because the powers of the Leviathan were greater than those of Zorc. He therefore had to wait another 5000 years to capture the Pharaoh's soul.

It was unclear precisely when Dartz began to collect souls of boys and men, but eventually, he established a multinational conglomerate that was named Paradius, which became a well-known, yet mysterious force in the business world. But that was not the only organization that Dartz had formed. Dartz also controlled the Doma Organization, a group formed to gather souls of boys and men to feed the Great Leviathan by challenging unsuspecting male players to games of Duel Monsters only to have their souls taken by "The Seal of Orichalcos", a card that he had suffused with the Orichalcos' power.

For ten thousand years, Dartz collected the souls of boys and men in order to ensure the return of the Great Leviathan into the world. With time, the number of souls of boys and men that Dartz had stolen stretched into the millions, thanks in part to his underlings.

Alexis: This is Madness!

Me: You killed all these people!

Dartz: No. These people are gonna be used for a greater purpose.

Varie: You won't get away with this Dartz!

Cody: You're days of terrorizing the planet are finished forever!

Me: I agree.

I unsheathed my sword.

Me: You will pay for this Dartz.

Dartz: So it's a sword fight you want. Very well then.

Dartz formed a sword into his hand.

Me: Lets dance.

Me and Dartz clashed with our swords and sparks were flying every clash. But then I got the drop on Dartz and slash his cheek.

Me: That was for all the people you killed.

Suddenly a portal opened up and out came a dark dragon and swallowed him.

Lincoln: That was creepy.

Bastion: It was.

Zane: Yes.

A massive earthquake then rattled the area and we went outside and saw a strange sight. We saw a beam of green light come out of a whirlpool and we saw the ruins of an ancient city rise out of the ocean. It was the ruins of the Lost City of Atlantis.

Tea: Don't tell me, It's Atlantis!

Me: Unbelievable!

Jaden: That's Atlantis? It looks all run down.

Me: It's been underwater for 10,000 years Jaden. But without a doubt that's where Dartz went to.

If that weren't bad enough, we found out that a massive hurricane was heading towards the East Coastline. It was over 6,000 miles wide and we had 1 hour before it hit.

We went back to the Soul Room and went through the portal and it took us to the city of Atlantis.

Me: This place has seen better days.

Heidi stayed in the Soul Room and she was crying.

Heidi: (Crying) I can't believe that Dartz did this to all of you.

But then she got a look of avenging justice on her face and she unsheathed her sword and knelt in a knight pose.

Heidi: Everyone what Dartz is gonna do will ultimately destroy the entire planet if we don't stop him. Please lend me your strength, light, virtue and power to help me vanquish Dartz once and for all. Let my sword be your ultimate instrument of justice.

The tiles all lit up with rainbow light and they all went into Heidi and she was glowing in a light until she became a ball of rainbow light. Her eyes opened and they were ocean blue with rainbow glowing sclera.

---

We searched the city.

Tea: Lets hope that we make Dartz pay the ultimate price for everything hes done.

Me: Yeah. (Sees something) I see something.

We ran to the alter and saw a glass statue of Dartz sitting on a throne.

Joey: Is that Dartz?

Me: It is. But I don't sense his energy.

I touch it and it disintegrated.

Yugi: Dartz must've somehow left his body behind.

Tristan: Maybe.

Kaiba: Please. It's just another one of his cheap tricks.

Dartz: Is that your answer to everything Kaiba? You really need a new catch phrase.

Me: Where are you Dartz?

Dartz appeared on the ceiling.

Dartz: I'm right here with the Great Leviathan.

Yugi: Hold on Dartz! You told us your leviathan couldn't awaken without the souls of the Three Chosen Duelists!

Dartz: Yes I did say that didn't I? Well I substituted your souls with an equally powerful one.

Yugi: Your soul!

Dartz: Bingo!

The green beam of light redirected and went to the ocean and out of a whirlpool arose a huge dragon and it roared as it came to Atlantis.

Dartz: Fueled by the power of my spirit the Great Beast has returned!

We saw the dragon. It was THE GREAT LEVIATHAN - THE HARBINGER OF ARMAGEDDON!

Me: That is an enormous Dragon!

The level of power it had was incredible.

Lincoln: What a terrible power it has!

Me: It's pure evil!

Joey: That thing could pick its teeth with an Egyptian God Monster!

Yugi: And it's here to conquer mankind.

Tea: What a terrible monster!

Jaden: How can a monster like this be that evil?

Joey: Hold on what's that?

Kaiba: What?

Joey: That little green pimple on its nose.

We saw closer and it was really Dartz. He somehow merged with the Great Leviathan.

Joey: Wait! It's Dartz.

Yugi: Yes. When he lost against J.D. in that swordfight he somehow merged together with the Great Leviathan.

Dartz: Yes it's true. Nothing gets past you Pharaoh.

Kaiba: That's it! I'm not gonna stand here and talk to some mutated hood ornament! I'm just gonna blast you into next week!

Dartz: (Laughs) I'd like to see you try.

The Great Leviathan roared.

Me: Uch! Your breath is just as bad as your ego Dartz.

Chazz: Honestly… I think some of us are gonna be dead way before we waste Dartz. And you know what? I don't mind. It's an honorable end. But we've still gotta shut Dartz and his pals down. All of us Duelists have monsters that are probably weaker then the Orichalcos grunts. (to Tara) All you can do is hurl rocks. No offense. (to Lincoln & Linka) You two are shrimps that can shoot lightning. And we don't now if that'll be enough. (to Sailor Mars) You've got an explosive temper and you've got high heels and a skirt that you might trip over. (to She Hulk) And you? You're drop dead gorgeous, fierce, and strong. And I'm not just talking about when you're green. I'm also talking about when you're a regular chick. And both of your transformations both to and from your green skin are pretty awesome, especially when your clothes over your costume rip off. You know what? I don't wanna die. I'm young. There's stuff that I still wanna do. I just feel like being a jerk to most people because I didn't want to be seen as weak by most Duelists. I've been a loner my whole life. But being part of something bigger like this makes me proud to consider you guys my friends.

Jaden (smiles): Aw! Thanks, Chazz!

Chazz (glares at Jaden and Syrus): If you two tell anyone else about what I just said, I'm gonna send every powerful monster I own after you!

Jaden (sweatdrops): My lips are sealed!

Syrus (scared): I honestly didn't hear anything you said after the part where some of us might die.

Me: Lets hit this monster with everything we've got. Power up guys!

Me, Varie, Vince, Carol and Lincoln & Linka went Super Angel 3.

Me: Lets form an army.

I pull out a deck of Duel Monster Cards.

Tristan: I summon Cyber Commander, Super Roboyarou and Mr. Volcano!

Yugi: I summon Dark Magician, Summoned Skull and Kuriboh!

Joey: I'm bringing out Flame Swordsman, Jinzo and good old Red-Eyes!

Kaiba: I summon Blue-Eyes Ultimate Dragon, Gadget Soldier and Vorse Raider!

Yugi: Now Timaeus!

Kaiba: Along with the Fang of Critias!

Joey: And the unstoppable Claw of Hermos!

Yugi, Kaiba and Joey: ARISE!

The three Legendary Dragons we learned about earlier appeared and it was awesome!

Yugi: I play Legend of Heart and now show us your true form.

We saw that they were really Knights.

Me: They're really knights? Awesome!

Rafael: It sure is. I summon Guardian Eatos, Guardian Grarl and Guardian Kay'est!

Me: Now. MONSTERS ATTACK!

We fired blasts of energy and many elements and more at the Leviathan. It was an epic battle that will decide the fate of Humanity.

The attacks were hurting the Leviathan but weren't enough.

Dartz: Is that the best you can do? (Evil Laughter) Now do you realize what you are dealing with?

Me: No we don't and we don't care!

Yugi: Timaeus! Absorb Kuriboh's ability to multiply! Attack with the force of 10,000 Knights!

Timaeus got the powers in his Sword.

Timaeus: Go Sword of Justice! End this now!

Me: Varie, Vince, Lincoln, Linka, Together!

Me, Varie, Vince, Lincoln and Linka : KAAAAA! MEEEEEEE! HAAAAAAA! MEEEEEEE!

We fired our attacks at the same time.

Me, Varie, Vince, Lincoln and Linka: HAAAAAAAAAAAAAAAAAAAAA!

They combined and they hit the Leviathan head on and exploded with incredible power.

KRABBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOMM!

Me: Bullseye!

Varie: That got him!

Joey: Direct hit!

Yugi: The prisoners are free!

When the smoke cleared the Leviathan was blown half apart.

Me: Whoa! It's power took a huge drop. That blast cut its power in half!

Varie: Yes! I sense that half of the prisoners are free.

Dartz: I am not beaten yet!

Me: You don't know how to quit do you?

But we saw the Great Leviathan regenerate it's body but it was weakened. Then it charged up its attack. It was a breath blast made of pure Negative Energy. But just as it was about to fire, a bright ball of rainbow light appeared out of nowhere and slammed into the Leviathan with devastating force.

KRABLAM!

Me: Whoa!

The ball landed in front of us and faded. It was Heidi and she was glowing in a rainbow aura that was 1,000 times brighter than the Sun and I sensed an unusual thing in her.

Me: Heidi? Wha? What happened?

Heidi: We have united to help destroy Dartz and the Great Leviathan. I have called upon the people Dartz imprisoned and converted their negative energy into light.

Varie: That's unbelievable!

Jaden: Incredible! Get your game on Heidi!

Me: I can sense everyone that Dartz imprisoned inside you Heidi. They've lended their power to you to destroy Dartz.

Heidi: That's right Grandpa. Also I summoned them.

Beams of Blue, Red and Yellow Light shined out of the clouds and 3 figures came out. It was Obelisk the Tormentor, Slifer the Sky Dragon and The Winged Dragon of Ra.

Heidi: Dartz will get what's coming to him.

Me: We believe in you Heidi. Go get him!

Heidi: With Pleasure.

Heidi, Obelisk, Slifer and Ra flew up into the sky above the clouds and were facing Dartz and the Great Leviathan.

Heidi: You will pay!

Dartz: You dare to challenge the Great Leviathan!? You have a lot to learn Heidi!

Heidi: We've learned all we need about you.

Obelisk punched the Leviathan but it only amused it.

Dartz: (Evil Laughter) They're powerless!

The Leviathan wrapped around Obelisk and Heidi punched it and freed him. Slifer and Ra fired their attacks and hurt it.

Dartz: My Great Leviathan existed long before the Egyptian Gods were ever born! And it will rule the Earth long after those pathetic creatures are gone! Now Leviathan ATTACK!

The Leviathan fired a blast of pure Negative Energy at Heidi and the Gods.

Heidi: Obelisk, Fist of Fury!

Obelisk clenched his fist and it glowed blue.

Heidi: Slifer, Thunder Force Attack!

Slifer charged up a blast of pure lightning.

Heidi: Ra, Ignite your mighty Blaze Cannon!

Ra charged up a fire cannon.

Heidi: KAAAAA! MEEEEE! HAAAAA! MEEEEE! HAAAAAAAAAAAAAAAAAAAAAAA!

Heidi fired a green Kamehameha Wave, Obelisk fired a blast of blue energy from his fist, Slifer fired a blast of red energy and Ra fired a blast of yellow energy. The attacks combined and the blasts collided and exploded when the struggle began.

KRAAABBBOOOOOOOOOOOOOOOOOOOOOOOMMMMMMMMMMMM

The explosion blew away some of the storm clouds and illuminated the darkness under the clouds. The level of power being generated was incredible.

Me: Unbelievable!

Varie: What power!

Vince: This is amazing!

The battle was intense.

Dartz: My beast is fueled by the darkness of my prisoners!

Heidi: Not anymore Dartz! Good, Kindness, Love and Light are far more powerful than Darkness and Hate! Now feel their power!

The blast overtook Dartz's blast and it hit the Leviathan and exploded with incredible power.

KRAAAAABBBBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOO

Dartz: NO! WHAT HAVE YOU DONE HEIDI!?

Heidi: We killed you! Go to Hell and stay there!

Beams of light exploded out of the Leviathan and it completely exploded into dust and was completely obliterated.

Heidi: That did it.

Everyone left Heidi and they were free. The souls that Dartz killed or imprisoned can now rest in peace and go back to their bodies.

Heidi landed by us.

Me: You did it Heidi!

Heidi: No Grandpa. We all did it.

Atlantis then started rumbling.

Me: This place is crumbling! Lets go!

We ran for the portal and all our Duel Monsters returned to our decks. Most of us went through the portal and got out.

Heidi and Me were about to go but she stopped me.

Heidi: Wait grandpa!

Me: What's wrong Heidi?

Heidi: Something's not right.

We saw Dartz still alive and he was hurt bad.

Heidi: I thought I killed you. There's no way you could've survived that blast!

Dartz: I couldn't say goodbye just yet. (Malevolent Chuckle)

A black smoke came out of him and became a ferocious evil snake made entirely out of pure Negative Energy and it had a dark aura of pure evil!

Me: What does it take to kill this monster!?

Heidi: We'll find out now.

Heidi took her sword and slashed the snakes head. But the sword didn't affect it.

Heidi: That didn't work.

Dartz: So you've come to your senses and given up?

Heidi: Not gonna happen Dartz!

Dartz: Haven't you figured it out yet? All the monsters in the world combined together couldn't destroy my Leviathan. Not even you.

Me: Why is that?

Dartz: Because this creature isn't one of your little Duel Monsters. It was born from the very darkness of the human soul!

Heidi: It was created from the very Negative Energy within all humans!

Dartz: That's right. What I mean is the Great Leviathan was created by the hatred and rage of humans! So as long as Mankind exists, so does the Great Beast!

The evil snake's eyes glowed red with pure evil.

Heidi: You don't have any idea how wrong you are Dartz. That creature was created by the Orichalcos! You were lied to and you were brainwashed into believing that mankind must be eradicated. But Human beings are not the evil ones Dartz. It's you! Think about what you're doing. When you ruled all of Atlantis 10,000 years ago all of your people were generous and peaceful. But then the Orichalcos Stones arrived. And everything changed. Those fragments carried with them an evil force and brought Chaos, Death, Destruction and Hatred to Paradise!

Me: That's right Dartz. The Orichalcos is using you as a pawn in its diabolical ambition to destroy the Earth!

Heidi: So if you want to wipe out all of humanity you'll have to go through me!

The snake lunged at Heidi and enveloped her in a tornado of pure Negative Energy.

Dartz: I'm going to enjoy this!

Heidi: But you don't know what else I can do. I live off of Negative Energy. My body converts it into Positive Energy and it makes me more powerful! I will absorb you into the darkest recesses of my mind and seal you away for all eternity! NOW DIE!

Heidi sucked in Dartz and the Orichalcos into her body.

Dartz was being destroyed in her mind.

Dartz: NO! THIS IS IMPOSSIBLE!

Dartz and the Orichalcos were destroyed in the darkest reaches of Heidi's mind and sealed away for all eternity.

Heidi: (Sighs) It's done. It's finally over.

The dark hurricane vanished and was gone forever. The darkness was gone forever.

Heidi collapsed from exhaustion and I caught her.

Me: Are you all right Heidi?

Heidi: Yeah. I'm fine Grandpa. I'm just exhausted and so tired.

I pick her up Bridal Style.

Then Ironheart and Chris appeared.

Me: King Ironheart and Princess Chris.

Ironheart: That's right J.D. Thank you for saving all of the world from total destruction. You have saved us all from death.

Me: You're welcome your majesty. I'm so sorry about Dartz.

Chris: I know J.D. But I know that dad is always with me.

Me: I know. The Orichalcos destroyed everything you all worked so hard to achieve. If those evil stones hadn't come we would've learned from everyone in Atlantis and it would've been greatly beneficial for the Human Race in its entirety.

Ironheart: I know. But you have the eternal gratitude of everyone in Atlantis J.D.

Me: It was what we had to do your majesty to ensure the survival and safety of the world. But Heidi is the real hero. She stopped Dartz's evil plans to destroy the Earth. Duel Monsters, Angels and Humans united together in this time of crisis.

I had tears come down my face.

Me: I also had a feeling that you were with us the whole time. But also I couldn't be anymore prouder of my granddaughter Heidi.

Ironheart: I know J.D. Thank you again my friend. We're gonna explore the world and learn about it more.

Me: I understand. I also have a feeling that we will meet again someday. Take care your Majesty. [To Chris] And you too your highness.

Chris: Take care J.D. and thank you.

I nod and went through the portal and we went back to Duel Academy.

Atlantis went back into the ocean with a big splash and destroyed Dartz's lair. We celebrated our victory at Obelisk Blue Dorm.

She Hulk: Now that Dartz is defeated, it's time for me to revert to human.

She Hulk closed her eyes and screamed in pain. She shrunk back down to the height of an average woman and she could feel her leg, neck, arm, and ab muscles shrinking back down. Her eyes opened wide and soon her green eyes became light green and then brown once more. Her long, wavy green hair became shorter and shorter and straighter and straighter until it was once more above her shoulders and its typical black color. She still had on her purple and white swimming suit-like uniform and she gritted her teeth as her skin soon began to change. It went from green to light green to tan to its original pale complexion. Soon, Jen stood in the spot where She Hulk was a few minutes ago. She groaned as she was about to fall down before Bastion caught her.

Bastion: Don't worry, Jen. I've got you.

Jen: Thanks, Bastion. Reverting back to human is really painful for me.

Bastion: I believe it.

Alexis: Jaden can I talk to you now?

Jaden: Sure Alexis. Can everyone else hear too?

Alexis: Yeah. I want this to be official.

Me: Lets hear what they have to say everyone!

It quieted down.

Alexis: Jaden, ever since you started coming here to Duel Academy, I thought you were just a goofball. But as time went on I began to see more to you than that. You've done so much for not only the Academy but also for me and our friends. You saved me from the Shadow Riders, you saved me from my own darkness and brought me back my brother Atticus. I now realise that I have more than just feelings of friendship for you Jaden.

Jaden: What are you trying to say Alexis?

Alexis: What I'm trying to say Jaden Yuki is that I love you and I want to be with you and spend the rest of my life with you!

Jaden: Alexis. I love you too!

They both kissed and we all cheered wildly for them.

Me: (Sniffles) That was beautiful.

Varie: It sure was.

Vince: I'm so happy for them.

Carol: Me too Vincey. Me too.

Vince: You were awesome Carol. I'm so proud of you.

Carol: Thanks Vince.

Me: This was an awesome adventure. I'm so happy for you and Alexis, Jaden.

Jaden: Thanks man. We sure kicked butt today huh?

Varie: We sure did.

Rachel: We've now seen the last of the Orichalcos and put a stop to Dartz for good.

Lincoln: That's right.

---

Later we went home and Heidi was in bed resting from exhaustion.

Jared came into her room and Heidi woke up.

Heidi: (Weakly) Hey dad.

Jared: Hey sweetheart.

Heidi: Did grandpa tell you everything I…

Jared: Dad told me everything. I'm very proud of you.

Heidi: Thanks dad.

THE END.

Another Fanfiction complete.

NicoChan11 gave me the idea for this one. I got most of the lines from him. Thanks for that man. The Waking the Dragons Arc was the most strangest part of the show. The card I wanted the most from the Yu-Gi-Oh series was The Seal of Orichalcos. There was a mock up of that card and only 10 of them exist. Now I got it and completed my collection after waiting for 10 years when I started collecting the cards. Let me know what you all think.

See you all next time.

# Creation of a Fusion Twin

It starts out in Lisa's laboratory.

Lisa: Almost complete. My new fusion machine will fuse anyone or anything with a simple press of a button.

Nicole: That sounds very dangerous Lisa. Are you sure it's gonna work?

Jessie B: I agree with Nicole.

Lola and Lana came in and they were fighting in a cloud.

Lola: That's my dolly!

Lana: I want her hair!

POW! WHAM! BLAM! WHOMP! KROW! CRACK! BIFF! BAM! THWACK! KATOW!

Nicole: Hey what's going on here!?

Then the twins crashed into the table the device was on and it dropped onto the floor and activated.

Nicole: Uh oh!

A beam of light hit Lana and Lola. But instead of fusing the twins together, it created duplicates of them and fused them together into one.

Me, Varie and Rachel and the rest of the siblings came in.

Me: What's going on guys?

Nicole: Look dad.

I saw the new girl and it was amazing.

Me: Wha? She looks like a mixture of Lola & Lana.

Lana: That's because she somehow is us!

Lola: Lisa's machine created her!

Varie: This is amazing!

Rachel: Black and White angel wings are perfect for her.

Varie: They sure are.

Lori: This is literally amazing. At least we weren't affected.

Me: Yeah.

Lila: My name is Lila Loud. Yes I was created because of Lisa's machine during the fight.

Me: It's a pleasure to meet you Lila.

We introduced ourselves.

Lila: It's a pleasure to meet you all. I have a lot to learn now that I'm here.

Lori: We'll do what we can to help you out.

Luan: Yeah. This is a matter you can't fuse! (Laughs to rimshot) Get it?

Most of us laughed while everyone else sighed. Lila thought it was funny.

Me: (Laughs) That was a good one Luan.

Rachel: (Laughs) Good one.

Lila was shown around our house and she was amazed. We made another room for Lila. It was a Fire & Ice room. One side was painted with a winter wonderland, and the other was a volcano field. This is because she has both Fire and Ice Powers. At dinner we were talking to Lila.

Lynn Sr.: So Lila, you're a fusion with Lola & Lana?

Lila: I sure am dad. I have Lana's love for animals, playing in the mud, being filthy and eating gross stuff. And I have Lola's talent in Beauty Pageants and love for everything sparkly, and clean.

Penny L: That's cool.

Lola: We have a tripplet sister that knows what we like right Lana?

Lana: You said it!

They high fived.

Leni: Do you totes like fashion Lila?

Lila: I sure do Leni. You make awesome clothes and their styles are awesome.

Leni: Thanks Lila.

Jeremie: Is there any way for us to cure this fusion?

Me: No Jeremie. This fusion replicated Lola & Lana and fused them together into one.

Sailor Mercury: This is a magnificent feat of science if I must say so myself.

Lincoln: I think this is awesome.

Linka: It sure is.

Edd: I agree. This is a huge discovery in all the fields of science.

Lisa: My new fusion device managed to create another sister for the family and we now have 12 biological sisters.

Lily: It sure did and this is amazing.

Rita: Well we may have another kid but Lisa we told you no fusion experiments. So you're grounded for 2 days.

Lisa: I understand mother.

Lisa was banned from doing experiments for 48 hours. But she made a huge achievement today.

THE END.

Another Fanfiction Complete.

This one came out of the blue for me. A lot of people on the internet made fusion pictures of Lola & Lana and lots of fanfictions were written. Let me know what you all think.

See you all next time.

# Mewberty's Relentlessness

It starts at Royal York Elementary. Mrs. Johnson was getting ready to start class when we come in.

Me: Morning everyone.

Lincoln: Hey buddy. You ready for another good day of school?

Me: Sure am buddy.

I high-five everyone.

Mrs. Johnson: Okay class. I have an announcement. We have a new student joining us today so please give a warm Royal York welcome for Timothy Mack.

A kid with black hair, blue eyes, sunglasses, black leather jacket, brown shirt, blue jeans and sneakers.

Tim: Pleasure to be here.

Mrs. Johnson: How about you sit next to Lincoln and Clyde?

Tim: Sure.

Tim took his seat.

Me: Pleasure to meet you Tim. I'm J.D. Knudson.

Tim: Awesome! I heard so much about you man. Your adventures have been awesome.

Me: I get that all the time.

Lincoln: I'm Lincoln Loud.

Clyde: I'm Clyde McBride.

Tim: Pleasure to meet you guys. I heard you have a huge family.

Lincoln: That's right. I have lots of sisters and brothers. Biologically and non-biologically.

Me: I treat Lincoln and his huge family like my own family. They are like my brothers and sisters.

Tim: That's cool man. But how come you like coming here to the Elementary School?

Me: Lincoln has had some problems with bullies here so I have a special permit that lets me come here to watch after Lincoln and his little sisters.

Tim: That's a big job.

Me: It sure is.

* * *

Later at Lunch as Tim was about to get his lunch he bumped into someone.

Tim: Oh man! I'm sorry. I… (Stammering)

Tim had bumped into Rachel and he was entranced by her beauty. Cupid's arrow had hit him and he was in love.

Rachel: Um… Are you all right?

Tim: (Acts like a malfunctioning robot) RED ALERT! RED ALERT! DOES NOT COMPUTE! (Gets a Gushing Nosebleed)

Me: Uh oh!

I snap my fingers and he reverts back to normal.

Me: Are you all right Tim?

Tim: I think so. What happened?

Me: You were acting like a malfunctioning robot and got a nasty nosebleed after you caught sight of Rachel here.

Tim: Why?

Me: You've been struck by Cupid's arrow and developed a huge crush on her.

Lincoln: It's true Tim. Clyde has a huge crush on my oldest sister Lori and it gets really awkward.

Clyde: Yep. I know just how you feel. (Pulls out a photo of Lori) This is Lori.

Tim saw the photo of Lori looking at him in fear.

Tim: She's beautiful. I didn't know that this is what happens when I'm around a girl I like.

Me: It happens man. Lori already has a boyfriend. Her fiance Bobby Santiago.

Clyde: Yep.

Me: Rachel is already getting married to me soon. But not for 10 more years.

Rachel: He's been placed into a special ordinence where he can take on more than one wife.

Me: Yep.

I show him a copy of the document that made it official.

Me: This is a copy of the Ordinence.

Tim read it.

Tim: That's really interesting. I wish I was under an ordinence like this.

Me: (Chuckles) Wouldn't we all. But it doesn't work that way. You have to get special permission from the Governor or the President of The United States to have this.

Lincoln: That's right.

We sat down and ate our lunch.

Lincoln: J.D. I've been wanting to ask this for a while.

Me: What is it Lincoln?

Lincoln: How did you learn how to do that to break Clyde out of his Malfunctioning Robot mode when he's around Lori?

Me: That is a question I haven't been asked in a long time.

Tim: Really?

Me: Yep. It was back when I was in 1st grade 8 years ago.

---

Me: (Narrating) **I was having my lunch in the cafeteria at my school in Colorado when I saw a kid bump into a girl. He was struck by Cupid's arrow and was acting like a Malfunctioning Robot. Imaginary sparks and stars flew out of his head and his eyes were spinning.**

Past me: Oh man!

Me: **I went over to him to calm him down before he had a seizure and I shook him. But that didn't work. So I snapped my fingers and somehow it worked. I knew right then and there that whenever someone has a breakdown from love, all I had to do was snap my fingers.**

FLASHBACK ENDS.

Lincoln: That's amazing.

Laney: So that's how you learned how to break people out of that malfunctioning robot mode.

Me: Yep. It's been with me since then.

Lola: I had no idea that you learned about that out of the air like that J.D.

Lana: That is really cool!

Lucy: It sure is. Sigh. The meaning of love is an endless struggle.

Me: I know Lucy. (To the Viewers) Lucy broke up with Silas and she has been sadder than normal. It was sad when we heard that.

Lily: I'm sorry about Silas, Lucy. But don't worry there's plenty of fish in the sea. Metaphorically speaking of course.

Suddenly Zoe came in and she had a shocked look on her face.

Zoe: J.D.!

Me: What's wrong Zoe?

Zoe: Star Butterfly is going through a terrifying change. She's going through something called (Dramatic Voice) MEWBERTY!

Thunder and Lightning crashes.

Me: What's Mewberty?

Zoe: It's not like Puberty. It's completely different from it. When a Mewman girl goes through it they have an insatiable lust for boys, become a strange creature with six arms, wings and antennae. Once they enter this state there's no telling what they will do and they are stronger than a human.

Me: Oh man.

Lincoln: We got to get over there!

Laney: Yeah.

Rachel: Right!

Me: Lets go!

Tim: I want to come with. I want to see everything in action.

Me: Are you sure Tim? It could get really dangerous.

Tim: I know but I want to see this to believe it.

Me: Okay. Lets go!

---

We went to Royal York High School and in the halls we saw purple vines covering the halls and we saw that they lead to one of the lockers and it had what looked like a giant heart shaped coccoon.

Laney: What is that?

Zoe: That's Star's Mewberty Coccoon.

Me: I've got a really bad feeling about this guys. Stand back.

I go Super Angel.

Tim: Whoa! So this is your Super Angel form.

Me: It is.

I walk up to the coccoon and put my hand on it.

Me: It's squishy. But Star is definitely in here. I feel her energy and it's growing stronger and stronger.

A hand inside it was on the shell of the coccoon and I saw 5 more hands. Star had glowing heart eyes and six arms.

Lori: What's happening?

Zoe: It's the final stage of Star's Metamorphosis. We have to get the boys away from here and fast!

Laney: Right.

Lola: We're with you Zoe!

Lana: Lets go!

Lila: Right!

They hid all the boys in the gym of the school and closed the door.

The coccoon started to crack open. I stood back and saw Star sprout wings. She flew into the air and she was in her Mewberty form.

Me: Whoa!

Zoe: This is really bad guys! We have to stop her!

Varie: Yeah.

Star saw me and she was consumed with Lust for me.

Star: BOY!

She flew at me and I went at her and we clasped hands. I grabbed her four extra hands with my octopus arms.

Me: Star listen to me! You got to get a hold of yourself!

Star: BOY!

Star threw me away and I stopped.

Me: Star you have to stop this now!

Star fired a blast of purple heart slime at me and I dodged it. She fired another blast and I caught it and threw it back to her.

Lori: Is there any way to stop her Mewberty Zoe?

Zoe: It should go away at 3:57 PM.

Luna looked at her watch.

Luna: That's only 10 minutes away dude.

Luan: This is not gonna get pretty. We have to help J.D.!

Eddy: Yeah! We have to!

Lynn: Lets go!

Star landed on the ground and Lynn grabbed Star and tackled her to the ground and Lucy, Lola, Lana, Lila and Lisa held her down.

Lily held down her legs.

Tim: I got this!

Tim then shocked us by touching the ground and out of it came dark bramble vines and they shackled her to it.

Me: Whoa!

Lucy: Gasp!

Varie: Tim you have Dark Powers?

Tim: I do. I was blessed by the Black Flower of the Morrigan, the Celtic Goddess of War and Darkness.

Me: Oh wow! That's a big gift.

Tim: Yes. I was given these powers 10 years ago.

Varie: That's awesome.

Cody: It sure is.

Tim: Yes.

Me: How much time is left?

Luna checked her watch.

Luna: It's 3:56. One minute left dude!

But suddenly Star broke out of the restraints and flew up into the air.

Luna: It's time dudes!

When it hit 3:57 PM purple hearts came down meaning that they all flaked off and an object fell and crashed into the lockers.

Marco: Star!

Star got up and she was back to normal.

Star: (Groaning) What happened?

Me: You went through Mewberty.

Zoe: It's over now Star.

Star: Thank goodness.

A fluttering sound was heard.

Ember: What was that?

Star looked behind her and she had a pair of vestigal wings on her back.

Me: You have a small pair of wings Star.

Suddenly a beam of sunlight shined on Star and a golden fireball flew down the beam of light and hit Star. Star was enveloped in a tornado of golden fire and light.

Laney: Another Elemental Choosing in progress!

Lila: Incredible!

Lucy: It's a powerful one.

Star's wand turned completely different.

When the tornado faded, Star had yellow butterfly wings and a Sun was emblazened on her forehead.

Star got up and she was forever changed.

Star: What happened?

Me: You were hit by a yellow fireball and it changed you. Let me see here.

I pull out my legends book and look it up. It was there that I found an interesting discovery.

Me: Here it is. This is strange. Star was given fire and light powers by the Golden Sun Fireball of Helios, the god of the Sun in Greek Myth. Once every 500 years, Helios creates a beam of sunlight on a worthy soul and throws a golden fireball at them that embues them with fire and light powers, super strength, super speed, cosmic Light Powers and Cosmic Fire Powers. But there's a major catch. That soul has to be from Mewni and has to finish going through Mewberty. And the Royal Wand will have enhanced magic because of it.

Marco: Wow! Star this is incredible!

Star: It sure is Marco. But won't I look crazy with these wings?

Me: You can have them come at will.

Star thought for a second and the wings went back into her back.

Laney: It worked!

Marco: It sure did.

Suddenly a dimensional portal opened up and out came Ludo and his army of monsters.

Me: Ludo! Boy you will never quit will you?

Ludo: No I won't now get the wand!

Me: Power up!

We went at Ludo and his army of monsters and pulverized them all into pulp.

Ludo: Blast! Retreat!

Me: What a bunch of wooses.

Varie: Yep.

Rachel: Some scum just can't take a hint.

Cody: No they won't.

Me: But nonetheless we have to tell Queen Moon about Star's new powers.

Varie: Yeah.

---

In Star's room we were using Star's mirror and contacted Queen Moon the Undaunted. Moon answered.

Moon: (British Accent) Star?

Me: Queen Moon the Undaunted. It's an honor to meet you.

Moon: J.D. Knudson. It's a pleasure to meet you. We've heard about all of your adventures.

Me: Yes. But the reason we called you is because we had a rather interesting development happen to Star.

Moon: What happened J.D.?

Me: She was given powers by the Golden Sun Fireball of Helios, the God of the Sun in Greek Myth.

Moon: What!? How is that possible!?

Zoe: I believe I can answer that Lady Moon. My friends here have gotten their powers here on Earth because of the blessings of Mythological Deities from myths all over the world. The List is very long but it's how they got their powers.

Me: That's right. However Me, my friend and partner Vince Pusateri and Carol Pingrey Loud here were given our powers because of Cosmic Radiation, radiation from Outer Space.

Moon: Oh my. It's good you called me. Star, this must be a huge change for you.

Star: It is mom. I have no idea how to use my powers like this.

Moon: Oh Star I'm sure someone will be more than happy to teach you how to master your powers.

Me: As a matter of fact your Majesty there is.

Aylene: I'll help teach her. I have fire powers because of the Fire Snake of Xiuhcoatl, the god of Fire in Mayan Myth.

Luan: I got my Light powers from Sulis, the goddess of Light in Celtic Myth.

Lola: My fire powers are from the Gabija, the Spirit of Fire in Lithuanian Myth.

Sam: I got my powers because of Pele, the Goddess of Fire in Hawaiian Myth.

Moon: Oh thank you all. You all have been blessed in more ways than anyone on Mewni could've imagined.

Hercules: We get that all the time.

Me: We'll do our best to help her your majesty.

Moon: Thank you all.

Luan: You might say that she is Illuminating. (Laughs to Rimshot) Get it?

We all laugh.

Me: (Laughs) That was a good one Luan.

Moon: (Laughs) Luan is funny.

Varie: She always cracks us up.

Maggie L.: It's true.

---

Back in the Living Room of the Knudson-Loud-Anderson-Weather Mansion we were watching TV.

Me: So Tim what did you think of our adventure?

Tim: It was awesome! I loved how we saved all the boys from Star's Mewberty rampage.

Varie: We're glad Tim.

Tim: I am too. If it's all right with you J.D. I would like to take Rachel to the Carnival for a friendship date.

Me: That's fine with me Tim. What do you think Rachel?

Rachel: That's very sweet of you Tim. Lets go.

---

At the carnival, Tim and Rachel were having a lot of fun.

Rachel: Lets check out some of the games.

Tim: Okay. I know just the one.

They went to the Bottle Game where they had to knock the bottles down with a baseball to win a prize.

Tim: This is my favorite game.

Rachel: Go for it.

Tim placed the money on the stand and the carnie handed him 3 balls. Tim aimed for the bottom and threw a ball and knocked them down in one throw.

BLAM!

Rachel: Great shot Tim! Direct hit!

Tim: Yeah!

Carnie: We have a winner!

He gave Tim a stuffed Penguin.

Tim: This is for you Rachel.

Rachel: Thanks Tim.

Next they went on the roller coaster and it was an adrenaline rush. It was a brand new roller coaster called THE TRAIL OF AGONY!

Tim: YEEEAAAAAHHH! WHOOOOOO!

Rachel: THIS IS AAAAAWWWWEEEEEESSSSOOOOOOOOMMMMEEEEEEEEEE!

They went on loops, curves, bends and turns at blazing speeds of 40 miles per hour and they came down an angle and landed with a huge explosion.

KRABOOOM!

When the car stopped they got out and their hair was blown back.

Rachel: That was so much fun!

Tim: YEAH! That was a rush!

Rachel: You said it!

They heard a bell ring and saw a man slam a hammer which raised a weight up a tall tower toward a bell.

Rachel: The Strength Tester Tower! I love that.

Tim: Lets try it out.

Carnie: Slam the bell and win a fabulous prize!

Tim took the hammer and slammed it and the weight went up and stopped short of the bell and a message came out and said "Muscle hunk".

Carnie: Wow! That's really good. Good effort.

Tim: Thanks.

Rachel: Let me try.

Rachel took the hammer and slammed it with incredible force and it hit the bell so hard that it knocked the bell right off of the tower and sent it flying.

WHAM! BONG! WHEEE!

Tim: WHOA! Rachel you have to be one of the strongest girls I've ever known!

Rachel: I don't like to brag but it runs in my family.

Carnie: Congratulations young lady. You won a brand new iPad Pro.

Rachel: Thanks. For you Tim.

Tim: Thanks Rachel! I've always wanted an iPad!

Later they were on the Ferris Wheel and as it was spinning they were having a great chat about the stuff they like, what's fun and more.

When they left Tim was walking Rachel back home.

Rachel: Thanks for taking me to the carnival Tim. I had a great time with you.

Tim: You're welcome Rachel. Glad you had fun.

Rachel kissed Tim on the Cheek and he was shocked and Rachel went inside. Tim had steam coming out of his shirt and body and he was sweating like crazy which made him soaked to the bone and he had imaginary hearts popping out of his head. He fainted right there on the spot.

I saw this and picked him up and took him home.

I knock on his home door and his mom answered.

Mrs. Mack: Yes?

Me: Hello Mrs. Mack. I'm J.D. Knudson and I'm a friend of your son

here.

Mrs. Mack: Oh wow. I saw all of your achievements and you've had a major impact on the planet. What happened to Tim?

Me: He took my fiance Rachel out on a friendship date to the carnival and he got a kiss from her and fainted.

Mrs. Mack: Oh hohoho. Looks like my little man has a girlfriend.

Me: Yeah.

I take him in and put him on the couch.

It was the beginning of many adventures with Tim.

THE END.

Another Fanfiction Complete.

I would like to thank bubblegumsurpr1 for letting me use her OC Tim Mack. I didn't know what he looked like or much of his background so I had to make it up as we went along. Star going through Mewberty in Star VS The Forces of Evil was one of the craziest things I've ever seen in the show. It was freaky. Rachel gave me the idea for the Friendship Date at the carnival and how he acts like a malfunctioning robot like Clyde around her. Thanks for that. Let me know what you all think.

See you all next time.

# The Wrath of Ed-Zilla

It starts with us building makeshift arcade games in the backyard. Me and Laney are painting.

Me: This is gonna be so much fun.

Eddy: It sure is J.D. This used to be a scam we did in Peach Creek. We had the ring toss, Hit the Bell, Whack an Ed, and a bunch of photo posters.

Luan: These games look fun Eddy.

Linka: They're some of my favorites and they are tough ones.

Edd: My favorite is the ring toss.

Linka: Mine too Double D.

Linka picked up a bunch of rings and she threw them onto the rims of the bottles.

Edd: Very good Linka!

Linka: Thanks Double D.

Eddy: (Offscreen) Hey useless!

We see Eddy in a photo poster of a woman in a bikini with his face poking through a hole.

Eddy: Put those rings down and take a load off your eyes. (Blinks his eyes really fast)

Luan: (Laughs) That's funny Eddy.

Me: (Laughs) Good one Eddy.

Laney: (Giggles) That was funny.

Edd: Ha ha ha. Very funny Eddy.

Me: Lets test out the Whack an Ed.

Leni: Sure.

We go over to the Whack an Ed and I had a toilet paper roll mallet in my hands.

Eddy: Ready J.D.?

Me: Ready.

Eddy pressed the start button and a boot kicked Ed's butt and he popped out of the holes in the game.

Ed: Whack me!

I whack him hard.

WHAP!

Ed: (Pops out another hole) Whack me!

I whack him again.

WHAP!

Ed: (Pops out another hole Dizzy) Whack me!

I whack him again.

WHAP!

Ed: (Pops out another hole slurred speech) Whack me!

I whack him again.

WHAP!

Me: It works great Eddy. You okay Ed?

Ed: Yeah I'm all right.

Eddy: In Peach Creek, Ed wrecked this scam when he saw a monster poster and he wanted to become a monster as part of a side scam for me.

Leni: Did that really happen?

Ed: It did Leni. My overactive imagination got the best of me and I went on a rampage acting out one of my favorite Science Fiction Movies I' *ve seen. I stuck the kids to the wall with chewed up Chunky Puffs Cereal.*

I hold out a sketch pad and spin my Magisword Bracelet.

Announcer: PENCIL MAGISWORD!

Me: Here Ed. Can you draw a picture of what you did?

Ed: I can try.

I hand Ed the Pencil Magisword and he drew a picture on the sketchpad of the kids that he stuck to the wall in his room with chewed up Chunky Puffs.

Ed: There.

Me: Whoa! That's like something I saw out of the "Alien" movies.

Lincoln: It sure does.

Lana: Yeah.

Laney: That is really scary.

Me: Yeah.

Rachel came.

Rachel: Hey guys.

Me: Oh hey Rach. We're just working on a backyard arcade for everyone to have fun.

Rachel: That's cool!

Luan: It's an arcade of wonder! (Laughs) Get it?

Most of us laugh but Lana, Leni, Lincoln and Linka sighed.

Me: (Laughs) That was funny Luan.

Rachel: I get it.

Me: Ed can you show us your monster costume?

Ed: Sure.

Ed came out of the machine and he lead us to his house. In his attic we saw a bunch of boxes of junk that was collected throughout their time in Peach Creek.

Me: Wow. This is a lot of stuff. Are these all momentos of your time in Peach Creek?

Ed: Yep. They sure are.

We looked through a bunch of stuff and found a lot of strange stuff. We found some old comic books and some of Ed's old stuff.

Me: Look at these old comic books. "Square Dancers from the Outer Reaches"? Weird. "Attack of the Space Nose Miners"? Unusual. "Inappropriate Pinchers from Beyond"? Creepy. "The Curse of Evil Tim"? That's very weird.

Eddy: I remember that comic. Ed found a curse in that book that he used for a scam idea that he had.

Lincoln: Unusual.

Me: Yeah. You like comics like these Lincoln?

Lincoln: No. These are science-fiction and horror comics. I'm more of a Superhero Comic lover myself.

Me: I believe it.

Ed: I found it!

Ed pulled out a cool monster costume. In the Garage, Ed put it on and we were shocked.

Me: That is a wicked costume Ed.

Eddy: It sure is. I'll never forget seeing what you look like with this on Ed.

Edd: Me neither.

Linka: That is an awesome costume Ed.

Laney screamed and jumped into Lincoln's arms in fear.

Laney: Ed that costume is really scary!

Ed: Oh no!

Me: What's wrong Ed?

Ed: My overactive imagination is taking over again guys!

Eddy: Uh oh!

Edd: Fight it Ed! You can do it!

Ed: I can't Double D! It's taking over! You have to stop me!

Me: Lets take this out to the street. Fight it until we get there!

Ed: I'll try!

Lincoln: I'll call the Kids Next Door!

Me: Okay!

We went out to the street and Ed's insane overactive imagination took over completely.

Ed: I AM A MONSTER! RRRRRAAAAAAAAAAAAAAAAAAAAAUUUUUUUUUUUUUGGGGGGH

Me: Bring it on!

Lincoln: Hey Luna, Sam, Ember, how about some action music!?

Luna: You got it bro!

Sam: Lets rock Luvbird!

Ember: This is gonna rock dude.

Hardcore rock music plays and Sector V arrives in their S.T.A.N.K. and Numbuh 4 arrives. Food from Gramma Stuffem arrived.

Me: (Pulls out a radio) Lisa activate defense protocal 074 now!

Lisa: Affirmative!

A force field appeared over the mansion neighborhood.

Food: Slam Witch… [x6]

Slam Witch! [x6]

A massive moldy sandwich emerged from the sewer and it was SLAM WITCH!

Luna: Slam Witch comes and children scream

Made of brains and sour cream

If kids won't eat his moldy bread,

Then Slam Witch eats you kids instead!

Slam Witch comes and you'll all cry

Swats F-16's from the sky

Admit you crave his drippy spinach

Fall and worship giant sandwich!

Food: Slam Witch! [x6]

Luna: Scores of kids he has ate

And shall obliterate
The Kids Next Door and all their brothers
And all the misbehaving others
Who won't eat Gramma Stuffum's food
And now themselves are chomped and chewed!
But he who's made of skunks and dried veal
Comes to make you kids his next meal!
Jump inside his massive jaw
Amid the plaque and old coleslaw!
With giant sandwich's pair of claws
On Kids Next Door, he chomps and gnaws!
Slam-slam Witch!
Rotten kids or giant hamsters
Slam Witch eats them all with muenster!
Miserable, verminous, despicable rat
Will now make Slam Witch nice and fat!
Slam Witch, charge!
Slam Witch, fight!
Slam Witch, eat!
Slam Witch-ooh!
How dare you refuse my tasty monster?
Slam Witch will destroy you, hamster!

Before you jump into his gizzard,

Have a taste of candied lizard!

Slam Witch comes and he must eat!

He's made of cheese and puppy feet!

And if you crave to be his dinner,

Fall and worship Slam Witch winner!

---

As the song was going on a huge fight broke out. Numbuh 4 punched Ed in the mouth and knocked his cardboard teeth out. Ed ate Numbuh 4 and he busted out of his mouth!

Numbuh 4: Nice try freak!

Leni punched Ed in the stomach and knocked the wind out of him.

Lincoln & Linka fired a stream of lightning at him and electrocuted him.

Luan created an army of skeletons made of pure light and they had swords and shields.

Me: I saw this in Jason & the Argonauts from 1963.

Rachel: That's so cool!

Luan: These skeletons have a bone to pick with you! (Laughs to rimshot) Get it? But seriously tear him apart!

Eddy: Lets get him Luan!

Numbuh 4 fired a blaster at Ed and the light skeletons slashed at Ed and ripped the costume apart.

Ed was on the ground and he was sweating like a pig.

Ed: Hiya guys.

Luna: THANK YOU! GOOD NIGHT LOUD HOUSE!

Me: That was awesome!

Numbuh 4: It sure was. That was an awesome fight. I haven't had this much fun since we kicked Father's sorry butt into Oblivion.

Me: Oh yeah.

Rachel: That was amazing.

Laney: It sure was.

Ed: I'm sorry I got out of control like that guys.

Me: It's all right Ed. But the monster has been destroyed. But this gives me an idea. We may be able to put your insanely overactive imagination to good use in fighting criminals.

I snap my fingers and made Ed's monster costume into a special watch.

Me: This special watch will allow you to transform into your monster costume. Just press this red button and you will become Ed-Zilla.

Ed: COOL!

Me: Yeah.

Eddy: That's right Lumpy. You'll be a monster for the side of good.

Ed: Thanks guys.

Me: No problem buddy.

Edd: That was a good fight ladies and gentlemen.

Me: It sure was.

Rachel: It was awesome.

Linka: Yes.

Me: Lets get back to work on our arcade.

Ed: Okay.

We got back to work on our arcade and finished it 2 hours later. When it was finished it drew in a huge crowd and the money was piling in. We built more arcade games for everyone to add variety. It was a huge success.

THE END.

Another fanfiction complete.

NicoChan11 gave me the idea for this one. The Day the Ed Stood Still was one of the strangest and funniest episodes in the series. One of my favorites. Ed went on a crazy rampage that scared the kids to death and he terrorized the neighborhood. What a silly episode. Thanks for the idea Nico. Let me know what you all think.

See you all next time.

# Mother's Reunion

It starts in the practice field as Carol and Maria were practicing with their powers.

Carol: It took some time for me to adjust to my powers Maria.

Maria: I know.

Carol fired Godzilla's atomic ray at a bullseye and it exploded in a ball of fire.

Maria: Good shot Carol. My turn.

Maria fired a dragon of water at a bullseye and it exploded into toothpicks.

Carol: Great shot Maria.

Maria: (Down) Yeah.

Carol: What's wrong?

Maria: I miss my mother. Before I became Aquamaria I was practicing for the swimming match. When the Big Bang happened and mutated me I was afraid my mom would disown me because of it.

Carol: I know Maria. But now that you've been cured we can reunite you with your family. How long has it been since you've seen your mother?

Maria: Almost 2 years. She must be worried about me.

Carol: Lets go see if we can reunite you with your mother. What about your father?

Maria: My father died in a tragic car accident. I never knew him that well.

Carol: Oh man. I'm sorry Maria.

Maria: No it's all right Carol. You didn't meet him so you didn't know.

Carol: Well lets go arrange it.

---

In the Living Room me, Lincoln and Laney were talking to Carol and Maria.

Me: So you want us to accompany you while having a special reunion with your mother Maria?

Maria: Yes. I haven't seen my mother in almost 2 years since the Big Bang. I miss her so much.

Varie: I know how you feel Maria.

Me: Me too. Who do you want to have come with us?

Maria: Laney, Gwen, Yumi, May, Manaphy, Chione, Rachel and Carol.

Me: Okay and Me, Lincoln, Luan, Eddy, Vince and Varie will go with you. You lead the way.

Maria: Okay.

---

We were on our way to Dakota City. May and Laney were carrying Gwen and Yumi because they couldn't fly. We arrived and we landed by Maria's house. It was a multi-million dollar mansion.

Me: Wow! I didn't know your family is rich Maria.

Maria: Yeah. My mom is an anesthesiologist. She makes a lot of money.

Laney: That's one of the highest paying professions in all of medical science.

Me: I know.

We go to the front door and Maria knocked on it.

Maria's mom answered it. She was in her doctor uniform. She had red hair and blue eyes.

Katie: Yes? (See's Maria and gasps) Maria?

Maria: Yes mom. It's me. I'm back.

Katie: My baby!

They hugged and embraced in an emotional reunion.

Maria: (Crying) I missed you so much mom!

Katie: I thought you were dead!

Maria: I'm not mom and I have my friends to thank.

Katie saw me and my group.

Me: Hello Ms. Rockell. It's a pleasure to meet you. I'm J.D. Knudson.

Katie: The famous J.D. Knudson. Your adventures are widely known all over the world.

Me: We get that alot.

Varie: I'm Varie Knudson, one of J.D.'s Fiance's.

Rachel: I'm Rachel. It's a pleasure to meet you and I'm one of J.D.'s fiance's.

Me: I'm now in a special ordinence that enables me to have sister wives.

Katie: That's what I've heard. Congratulations to all of you.

Me: Thank you.

Lincoln: I'm Lincoln Loud and these are my sisters Luan and Laney.

Luan: Pleasure to meet you.

Laney: Charmed.

Katie: Pleasure. I heard you have a huge family.

Laney: We get that alot.

Eddy: I'm Eddy. Luan is my girlfriend.

Luan: He is the greatest boyfriend ever.

Me: Luan is the jokester of the Loud Siblings and her jokes are hilarious.

Luan: Yeah.

Katie: That's what I heard.

Carol: It's good to see you again Mrs. Rockell.

Katie: Carol Pingrey. You've grown up the last time I saw you.

Carol: Feels like forever huh? But I've had an incident happen to me to where my biological parents disowned me.

Me: She had a split personality that caused her to do all kinds of terrible things and her parents disowned her because of it. So the Loud family took her in.

Katie: Oh no. I'm so sorry Carol.

Carol: It's all water under the bridge. I've forgiven my parents.

Gwen: I'm Gwen Tennyson. It's a pleasure to meet you.

May: I'm May and this is Manaphy.

Manaphy: It's a pleasure to meet you.

Katie: Pleasure to meet you.

Yumi: I'm Yumi Ishiyama. I moved here from France.

Katie: It's a pleasure.

Chione: I'm Chione. I have a story for you.

Katie: It's a pleasure to meet you and I can't wait to hear it.

Vince: I'm Vince Pusateri. It's a pleasure to meet you Katie.

Katie: Pleasure to meet you too.

Carol: Me and Vince are boyfriend and girlfriend.

Katie: Congratulations Carol. Come on in.

We go in and we had a story for Katie.

Maria: So mom. I'm sorry I was gone for so long.

Katie: I know sweetheart. When I heard about the Big Bang I thought I lost you.

Maria: I know. But I wasn't killed. I was mutated and it turned me into pure water.

Me: It was an experimental biohazardous mutagenic compound and it turned her into pure water and gave her water powers. Many kids were given powers as a result because of it.

Katie: Oh my. Why didn't you come home Maria?

Maria: I was afraid that you would ostracize me because of my appearence and my powers. So I went into hiding.

Katie: Oh Maria. I would never disown my daughter. No matter what happened to you.

Me: I'm glad Katie. But she also got cured because of a divine blessing.

Maria: Yes mom. I was blessed by the Water Stallion of Tefnut, the Goddess of Water in Egyptian Myth.

Katie: That's interesting.

Me: It sure is. Most of us got our powers because of Deities from myths from around the world. Me, Vince and Carol got our powers from Cosmic Radiation, Radiation from Outer Space.

Carol: It's true Ms. Rockell.

Katie: Wow. I didn't know you can get powers that way.

Me: The effects of Cosmic Radiation are completely unpredictable and its power is infinitely strong.

Vince: That's right. I got my powers from Cosmic Radiation 23 years ago.

Me: I got my powers 16 years ago.

Carol: I got my powers almost a year ago.

Katie: Wow. That's amazing. What about you guys? What powers do you have?

Laney: I was the 1st in my family to get powers. But I got them from 2 sources. The first one was an accident from an incident in my sister Lisa's room. I slipped on some of her chemicals and it gave me all kinds of powers. The second was when we went to Grand Venture State Park and I found the Diamond of Gaia and it gave me plant powers. Watch.

I pulled out a big plant pot filled with soil and Laney touched it and an orange tree grew in seconds.

Katie: That is awesome Laney!

Laney: It sure is. I had a lot to learn when I got my powers. It was a tough road.

Katie: I believe it.

Lincoln: I got Lightning Powers and I got them from the Lightning of Hinon, the Spirit of Thunder in Iroquois Myth. We have some ties to the Iroquois Indians in our blood in heritage and Hinon can only grant his powers to anyone that has ties with the Iroquois of

Northern New York.

Lincoln had lightning arch around his hands.

Lincoln: See?

Katie: That's amazing Lincoln. I had no idea.

Lincoln: None of my family did until we had a DNA test done that determined our heritage.

Me: Yep.

Luan: I got Light powers from Sulis, the Goddess of Light in Celtic Myth. Almost a year ago I went on these terrible April Fools Day rampages. These were caused by a split personality I had no idea of having. She would take over and make me do all these terrible pranks that would wind you up in the hospital. After my third April Fools rampage I separated and my evil self was on the outside.

Eddy: Yep. I wrestled around with her and fought her to make sure that she never terrorized her or my best friends again. She pinned me to the wall and Luan defeated her with her Light Powers.

Luan: Yep. It was the bravest thing I've ever seen Eddy do. Here's my Light powers. Watch.

Luan formed a ball of rainbow light in her hand and it became a kaleidoscope of butterflies made of the seven colors of the rainbow.

Katie: That's incredible! Luan this is an amazing gift!

Luan: It sure is. It's very illuminating! (Laughs to Rimshot) Get it?

We all laughed.

Me: (Laughs) That was a good one.

Eddy: (Laughs) That was funny.

May: I got my powers of Water and Ice from the Cold Fire Snowflake of Tsovinar, the Goddess of the Sea in Armenian Myth. Watch.

May created a castle on the table from blue fire and it turned into a beautiful castle of pure ice.

Katie: May that is beautiful!

May: Thank you.

Manaphy: May is a great artist as well as a great fighter for the rights of everyone Pokemon and Human alike.

May: That's right Manaphy.

Gwen: I was given my powers through magic and I found out that I am part Anodite.

Katie: What's an Anodite?

Me: They are a race of creatures made of pure energy. They come from the planet Anodyne located 40,000 light-years away from Earth.

Gwen: That's right. I have part Anodite in me and it's how I got my powers in magic.

Katie: That's amazing. So there is life on other planets.

Me: Yep.

Chione: I am also a hybrid of an alien. When I was a baby I was kidnapped by scientists in Antarctica that were working with Alien DNA to make a hybrid. Their goal was to make hybrids for the famous Ben Tennyson.

Gwen: Ben is my cousin.

Katie: That's huge.

Chione: It is. My DNA was spliced with that of Necrofriggian DNA. I am now half human half Necrofriggian.

Katie: What's a Necrofriggian?

Me: They are a race of Moth Humanoid Aliens from the planet

Kylmyys. An ice planet located 29,000 light years away from Earth. They have ice powers and can freeze anything with their breath. They also can go intangible and freeze anything that they pass through.

Chione: Yep. (Unfolds her wings) My wings can fold to form into a hooded cloak. Watch this.

Chione fired a blast of ice fire and froze the fireplace.

Katie: Wow!

Me: That was ice fire. It's fire that produces an endothermic reaction. Instead of extreme heat it uses extreme cold and freezes anything on contact.

Katie: That's amazing! I had no idea.

Chione: Yeah.

Me: Chione met us on our Global Vacation when we were in Australia. So she became a member of our families. The scientists that did this to her were really playing with fire and when you mess around with the laws of nature like this there will be horrible consequences.

Chione: Yep.

Katie: That's amazing. Well you all are gifted in any way no matter what. So to celebrate my daughters return we'll go out to a bar for dinner.

Me: Thank you Katie. Lets go.

---

We went to a local bar in Dakota City and we were having burgers and fries.

Katie: A toast to my daughter for coming home to me.

Maria: It's good to be home mom.

Then some thugs came and tried to ask Maria to go with them.

Thug: Hey, baby. How about you and I go make out in the parking lot?

Maria: Sorry. Not interested.

Thug: I wasn't asking, babe.

He grabbed Maria's wrist but she punched him in the face.

Me: She's not interested you dirtbag!

Thug: You're all dead!

Soon, a fight in the diner broke out. May grabbed a bottle and used it to smash a thug in the head. Yumi stood on top the table and kicked two thugs in the face. One thug tried to punch Manaphy, but she dodged it and sprayed him in the face with her water gun. One thug tried to punch me but I grabbed the fist before punching the jerk in the nose. Maria kept punching any thug who came near her. Gwen used her mana to grab a bottle and smash it on a thug's head.

May (freezes two thugs with her cold gun): BEST BAR FIGHT EVER!

Me: You said it May. Great job girls.

I called the police and the thugs were arrested.

Officer: Whoa! You guys have no idea who you arrested.

Me: What do you mean officer?

The officer pulled out a wanted poster and showed it to me.

Me: "Wanted by the FBI: Mark Nathan, Armed and Extremely Dangerous. Wanted for murder in 12 states!?" Whoa! We just nabbed another serial killer!

Officer: It's worse than that. Read the rest.

Me: "Mark Nathan is a member of a serial killer motorcycle gang that's been terrorizing all of the East Coast. The gang is called Horsemen of Blood and they are recognized because of the logo of a skeleton on an evil horse slashing a persons head off." Whoa! I've heard reports about these guys flying around the country like wildfire and they are the most evil, ruthless and most notorious biker gang in the country. We were gonna go after them one day but they came to us instead and we beat them and got them captured.

Officer: You sure did. They did all kinds of horrible crimes around the eastern side of the country. Arson, Armed Robbery, Assault and Battery, Property Damage, drug possession and production and multiple counts of Murder and attempted murder.

Me: Whoa! I've read a lot about the Hell's Angels Motorcycle Gang but these guys make them look like Children riding Tricycles compared to them.

Officer: (Laughs) That's a good way to describe them.

Chione: How many people did they kill?

Officer: 482 people. Most of them were women and children.

Me: These people are monsters and the most prolific serial killer gang in history. They have absolutely no regard or respect for the value of human life. How much damage did they cause?

Officer: $50.2 billion in damages. They destroyed banks, office buildings, police stations, fire stations and lots of houses

Me: These guys are the ultimate homicidal maniacs. Make sure they get punished to the maximum extent of the law.

Officer: We will J.D. and thank you for nabbing them for us. We've been after them for 5 years.

Me: Wow. I had no idea that they were terrorizing the country for that long and caused so much pain, suffering and destruction and you're welcome officer.

They took them away and everyone cheered wildly for us apprehending the Horsemen of Blood.

Me: Thank you all. But we had no idea that they were coming to us.

Maria: I'm sorry about that mom.

Katie: No it's all right Maria. You did a really good deed today. After today I'm gonna move to Royal York with you and ask to move my job to the Royal York hospital.

Me: That's a wise decision Katie.

Varie: Yeah.

Rachel: It's a good idea in my opinion.

Laney: Yeah.

* * *

Later we beamed Katie's home to Royal York and she and Maria were right at home in our block. Maria had a lot of catching up to do with her mom.

The members of the Horsemen of Blood were found guilty of all their crimes and sentenced to eternity in the Moon's Cryoprison. They were also ordered to pay $100 billion in restitution.

THE END

NicoChan11 gave me the idea for this chapter. Thanks for the great idea and the idea of the thugs coming. The gang name I got out of the blue. Let me know what you think. Thanks again man.

See you all next time.

# A Chili of Death

It starts with us cooking in the kitchen. We have a big pot on red hot coals and in it was chili.

Me: Okay add some hot sauce.

Lola added some Frank's Red Hot Cayenne sauce.

Lola: Say when.

Lola added the whole bottle.

Me: It's a big pot so the whole bottle is perfect. Now we need lots of cans of beans.

Laney: Okay. I got navy, kidney, black, garbanzo, pinto, and chili beans. 5 cans of each.

Me: Perfect. (To the viewers) In case you're wondering what we're doing, we're cooking a big pot of chili for the annual Royal York Chili Cook Off at the Michigan State Fair. And they are having a contest for the spiciest and most delicious chili.

Lincoln: (To the Viewers) That's right and the winner gets a trophy and $5,000,000.00 in cash.

Me: We've been known for eating all kinds of nuclear hot spicy food and more. So we're sure to win the contest. We have a special strategy for winning the contest.

Lincoln: Oh yeah. And it's gonna be awesome!

Lori came in.

Lori: That chili literally smells really good guys.

Me: It's for the Chili Cook Off, Lori. We have a few ingredients that are a surprise for the judges.

Lori: And what would they be?

Me: I'll show you.

I go to the fridge and pull out a black case with the radioactive symbol on it. I press a couple of buttons and open it and it had a jar of peppers in it.

I put on some welding gloves and take it out and put it on the table.

Me: These are the hottest peppers in the world and the most insanely spicy peppers ever created in the galaxy. These are the Merciless Peppers of Quetzalacatenango A.K.A. the Guatemalan Insanity Peppers.

Everyone gasped in sheer horror.

Lori: Those peppers will literally kill anyone that eat them!

Lucy: I'll be sure to make sure they have a nice funeral.

Me: I know. These peppers were made by the inmates of a maximum security Guatemalan Insane Asylum.

Luna: Why would they make peppers like that dude?

Me: I don't know the full extent of the story but it's said that if you eat these peppers they will induce hallucinogenic delusions on you. Now once I add these peppers into the chili we have to duck.

Lori: Okay.

Leni: What do ducks have to do with chili?

Me: Here we go.

I poured the whole jar of peppers in and we duck and covered as a huge fiery explosion blasted out of the pot of chili!

KRABBBBOOOOOOOOOOOOOOOOOMMMMMMMMM!

We got up and saw the chili in the pot glowing neon red and my geiger counter was clicking like crazy.

Me: Wow! That is potent and deadly. It's like eating Plutonium.

Luan: That is an insane pot of chili. The heat coming off of it is incredible!

Bart: It sure is. Dad from what I remember you had the Guatemalan Insanity Peppers right?

Homer: I sure did son. It was the most stupidest thing I've done at the Springfield Chili Cook Off. I had to coat my mouth in candle wax and I ate 7 of those peppers.

Me: That is crazy Mr. Simpson.

Bart: But this chili is wicked hot.

Me: It sure is Bart.

Varie: This chili looks like it will pack a wallop.

Rachel: Yeah.

Me: But nonetheless it's ready and just in time too. The Cook Off is in one hour.

---

We brought the pot of chili to our booth at the Chili Cook Off. It was an Occult Booth with a dark theme.

Me: Everything is ready.

Lola: Did you have to use a dark flare for it Lucy?

Lucy: It was all my idea. I had a feeling we were making a chili that looked like it was from the Netherworld.

Me: It's perfect for this Lucy.

Tim arrived.

Tim: Hey guys.

Me: Hey Tim. You entering the contest too?

Tim: I sure am. My Chili that I'm entering is Mexican Tofu Chili. (Hands me a bowl) Try some J.D.

Me: Sure. (I ate the chili and it was tasty) Delicious. You make great chili.

Tim: Thanks man. What chili did you make J.D.?

Me: We call it Nuclear Apocalypse Death Chili. You may want to stand back because it's really potent.

I take the top off the pot and the heat coming from it was unbelievable.

Tim: Whoo! That is hot!

Me: Yeah. It's got a special ingredient. This.

I take some tongs and pull out a Guatemalan Insanity Pepper and it was glowing red hot and the stripes on it were glowing yellow.

Me: These are the Merciless Peppers of Quetzalacatenango. They are the hottest peppers in the world and they were made by the inmates of a maximum security Insane Asylum in Guatemala.

Everyone gasped in sheer horror when they saw it.

Tim: Whoa! That looks like a deadly chili and I love spicy food!

Me: Want to try some?

Tim: Sure.

I pour a bowl for him.

Me: Here. Wear these for protection. This stuff is like handling Lava from the Earth's core.

I hand him a pair of welding gloves.

Tim: Oh thanks. Good thinking.

He put on the gloves and I hand him a bowl and he ate it. Suddenly he screamed in agony.

Tim: YYYYAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAHHHHHH

Lily fired a blast of water and it went into his mouth and cooled him down.

Tim: (Relieved) Aah. That was intense!

Lynn: Glad you liked it TIm.

Bart: My dad ate these peppers in Springfield's Chili Cook Off before we blew it up. It screwed up his mind so bad that he couldn't think right.

Homer: Why you… You're right son.

Tim: I can believe it. Thanks for the chili guys and good luck.

Varie: Thanks Tim.

Lana: Here come the judges guys.

The judges were Rita, Volcana, Rock Lee, Hercules and Zoe.

Me: Ms. Rita, Volcana, Lee, Hercules & Zoe. I didn't know you guys were the judges for this years Chili Cook Off.

Rita: It's the best job ever for the annual event J.D.

Volcana: I love spicy food. Being made of fire I love the stuff.

Me: I believe it. How has your training coming along Lee?

Lee: It's coming along great J.D. I've been learning so much under Guy-sensei and my youth is gonna go far!

Me: That's the youthful spirit Lee.

Hercules: Yeah. So what chili do you guys have?

Me: This is our Nuclear Apocalypse Death Chili. It's made with the hottest peppers in the world. The Merciless Peppers of Quetzalacatenango!

I pull out a pepper and they gasped in sheer horror.

Zoe: I've heard alot about those menacing peppers. They are so insanely spicy that they will blow you to pieces.

Me: Yep. And if you eat them they will cause hallucinogenic delusions.

Lisa: Affirmative. These Capsicum Peppers contain the hallucinogenic drug called Psilocybin.

Me: Psilocybin? The Magic Mushroom drug?

Lisa: Correct.

Rita: That is some potent stuff.

Zoe: It sure is.

Volcana: Lets see if it has that.

I make bowls of our nuclear chili and handed them welding gloves.

Me: This chili is really hot so you have to wear welding gloves for handling it.

Rita: Good thinking J.D.

They put them on and I handed them their bowls. They took a bite and they screamed in agony and enormous bursts of fire exploded out of their mouths.

Rita, Volcana, Rock Lee, Hercules and Zoe: YYYYAAAAAAAAAAAAAAAAAAAAAAAAAAAHHHHHHHHHHHH!

Me: Hit the deck!

We ducked as they ran like frightened chickens and fire blew out of their mouths.

Lily fired blasts of water into their mouths and cooled them down.

Me: You guys all right?

Rita: Yeah. That was really good.

Volcana: Yeah. It was delicious.

Me: Glad you all liked it.

Rita: Liked it? We loved it! And we have our winner!

We cheered wildly and we were handed the trophy. It was a gold fiery chili pepper. We got a case with $5,000,000.00 in cash.

Me: Great job guys.

Lincoln: Thanks J.D. We made a really good chili.

Lori: We sure did Lincoln. We literally blew their taste buds away.

Ember: Yeah we sure did blow them away dudes.

Carol: Yep.

Cody: It was an awesome experience.

Later we celebrated with ice cream at a local ice cream bar.

Another fanfiction complete.

I got the idea for this one from the Simpsons episode "El Viaje Misterioso de Nuestro Jomer (The Mysterious Voyage of Homer)" That was one of the funniest episodes I've seen. The part where Homer went nuts because of the Guatemalan Insanity Peppers was probably the craziest part of the episode. It was weird. Not as weird as where Brian went nuts because of those Mushrooms on Family

Guy. Now THAT was crazy. Let me know what you all think.

See you all next time.

# Frying Some Eggs

It starts with us watching TV when Lisa came down to the Living Room and she had a look of worry on her face.

Lisa: 2nd Big Brother! We have a huge problem!

Me: What's wrong Lisa?

Lisa: Our neighboring city of Retroville located approximately 20.5 miles from Royal York was just visited by Extraterrestrial Life!

Me: Aliens from another world!? When did this happen?

Lisa: 12 hours ago. My space scanners detected it here.

Lincoln: This is serious.

Me: Yeah. Leslie, Ben, Alexis, you guys go check it out and see what's up in Retroville.

Ben: You got it J.D.

---

Ben, Alexis and Agony were in Retroville and they saw all the kids on the ground with nasty stomachaches and more.

Ben: What happened here?

Agony: There are no adults anywhere. Where could they have gone?

Alexis: I don't know but this is not good.

Agony was tackled by someone. It was a kid named Jimmy Neutron. Ben was attacked by a kid named Sheen and he tackled him. Alexis summoned Cyber Blader and White Night Queen.

Jimmy (points blaster at Agony's head): I'm gonna ask you this one time. Where are Hugh and Judy Neutron?

Ben Tennyson (pins Sheen down with his foot): Yeah, I'll do you one better. Who are Hugh and Judy Neutron?

Sheen: I'll do you one better. Where are Hugh and Judy Neutron?

Jimmy: Tell me where they are, or I swear to you, I'm gonna fry this purple lady's head!

Ben (gets mad): Let's do it! You shoot my friend and I'll blast yours! Let's go! (aims fireball at Sheen's face)

Sheen: Do it, Jimmy! I can take it.

Carl (wrapped up in Agony's webbing): No, he can't take it!

Alexis (Cyber Blader by her side): He's right, you can't.

Jimmy: Oh yeah? You don't wanna tell me where our parents are? That's fine! I'll kill all three of you and I'll beat it out of Goobot myself, starting with you! (puts his blaster to Agony's head]

Alexis: Wait, what? Goobot? Alright, buddy. Who's your boss?

Jimmy: Who's my boss? Am I supposed to answer with "Albert Einstein"?

Ben: You're from Earth, aren't you?

Jimmy: Yes. Retroville, to be precise.

Ben: Ok. I think there's been a misunderstanding here.

Agony's symbiote retracts to reveal Leslie's face.

Leslie: So you're not with King Goobot?

Jimmy: With King Goobot? No! I'm here to kill King Goobot! The Yokian's took our parents again. And who are you guys anyway?

Leslie: We're friends of the Loud Family.

Carl: Oh, wow! We've seen you guys on the news!

Ben (lets Sheen go): Sorry about the misunderstanding.

Jimmy (lets Leslie go): It's fine. I'm just stressed out because of our parents getting kidnapped again.

Ben: This happened before?

Jimmy: Yes. It was 2 years ago.

Alexis: They won't quit will they. Sorry I'm Alexis Rhodes.

Agony: I'm Leslie Gesneria but we are also Agony.

Ben: And I'm Ben Tennyson.

Jimmy: Pleasure to meet you all. I'm James Issac Neutron. Everyone calls me Jimmy.

Sheen: I'm Sheen Estevez.

Carl: I'm Carl Wheezer.

Alexis: Pleasure to meet you all. (Calls me) J.D., we've just met some people that you might want to meet.

Me: We're on our way Alexis.

* * *

Me, Lincoln, Rachel, Varie, Vince, Cody, Shannon, Laney, Maria, Katie, Lisa, Ed, Max Ride, May, Max, Manaphy, Lucy, Mary Jane, Spider Man, Starfire, Volcana, Gwen, Chione and Zoe were flying with me. With Maria was her little sister Carmen. She has Fire Powers like Hotstreak because of the Big Bang. We landed.

Alexis: Thanks for coming J.D. We found out what's going on here in Retroville.

Me: What is it Alexis?

Jimmy: The famous J.D. Knudson and the Loud Siblings and friends. It's a great honor to meet you all. I'm Jimmy Neutron.

Sheen: I'm Sheen Estevez.

Carl: And I'm Carl Wheezer.

Me: It's a pleasure to meet you all.

We introduced ourselves.

Jimmy: It's an honor to meet you all.

Carol: It's a pleasure too.

Alexis: Here's what's going down J.D.

Alexis told me everything.

Me: The Yokian's are at it again. They just will never learn.

Lincoln: What are the Yokian's?

Me: They are a race of Egg Aliens. They have a liquid form and they need an egg shape robot body to move. They're primarily a race of space hunters who search the universe for worthy prey to sacrifice to their god Poultra. They live on the planet Yokus about 3.2 million Light Years away from Earth.

Jimmy: That's right. The Yokian's kidnapped our parents almost 2 years ago and they attempted to take Earth by force when they came here. Now it's personal again. They kidnapped our parents again 12 hours ago and are gonna finish the job.

Shannon: That's awful.

Carol: We have to put an end to those monsters for good this time and make sure they never come back.

Me: You're right Carol. Lisa, deploy the U.S.S. Valor.

Lisa: Affirmative 2nd Big Brother.

Lisa pulled out a remote and pressed a big red button and the ground rumbled. A huge hatch opened up under an abandoned building and the U.S.S. Valor arose from the ground.

Maria: Wow! What a starship!

Alexis: It's amazing isn't it? I'll never forget helping in rescuing the people of Krypton with it.

Varie: It's an impressive ship huh?

Rachel: I'll say. What a ship.

Me: Yep. We're going to the planet Yokus, rescue Retroville's parents and put an end to the Yokian's once and for all.

Sheen: What do you mean J.D.?

Me: After we rescue the parents, we're going to blow up planet Yokus and kill all the Yokian's.

Everyone was shocked that I would make such a crazy decision.

Varie: J.D. that's crazy!

Me: I know. But we have no choice. If we don't stop the Yokian's for good they will just keep returning and trying it again and they won't stop until they succeed. So what better way to hit them where it hurts then by blowing up their planet and destroy them all.

Rachel: He's right. We have to stop them or it's Deja Vu all over again.

Jimmy: I agree with you Rachel.

Cindy: Me too. We won't let the Yokian's get away with this ever again.

Nick: Me too guys.

Lincoln: Okay guys. It's time to put Operation: Annihilate The Yokian's So We Can Rescue The Parents Of Retroville And Free The Universe From Them And Think Of A Shorter Name For This

Operation into action.

Jimmy: That's a mouthful.

Me: I know. How about Operation: Yokian Genocide?

Lincoln: That's perfect.

Me: Lets do it!

---

We got our ships ready and set target destination for the planet Yokus. Ben, Gwen, Maria, Chione, Katie and Carmen were in the Rust Bucket 3.

Me: All right. All systems green and ready for launch.

Alexis: Roger that.

Jimmy: Begin Launch J.D.

Me: Roger that. Activate launch sequence. T Minus 10 seconds to launch.

10… 9… 8… 7… 6… 5… 4… 3… 2… 1… 0

(Kids in America by No Secrets plays)

Our ships launched and we were on our way to Yokus.

Me: Hold on parents. We're coming to save you. Get ready Yokus, your reign of terror ends now!

---

We were traveling through the endless void of space beyond our galaxy and witnessing some of the most amazing feats that the Universe has to offer.

Me: This is incredible. It's hard to imagine that we're this far out in space and we're seeing things that not even the Human Eye can see from Earth.

Jimmy: That's right J.D. No human or dog has ever seen this much out here.

Me: Yeah. Cindy I have a question to ask you.

Cindy: What is it J.D.?

Me: Why do you pick on Jimmy all the time? What has he done that would warrent such abhorent behavior?

Cindy: Because he's been smarter than me and has always stolen my thunder.

Me: Oh I see what it is. You're jealous of him. Sure he may be more intelligent than you mentally but he has done so much for all of you in Retroville. He is a great scientist like Lisa is. You and Jimmy have been given great intelligence to not just help people but also help further benefit humanity for the greater good.

Jimmy: Thanks J.D. That means alot to me.

Me: You're welcome Jimmy. Also Cindy there's no need for you to be Jealous of Jimmy because he's much smarter than you. You are just as gifted as he is.

Lisa: J.D. is correct Cindy. No one should ever be mocked for their intelligence stature. I'm only 4-years old and I have the incredibly high intelligence quotient of 330 and I started talking in the first few seconds of my life.

Me: That's incredible Lisa.

Lincoln: Lisa has always been the most gifted one of us in our family J.D.

Me: I believe it.

Cindy: That's incredible Lisa. You are a smart girl with the mind of an advanced college professor.

Lisa: Indeed. But you and Jimmy have what it takes to do great things for the greater benefit of humanity. Like cure every disease known to man.

Me: Or invent hypothetical devices that were never thought possible.

Jimmy: That's true.

Cindy began to realise that she was a monster to Jimmy and began to understand that there's more to Jimmy that can help her become a strong and gifted person.

Cindy: Oh Jimmy. What have I done!? (Crying)

Jimmy flew to Cindy and held her hand from the ship.

Jimmy: It's not your fault Cindy. You were just jealous of me. You are a great girl with amazing smarts and that's what makes you who you are. Never forget that.

Cindy: (Sniffles) But Jimmy I've made fun of you, called you names, even discredited you for your inventions. How can you call me smart when I've done all that to you?

Jimmy: Because even though we have our differences I still care about you and all our friends. Never forget that.

Goddard barks in agreement.

Cindy: You're right Jimmy. I won't forget that.

Libby: That was real sweet of you Jimmy.

Jimmy: Thanks Libby.

Nick: What you said was really cool Neutron.

Jimmy: Thanks guys.

Me: You're welcome Jimmy.

Sheen: How did you know that Cindy was jealous of Jimmy, J.D.?

Me: Lets just say Sheen that we've all had a dramatic impact on the planet and we have a reputation of changing people for the better.

Vince: That's right partner. We have done so much that it defies all logic.

Carol: Yeah.

Carl: We saw all your achievements on the news and they were amazing.

Me: Thanks Carl.

A device beeps on our control console and we saw up ahead a planet with a huge energy field. It was planet Yokus.

Me: There it is. Planet Yokus dead ahead.

Ben: It's an advanced city planet.

Gwen: It sure is.

Carmen: I hope we get to kick some Yokian butt.

Maria: Yeah.

Me: We will guys.

In front of the planet we saw a bunch of ships that look like chickens.

Me: Looks like they formed a blockade to make sure we don't get through.

Jimmy: That's what it looks like.

Me: All right then. All hands Red Alert! Man your battlestations!

The alarms went off and we manned our weapons.

Me: Fire lasers and torpedoes!

We fired ion lasers and proton torpedoes at the ships and destroyed them in fiery explosions.

Me: We breached the blockade. We'll land in the city and confront King Goobot in his castle.

Jimmy: Right.

We land inside the city and it was an amazing place. It was all an amazing city and the Yokian's were an advanced race.

Me: This is amazing. Too bad they all have to die. But I sense that there are rebels here that want to take Goobot down.

Varie: I feel it too.

Me: Okay. Varie, you lead a party to find the rebels and meet me at the castle. We'll take the fight to Goobot and end him for good.

Varie: Okay. Be careful guys.

Me: We will. Lets go!

We split up.

---

We went into the castle and we saw Goobot talking to his brother Ooblar.

Goobot: That meddling Jimmy Neutron and his friends are here. I feel their presence.

A purple web wrapped around Goobot and Alexis froze him in ice.

Ben (grabs Goobot's arm and uses electricity on it): Leslie, you and Alexis keep him in place.

Leslie: Right! (Webs Goobot up while Alexis freezes his other arm)

Jimmy (to Goobot): Not so tough now, are you? Where are our parents?

Goobot (chuckles): If only you knew!

Libby: Jimmy, I just found out from another Yokian about what's gonna happen to our parents.

Jimmy: What did you find out?

Libby: He said something about sacrifices to their god, Poultra.

Me: Just as we thought.

Goobot: Haven't you figured it out yet, Neutron? By the time we're done, there won't be any parents for you to take back to Earth.

Me: When we rescue the parents of Retroville we're gonna blow this entire planet into Oblivion and kill you all!

Jimmy (gets angry): You monster! Tell me she's lying!

Ben: Jimmy, you need to cool it, ok? Don't engage him now! We've almost got this jerk killed!

Jimmy (loses it): YOU MONSTER! YOU'LL PAY FOR THIS! (constantly hits Goobot and unintentionally frees him from the webbing and ice)

May fired a blast of ice and Leslie retangled him in web. Chione restrains Jimmy.

Chione: Jimmy you have to calm down. Getting worked up about it won't work.

Jimmy: You're right Chione. Thank you.

Me: Ed, unleash your secret weapon.

Ed: Okay.

Ed pushed the button on his watch and he became Ed-Zilla.

Me: Sic him boy!

Ed-Zilla lunged at Goobot.

King Goobot V: ENOUGH! All of you are beneath me! I am a king, you fools. And I will not be thwarted by-

Edzilla grabs Goobot and slams him into the floor five times like a rag doll, then leaves him lying face-up in the resulting crater.

Edzilla: Puny king.

Me: Good boy Ed.

Ed reverts back.

Me: It's over Goobot. Your days of terrorizing the Universe are finished forever.

Varie came in and with her were a bunch of chicken humanoid rebels. They were the original rulers of Yokus before the Yokian's took over.

Varie: We got here and killed all the guards and stormed the castle.

Ooblar: The Rebels have won!

Jimmy: That's right. Now give us back our parents!

King Goobot V: Never! They will be sacrificed to our god Poultra!

Varie: You're too late for that you rotten egg! They're on our ship and we're out of here!

Me: That's right Goobot. The days of the Yokians are finished forever.

We beam back to the ship.

King Goobot V: To the ships!

---

Back on the ship we went above the planet.

Me: Activate the secret weapon.

The ship opened up it's underside and revealed it's ultimate weapon: a planet destroying super ion laser.

Lisa: Target locked on and ready to fire.

A red button opened on my console.

Me: Burn in Hell you Scrambled Egg Freaks!

I pressed the button and the laser fired and it hit the planet and completely obliterated it in a tremendous explosion.

KRAAAABBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Laney: Bingo!

Carmen: Bullseye!

Lincoln: Good shot J.D.!

Me: And Good Riddence to bad rubbish!

Starfire: Yes. The Yokians will never terrorize the Universe again.

Ben: No they won't.

Alexis: Sensors are picking up something in the debris.

Me: On screen and Magnify.

It zoomed in and found King Goobot still alive and floating among the debris.

Lincoln: It's Goobot. He's the only one that survived the explosion.

Me: Beam him aboard and throw him in the brig.

Gwen: Right.

We beam him aboard and throw him into a cell in the brig.

Me: Lets go home.

Ben: This adventure did do one good thing for us J.D.

Me: And what's that Ben?

Ben: Me and Leslie became very closer and became brother & sister.

Gwen: That's awesome Ben.

Chione: It sure is.

We then went back home to Earth.

Because of us, not only was The Yokian Race was completely destroyed but Goobot was now forever cursed to wander the entire Universe alone; the last of his kind.

He was thrown into the Moon Prison forever and placed in a special chamber that left him in his scrambled form.

The parents of Retroville were brought back safe and families that were torn apart by the Yokian's were reunited once again.

Judy: Thank you for saving us all from the Yokian's J.D.

Me: You're welcome Mrs. Neutron. When we heard all about your abduction by the Yokian's we set out to save you.

Hugh: This was one of the most amazing adventures we've seen from you J.D.

Me: I know Mr. Neutron. Now that we destroyed the Yokian's and captured Goobot we'll never see them ever again. The rebels are now gonna live on Earth from now on.

Judy: That's amazing.

The rebels of Yokus are called the Akatorus. They are benevolent race of humanoid chickens that were formerly the dominent species of Yokus before the Yokian's rose up and ruined their home. They swore to take it back when the time came. We were the catalyst that lead them to take back their world. But because Yokus was ruined beyond repair they had no choice but to abandon their home and set up a new home. We destroyed Yokus and eradicated the Yokian's forever. Goobot is now our prisoner in the Moon Supermax Prison. The Akatorus were made official citizens of Earth after I explained everything at the United Nations.

THE END.

Another Fanfiction Complete.

NicoChan11 gave me the idea for a Jimmy Neutron: Boy Genius chapter. I didn't know how to set this one up but Jimmy Neutron is one of my favorite movies and it was awesome. Patrick Stewart did a great job voicing King Goobot V on the series. He went from Star Trek to villain on Jimmy Neutron. This was a popular show on Nickelodeon from 1998 to 2006. Tim Curry did a great job as Professor Calamitous. It was cancelled when DNA Productions went under and a 4th season of the show was planned. What a rip. Let me know what you think. Thanks again for the idea Nico.

See you all next time.

Jimmy Neutron is owned by John A. Davis, Nickelodeon Studios, O Entertainment and DNA Productions.

# Justice for Eddy

It starts with Eddy in the early morning hours. He and Luan are sleeping in the van hangout and Eddy is having a bad dream. In his dream he's seeing himself as a young kid and his older brother Tyrone is always picking on him. His brother was always mean to him growing up. He would do all kinds of horrible things to him. He would torture, tease and humiliate him. Tyrone would also rule over Peach Creek with fear. Rolf and Kevin were terrified of him the most. But Nazz thought he was a great mountain climber and a multi-talented man. Tyrone moved away and never came back and Eddy followed in his footsteps. But then the Vengeance Express happened after the Scam of The Century went totally wrong and the kids were going to beat the Ed's to within an inch of their lives because of it. At Mondo A-Go-Go seaside amusement park they met Tyrone again and everyone discovered that Tyrone was the meanest brother ever and that he beat Eddy up all the time and Eddy became a heartless and selfish jerk because of him. After he was knocked out because of Ed unhitching the door from his whale-shape mobile home the Kanker's attempted to rape the Ed's and Tyrone saved them and got the Kanker's arrested. But Tyrone wasn't finished yet.

---

8:00 AM.

Eddy woke up and he screamed in fear.

Luan woke up and was concerned.

Luan: Are you all right Eddy?

Eddy: What a nightmare!

Natilee opened the door to the van.

Natilee: Eddy are you okay?

Eddy: I think so.

Natilee: Did you have a nightmare about your brother and the Kankers as well as the whole Scam of The Century incident?

Eddy: Yes I did. How did you know all about that?

Natilee: My dream powers tell me all.

Luan: It's true Eddy. Natilee has powers that enable her to tell her when a person is having a bad dream.

Eddy: That's cool! But yes. That was my nightmare.

Natilee: Well it's time for breakfast guys. You can tell us all about it there.

Luan: Okay.

At breakfast they were having pancakes made by me and Lynn Sr.

Luan: You always make really good pancakes J.D.

Me: Thanks Luan. It's a recipe I shared with Mr. Lynn.

Lynn Sr.: That's right.

Me: It's a fluffy good time in each one. A shortstack of wonder. (Rimshot)

We all laugh.

Luan: (Laughs) Good one J.D.

Eddy: (Laughs) That was funny.

Lynn Sr.: (Laughs) Good one.

Rachel: (Laughs) That was a good one.

Me: Thank you. So Eddy, Natilee said you had a bad dream. It was about your brother and the Kanker's.

Eddy: I did.

Marie K.L.: I can't believe I was like that. I was a monster. And it's all because of my stupid former mother.

Varie: I know Marie. Your former mother and sisters were monsters and they got what they deserved.

Rachel: It's hard to imagine that they're that evil and one was executed and Lee and May are now cursed as 100-year-old women until the day after doomsday.

Talia: I know. They are just pitiless and remorseless people.

Me: Yep. But we can't let the deeds that Eddy's brother did go unpunished. He needs to face justice for the terrible crimes he did to both the citizens of Peach Creek in General and to Eddy. No one should ever have to endure all that abuse at the hands of anyone, let alone a family member.

Lori: I agree with you on that J.D. What Eddy's brother did to him was beyond pure evil. He needs to literally face justice for his crimes.

Eddy: You would do all of this for me guys?

Me: Sure Eddy. Friends always care for eachother and help people out when they need it. Lets eat first and head out to Peach Creek. It's time for a reunion and then… It's Payback Time.

Luan: That's right!

We ate our breakfast and then we set out for Atlanta, Georgia.

(On Sacred Ground by Yanni (Live 2006) Plays)

Marie K.L. was riding Marianas and Ed and Edd were with her. Me, Varie, Rachel, Talia, Cody, Sarah, Eddy, Luan, Lincoln, Laney, Lucy, Lana, May, Manaphy, Maria, Carmen, Spiderman and Mary Jane were flying and swinging with them.

We landed in Peach Creek and saw that it was the same as when

we left.

Lana: So this is where you used to live guys?

Eddy: Yep. It was home sweet home.

Edd: Until May and Lee ruined it.

Ed: Yep. Hey look it's Rolf! Hiya Rolf.

Edd: Greetings Rolf.

Eddy: What's up stretch?

Rolf: Hello Ed Boys. What brings you all out here?

Me: Hey Rolf. We're going to help Eddy get justice for him by punishing his brother..

Rolf: Eddy's brother is a monster. I can't believe he caused me to be afraid of him.

Me: I know. We won't let him get away with everything hes done to you all and Eddy. Oh you already know Marie, Luan, Lincoln, Lucy, and Laney. These are more of my friends. Marie is on the path to redemption just so you know.

They introduced themselves.

Rolf: Pleasure to meet all of you and I'm glad the blue hair former Kanker girl is on the path of light.

Marie K.L.: Thanks Rolf.

Kevin: Hey guys!

We saw Kevin, Nazz, Jimmy and Jonny.

Me: Hey guys!

Ed: Kevin! Nazz! [He hugs them tightly.]

Kevin: Ed.

Ed: Hello!

Nazz: Ed!

Ed: Hello!

Nazz: ED!

Ed: Hello!

Kevin (he and Nazz break free of the hug): Nice to see you again, Ed. But we'll need those ribs later!

Ed: Oh. Sorry. It's good to see you guys again.

Jonny: You too Ed.

Jimmy: We missed you ya big lug.

Sarah: Jimmy!

Jimmy: Sarah!

Sarah and Jimmy hugged and were reunited for the first time in almost a year.

Jimmy: I missed you Sarah!

Sarah: Me too Jimmy.

Me: You two must be Jonny 2X4 and Jimmy.

Jonny: That's right J.D. We heard all about your adventures all over the world and they are awesome!

Jimmy: It's all so much fun.

Kevin: So what brought you all back to Peach Creek?

Me: Payback against Eddy's Brother. We're gonna make sure that he faces justice for his crimes against Peach Creek.

Kevin: What he did was completely unacceptable and that makes him the biggest dork of them all.

Eddy: Took the words right out of my mouth Kev.

Luan: We're gonna show him the Light. (Laughs) Get it? But seriously he will pay for his crimes.

We all laugh at Luan's pun.

Me: That was a good one Luan.

Jimmy: (Laughs) Luan your jokes are funny.

Sarah: Her jokes always crack us up Jimmy.

Laney: So how are we gonna go after Eddy's Brother?

Me: We'll build makeshift weapons and arm ourselves for battle. First tell your parents and let them know of all the terrible crimes Eddy's Brother has done. By the way Eddy what's your brothers name?

Eddy: Tyrone.

Me: Intimidating. Lets get to work. We set out for Mondo A Go Go Seaside Amusement Park in 2 hours.

Varie: Right.

Talia: Lets get ready.

We start making guns, swords, rifles, bazookas and more out of everyday objects.

Eddy was on the phone with his dad, Jack.

Jack: Are you serious son?

Eddy: Yes dad. Tyrone has been a monster to me ever since I was 5. I was afraid to tell you because he threatened me. He beat me up all the time until he moved out.

Jack: Oh son. I had no idea you were in a lot of pain because of him.

We were too blind to notice and now we realize that we punished you all those times for nothing. It was because of Tyrone. Sure he may have taught you some things and everything about them was a lie but what he did cannot go unpunished.

Eddy: I know dad. We're going over to Mondo A Go Go to bring justice to him.

Jack: I had a feeling you would son. Go get him and we'll be right down to see that he gets what's coming to him.

Eddy: Thanks dad.

I walked up to him.

Eddy: My mom and dad are coming to see him when we arrest him.

Me: All right. That's gonna take a few hours though. You all set Eddy?

Eddy: Ready.

Kevin: We're all set J.D.

Me: Okay. You guys are gonna love our rides. (Whistles)

Horse winnies were heard and a bunch of fireballs came out of the sky and they turned and landed on the street. They were a bunch of Ponyta and a Rapidash.

May: Ponyta and Rapidash.

Me: Yep.

I get on Rapidash.

Me: We are gonna be Eddy's Avenging Angels and our mission is to bring justice to Tyrone.

Everyone got on a Ponyta.

May: This is gonna be awesome.

Manaphy: It sure is.

(Ghost Riders in The Sky by Spiderbait plays)

Me: Yep. Watch out Tyrone. We're coming for you. Lets ride!

We were off. We were going to Mondo A Go Go at a blazing speed that not even the police radar guns could follow us.

We rode 100 miles to Mondo A Go Go Seaside Amusement Park and we arrived in 3 hours.

Me: Here we are guys.

Luan: So this is Mondo A Go Go. It's like the boardwalk on the New Jersey Shore.

Edd: That's a good similarity Luan.

Rachel: Everything looks like fun here.

Varie: It sure does.

Me: Yeah. This place would be perfect for Lake Huron or Lake St. Clair. Eddy you know where he lives here right?

Eddy: I sure do. Follow me.

Eddy lead us to the trailers and he showed us Tyrone's trailer. It was a Whale-Shape house.

Eddy: There it is.

Me: It's a trailer shaped like a whale.

Lana: That is cool! But I don't think Lola would like living in a house like that.

Laney: No she wouldn't Lana. She's more like a princess in a beautiful castle type girl.

Varie: That's right.

Me: All right. Lets get his attention. Fire a bowling ball at the door.

Kevin: Right.

Kevin readied his bowling ball bazooka and aimed it at the front door. He fired.

KABOOM!

A bowling ball went flying faster than a bullet fired from a gun. It crashed into the trailer and knocked it over.

WHAM! CRASH!

Me: Whoa! That was powerful. I didn't know that it would knock it over.

Kevin: I guess we built our weapons to well.

Talia: Yeah.

The door came open and we drew our weapons and stood right to fire.

Tyrone came out and he saw us.

Tyrone: What the? Pipsqueak? What are you all doing here?

Eddy: We didn't come here to chat. We came here for revenge.

Me: Tyrone you are gonna pay for everything you've done to Peach Creek and your brother Eddy.

Eddy: Yeah!

Tyrone: This is about me abusing you, isn't it? I thought we put that all behind us.

Spidey: Like he's gonna forget about all the times you treated him like trash!

Tyrone: Well, he should still be thanking me. (to Eddy) When the Kankers had you and your friends cornered, they were about to rape you. But I stopped them at the last minute. I saved your life!

Eddy: Will you shut up about that!? Ever since that moment, you were throwing that in my face, like it's something to be proud of. Newsflash, you only helped out at the last moment! You abused me, man. You made me scam so many people and made me cause so much property damage!

Luan: He's got a point!

Eddy's Brother: Is that what she's been filling your head with, pipsqueak? Sentiment? It's only made you soft in here! Right here! (points to his chest and pushes Eddy back)

I punch him in the face and he lands on the ground.

Me: You won't lay a hand on Eddy ever again you jerk!

Nazz: Yeah! What you've been doing to all of us was not cool!

Tyrone: Well yeah. Wait a second. Aren't you the blue hair Kanker Girl that was arrested for hurting my brother?

Marie K.L.: I was released for good behavior. My former mother poisoned my mind with lies and made me into a psychopathic monster with no conscience. Bebe Kanker was executed for Capital Murder and May and Lee were sent to prison for eternity as old women until the day after doomsday! I will never forgive Bebe, Lee or May for everything they did.

Luan: But I helped her realize that she was that monster.

Marie K.L.: Yes. Thanks for that Luan. I owe you for helping me realize the truth.

Luan: No problem Marie.

Eddy: That's right. You made my life a living nightmare Tyrone. It's payback time!

Kevin: Yeah!

Jonny: Lets get him guys!

Plank:

Jonny: Plank says the same thing!

Jimmy: I've got your knuckle sandwich with a side of black eye right here! (Shows his fist)

Sarah: I'm gonna turn you into cold cuts!

Laney: It's Butt-Kicking Time!

We fired our weapons and hit him with ketchup, mustard, mayonaise, rotten fruit, vegetables and eggs and bowling balls.

Eddy: Hold your fire! The rest is mine.

Nazz (grins as Ed Zilla is heard roaring): I know that roar!

Ed Zilla landed next to the heroes.

Rolf (in awe): The beast has returned!

Kevin (gives Ed Zilla a thumbs up): Welcome back, big guy!

Ed Zilla (smiles): It's good to be back!

Jimmy: He can talk now?

Luan: It's a long story.

Me: Yep.

Tyrone was cleaning himself off.

Eddy: Hey bro. Lets play Uncle!

Tyrone: Back for more huh?

Eddy: Yep.

Eddy grabbed Tyrone's leg and twisted it around like a spring and

Tyrone was in a lot of pain.

Tyrone: UNCLE! UNCLE! UNCLE!

Eddy: Say what?

Tyrone: UNCLE! UNCLE! UNCLE!

Kevin: Yeah show him no mercy Eddy!

Luan: Yeah!

Eddy: Try this next bro! Atomic Wedgie!

Eddy pulled Tyrone's underwear up and over his head.

Tyrone: YEEEOOOWWW!

Varie: Yeah!

Luan: Those are the Boxers of Glory! (Laughs to Rimshot) Get it?

We all laugh.

Me: (Laughs) That was a good one Luan.

Jonny: (Laughs) Oh that's a good one! You're killing me!

Eddy: Now for this. Wet Willie!

Eddy licked his finger and covered it with his spit and stuck it in Tyrone's ear.

Rachel: EEEWWWW!

Lana: That was cool!

Tyrone was disgusted by that.

Eddy then held Tyrone in a headlock.

Eddy: Now for this. MEGA NOOGIE!

Eddy put steel wool gloves on and gave Tyrone a nasty noogie that left his head bleeding.

Police sirens were suddenly heard.

Me: Looks like the cavalry has arrived.

Laney: Yep.

The cars pulled in and the cops came out and slapped the cuffs on Tyrone.

Officer: Tyrone, you are under arrest for assault & battery, child abuse, animal cruelty and abuse, fraud and menacing.

Tyrone: You got me officers.

As they took him away Tyrone stopped them.

Tyrone: Wait. I want to say something to my brother before you take me away.

Officer: All right. But make it quick.

Eddy: Bro, thank you for saving us from the Kankers all those years ago. But you still need to serve time for what you did to me. I'm sorry.

Tyrone (smiles): I'm sorry too, pipsqueak. Sorry I wasn't the best brother to you. But I am proud of the man that you've become.

Eddy: Thanks bro. I love you. Never forget that.

Tyrone: I won't.

They hugged again and Tyrone was taken away.

Me: You were awesome Eddy.

Kevin: That was so choice dude.

Luan: Eddy Bear you were amazing.

Eddy: Thanks My Angel Queen of Comedy. (To us) Thanks guys. I got my justice and our nightmare is over.

Varie: You said it Eddy.

Edd: Tyrone will never terrorize the cul de sac or us ever again.

May: No he won't.

Manaphy: Good riddence.

Me: Yep.

* * *

Back home in Michigan we were telling everyone about what we did in Atlanta.

Lori: I can't believe that Tyrone is that bad.

Luna: No kidding dudes. He gives brothers everywhere a really bad name.

Lynn: Yeah. I may play rough with Lincoln but he took things way too far.

Shannon: He sure did.

Carmen: My sister plays rough with me too but she does it because she loves me.

Maria: You know it squirt. (Tickles Carmen and she laughs)

Me: Well he got what was coming to him.

Talia: He sure did.

* * *

Tyrone was found guilty on all charges. He was sentenced to 56 years in the Georgia Prison System and was ordered to pay $20,000,000 in restitution to Eddy.

Another Fanfiction Complete.

NicoChan11 gave me the ideas for the lines for the chapter. Thanks for that man. We never got Eddy's Brother's name so I had to make one up for him. Eddy's brother was a major league jerk to him and he turned Eddy into a selfish greedy jerk because of him. But Let me know what you all think.

See you all next time.

# A Rich Girl Party Pooper

It starts at Lori & Carol's room. We are getting ready for a special day.

10:30 AM

Lori: I hereby call this meeting to order.

Me: (To the viewers) In case you're wondering why we're all in Lori's room for a meeting, we have a very special day today. Today is Lana, Lola & Lila's birthday and we are gonna have an awesome party planned for them. Because Lila is a fusion of Lola & Lana she is an official sister and it's her birthday too.

Leni: I have everything set up for the party and the guest list has all been arranged.

Carol: Great Leni. And to make sure you don't spoil the surprise all those times like I was told, Lisa took some percautions. Lisa has the floor.

Lisa: In case Leni tries to spoil the surprise for our afformentioned siblings day of birth anniversary I put this special bracelet on Leni.

Leni: This bracelet is totes perfect. I can wear it to all your parties.

Varie: So what does this bracelet do Lisa?

Lisa: It's an electroshock corrector bracelet. Whenever Leni is going to spoil the surprise of the birthday party it will shock her with 200 volts of electricity.

Me: Hmm. That's like an electronic monitoring bracelet. Spiffy.

Leni: This will be totes perfect for Luna's surpr… (Gets Shocked) Ow!

Me: It works. Your invention is a success Lisa.

Lisa: Indeed.

Lori: Now everything is all set up for the party. Me and dad will take Lana, Lola & Lila out of the house for some fun before the party at 5:00 this afternoon. We're having a great neopolitan ice cream cake, Rachel and Musa are doing a concert and you're more than welcome to sing J.D. You too Luna, Sam, Ember, Shannon, Lincoln, and Laney.

Me: Thanks Lori and I love Chocolate, Vanilla and Strawberry ice cream. But what about Lucy? She has a great singing voice that sounds exactly like Sharon den Adel in Within Temptation.

Lucy: That's true but I don't sing very often.

Me: Yes. But what about party crashers? We have to beef up security for that.

Lori: Yes. Ben, Tyranno, Bastian and Chazz will be in charge of that.

Me: Okay. Perfect.

Lori: Thank you. We have party games set up and we have a great pinata.

Luan came in and she had a pinata in the shape of a Flame with a Snowflake.

Me: Fire and Ice Pinata. That's beautiful Luan.

Luan: Actually Laney made it.

Laney: I made it in art class for this. I made 3 more like that for the girls to keep.

Me: That's great. Is Funny Business also going to join the festivities?

Luan: Yep. Eddy and I are gonna perform at the party and we have a pirate theme set up.

Me: Awesome. Can't wait to see what you do. So it looks like everything is all set up.

Lori: It literally is.

Me: Okay. The party doesn't start until 5:00 tonight. I'll set my watch to go off at 4:58 PM so that we can hide and surprise them. (Sets watch for that time)

Luna: Perfect dude.

Lincoln: It's time to put Operation: Surprise The Tripplets With The Best Seventh Birthday They've Ever Had And Think Of A Shorter Name For This Operation, into action.

Me: How about Operation: Tripplets Seventh Birthday Extravaganza?

Lincoln: That's perfect.

Lynn Sr.: It sure is. Lets go guys.

---

Meanwhile in Echo Creek, California things were not going right for Star and Marco's old enemy Brittney Wong. Brittney Wong is a rich girl with a major league Queen Bee and Superiority Complex. Over the course of the last 6 months after Star and Marco moved to Royal York, Karma bit her in the butt really hard. She demoralized all the kids on the cheerleader squad and got them kicked off. She beat up a girl on the squad for standing up to her and protecting Star Butterfly's image and morals and by calling Brittney a mean narcissistic heartless evil witch that only cares about no one other than herself. She got expelled because of it. If that weren't enough her family lost all of their money and power and even lost their sanity. Brittney was forced to live on the streets and her parents were commited to a maximum security insane asylum for life. Brittney knew that there was only one person responsible for her pain and misfortune: Star Butterfly. She swore to get revenge on Star and she was not gonna stop until she got it.

Brittney: THIS IS ALL YOUR FAULT, STAR BUTTERFLY! WHEN I GET MY HANDS ON YOU, I'LL TEAR YOU LIMB FROM LIMB! I WILL HAVE MY REVENGE!

Brittney Wong was on the warpath! Her goal: VENGEANCE!

She took the bus to the airport and she took a plane to Royal York.

---

4:45 PM

Back at the party we were checking over everything. The streamers were Pink, Blue and Purple. The confetti was the same colors, the balloons were the same colors and the decorations were fire and ice.

Laney: Everything's all perfect J.D.

Me: It sure is. Lola, Lana & Lila are gonna love it.

4:58 PM

My watch beeped.

Me: It's time guys! Hide!

We hid in spots all over the backyard.

Lynn Sr.: (Acting) I guess I'll open the door to the backyard now.

Lola, Lana and Lila walked out with Lori and Lynn Sr.

Lola: Okay what's going on here?

5:00 PM

We jumped out.

All: SURPRISE!

Confetti, streamers and balloons came down.

Lola, Lana & Lila: (Squeal in excitement) OH WOW!

Me: Happy Birthday girls.

Lola, Lana and Lila hugged me.

Lola, Lana & Lila: Thanks J.D.

Me: We set everything up for all of you thanks to Ben, Riley, Leni, Laney, Luan and Lincoln.

Lincoln: We wouldn't miss your special day if it meant everything in the world.

Me: Yep. Now lets Party!

Everyone cheered.

---

We were partying like there's no tomorrow.

Chazz (checks guest list): Buttercup? Yeah, you're on the list.

Hassleberry: In you go, little lady.

Buttercup: Alright! Make way for the party girl! (joins the party as Brittney arrives)

Brittney arrived.

Brittney: Hey, morons! Let me through!

Hassleberry: You on the guest list, missy?

Brittney: My name is Brittney Wong, thank you very much!

Chazz: Sorry. You're on the people who definitely aren't invited.

Bastion: Yep.

Brittney: I wasn't planning on attending this party! I'm planning on crashing it!

Hassleberry: Sorry. No one's allowed to crash this party on our watch.

Chazz: Yeah! What're you gonna do about it, you little brat?

Brittney pushed them away with fury and went in.

Brittney came in.

Brittney: HEY!

We saw her standing there.

Marco: Brittney Wong?

Me: You know her Marco?

Marco: Unfortunately yes. She went to our school with us in Echo Creek before we moved here. She's a rich girl and thinks she can have anything she wants because she's rich. She's on the cheerleading squad, we crashed her birthday party earlier and it was awesome, and she hates Star with a terrible vengeance.

Brittney K.: She's an old school chum and rich girl.

Brittney W.: Not anymore.

Me: What happened?

Brittney W.: I lost everything because of you Star Butterfly!

Star: What!?

Marco: What do you mean Brittney?

Brittney W.: After you guys left for Royal York, I lost everything. I got expelled from school for beating up a member of the squad that I kicked off, I lost all my money and my parents were driven insane and commited to a nuthouse for life, I was made homeless and now I figured that the best way to make sure that my suffering ends is to kill you Star!

Star: What!? Brittney why would you want to kill me!?

Me: She wants you dead because she thinks that you are the source of her pain and suffering.

Brittney: That's right and I will not stop until I kill you Star and I will HAVE MY REVENGE!

Me: You'll have to get by us first.

Brittney: Sorry, morons. But this party is over.

Ben: You're right. The party's over. (Brittney smirks) Then again, the party was over for us, like, an hour and a half ago. The after-party starts in 15 minutes. (Brittney's smirks fades) And if anybody, like you, doesn't like it, you know where to find the door. (points diamond blade at her)

Me: We won't let you do this Brittney.

Ben: Mindy.

Mindy: Yeah, Ben?

Ben: Gimme a phat beat to beat this witch's butt to. (laughs)

Luan: (Laughs) Good one Ben.

Mindy: Got it. (plays "Another One Bites the Dust" By Queen)

Star: Lets do this Brittney.

Star spread her golden Butterfly wings and dashed and kicked Brittney in the face. Brittney flipped back up and went at Star and they got into a deadly fistfight. Star was blocking and dodging all of her strikes. Star punched her in the mouth and kicked her in the stomach and punched her in the back of the head.

Brittney was bleeding from her mouth and on her arm.

Brittney W.: You will pay for everything you've done to me!

Brittney then pulled out a laser blaster and aimed it at Star and Star had her wand pointed at Brittney.

Me: That's an ion disintegrater blaster! How did Brittney get that?

Lisa: She must've stolen it from another scientist in the area.

Brittney (pointing laser blaster at Star): You want it? Take it!

Star (points wand at Brittney): Put your weapon down!

Brittney: You think you got what it takes to wield that wand?

Star: We don't have to do this, Brittney.

Brittney: You wanna be the Princess? Take your shot.

Star: Put it down!

Brittney: You gonna take a shot?

Star: Put it down!

Brittney: No!

Star: Drop it, Brittney!

Brittney (fires laser blaster): Take it!

Star fires her wand at the laser fire. The blasts disintegrated on contact.

BANG!

I fired my pistol and the bullet hit Brittney in the hand and she dropped the blaster.

I used the Force and brought the blaster to me. Just then 4 figures came and 1 kicked Brittney in the face, the 2nd on a skateboard ran over Brittney's foot, the 3rd one flipped and kicked Brittney in the back and the 4th one slashed Brittney in the back with a pocket knife. The figures revealed themselves.

Janna: Hey guys.

Star: Janna!

Jackie: What's hanging guys?

Marco: Jackie-Lynn!

Sabrina: Hey Star, Marco!

Marco: Sabrina?

Brittney W.: YOU!?

Oskar: What's up guys?

Marco & Star: Oskar!

Me: More school chums I take it?

Marco: Yep. These are our friends from Echo Creek.

Me: Pleasure to meet you all.

Janna: Same here J.D. We saw all of your adventures on the news and they were so cool!

Me: Thanks Janna.

Star: So what brought you guys here?

Sabrina: My former stupid best friend Brittney was out to get revenge on you Star.

Naruto: We know. She told us.

Oskar: Once we got word of that we decided to sneak on board her flight to Royal York and stop her.

Marco: Very clever.

Jackie: Yep. Brittney went from being the most popular girl in school to Echo Creek's most hated Pariah because of her selfishness and sociopathic nature.

Me: Wow. That's awful. But nonetheless she got what was coming to her. Lola, Lana, Lila, would you guys like to take a crack at this disgraced monster party pooper?

Lola: Sure. WE'LL GIVE HER AN INJURY SHE'LL NEVER HEAL FROM!

They jumped her and beat her up in a dust cloud.

POW! KATOW! SMASH! BIFF! KRACK! WHAP! WHAM! BLAM! THWACK! ZONK! SMACK! CHOMP! CRUNCH!

Bart laughed at Brittney's misfortune.

Bart: What a chump.

Homer: You said it son.

The dust cloud raged for 10 minutes and they were clapping their hands satisfied.

Me: Good job girls.

Lila: Thanks J.D.

Lana: That was awesome!

Lola: I'm calling the police on this monster.

Officer: (Offscreen) That won't be necessary.

We saw the cops and with them was Zoe.

Zoe: I called them as the fight was going on.

Me: Good work Zoe.

The cops slapped the cuffs on Brittney.

Officer: Brittney Wong you're under arrest for Assault & Battery, 1st Degree Attempted Murder, Interstate Stalking, and illegal use of a firearm.

Me: Make sure she gets punished to the maximum extent of the law.

Officer: With pleasure guys. Happy birthday Lola, Lana, & Lila.

Lana: Thanks Officers.

Star smiled with a look of satisfaction knowing that Brittney Wong was never going to plague her life again.

Me: Sorry Brittney crashed your party girls.

Lola: No it's all right J.D. It was awesome to fight her.

Lana: We actually wanted this to happen.

Lila: It was great!

Me: Well I'm glad.

Janna: Star we're sorry that Brittney was coming here to try and kill you.

Star: It's all right Janna. But it's awesome having you all here.

Oskar: Thanks Star. It's cool being here too.

Sabrina: I finally taught Brittney a lesson she'll never forget and I didn't get hurt this time.

Marco: No you didn't Sabrina.

---

We resumed the party and I am sitting at the table with Lola, Lana & Lila as we were eating cake.

Nancy: This party is awesome guys.

Me: Thanks Nancy.

Lola: How have you all been since the Curse of The Wereshark has been lifted?

Stephanie: It's great Lola. We are now fashion designers and have gone into business together. We hired Leni to work with us.

Me: That's great.

Musa: All right guys it's time for our concert. (Everyone cheers)

I went on the stage.

Me: I have a song I would like to sing for you all. I sang this song for everyone during the 2017 Solar Eclipse. It's called The Night Begins To Shine by B.E.R.

Everyone cheered.

Me: Hit it guys!

The song began and the area changed into an illusion of the 2017 Solar Eclipse.

Me: (Singing)

I saw you dance. From the corner I caught Your name,

In a Conversation. Playing Hard to Get. But I can't Understand.

When I look at you, I see the story in Your Eyes. When we're dancing.

The Night Begins To Shine.

The Night Begins to Shine. The Night Begins To Shine.

The Night Begins To Shine. When We're Dancing, The Night Begins To Shine.

Talk til dawn. My heart was racing. I took you home in the driving rain.

I had my mind made up. I wanna feel your touch.

When I look at you, I see the Story in your eyes.

When we're dancing The Night Begins To Shine.

The Night Begins To Shine. The Night Begins To Shine.

The Night Begins To Shine. When We're dancing the Night Begins to Shine.

The Night Begins To Shine (The Night Begins To Shine)

I had my mind made up. I wanna feel your touch.

When I look at you, I see the story in your eyes.

When we're dancing the Night Begins to Shine.

The Night Begins To Shine. The Night Begins to Shine.

The Night Begins To Shine. The Night Begins To Shine.

The Night Begins To Shine. The Night Begins To Shine.

The Night Begins To Shine. When We're dancing The Night Begins To Shine.

---

The Night Begins To Shine.

The song ended and everyone cheered wildly.

Me: THANK YOU!

Musa: That was an awesome song J.D.

Me: Thanks Musa.

Musa: Yes. Now for this next song we've invited a special guest to perform with us. Please welcome THE HEX GIRLS!

Lucy, Yumi, Shannon, Brittney, Haiku, and Raven gasped in excitement.

Smoke came out onto the stage and the curtain lifted up.

Thorn: Hit it sisters.

Thorn turned and hissed.

Everyone cheered and they played. An Illusion of a dark forest under the light of the full moon formed. They began singing.

I'm gonna cast a spell on you.
You're gonna do what I want you to.
Mix it up here in my little bowl,
say a few words and you lose control.
I'm a Hex Girl
and I'm gonna put a spell on you.
I'm gonna put a spell on you.
I'm a Hex Girl
and I'm gonna put a spell on you.
Put a spell on you!
You'll feel the fog
as I cloud your mind.
You'll get dizzy
when I make a sign.
You'll wake up in the dead of night,
missing me when I'm out of sight.
I'm a Hex Girl
and I'm gonna put a spell on you.
I'm gonna put a spell on you.
I'm a Hex Girl
and I'm gonna put a spell on you.
Oh yeah!

With this little cobweb potion,

you'll fall into dark devotion.

If you ever lose affection,

I can change your whole direction.

I'm a Hex Girl

and I'm gonna put a spell on you.

I'm gonna put a spell on you.

I'm a Hex Girl

and I'm gonna put a spell on you.

We're gonna put a spell on all of you!

They threw smoke bombs and clouds of red, green and dark purple smoke formed. Everyone cheered wildly as the illusion vanished.

Me: Great song. Love it. It's great to see you all again.

Thorn: You too J.D.

Dusk: Thanks for inviting us to the party.

Me: No problem. How are you all doing after the fight with Ben Ravencroft?

Luna: We've fully recovered and it was awesome seeing you all fight that monster.

Me: Well that's good and thanks. He got what was coming to him.

We all laughed.

Musa: Yeah. Our next song is gonna be sung by Lincoln Loud and Lilly.

Lincoln: We're gonna sing Wild Child by Enya.

Me: That's one of my favorites. I love Enya.

Lincoln: Cool.

Lilly: You'll love this one.

The song began and the area changed into an illusion of the Andromeda Galaxy.

Lincoln & Lilly: (Singing Divinely)

Ever close your eyes

Ever stop and listen

Ever feel alive

And you've nothing missing

You don't need a reason

Let the day go on and on

Let the rain fall down

Everywhere around you

Give into it now

Let the day surround you

You don't need a reason

Let the rain go on and on

What a day

What a day to take to

What a way

What a way

To make it through

What a day

What a day to take to

A wild child

Only take the time

From the helter skelter

Every day you find

Everything's in kilter

You don't need a reason

Let the day go on and on

Every summer sun

Every winter evening

Every spring to come

Every autumn leaving

You don't need a reason

Let it all go on and on

What a day

What a day to take to

What a way

What a way

To make it through

What a day

What a day to take to

A wild child

What a day

what a day to take to

What a way

What a way

To make it through

What a day

What a day to take to

A wild child

What a day

What a day to take to

What a way

What a way

To make it through

What a day

What a day to take to

Da-da-da

Da-da-da-da-da-da

What a way

What a way

To make it through

Da-da-da

Da-da-da-da-da-da

Da-da-da

Da-da-da-da-da-da

What a way

What a way

To make it through

What a day

What a day to take to

A wild child

What a day

What a day to take to

A wild child

As the song played, the stars and nebulae of the Andromeda Galaxy flew by us and it was amazing.

The song ended and we all cheered wildly.

Me: That was awesome work buddy! You both did really well!

Lilly: Thanks J.D.

Lola: Linky that was amazing!

Musa: It sure was. Our next song is by Laney Loud.

Laney: My song is Two Worlds by Phil Collins.

Lana: I love that song!

Lila: Me too.

Me: I love that song from Disney's Tarzan.

The song played and it turned into a dense jungle.

Laney: (Singing Divinely)

Put your faith in what you most believe in

Two worlds, one family

Trust your heart

Let fate decide

To guide these lives we see

A paradise untouched by man

Within this world blessed with love

A simple life, they live in peace

Softly tread the sand below your feet now

Two worlds, one family

Trust your heart

Let fate decide

To guide these lives we see

Beneath the shelter of the trees

Only love can enter here

A simple life, they live in peace

Raise your head up

Lift high the load

Take strength from those that need you

Build high the walls

Build strong the beams

A new life is waiting

But danger's no stranger here

No words describe a mother's tears

No words can heal a broken heart

A dream is gone, but where there's hope

Somewhere something is calling for you

Two worlds, one family

Trust your heart

Let fate decide

To guide these lives we see

We saw all kinds of animals in the jungle and it was awesome.

The song ended and we cheered wildly for her.

Me: That was awesome Laney!

Luna: You are rockin Lanes! YEAH!

Sam: She sure is luvbird.

Musa: Me and Rachel have a song to sing. It's On My Way by Phil Collins.

Rachel: That's one of my favorites.

Me: Mine too.

Musa and Rachel played and the area changed into the beautiful mountains of the Canadian Rockies.

Musa and Rachel: (Singing Divinely)

Tell everybody I'm on my way

New friends and new places to see

With blue skies ahead, yes I'm on my way

And there's no where else that I'd rather be

Tell everybody I'm on my way

And I'm loving every step I take

With the sun beatin' down, yes I'm on my way

And I can't keep this smile off my face

'Cause there's nothing like seein' each other again

No matter what the distance between

And the stories that we tell will make you smile

Oh it really lifts my heart

So tell 'em all I'm on my way

New friends and new places to see

And to sleep under the stars, who could ask for more

With the moon keeping watch over me

Not the snow not the rain can change my mind

The sun will come out wait and see

And the feeling of the wind in your face can lift your heart

Oh, there's no where I would rather be

'Cause I'm on my way now

Well and truly, I'm on my way now

(I'm on my way now)

(I'm on my way now)

(I'm on my way now)

Tell everybody I'm on my way

And I just can't wait to be there

(I just can't wait to be there)

With blue skies ahead yes I'm on my way

And nothing but good times to share

So, tell everybody I'm on my way

And I just can't wait to be home

(I just can't wait to be home)

With the sun beatin' down yes I'm on my way

And nothing but good times to show

(I'm on my way)

Yes, I'm on my way

The song ended and we cheered wildly.

Me: Great job girls!

Rachel: Thanks hun.

Me: You have a great singing voice Rach. Just like your mother.

Rachel: It runs in the family.

We had a great party and got ready for bed at 9:00 PM.

Brittney Wong was found Guilty of 1st Degree Assault & Battery, 1st Degree Attempted Murder, Aggravated Interstate Stalking, and Weapons Violations. Because of the severity of her crimes she was sentenced to Life in Prison Without Parole and ordered to pay Star and the Diaz Family and the Knudson-Loud-Anderson-Weather Family $500 Trillion in restitution.

THE END

Another Fanfiction Complete.

I've been wanting to do a chapter where Brittney Wong wants to get revenge on Star for ruining her life for a while. I hate that girl on Star VS the Forces of Evil. Also I figured Lola, Lana & Lila's birthday would be perfect for it. Those songs I used are some of my favorites. NicoChan11 gave me the ideas for the lines used in the chapter. Thanks for that man. Let me know what you all think.

See you all next time.

# The Hate of An Owl Part 1

Brittney, Lucy, Laney, Lana, Sakura, Maria, Carmen, Sly, Bentley, Murray and the Panda King were in the Simulator doing an exercise. It's going to take place 2 years after the defeat of Clockwerk at the fictitious Krakarov Volcano.

Me: Good luck in there guys.

Brittney: Thanks dad.

Sly: I'm ready for anything J.D.

Bentley: Me too.

Murray: The Murray is always ready for anything.

Panda King: It will be an honor to fight for the sake of good.

Lucy: I'm always ready for times of darkness.

Laney: Love your sense of wavering optimism Lucy.

Lana: Lets get going.

Me: Someone's eager. All right.

They went in and the Simulator Activated. They were in Cairo, Egypt.

---

They were making their way to the Cairo Museum and their mission was to destroy the Clockwerk Parts.

Brittney: Target sighted. We're going in.

Sly: Yep.

Laney: Team Thievius Raccoonus is back in action.

Maria: Yep. And me and Carmen are two new members.

They went into the museum and searched the place. But when they saw that the Clockwerk Parts were gone they know something was up.

Sly: The Clockwerk Parts are gone!

Brittney: Who could've taken them?

Then 2 mummy coffins opened up and out came Inspector Fox and her partner Constable Neyla - An Anthropomorphic Leopard.

Sly: Inspector Fox. You're as lovely as ever.

Inspector Fox: I expected you to be here Cooper. You're the one that stole all the Clockwerk Parts.

Sly: But I haven't stolen anything. Yet.

Laney: You don't have any idea what you've just done Inspector.

Inspector Fox: And what is that Laney?

Laney: Clockwerk lived for over 3,300 years and he killed all of Sly's family over the centuries because of his extreme hate and jealousy towards the Cooper Clan's thieving Reputation.

Constable Neyla: They really mean it Carmelita. The Klaww Gang have no idea what they've stolen.

Lana: Klaww Gang?

Sly: Hmm.

Brittney: I don't like the sound of those guys.

Inspector Fox: I have a feeling you're right but that doesn't make any difference. You're all going to jail.

Brittney: Then come and get us! SOLAR FLARE!

A blinding flash of white light as bright as 10,000 Suns illuminated the room and we made a clean get away.

We got away in the upgraded Cooper Van.

Brittney: I've got a bad feeling about this Sly. I think Constable Neyla's reference to the Klaww Gang was an intentional clue.

Sly: I have a feeling you're right Brittney. But it's our only lead on the missing Clockwerk Parts.

Laney: Yeah.

Clockwerk - A Eurasian Eagle Owl that was completely consumed with Jealousy and Hate beyond all known recognition for the Cooper Clan's Thieving Reputation. Is it inappropriate to refer to him as a monster? No. Not at all. He is worse than a monster. He is Pure Evil Incarnate. He has stayed alive for 3,300 years with the sole intent of killing the entire Cooper Clan family from the very first ancestor. His hatred was so intense that he made the decision to replace his mortal body with soulless machinery. It ultimately worked and Clockwerk lived on. It was because of him that Sly's parents were savagely murdered in front of his very eyes and Sly wound up in an orphanage. It was there that he met his pals: Bentley the Brains and Murray the Brawn. 2 years ago Team Thievius Raccoonus thought they officially destroyed Clockwerk for good. But they were wrong. Clockwerk is still alive. He may be in a thousand pieces but his threat is still active. Clockwerk was salvaged from the volcano and put on display for the world to see.

Brittney: So Clockwerk is back. He may be in a thousand pieces but the Klaww gang has no idea what they have stolen. Clockwerk will destroy them completely.

Sly: That's right. We won't let it repeat in my past.

Maria: I had no idea that Clockwerk is that dangerous.

Carmen: Me neither.

Laney: He's worse than that. He's pure evil incarnate and he will stop at nothing to destroy the Cooper Clan so that Clockwerk will Reign Supreme.

Brittney: We now have a new mission: Our mission is to find the Klaww Gang and Destroy the Clockwerk Parts and destroy Clockwerk completely. Team Thievius Raccoonus, lets send that infernal owl back to Hell!

All: Yeah!

The mission to destroy Clockwerk has begun.

THE BLACK CHATEAU

---

Team Thievius Raccoonus was studying on the Klaww Gangs local operator, Dimitri Lousteau - an anthropomorphic Marine Iguana. A sort of underworld celebrity in the rich lavish lifestyle and shady back alley crime. His background revealed that he was once a passionate young art student who wanted to create his own visionary style. He created an art style called Kinetic Aesthetic where he would paint pictures while swinging back and forth from a rope tied around his waist. But the art world wasn't ready for it. Enraged, Dimitri started forging old masterpieces and made them in his own image. He now runs a luxurious night club in southern Paris and it's there that Team Thievius Raccoonus will find the Clockwerk Tail Feathers.

Laney: So he's an art student. Poor guy. I'm an artist myself and I paint really good pictures in art.

Carmen: I like painting pictures too. I can't believe that those fools in the world of art won't accept his style. Bunch of arrogant neanderthals.

Brittney: You said it.

Lana: Yeah.

Murray: What is he gonna do with the Clockwerk Tail Feathers?

Brittney: I don't know Murray. But those plans end right now!

They went to southern Paris and found his Night Club.

Lana: Nice night club.

Lucy: I rather enjoy the darkness of a cave myself.

Sakura: What does Dimitri hope to accomplish with this?

Brittney: I don't know. We'll have to gather some information to find out.

Maria: I'll do it.

Sly: I'll go too.

Bentley: Okay. Be careful guys.

They went out and saw that Dimitri has tough guards all over the place and that security is really tight. In a room underground they saw that Dimitri had a huge printing press and that he's using the Clockwerk Tail Feathers as Printing Plates to make fake money.

Maria was in her water form and she was being really sneaky and cunning. She snuck down and turned the press off and grabbed the Tail Feathers and returned to Sly with them.

Sly: Great work Maria.

Maria: Thanks Sly. When I become water I can sneak around without making a sound.

Sly: Very clever. You have what it takes to become a master thief like me.

Maria: Lets go.

* * *

Back at the hideout Maria revealed everything.

Carmen: That was awesome! Way to go big sis!

Maria: Thanks Carm.

Brittney: We have one Clockwerk Part in our possession and who knows how many there are. Now it's time to shut this night club down and find and steal any loot from bad guys in the area.

Bentley: Okay.

Murray: The Murray is always ready for a fight.

Sly: Lets get him.

Panda King: It will be a fight to restore the honor of art.

Brittney: Lets go.

We went into the night club and confronted Dimitri Lousteau.

Laney: You must be Dimitri Lousteau.

Dimitri: That's right. The famous Team Thievius Raccoonus. What a pleasure to meet you all on this groovy night.

Laney: Dimitri I want you to know that I like your paintings and I think that you have an awesome spark of creativity like I do.

Laney unseals some of her paintings and Dimitri was in awe because of them.

Dimitri: Your paintings are magnificent Laney. You have an amazing amount of creativity.

Laney: Thank you Dimitri. Those morons wouldn't even know fantastic art if it hit them in the face with a sledgehammer.

Brittney: Painful analogy but good way to describe it.

Lucy: Yes. Art is a fragile and dark mistress. I'm a poetry writer and it's a hard thing to master.

Laney: That's right. Dimitri I'm sorry your style didn't get accepted. Those ungrateful slow-witted neanderthals are too stupid to know what art really is. True art doesn't just come from what's in your imagination. It comes from what's inside your heart and it's how you express it with true love.

Dimitri began to realize that everything they said was right. He had been using his art for the wrong purpose and ruining what art stands for.

Dimitri: What have I done?

Dimitri broke down crying.

Laney comforted him.

Laney: Just let it out Dimitri.

Dimitri: (Sniffles) Thank you Laney. But I want to atone for my malevolent ways. Let me tell you what the Klaww Gang has planned.

Sly: What do they plan on doing with the Clockwerk Parts?

Dimitri revealed the full extent of the Klaww Gang's plan and it was one that will destroy all of civilization.

The Klaww Gang's apparent plan had been to use illegal spice for profit. While Rajan - an Anthropomorphic Bengal Tiger, would produce the spice in India and ship it around the world, Jean Bison - an Anthropomorphic Bison, utilized his Iron Horse trains to spread the shipments across the North American continent. The Contessa - an Anthropomorphic Black Widow Spider, used her incarceration facility in Prague to hypnotize criminals who consumed the spice into revealing the location of all their stolen loot. Dimitri used his nightclub to assist in having the citizens of Paris purchase it. Once they stole the recovered components of Clockwerk, founder of the Fiendish Five, and adapted the components for their own use via Arpeggio - an Anthropomorphic Flightless Parrot, their spice operation accelerated in profit. Rajan was able to produce ten times the amount of spice than before. The Contessa was able to increase her hypnotic abilities. Jean Bison was able to improve his trains so they could run endlessly day and night. Clockwerk's body allowed Dimitri to begin a counterfeiting operation, with the refined alloy in the tail feather's composition doubling as printing plates.

The actions of the Klaww Gang earned the attention of Sly Cooper, who began hunting down each of them to recover their stolen Clockwerk Parts. However, Arpeggio as part of his own grand design, planned on luring the Cooper Gang to steal the parts from his cohorts, and eventually hoped to steal them all back and keep them in his possession. Rajan would grow the spice as part of the original plan; meanwhile, Arpeggio would assign Jean Bison to convert the Northern lights into energy, store it in a battery, and ship the spice to Paris, where Dimitri would distribute it throughout the city. Hypnotic devices created by the Contessa would be powered with the Northern Light energy to deliver the same hypnotic frequencies as her own devices in Prague (but at a far longer range since the ones in Prague work at close range to specific people). After integrating these methods into his blimp, Arpeggio would fly over Paris and the spice consumed by Paris' citizens would allow the Klaww Gang to enact mass hypnosis, putting them into a violent rage.

It is implied this plan of Arpeggio's was given the rouse as being an extension to the original and was to be used to help increase the purchasing of spice for their operation. In reality, the rage generated by the hypnosis would create a massive hate generator which would empower Arpeggio once he merged himself with a reassembled Clockwerk to become immortal. Arpeggio plans to use the power of Clockwerk's Hate to spread it all over the world forever and poison the people of the world with so much hate and rage that it will destroy all of civilization.

They gasped in sheer horror.

Brittney: That's insane!

Sakura: That kind of hatred will result in global anarchy.

Bentley: Worse than that Sakura. What Arpeggio's plan will entail is Eternal World Domination. With Clockwerk's immortality, he will rule over the planet forever and build a whole new empire built on hate and evil.

Brittney: What the Klaww Gang intends to do with the Clockwerk Parts is beyond Pure Evil. Arpeggio will make Earth the most feared planet in the entire galaxy and it will become Hell amplified 1,000,000-fold.

A vision of the future appeared in Brittney's eyes. The Earth was forever changed and transformed into a world of pure evil.

Maria: We have to stop them for good and make sure that doesn't

happened.

Brittney: You're right. We won't let them do this. That plan is beyond pure evil. It will destroy everything and kill everyone. They're not only going to rule the world forever but they're also going to take away everyone's free will and we can't let that happen.

Sly: You're right Brittney. Clockwerk not only is the architect behind the murder of my whole ancestral line and my parents but now he's the architect of the worlds demise.

Sakura: Yeah.

Maria: Dimitri welcome aboard.

Dimitri: Thank you. We have to go to India to stop Rajan.

Brittney: Then India is where we're headed.

They got out of there just in the nick of time as Inspector Fox and Constable Neyla arrived and started making arrests.

Their next stop was India.

## Part 3: A STARRY EYED ENCOUNTER

---

Another Clockwerk Part had been located in India and Team Thievius Raccoonus were on their way. They were after the spice lord Rajan - an Anthropomorphic Bengal Tiger.

His background reveiled a strange story. He grew up poor on the streets of Calcutta and he started his life of crime by selling illegal spices in the black market. Which eventually grew from a small outfit to a sizable operation and it earned himself a seat in the Klaww Gang.

He since crowned himself "Lord of The Hills" and while he goes to great lengths to convince others of his great Royalty, it's mostly to convince himself.

They got word that Rajan was holding a lavish ball in his new purchased ancestral palace and it's there that he's going to show off his latest acquisition: The Clockwerk Wings, the symbol of Pure Evil Incarnate. If you saw the wings silhouetted against the night sky, it was already too late for you. Especially if your name was Cooper. Rajan believes that displaying the wings will bring him prestige and maybe they will. But they are also bringing Team Thievius Raccoonus.

Brittney: The Clockwerk Wings are the symbol of pure evil incarnate. If anyone saw the wings at night, they would die instantly.

Laney: How are we gonna get the wings without being seen?

Sly: I have a plan.

Bentley: Lets hope it's a good one.

Maria: We're gonna kick some butt while we're at it.

Carmen: We sure are sis. We're gonna Get Help.

Maria: No Carmen.

Carmen: Aw come on sis.

Maria ignored that.

They went around the palace and did some looking around. They saw that Rajan had the wings on display as a decoration for the Klaww Gang Crest.

Maria: This is gonna take a lot of work.

Sly: Yeah.

On the roofs of the houses they ran into Constable Neyla.

Brittney: Constable Neyla. What a pleasent treat.

Laney: Wait. I sense an energy imbalance in her.

Laney walked up to her. Her squirrel tail sprouted and it was flicking.

Laney: Neyla I can sense that you've had a very dark background like so many people we know.

Neyla: How do you know that?

Laney: I have a way of knowing these things. You're going to double cross Arpeggio when we go after him.

Neyla: Yes. I am.

Lana: But why Neyla?

Neyla: Because my life has been one lie after another. I can't control myself.

Sly: What do you mean Neyla?

Neyla: It's because there's something inside me that takes control whenever it wants.

Maria: Like a split-personality of some kind?

Carmen: That's hardcore.

Neyla: Yes. I can't control it. It's too strong and filled with evil. I lied my way to get to where I am in Interpol. It's because of this evil persona that I became a monster.

Sakura: You have the power to fight this Neyla. You can also cast this evil side of yours aside to make sure that it never terrorizes your life again.

Neyla: But how?

Brittney: I can help with that. Let me work my magic.

Brittney fired a beam of darkness at her and a blob of pitch black darkness came out of Neyla and it flew away.

Lucy: Gasp! That was intense.

Lana: It sure was. We purified her.

Neyla: (Panting) Yes. I'm now pure thanks to all of you. And I want to redeem myself by helping you all.

Sly: How will we know if Dark Neyla is out there?

Brittney: We'll have to wait and see. But for now welcome to Team Thievius Raccoonus Neyla.

Neyla: Thank you.

They shook hands.

Carmen: Lets go get the guards while Sly distracts everyone.

Brittney: Okay.

* * *

Maria and Carmen were watching the guards around the palace.

Carmen: Hey, sis. Let's do 'Get Help'.

Maria: What?

Carmen: 'Get Help'.

Maria: No.

Carmen: Come on. You love it.

Maria: I hate it.

Carmen: It's great. It works every time.

Maria: It's humiliating.

Carmen: Do you have a better plan?

Maria: No.

Carmen (smirking): Then we're doing it.

Maria (annoyed): Look, sis. We're not doing 'Get Help'.

[Carmen carries Maria off of the roof in front of the guards]

Carmen: Get help! Please! My sister's dying! Get help! Help her!

[as the guards approach them, Carmen throws Maria at them, knocking them down]

Carmen: Works everytime.

Maria (gets up and glares at Carmen): Well, I still hate it. It's humiliating.

Carmen: Not for me, it's not.

Bentley: That was very clever. Good job girls.

Carmen: Thanks Bentley.

In the palace they saw Sly dancing with an undercover Inspector

Fox and he was really good at it. While they were going at it they quietly took the Clockwerk Wings without anyone noticing a thing. After it was done, Sly vanished and slipped Inspector Fox a calling card and a bouquet of roses. They got the Clockwerk Wings and sped off to the hideout. Inspector Fox blew her cover and made arrests left and right. Rajan's reputation was in shambles and he went into hiding somewhere in the jungles of India. They took a break in Bollywood and it was great. But Rajan was still out there and he was still a threat.

Part 4: THE PREDATOR AWAKES

---

Team Thievius Raccoonus was doing some detective work around India and they soon found out that Rajan was at his hideout. It was an ancient Jungle Temple.

They found out that it was more than just that. Rajan had turned a long forgotten temple into the center of his spice operation and it's there that Team Thievius Raccoonus will find the Clockwerk Heart.

A pump that's so strong and tireless that it will increase spice production 10-fold.

Brittney: Rajan will not use that heart for too long.

Sly: No he will not.

Bentley: Hey Maria how did you and Carmen make that Get Help thing?

Carmen: It was a ploy we made in school.

Maria: It's a humiliating ploy but it works all too well. It's a play possum ploy where I pretend that I'm dying and Carmen asks people to call for help.

Bentley: I know. I saw the whole thing in action.

Murray: How did you invent it?

Maria: It was back when we saw some bullies picking on some kids in an alley.

Carmen: That's when the idea came to me for the ploy.

Sly: Very clever.

Brittney: We're wasting time here. Lets go.

They flew out to Rajan's temple and came in quietly. It was an ancient temple. After doing some reconnaissance work they saw that Rajan was using the Clockwerk Heart as the center of his spice production. Maria turned into water and snuck in and swiped the heart. Spice production stopped completely when she took it.

Back at the hideout they reported back and it was time to take Rajan down.

Carmen: Let me take down Rajan.

Maria: Okay Carmen. But are you sure you can do it?

Carmen: I know I can sis. I've been getting special martial arts lessons.

Neyla: Lets let her do it.

Brittney: Okay.

---

They confronted Rajan and Carmen kicked him in the face and knocked his staff out of his hand.

Carmen: Never again Rajan. Your days of producing spice are over!

Rajan: We shall see. You've ruined my operation and foiled my plans.

Carmen: I couldn't care less.

Carmen fired a blast of fire at him and the fire hit the ground and exploded and knocked him out. Sly and Murray beat him up and tied him up.

But just as they got into the clear they were knocked out by shock blasts from none other than Inspector Fox. Carmen came back and we were watching the whole thing while hiding in the trees. If that weren't enough, Inspector Fox was arrested because of Dark

Neyla's lies. The Contessa was there and she arrested them.

Brittney: We have to help them.

Lana: But how?

Neyla: The Contessa is gonna take them to one of her rehabilitation clinics.

Bentley: That double-crossing Dark Neyla lied about everything.

Sakura: She sure did.

Laney: What are we gonna do?

Brittney: We'll go after them but we have to find out where they went first.

Bentley: Okay.

Panda King: We have to restore the honor of Sly's reputation by rescuing him and Murray.

Dimitri: Word.

Brittney: Lets go.

The battle to save Sly and Murray was on. But there was one HUGE problem: Bentley had to learn how to drive the Cooper Van with a manual transmission.

Bentley gulped.

# The Hate of An Owl Part 5

Part 5: JAILBREAK

---

Team Thievius Raccoonus was in the Cooper Van finding Sly and Murray. They found out that they are in Prague in the Czech Republic. While doing that they were studying on Interpol's renowned prison warden: The Contessa - an Anthropomorphic Black Widow Spider.

Her background revealed that while she was a criminal psychology student, she entered into a whirlwind romance and married a wealthy aristocrat. Sadly, the union was short lived when the general suspiciously died a few weeks after the ceremony. The widowed Contessa put her education and newly acquired estate to work by opening up a criminal rehabilitation center. Her pioneering use of Hypnotic Therapy has produced some good results and subsequently earned her a prominent position within Interpol.

Brittney: This is really bad. If we don't bust Sly and Murray out of that jail in the next couple of hours, we will lose them forever.

Panda King: We have to get them out of there now.

Maria: Leave that to me, Bentley and Carmen.

Dimitri: You guys be careful.

Carmen: We will.

Lana: This is gonna be a tricky one.

Laney: It sure is.

Neyla: We have to be ready for anything guys. I sense a huge battle with The Contessa on the horizon.

Brittney: I feel it too.

Maria was in her water form and she had Bentley concealed in a bubble. Carmen was in her fire form and she was jumping from torch to torch inside the building. It was a sneaky process and they managed to free Sly and Murray with ease. As they freed them they found out that the Contessa was a secret member of the Klaww Gang and that she has some of the Clockwerk Parts in her possession too. They busted Sly and Murray out completely undetected and Brittney set up bombs everywhere all over the prison. After they got out, Brittney took out a detonator and blew up the prison.

KRABBBBBOOOOOOOOOOOOOOOOOOOOOOOMMMMMM!

Brittney: Never again Contessa.

Laney: My sister Leni would kill you for being a spider.

Lucy: That's right. She hates spiders.

The team was reunited thanks to Maria, Bentley and Carmen. The van ride out of town was more like a party. Murray had to pull over twice because of laughing too hard. Something changed when they were busted out. Team Thievius Raccoonus's bond was made stronger than ever before because of it. They took a break before getting back to work. And for the first time ever, Murray let Bentley drive the van.

## Part 6: A TANGLED WEB

---

It was time for some payback.

The Contessa was forced to flee after Team Thievius Raccoonus blew up her prison. They found out that she was hiding out in her castle estate. It's a well-fortified Gothic Nightmare that would make any thief run in fear. Terrible or not that's where they were heading.

They also found out that the Contessa is also in possession of the Clockwerk Eyes.

The Thievius Raccoonus describes the eyes stopping opponents dead in their tracks. Transfixed in their gaze. It doesn't take a genius to figure out what an accomplished hypnotist could do with such powerful artifacts.

However Team Thievius Raccoonus weren't the only ones to learn that the Contessa was a secret member of the Klaww Gang.

News of the Contessa's corruption had spread to Interpol and Dark Neyla who was closest to the case was granted a cash allowance to hire an army of local mercenaries. Team Thievius Raccoonus was about to walk into a full scale war.

Brittney: This is bad guys. We have to stop the Contessa before things escalate from bad to worse.

Neyla: I agree Brittney. We can't let my dark self do this.

Panda King: We have to stop the Contessa and Dark Neyla from causing more damage to the world.

Laney: I agree.

Lucy: The Contessa sure knows how to live though.

Brittney: Yeah. It would be a perfect Gothic home for us Lucy. I've got an idea.

Brittney focused her powers on the whole mansion and found the Contessa and Inspector Fox in it. She found out that the Contessa was planning on hypnotizing Inspector Fox into making her a slave to her will.

Brittney: Not on our watch you won't you eight-legged murderer.

Brittney snapped her fingers and the entire mansion vanished. Leaving the Contessa and Inspector Fox to fall onto the ground.

Laney swooped in and rescued Inspector Fox.

Laney: Are you all right Inspector?

Inspector Fox: Yes. Thanks to you Laney. Neyla framed me for that crime.

Laney: We know. But we have quite a story to tell you when we stop the Contessa.

The Clockwerk Eyes were in Brittney's hands.

Maria and Carmen teamed up and took down the Contessa.

They went out on the road and ran to another part of the planet.

The Contessa was beaten and she was brought to trial for the crimes she commited while in Interpol and they promoted Dark Neyla to captain because of it. She was also named the Hero of Prague.

Inspector Fox: Now what's going on guys? Why is the Klaww Gang doing all this?

Brittney: World Domination. The leader of the Klaww Gang, Arpeggio wants to resurrect Clockwerk so that he can rule over the world forever and turn the planet into the most feared planet in the galaxy. Look into my eyes and you'll see.

Brittney showed Inspector Fox her vision of the future.

When it was done, Inspector Fox was horrified.

Inspector Fox: That is horrible. I can't believe that they are going to not only resurrect that horrible monster bird, but also rule over the world with chaos, hate and evil.

Laney: Yeah. It's a world without free will and we have to stop the Klaww Gang at all costs or everyone has no future.

Inspector Fox: That's insane! But why is Neyla here!?

Sly: That's a whole new story Carmelita.

Neyla: That is not me Carmelita. I had a dark side inside me that made me lie my way through the ranks at Interpol.

Brittney: I used my magic to separate Neyla from her dark side and purify her. She had a nasty dark side that we all saw outside and she was the one that framed you.

Inspector Fox: This is all hard to believe but I have a feeling that you're all right.

Dimitri: Yes.

Brittney: Dimitri revealed everything about the Klaww Gang's evil plans when we shut down his night club in southern Paris.

Dimitri: That's right.

Dimitri revealed the full extent of the Klaww Gang's evil plans and Inspector Fox was even more shocked.

Inspector Fox: This is a nightmare. We have to stop the Klaww Gang at all costs.

Brittney: I know. We're also going to find a way to clear your name and restore your reputation and it's not by turning ourselves in. I have something else planned for that.

Brittney wrote an anonymous letter to Interpol explaining the full extent on the Klaww Gang's evil plans and the level of terror and chaos they will cause if they aren't stopped. She also wrote about the full extent of Dark Neyla's corruption.

She sent the letter by bat.

Brittney: Okay. Now Inspector Fox we have to work together to stop this madness once and for all. Our next target is Jean Bison and he's working somewhere up in North America.

Bentley: That's right. We just have to follow the trail of Spice Shipments to where he's at.

Murray: We're ready for anything Brittney.

Lucy: Yeah. BT dubs Brittney where did you send the Contessa's Castle?

Brittney: I beamed it to our dimension where it will be the house of Goths.

Lucy: Wicked.

Laney: That's gonna be cool.

Lana: It sure is.

Brittney: Yeah.

# The Hate of An Owl Part 7

Part 7: HE WHO TAMES THE IRON HORSE

---

Team Thievius Raccoonus was following the trail of spice shipments to northern North America.

They were heading to Nunavut Bay, Canada. The central hub of Jean Bison's spice transport.

It was there that they were gonna find Jean Bison - An Anthropomorphic American Bison.

His background revealed a very strange tale. He is a 19th century prospector that set out to strike it rich during the Gold Rush of 1852. However Jean Bison took one too many risks and ended being buried alive in an avalanche. But Miraculously, the quick freeze kept him alive and 140 years later thanks to global warming, he thawed out. A product of his time, he dreams of "Taming the Wild North" by daming every river and cutting down all the trees with progress delivered at the sharp end of an axe.

Brittney: Oh man. He's a 200-year-old prospector. But I can sense that hes got more than his share of the Clockwerk Parts.

Sakura: What does he intend to do with them?

Sly: I don't know.

Panda King: It's a mystery for a man like him.

Brittney: Yeah.

Laney: I feel sorry for him though. He's a man from the 19th century completely unfamiliar with everything in the 20th and 21st centuries.

Lana: Yeah. We had another case where we found a man frozen in time for 105 years at the bottom of the Atlantic.

Inspector Fox: Did that really happen in your dimension Lana?

Lana: It sure did Inspector Fox. It's a strange story.

Lucy: Yes. He was frozen at the bottom of the Atlantic near the wreck of the Titanic.

Brittney: We'll talk about that later. Right now we have to stop his spice shipment operation.

Maria: What Clockwerk Parts does he have?

Bentley: It says here that he has the Clockwerk Lungs and Stomach.

Murray: That's strange. What does he intend to use them for?

Brittney: That's what we need to find out and stop.

They arrived at Nunavut Bay and saw 3 amazing trains. They did some reconnaissance work and found out that Jean Bison was using the Clockwerk Lungs and Stomach as pumps to keep his trains, the Iron Horses running non-stop 24/7. Maria and Carmen snuck into the trains and swiped the parts and got out as the trains were out of control and they crashed into the nearby mountains.

Carmen: Awesome Job sis!

Maria: You too.

They high fived and streams of fire and water erupted out of their hands.

Maria: Yeah!

Back at the hideout they revealed everything.

Maria: There you have it.

Inspector Fox: Good job you two.

Carmen: Thanks Inspector Fox.

Neyla: That was impressive. But we have to stop Jean Bison now.

Brittney: I know.

Bentley: He has fled the area after the trains crashed.

Sly: We have to find out where he went to and fast.

Brittney: Yeah. We have to stop the Klaww Gang no matter what or the world as we know it will be doomed.

Murray: Yeah.

Dimitri: Word.

# The Hate of An Owl Part 8

Part 8: MENACE FROM THE NORTH, EH!

---

After the destruction of Jean Bison's Iron Horse Trains things weren't right up in Canada. Random acts of violence were popping up like weeds and the Aurora Borealis was fluxuating wildly. One night they would be brighter than ever and the next they would vanish completely. Team Thievius Raccoonus followed the Aurora to a massive Lumber Camp. The huge number of fallen trees indicated the sign of Jean Bison's presence and that he was in the possession of the Clockwerk Talons.

The Thievius Raccoonus makes numerous references to the Talons slicing through plates of steel. A skilled lumberjack like Jean Bison would clear cut a forest in a matter of hours with them. They can cut through trees like a hot knife through butter.

Laney: We have to stop this madness now! What Jean Bison is doing to the environment is bad for the entire planet.

Sly: I know. The world just doesn't need to make space for another strip mall.

Brittney: No it doesn't. Lets go.

Team Thievius Raccoonus was blasting apart the entire lumber camp and destroying it into nothing. Laney used her plant powers to regrow all the trees that were cut down. Lana froze all of Jean Bison's guards with her ice powers, Lucy induced extreme fear into some of them, Carmen incinerated some of them and Maria drenched them.

Panda King and Laney fried some of them with their Flame Fu.

Carmelita electrocuted some of the guards to ash.

Brittney: That takes care of the guards. Now to face Jean Bison.

They went into his mountain cabin and confronted Jean Bison himself.

Jean Bison: Team Thievius Raccoonus. What a unpleasent surprise.

Brittney: We aim to please.

Lana: Jean don't you even realize that what you're doing is wrong on so many levels?

Laney: Yeah. This is wrong Jean. You were a great prospector 140 years ago and you would be considered a great hero in your day. But don't you realize that the Clockwerk Parts are part of the monster owl that was responsible for the murder of Sly's entire family line because of extreme jealousy and hate?

Jean Bison: What? Is that what these parts are?

Brittney: Yes Jean.

Brittney explained the full extent of the Klaww Gang's diabolical plan that will plunge the world into a Hellish Empire.

Jean Bison was horrified and he realized that all of his actions to the planet were for the wrong cause and that he was manipulated into doing the wrong things. He broke down crying and Laney comforted him.

Laney: It's okay Jean. You were lead down the wrong path and used for the wrong purpose.

Jean Bison: I know. (Sniffles) Thank you for helping me realize what I have been doing. Now I want to correct everything I've done. I want to help you all stop the Klaww Gang.

Brittney: We appreciate it Jean.

Inspector Fox: Yes.

Neyla: Our next target is Arpeggio. He is the main architect behind the Klaww Gang and he's the one that's going to use the Clockwerk Parts for this Cataclysmic Future.

Brittney: And without a doubt Dark Neyla will be there too. Watch out Arpeggio, we're coming for you.

Continues in part 9.

# The Hate of An Owl Finale

FINALE: ANATOMY FOR DISASTER.

---

Team Thievius Raccoonus was in the Cooper Van in Jet mode and they were flying East across the Atlantic Ocean toward an enormous blimp.

Brittney: This is it guys. We put an end to this madness once and for all.

Sly: That's right. We can't let Arpeggio resurrect Clockwerk and merge with the frame.

Laney: That's right.

While pursuing the blimp they learned all they can about their host, Arpeggio - An Anthropomorphic Flightless Parrot.

Growing up he attended a prestigious boarding school where he excelled in all subjects. However as time passed he was never able to grow up physically. He couldn't catch up with the older boys and his wings because of their small size were useless for flight. Furious at his feeble body he focused his powerful mind to search for a cure in the works of the Italian Renaissance Masters. Their notebooks provided the springboard for him and it wasn't long before the Klaww Gang took him on as Chief Inventor. He repurposed all the Clockwerk Parts for the gangs criminal schemes and soon he will resurrect Clockwerk and rule over the world and plunge it into chaos and evil.

Brittney: We have to stop him before he puts Clockwerk back together and it spells disaster for the entire world.

Sly: That's right.

Bentley: We have to be ready for anything.

Laney: We may need to call in reinforcements when the time comes.

Lana: We'll keep that option open.

Maria: Yeah.

Brittney: All right guys. Lets go get him.

They landed on the blimp and busted into the main hangar where the Clockwerk Frame was and they saw Arpeggio.

Brittney: Arpeggio I presume?

Arpeggio: (British Accent) Ah greetings Team Thievius Raccoonus. We were expecting you. You're just in time to see me reactivate the Clockwerk Frame. With it I will merge with Clockwerk and achieve immortality and bring forth a new world order.

Brittney: You have no idea what you're doing Arpeggio. You're "New World Order" will be the End of The World. You will plunge the world into Chaos and so much death, pain and destruction will follow in your wake. Clockwerk is Pure Evil Incarnate and his jealousy and hatred is so strong that it will destroy you.

Arpeggio: What do you mean?

Brittney: Let me show you the future.

Brittney showed Arpeggio the future through her eyes and he saw what will happen if Clockwerk is resurrected and his plan came true.

Arpeggio: (Gasp) That's not a new world order. That's Total Annihilation!

Brittney: That's right.

Laney: It will turn Earth into the most feared planet in the entire universe and Earth will be transformed from a paradise into an Infernal Nightmare amplified 1,000,000-fold!

Lana: Arpeggio I know you want to fly again but we can help you with that.

Arpeggio: You can? How?

Brittney snapped her fingers and Arpeggio grew another set of wings from his back. He saw this and he was shocked. He now had another set of wings that can make him fly.

Brittney: I gave you a second set of wings. These are big enough for you to fly with.

Arpeggio: Thank you so much Brittney!

Arpeggio got out of his cage and for the first time ever, he can fly.

Arpeggio landed next to Brittney and he decided to renounce his criminal ways.

But then Dark Neyla appeared.

Brittney: Dark Neyla! I had a feeling you were here.

Dark Neyla: Yes and now I will achieve what that fool Arpeggio could not.

Lucy: You don't know what you're doing Dark Neyla.

Laney: You'll destroy yourself!

Dark Neyla: Anything to destroy you fools!

Brittney: I knew this was gonna happen.

Dark Neyla went into the Clockwerk Frame and merged with it and it activated again.

Sly: This is not good!

Clock-La: **Behold, Clock-La is born!**

Clock-La broke out and she was free to terrorize the world.

Brittney: Time to call in the Big Guns!

Maria: Carmen, before you say anything, I am not doing "Get Help".

Carmen: You don't have to. Because Clock-La's going to be the only one who will need help by the time we're done with her!

Laney: Lets get her!

Brittney pressed a button on her watch and a portal opened up above the blimp and then we arrived.

Me: There's that evil bird guys. Lets power up!

Lincoln: You got it!

Me, Varie, Vince, Lincoln, Linka, Laney, Carol, my children and Yuko went Super Angel. The battle that will decide the fate of the Earth had begun.

Me: HIT HER WITH EVERYTHING YOU'VE GOT!

Kouen - Crimson Flames theme plays.

Lola fired a bunch of fireballs at Clock-La and burned the talons off. Lincoln and Lynn blasted her in the wings with lightning and lava. Lori fired wind blasts at Clock-La and they hit her stomach. Luna and Sam punched Clock-La in the eyes and Talia took the Aurora from the Northern Light Battery and fired a blast of energy and burned off Clock-La's tail feathers. Naruto flew in and slammed a Fire Style: Firestorm Rasengan into Clock-La's back and it exploded with incredible power.

KRABBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOM

Lucy fired a blast of black lightning and Luan and Maggie fired blast of light and black fire at Clock-La and it hit her in the stomach and exploded with incredible power.

KRABBBOOOOOOOOOOOOOOOOOOOMMMMMM!

Inspector Fox fired her shock pistol and Lincoln, Linka and Lily fired lightning and water blasts at Clock-La and they hit her in the head and exploded.

KRABBBOOOOOOMMMM!

Brittney: Clockwerk and Neyla I will never forgive you for everything you've done over the millennia! It's time for your reign of terror to end forever!

Brittney flew from underneath Clock-La and charged up her punch to an incredible level.

Brittney: This is for the Cooper Family!

She flew to Clock-La's belly.

Brittney: SUPER DRAGON FIST!

She was enveloped in a powerful dragon of pure energy and she plowed right through Clock-La with devastating force! When she emerged from the other side Clock-La exploded and was blown in half. One half landed in the water of the Danube River and the other half landed on the shore.

We all landed and Brittney remembered something. Clock-La mentioned something about a Hate Chip.

Brittney: (Gasps) That's it! Clock-La has something with her called a Hate Chip. It's the source of her power.

Sly: If we remove it she will stop attacking.

Me: Lets do it.

We went and held open Clock-La's mouth and a holographic image of Dark Neyla's face appeared.

Clock-La: **I hate you, Team Thievius Raccoonus! I will find you in your sleep and I will destroy you! You will never know a moment's peace for the rest of your short, miserable lives! Clock-La will know revenge! I am revenge! I am the Alpha and the Omega! Clock-La!**

Our auras flared up to an extreme intensity.

Brittney: You are nothing Dark Neyla!

Me: Not if we kill you first Dark Neyla!

I pulled out the Hate Chip and we ran when Clock-La exploded.

We regrouped and saw the massive amount of destruction all over the Danube River.

Brittney: It's over guys. We won. The Klaww Gang is history and Clock-La is no more.

I hand Brittney the Hate Chip.

Brittney: So this is the Hate Chip. I can sense that Clockwerk's life force is linked to this chip. The level of hate and evil that I'm sensing off of it is unbelievable.

Brittney scanned Clockwerk's memories in his Life Energy and she made an incredible discovery. She discovered that Clockwerk has lived much longer than what they all first thought.

Brittney: (Gasp) Unbelievable!

Sly: What is it Brittney?

Brittney: I scanned Clockwerk's Life Force and discovered that Clockwerk has been around much longer than what we first thought.

Laney: He's lived since 1300 B.C. right?

Brittney: Yes. That was our first assumption but it says in his memories that he has lived since 10,000 B.C. He lived for over 12,000 years.

We all gasped in sheer amazement.

Me: That's incredible!

Vince: How can an evil bird like Clockwerk live for so long with nothing but extreme hate and jealousy?

Nicole: His hatred and jealousy for the entirety of the Cooper Clan is so strong that when he made his body mechanical it gave him immortality and he was able to live for so long.

Luna: Dude that is horrible.

Sam: No kidding.

Lori: That bird is literally an eternal terror to the entire world in general.

Leni: Totes. Hate is a very dangerous and evil emotion.

Lisa: Correct elder sibling. But love is the strongest of all emotions and it easily overpowers hate with ease.

Lily: Yes. And love will always win over hatred.

Jessie K: It's just hard to imagine that Clockwerk was able to live for so long. Fueled by hatred and jealousy over the Cooper Clan's Thieving Reputation. He's pure evil.

Brittney: That's exactly what I said about him sis.

Laney: But he's actually Pure Evil Incarnate. He must've killed the first ever Cooper back all those years ago. But in the end there was always another Cooper after another.

Brittney: Well this time he will never kill another Cooper again.

Brittney crushed the Hate Chip with her bare hands and she received a huge increase in power.

Brittney: Never again Clockwerk.

Lincoln: Hey guys! Look!

We all saw the Clockwerk parts rapidly age, rust and disintegrate right before our eyes.

Jared: After 12,000 years, Clockwerk, the Owl of Pure Evil and the Terror of The Cooper Clan has finally been silenced forever.

Sly: You said it Jared. At long last my family has been avenged.

Lucy: We finally put an end to Clockwerk's reign of terror and saved the world from total disaster.

Lana: Yep and Dark Neyla is gone too.

Neyla: Good riddence.

Brittney: Yep. And we saved the world from a Cataclysmic Fate worse than death.

Dimitri: You said it Brittney.

Panda King: We restored the honor of the Cooper Clan and saved the future of the world.

Clockwerk's evil spirit suddenly appeared.

Nicole: I got this guys. It's time for you to suffer eternity in darkness for your crimes Clockwerk. (Pulls out the Book of Vile Darkness) Aldruon Enlenthranel Vosolen Lirus-nor!

Clockwerk was forever sealed into the Book of Vile Darkness and the information that it revealed on him was incredible. Clockwerk was responsible for killing the entirety of Sly's family dating back to 10,000 B.C.

Nicole: This is horrible. I can't believe that Clockwerk is that evil and he hated the Cooper Clan with an extremely terrible vengeance.

Sasuke: He was more than just fueled by vengeance. He had all that hatred and jealousy towards the entirety of the Cooper Line. He makes even Madara Uchiha look like a saint compared to him.

Nicole: You're right about that Sasuke. The only difference is that Madara Uchiha was going to destroy the world. Clockwerk was going to destroy only one family line.

Fu: That's horrible. They both make even the Devil himself look like an angel compared to them.

Brittney: Yeah.

Maria: But Clockwerk and Dark Neyla are gone forever and we never have to see them again.

Me: Yep.

Vince: We saved the entire planet.

Carol: We sure did.

I merged the world we were in with Earth and headed home and we rested.

THE END.

Another Series Complete.

Sly 2: Band of Thieves was considered one of the most incredible games I played on PS2 and PS3. When Bentley got forever crippled because of Clock-La it was a shock to Murray as I saw him crying in the end. So I wanted to make a twist to that and prevent that from happening. I plan on doing a Sly 3 chapter later on. Let me know what you all think.

See you all next time.

# Malevolence of Pandora's Box

It starts in the Living Room as we were watching TV. I am looking up new developments on the computer.

Me: It sure is quiet. Nothing is happening in the world. Wait a second. This is unusual.

Rachel: What is it?

Me: It's coming from the city of Endsville in western Michigan. It says here that the city is plagued with supernatural activity.

Lucy: Gasp! How can a city be flooded with that much supernatural activity?

Varie: I don't know. But that is really weird.

Me: We better check it out. Luan, Ben, Ed, Edd, Eddy, Lincoln you guys come with me.

Lincoln: Okay.

We went to Endsville, Michigan.

---

We arrived in Endsville.

Me: So this is Endsville.

Ben: What a huge city.

Lincoln: For a city it sure is busy. But how can a city have so much Supernatural Activity?

Me: I don't know but this is so weird. Lets check out the local school.

Luan: Okay.

We went into the Elementary School and it was lunchtime. We saw the kids eating lunch outside on the football field and we went and sat with Billy, Mandy and the Grim Reaper and with them was a new student named Dora.

Me: Grim. Good to see you again.

Grim: (Jamaican Accent) Ah J.D. Knudson. Good to see you too.

Me: You too Grim.

Mandy: I've heard about you and your friends J.D. We saw you guys all over the news.

Me: We have a huge and powerful reputation. And you are?

Mandy: My name is Mandy. And this dumb idiot is Billy.

Billy: Hi!

Ben: Pleasure to meet you. I'm Ben Tennyson.

Luan: I'm Luan Loud.

Lincoln: I'm her little brother Lincoln.

Eddy: I'm Eddy. Luan's my girlfriend.

Ed: Hello my name is Ed.

Edd: I'm Edd but with 2 D's.

Me: Who's your friend next to you?

Dora: Oh I'm Dora. Pleasure to meet you all.

Me: You too. But I can't help but wonder. You look familiar to me somehow. Like I've seen you before from somewhere.

Dora: I just have that kind of face.

Me: No it's not that. I've seen you in different places around the world with that box you have.

Mandy: You have been all over the world J.D. and because I have seen you with all those powers and godly gifts and what you are capable of I can tell that you will do anything to make sure that the world is safe.

Me: That's right Mandy. I can also sense that you're seeking world domination.

Mandy: That is right. But I won't seek world domination ever again with you around.

Me: Good. See that you don't. (Forms an energy ball on his finger) Or else.

Grim: Very intimidating J.D.

Me: So Dora back to what I was saying. Where did you get that box if I may ask?

Dora: Well it's a strange story.

Me: Maybe this will tell me something.

I look up the box in my legends book and when I found it I gasped in sheer horror.

Lincoln: What is it J.D.?

Luan: What's wrong?

Me: That box Dora has is really Pandora's Box!

We gasp.

Eddy: Pandora's Box?

Me: Yes. According to legend, Pandora's Box is the container that holds all the Universe's Evil. If it were to ever be opened it would unleash all of Hell onto the Earth.

Grim: I knew it. That box, the clues to what it is. That's Pandora!

Me: Pandora what are you doing here in Endsville?

Pandora: I am Pandora yes but there's a reason why I'm always asking for people to open my box. I'm not allowed to. My Curse forbids me.

Me: Curse? What curse?

Pandora: You see guys, eons ago in an ancient land there was a young girl who didn't have a care in the world. That girl was me. And the cruel gods abold had sinister plans in store for me.

Flashback shows Pandora hundreds of years ago relaxing and enjoying life to the fullest and enjoying everything around her. But the evil Greek Gods were watching her from above.

Zeus: Dude, check it out. Check it out. This'll be hilarious. Watch this.

Zeus fired a lightning bolt and a present appeared by Pandora and she went over and opened it and pulled out Pandora's Box. Her curiosity got the best of her and she opened it and it caused Mount Vesuvius to erupt in 79 A.D. Hades, Poseidon and Zeus were laughing at their prank they pulled. After that incident Pandora was exiled from the city and was forever ostracized.

Pandora: Ever since then, I've been forced to walk the Earth. Forbidden to open my box. Just wishing for the day that someone would open it so I could get my revenge on the people who made me an outcast from humanity and the Gods that cursed me.

Pandora is shown in her flashback walking the world over the centuries wearing different clothes from different places from over the eons.

Flashback ends.

Me: Pandora that's horrible. You were blamed because of something you had no control over. All because of those dumb gods that cursed you.

A flash of lightning came and it was Zeus. (Zeus from Disney's Hercules)

Me: Lord Zeus. Welcome.

Zeus: Thank you J.D. You're right. Those gods cursed Pandora with a fate worse than death. They were actually impostor versions of me, Poseidon and Hades.

Me: So that's it. I can't believe that they would curse Pandora like that. Her life has been through a major nightmare ever since all those years.

Zeus: That's right J.D. We at Mount Olympus already found them and destroyed them.

Lincoln: Well that's a relief Lord Zeus.

Luan: It sure is. They sure have been messing with Godly affairs. (Laughs to Rimshot) Get it?

Everyone but Mandy laughs.

Zeus: (Laughs) Godly affairs! That was a good one Luan.

Me: Luan always makes us laugh.

Lincoln: She can make anyone laugh.

Zeus: I know. Pandora I'm so sorry that you were cursed with this fate. It was not my doing. But unfortunately there's nothing I can do to remove it.

Pandora: I understand Lord Zeus. Thank you.

Me: We'll do everything we can to help her Lord Zeus.

Zeus: Thank you J.D.

He left.

Me: Pandora those god impostors got what was coming to them.

Pandora: Thanks J.D.

Me: And if anybody tries to hurt you we will kill them. People that hurt other people for something they had no control over need to die.

Pandora: Thanks J.D. (Voice Breaking) I owe you my life! (Crying)

Edd came and comforted her.

Mandy: Your reputation is everything we heard about J.D. I (Grunts) want to (Grunts) change my ways too.

Sperg: Atomic Wedgie!

Sperg gave Irwin an atomic wedgie and we saw it.

Me: That's one thing I will never accept. Guys. Lets make that kid pay.

Mandy: That's Sperg and he's the meanest bully in Endsville.

Me: Lets teach him a lesson he will never forget. Knudson-Loud Style.

Ben: It's hero time.

Mandy: And while we're at it we'll get our revenge on Mindy too.

Me: Mindy?

Mandy: She's right there.

Mindy is a girl with red hair and she has a major league superiority complex.

Mandy: She's on the cheerleader squad and calls everyone losers and drags everyone through the mud. She has a major superiority complex that makes her better than everyone.

Me: We can't have that. Lets get em guys.

Ben transformed into Stinkfly.

Ben: STINKFLY!

Me: That's a Lepidopterran from the planet Lepidopterra.

Stinkfly: That's right J.D.

Stinkfly smelled really horrible.

Grim: Ew! What's that stench? It's even grosser then Billy!

Billy (offended): Hey!

Stinkfly: Sorry, Grim. I won't take long with punishing Mindy. I haven't transformed into one of my alien forms for a long time.

Mindy (scared): What are you gonna do? You gonna kill me, you disgusting bug loser?

Stinkfly: What? Oh, I'm not gonna kill you. I'm just gonna punish you… really, really bad. (sprays slime all over her)

Mindy: EW! THIS IS SO GROSS!

Luan had a nose plug on her nose and she had a bear trap in her hands.

Luan: (Nasally) This will be a snap for you. (Laughs)

---

Me: Luan I know you promised to never use those deadly pranks again but you can always use them against your enemies. It's a loophole I found in your oath.

Luan: Never once thought of that.

Me: You can do it Luan.

Flashback Ends.

Luan threw a bear trap and it snapped on Mindy's leg and she screamed in pain.

Luan: This will give you a good burn. (Laughs)

Luan splashed acid in Mindy's face.

Luan and Eddy gave Mindy the worst wedgie ever to her. She was in a lot of pain.

Eddy: That's for the pain you caused to this school you loser!

Luan: I think I have something else to add to her.

Luan pulled out a branding iron in the shape of the letter "L" and she used her light powers to make it glow red hot.

Luan: This will make you burn! (Laughs)

Luan put a brand on Mindy and she screamed in excruciating pain and she had the letter "L" burned on her forehead forever.

Luan: That's your mark of eternal damnation and you are also forever cursed.

Mindy: Wha… What curse?

Luan: The Curse of Eternal Loserdom. I would call this a fate worse than death. No offense Grim.

Grim: None taken Luan. But it is fitting for her mon.

Luan: Thanks. Mindy is now a loser with a terrible curse: Eternal Life as the worlds most hated pariah. That L is your mark of the curse.

Mindy: You will pay for this you loser!

A girl came and kicked Mindy in the stomach.

Girl: (Laughs) Loser! What a pheeb!

Luan: Enjoy it you loser.

Me: Wow. It works. Great job Luan. CURSES! Foiled again! (Rimshot)

We laugh.

Grim: That was a good one mon.

A garbage can fell on Mindy and she was covered in garbage that smelled really horrible.

Me: Good work Luan.

Luan: Thanks J.D. You were awesome too Eddy.

Eddy: Aw. Thanks my angel of comedy.

Luan: Shall we help Ed take care of Sperg?

Eddy: Nah. I think Ed's got this one down.

Ed was beating up Sperg really good and he had him scared.

Sperg (scared): Please! Have mercy!

Ed (cracks knuckles): Sorry. All out of mercy!

Eddy: Let Edzilla loose on Sperg, Lumpy!

Ed (smirks): Trust me. By the time I'm done with Sperg, he's gonna wish I went Edzilla on him! (gives Sperg an atomic wedgie)

Sperg screamed in excruciating agony as he was given a major league atomic wedgie. The wedgie was so strong that it went into his body and fused with his pelvis. Resulting in a permanent wedgie of incredible pain.

Grim laughed malevolently.

Lincoln fired a blast of lightning at Sperg and he electrocuted him bad.

Lincoln: Bullies like you deserve to be damned.

Me: Well said buddy.

We were watching Ed mercilessly pulverize Sperg while eating some popcorn.

Luan: Where did you get the popcorn?

Me: Over at that cart over there.

I point to a popcorn cart behind me.

Ms. Butterbean came outside and saw what happened to Mindy and Sperg.

Ms. Butterbean: What on Earth is going on here?!

Eddy (Smug): Just a little of three Rs. Reading, writing, and wrecking these jerks' butts!

Me: Well said Eddy. But Writing and Wrecking are not part of that. They have "W's" at the start of the words.

Eddy: Oh. My bad.

Me: It happens. But these two sure got what's coming to them.

Billy: And they'll get more of it.

Billy, Irwin and Pud'n beat Sperg to a pulp and put him in even more pain than ever.

Irwin: That's for all the pain and torture that you put us through Sperg!

Pud'n: Yeah! What he said!

Ms. Butterbean: Well they deserve it nonetheless and I don't care.

Me: Our work here is finished.

Mandy: Yep. You guys are everything we heard about. We would like to help you on your adventures as friends.

Edd (to Mandy): Why exactly should we treat you as a friend, Mandy? Numbuh One said that you've done many evil acts, including an attempt to takeover the KND.

Mandy: Oh please. I'm not like the other villains you guys killed in the past. I know that if I tried a world domination attempt from this point forward, you wouldn't rest until I'm a smoldering pile of ash. (smiles) Besides, I really enjoyed how you humiliated Mindy and Sperg.

Me: Well since you put it that way. Welcome aboard Mandy, Billy, Irwin, Pud'n, Pandora and Grim.

Grim: Thank you J.D.

Me: So how does it feel torturing Mr. Burns after everything he's done to you Grim?

Grim: It is awesome J.D. Mr. Burns has been a huge thorn in my job for years and now that he's where he belongs he will never be a menace to the world again.

Me: I agree Grim. He made rich people everywhere look really bad.

Edd: Yep.

Me: We may be filthy rich but Mr. Burns deserves a whole lot worse *1,000.

Grim: You said it mon. (Laughs malevolently)

Another Fanfiction Complete.

I've watched The Grim Adventures of Billy & Mandy years ago and it was really funny, silly and supernaturally fun. Grey Griffin, Richard Horvitz and Greg Eagles did a really great job in that show from June 13th, 2003 to October 12th, 2008. NicoChan11 gave me the lines for most of the chapter. Thanks for that man. I've always hated the Boogey Man. He was the worst bully ever in Grim's past and I hate Sperg and Mindy. Billy has to be the dumbest person in the entirety of the human race with an IQ of -30. What an idiot. Mandy is a heartless demon child that wants world domination. But now that we've helped her we consider her a friend. Let me know what you all think.

See you all next time.

# A Mermaid's Daughter

Me, Varie, Rachel, Talia, Lincoln, Laney, Lily, Sora, Aqua, Maria, Carmen, Kairi, Donald and Goofy were in the simulator doing an exercise.

Sora (sees Maria in her swimsuit and blushes): That's a nice swimsuit, Maria.

Maria (blushes as well): Thanks, Sora. But don't forget that you have Kairi as a girlfriend.

Sora: I know. Sorry Kairi.

Kairi: It's all right Sora.

Me: All right. We're ready.

The Simulator Activated and we found ourselves on land in the world of The Little Mermaid. We were in front of King Eric's castle. But there was something strange about it. There was a giant wall around it that was cutting off the ocean.

Me: It's King Eric's Castle.

Lily: Yeah and that giant wall is brand new.

Aqua: I wonder what that wall was built for.

Lincoln: Probably to keep someone out.

Rachel: Or to keep someone in.

Me: Or both. Lets go check it out.

We went to the castle and went in. We saw that a birthday party was being set up.

Me: Hello?

Carlota came and greeted us.

Carlota: Welcome travellers.

Me: Thank you. Uh is there a birthday party going on today?

Carlota: There sure is. It's King Eric and Queen Ariel's daughter Melody's birthday today.

Laney: Oh wow!

Ariel came and she saw us.

Ariel: Sora! Donald! Goofy! (hugs them)

Sora: Hi, Ariel!

Donald: Long time no see!

Goofy: How've you been?

Ariel: I've been great! Congratulations on defeating Xehanort. Because of his death, the Heartless have stopped invading Atlantica.

Sora: Thanks Ariel. It's great to see you again.

Lily: Hi Ariel. It's been a while.

Ariel: Lily Loud.

They hugged.

Ariel: It's good to see you again.

Lily: You too Ariel. You went from Mermaid Princess to Queen.

Ariel: That's right. Who are your friends?

Me: It's a pleasure to meet you Ariel. I'm J.D. Knudson.

Varie: I'm Varie Knudson, one of J.D.'s fiances.

Rachel: I'm Rachel San Diego, another one of J.D.'s fiances.

Lincoln: I'm Lincoln Loud

Laney: I'm Laney Loud. We're Lily's big brother and sister.

Maria: I'm Maria Rockell.

Carmen: I'm her little sister Carmen Rockell.

Talia: I'm Talia Al Ghul, another one of J.D.'s Fiances.

Aqua: I'm Aqua, one of the legendary Keybladers.

Kairi: And I'm Kairi, Sora's girlfriend.

Ariel: It's a pleasure to meet you all. Kairi I've heard so much about you. I'm glad you're all right.

Kairi: Thank you Ariel.

Me: Congratulations on having your daughter. Melody is it?

Ariel: That's right and thank you.

Me: You're welcome. We also want to ask. What's with that wall around the castle? Is there something or someone you're trying to keep in or out or both?

Ariel: Yes. That wall is for Melody. We built it to keep Melody from going into the sea.

Sora: Why?

Ariel: Lets go to Melody's room and I'll tell you.

Me: Okay.

We went to Melody's room and Ariel revealed a terrifying story that involves Melody. Ursula's insane psycotic sister Morgana is terrorizing the ocean and her goal is to get King Triton's Trident so she can kill all the merfolk and rule over the world with an iron fist and Queen Ariel fears that one day Morgana will use Melody to fulfill her diabolical quest to steal the Trident and Morgana will destroy everything.

Me: Ariel that's horrible.

Lily: I killed Ursula and made sure she never terrorized the merfolk ever again. Now her crazy sister will stop at nothing to kill everyone.

Sora: We got to stop her and make sure she joins her sister in the darkest pits of the Netherworld.

Kairi: Yeah.

Aqua: Also Ariel does Melody know that you were a mermaid?

Ariel: No. She can't know the truth about merpeople or Atlantica.

Me: But Ariel you have to tell her the truth. She has a right to know.

Ariel: (Sighs) You're right J.D. We'll tell her.

Eric: Ariel?

Eric came in.

Eric: Are you okay?

Ariel: I'm fine Eric. It's time we told Melody the truth.

Eric: Ariel are you sure you want to do this?

Ariel: Yes. J.D. told me that Melody has a right to know.

Eric: Okay.

Me: It's a pleasure to meet you Eric.

We introduced ourselves.

Eric: It's a pleasure to meet you all J.D. Sora, Ariel told me so much about your adventures and how you all defeated Xehanort.

Sora: It was a powerful adventure Eric.

Melody came in through the door and with her was Sebastian, a crab.

Me: You must be Melody.

Melody: I am. And you are? Wait a minute. I know you three. You're Sora, Donald and Goofy! The Legendary heroes that killed Xehanort! You're my heroes and idols.

Sora: That's right. It's a pleasure to meet you in person.

Goofy: It's a pleasure to meet you Melody.

Donald: Same here.

We introduced ourselves again.

Melody: It's a pleasure to meet you all. Aqua I didn't know you were one of the Legendary Keyblade Masters.

Aqua: It's a long story Melody.

Melody: I believe it. Kairi I heard about what happened to you and I'm glad you're all right.

Kairi: Thanks Melody.

Me: The reason your mom and dad are here is because they have been harboring a huge secret from you.

Melody: What is it?

Me: It's the reason why they put up that huge wall in the first place.

Ariel and Eric revealed the truth and Lily used her powers to show Melody the battle with her and Ursula and how she and King Triton killed her.

Melody: You, mom and grandfather killed Ursula?

Lily: We sure did Melody. She wanted the power of King Triton's trident for her own selfish vendetta.

Ariel: That's right.

Me: But that's only half of the truth. The reason your mom and dad built that wall was to protect you.

Melody: Protect me? From what?

Me: Ursula's crazy psychotic sister Morgana is out there and Ariel & Eric fear that she will use you to steal the trident from King Triton to kill all the Merpeople. She will stop at nothing to kill everyone on land and in the sea.

Sora: That's right and she is gonna make sure that they all suffer a horrible death if we don't stop her.

Melody was shocked and horrified by this revelation.

Melody: (Crying) Mom!

They hugged and Ariel comforted her.

Ariel: We're sorry we hid everything from you. We were afraid for your own safety.

Me: It's all right Melody. We promise that we won't let Morgana get her hands and tentacles on you. We swear on our Keyblades.

We have our Keyblades and sword's ready.

Me: We promise you.

Melody: Those are awesome Keyblades J.D. I didn't know you were a keyblader.

Me: It's a long story. Aqua got me into it.

Aqua: That's right.

Ariel: It's time for the party.

* * *

At Melody's party everyone was having a great time and we were talking with Ariel and Eric about how we're gonna go after Morgana.

Melody saw her talking to Sebastian.

Kid 1: Hey look. She's talking to a crab!

Everyone started laughing at her.

Me: Not on our watch!

Sora: You want to know the best part of the Simulator? We don't have to worry about disobeying the World Order.

Me: Yep. (Yelling) QUIET!

Maria: You all should be ashamed of yourselves! Just because Melody can talk to a crab doesn't mean it gives you the right to laugh at her!

Carmen: Yeah!

Donald: You tell them!

Me: Melody I have a gift for both you and your mom. But we have to do it outside on the wall.

Melody: Okay.

Out on the wall we were looking at eachother.

Me: Melody this is my gift to you.

I touch her in the head and everything went black for Melody. She found herself in the Station of Awakening and underwent a test for her. She was going to become a Keyblader. She chose the dream sword and she gave up the staff. She tested herself and passed with ease.

She woke up and she had a Keyblade. It was the Circle of Life Keyblade and that was her signature Keyblade.

Melody: My own Keyblade! I'm a Keyblader!

Me: You have a lot to learn with this Melody. Being a Keyblader is not just all fun and games. Your job now is to defend the world and protect the Light from the dark forces of evil.

Melody: This is amazing.

Aqua: It is Melody. I'll be your teacher for your training.

Melody: Okay Aqua.

Me: Now here's my gift for Ariel. Watch this.

I raise my hand up to the sky and it clouded up. Beams of sunlight shined through the clouds and the divine singing of angels graced the sky. A vortex of water shot up out of the ocean and something formed on top of it. It was Queen Athena, Ariel's mom who was killed 21 years ago.

Ariel and Sebastian were absolutely shocked with amazement.

Sebastian: Queen Athena!

Eric: I didn't know you can do that J.D.

Me: There are lots of things you don't know about me Eric.

Ariel: Mom.

Athena saw them on the wall.

Athena: Ariel? (She recognizes her) It is you!

The vortex moved closer and when she was by the wall she and Ariel hugged for the first time in 21 years.

Ariel: (Crying) I've missed you so much mom!

Athena: I've missed you too Ariel. Look at you. You've grown into a magnificent Queen just like I imagined. I'm so proud of you.

Ariel: But aren't you mad that I'm a Queen with the humans?

Athena: No Ariel. No matter what happens you'll always be my mermaid daughter and my little girl.

Ariel: Thank you mom. I've missed you so much.

Athena: I've missed you too.

Ariel: Mom this is my daughter Melody.

Melody: Grandmother!

Melody and Athena hugged for the first time.

Athena: Melody you are amazing. You've grown into a great girl.

Melody: Thank you.

Ariel: J.D. I can't thank you enough for bringing my mother back to me.

Me: You're welcome Ariel.

Sora: I didn't know you can do that J.D.

Me: My powers not only resurrect humans but also can resurrect anything as well.

Varie: That is amazing.

Rachel: It sure is.

Talia: It's amazing at what you can do J.D.

Me: Not to brag but yes. Now it's personal. It's time for us to go after Morgana. We launch the attack in 12 hours.

Athena: So that witch Ursula won't take a hint even in death.

Me: That's right your majesty. But this is her sister that we're talking about.

Athena: I know. I saw everything up from in Heaven J.D.

Me: Then we must prepare.

Another vortex of water appeared and on it was King Triton

Me: King Triton. (Bows) It's an honor to finally meet you your majesty.

King Triton: And you too J.D.

Sora (bows): It's an honor to see you again, your majesty.

King Triton (laughs): Please, Sora. There's no need to bow. I owe you a lot of gratitude for stopping Xehanort once and for all.

Sora: Thank you, sir. But that doesn't mean we can't use our Keyblades to keep fighting bad guys.

King Triton: That's true.

Me: We have a big surprise for you.

Athena: Hello Triton.

King Triton was shocked.

King Triton: A.. Athena? Is that really you?

Athena: It sure is.

They hugged and were reunited for the first time in 21 years.

Me: I resurrected her your Majesty. What happened to her should've never happened at all.

---

Later we got ready and Melody got stronger and stronger at a fast rate. She was now a level 85 Keyblader in just 8 hours. We were ready to take the fight to Morgana.

Me: The time is now. Get ready Morgana. We're coming for you.

We flew, surfed and took boats out to the Arctic.

At Morgana's castle she was waiting for her shark Undertow's report. Morgana was getting impatient.

Morgana: What is taking that small fry so long!

Suddenly Morgana's castle exploded and she dove underwater as the ice crumbled around her.

Her castle was destroyed along with her things.

She surfaced and saw us ready to fight her.

Me: Morgana. So we meet at last.

Ariel: It's over you monster!

Melody: You wanted to try and use me for trying to kill the Merpeople! We won't let you do that!

Morgana: I won't stop until I do!

Me: We'll see about that!

Me, Melody, Sora, Kairi and Aqua had our Keyblades ready and we hit Morgana with everything we got. During the fight Melody felt a sharp pain in her back.

Melody: OW! That hurt.

Melody saw that she had Angel Wings on her back and they were made of leaves with feathers made of wind.

Melody: Wha!? I have wings!

Me: You like them? They are a bonus gift for you.

Melody: These are awesome!

Aqua then sprouted Light Blue Angel Wings and we all flew at Morgana again and had her savagely overwhelmed.

Morgana: This can't be happening! I should be the ruler of the ocean! The world will be mine!

Me: Not anymore!

King Triton: Never Again will you or your arms threaten my family!

Sora: Say hi to Ursula for us!

Lily: Tell her that Lily Loud sends her regards.

Me: Go to Hell, Morgana and stay there you Psychotic Slab of Calamari! Now die!

We fired a powerful combined energy blast at Morgana and completely obliterated her in an instant.

Melody: That showed her!

Me: It sure did.

Aqua: Melody I'm so proud of you.

Melody: Thanks Aqua.

Me: Ursula's family is now dead and they will spend all of eternity suffering for their crimes in the Netherworld.

Ariel: They sure will.

Later we explained everything about where we came from and we merged the world of the Little Mermaid with Earth and Eric's Castle lives in the Gulf of Mexico near Cuba. The simulation ended.

Maria is struggling to keep her balance after taking just one step.

Carmen (catches Maria): Are you alright, sis?

Maria: I'm fine. My legs are a bit wobbly because they were merged into a tail before.

Me: It happens when you step out of the Simulator. You get used to it over time.

Lincoln: Yeah. It happens but you get used to it.

Laney: But we saved the Merworld from total destruction and ended the terror of the family of Ursula.

Me: That's right. I'm proud of all of you.

Lily: Thanks J.D.

We rested and got ready for dinner.

The Little Mermaid 2: Return to the Sea was one of my favorite disney movies from my past. It was made in 2000 and it was a great direct-to-video movie. Jodi Benson, Tara Strong and Rob Paulsen did a great job in that movie. NicoChan11 refreshed my memory and gave me the idea for this and the lines for the chapter. Thanks man. # The Homicidal Orphan

It starts with us in the Living Room eating an afternoon snack, watching TV, reading books and playing cards. I'm playing cards with Mandy.

Me: So Mandy if I may ask how did you and Grim meet?

Mandy: That is a story we'll never forget. We were going to meet Billy's hamster, Mr. Snuggles. That's when Grim appeared. We made a bet with him that if we beat him at a game he would not take Mr. Snuggles and Billy said he would be our best friend forever.

Billy: Yeah, yeyeyeyeyeyeyeyeye yeah! And we won!

Me: Whoa! What game did you beat him at?

Grim: It was my favorite. The Limbo.

Me: That's a tough one. I may be flexible but I'm not that flexible.

Mandy: It was easy for us but we won.

Varie: Way to go Mandy.

Mandy: Thank you. (Reveals her cards) Royal flush of spades.

Me: Oh man. No one can beat that.

Rachel was looking up stuff on my computer.

Rachel: Oh man! Guys look at this!

We look at a disturbing story coming from Canada.

Me: "Kate Coleman in hospital and she believes her adopted daughter Esther is responsible for it" That's weird.

I pull up her background information and made a horrific discovery.

Me: (Gasp) Oh man!

Lincoln: What is it J.D.?

Me: Esther Coleman is really a psychotic homicidal woman named Leena Klammer. She is one of Eastern Europe's most dangerous serial killers.

Laney: She's from Eastern Europe?

Me: Yes. It says she's from Estonia. Her background says that she has a rare hormonal disorder called Hypopituitarism. It stunted her growth and made her look like a 9 year old girl. She killed 7 people and was placed in the Saarne Institute. A maximum security insane asylum for Europe's most dangerous criminals. She is considered to be the Saarne Institute's most wild and most insanely violent patient.

Lori: Why is she so dangerous?

Me: It says here that she would fight with the staff and other patients and she had to be put in a straitjacket. She broke out of the straitjacket and has scars on her neck and wrists. 3 years ago she escaped from the Saarne institute and assumed the name Esther and spent most of her life posing as a little girl. She forged documents that said she's an orphan and they never found her. She's even on Interpol's most wanted list. She was adopted by a family from America: The Sullivan's. She killed the entire family and burned their house down and feigned that it was an accident. She was recently adopted by the Coleman's. That family has no idea what they have just done.

Luna: Yeah dude. They're in grave danger!

Lucy: We have to stop her before she kills again!

Me: And we will. Lincoln, Lilly, Laney, Ed's, Luan, Maria, Tara, Aqua, Mizore, Carmen, Rachel, Talia, Spiderman, you guys come with me.

Lincoln: Right.

Lilly: Lets go!

We set out for Canada and at night and found the Coleman house dark. With us was Inspector Fox.

Me: It's dark. She must've cut the power.

We walked up to the door and I kick it in and saw the house totally dark.

Lincoln: I can't see anything.

Me: I can.

I switch my vision to my Yautja vision.

I saw everything in Infrared and I saw patches on the wall. They looked like blood spots.

Me: This place is a bloodbath.

I saw a body on the floor and walk over to him.

Laney: Who is that?

Me: It's John Coleman.

I feel for his pulse but there was none.

Me: He's gone.

Luan: Leena you're a monster.

Eddy: No kidding.

Inspector Fox: We have to stop her.

Ed: Yeah.

Spiderman's Senses found something.

Spiderman: (Points up the stairs) It's coming from upstairs!

Me: Lets go!

We went upstairs and it was quiet.

Leena came out of her room and she had a knife and ran at us and screamed. Inspector Fox kicked her and sent her flying out the window and we followed!

Me: Leena Klammer, you're under arrest.

Leena: (Feigning) My name is Esther Coleman. You have the wrong girl.

Me: Nice try Leena but we're not falling for that. We can do this the easy way or the hard way. You can surrender or we can take you away by force or in a body bag.

Leena: How about we fight!?

Lincoln: You brought this on yourself!

Lincoln fired lightning at Leena and electrocuted her and she was numb. But she got up and went at them and Lilly kicked her in the face and she fired an icicle and it stabbed her shoulder.

Lilly: You're a monster Leena! You need to go away forever!

Lincoln: Ed? Now would be a good time to get crazy.

Ed (smirks): That's my secret, Lincoln. I'm always crazy.

Leena (to Ed): Who do you think you are?!

Ed (smirks and presses button on watch): Someone you just made very angry! (Turns into Edzilla)

Eddy: Hey, Leena. Have some of this! (he and Luan fire light beams at Leena)

Terra (throws rocks at Leena): Time to rock and roll, Leena!

Leena recovered and stabbed a knife into Edzilla's shoulder. But that only made Edzilla angry.

Edzilla: YOU MAKE ED ANGRY, PSYCHO MOM! AND THE

ANGRIER ED GETS, THE STRONGER ED GETS! ED SMASH! (beats Leena to a pulp)

Me: Okay Ed. That's enough.

Aqua: Lets put this monster away for good.

Mizore: Agreed. Aqua, lets put her on ice.

Aqua: With pleasure.

Aqua and Mizore froze Leena in a huge block of ice.

Carmen: This monster doesn't deserve to see the light of day again.

Me: I agree Carmen. People like her deserve to be forever damned.

Laney: That's right.

Inspector Fox: Well done guys.

Me: Thanks Inspector Fox. She got what was coming to her.

Kate came home and she was hysterical. She ran over to the house and was screaming.

We grabbed her.

Me: Kate! Kate! Calm down!

Spiderman wrapped her in web and she calmed down.

Kate: Where's Max!?

Me: She's all right. We captured Leena and we're gonna make sure that she gets what's coming to her.

Kate: Where's John?

Me: (Sighs) I'm sorry Kate. He didn't make it. Leena killed him.

Kate broke down crying and I comforted her.

Later, Leena Klammer was found guilty of her crimes in the U.S. Supreme Court despite her incompetence. She was found guilty of 1st Degree Murder, Aggravated Arson, Attempted 1st Degree Murder, Assault & Battery, Adoption Fraud, Escape and Child Abuse resulting in serious injury. Because of the severity of her crimes and her psychotic mental state she was found to be incompetent to face the Death Penalty so she was sentenced to 334 Terms of Life Without Parole plus 649,912 years in the Triple Supermax Psychiatric Prison Unit in the Lake Vostok Prison in Antarctica. If she escapes again she will be killed on sight. She was also cursed with a fate worse than death: Eternal Life as a 9-year-old girl with a huge uncontrollable rage problem. Her cell was a solitary confinement padded cell with an impenetrable bullet proof titanium door that can only be opened from the outside with fingerprint scan, 2 simultaneous key locks, retina scan and a code panel. 2 guards stand by her cell 24/7 and they are armed with AK47 guns ready to fire should she escape somehow. Burn in Hell, Leena Klammer.

Me: Well we put another serial killer behind bars and she will stay there for good.

Lori: Good riddance.

Laney: Yep. She has no remorse for her crimes and is a true Psychopath. I would rank her at level 18 on the Scale of Evil.

Sam: Yeah. She got what she deserved. I hope she has a fun time burning in the fire of Hell when she meets her maker.

Varie: Yeah.

Luna: That girl is just pure evil. She should've faced the Death Penalty.

Me: I know. She makes even Charles Manson look like a joke.

Luan: She sure got what was coming to her. But Eddy how did you get Light Powers like me?

Eddy: I don't know Luan. I think some of your power might've channeled into me when we work together and kiss.

Me: That could be the case Eddy. You and Luan are now the Angel King and Queen of Comedy and Light.

Luan: That's a great title J.D. It's truely Enlightening! (Laughs to Rimshot)

We all laugh.

Me: That was a good one Luan!

Lincoln: That was.

Laney: I think Leena is a Cluster B Psychopath.

Lana: What does that mean?

Laney: It's someone that has Antisocial, Borderline, Histrionic or Narcissistic Personality Disorder.

Me: I think Leena has all 4 of those personality diseases. She's not just a monster. She's a totally insane whack job.

Laney: Yeah.

Me: She has no empathy, no heart, conscience, soul, remorse or pity. Her heart is as black as darkness in its entirety.

Lily: But why would she kill all those people?

Me: She wanted to start a family despite everything she did.

Sam: That's like me with my former parents.

Me: I know. She tried so hard every time. And killing all those people was her way of saying "If I can't have you than no one will." I would call her a female Charles Manson and the Devil Personified. In my opinion, Hell is too good for her. People like Leena Klammer deserve to be forever damned.

THE END

Another fanfiction complete.

I got the idea for this one out of the blue and NicoChan11 gave me the idea for the lines for this chapter. Thanks man. Leena Klammer on 2009's Orphan was probably the most psychopathic criminal I've ever seen and she makes even Charles Manson look like a joke. I never watched Orphan but it was a strange movie and it gives us a clear view into the deranged mind of Psychopathic Homicidal Maniac. Isabelle Fuhrman did a great job in that movie and she should be labeled as the Queen of Horror. Let me know what you all think. I'm sorry if I scared you all in this chapter.

See you all next time.

Orphan is owned by Jaume Collet-Serra, David Leslie Johnson and Warner Bros. Studio.

# The Magic of Mermaids

It starts with us watching TV and reading books. When a portal opened up above us on the ceiling.

Me: A portal!

Lincoln: But where is it coming from?

Me: We'll find out now.

A basket came through and Luan caught it.

Varie: A Basket?

Rachel: I wonder what's in it.

Luan opened it and in it was a baby. It was a little girl around six months old and she had Luan's ponytail.

Natilee: That girl looks like you Luan.

Luan: She sure does. There's a note too.

Luan picked it up and read it.

Luan: "Dear Luan of 2018,

This is your daughter from the future Lensay Loud. She's 6 months old and we're sending her into the past to be with you to protect her. She's from the year 2030 and there's a huge war so we don't have much time. We sent our daughter into the past to make sure that she has a loving home and family and prepare for when the war would come should the need arise. The war is a battle between mermaids from the dark side of the Legend and most of the human race had been eradicated when they took over and so we sent Lensay in the past to save her so you can take care of her. We miss her and we'll never forget how much we love her.

Love Luan Loud McGee."

We all gasp.

Me: Luan this is unbelievable and this must be a huge shock for you.

Luan: It is.

Lensay woke up and she saw Luan.

Lensay: Mama.

Everyone: Aww.

Luan was in tears of joy.

Luan: My sweet little girl.

We told Lynn Sr. and Rita about this.

Lynn Sr.: So Lensay is from a future where everything is gonna be destroyed by Dark Mermaids?

Me: That's right Mr. Lynn. It's gonna take place 12 years from now. So we have a huge window of opportunity to stop this war before it happens. Lensay came from a destroyed future and we have a chance to make sure it doesn't happen.

Rita: That's awful J.D. But sweetie this must be a huge change for you now that you have a daughter at age 14.

Luan: It is mom. But I've learned so much about parenting from my siblings and you guys.

Lensay then surprised everyone by waving her hands and a red light beam appeared from her hand and it hit the table and red crystals formed on it.

Me: Whoa!

Varie: That's amazing!

Rachel: How did she do that?

Luan: It looks like she inherited my Light Powers.

Me: Let me see here.

I pull out my Legends book and found out something interesting.

Me: It says here that your powers will be inherited by your children. I guess it's true for the Leaf's Will of Fire. "The Next Generation will surpass the Previous One."

Lincoln: That is so cool!

Me: It sure is buddy. This is a really Illuminating development. (Rimshot)

Everyone laughs.

Lensay was laughing too. She saw a Whoopie Cushion in Luan's pocket and blew it up. She tossed it and Lori sat on it without knowing it and it farted.

FART!

Everyone but Lori laughed.

Me: (Laughs) Lensay inherited your sense of humor too.

Eddy: (Laughs) That was funny!

Luan: (Laughs) No poots about it. (Laughs to rimshot) Get it?

Me: (Laughs) That was funny.

Lynn Sr.: (Laughs) Good one.

Lensay yawns.

Luan: Aw. I think someone is tired.

Luan put Lensey in a blanket and she rocked her to sleep. She put her in a carrier on her back and she was fast asleep.

Everyone: Shh.

Me: (Whispering) Just so you know I quiet down the alarm system should we get a job.

My watch beeped and we went to the computer.

On a hologram of Earth it showed that there's a magical disturbance off the coast of southern Australia.

Me: There's a magical disturbance near Australia.

Lincoln: Why there?

Me: I don't know. But we better check it out. Varie, Lincoln, Lucy, Lola, Laney, Lily, Maria, Carmen, Yumi, May, Manaphy, Gwen, Melody, Aqua, Sora and Kairi you all come with me.

Melody: Okay J.D.

Lincoln: Lets head out.

Me: All right. Lets go!

We headed out to Australia.

---

We arrived at Australia and when we landed in Sydney my mermaid senses went crazy.

Me: This is really unusual. My Mermaid Sense is going haywire.

Lincoln: There's mermaids here?

Me: Yeah. I can feel it. Their power is really strong. Lets follow their signal.

Laney: Okay.

We followed the signal and as we got closer it was getting stronger and stronger. We got to the beach and we saw 4 girls by the ocean.

Me: The signal is coming from those girls.

Lucy: Are you sure J.D.?

Me: I'm positive.

Aqua: How can that be?

Sora: This has to be something of magic.

Me: Looks like it. Lets go see.

We walked up to them and talked to them.

Me: Excuse me?

The girls saw us.

Me: We would like to talk to you.

?: What do you want?

Me: We just want to talk. My name is J.D. Knudson.

?: The world famous hero!?

Me: That's right.

Cleo: It's such an honor to meet you. I'm Cleo.

Rikki: I'm Rikki.

Emma: I'm Emma.

Bella: And I'm Bella.

Me: Pleasure to meet you.

Varie: We're with J.D.

Everyone introduced themselves.

Cleo: It's such an honor to meet all of you.

Me: Thank you. I can sense that you four are mermaids.

Rikki: How did you know that?

Me: I have this power called Mermaid Sense. It allows me to sense when a mermaid is near. It's been a power I've had since I was a little boy. It's how I found Varie.

Bella: That's amazing.

Cleo: Yeah.

Melody: It's so cool that you 4 can turn into mermaids!

Emma (scoffs): I wouldn't call it cool, Melody. Everytime we get wet, we turn into mermaids. I had to give up my swimming career because of it. We're freaks!

Maria: Funny. Me and Talon said the same thing to J.D. when we first met him and we were wrong about that.

Meanwhile, in Dakota prison.

Teresa and Puff were eating tater tots in the prison cafeteria.

Puff (Teresa sneezes): You alright?

Teresa: I'm fine. I just have this weird feeling that someone's talking about me.

Back with the heroes

Maria: Look, just because you four are mermaids doesn't mean we'll look at you any differently. It's what's on the inside and what you do that's important.

Lily (pats Maria on the back): We taught you well, Maria.

Maria (smiles): Thanks. I had good teachers.

Me: You see girls. You were given a great gift and a magnificent power that can used to help people in times need. With great power comes a great responsibility.

Laney: We've had lots of encounters with people going through what you girls went through. But they had different scenarios because of

it.

Rikki: Could you show us?

Lincoln: Sure. I have lightning powers.

Cleo: Lightning Powers?

Lincoln: Me and my dimensional twin sister Linka who came here from a flipped gender universe were given Lightning Powers by the Lightning of Hinon, the spirit of Thunder in Iroquois myth.

Me: Lincoln and his family have Iroquois in their blood.

Lincoln: Yep. Watch.

Lincoln held his hand out and fired a stream of lightning and it hit a rock and exploded.

KABOOM!

Cleo: Whoa!

Bella: That was incredible!

Lincoln: Yep. Because of my powers I got the nickname Thunderbolt Lincoln.

Rikki: Cool nickname.

Laney: I have plant powers.

Emma: What can you do with them Laney?

Laney: Actually I have two incidents where I got my powers. The 1st one was where we had an incident at my house and I slipped on some of my sister Lisa's chemicals and I accidentally got superpowers. I got Super Strength, Flight and who knows what else. I got my plant powers when we were at Grand Venture State Park because of the Diamond of Gaia. Only those that are pure of heart can get them. I have wings, plant powers and even the power to talk to animals. Watch.

Laney held her hand to the rocks and a huge tree grew out of them.

Emma: That is awesome!

Laney: I can grow any plant regardless of the conditions.

Emma: That is something.

Lucy: I have dark powers. I got my powers when I was possessed by a demon and after it left me I got my dark powers from the Black Lightning of Nótt, the Goddess of the Night in Norse Myth. Not only that but I'm also a vampire.

Rikki: A vampire? Really?

Me: It's true. During that incident a while back where Laney got her powers she was bitten by her sister Lana's Vampire Bat and it turned her into a Vampire.

Lucy: That's right. I can strike fear into my enemies with my black lightning.

Me: Watch.

I snap my fingers and brought a kid beating up another kid over to us and Lucy fired a stream of Black Lightning at him.

Lucy: Let fear consume you.

The kid saw everything around him go pitch black and he couldn't see anything at all.

Kid: What happened!? It's so dark! I can't see anything!

Me: Looks like he has Nictophobia, the fear of darkness.

Lucy: That's right.

Emma: That was intense!

Rikki: It sure was.

Lola: I have fire powers. I got my powers because of the Flame of

Gabija, the Spirit of Fire in Lithuanian Myth.

Bella: That's wicked.

Lola: Yep. Watch.

Lola fired a stream of fire out into the ocean and it exploded and became a huge cloud of steam.

Cleo: That was amazing!

Lola: Yeah. It comes with being a girl with a powerful rage.

Rikki: I can believe it.

Lily: I got my Water powers because of the Glowing Water of Coventina, the Goddess of water in Celtic Myth. Biologically I'm 15 months old and the Glowing Water of Coventina changed me into a 10-year-old girl because of it. Watch.

Lily formed a huge vortex of glowing water out on the ocean and it twirled around and then went back into the ocean.

Emma: That was awesome!

Rikki: That was intense!

Maria: Yeah. I got my water powers because of an event in Dakota City, Michigan. Me and a bunch of other kids were exposed to an experimental biohazardous mutagenic compound and it mutated us and gave us unique powers. I was turned into pure water and I have lots of powers attributed to water because of it. I was reunited with my best friend and sister Carol and that's when I got my humanity back. I was blessed by the Water Stallion of Tefnut, the Egyptian Goddess of Water. Watch.

Maria fired a blast of water at a nearby rock and it hit the rock with incredible force and smashed it.

KRABLAM!

Emma: Whoa! That was intense!

Bella: It sure was.

Rikki: It was amazing.

Carmen: I have fire powers. I got them because of the Mutagen that turned my sister into Water. Watch.

Carmen fired a huge blast of fire and it went out onto the ocean and hit the water and exploded into a huge cloud of steam.

KABOOM!

---

Emma: That was amazing!

Rikki: That was awesome.

Gwen: I am actually something different. I was given my powers through magic and I found out recently that I'm a hybrid with an alien race.

Rikki: What race is that?

Gwen: I'm part Anodite.

Me: They are a race of creatures made of pure energy. They come from the planet Anodyne located 40,000 light-years away from Earth. Show them Gwen.

Gwen fired a blast of magenta energy at some rocks and blew them apart.

Emma: Wow! That was amazing!

Yumi: I don't have any powers but I'm very skilled with a katana.

Lilly: I don't have powers either. I have immortality and me and Lincoln can use lightning when we hold hands. I'm also a mermaid.

Cleo: How can that be?

Lincoln: Me and Lilly met 222 years ago in an island in the middle of the Indian Ocean.

Me: It's a long and strange story.

May: I got my powers when we were helping Dr. Victor Fries in Gotham. After we cured his wife Nora of a terminal illness I got my powers from the Cold Fire Snowflake of Tsovinar, the Goddess of the Sea in Armenian Myth and I have Ice powers because of it. Watch.

May fired a beam of cold and it froze a wave on contact and turned it into a frozen ocean wave instantly.

Emma: That was awesome!

Manaphy: It sure is. I have powers myself. But they are mostly around water.

Aqua: I have the ability to sprout angel wings and I hav many powers with my Keyblade.

Sora: Me, Kairi, Aqua and Melody are Keybladers and our job is to defend the Light and protect everyone from the Darkness that threatens the Universe.

Kairi: That's right. Our job is very dangerous and we have to do whatever it takes to defend our friends and loved ones from evil.

Melody: It's a huge job and we have to always be ready for anything.

Bella: We believe it.

Me: Do you girls have other powers besides your ability to transform into Mermaids.

Rikki: We sure do.

Bella: Watch.

They demonstrated their powers.

Emma has the ability to ability to freeze water as well as the power to create and manipulate ice. Bella has the ability to transform water and all things that contain water into a jelly-like substance. She also has the ability to transform water and all things that contain water into a substance similar to crystal or glass. Cleo has the ability to control and manipulate water at her will as well as the ability to control wind. Rikki possesses the ability to boil water as well as being able to start, control and manipulate fire at will. She can also use telekinesis and control and manipulate electricity.

Me: Wow! Boy you girls have powers all across the board! The only ones we haven't covered are Earth Powers.

Emma: That's right.

Me: That's amazing.

Lincoln: It sure is. But if I may ask what do your mermaid forms look like?

Emma: We can't get wet or else we become mermaids.

Me: We know. But you were given these powers for a reason. You can help people with them and do great things for the world like we have. You're letting your own fear and doubt prevent you from showing what you can do and help people for the greater good of the world. We believe in you girls. All you have to do is believe in yourselves. Let your hearts tell you what to do.

Our words sunk in and they realized that we were right.

Bella: You're right J.D. We have to show everyone what we can do for good.

Emma: That's right. We can put a stop to Denman.

Me: Who is Denman?

Emma: She's a Marine Biologist and is one of our enemies that wants to expose the secret of the existence of mermaids. She wants to perform all kinds of tests on us to unlock the secret of our powers and the power of the Mermaid.

Me: We have to stop her.

Rikki: She attempted to do this before and we escaped and we went into hiding.

Bella: She's going to come after us on the next full moon.

Me: That's tomorrow night. So we have time to stop her.

Emma: Yeah. Lets show you our mermaid forms and get ready.

Maria: Okay.

Rikki: Spray us with water Maria.

Maria: You got it.

She fired a blast of water and got them wet from head to toe.

Thanks to Maria wetting the 4 mermaid girls, Emma was able to transform into her mermaid form. But Cleo, Rikki, and Bella had their eyes closed.

Cleo (to her mermaid half): Okay, I know me, Rikki, and Bella had… issues with you guys over the years. I know we've treated you like burdens and demons that we've wanted to destroy but… (sighs) we were fooling ourselves. You're part of us. You always have been. You always will be. We know you. And that's how we know why we're having difficulty getting you guys out when we need you.

Rikki (to her mermaid half): You guys got scared. All the people who've wanted to hurt you over the years like Denman and Charlotte made you guys afraid. And that comet that me, Cleo, and Bella dealt with was probably the last straw for you. Well guess what, that happens. Fear is part of life to anyone, even you guys.

Bella (to her mermaid half): Right now, Denman is out there and we're needed. So it's time you guys stopped fighting us and fought together with us. It's time we prove what mermaids can do. What do you say?

There was a brief pause. And then, Bella, Rikki, and Cleo's legs started to merge together and they went into the ocean.

Maria kicked off her sandals before slipping down her skirt. Finally, she took off her shirt, leaving her clad in her aqua blue swimsuit.

Sora: Are you wearing your swimsuit under your clothes all the time now?

Maria: Yep. My swimsuit was the only clothing I wore when the Big Bang happened. Even though I'm cured now, I figured that it can serve as a superhero costume.

Me: That's okay. Lets get ready guys.

Yumi: Wait. I can't breathe underwater like you guys can.

Gwen: Me neither.

Carmen: I can't go into the water because I'll get extinguished.

Me: Don't worry. I got this.

I use my magic and formed a breathing bubble around Gwen and Yumi's heads and a special protective aura around Carmen that kept all the water out and enables her to use fire underwater.

We all dove into the water.

We saw Aqua, Kairi, Sora and Melody turn into Merpeople too and that was amazing.

Me: Wow! You guys can turn into mermaids too?

Aqua: That's right J.D.

Maria's legs became an aqua blue tail.

Maria: This is really awesome.

Yumi: It sure is.

Carmen: This is so cool!

Emma: Now we can stop Denman.

Cleo bonded with Lily and Maria, Rikki bonded with Carmen, Aqua and Laney, Emma bonded with Lincoln, Lilly, and Me, and Bella bonded with Lucy, Lola, Lily and Melody.

We then arrived at Denman's lab on Mako Island.

Me: So this is Mako Island.

Lola: It's beautiful.

Lily: It sure is.

Cleo: Yep. This is where we got our powers.

Me: All right then. (Cracks Knuckles) Lets go.

We go up to the lab and walk in.

Inside Linda Denman was doing some work when we burst in.

Me: Linda Denman I presume?

Denman: That's right. The famous J.D. Knudson and the Loud Siblings. How nice of you to grace my presence.

Me: We aim to please.

Denman (to Emma, Bella, Rikki, and Cleo): You couldn't stay away, could you? Everything was fine without you. I had the data that I wanted. I left you three alone as promised. And…

Maria (grabs Denman): Speaking of that, you're going to hand over all the mermaid data that you have. Or I'm going to drown you where you stand!

Denman: I didn't know that you heroes use threats of violence.

Maria: After what you did to Emma, Rikki, Cleo, and Lewis, it won't be violence. It'll be justice!

Lily and Maria formed tendrils of water and pinned her to the wall.

Me: Hand over that data now!

Denman: Never!

Aqua: You're really making me do this?

Denman: Do what?

Aqua throws her Keyblade as far as she can, then stands behind Denman with a hand on her neck

Aqua: You know that nothing will stop my Keyblade as it returns to my hand. Not even your face!

Denman: [scared]: You're insane! You would really kill me like this?

Aqua: To protect my friends? Without question!

Denman [as Aqua's Keyblade comes right towards her]: ALRIGHT, YOU WIN!

Aqua shoves Denman aside just in time, catching the Keyblade in her hand.

Me: Thank you.

Denman: The data is on my computer.

Me: Make sure she doesn't try anything.

I take a disc and download the data to it and took it our when it was done. I deleted all the data and purged the computer of it.

Me: Never do this research again.

We left and went back to Australia. Cleo, Bella, Rikki and Emma decided to move to America with us and they were gonna learn more of their powers from us. We talked it over with their parents and they accepted. I beamed their houses over to Royal York and they were amazed by the extent of the beauty of the city. They met our friends and the rest of the Loud Family. It was gonna be great having them here in Royal York.

THE END.

Another Fanfiction Complete.

NicoChan11 gave me the idea for this fanfic. Thanks for the awesome idea man. I've been wanting to make Luan a mother of Lensay for a while and I got the idea for it from Kabutopsthebadd on Deviantart. It was his picture "Luan's picture of her when lensay was born" and that was my inspiration for it. Thanks for that man. The devastating future for it was out of the blue for me. H2O was an amazing show on Nickelodeon and it was awesome because of my love of Mermaids. But it was a strange one but awesome. Let me know what you all think.

See you all next time.

H2O: Just Add Water is owned by Jonathan M. Shiff, Nickelodeon Studios and ZDF Enterprises.

# Mermaid War is Inevitable

It starts with us in the living room having a nice chat with Lincoln, Cleo, Rikki, Emma and Bella.

Alexis: It's amazing that you all have awesome powers and Mermaids forms.

Cleo: It sure is Alexis.

Rikki: How did you and Jaden meet?

Alexis: We met at a place called Duel Academy. It's a school where kids go to learn how to become professional Duel Monster players.

Cleo: That's interesting.

Me: It's really cool. And the Duel Monster cards are awesome. I've been collecting them for over 10 years. Wait here.

I go into my room and I come back with a huge 12 inch binder filled with cards.

Me: This is my entire collection.

Alexis: This is a huge collection!

Cleo: Look at all these cards!

Emma: I've never seen so many of them.

Lincoln: I've seen this collection and it is awesome.

Me: Yep. It took me over 10 years to amass this collection and it took alot of money. Lets just say that it was more than what dad made before we won the lottery. I bought them at the stores and off the internet. I even took them from evil duelists as trophies.

Alexis was looking at them.

Alexis: Some of these cards we never saw at Duel Academy.

Me: Yep.

Lincoln: This is amazing. I still can't believe that there are so many of them.

Me: Yep. I just collect the cards and summon them when needed.

Alexis: It's incredible. Even Crowler's cards are in here.

Me: Yep.

Alexis: I became a duelist when I was a little girl. I was considered a very popular student but I don't have that Queen Bee complex.

Cleo: Well that's a relief.

Alexis: Yeah. When I met Jaden to me he was a punk kid that got lucky. But as time went on I realized that he was more than just an amateur. He had what it takes to become the next King of Games like Yugi Moto. Then Crowler kidnapped me and held me prisoner and it was all part of plot to get Jaden and Syrus expelled from the Academy.

Me: Yep. That's when I arrived because of my spy network. My best friend from computer club Charlie Nottingham informed me and I set out to stop and expose Crowler. And we did.

Alexis: Yep.

Cleo: What was Crowler gonna do?

Me: He was gonna get Jaden and Syrus expelled for going into the Abandoned Dorm to save Alexis. But Charlie informed me of what's been going on and we stopped it. Seto Kaiba came and he fired Crowler and arrested him.

They gasped.

Cleo: That's horrible!

Rikki: Why would he want to expell Jaden and Syrus?

Me: He was a sore loser. He was upset that he lost to Jaden and he sought revenge.

Emma: That's not right.

Tara (Terra): No it's not.

Emma: How did you get your powers Tara?

Tara (Terra): My story will shock you.

Tara revealed her story and it was shocking.

Emma: Tara that's awful!

Rikki: The genocide of your kingdom changed you forever.

Cleo: Oh man.

Tara (Terra): Yeah. I was changed forever as a result. I now have Geokinetic powers and Angel Wings for winged flight.

Lincoln: That's awesome.

Tara (Terra): Yeah.

Sailor Mars: My story is just like anyone elses until I became Sailor Mars. My real name is Rei Hino and I lived at a Japanese Temple for a while.

Cleo: That's so cool.

Rikki: It sure is.

Jen: My story is different. Being the cousin of the Incredible Hulk is an interesting adventure. I got my powers from a blood transfusion from Bruce and it gave me the ability to transform into the She-Hulk. Unlike Bruce however I retained my intellegence when I become She-Hulk.

Me: I know.

Cleo: That's incredible Jen.

Rikki: It sure is. We also heard that Ed beat up a psychotic killer from Eastern Europe.

Me: You heard right. Let me show you.

I use my magic and show Ed as Edzilla pulverizing Leena Klammer and it was awesome. They were shocked.

Cleo: Ed did all that?

Me: Yep. She was later arrested and thrown into the Triple Supermax Secure Psychiatric Prison Unit in Lake Vostok, Antarctica. If she escapes again she will be killed on sight. But she also has a terrible curse on her which is a fate worse than death: Eternal Life as a 9-year-old girl with an Uncontrollable Rage Problem.

Emma: Wow! Good riddence to her.

Me: Yep.

Lincoln: Leena Klammer was not just a danger to everyone around her but also to herself.

Me: Yep.

Suddenly the alarm went off.

Me: Uh oh!

The computer popped up and on a hologram we saw in the Tyrennian Sea near Italy a huge disturbance. Scans revealed that a group of friends on vacation in Italy were killed by a mermaid from the Dark Side of the Legend.

Me: Looks like we got a Dark Side Mermaid Problem on our hands.

Lincoln: Is the war starting already?

Me: No. It doesn't say but we have to stop this now. Lets go!

We headed out to Italy.

---

We arrived and saw a fight with a Dark Side Mermaid and a woman named Kelly and a man named Niko. We arrived and I kicked the dark mermaid in the face and blasted her in the chest and killed her instantly.

Me: That did it. (To Kelly) Are you all right?

Kelly: Yeah. Thank you J.D.

Me: No problem.

Another man came over and he was holding the mermaid as if he loved her and he was crying.

Niko: Know the Sirens still have a more fatal weapon than their song. Namely, their silence. And though admittingly as if it never happened it is considerable that someone quite possibly might have escaped from their singing. But from their silence, certainly never.

Me: That's the beauty of the Dark Side of the Legend. They are savage, ruthless, blood-thirsty monsters with an endless thirst for blood and that's why we have to kill all the dark side mermaids before they destroy the world.

Alexis: That's right.

Suddenly singing was heard in the distance and something evil was coming our way.

Niko: Something is wrong.

Me: Something's coming.

Kelly: What is it?

Alexis: More mermaids.

Lincoln: And they're heading this way.

Niko: Her sisters are coming for Vengeance.

Me: It's war. Kill one and thousands will take its place. Mermaid War is Inevitable.

A huge school of mermaids was heading our way and there were thousands of them. Maybe millions.

I pull out my radio.

Me: Everyone converge on our position. Mermaid War has arrived.

Jared: We're on our way dad.

Me: Hurry son.

Kelly: I'm not ready to die.

Niko: Living as a slave like him is a worse fate than death. Maybe we'll all die but at least we'll kill all those monsters! One by one!

Me: And we'll gladly help you. These monsters have plagued the world of mermaids for far too long and they are a menace to everyone.

Cleo: That's right.

Rikki: Lets do it.

Emma: No one ruins the good name of the mermaid on our watch!

Bella: Lets get em!

Everyone arrived and they landed by us ready to fight.

Varie: This is it guys.

Aylene: Yep. Mermaid War. We have to stop these monsters and prevent them from destroying the world.

Me: This is it everyone. WE FIGHT TO THE DEATH!

Laney: We're with you all the way J.D.

Cody: We won't let these monsters destroy our planet.

Zoe: That's right.

Hercules: We're ready.

Me: That's right. TONIGHT, WE DINE IN HELL!

All: (Spartan Grunts)

We powered up.

Me: CHARGE!

Lilly sounded the charge horn and we went on the water and into the water and flew into the air above the water.

(The Battle of the Pelleanor Fields theme from The Lord of The Rings: Return of The King plays)

The mermaids got closer as we charged.

The battle that will decide the fate of the Human Race and Mermaids of good everywhere had begun.

WARNING: This battle contains lots of gore and carnage. Read at your own risk.

We all clashed with the dark mermaids and the entire Mediterranean Sea was being turned into a savage bloodbath. Blood and guts were splattering everywhere, limbs were being severed and thrown, organs were flying everywhere and heads were coming off. But as the fight progressed more mermaids from the dark side kept on coming by the tens of millions from all over the world. We were blasting and slashed them apart and it was a gruesome and horrific fight of indescriminate fury.

Cleo and Emma were facing some mermaids underwater.

Cleo: We don't know who you are. But you're giving mermaids a very bad name!

Dark Mermaid: Then why don't you cry about it? Perhaps to your parents who are all the way in Australia. OR maybe to those stupid boyfriends of yours?

Oh she did not just go there.

Emma: Oh, you did not just insult our boyfriends!

Cleo and Emma ripped her apart and blasted her.

Massive fiery explosions were blowing some of the mermaids apart and were setting some of the Mediterranean sea on fire. Hundreds of thousands of people were running for their lives in fear of they would be killed because of the battle. Magic, ice, fire, light, crystal, lightning, earth, wind, water and energy blasts were blowing apart some of the mermaids and throwing their limbs and organs everywhere and we were smashing their heads in with hammers and maces. She-Hulk was punching their heads off with her superhuman strength. Nicole was sealing all of their souls into the Book of Vile Darkness with her magic and they all just kept on pouring into it. It was a grizzly and gruesome fight. Suddenly reinforcements arrived. It was Verbina and Aster along with thousands of soldiers from Chrysalis and Thetis arrived with some of her friends and they blasted the Dark Mermaids with ion laser blasters and powerful streams of water.

Me: You all arrived just in time Verbina.

Verbina: Thanks J.D. Glad we could help.

Shanan: We all owe you one.

Thetis: Thanks Shanan.

We fought valiently and killed all the mermaids from the dark side of the legend 3 hours later.

We were panting hard and sweating a lot and our clothes were covered in blood and sweat.

Me: (Pants) That's the last of them. We did it guys. We won!

We all cheered wildly as we had saved the entire planet from total destruction 12 years from now. The Scourge of the Dark Side of the Mermaid had been wiped out for good.

Lily: We won and we saved the world from a horrible future.

Lana: We sure did.

Lola: That was the most action we've ever done.

Lucy: It was so great. And their blood is really tasty.

Lynn: You got to admit though it was a great workout.

Luan: This was an awesome battle. It was a fight of wonders! (Laughs) Get it?

We all laugh.

Me: (Laughs) That was a good one Luan.

Eddy: (Laughs) That was awesome. You were amazing my angel of comedy.

Luan: Thanks my King of Comedy.

Lensay: Mama gweat.

Everyone: Aww.

Luna: This was an awesome fight dudes and in the end we won.

Sam: We sure did.

Leni: We totes won and saved the world.

Lori: We sure did Leni. This was literally one of the most incredible battles we've ever experienced.

Vince: It sure was Lori. What did you think of it Carol?

Carol: It was awesome. You were awesome Vincey.

Me: You both were. You were awesome partner.

Vince: Thanks buddy.

Me: You're welcome.

Laney: Now the horrific future that destroyed Lensay's will never happen at all.

Lisa: Affirmative elder sister. It was thanks to our intervention and massacring the mermaids from the Dark Side of The Legend that we were able to prevent this cataclysmic calamity from ever happening.

Me: That's right Lisa. We saved the whole planet from total destruction and we saved the entirety of the human race from extinction.

Varie: And with the Dark Side of the Legend of the Mermaid completely eradicated we can now finally enjoy our peace with the mermaids of good and light.

Tamao: You said it sis. I'm happy they're all gone. Monsters like them deserve to be forever damned.

Moka: I agree. We all put them in their place.

Me: Yep.

Gabrielle: (British Accent) But what about this mess we made on the Mediterranean Sea.

Varie: I have an idea.

Varie whistled and called a huge school of Great White Sharks and they ate the remains of the dark mermaids.

When it was done, the sea was back to its sparkly blue color.

Varie: Good job boys.

Shark 1: (As James Gandolfini) Thanks Varie. To tell you the truth we've been wanting to eat the mermaids from the dark side for a

long time.

Varie: Glad I could help.

Shark 2: (Groans) I'm so full I won't be able to eat for a long time.

Shark 3: Me neither. That was so tasty.

Shark 1: All right boys. Lets head home.

They went back home to the ocean.

Me: That was cool Varie. Those sharks sounded alot like famous gangsters on TV.

Varie: Yep.

Aylene: Well guys. Lets head home.

Me: You said it.

We went back home and arrived at 9:00 PM.

We walked into the house and Lynn Sr. and Rita were there.

Me: Hello Mr. Lynn and Ms. Rita.

Rita: Hey J.D. We saw what happened over in Italy on the news and it was unbelievable.

Lynn Sr.: You guys were battling mermaids.

Me: Yep. They were from the dark side of the legend and you'll be happy to know that the future mermaid war has been stopped completely.

Lynn Sr.: That's awesome J.D.

Lincoln: We started out fighting 1 mermaid.

Varie: Then it rapidly grew to thousands and then millions.

Nicole: We fought a total of 1,742,482,933 dark mermaids.

Jared: The odds were grim but we all prevailed.

Jessie K: That's right.

Allie: It was intense and bloody but we triumphed.

Linka: Yeah.

Lynn Sr.: I'm so proud of you kids. You all have made us really proud.

Me: Thank you Mr. Lynn. Sorry we missed dinner. Saving the world is a huge job but somebody has to do it.

Cleo: That's right.

Rikki: It was awesome though.

Emma: Yep.

Bella: That's true.

Rita: Oh that's all right guys. But your dinner is in the fridge in your zones for you.

Me: Thanks. I'm hungry.

We ate our dinner after changing out of our bloody clothes and putting them in the wash and showering up. Then we went to bed.

THE END.

Another Fanfiction Complete.

I got the idea for this one from the 2014 fantasy horror movie Killer Mermaid AKA Nymph. That movie takes place in Italy and it's about these friends that go on vacation there and it turns into a bloodbath when they encounter a mermaid from the dark side of the legend. This movie gives us a clear view into what the true nature of the Dark Side of the Legend is like. It was freaky, gruesome and surprisingly one of the movies that didn't scare me. I got the line for the Spartan's from 300 and that movie was awesome. Gerard Butler did a great job in that movie. That movie takes place during the Battle of Thermopylae back in 480 B.C. and that movie was amazing and gruesome. Let me know what you all think. I'm sorry if this chapter made you hurl your guts out because of its graphically violent nature.

See you all next time.

# Panda's VS Leopard

The Panda King and Laney are in the Simulator doing an exercise.

Me, Varie, Lincoln, Linka, Nicole, Lisa, Rachel, Talia, and the Cooper Gang are in the control room.

Panda King: For the honor of the Cooper Clan.

Laney: Lets do this.

The Simulator Activated and they found themselve in the world of Kung Fu Panda.

Panda King: I sense trouble at that palace up there.

He went up the steps to the Jade Palace and he was accompanied by Po - another Anthropomorphic Panda Bear.

Po: Hey. You here to save the Valley too?

Panda King: I am. I'm the Panda King.

Laney: And I'm Laney Loud.

Panda King: And you are?

Po: I'm Po the Dragon Warrior. It's an pleasure to meet you.

Panda King: You too. So what's going on at the palace?

Po: Master Shifu is fighting his evil adopted son Tai Lung. He escaped from Chor Gong Prison to take the Dragon Scroll I have here and become the true Dragon Warrior.

Panda King: I feel a great evil coming from the palace. We have to hurry.

Laney: Yes master.

They arrived at the palace and saw Tai Lung - an Anthropomorphic Snow Leopard overpowering Shifu who is an Anthropomorphic Red Panda.

Laney: Hold it right there!

Tai Lung saw us.

Tai Lung: Well who do we have here?

Panda King: I am the Panda King.

Laney: I'm Laney Loud, the Panda King's Student.

Po: And I am Po the Dragon Warrior.

Tai Lung: You? (Laughs) What are you all gonna do? Sit on me?

Laney: No. We're going to stop you.

Laney swung her hand and threw a fireball and it exploded by him and blew him into the back wall of the palace.

Panda King threw swung his hands and fired two more fireballs and they exploded by Tai Lung on both sides.

Po: That was awesome!

Tai Lung came at them and Laney kicked him in the back and sent him rolling down the hill of the temple. Panda King fired a bunch of fireworks at Tai Lung and he saw them coming and dodged them. Po appeared and he had the scroll and his hands.

Tai Lung: That scroll is mine!

Laney: It's never your scroll!

Laney kicked Tai Lung and swung her leg and fired a blade of pure fire at him.

Tai Lung dodged it and it exploded and blew him into a building.

KABOOM!

Tai Lung emerged from the rubble and went at them and the Panda King, Laney and Po were dodging all his attacks and moves as he was trying to get the scroll. It was a brutal struggle against him for the scroll. But he got the scroll and opened it and when he looked at it all he saw was his reflection.

Po: It's nothing.

Tai Lung: What?

Po: It's okay. I didn't get it the first time either. There is no secret ingredient.

Tai Lung dropped the scroll.

Po: It's just you.

Tai Lung was enraged and Laney kicked him in the head and sent him into another building. He came out and they got into a brutal fight and Panda King, Laney and Po overwhelmed him and sent him rolling into another building and he crashed into it.

CRASH!

He got out and ran out them in a blind rage and they kicked him into the sky and Panda King and Laney threw fireballs at him and they hit him in a big explosion.

Tai Lung fell down and crashed into the ground with a huge thud.

CRASH!

Laney: Oooh! That's gotta hurt.

Panda King: It sure did.

Tai Lung got up.

Tai Lung: You… Can't defeat me.

He got up and was on his last legs.

Tai Lung: You… You're all just a couple of big… stupid… fools. (To Po) And you… are just a big… fat… panda!

Po grabbed his finger with his left pointer finger and thumb.

Po: I'm not a big fat panda. I'm THE big fat panda.

Po lifted his little finger.

Tai Lung immediately recognized it.

Tai Lung: The Wuxi Finger Hold!

Po: Oh, you know this hold?

Tai: You're bluffing. You're bluffing. Shifu didn't teach you that.

Po: Nope. I figured it out. (Lowers his finger) Skadoosh.

A massive golden shockwave of energy exploded out of the valley and swept over the area. The fleeing residents of the valley saw it coming and knew something was up. They came back and saw a huge cloud of dust and they saw the Po.

Resident 1: The Dragon Warrior.

They saw Po and they knew that he saved them all. They cheered wildly for Po, Laney and the Panda King.

---

In the Control Room we cheered wildly for them.

Lincoln: They did it!

Lisa: Yes this battle was quite satisfying.

Me: The Panda King sure has taught her well.

Sly: That's right. I was wrong about the Panda King. He really has changed for the better. Laney sure got through to him.

Murray: It's awesome.

Neyla: It sure is.

Bentley: That was an impressive battle.

Dimitri: Word.

Jean Bison: It was a great battle. Tai Lung never even knew what he was up against.

Me: It takes an unpredictable mind to overcome your enemies in battle.

Varie: Yep.

---

Back in the Simulator, Laney was healing Master Shifu with her plant powers and he was fully healed and his back was better.

Shifu: Thank you so much. All of you. Especially you Po. You have earned the right to be called the Dragon Warrior.

Po: Thank you Master Shifu.

Tigress, Mantis, Crane, Monkey and Viper came and they congratulated him. But Po still had alot to learn. Laney wanted to learn Kung Fu as well. So I beamed the Valley of Peace to the Zhangjiajie Mountains in China.

I set up a teleporter pad that would take Laney to the Valley of Peace and gave her a watch that would take her back home after her lessons are done. She would go on saturday's and sundays or during Spring, Summer, Fall and Winter Break.

---

At the Jade Palace as they were having tea, Laney wanted to ask Tigress a question.

Laney: Tigress I've been wanting to ask you this.

Tigress: What is it Laney?

Laney: Why did Tai Lung become the way he was?

Tigress: He wasn't always evil Laney. He was the adopted son of Master Shifu.

---

Tigress: (Narrating) Shifu found him as a cub and he raised him as his son.

Tai Lung was abandoned when he was a little cub and Shifu found him outside the Jade Palace gates and adopted him and raised him like a good father.

Tigress: And when the boy showed talent in Kung Fu, Shifu trained him. He believed in him. He told him he was destined for greatness.

Shifu trained Tai Lung in Kung Fu from a young age and he was getting stronger and stronger with each passing day.

Tigress: It was never enough for Tai Lung. He wanted the Dragon Scroll. But Master Oogway saw darkness in his heart and refused. Outraged, Tai Lung laid waste to the valley.

Tai Lung was infuriated that he didn't get the scroll and he caused a huge amount of destruction in his wake. Destroying everything in his path. He then set his sights on the palace and busted through the wall.

Tigress: He tried to take the scroll by force and Shifu had to destroy what he had created.

Shifu was told to stop Tai Lung. But he could never bring himself to hurt the very creature he loved like his own son.

Tigress: But how could he?

Oogway managed to stop Tai Lung with ease.

Tigress: Shifu loved Tai Lung like he had never loved anyone before.

FLASHBACK ENDS.

Laney was shocked.

Laney: That's awful. Tigress I'm so sorry.

Tigress: It's okay Laney.

Laney: I'm just shocked that's all. He could never bring himself to hurt someone he loved like his own son.

Tigress: That's right. But Shifu fulfilled his promise to set things right and train the True Dragon Warrior and you and the Panda King helped him. You have a tremendous light inside you Laney and you have a purity in your heart that is so strong that it will change not only your family but everyone around you.

Laney: Thank you Tigress. That means alot to me.

Laney promised to grow stronger from then on so she can protect everyone she loves.

THE END.

I've been wanted to do a Kung Fu Panda theme chapter for a while now but I didn't know how to set it up. NicoChan11 gave me the idea for this one. Thanks man. Jack Black, Angelina Jolie, Seth Rogan, David Cross, Lucy Liu, Dustin Hoffman and Ian McShane did a great job in the first movie. I didn't see the whole movie but the fight with Po and Tai Lung was epic. Lets hope that they make a 4th Kung Fu Panda movie. Kung Fu Panda Legends of Awesomeness was a great show and it was awesome. Let me know what you all think.

See you all next time.

Kung Fu Panda Series belongs to Dreamworks Animation, Nickelodeon, Paramount Pictures, John Stevenson, Mark Osborne and Peter Hastings.

# Down With Abusers

It starts in the Living Room. We are having an arm wrestling tournament. I am arm wrestling Lady Tsunade.

Me: Lets see who's stronger Lady Hokage.

Lady Tsunade: You're on J.D.

Lucy was the referee.

Lucy: Ready?

We're holding our hands and ready to go.

Lucy: Set… Go!

I go Super Angel and Lady Tsunade had a golden Chakra Aura flared up and we were really strong. We were really struggling but then I got the drop on her and pinned her.

Me: Ha! I win!

Lady Tsunade: You sure did J.D.

Goku: That was incredible.

Me: Thanks Master Goku.

Lady Tsunade: You're really strong J.D.

Me: So are you Lady Hokage and I think that you were only using 30% of your strength.

Lady Tsunade: You're right J.D.

Me: I would hate to imagine how strong you are at full power. You would probably throw me through 100 houses and send me flying to the other side of Michigan.

We laughed at that joke.

Lady Tsunade: I'm sure I would. But good match J.D.

Me: Thanks Lady Hokage.

We were betting on opponents and I raked in $400.00

Lincoln: Our next opponent's are Ed and Hulk.

Hulk: Hulk will crush you Ed.

Ed: We will see big guy.

They got ready.

Lucy: Ready?

They looked at eachother.

Lucy: Set… Go!

Ed transformed into Ed-zilla and it was an even match with one of the strongest superheroes in the Marvel Comics. But Ed got distracted by something and Hulk pinned his arm.

Hulk: Ha! Hulk Win!

We cheered for Hulk.

Me: Me and Hulk next.

Hulk: Hulk always wanted to see who is stronger.

Me: You'll get your wish big guy.

We readied ourselves.

Lucy: Ready?

We looked at eachother.

Lori: $50 on J.D.

Lynn: You're on.

Lincoln: Double that to $100.

Lucy: Set… Go!

We wrestle and it turns out my strength is stronger than the Hulk. I won.

Everyone cheered.

Me: Thank you. Thank you.

Hulk reverted back to Bruce Banner.

Me: You can control your changes at will now Bruce.

Bruce: That's right J.D. It took some doing but I managed to form a bond with my Hulk Side.

Me: That's awesome Bruce.

Lincoln: It sure is.

Bruce: Thank you. Good match J.D.

Me: Thanks Bruce.

We shake hands.

Static: Maria I'm so proud of your progress when you became a hero.

Maria: Thanks Virgil. It's awesome being a hero.

Carmen: It sure is.

Gear: It's a dangerous job but we got to do it.

Me: That's right Richie.

Linka was looking up something on my computer. I gave her permission to use it.

Linka: Hey J.D. something is going on in the city of Quahog, Rhode Island.

Bart: That town is a cesspool.

Homer: It sure is. The crime rate there isn't as bad as Springfield's was but it's right up there.

Me: Lets see what's up.

I used my computer and the satellites picked up voices and abuse in one of the houses.

It was the Griffin Residence.

Meg: Dad you can't do this to me!

Peter: Shut up Meg. No one cares about you.

We all gasped when we heard that.

Lois: No one will ever love you Meg. No one does and no one ever will.

Chris: What a loser! After 18 years you are nothing!

Meg: I HATE YOU!

Me: Oh that does it!

Static: No one should ever have to go through stuff like that!

Ben: No kidding.

Me: Lets get her out of that house and throw those people in prison! If there's one thing I hate more than a rapist, it's an abusive and mean family. Lincoln, Rachel, Laney, Lucy, Lola, Lisa, Sam, Static, Bruce, Jaden, Jeremie, Aelita, Robin, Ash & Pikachu, Ben and Sailor Moon you all come with me.

Lincoln: You got it buddy.

Me: Lets go!

We went out to Quahog, Rhode Island.

---

Joe Swanson, a crippled police officer was leading the Griffin's and Glen Quagmire to the park.

Peter: So what's the reason why you're taking us to the park Joe?

Joe: Just to hang out with my friends.

Lois: Well it was nice you to do this Joe.

Joe: Thank you. (In his head) Cause it will be your last day on the streets.

Quagmire: I hope we see some hot ladies here. Giggity!

Joe: Don't you think I should get my gun from the police station? It could come in handy against those jerks who are trying to hurt you guys.

Lois: There's no time, Joe. We need to find Meg, Brian, and Stewie and then we're getting the heck out of Quahog.

Joe: Well, there's still time to get my pistol from the police station. It's only a few minutes away.

Peter (grabs Joe by the collar): You listen to me very carefully, Joe! We're going to find the rest of my kids, we're getting out of Quahog, and then we're gonna punish Stewie, Brian, and Meg for defying us!

Joe (defensively): Just a gun is all I'm saying.

At the park they arrived and we had them surrounded.

Peter: Holy crud! The famous J.D. Knudson and the Loud Siblings!

Me: That's right. Peter, Lois and Chris Griffin. Pleasure to meet you.

Peter: What the heck is this?!

Joe (chuckles): It seems pretty obvious. It's a trap.

Stewie (to Lois): Suprised to see us, Lois?

Joe: Oh, and don't worry about me not having a gun, Peter. J.D. gave me this nice new one. [points gun at Peter] Along with a better offer.

I hand Joe a CD.

Me: This disk is all you'll need.

Joe: Thank you.

Me: First lets have some fun with you before they take you in Peter. (Cracks Knuckles)

Rachel: Lets. And you're getting the ultimate castration for your perverse pleasure Quagmire.

We take them and fight them and Peter, Lois and Chris were trying to fight back. Bruce was facing Peter.

Peter was punching Bruce. But he was making him mad.

Bruce: Peter! You're making me angry.

Peter: Yeah?

Bruce: You wouldn't like me when I'm angry!

Then Bruce started to change and he became the Incredible Hulk!

Peter: The Incredible Hulk!

Hulk: HULK SMASH!

Hulk smashed Peter in the face and sent him crashing into a park bench.

Ben became Rath.

Ben: Rath!

Me: An Appoplexian.

Rath: That's right J.D.

Lincoln: What's an Appoplexian?

Me: They come from the planet Appoplexia located 18,000 light-years away from Earth. The Appoplexian's are a race of Animal Humanoids that are really aggressive and they act like the pro wrestlers here on Earth.

Laney: That is so cool!

Lincoln: Lynn likes wrestling. Maybe she can see how she fairs to him.

Rath: Yep. We'll have to see. Now watch this.

Rath walked up to Peter.

Rath: LEMME TELL YA SOMETHIN' PETER LOWENBRAU GRIFFIN SR.! AS LONG AS WE'RE STANDING ON THIS PLANET, NO ONE IS GONNA ABUSE THE CHILDREN WE CARE ABOUT! YOU HEAR ME!

Rath punched Peter in the stomach and punched him in the face and knocked out all of his teeth and he was bleeding bad.

Static landed a punch and kick on Peter and he was knocked out.

Ben reverted back.

Me: That was awesome Ben. That line Rath uses is Hulk Hogan's famous catch phrase when he wrestles.

Ben: That's cool J.D.

Me: Yep. Good job guys.

---

Sailor Moon, Stewie, Rachel and Bonnie were beating Lois up and she was in a bad scrape.

Sailor Moon: You give all loving mothers everywhere a bad name!

Stewie: Yeah! You're the worst mother and the most worthless (Censored) that ever lived!

Rachel: No one beats up kids on our watch!

Bonnie: I don't know what I ever saw in you as a friend Lois. To me Lois, you are dead to me.

They beat Lois up really bad.

---

Joe, Ash, Jeremie, Lincoln, Laney and Jaden were beating up Chris and we was pulverized bad. Lucy, Sam, Lisa, Lola, Aelita, Ash & Pikachu and Robin beat up Quagmire really bad and Lucy fired a blast of black lightning.

Lucy: Let fear consume you completely.

Quagmire saw that all the women everywhere were dead and the entire planet was destroyed. Sam then fired a blast of fire at his crotch and burned him really bad.

Sam: This is what you get for being a menace to all women everywhere.

Lori arrived with Vanzilla 2.0 in Jet mode.

Me: Lets go guys and let the proper authorities handle this.

We left in Vanzilla with Meg, Stewie and Brian with us and Jillian came with us too.

Peter, Lois and Chris were arrested and their bond was set at $600,000,000.00 cash only.

---

Lisa fixed Meg up and she was more beautiful than ever.

Meg: I got to admit though. I look amazing. Who would've thought that the Goth Girl Look would be so awesome on me.

Me: It sure does look awesome for you Meg.

Meg: J.D. I can't thank you all enough for saving me from the Griffin's. I can never forgive them for everything they put me through.

Me: I know Meg. I'm so sorry that they put you through all that your entire life.

Bart: I agree Meg. Those people don't even deserve to call themselves parents. Your dad is even dumber than my dad.

Homer: Yeah son. He is stupider than me.

Brittney: Yep. But Meg you look amazing as a goth.

Meg: Thanks Brittney. But I don't think I know this style better than you and Lucy do.

Brittney: I can teach you. I adopted the darkness when I was seven. Lucy was born a goth from day one so she was essentially born from the darkness.

Meg: That's wicked. Darkness is everywhere.

Brittney: You're starting to catch on. Good start.

Meg: The Griffin's trial is being broadcasted nationwide and it's gonna be a case of major humilation for them.

Stewie: And the Fat man and his whiny woman are gonna get what's coming to them.

Brian: What Lois and Peter did to you all was absolutely horrific and they don't even deserve to be called parents, let alone human beings.

Me: You'll get no argument from me Brian. Also Brian I read your book " Faster Than The Speed of Love" and it's a true work of art. It's a magnificent story.

Brian: Well thank you J.D. I'm glad you like my bestselling book.

Me: You're welcome.

Lana: (Offscreen) Hey Guys! The Griffin's trial is on!

Me: Lets go watch and see the Griffin's get humiliated.

---

In the Living Room we watched the trial from start to finish. Many people testified against the Griffin's for their horrific abuse towards Meg and they showed pictures of the abuse she had to endure. Peter farted in her face all the time, fabricated lies that made everyone afraid of Meg to prevent her from having friends. Whenever they would see Meg they would pour gasoline on themselves and light themselves on fire and jump out the window.

Me: That is just sick. The Griffin's need to go away for life.

Meg: I agree J.D.

Lisa S.: Those people were monsters and they don't even deserve the right to ever be called parents.

Varie: You said it.

The trial even showed the abuse she even had to endure in James Woods Regional High School. Connie and her friends were the worst ever bullies towards her and even the teachers and the staff tormented her. They wouldn't help her, falsely grade her and even ruin her education.

Lana: Those people are a bunch of dumb buttfaces!

Lola: Yeah! They don't care about you at all Meg! But we do.

Meg: Thanks Lola.

Lila: It's not right what you had to go through. That town needs to be taught a lesson they'll never forget.

Me: Well said girls. We would blow it up with a nuke but that's too extreme.

Keith: After this we're gonna find a way to destroy Quahog.

Me: Yep. But first we have to get all the kids and any people that can be redeemed out of there.

Olivia: That's right J.D.

Raven P.: Yeah. That town needs to be wiped off the map for its crimes against humanity.

Henry: It's just as dysfunctional as Springfield was.

Me: You'll get no argument from me.

The trial went on and the verdict came down. They found the defendents guilty on all charges.

Me: Guilty.

Meg: Guilty.

We all cheered wildly for their conviction. Justice has been served.

* * *

The next day at their sentencing in the Quahog Courthouse, Meg delivered her impact statement. It was an emotional time for her and she felt like an huge weight was lifted off of her. Knowing that her former family was going away for a long time. She then told the judge to show no mercy on them.

The judge sentenced Peter, Lois and Chris to 50 years in prison without parole and ordered them to pay Meg $500,000,000.00 in restitution. Their parental rights were officially terminated. The Griffin's were also given a life sentence of public humiliation and the people of the country would gather and do all kinds of humiliating things to them in front of everyone. They were also never allowed to contact Meg, Stewie or Brian in any way. Connie and her pose that tormented Meg were given 50,000 hours of community service and kept under 24/7 watch and banned from all social media sites for life. Should they ever violate the terms of their ban they will be sent to prison. They were also ordered to pay Meg $700,000,000.00 in restitution. They all were also expelled from school. Their parents were outraged that their children got a huge rap sheet. Because of the abuse Meg endured at the hands of the teachers too, James Woods Regional High School was closed down for good. The Griffin household was demolished. Lois was disowned by her family. Peter was officially made the biggest loser in the world. Good riddence to really bad rubbish. Quahog was now officially declared after that the worst town ever to live in and the Griffin's were now declared "AMERICA'S MOST HATED FAMILY".

Meg, Stewie and Brian now live in the Knudson-Loud-Anderson-Weather estate and they severed their ties to the Griffin's forever. It's gonna take some time for Meg to forgive the Griffins.

It was also the start of a new life for Meg, Stewie and Brian.

THE END.

I didn't know how to set this one up. NicoChan11 gave me the ideas that put the whole thing together. Thanks for helping me man. I saw the Anti-Meg abuse story created by KaijuPrincess13 called A New Life and it's a great story. I originally wanted to follow that one but I lost inspiration for it and went for a different approach for the story. Family Guy is a silly show created by Seth MacFarlane and he is doing a great job with the show. It's only been on at half the length of the Simpsons and it's awesome. I don't watch it that often though. But the Meg abuse on the show infuriates me. I'm a huge Anti-Meg Abuse fan and it's great. Let me know what you all think.

# The Redemption Squad Cometh

It starts out in the Simulator.

(Intestinal Distress by Earthworm Jim OST plays)

Me, Lana, Lincoln and Rita were shrunk down and we were crawling through the inside of someones intestines to see what it's like.

Lincoln: Oh man. This is so disgusting!

Me: I know. It smells like this man swallowed something and it died.

Lana: I think this is really cool!

Rita: It sure is weird being inside a monster.

Me: I know Ms. Rita. You're a dentist but have you always wondered what it's like seeing other parts of the body?

Rita: I sure have J.D. This is really cool though. I've always wondered what it would be like to go inside someones digestive tract.

Lana: Well now you have mom.

Lincoln: This is really cool.

Me: It's gross but awesome.

We went into the Large Intestine. It had a lot of filthy stuff and it was lined with fart glands.

Me: This colon is lined with fart glands. Wait a second. Who do we know that has a huge flatulence problem? (I gasped as I realized that we are in the colon of someone we know) Oh no! We're in Lori's Intestine!

Rita: So this is the source of Lori's fart problem. Lori has too many flatulence glands.

Me: I would call this disease Stinky Butt Syndrome.

Lana: Stinky Butt Syndrome? What's that?

Me: It's a disease I made up. I got it from Stinky Butt from the Ripping Friends.

Lincoln: It's a fitting name for it.

Rita: Yeah.

Me: It causes you to develop more fart glands than the average human and it causes you to have a major fart problem.

Rita: That explains Lori's bad habit of farting and blaming it on something else.

Lana: How can we get rid of it?

Me: The only option is surgery but it's way too risky. One false move and it will kill you.

Lincoln: That's bad.

Rita: Lets get out of here and reveal what we found to Lori.

The Simulator deactivated and we came out smelling like rotten corpses.

Me: First lets take a shower and tell everyone.

Lana: Okay.

* * *

After our showers we brought the siblings down and told everyone everything.

Me: So during our adventure in the Simulator we found out that we wound up inside Lori's intestines and discovered something rather unusual.

Lincoln: It's the source of Lori's Flatulence Problem.

Lori: (In denial) I don't have a flatulence problem!

Me: Actually Lori, you do. We found out that your flatulence problem is this.

I show Lori a picture of the inside of her intestine and she saw the fart glands lining her colon.

Me: Your Large Intestine is lined with Fart Glands and eating all that health food is the cause of it. You have a disease I call Stinky Butt Syndrome.

Lincoln: We got the idea for it from The Ripping Friends.

Lana: It's true big sis. You have a major flatulence problem caused by this disease.

Me: The good news is it's harmless but it causes you to produce more fart gas than normal.

Lori: You guys are all right. I do have a major flatulence problem. (Crying) I've had it for a long time!

Varie comforted her.

Varie: It's not your fault Lori. It's a natural function. Lynn farts all the time and she is a strong farter.

Lynn: (STRONG FART) Excuse me.

Laney: Yeah. But Lori we've always known that you've had this issue for a while.

Lola: That's right Lori. You can't keep denying it.

Me: Lola. That's only making her feel worse.

Lola: Oh.

Rita: Lori. Farting is a natural process. Everybody does it.

Luan: Yeah. There's no tooting out of this! (Laughs) Get it?

We all laugh.

Me: (Laughs) Sorry Lori. It was a good joke.

Lori: (Laughs) That was a good one. I'm so sorry I hid it from all of you.

Linka: It's all right Lori.

Rita went into the kitchen to get something to drink.

Suddenly an explosion was heard and a strange blue gas covered the inside of the house. It swept over us and it vanished just as fast as it came.

Me: Is everyone all right?

Lori: We're fine J.D.

Leni: I'm totes fine J.D.

Luna: I'm okay dude.

Rachel: Me too.

Lucy: Looks like we're all okay J.D.

We heard a scream.

Linka: That sounds like mom.

Lynn: It's coming from the kitchen.

Me: Come on!

We go into the kitchen and we saw a shocking discovery. Rita's arms were stretched a long ways and she was stretching her legs too.

Me: Ms. Rita?

Laney: Mom? What happened?

Rita: I don't know. I can stretch really far now!

Me: You have super elasticity! You can stretch a long way and change your body in more ways ever thought possible. Lisa's experiment gave you these powers.

Rita: This is incredible! I can now reach into all those hard to reach places.

Me: Lets try it.

I look around the kitchen and I see a really narrow gap between the wall and the refrigerator. I take out a coin and throw it behind the fridge.

Me: Try reaching behind the fridge for that quarter I threw behind it.

Rita: Okay.

Rita stretched her arm out and it flattened and went under it and she grabbed the coin and pulled it out.

Me: You did it!

Shannon: That is so cool!

Ember: It sure is dude.

Me: Now Ms. Rita, these powers were given to you for a reason. With Great Power Come Great Responsibility.

Rita: I know J.D. I don't even know if I can fight yet.

Then a blast of lightning flew in and hit Rita and she was enveloped in a tornado of pure lightning.

Laney: We have an elemental choosing in progress!

Lincoln: Yeah!

When the tornado died down Rita had wings with feathers made of pure lightning and they were emitting the roar of a raging thunderstorm.

Me: Wow!

Rita got up.

Rita: What happened?

Me: You have awesome angel wings Ms. Rita.

I form a mirror of water and she saw this and gasped.

Rita: I have wings now!

Me: You now have lightning powers too.

Rita: Let me see here.

Rita held out her hand and a stream of lightning hit the wall and blew a huge hole into it.

Me: Wow! That's strong lightning. Let me check here.

I pull out my legends book and made a surprising discovery.

Me: Here it is. Ms. Rita was given Lightning powers by the Lightning of Loucetios, the God of Lightning in Celtic Myth. Once every 370 years, he grants a worthy soul his powers over storms, lightning, and the air. But there's a major catch. That soul must be given powers first from an alternative source.

Talia: That's incredible!

Janeen: That's awesome. And Ms. Rita was given her powers because of Lisa's failed experiment.

Laney: Yeah. So how does it feel to have powers like us mom?

Rita: It feels awesome sweetie. I have a lot to learn now.

Me: We'll gladly help train you Ms. Rita.

Odd (he and William enter the house): Man, that was an awesome time at the arcade!

William: It sure was! I had fun at Pac Man.

The two of them see the rest of the heroes in the kitchen.

Odd: Did you guys have a pool party without us?

Maria: No. But you two did miss an awesome sight.

Odd: What happened?

Me: Ms. Rita got Lightning Powers and Super Elasticity.

William: That's awesome!

Odd: How did this happen?

We explained the situation.

Odd: That's intense!

William: It sure is.

Stewie came down.

Stewie: Ah. William you've returned. I want to talk to you for a sec.

William: Sure Stewie.

---

In Stewie's lab in Lisa's Room, Stewie was showing William an awesome blaster that had three long barrels on it and there was a dial on each one.

Stewie: This is my Tri-Beamed Elemental Blaster. What it does is it takes one of the elemental forces of nature like Fire, Earth, Water, Wind, Lightning, Darkness, Light and so on and it fires them in a focused beam that corresponds with that element. But the blasts are 10 times more powerful than a regular blaster.

William: Wow! That's awesome!

Stewie: It sure is. Just turn this dial here on the blaster and it will select an element. You can use different elements at once or one for a more powerful effect. Lots of combinations to choose from.

William: That's amazing Stewie!

Stewie: Thank you William and it's your blaster.

William: For me? (Takes the blaster) Thanks Stewie.

Stewie: You're welcome my friend.

Me: That's a nice blaster William.

William: It sure is. Lets test this puppy out.

Me: Lets head to the training yard then.

Out on the training yard we were testing the blaster.

Me: Here we are. Lets give this baby a test.

William: Okay. Lets start with fire.

Me: Okay. One barrel or three?

William: One to start.

William turned the dial on the top barrel to fire and he readied it. It was aimed at the bullseye.

William: Time to burn.

William fired it and a powerful super focused red beam of fire was fired from it and it hit the bullseye and incinerated it.

Me: Whoa!

Maria: That is powerful!

Me: It sure was. That was more like a focused fire blast.

Stewie: The blaster focuses the elements into deadly beams that can hit anything on contact with different results.

Me: That's awesome!

William: It sure is.

Maria: Yeah. William can I talk to you for a sec in Lori's room?

William: Sure Maria.

Later in Lori's room, Maria gathered Elena, Venom, Stewie, Riku and William. I was there too with Lincoln and Rachel.

Maria: Now the reason I gathered you all here is because I want us to become a team that can help the people to show that we have changed and redeemed ourselves. I know this is hard to explain but like you all I too was once a bad guy. You were corrupted by an evil supercomputer wanting to destroy the world. I was a bad guy because of the Big Bang and that mutagenic compound. It turned me into pure water and gave me awesome water powers. But I dove into a life of crime out of fear. When J.D. and company came they reunited me with my big sister Carol. She helped me and I got my humanity back as a result because of the Water Stallion of Tefnut. I regained everything I lost because of the Mutagen.

Elena: That's intense Maria.

Riku: It sure is.

Venom: **We know how you feel Maria.** (Eddie Brock reveals his face) I had a horrible life and I thought that Spiderman was to blame for it. Because of J. Jonah Jameson I lost everything. My job, my health, my apartment, and almost my freedom. (Becomes Venom) **We became Venom to get revenge on Spiderman so that we can do whatever we want. But J.D. and Vince made us realize what fools we were fighting for the wrong cause. So we renounced our criminal ways to make sure that evil never wins again.**

Maria: That's awful Venom. I had no idea.

Venom: It's not your fault Maria. It's J. Jonah Jameson's fault. He's in jail and he can rot there.

Riku: I agree. My story is a grim one. Sora and Me are best friends and we live on a great island called Destiny Island. It's a paradise. But then everything changed when the Heartless arrived and destroyed our world. I was made a deal by the Mistress of All Evil, Maleficent and she poisoned my mind with darkness and I was forced to fight my best friend. Sora defeated me and he never gave up on me and he traveled all over the universe to find me and bring me back. He saved me from my own darkness.

Me: I remember that Riku. That was horrible that Xehanort did that to you. He was the ultimate evil.

Elena: He sure was. My story was just as bad. I plunged into darkness when I found out what Xehanort was going to do. I became the Savage Nymph - Larxene and I was a ruthless monster. I worked for Xehanort's evil Organization XIII and it was a nightmare until J.D. and his friends came and saved me from my own darkness by reuniting me with Aqua. I almost lost everything because of Xehanort.

William: That's awful Elena. My story is not good either. I was introduced to the world of Lyoko as a new member of the Lyoko Warriors. But the evil Supercomputer X.A.N.A. poisoned my mind with evil and made me into its personal servant. I would try to kill the Lyoko Warriors under its influence. But they never gave up on me and they saved me from a fate worse than death.

Me: Jeremie told me about that. That was horrible. And with X.A.N.A. gone for good we never have to see its ugly face again.

William: Yeah. I want to form a squad just for us where we can help people and show everyone that we've redeemed ourselves.

Me: That's understandable.

Lincoln: This is gonna be awesome.

Me: Since it's your idea William, you can be the leader.

William: Okay. I want Maria to be my second in command, Venom can be the Muscle, Stewie can be the technogenius, Riku can be our Chief Mystic, and Elena can be our enforcer.

Lincoln: That's awesome!

Me: It sure is. I have just the mission for you guys.

William: What is it?

Me: Your mission is to retrieve the most powerful item in the world: The Cosmic Cube.

Lincoln: What's the Cosmic Cube?

Me: It's an extremely powerful artifact that can grant its owner anything they desire. Its power is completely immeasurable and it's omnipotent.

Venom: **That sounds like an extremely powerful artifact.**

Me: It was stolen by this creature…

I show a hologram of the creature.

Me: M.O.D.O.C.

Venom: Oh man. We've heard of him. He's considered one of the most dangerous villains of the Avengers.

Me: That's right Venom. His name is an acronym for **M** ental **O** rganism **D** esigned **O** nly for **C** onquest. His real name is George Tarleton and he was the leader of the terrorist organization A.I.M. which stands for **A** dvanced **I** dea **M** echanics.

Lincoln: What does he want with the Cosmic Cube?

Me: We don't know. But we're gonna find out. Me and Lincoln are gonna go with all of you to help you.

William: But me, Elena, Stewie and Riku can't fly like you guys.

Lisa came in.

Lisa: Not to worry William. I have the solution for you. Follow me.

We went into Lisa's lab and she showed us an awesome hovercar.

Lisa: Behold. This is your new transport vehicle, the Redemption 6 Hovercar. It's equiped with the most advanced state of the art equipment.

Me: That is an awesome car Lisa.

Lincoln: It sure is.

Me: You think you can handle it William?

William: I know I can handle it.

Me: Okay. Now MODOC was last sighted in Chicago, Illinois. Going to Chicago is considered a Death Sentence. Lets roll!

---

We arrived in Chicago.

Me: Here we are guys. Chicago, Illinois.

Lincoln: Why is coming here to Chicago a Death Sentence?

Me: It's because it's one the most lawless cities in the country. Because of the high crime rate. More crimes happen here than any other city in the country.

Lincoln: That's terrible.

Venom: **What do you think MODOC wants with the Cosmic Cube?**

Stewie: Well, the Cosmic Cube is able to change reality based on the owner's desires. MODOK is either trying to sell it to the highest bidder or attempting to reverse engineer its powers for himself. And he's using all of the technology in this base to do it.

?: How unusual to hear deductive skills from an infant like yourself.

Riku: Who said that?

Maria: I think I know who. Get ready, team!

MODOC appeared from the shadows. His hands were raised above his hand with his right one holding a container with the Cosmic Cube inside.

Elena: Smart move to surrender, MODOC. Hand over the Cosmic Cube and come along quietly.

William: Elena, I don't think MODOC's…

MODOC: Surrendering? No. But thank you for moving closer. (fires laser beam from his head)

I block the laser and fire it back at him.

Me: So we meet at last MODOC.

MODOC: Yes. The famous J.D. Knudson and Lincoln Loud. I see you all have Venom and some new teammates with you.

Me: That's right. This is all a test of redemption for a new squad we created.

William: It's our chance to prove ourselves.

Riku: Hey, MODOC. If you're so smart, why don't you answer this question?

MODOC: Go ahead. There hasn't been any question that I haven't been able to answer.

Riku (smirks): What's red, black, and blue all over?

MODOK: What's red and (realizes something) Ha, ha! I see. How very droll. Once again, you're insulting me, so I (Venom webs the Cosmic Cube out of his grasp) HEY!

Me: I'll take that.

I catch the Cosmic Cube and Maria reveals her aqua blue swimsuit and spreads her wings.

Me: Lets get him guys!

We charged and I kicked MODOC around and Lincoln fired a blast of lightning at him and electrocuted him.

Venom and Stewie fired a blast of Web and Lightning and they combined.

Venom & Stewie: WEB LIGHTNING TORRENT!

It wrapped around him and electrocuted him.

Elena and Maria danced around him and fired a combined blast of Water and Lightning.

Elena & Maria: ELECTRIC WATER DELUGE!

William and Riku fired spheres of light and darkness at MODOC and the light sphere encapsulated him and the dark sphere mixed with it and became a miniature black eclipsed sun.

William & Riku: ECLIPSE MAELSTROM!

It exploded and MODOC was on the ground as a sizzling mess.

Me: Now to make sure you never terrorize the world again MODOC!

I fired a blast of energy at him and it sucked all of his knowledge out of him and I made it my own. My brain was growing at an incredible rate and when it was done I fell to the ground and was panting.

William: J.D. are you okay?

Me: Yeah William. I'm fine. Whoa! That attack sucked all of his knowledge out of him and transfered it into me. I have a major league splitting headache. But the good news is that MODOC is now a brainless dumb idiot. Look.

MODOC was babbling and drooling like a dumb braindead monkey.

I beamed him to the Moon prison where he will stay forever.

Me: I know where all his bases are.

I fired an energy blast into the sky that split off into several blasts and they went in different directions and they went out to destroy all of MODOC's A.I.M. bases like a bunch of heat-seeking missiles. They hit all the bases in different countries in desert areas hidden under the sands. There was even one hidden under Death Valley.

Me: That's it. All of the bases and hideouts have been destroyed.

William: Good riddence to bad rubbish.

Me: Yep. You passed your test guys. Well done.

William: Thanks J.D.

Maria: Just so you all know I keep my clothes in this special backpack J.D. made me.

Me: Glad it works Maria.

Maria: Thank you. William. I have something I want to tell you.

William: What is it?

Maria: William I want to tell you that ever since we met I feel like I've gotten closer to you and by that I mean more than a friend.

William: What do you mean Maria?

Maria: What I mean is that I love you! I've loved you more than anything since then.

William: I.. I love you too Maria.

They kissed and we cheered for them.

Me: (Sniffles) I'm so happy for them.

Lincoln: Me too buddy.

---

Back at home we told everyone about what happened.

Lori: That's awesome!

Luna: Way to go dudes!

William had Maria sitting on his leg.

Carmen: I'm so happy for you big sis.

Maria: Thanks squirt.

Carmen: You're welcome. But William let me warn you. If you hurt my big sister in any way, shape or form, I will incinerate you! UNDERSTAND!?

William: (Gulps) I swear I won't hurt her.

Carmen: Good.

Laney: So what are you gonna do with the Cosmic Cube, J.D.?

Me: I know just what to do with it. But we can only use it one time. We're going to Hogwarts.

---

We were later at the ruins of the destroyed Hogwarts School and it was left there to rot.

Luna LG: (British Accent) What are you gonna do with the Cosmic Cube?

Me: Watch. Cosmic Cube, Please grant my wish: resurrect and restore everyone that was killed by the evil Lord Voldemort and his minions so that families may be reunited and wounds may heal.

I held up the Cube and it glowed and fired a huge beam of light that formed a dome and we all were shocked and saw Hogwarts being repaired and all the people that Voldemort and his minions killed were fully resurrected. Everyone was reunited with their families and parents that were killed in the merciless onslaught were resurrected.

Me: Unbelievable! It worked.

Hermione & Ginny: (British Accent) Harry! Ron!

Harry Potter was resurrected along with Ron Weasley.

Ginny: (British Accent) Ron!

Everyone was reunited with loved ones and more. All the staff was resurrected.

It was a glorius sight to behold. Almost 1 year after the death of Voldemort and his minions at the hands of Rin Nohara, Aylene Carter and Lola Loud, everything was back to the way it was.

---

After we got back home I put the Cosmic Cube inside our safe where it will never be stolen again.

Me: Thank you Cosmic Cube.

I closed the vault door and the Cube was going to be safe no matter what.

THE END.

Another Fanfiction Complete.

NicoChan11 gave me the idea for this chapter and I came up with the rest of it. This chapter has 4 parts. 1 is where Rita gets her powers, 2 is where the Redemption Squad is formed, 3 is where they get the Cosmic Cube and defeat MODOC and 4 is the resurrection of everyone killed by Voldemort. Thanks for the awesome ideas man. Credit goes to you for them man. Let me know what you all think.

See you all next time.

# A Mermaid's Revenge

It starts in Australia as 4 boys are looking for something or someone.

Ash: Still nothing?

Lewis: They've been gone for two weeks. I've tried calling them and sent emails. But they won't pick up.

Zane: C'mon! This is Cleo, Emma, Bella, and Rikki we're talking about. They can handle themselves.

Will: You're just saying that because you're still bummed about Rikki breaking up with you.

Zane: I am not!

Ash: That's enough, guys! Arguing won't get us anywhere.

Will: You're right. Let's ask their families where they are.

Lewis: Let's start with Cleo's house first.

They went to Cleo's house and Cleo's dad answered. He told them that Cleo is in America.

Lewis: So the girls are in America? Then that's where we're headed.

Cleo's dad: That's not necessary. The girls are perfectly safe there.

Ash: But they must be worried sick about us. And they're our girlfriends.

Kim Sertori: (scoffs) Well, I hope you boys know what you're doing. I heard that America is home to many dangerous villains.

Zane: (glares at her) Listen, pipsqueak. We've been through a lot with helping the girls with Denman, Charlotte, and that comet. We can handle a few villains.

Cleo's dad: Okay. But just be careful.

Ash: We will, Mr. Sertori. C'mon, guys! Let's get a flight booked to America. We have girlfriends to find.

However unknown to them a girl was overhearing the conversation from behind the rocks. It was Charlotte Wattsford.

Charlotte: So they're heading for America. Now I can get my revenge.

---

On the flight there, Charlotte was sitting in the back of the plane.

Flight attendant: How are you feeling, miss?

Charlotte: (grins sinisterly) Like a monster!

---

12 hours Later the plane landed in Royal York, Michigan.

Ed: Hey, there! My name is Ed and these are my friends!

Zane: Hey there. Don't mind us. We're just looking for Cleo Sertori, Rikki Chadwick, Emma Gilbert, and Bella Hartley.

Eddy: (with a deep voice and Australian accent) No, you're not! You may not be meet our friends today, mate!

Double D: (raised eyebrow)… Eddy, are you changing your voice?

Eddy: (fake accent): No.

Spiderman: You are. You're imitating the Australian dude. It's weird.

Eddy: (fake accent) No, I'm not.

Tara M: (giggles) You just did it again!

Eddy: (fake accent) This is my voice!

Zane: Are you mocking me?

Eddy: (copies him): Are you mocking me?

Zane: You just did it again!

Eddy: (to Luan with fake accent) He's trying to copy me!

Luan: (laughs) Alright, sweetie. That's enough.

Cleo, Emma, Rikki, and Bella were watching this. Cleo was giggling, Emma was face palming, Rikki was laughing, and Bella was smirking.

Cleo: Hey guys!

They saw them and hugged them.

Me, Lisa and Melody were having ice cream.

Melody: Thanks for getting ice cream with me, Lisa.

Lisa: No problem, Melody. We needed something to do while the others met those boys from Australita.

I sensed something.

Me: Uh oh. I sense a disturbance in the Force.

Suddenly, Melody is knocked out from behind. She falls to the ground, revealing Charlotte to be the one who knocked her out.

Lisa: (alarmed) Wait. Aren't you Charlotte Watsford?

Charlotte: (grins sadistically) That's my name. Don't wear it out.

Me: I've heard about you. You're one of Cleo's enemies for abusing her powers for her own selfish gains.

Charlotte: That's right.

Lisa: What in Einstein's name are you doing here?

Charlotte: Oh, that's what I want to talk to you about! (points gun at Lisa)

Lisa (scared): Now what… could I have possibly done… to deserve such aggression?

Charlotte: It's not what you've done, it's what you're gonna do.

Lisa: Come again?

Charlotte: I want the powers that Melody has. And I want them via injection.

Lisa: Don't you already have mermaid powers?

Charlotte: I did. But Cleo and her friends took them away from me, along with my former boyfriend and locket! But that's fine. Now I want the powers of Ariel's daughter. You've seen what she can do, right?

Lisa: I have… and those powers are amazing. And those wings are very beautiful.

Charlotte: I want that. No, I need that! Make me that!

Me: You don't have any idea what you're doing Charlotte.

Lisa: It's not that simple. The powers are gained through the people that the dieties choose. I don't know what will happen if I inject them into someone else. The results could be… castastrophic. (Charlotte grabs Lisa by the collar and raises her into the air) I didn't say I was unwilling… I just need informed consent… and you've given it!

Lisa pulled out a vile of blood. But what Charlotte doesn't know is that it's a vile of a mixture of alien DNA. She drank it.

Charlotte: You better hope that this works. Because if it doesn't, I'll-

Charlotte suddenly was cut off as she screamed in pain. She dropped to the ground holding her stomach in a fetal position.

Charlotte: What's happening to me!?

Her body started to change and expand as her black leather jacket tore off.

Me: Oh man!

Charlotte: (Voice distorting) **WHAT HAVE YOU DONE TO ME!?**

Melody got up and she saw Charlotte.

Melody: You monster!

Lisa: (terrified) This is what I was trying to explain! (Charlotte gains Water Hazard's legs and her skin turns blue as her purple shoes rip off) You can't gain powers from a deity through injection. (Charlotte's gains Jetray's wings and Ampfibian's tentacles as her red shirt ripped to shreds) The powers have to be earned! (Ripjaws' tail bursts through Charlotte's blue jeans) Okay, you're probably not listening to a word I'm saying. (Charlottes gains Ripjaws' lure on her forehead and teeth) But if you'll just get back on the table, I can fix this!

Me: She's a mixture of different aliens. She has an Amperi's tentacles, an Orishan's legs, A Piscciss Volann's Lure and tail and an Aerophibian's wings. What a monstrosity!

Charlotte: **NEVER!** (flies through the roof)

The heroes along with mermaid girls and their boyfriends come in the house.

Lori: We're back! (sees the roof destroyed) WHAT HAPPENED TO THE ROOF?!

Varie: Something went down here.

Lincoln: (walks into Lisa's room and sees the destroyed remains of Charlotte's clothes) Either someone was doing laundry or something really bad happened.

We flew out of the roof and went after Charlotte.

She saw Cleo.

Charlotte: **Cleo! Just the girl I wanted to see.**

Cleo: Charlotte? What happened to you!? You've become a monster!

Me: A scientific sabotage. She wanted our powers to get revenge on you for ruining her life.

Rikki: Some people just will never take a hint.

Me: Lets get this monster!

Me, Varie and Lincoln go Super Angel and I activate my Ultimate J.D. form. Ben became Chromastone.

Ben: CHROMASTONE!

Me: A different type of Crystalsapian from planet Petropia.

Chromastone: That's right J.D.

Me: Lets waste this brat!

We fought Charlotte and she was putting up a huge fight.

Charlotte: (fires water at Cleo who dodges it) **I hate you, Cleo Sertori!** (fires electricity at her, knocking her down) **Do you hear me?! I HATE YOU! I hate how you took my locket from me! I hate you how you took Lewis from me! But most of all, I hate how you and your friends cost me my mermaid powers! Even though I have new ones, there's still no going back.** (grabs her by the collar) **I'm going to kill you and your friends painfully! And then, I'm coming for Lewis and your family!**

Me: You're insane!

Cleo: (spits at her) Big words coming from a monster! And that's both on the inside and outside now. How does it feel to finally embrace your true evil self? It feels good, doesn't it?!

Charlotte: **Stop being dramatic, Cleo. There are 2 kinds of people in this world. Those who are weak and those that have**

**true power. And I'm one of the people who have true power.**

Cleo: True. But there's one thing you should know.

Charlotte: **What's that?**

Spiderman (appears behind her) With great power comes great responsibility!

Spiderman punched Charlotte in the face and sent her crashing into a tree.

But Charlotte got up.

Charlotte: (pins Cleo down with her foot) **Any last words, Cleo?!**

Cleo: (looks behind Charlotte and smirks) No. But Hulk might have some.

Charlotte looks behind her and saw Hulk.

Hulk: HULK SMASH! (pins Charlotte to the ground and punches her mercilessly)

Hulk got out of the way and Ben fired a blast of rainbow light at her and me and Lincoln fired a blast of lightning and fire at her.

Cleo, Rikki, Bella and Emma fired Ice, Fire, Lightning and Wind blasts at Charlotte.

The blasts burned off all of the DNA she took and reverted her back to normal.

Me: That did it.

Charlotte got up and saw that she was back to normal but she was badly burned.

Me: It's over Charlotte. You've lost.

Charlotte: WHY!? WHY!? IT'S NOT FAIR! WHY CAN'T I WIN AGAINST YOU!? I SHOULD HAVE EVERYTHING!

Me: You're starting to sound like someone we hate to the core. The reason you can't win Charlotte is because your heart is full of darkness and evil and you care about no one other than yourself.

Laney: That's right Charlotte.

Laney and the other sisters came.

Luna: Your heart is full of evil.

Charlotte: WHY!? You all have powers! So why can't I have powers!?

Me: Because your heart is full of darkness and you would only use your powers to destroy. You would also use your powers only to fulfill your own selfish desires. You've caused too much pain and misery.

The police arrived and arrested Charlotte.

Cleo: Good riddance to bad rubbish.

Me: Yep.

Lincoln: Lets hope her time in prison will give her a chance to reflect on everything she did.

Lori: She literally gives all girls everywhere a really bad name.

Lola: You said it Lori.

Lana: I hate that girl.

Lily: Me too.

Lilly: I hate her too.

Maria: Me too.

Aylene: We all hate her and it looks like she's going to prison for a long time.

Cody: Yep.

Charlotte Wattsford was found guilty of weapons violations, assault and battery, attempted 1st degree murder, kidnapping and theft. She is sentenced to Life in Prison without parole in the Moon Supermax Prison. She was also ordered to pay $750,000,000.00 in restitution.

NicoChan11 gave me the idea for this chapter and the lines and transformation idea. Thanks for that man. You deserve most of the credit. Let me know what you all think.

See you all next time.

# The Cat's Prowl

It starts with us in the Living Room playing video games. Lincoln and Lori are going at eachother in a fighting game.

Me: Come on buddy!

Lily: You can do it big bro!

Lincoln beat Lori.

Lincoln: YES!

Lori: You literally beat me again Lincoln.

Lincoln: It's a tough game Lori.

Me: Way to go buddy.

I see the mermaid girls talking.

Lewis: Still thinking about Charlotte, Cleo?

Cleo: Why wouldn't I be, Lewis? It's our fault that she's in jail right now. If we had just kept her from Mako Island, maybe she wouldn't have turned evil!

Lewis: Cleo, it's not your fault. Yeah, Charlotte may have discovered your mermaid secret but she made her own choices that got herself in prison. She was beyond saving. If we hadn't stopped her, she would have hurt lots of innocent people.

Me: That's right Cleo. She brought all this on herself and she was not gonna stop until she got her revenge.

Emma: That's right.

Cleo (smiles): Thanks guys. That makes me so much better. I guess we can all agree that Charlotte got herself thrown in jail.

Rikki: Yep!

Emma: Of course!

Bella: Absolutely!

William and Maria were talking at the dinner table.

William (to Maria): When you were still in the Meta Breed, wasn't a guy named Replay part of your gang?

Maria: Yep. He had the ability to duplicate himself. Why do you ask?

William: Well, JD and the rest of the team didn't mention that they fought Replay.

Maria: Oh, I forgot to mention. When JD and the others launched me and my former teammates into the field near that farm, Replay ended up knocked out when we landed.

William: Really?

Maria: Yep. Replay was that weak.

Me: It's true William. Replay's powers were self replicating and he was considered the weakest of the Metabreed.

Maria: That's right.

Leslie came in and she was dressed in a whole new attire. She had a yellow tube top with red and black lines, pink jeans, black blet and black sandals. Agony became a purple sleeveless vest, purple moon earrings and purple armbands.

Me: You look awesome Leslie and the purple vest and accessories must be Agony.

Leslie: Thanks J.D. We style very well.

Varie: I believe it.

Aylene: It's so awesome.

Lincoln: Hey J.D. where's Black Cat?

Me: Felicia is in Gotham investigating something.

Rachel: I think we should go help her.

Me: Okay. With Gotham's high crime rate there's no telling what could happen. Varie, Lincoln, Lola, Laney, Ben, Leslie, Numbuh 1 and Cyborg, you all come with me.

Leslie: Lets do this.

Leslie became Agony.

Ben became Spidermonkey.

Ben: SPIDERMONKEY!

Me: An Arachnichimp from the planet Aranhaschimmia.

Spidermonkey: That's right J.D. But I'm ready to go.

Me: Cool. Lets roll!

We set out for Gotham City.

---

In Gotham City a figure was jumping across the buildings and she snuck into a jewelry store full of jewels and it stole all the jewels undetected. The jewel thief was really Selena Kyle A.K.A. Catwoman, Gotham's most notorious thief.

Black Cat arrived on the scene.

Catwoman: Who are you? And why are you dressed like me?!

Black Cat (scoffs): Funny. I was about to ask you the same thing.

Catwoman: I'll have you know that I had the idea of a cat outfit first. And I've stolen lots of things before! I bet you've barely even stolen anything in your life!"

Black Cat (insulted): Well, I've stolen plenty of things, which are much more valuable than any of things you swindled off in a flea market!

Catwoman: (Angry) There can be only one cat burglar here! So one of us has to go!

Black Cat: I couldn't agree more!

Me: (Offscreen) Not so fast!

We landed by them.

Catwoman: The world famous J.D. Knudson and his friends the Loud's. I've heard a lot about you.

Me: Selena Kyle A.K.A. Catwoman. Your reputation preceeds you.

Catwoman: So has yours. Before we fight, I just want to thank you guys for killing Joker.

Lola: No problem. That guy was a psycho anyway.

Spidermonkey: Now I almost feel bad for what's about to happen. Keyword: almost.

Catwoman: What do you mean by that?

Spidermonkey: Now, sis!

[Agony uses her webbing to yank the jewels out of Catwoman's hands before sticking said hands together. Agony then lands on top of a car]

Spidermonkey: Nice job, big sis!

Agony: **Thanks! Well, we could have stuck the landing a little better. It's just, we're still really excited about you and Gwen deciding to adopt us. We really appreciate it, Ben. Thank you.**

Spidermonkey (smiles): Don't mention it. That's what siblings are for.

Me: I'm happy for you guys.

Leslie (symbiote retracts to reveal her face): Selina Kyle aka Catwoman, right? I'm Leslie Gesneria. And you can also call me Leslie Gesneria Tennyson. But you can call me and my symbiote Agony.

Catwoman: Nice to meet you. And did you say that you're adopted?

Agony (symbiote covers her face): **It's a long story.**

Spidermonkey: One that you'll hear after this fight's over. Because there's no way we're gonna do anything bad to one of Harley's best friends.

Catwoman: How do you know Harley Quinn?

Me: She told us about you and how you worked together. She's now freed from the Joker's clutches and has had the evil inside her that was created by him removed and destroyed.

Catwoman: That's good. I'm glad she's safe.

Batman and Batgirl appeared.

Batman: That's for a good cause.

Batgirl: Same here.

Me: Batman and Batgirl.

Batman: Good to see you again J.D.

Me: You too. We just got Catwoman here getting some jewels when Black Cat here was about to intervene.

Batgirl: That's good. But we have some bigger problems. El Diablo is doing his business again.

Me: El Diablo? We have to stop him.

Agony: Would you like to help us Catwoman?

Catwoman: I would be honored.

Agony let her web go and Batman and Batgirl led us to an open sewer and suddenly El Diablo was punched out onto the street and he was a mess.

Agony: Whoa! Someone or something did a number on him.

Catwoman: It sure did.

Lola: And that's not all. Look here at Batman's car!

We saw Batman's car trashed and it had huge hand dents in it.

Me: Geez! Whoever did this was really strong!

Batman: Yeah. They did this with bare hands.

Batgirl: I don't know who did this but if they are that strong than they mean business.

Me: Actually it looks like only one person did this.

Ben reverted back.

Ben: (Shocked) One person did all this?

Lincoln: That's crazy!

Varie: Guess we'll find out who it is through Diablo.

---

Later at the Batcave, Robin and Batgirl were fixing up the Batmobile and Batman was on the computer.

Me: Whoever did that sure did a number on the Batmobile.

Robin: Don't remind me.

Alfred: You seem to have a ding in your door sir.

Batman: He trashed my car Alfred. Between a couple of guys, that's real personal.

Agony: Whoever did so is out for Batman's blood.

Alfred: I agree. But it's nice to see you haven't lost your sense of humor in the face of adversity.

Batman: Something Diablo said reminded me of a Cuban Prison experiment I heard about.

Varie: What is that Bruce?

Batman pulled up on his computer a picture of a prison in Cuba.

It was a picture of Peña Duro Prison in Cuba.

Batman: Peña Duro prison, For Lifers only.

Me: That's one of the toughest maximum security prisons in the world. It was shut down about a year and a half ago.

Alfred: So then we're looking for an escapee?

Batman: That's right. And there's only been one escape in 25 years, 3 years ago.

An image montage showed that someone busted out of the prison by smashing through the walls and out the gate with incredible strength and with very little opposition.

Me: Whoa! Whoever did that has superhuman strength.

Batman: Yes. Computer, run background file on Project Gilgamesh.

Alfred: Gilgamesh. Named after the warrior?

Batman: The Ultimate Warrior.

Me: Gilgamesh was the most powerful warrior hero in all of Mesopotamian Mythology. His power was said to be incredible and he had no known enemy that could defeat him.

Batman: That's right. Project Gilgamesh was a chemical plan to create Super Soldiers out of hardened prisoners. It was abandoned when they got more than they bargained for.

Me: These guys were really playing with fire.

Alfred: Yes and what did they get sir?

Batman: They got Bane.

We saw a prisoner strapped to a table and a machine pumped some kind of chemical formula into him and it increased his strength dramatically. He broke out of his restraints with ease and threw people around like ragdolls and the camera was destroyed.

Me: Unbelievable.

Lola: That's awful.

Laney: That guy is unbelievably strong.

Varie: It increased his strength 100-fold.

Me: It sure did.

Agony: **Why were they trying to do this?**

Me: Probably to rule the world or something and probably to sell these types of criminals on the black market.

Batman: That's right. After he escaped, Bane went into business for himself as a freelance assassin. Price per job: $5,000,000.00.

Me: Whoa! That's a hefty price.

Laney: So someone put a price on your head Bruce.

Batman: That's right. So the question is, Who wants to eliminate me?

Me: I think I have a good idea. Rupert Thorne, one of Gotham's most notorious mob bosses.

Lincoln: I've heard about him.

Varie: Me too.

Me: Yeah. He's also on Interpol's most wanted list. Thorne wants Batman dead because he's been a thorn in his side for a while. No pun intended.

Lola: I know what you mean J.D.

Catwoman: So where is Bane going to fight him?

Me: I think I have an idea on where he might be and without a doubt he'll be expecting us.

---

We then set out for the wharf and just as we anticipated, Bane was there.

Bane: (Spanish Accent) J.D. Knudson. It's a pleasure to finally meet you.

Me: Antonio Diego A.K.A. Bane. We were told a lot about you.

Bane: I have been waiting for this moment since I witnessed you kill Joker on the news. With your death, I will find peace.

Me: You'll find your peace when you are in prison again.

Bane: We shall see.

He pressed a button on a device on his left arm and it pumped something into him and it made his muscles grow huge.

Me: You know I've always wanted to do this. An Angel facing a Chemically-Enhanced Prisoner. Lets see who's stronger.

I go Super Angel.

Me: Lets dance.

Bane went at me and I punch him in the face and he got up and he punched me in the face with incredible force.

POW!

Me: OW! (Blubbering) Wow! What a punch! Whatever those scientists did to you really has worked out well for you.

Bane: Yes. You might say it made me a force to be feared.

Me: I believe it. Now I won't be holding back.

I dash and kicked Bane in the face and kick him in the stomach and face and chest.

Bane got up and I dodge his punch and pick him up.

Me: You're not the only one with Super Strength Bane.

I throw him into a warehouse and he crashed through it and out the other side.

Lincoln fired a blast of lightning and blew apart the 2nd warehouse he went through and set it on fire.

KABOOM!

Out of the fire Bane arose.

Me: He's really tough I'll give him that.

Ben: Let me help out too.

Ben became Four Arms.

Ben: FOUR ARMS!

Me: A Tetramand from the planet Khoros.

Four Arms: That's right J.D. Now lets show this monster who's stronger.

Bane jumped up and landed in front of us. I dodged another punch and we kicked him in the face again and kicked him in the back. Bane got up and charged at me.

Bane: I WILL BREAK YOU!

Me: Come and try it.

Four Arms picked him up and threw him at me and I kick him in the face and knock him down. I pull out a dagger and stab his device and it activated. It poured the drug into his body and he was in pain.

Bane: No! No! The Venom! Can't stop it!

His body was growing and he was in a lot of pain.

His mask tore and his red eyes came out.

Bane: No! Help me! AAAAAAAAAAAAAAAAAAAAAHHHHHHHHHHHHHHH! You can't do this to me! I am Invincible! I… AM… BANE!

I pulled the tube that went into his head out and he shrunk back to his original size.

Me: Now to arrest Rupert Thorne.

Batgirl: Looks like you're the one who's broken, Bane!

Bane: You're all just going to have to kill me!

Four Arms: No. We're not gonna kill you. But we will throw you in a prison that can help cure you of your Venom addiction.

Me: That's right.

Ben reverted back.

Ben: That was awesome.

Lincoln: It sure was.

Agony tied him up with her web.

* * *

Rupert Thorne was working when suddenly the police came in and arrested Thorne. Inspector Fox was with them.

Inspector Fox: Rupert Thorne you're under arrest. You've been on Interpol's most wanted list in several countries for criminal activity. Take him away.

Inspector Fox looked out the window and saw me give her the thumbs up.

Inspector Fox did the same.

Batman saw the arrest.

Batman: I think we'll call it Better Luck Next Time.

Me: Yeah. If he has a next time.

* * *

In Lisa's lab we were analyzing the drug Bane used.

Me: So what have you found out Lisa?

Lisa: This drug Bane used is an extremely highly addictive Super Steroidal Compound code named Venom. It enhances your physical dexterity, durability and muscular structure to superhuman levels. But this drug is so highly addictive that it makes even Cocaine look like cough syrup compared to it.

Me: Whoa! That is really potent stuff.

Leslie: That sounds like deadly stuff.

Venom: **It sure is. We had no idea that stuff like that was even possible.**

Me: Yeah. Does it say what this stuff will do to you if you use it for a long period of time?

Lisa: If you use it for long periods of time it will degrade your body to the point where you need it just to survive and destroy your muscular structure completely.

Me: Yikes! That's potent. If Bane keeps on using this stuff it will make him wheelchair bound in the next 25 to 30 years. It's so addictive that it will destroy you.

Venom: **It sure will destroy you. But Leslie we heard that you were adopted into the Tennyson family.**

Leslie: Yes. It's the greatest thing that's ever happened to me. Ben got adoption papers from the County Building and I signed them and I'm now officially in the Tennyson Family. My name is now Leslie Gesneria Tennyson and Agony is now a member of the family too.

Me: I'm so happy for you both Leslie.

Venom: **We're happy too. We couldn't be anymore happy for you Leslie, Agony.**

Agony: Thanks Venom.

Me: Yeah. But we still have one more loose end to tie up: Bringing justice to Leslie's biological father.

Leslie: That's right.

Me: All right. Ben, Lincoln, Laney, Lola, we're going with Leslie and Agony to bring justice to her father.

Ben: You got it.

Lincoln: We're on it.

We then set out for Leslie's father's house.

---

We arrived and saw that his house was a total dump.

Me: This is where you used to live Leslie? This place is a dump.

Leslie: Yeah. This is where we used to live before we became Agony.

Agony: I'm so sorry Leslie. I can't believe that your dad would do this to you.

Leslie: It's not your fault Agony.

Lola: Well he gives fathers everywhere a really bad name!

Me: I agree Lola. This place is a death sentence for kids in his family. He's gonna wish he was never born! (Cracks Knuckles) What's his name Leslie?

Leslie: His name is Marcus Gesneria. He has a huge criminal record as well as a huge Alcohol problem.

Me: Hmm.

I pull out my laptop and pull up his background information. What it revealed was shocking.

Me: (Gasp) Marcus is a convicted murderer that was released on parole.

Lincoln: He's a convicted murderer?

Lola: That's awful!

Me: It's more than just that. He has been in and out of prison more times than any other criminal in the country. He has a huge rap sheet that dates back to when he was a child with a long history of violence. It says here that he killed his family at 10 years old and was sentenced to serve 15 years in the Florida Youth authority because of his age. He was also arrested for assault & battery, arson, rape, and he even has drug problems. He was released on parole 5 years before he sold Leslie to the Life Foundation. And he murdered her mother 2 years after that. But according to this, he violated his parole and fled here to New York.

They gasped.

Ben: So that man is a true monster!

Laney: He's more than that Ben, he's pure evil personified. I would rank him at level 17 on the Scale of Evil.

We heard a loud slap.

SLAP!

A scream followed and we saw a figure in the window holding a bottle of whiskey and he was hurting a little girl.

Leslie: That's him.

Leslie became Agony.

Leslie: He's hurting my little sister Ashley!

Me: We got to get her out of there! How old is she?

Leslie: She would be 7 by now.

Me: That's bad. Lets go.

Ben went Ultimate Spidermonkey.

Ben: ULTIMATE SPIDERMONKEY!

Me: Whoa! An Evolved Arachnichimp.

Lola: He looks like a Gorilla with spider legs.

Me: He sure does. This is so cool though.

Ultimate Spidermonkey: It sure is huh? Lets go.

We went to the door and I kick it down and pointed my gun at him.

Me: Marcus Gesneria you're under arrest for murder, human traficking, child abuse, rape and torture!

Agony came in and Marcus was terrified.

Marcus: What is that thing!?

Agony: **Hello "Dad". Remember us?**

Leslie revealed her face and Marcus recognized her.

Marcus: You!? What are you doing here!? I never wanted to see you again after I killed that worthless witch!

Agony: **You ruined our life Marcus and now we will see to it that justice is served for your crimes.**

Agony and Ultimate Spidermonkey wrapped him in web and tied him up. Police cars arrived in the next few seconds.

Agony went to Ashley and she was scared.

Agony: **It's all right Ashley.**

Leslie's revealed her face.

Leslie: It's me, Leslie. I'm okay.

Askey: (Gasp) Big sis!

Ashley hugged her and cried hard and she comforted her.

Ashley: (Crying) I missed you so much!

Leslie: It's all right Ashley. We promise we will never let that awful man hurt you again.

Ashley: (Crying) Why would he hurt mommy and send you away!?

Leslie: He was born pure evil. We promise that he will pay for everything he did to you and us.

Ashley: You promise sis?

Leslie: We promise.

Me: Lets get this monster thrown in jail for good.

---

Later in the Living Room we were talking to Ashley.

Me: I'm so sorry your father did this to you Ashley.

Ashley: I know. My father is a mean monster.

Lana: He'll get what's coming to him Ashley. We promise you.

Leni: We totes won't let anything happen to you.

Lori: What happened to you should've never happened at all Ashley. That man will literally pay for his crimes in full.

Me: And he will.

Ashley was adopted into the Tennyson Family too. Marcus Gesneria was found guilty on all his crimes and was sentenced to death. He was executed the next morning. Rupert Thorne was found guilty in federal court of Racketeering, Corruption, Fraud and Conspiracy. He was sentenced to eternity in the Moon Prison and was ordered to pay $20,000,000,000.00 in restitution. Bane was sentenced to Life in the newest prison we created. It was a triple supermaximum security prison located at the bottom of the deepest place in the world: The Mariana Trench in the Pacific Ocean. At over 36,000 feet deep, total darkness with no sunlight and with 16,000 pounds of water pressure per square inch at every corner, escape from the prison is completely impossible and anyone that does so will be crushed and killed instantly. The prison is called The Marianas Aqua Asylum.

Gotham's villains will have a new home from now on. Bruce Wayne and Selena Kyle are now in a relationship.

THE END.

Another fanfiction complete.

NicoChan11 gave me the idea for this chapter. Thanks for that man. I've been wanting to do a chapter like this for a while now. Catwoman is another one of my favorite villains in Batman. So is Bane. It didn't tell me what his real name is so I had to make one up. Let me know what you all think.

See you all next time.

# Horror of The Scarecrow

It starts in the living room. We were watching TV when Batman came in.

Me: Batman! What's wrong?

Batman: Lori's been ambushed!

Robin was leading Lori in and she was shaking and sweating. She looked like she was experiencing a major league nightmare even though she's not asleep.

Me: Lori what's wrong?

Lori was seeing something rather horrific. She saw that her family has turned against her.

Fear Gas Lincoln: I HATE YOU, LORI!

Fear Gas Leni: Um, who's Lori?

Fear Gas Laney: I'm ashamed to have you as a sister!

Fear Gas Luna (singing): I hate just about everything about you! Yes I do, Lori!

Fear Gas Luan: I've lost my ability to laugh because of you!

Fear Gas Lynn: Looking at you makes me want to use your head as a soccer ball!

Fear Gas Lisa: Out of all the brainless lifeforms out there, you are the worst!

Fear Gas Lucy: I hope you die and your spirit goes to the Underworld!

Fear Gas Lola: And people sometimes call me a brat!

Fear Gas Lana: I can't wait to bury you and dance all over your grave!

Fear Gas Lily: Why don't you just jump off a cliff?! No one likes you!

Lori (cries): NO! PLEASE! I'M SORRY FOR BEING A HORRIBLE SISTER!

Me: Lori snap out of it!

We put her on her bed in her room.

Carol: What's wrong with her?

Me: She's hallucinating. She's seeing things that aren't there. Lets see what she's seeing.

I use my magic and we saw through her eyes that her siblings have turned against her and are calling her bossy and don't want her around anymore and calling her a horrible sister and wishing for her to die.

Me: Whoa!

Lincoln: That's like what I had in that nightmare. Except it's affecting Lori.

Natilee: What could've caused this to her?

Batman: It's Fear Gas.

Me: Fear Gas? (Gasp) There's only one villain in Gotham that I know that's capable of inducing fear through this gas: SCARECROW!

Batman: That's right J.D.

Robin: I can't believe this guy. Why would he do this to Lori?

Me: Probably to call me out to see my power and to make me know what true fear can do.

Lincoln: Who is Scarecrow?

We go to the computer and I pull up his info.

Me: His name is Jonathan Crane. He's a former professor of Subliminal Psychology that specializes in Fear and Phobias.

Linka: That's unusual.

Laney: It sure is. This guy sounds like he's insane and he doesn't deserve to work in any field of medical science.

Me: Yeah.

Lana: Why does he call himself "Scarecrow?"

Me: When he was a boy he loved to frighten everything around him and it gave him the nickname Scarecrow. He later became a professor at Gotham University that works in Fear and Phobias and what it does to them. But when the university got word of his dangerous experiments they fired him because of it. He turned to a life of crime and anybody that crossed his path was hit with his gas.

Lola: What does this fear gas do to you?

Me: It's a hallucinogenic gas that causes you to be attacked by what you fear the most. It doesn't destroy the brain but it causes you to see what you are afraid of the most. Even though it's not even there.

Raven: That's horrible stuff. Scarecrow really knows how to terrify people to a huge degree.

Me: Yep and now he's made a huge mistake. You mess with one of my friends, you mess with all of us! This time he will die!

Varie: Yes. He's gone too far. Jail is too good for him.

Aylene: That's right.

Danny P.: He needs to be stopped for good. How's Ember doing J.D.?

Me: I know. She's doing good Danny. Anyway. Lincoln, Lucy, Lana, Raven, Danny, Panda King, Maria, Rachel. You all will come with me. Batman and Robin will come with too.

Lucy: We're with you all the way.

Lana: Lets burn that hunk of straw!

Me: And we will. Lisa you get to work in synthesizing an antidote for Lori.

Lisa: Affirmative.

Me: Lets roll!

---

We set out for Gotham and we went to a bank and found Scarecrow and his henchmen terrorizing the bank.

Me: There they are.

We landed and I was facing Scarecrow.

Me: Jonathan Crane AKA Scarecrow.

Scarecrow: The Famous J.D. Knudson. Lets see what makes you quiver with fear.

I punch him in the face and kick him in the stomach. Everyone else was facing all of Scarecrow's henchmen. Maria was trying a very seductive approach.

Maria walks up to a goon in her swimsuit.

Maria (seductively): Hey, handsome. How's it going?

Goon (wolf whistles): Nice swimsuit, babe!

Maria: Thanks! You deserve a reward for the compliment.

Goon: I sure do!

Maria and the goon are about to kiss each other when she suddenly punches him with a water fist, knocking him out.

Maria (smirks): Me wearing my swimsuit has its' advantages!

Lana: Very clever Maria.

Me: (Punches Scarecrow) Maria you dog you. (Purrs)

Rachel: (Giggles) That was funny.

Lucy fired a blast of black lightning at a goon.

Lucy: Let fear consume you completely.

The goon saw everything on fire and he was in a fetal position shaking in pure terror.

Goon: Everything is on fire. I'm gonna die!

Lucy: He's afraid of fire.

Me: (Kicks Scarecrow) Pyrophobia, The Fear of Fire.

Scarecrow fired some fear gas at me.

Scarecrow: Lets see what you fear the most J.D.

It turns out that Scarecrows fear gas had no effect on me somehow.

Me: I guess I'm immune to your fear gas Scarecrow. You're gonna pay for putting Lori into fear Scarecrow!

Scarecrow (laughs): How does it feel to have her hated by her family? If I go down today, at least I know that I've broken one of you!

Lucy (angry): Batman, you and the others better hold me and Raven back because you guys are the only ones who can stop us from tearing Scarecrow apart!

Lucy fired a blast of black lightning at Scarecrow.

Lucy: Let Fear consume you and destroy your sanity forever!

Scarecrow saw bats flying everywhere.

Scarecrow: (Screams) Bats! Get away from me!

Me: He has Chiropterophobia, the Fear of Bats.

Lucy: Gasp! That's a strange fear to have.

Rachel: Lets torture him with his fear before killing him.

Me: Took the words right out of my mouth Rach. Lucy, you go first.

Lucy: With pleasure.

Lucy fired a stream of black lightning and it became a huge colony of bats made of pure black lightning. Scarecrow screamed in terror.

Lana fired a blast of Ice Lightning and formed a colony of bats.

Panda King fired some fireworks and they formed fireworks in the shape of bats.

Me: Now it's time for you to die! (Cups hands to side) KAAA! MEEE! HAAA! MEEE! HAAAAAAAAAAAA!

I fired a Kamehameha Wave at Scarecrow!

Me: Enjoy the Darkness of Hell you monster!

The wave engulfed him and completely obliterated him in an instant.

It exploded with incredible power after he was obliterated.

KRABBBOOOOOOMMM!

The explosion blew apart the street.

Scarecrow's spirit appeared.

Scarecrow: The god of fear still lives.

Nicole: (Offscreen) Not for long he won't!

Nicole arrived.

Nicole: Your days of inducing terror and fear are over forever. (Pulls out the Book of Vile Darkness) Aldruon Enlenthranel Vosolen Lirusnor!

Scarecrow's spirit went into the book and his info revealed a terrifying story. But it also showed where his hideout was and the formula for the Fear Gas.

Me: Perfect timing Nicole.

Nicole: Thanks dad.

Panda King: Scarecrow will never terrorize the people of Gotham again.

Lana: No he won't.

Me: Yep. Good work everyone. Lets head to Scarecrow's hideout.

---

We arrived at his hideout and saw a stash of stolen cash, documents on people, blueprints for the University and gas tanks filled with Fear Gas. Commissioner Gordon was with us.

Me: This is a lot of stuff. You know guys, maybe the police and the Hidden Leaf can use Scarecrow's fear gas as a tool for interrogation.

Commissioner Gordon: That's a great idea J.D. Thank you.

Me: You're welcome Commissioner.

I gave the fear gas to him and Anko in the Hidden Leaf.

---

Back at home we made the antidote for the fear gas and Lori was back to normal. But she was traumatized by the whole thing. She was crying hard.

Me: Lori it's gonna be all right. What you saw was not real. It never

happened.

Lori: (Crying) I know J.D. But it looked so real to me! I'm so scared! Have I always been that terrible of a sister!?

Bobby was comforting her.

Bobby: Oh babe it's gonna be all right. Your siblings would never do anything like that. We're gonna help you get through this as long as we work together.

Me: That's right Bobby. Lori has been there for all of us and now it's our turn to be there for her.

Lori: (Sniffles) Thanks J.D.

Me: You're welcome.

THE END.

Another Fanfiction Complete.

I wanted to do a chapter for Scarecrow for a while. Scarecrow was by far the most terrifying villains in all of Batman. His way of inducing fear is one of the most evil I've ever seen. He wasn't as bad as the Joker but he was right up there. NicoChan11 gave me the idea for some of the lines. Thanks for that man. Let me know what you all think.

See you all next time.

# Bruce's Inner Demons

It starts out with us in the living room. We were talking about what happened to Lori.

Maria: Ok, I know that me and the Meta Breed did some bad things in the past. But we never did the things that Scarecrow did!

Venom (disgusted): Even we had limits back in the old days.

Me: Yeah. What Scarecrow did to Lori was completely unforgivable. He needed to be destroyed or else everyone in Gotham would've been victims.

Leslie: It's hard to imagine that he was that evil and willing to destroy so many lives.

Laney: Yeah. I would rank him as Level 22 on the Scale of Evil.

Me: My thought exactly. If we don't get her psychiatric therapy she'll be in real trouble.

Laney: Yeah.

---

Jen, Bruce, Lincoln and Lola were talking at the table.

Lola: So Jen what did you and Bruce do as She-Hulk and Hulk?

Jen: Well Lola we were a powerful team. It was an awesome time before we moved here to Royal York.

Lincoln: That's amazing.

Lola: It sure is. And Jen has been working hard and getting you physically fit Linky.

Lincoln: She sure has. (Flexes his muscles)

They laughed.

Lincoln: Bruce I've been meaning to ask you this.

Bruce: What is it Lincoln?

Lincoln: What happened to your dad?

Bruce scowled when he heard that.

Lincoln: Whoa. I'm sorry Bruce I didn't mean to open old wounds like this.

Bruce: No it's all right Lincoln. But I don't talk about him that much because we have a bad relationship. He was a psychotic murderer and he killed my mother.

They gasped.

I heard this.

Me: What's wrong guys?

Lola: Bruce's dad killed his mother!

Me: (Gasp) Wait a second. David Banner is your father?

Bruce: That's right. I hate him. He has always been abusive towards me and my mother Rebecca. Ever since I was a child.

Varie: Where is he now?

Bruce: He's in a maximum security insane asylum forever. I hate my father for killing my mother and I hate him for my rough life that I've had to endure. How did you know his name J.D.?

Me: Because I'm the one that put him in that asylum in the first place. It was 10 years ago. I saw him use these strange powers that made him merge with anything around him like water, metal, wood, anything. Even energy. I fought him and stripped him of his powers and made them my own. Because of that, he violated his parole and he was placed in Solitary Confinement for life. He was the first ever bad guy that I had put away forever.

Lincoln: Whoa! That's incredible J.D.

Lola: No kidding.

Bruce: I owe you for that J.D. Thank you.

Me: You're welcome Bruce.

Suddenly Bruce gasped when he saw his father David there.

Me: Bruce what's wrong?

David Banner: Hello, son.

Bruce (pales): Dad? That's impossible. J.D. put you away for good!

Me: Huh?

I look to where Bruce was looking and talking too and saw that no one is there.

Me: There's no one there. He's hallucinating.

David (evil grin): Funny thing. You never did check if I was gone.

Bruce ran at his so called father and I held him.

David: Come on, brat! You've seen people come back from certain death. (pins Bruce down with his foot) As I recall, Harry Potter got kimself killed by Voldemort. (punches Bruce) Yet you and your friends brought him back with the Cosmic Cube!

Bruce became Hulk and he broke out of my restaint.

David: Do it! I killed your mother before. But this time, I'm coming for you and your cousin Jennifer and your new friend JD. I'm gonna kill everyone who's ever been close to you. And there's only one way that you can stop me.

Hulk roars and throws Brian to the ground. He then reverts to Banner as Brian gets up.

David: Now, wasn't that better? You know, you might just have to start considering the possibility that I'm just not killable, Bruce.

Bruce: No, Dad. You're dead to me. J.D. put you away. I'm hallucinating.

Me: Bruce snap out of it! There's no one there!

I slap his face and he was back.

SLAP!

Me: Bruce are you okay?

Bruce: Yeah. I think so.

Me: Sorry about the slap man. Your father is in an insane asylum forever where he needs to be for everyone to be safe. But I think I know what's going on. You're having problems with your inner demons.

Bruce: What do you mean?

Lincoln: It's like what some of us had been through. I've been having problems with inner demons from the movie "The Harvester" and everyone helped me destroy them.

Me: It's true. Maybe we can do the same thing to help you Bruce.

Bruce: Thank you J.D.

Me: Lets head into the Simulator for it.

* * *

Later in the Simulator, Me, Lincoln, Laney, Jen and Bruce went in and Lisa activated it. We found ourselves in the Nevada desert from 40 years ago.

Me: I know this place. This is the Nevada Nuclear Testing site. We stopped using this place 40 years ago.

Lincoln: It sure is strange.

My geiger counter was clicking.

Me: There's still some Gamma Radiation present.

Jen: That's Bruce's house right there.

Me: Lets go.

We go towards the house and we saw Rebecca come out holding her stomach and blood was coming out. David was chasing her and he grabbed her by the head. Just as he was about to kill her I kicked David in the face and sent him crashing into the wall.

Me: David Banner you have absolutely no love for anyone but yourself. People like you deserve to be damned.

David got up and he was enraged.

David: This is none of your business you idiots! That woman and brat need to die!

Lincoln: You're the one that needs to die!

Laney: People like you give fathers everywhere a really bad name!

Bruce: You will pay for ruining my life "dad".

Bruce became the Incredible Hulk.

Jen became the She-Hulk.

Hulk: Hulk smash you puny Banner!

She-Hulk: You're a menace to everyone around you Uncle David.

Me: You're a monster David.

Me, Lincoln and Laney went Super Angel.

Laney's energy healed Rebecca and she sprouted green wings.

Rebecca: I'm all better!

She-Hulk: I'm so happy Aunt Rebecca.

Rebecca looked at She-Hulk and saw that she was Jen.

Rebecca: Jen? Is that you?

She-Hulk: It's still me Aunt Rebecca.

Rebecca hugged She-Hulk.

Rebecca: What happened to you?

She-Hulk: It's a long story.

Hulk: Hulk will explain later. Now we smash Banner.

Me: Lets waste this freak!

We went at David and I punch him in the face and kick him in the stomach and kick him in the mouth and knock out some of his teeth.

Lincoln fired a blast of lightning at David and electrocuted him.

Lincoln: What you need is a 10 billion volt lobotomy!

Laney: Or a long life behind bars!

Laney wrapped him in vines and lifted him up and slammed him into the ground with incredible force.

KRABLAM!

Hulk slammed a fist into David and knocked all the air out of him and he picked him up and slammed him into the house.

CRASH!

Me: It's over David. You've caused too much pain to everyone around you.

David was enraged.

Me: It's time for you to die.

I fired a blast of fire at him and incinerated him into ash. Killing him instantly.

Me: Go to Hell and stay there.

Bruce reverted back and so did Jen.

Laney: Serves that freak right.

Jen: You said it Laney.

Bruce: It's over. David will never threaten my family again.

Me: Yep. He was a homicidal maniac and a madman.

Lincoln: I hope he finds pain enjoyable because he'll have an eternity of pain and suffering in the darkness of the Netherworld to think about it.

Laney: He sure will.

Bruce: Never again "Dad".

Rebecca took off her wedding ring and threw it on the ground. Severing her ties to the monster she married.

Rebecca: Enjoy Hell you monster.

Bruce's demons have been conquered. Rebecca now lived with us in one of the guest houses. She had a lot of catching up to do with Bruce.

THE END.

Another Fanfiction Complete.

I've been wanting to do a chapter where Bruce gets revenge on his evil psychotic father. NicoChan11 gave me the ideas for the lines. Thanks for that man. As usual. I saw 2003's Hulk and The Incredible Hulk and they were awesome movies. What David Banner did was completely unforgivable and he doesn't deserve to be a father, let alone roam free in society. Let me know what you all think.

See you all next time.

# Wrath of The Lizard

It starts in Lori's room. I called a meeting.

Me: All right guys. I hereby call this meeting to order. Now I'm sure you're all wondering the reason why I called all of you here.

Lori: We are J.D. Normally this is my job.

Me: I know Lori. But let me explain. You see, ever since we all got our powers I've been thinking that we should form a team like The Justice League.

Everyone agreed and were murmuring with excitement.

Luna: That's a great idea dude. We need a team name to show our love for helping people.

Sam: I think that's a great idea too.

Me: Great. I've taken the liberty of forming our team name. We're gonna be called Team Loud Phoenix Storm.

Everyone agreed with the name.

Lori: That is literally a great name J.D.

Luan: It sure is a fiery wonder! (Laughs to rimshot) Get it?

Most of us laugh while the rest of us sigh.

Me: (Laughs) That was funny Luan.

Varie: (Laughs) That was a good one Luan.

Me: Now here's our team Logo.

I show a poster of our Logo.

Everyone was in awe.

Me: Me and Shanan drew it.

Lynn: That logo is awesome!

Lucy: It's an amazing logo. I would've chosen a bat for it.

Me: I know Lucy. Now we also created shirts for all of you. Leni, Laney and Jessie made them.

Leni came out with a cart full of t-shirts of different colors with the logo on the front and back. There was a small version of the logo on the front and a big version of it on the back.

Me: Here they are. Leni sewed the shirts for us.

Laney: And the colors were my idea.

Jessie K: They're made of a material that stretches to fit us as we grow up.

Lincoln: That is so cool!

Linka: It sure is.

Lilly: This is amazing.

Me: Take your shirts guys.

They picked their shirts that were of their favorite colors. Mine was fire colors. They put them on.

Lori: Sky blue is my color. It looks great.

Leni: Mine is totes adorbs. Sea Foam Green for me.

Luna: Purple for me dudes.

Luan: Yellow for me.

Lynn: Red for me.

Lucy: Black is for me.

Laney: Candy Apple Red for me.

Everyone had their respective colors on.

Varie: This is awesome honey. I look awesome in this. Thank you.

Me: You're welcome.

We kiss.

Rachel: I like my magenta shirt.

Talia: Brown is amazing for me beloved.

Me: You all look amazing.

Cody: Black is perfect for me.

Zoe: Me too.

Ronnie Anne: Purple for me.

Me: Glad you all like your shirts.

I then sensed a disturbance.

Me: Uh-oh. I sense a disturbance in the Force.

Lori: What is it J.D.?

Me: It's coming from the city. Varie, Ed, Luan, Eddy, Double D, Numbuh 5, Tara, Terra, Aqua, Alexis, Jasmine, and Star, you guys come with me.

Jasmine: But I don't have powers like all of you do.

Me: Not to worry. I already can help with that.

I pull out my deck of cards and I chose a card. It was Maiden of The Moonlight.

Me: Card fusion!

Maiden of the Moonlight fused with Jasmine and she had Maiden of The Moonlight's wings and her powers.

Jasmine: This is so cool!

Jasmine formed a moon in her hands and she had incredible powers from the Moon.

Alexis: Jasmine this is awesome! I didn't know you can merge with Duel Monster cards.

Jasmine: Me neither. I look awesome.

Me: All right. Lets roll!

---

We set out for the city and we were running toward the sight of the disturbance when we heard a bang and saw a net fly toward us. I slash it in half with my sword.

Me: Who did that?

?: That would be me!

We saw a man come out and he had all black on and a skull was on his shirt. It was Frank Castle AKA The Punisher.

Me: Frank Castle - The Punisher!

The Punisher: That's right. It's an honor to meet you J.D. Knudson. I've heard about all of your achievements across the world. You even saved me the trouble of having to kill the Joker and Scarecrow.

Me: We get that all the time. I heard what happened to your wife and son and I'm sorry that they were taken from you in such a senseless and vile manner.

The Punisher: I know. But thanks for your concern.

Me: Yeah. What Howard Saint did to them was absolutely and completely unforgivable. If that happened to me I would've hunted them down to the ends of the Earth and kill them myself as well. But vengeance goes against everything I believe in. But you killed him and got your revenge and now you've become one of the most incredible vigilantes ever known.

The Punisher: That's true. You have a really strong knack for pinpointing these things.

Me: I get that alot.

The Punisher: I know. (Gives me something) Here. For you to call me in case you need a man killed.

It was a special call watch with the Punisher Skull on it.

Me: Thanks Frank.

I put the watch on.

He left after that.

Varie: That was so cool to meet The Punisher.

Me: It sure was. Now to resume our mission.

We ran into the heart of the city and saw a reptilian man fighting Spiderman.

Luan: Whoa! What is that thing?

Me: That's Dr. Curtis Connors AKA The Lizard!

Ed: Cool!

Edd: What happened to him?

Me: He's half man half reptile.

Alexis: How did this happen to him?

Me: He lost his right arm in an accident and he's one of the most renowned scientists in the city. He was experimenting with reptile DNA. He wanted to see if he can try to grow his arm back with it. He spliced his DNA with Reptile DNA and combined it with radiation and it gave him his arm back. But however there was a nasty side effect to it. It made him half man half reptile and turned him into The Lizard! In this state he can't control himself.

Luan: He sure is a force of Scales. (Laughs) Get it?

Me: (Laughs) That was a good one Luan. But now's not the time for jokes. Lets go.

We rush in and I kick The Lizard in the face and sent him crashing into a building.

Spider Man: Thanks guys. You made it just in time.

Me: No problem Peter.

Spidey: Alright, guys. The fight against Lizard might be dangerous. So let's get our mean faces on.

Ed (presses button on watch): You mean like this? (turns into Edzilla)

Me: Lets get him guys!

The Lizard got up.

The Lizard: The famous J.D. Knudson and friends. I've heard a lot about you all. Now you will become part of my new race of humanoid reptiles.

Me: Not my style but I could use a new Snakeskin Wallet.

Me and Varie went Super Angel.

Mary Jane: (Offscreen) Thought you could all use some help.

Mary Jane the Ultimate Spider Woman arrived.

Me: Mary Jane you arrived just in time.

Mary Jane: Thanks J.D.

Me: Lets get him!

We charged at him and a huge fight began. I punch him in the snout and kick him in the stomach. Varie grabbed him by the tail and swung him around and Alexis fired a blast of Blue Ice Fire and froze him in a block of ice and his head was exposed.

Jasmine: Moonlight Chakram!

Jasmine fired an energy chakram in the shape of a crescent moon and it blew the Lizard into another building.

KABOOM!

He broke out and Spiderman wrapped him in web.

Me: I got this! (Chants an Incantation) **Vestiga Piyona Serrisa!**

I fired my light magic and it cured Dr. Connors and he was back to normal. The Reptile DNA was gone for good.

Dr. Connors got up.

Dr. Connors: What happened?

Me: I cured you of your condition Dr. Connors. I used my light magic to get rid of the reptile DNA in you and also give you a bonus. Look at your right arm.

Dr. Connors saw that his right arm was back.

Dr. Connors: (Shocked) I've been cured! I'm back to normal! Thank you so much J.D.

Me: You're welcome doc. You now have your full humanity back.

Dr. Connors: I can't believe that I would want to turn the city into a world of Humanoid Lizards.

Me: It's not your fault doc. It warped your mind to the point of zero reasoning. It wouldn't let you listen to reason.

Dr. Connors: That's right. But you cured me and gave me my arm

back.

He hugs me.

Me: Glad I can help you doc.

Spiderman: Glad you're back to normal doc.

Dr. Connors: Thanks Spiderman. Thank you. All of you.

Me: You're welcome doc.

---

Later we were back at the house and we revealed everything.

Lori: You guys literally met The Punisher!?

Me: We sure did. He's the most fierce vigilante in the world. The FBI and the CIA are after him for the disappearences of many crime figures across the country. By our counts he killed more criminals than we had brought to justice. But he gave me this special watch to call him. But I plan on using it call him for killing criminals that are beyond all form of rehabilitation.

Lincoln: Good thinking J.D. That's awesome that you met the Punisher.

Rachel: It sure is. I've read about him and it's just awful what he went through. He lost his wife and son to a mob boss.

Me: Yeah. His name was Howard Saint and he was a mob boss. He killed Frank Castle's wife and son as an act of vengeance for killing his son. Frank Castle got his revenge and he killed Howard Saint and his entire family and sent them all off to Hell. The only one that didn't get sent off to Hell was his wife Livia.

Lola: Well that monster deserved it for killing his family.

Lana: You said it sis.

Lila: I agree.

Me: You'll get no argument from me you three. People like Howard Saint deserve to be forever damned.

---

The Punisher was standing on a building in Royal York.

The Punisher: Those who do evil to others; Killers, rapists, psychos, sadists, will come to know me well. Frank Castle is dead. Call me The Punisher.

The Screen transits into a split and reveals my face on one side and The Punisher's face on the other.

Me: Bad guys around the world beware, there's a new team of heroes in town. We are a bunch ordinary people that was given incredible power. We are now, Team Loud Phoenix Storm.

Me and The Punisher: (In Unison) Watch out evil. Justice has two new names.

Our eyes glowed red with righteous fury and fire burns ferociously in the background.

THE END.

Another fanfiction complete.

NicoChan11 gave me the idea for this chapter. Thanks man. As usual. The Punisher is one of my favorite anti-heroes. He went through so much and his life was consumed with hatred over bad guys when he lost his wife and son. Thomas Jane and John Travolta did a great job in the 2004 movie. It was awesome. I came up with the team name and the Logo. Let me know what you all think.

See you all next time.

# A Villain with a Split Personality

It starts with Maria, Lincoln, Liam and Carmen watching TV.

I walk down the hall with Varie and Rachel.

Me: Well guys we're off.

Liam: (Southern Accent) Where are you all off to J.D.?

Me: We got to go to a summit with the world ambassadors to discuss on how to join forces to destroy terrorism and corruption.

Varie: It's the biggest summit to grace the history of the United Nations and the NATO Alliance.

Rachel: It's also a huge honor to attend this.

Maria: That's what I heard.

Lincoln: Let us know how it goes.

Me: Will do. Well see you guys.

We left and Maria changed the TV to Operation: Dessert Storm.

Liam: I like this here show!

Carmen: Me too.

Maria: It's so awesome that you two are in a relationship Liam.

Liam: Aw thanks Maria. Carmen is the most amazing girl I've ever met.

Carmen: (Blushes) Aw. Thanks my farm bear.

Maria: That's so cute. But Liam if you ever hurt my sister in any way, shape or form I will drown you.

Liam: (Gulps in fear) I.I.I… I promise Maria. You have my word.

Maria: Good.

The rest of The Redemption Squad came.

Venom: **What are you guys watching?**

Maria: Operation: Dessert Storm.

Elena: I love this show.

Riku: Me too. I love sweet stuff.

William: We sure do.

Stewie: I love sweet food just as much as anyone else.

Meg: Me too Stewie.

Maria: How are you two doing after your ordeal Meg?

Meg: Much better now that the Griffin's are in prison forever.

Lincoln: 50 years actually.

Meg: Right yeah. Now I have lots of friends and managed to achieve what those fools were against.

Stewie: Amen to that.

Maria's watch beeped and it picked up a disturbence in Gotham.

Maria: There's something going on in Gotham.

Maria pressed a button and it said that Two-Face was at it again.

Maria: (Gasp) Two-Face is causing trouble!?

Lincoln: Two-Face? Who's he?

Maria pulled up his info on the computer.

Maria: He's former Gotham District Attorney Harvey Dent.

Carmen: I've heard of him.

Maria: Yep. This is what he looked like before. This is what he looks like now.

Maria pressed a button and it showed what he looks like now. The entire left side of his body was badly burned and scarred.

Lincoln: Whoa!

Elena: Geez!

William: What happened to him?

Maria: He had an accident. It says here that he has Multiple Personality Disorder and he has an evil persona called Big Bad Harv. It's a side of hate and aggressiveness. He was gonna get reelected for district attorney when Rupert Thorne dug up some dirt on him that was gonna prevent this from happening. He had his psychiatric file and planned to blackmail him to do his bidding. But Big Bad Harv broke out and he fought his men. But in a factory, an accident happened. He was blown up in an explosion and it horribly scarred and disfigured the entire left side of his body. Big Bad Harv completely took over and he became a vigilante and took on the name Two-Face.

William: Who is he after?

Maria: It says here that he's going after Rupert Thorne. He wants to kill him for causing his him to become this way.

Lincoln: So he wants revenge.

Maria: That's right and he makes his decisions because of a coin he has.

Venom: **A coin? What does that have to do with this?**

Maria: It's a double-headed coin. He plays a deadly game of heads or tails with it. One side of the coin is a plain head. It shows that everything stays. The other side has another head with an X carved onto it. That means it goes.

Lincoln: That's ruthless. And Rupert Thorne is in prison forever because of his crimes.

Maria: That's right. He got what he deserved. It's not too late to save Harvey and bring an end to Big Bad Harv.

Stewie: Hey, William. Knock Knock.

William: Who's there?

Stewie: 6 friends on a team about to stop a criminal together.

Vince came.

Vince: Hey guys.

Maria: Hey Vince.

Vince: What's going on?

Maria: Two-Face is causing trouble again and we were heading out to stop him.

Vince: Oh cool! Can I come with you guys?

Carol: I want to come too.

William: Sure guys.

Carol: This is gonna be so cool!

William: All right. Redemption Squad, move out!

They flew, swung and took the hover car to Gotham.

---

In Gotham City, Batman, Robin, Batgirl and Catwoman were fighting Two-Face and his cronies. Suddenly a stream of ice and lightning froze all of his cronies and shattered them into a thousand pieces.

They landed.

Maria: Nice shot Liam. Harvey Dent A.K.A. Two-Face.

Two-Face: That's right. The famous Redemption Squad. I heard you all and the famous J.D. Knudson killed The Joker and Scarecrow.

William: They deserved it. Just like you are going to.

Maria: Wait William. We need him alive.

Two-Face: If you live long enough to get me.

He flipped his coin and it came up the head with an X.

Two-Face: Time for you to die.

He fired his gun and Lincoln's aura deflected the bullet and it went into the street.

Stewie headbutted Two-Face and he had his gun pointed at him.

Maria: Oh no Stewie!

Two Face is currently pointing a gun at Stewie.

Stewie: Now let's think about this. If you shoot me, we won't be able to stop you and you'll be free to go. But someone may come after you. Probably not, given your reputation as a criminal.

Two Face: Your point?

Stewie: What I'm trying to say is, shooting me now would be the biggest mistake of your life.

Two Face: Worth it! (fires gun)

Stewie dodged the bullet and Maria encased him in a ball of water.

Maria: (Chanting an incantation) Festinxa Exmortum Para!

A blob of pitch black darkness came out of Two-Face and his burns were fully healed and he was restored to what he was before he became Two-Face. The blob of Darkness became another Harvey and it was the living embodiment of Big Bad Harv in its entirety. But he was completely scarred and horribly disfigured.

Elena: What is that thing!?

Stewie: It appears to be the living embodiment of Harvey Dent's evil persona Big Bad Harv. Maria's water magic stripped him of him and healed him.

Maria: He's horribly scarred and disfigured.

Harvey: What!? What happened?

Maria: I cured you Harvey and saved you from your own darkness.

Vince: That's right. Look.

Vince created a mirror crystal and Harvey was shocked.

Harvey: (Gasp) I'm back to normal and I'm healed!

Batman: Welcome back Harvey.

Harvey: Thanks Batman. Thank you for never giving up on me.

Batgirl: But how do we stop that?

Harvey saw his evil persona in the flesh and he was horrified.

Harvey: Is this the monster that was inside me?

Batman: That's him Harvey. He was the monster that was responsible for turning you into a vigilante bent on killing Rupert Thorne.

Big Bad Harv: You wretched fools ruined everything!

William: And you will never terrorize Gotham again!

William pulled out his element blaster and set it to fire and lightning. He fired a concentrated blast of lightning and fire and it incinerated Big Bad Harv in an instant.

Harvey: Wow! Nice shot William!

William: Thanks Harvey.

Harvey: I can't believe I was like that. I was a monster bent on wanting Rupert Thorne dead for his crimes.

Batman: It's not your fault Harvey. Rupert Thorne brought out that monster and it was because of him that you became that way.

Maria: He's right Harvey. But Rupert Thorne is now in prison forever and he will never terrorize Gotham again.

Harvey: Where is Thorne?

Maria pointed up to the Moon.

Harvey: He's on the Moon?

William: There's actually a Triple Supermaximum Security Prison that's built on the Moon.

Maria: We built it. It's called the Alcatraz of Space. If anyone escapes, they will die instantly in the endless vacuum of space.

Batman: That's right.

Robin: Ra's Al Ghul is in that Prison. We've seen the inside and the view of Earth is amazing from it.

Riku: It's an amazing prison.

Vince: And it's only home to the worst of the worst.

Carol: That's right Vincey.

Catwoman: I'm glad Harvey is back to normal.

Robin: Me too.

* * *

Later they were back home.

Elena: Can you believe it? We went through all that trouble to stop Two Face and the others still aren't back yet!

Riku: Any ideas on how to pass the time until they come back?

Stewie: I've got an idea.

Venom: **What is it?**

Stewie: Has anyone had a party in this house before?

Maria: We sure have guys. It was for the Tripplets birthday. Lets have a swimming pool party.

Everyone agreed and they made a bunch of texts and phone calls. Everyone agreed.

4:45 PM.

Me, Varie and Rachel came home.

Me: That was an awesome meeting.

Varie: Yep. We now have banded together to destroy the terrorists around the world.

Rachel: We sure have.

Me: Yep.

I saw that the house was empty.

Me: Where's everyone?

Varie: Did they leave somewhere?

I saw a note on the table.

Me: There's a note.

I pick it up and read it.

Me: "J.D. We're in the Swimming Pool and indoor water park.

Maria." Lets head over there.

We went over to my water park swimming pool and the lights were off.

Me: Uh-oh. It's dark. Let me find the lights.

I feel for the light switch and I found it and flicked it. We saw a surprise that shocked us.

All: SURPRISE!

Me: (Gasp) Oh Wow! But what's with the party? It's not my birthday.

Maria: We set it up and decided to have a swimming party.

Liam: It's true J.D. We all decided to have a party right here.

Carmen: That's right.

Me: Well then in that case. (I transform into my swimming trunks and a white t-shirt) Lets Party!

We all cheered.

We had so much fun and got wet until our skin wrinkled up.

THE END.

---

Another Fanfiction Complete.

NicoChan11 gave me the lines for this one as usual. Thanks for that man. He also gave me the idea of Carmen and Liam becoming a couple. Thanks for that man. Two-Face was one of the strangest villains in all of Batman. He was like Dr. Jekyll and Mr. Hyde. But anyway. Let me know what you all think.

See you all next time.

# The Ultimate Cold Shoulder

It starts in Dakota City.

A woman was at the TV store watching the TV and the news was showing our latest adventure. The woman was Louise Lincoln AKA Killer Frost.

Killer Frost (looks at the TV with anger): So Alexis Rhodes thinks she can steal my gimmick? Well, she's about to have a rude awakening!

Later, a young girl with white hair and purple skin with tattered clothes was asking around for some change. It was Maureen Connor AKA Permafrost. A homeless girl and also a Bang Baby. She has ice powers because of it.

Permafrost: Do you have any change sir?

Man: Oh you poor girl.

He gave her some coins and dollars.

Permafrost: Thank you sir.

Man: You're welcome.

A woman walked up to her.

Killer Frost (to Permafrost): Hey, sweetie. My name's Killer Frost. I'm about to head to Royal York so I can fight Alexis Rhodes. Wanna come?

Permafrost: Sure. Time to make families around the world feel my pain!

Killer Frost: Now you're talking. Lets go!

---

Alexis and Lana were in the training yard practicing their ice powers.

Lana: Hi yah!

Lana fired a blast of ice lightning and it froze a target in a huge crystal cluster of ice.

Alexis fired a fireball of ice fire at another target and froze it in a huge block of ice.

Alexis: Our powers are getting stronger and stronger.

Me: They sure are girls. You're doing really good.

My watch beeped and I answered a holocall.

Me: J.D. here.

Chief of police: J.D. 2 people are freezing everyone in ice and they're putting many lives at risk.

Me: We're on our way chief.

Alexis: We're with you J.D.

Lana: Same here.

Me: Lets go!

We flew out to Royal York and saw most of the city entombed in ice.

Me: Whoa!

Alexis: What's going on?

Me: Look!

We saw Killer Frost and Permafrost freezing some of the city.

Me: (Gasp) That's Louise Lincoln A.K.A. Killer Frost!

Alexis: And who's that girl with her?

Me: That girl is Maureen Conner A.K.A. Permafrost.

Lana: They have ice powers too?

Me: Yeah.

Lana: What can you tell us about these two J.D.?

Me: Louise Lincoln was the Protegee of Dr. Frost. She duplicated the first Killer Frost, Crystal Frost's accident on purpose to get her revenge on those that hurt her. Maureen Connor has a very dark past. Her mother died a couple of years ago and her stepfather wanted nothing to do with her. She ran away and wound up on the streets. She got exposed to the same mutagen that gave Static his powers and it gave her ice powers. But her mind because of her past is unstable.

Lana: We have to help her.

Alexis: I'll fight Killer Frost. I have this feeling that it's me she wants.

Me: Okay.

We go down and we faced them.

Killer Frost: Alexis Rhodes. You will pay for ruining my image.

Alexis: Louise Lincoln A.K.A. Killer Frost.

Killer Frost: That's right.

Alexis: Louise I don't want to fight you. I want to help you redeem yourself.

Killer Frost: Ha! Why would I want to redeem myself?

Alexis: Because you've been lead down the wrong path. The pain I see in your eyes tells me what you went through.

Killer Frost was shocked by Alexis' comment.

Killer Frost: What do you know about what I've been through!? How could you know what I know!?

Alexis: Because I've seen so many people go down the wrong path and their lives were forever destroyed because of it. You're fighting for the wrong cause Louise. I sense that there is still a light buried deep inside your heart. Beneath those powers and your desire for revenge, all you are is a person in pain that longs for 3 things. Love, friendship and someone that understands what you're going through.

Killer Frost then realized that Alexis was right and that her mind was filled with the wrong ideas. She was consumed with hate and darkness to the point where it nearly destroyed her ability to listen to reason and it nearly condemned her to an eternity of pain and loneliness. She then broke down crying.

Killer Frost: (Crying) What have I done!?

Alexis came and comforted her.

Alexis: It's all right Louise. It's all right.

Killer Frost was now on the path to redemption.

---

Me and Lana were facing Permafrost.

Lana: Maureen Connor I presume?

Permafrost: That's right. You're Lana Loud and the famous J.D. Knudson is with you.

Me: That's right.

Permafrost fired a blast of ice and Lana fired a blast of Ice Lightning and the blasts collided.

Lana: Maureen I'm so sorry about what you've had to endure.

Permafrost: How would you know!?

Me: Because my brother Naruto had to go through the same pain you went through before I met him.

Lana: That's right Maureen.

Lana flew over and fired a blast of ice lightning at her and went behind her and grabbed her.

Lana: Maureen listen to me. I'm very sorry about what happened to your mother and that saddens me that you lost her. But your mother wouldn't want to see you using your powers for evil. You were given these powers for a reason like I was.

Maureen: How did you get your powers Lana?

Lana: I got my powers from the Snowflake of Khione, the Greek Goddess of Snow. Because of my pure heart and my love for my friends and all animals I was chosen to get these powers. You got your powers by accident. I know your mom is gone but she would not want you to become like this. She would want you to become a strong and caring girl to protect her friends and loved ones like us.

Permafrost began to realize that Lana was right.

Permafrost: You're right Lana. I can't believe that I became like this. (Crying) I'm more alone now than ever.

Me: Now Maureen you'll never be alone as long as you hold the memories of your mother and everything she did for you closest to your heart. She'll never leave you as long as you remember everything she taught you and you'll always have her by your side no matter what.

?: That's right.

A beam of light shined down on Maureen and a beautiful woman with brown hair, white angel wings, and angelic clothes came down and she landed by Maureen.

Permafrost: Mom?

She nodded.

Permafrost: Mom!

She hugged her mother for the first time in 5 years and cried hard.

Permafrost: (Crying) Oh mom! I've missed you so much!

Annie: I missed you too Maureen. I know you've had a rough life after I died but what J.D. said is true. I'll never leave you as long as you remember everything I taught you. No matter what happens you will always be my little girl that always has that energetic smile and love for Christmas.

Permafrost: (Sniffles) I've been through a nightmare mom. I have no one now. I'm all alone.

Annie: You'll never be alone Maureen. Never forget that I will always be with you no matter where you go.

Me: That's right Maureen. We'll be your friends and no one should ever spend the entirety of their lives alone.

Lana: Yeah. And we can help you get back on your feet.

Annie: J.D. and Lana are gonna do their very best to take care of you in my absence.

She touched her forehead and an angel appeared in the middle of her forehead.

Annie: This symbol on your forehead will allow you to call me should you need me Maureen. I will always be with you.

Permafrost: Thank you mom!

They hugged one last time and Annie went back up to Heaven.

Annie: Take care of my daughter J.D.

Me: I will Annie. You have my word of honor.

Annie: Thank you J.D. Thank you.

She was gone.

I had a tear come down my face.

Me: That was amazing.

Lana: It sure was.

Permafrost: Thank you guys.

Me: No problem Maureen.

* * *

We went back to the mansion and Leni got Maureen some new clothes after she got cleaned up and we got her some food. Maureen now has a snowflake blue Team Loud Phoenix Storm shirt, blue jeans and sneakers and a snowflake baret in her hair.

Me: You're gonna need to build up your strength again.

Permafrost: Thanks J.D.

She ate and she was full.

Permafrost: That was delicious. Thank you.

Me: You're welcome.

Lori: Maureen we're very sorry about what you had to go through.

Luna: Yeah. That was awful.

Permafrost: Thanks guys.

Killer Frost was now on the Redemption Squad and Maureen was now in a loving home with a brand new life.

THE END.

Another Fanfiction Complete.

I saw the Christmas episode of Static Shock where he met Permafrost and that episode touched my heart. NicoChan11 refreshed my memories for this. Thanks for that man. He gave me the lines as usual. Nico gave me the idea for this chapter too. Thanks man. Let me know what you all think.

See you all next time.

# Stellar Babysitting

It starts with us waking up In Lincoln & Linka's room.

Lincoln: (Yawns) Ah, Sunday Mornings. My homework's done, my chores are complete and I'm looking forward to a whole day of freedom!

Linka: Whoo! Me too Linc.

Janeen: This is gonna be fun!

Lilly: You said it.

Me: Can't wait buddy!

Rachel: Me too!

We start dancing.

Rita: (Offscreen) Rise and Shine Kids! We're going to Aunt Ruth's today. YAAAYY!

Me: It's that time again.

Lincoln: Yep.

Me: Lets see who will be babysitting today.

I spin my daughter wheel and it landed on Nicole.

Varie: Nicole is babysitting today.

Rachel: What is this all for?

Me: Oh that's right you don't know about this Rach.

Janeen: It's a special plan J.D. formed for when it's time for Aunt Ruth to come.

Me: That's right you don't know. Lincoln will explain it.

Lincoln: "That's right guys. Visits to Mom's aunt are torture."

Rachel: Why do you say that Lincoln?

Me: Their Aunt Ruth is Albert's sister and she's a major league slob. She's what I call the personification of the Cardinal Sin of Sloth.

*[A montage of all the things they do at Aunt Ruth's is shown.]*

**Lincoln: " She makes us look at a million pictures of her cats."**

**Me: She has thousands of pictures of her cats from her travels from around the world and we get bored out of our skulls from having to see them.**

**Ruth:** "Here's Mittens in Egypt. We were going to visit the pyramids, but Mittens hates the heat." *[cuddles Mittens]* "Don't you, baby?"

*[Cut to them eating something questionable.]*

**Lincoln: " She feeds us gross food.** "

**Me: The Food is over 60 years old and it's a miracle we all haven't gotten botulism from it.**

**Lori:** "Ew. When was this pudding made?"

**Lisa:** *[examining the can]* "Seeing as this flag on the label only has 48 stars…"

*[Cut to Lincoln cleaning out the cats' litter box.]*

**Lincoln: " And she always singles me out to do special chores.** "

**Me: Because of Aunt Ruth's cats, he has to clean out all of her litterboxes.**

**Ruth:** "And when you're done scooping, you can start rubbing these bunions. Don't forget my extra toe!"

*[A sixth toe protrudes from her left foot.]*

**Me: Aunt Ruth even has a sixth toe on her left foot. That's either from a birth defect or something else. It's really repulsive.**

*[Lincoln cringes in disgust.]*

**Lana:** *[disappointed]* "Lucky."

**Lincoln: " The only Louds who got to skip out on Aunt Ruth's are Lily and Dad. "**

*[Lily pulls on one of Ruth's cats' tails. End montage.]*

**Lincoln:** Aunt Ruth doesn't trust Lily around her cats. So Dad stayed home and babysits her.

Me: And that's when I created this babysitting plan. One of us will babysit some of the Loud Siblings while the rest go to Aunt Ruth. Luan, Laney and Lily stay back because Luan doesn't like it, Laney wants to help out and she stays back when needed and Lily can't be trusted. Lana is the only one that likes going to Aunt Ruth's.

Rachel: Oh that's awesome! But going to Aunt Ruth must be a nightmare.

Me: It is Rach. It's so bad that even I would consider it as a form of Capital Punishment.

Varie: That's right.

Rachel: Wow! That's awful. I want to stay back to see this plan in action.

Me: Okay. And Lori, Luna, Sam, Luan, Shannon, Lincoln, Linka, Girl Jordan, Lucy, Lana, Lola, Lila, Janeen, Penny, Lisa and Lily are staying with Nicole.

Rachel: Right on!

---

At the front door everyone but Rachel and the aforementioned siblings are loading into the van.

Me: You know what to do right Nicole?

Nicole: I sure do dad. I've learned a lot from my siblings and you.

Me: I had a feeling you would.

Lynn Sr.: If I have to see that extra toe so help me…

Everyone left.

Lincoln: This is gonna be awesome!

Lola: It sure is Linky.

Lila: It's confusing for me because of being a fusion of the twins.

Nicole: I know Lila.

A knock on the door was heard and Nicole answered it. It was Eddy. As usual. And Edd was with him.

Eddy: Hey Nicole.

Nicole: Oh hello Eddy. Hey Double D.

Edd: Hello Nicole.

Luan: Hey my king of comedy.

Eddy: Hey my Angel Queen of Comedy.

They kissed.

Linka: Hey Double D.

Edd: Oh hello Linka.

They kissed.

Nicole: Okay it's time for our first activity. Adventure Fun.

Lana: Awesome!

Lincoln: That's a fun game Nicole.

---

In the Simulator, Nicole was setting everything up.

Nicole: I have just the adventure for Janeen and Lana.

Janeen: Awesome!

Lana: Lets go!

They went into the simulator and it activated. Lana looked around and they were on a planet she knows.

Lana: Awesome! We're in the movie Treasure Planet!

Janeen: What's that movie about?

Lana: It's a science fiction version of the book Treasure Island.

Janeen: Oh wow! I read that book and it's awesome!

Lana: Lets go Janeen.

They went into the jungle and they saw some pirates.

Janeen: Pirates. Lets get them!

Lana: Right.

They pulverized the pirates into dust and knocked them out.

Jim: That was cool! Thanks.

Lana: You're welcome. My name's Lana Loud and I'm from Earth.

Janeen: And my name is Janeen Aran. I'm from Earth but I'm a Jovian-Human Hybrid.

Jim: Pleasure to meet you both. I'm Jim Hawkins. I'm trying to find the treasure.

Lana: Lets help you out.

Jim: Sure.

Lana saw a hole in the ground and she told Jim to put the map he had in there. He did so and a holographic orb appeared and then golden beams of light converged and shot up at the edge of the cliff and formed into a triangular portal.

Lana: Oh wow!

Jim: The Lagoon Nebula?

Janeen: That's 6,000 light-years away from Earth in the constellation of Sagittarius the Archer.

Lana: That is so cool!

---

CONTROL ROOM

Nicole: That is so cool!

Lola: I remember seeing this part of Treasure Planet. That was so cool!

Lisa: Treasure Planet was an awesome movie. Science-fiction but a truly interesting masterpiece.

Girl Jordan: It sure was.

Lucy: It was an amazing movie even though I only like vampires.

Lori: It literally was a great movie.

---

SIMULATOR

Jim pressed a button on the hologram orb.

Jim: A big door…

The portal changed to another location. It was the Planet Chyar.

The Planet Chyar is a gas giant planet located 82,000 light-years away from Earth. The cities in the clouds are made of crystals and they float above the clouds. The planet is 45 million kilometers or 27,961,703 miles in diameter and the natives are very friendly.

Jim:… opening and closing.

Lana: That is so cool!

Janeen: It sure is.

Jim pressed another button and it changed to another location. It was the Planet Taypora.

The Planet Taypora is a desert mining planet located in the Cigar Galaxy 12 million light-years away from Earth. The planet mines gold, silver, gems and other metals.

Janeen: I've never seen planets like these before.

Lana: Me neither.

Jim: These are cool planets. (Looks at the orb) Lets see. Kinapis. (Sees another location. One that he knows) Montressor Spaceport.

He pressed it and the portal changed to his home planet, Planet Montressor.

Planet Montressor is a futuristic planet located 34,000 light-years away from Earth and is home to numerous species from across the galaxy. It serves as an intergalactic shipping port for many planets across the universe.

Janeen: That is amazing.

Lana: It sure is.

Jim: Yeah. So that's how Flint did it. He used this portal to roam the

Universe stealing treasure.

* * *

CONTROL ROOM

Lori: That is literally amazing.

Rachel: I can't believe that there are that many planets in the universe and it's all just absolutely amazing.

Lisa: It sure is Rachel.

Nicole: I've been to these planets over the years in the future. It's incredible.

Lincoln: It sure is.

* * *

SIMULATOR

Janeen: Where did he put the treasure?

Jim: Lets see.

Jim pushed some buttons and they saw numerous planets. They saw the storm planet Xaikora.

Planet Xaikora is a gas giant planet located in the Sombrero Galaxy 31 million light-years from Earth. It orbits a Black Dwarf Star (Dead Star) and is home to living ball lightning creatures called Xaikoran Lightning Sprites. The planet is 13 times larger than Jupiter.

The portal opened up to the island planet Ziphorma.

Planet Ziphorma is an ocean planet with a very unusual oceanscape. The cities are actually giant hollow domes and in them are aqua people. The domes on the outside look like islands. The planet orbits a Red Dwarf Star and lives in the Black Eye Galaxy, 24 million light-years away from Earth.

The portal changed to the rocky planet Uintahzia.

Planet Uintahzia is a rocky planet located in the Andromeda Galaxy 2.3 million light-years away from Earth. 15% of the planetary structure was blasted to space dust millions of years ago by an asteroid that slammed into the planet. The creatures on the planet are predatory.

The portal then changed into the futuristic city planet Qintorakin.

Planet Qintorakin is an advanced city planet located in the Sombrero Galaxy. The planet is many years more advanced than Earth. The population is 200 trillion people.

Janeen: This is all amazing. I can't believe that there are so many planets.

Lana: And all these planets are the ones that Captain Flint stole treasure from over the years.

B.E.N.: Treasure. Treasure. It's buried in the…

Jim: Buried in the Centroid of the mechanism. Wha… What if the whole planet is the mechanism? Then the treasure is buried in the center of this planet.

Lana: I remember that.

Lana pressed a small button in the middle of the planet on the hologram and the portal opened up and revealed the center of the planet. They went through the portal and accidentally triggered an alarm by passing through a laser system. In the core of the planet they saw that the center of the planet was really where Flint stored the treasure. It was completely covered with gold, jewels, and so much treasure that it defies all description.

Janeen: Whoa!

Lana: The Loot of 1,000 Worlds!

Jim: Incredible!

They went out and got a lot of treasure and it was all worth a huge amount of money that would make any planet the richest planet in the universe. Lana and Janeen beamed half of the treasure to Earth and gave half of it to Jim and his family.

Jim and B.E.N. were on another boat and they saw the skeletal remains of Captain Flint.

Jim: Captain Flint?

B.E.N.: In the flesh.

Janeen and Lana jumped onto the boat.

Lana: Whoa! Looks like he has been here for a long time.

Janeen: He sure has.

---

CONTROL ROOM

Lucy: Wicked.

Shannon: Captain Flint was there for years. It's hard to imagine that he would steal all that treasure over all that time.

Lily: That's amazing Shannon. I can't believe that he has stolen all that treasure. He was really nefarious.

Nicole: He sure was.

---

SIMULATOR

Lana: It's Captain Flint.

Janeen: He looks like he was here for quite some time.

Jim: He sure was.

Lana noticed something in Flint's claws.

Lana: There's something in his claw.

Lana pulled it out and it looked like a circuit of some kind.

Jim saw a missing piece from B.E.N. and he put the two together.

Lana: I think this is B.E.N.'s mind piece. Here Jim.

Jim: You're right Lana.

She handed it to Jim and he put it back and B.E.N.'s memories were restored.

B.E.N.: Whoa! Hello. You know uh Jimmy I was just thinking. (Realizes something) It's all coming back! All my memories! Right up to the point where Flint pulled my memory circuit so I can never tell anyone about his booby trap!

An explosion was heard.

B.E.N.: Speaking of which.

They saw a structure explode and knew that it spelled trouble.

B.E.N.: Flint wanted to make sure that nobody could ever steal his treasure. So he rigged this whole planet to blow HIGHER THAN A KALEPSIAN KITE!

Janeen: We got to get out of here!

Lana: Lets go!

They boarded the Legacy and changed the portal to the Spaceport and with just enough time to spare, Lana beamed the portal to Earth so we can put it to good use.

The planet exploded after doing so.

KRABBBOOOOOOOOOOOOOOOOOOOOOOMMMMM!

They all cheered wildly.

In the control room they all cheered too.

Jim redeemed himself and did a great deed for his family.

The exercise ended and they went outside.

Nicole: Great job guys! Well done!

Lana: Thanks Nicole.

Janeen: That was awesome!

Nicole: It sure was. (Looks at her watch) We still have time for 3 more adventures. I'll do this one. I have just the scenario in mind. We haven't done this one in a while.

---

WARNING: This part is gruesome so read at your own risk.

Nicole went in and the Simulator activated. She found herself at the Final Valley and Naruto was fighting Sasuke to try and convince him to come back home.

Nicole: Looks like I arrived just in time.

Sasuke had grabbed Naruto by the neck and was about to stab him with a Chidori.

Sasuke: Sorry you wretched loser but this is as far as you go. Die and burn in Hell.

Nicole: Oh no you don't!

Nicole flew to Sasuke at a blazing speed and kicked him in the face with devastating force and sent him crashing into the cliff.

KRABLAAAAAAMMMM!

Sasuke got up and he was in his level 1 Curse Mark state and he saw Nicole standing next to Naruto.

Sasuke: You wretched girl! This wasn't any of your business!

Nicole: I just made it my business.

Sasuke: You think you have what it takes to challenge an elite?

Nicole: I don't think, I know. And another thing, you are no elite. You're just an arrogant little punk that cares about nothing more than himself and your clan got what they deserved. You're all nothing more than a bunch of evil, selfish, traitorous thieves and they deserve only eternal damnation in the darkness of Hell.

When Sasuke heard that he was infuriated.

Sasuke: You wretch! How dare you talk about the Uchiha that way!?

Nicole: I can talk about them however I want. I will never forgive you for everything you've done. Now you will face my true power!

(Gohan's Anger theme plays)

Nicole: HAAAAAAAAAAHHH!

Her power flared up and purple lightning flickered around her and her hair turned black and her aura flared up to an incredible intensity. Her wings were spread and they had purple fire around them. The ground was shaking violently and lightning was striking everywhere as her power was rising dramatically at an accelerated rate. Then she released the full extent of her power.

Nicole: HHAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAHHHHHHHHHHHHH

A massive and blinding flash of purple light illuminated the area and could be seen for miles. Kakashi was dashing to the Final Valley when he saw the light and he was blown back by it's enormous power. Everyone in the Leaf saw it and the level of power they felt was incredible.

When the light faded Nicole was in her Super Angel 10,000 form. Sasuke was shaking in a mixture of fear, rage and jealousy at the sheer level of power Nicole had.

Sasuke: What are you!?

Nicole: Your worst nightmare.

Nicole kicked Sasuke in the face without warning and sent him crashing through the cliff.

CRAAASHHH!

Sasuke was holding his face in pain and he got up a few seconds later and Nicole kicked him in the stomach and dealt him multiple punches to his stomach, face, back and chest with extreme ferocity and viciousness. Sasuke belched up a huge amount of blood and Nicole punched him in the face again and sent him crashing into the statue of Madara Uchiha and it collapsed onto him.

Sasuke exploded out of the rubble and he was broken, battered and bruised. He was in a lot of pain, but he was really tough. He was enraged that he was losing.

Sasuke: WHY!? WHY CAN'T I WIN!? IT'S NOT FAIR! I SHOULD HAVE THIS POWER! I'M A SHINOBI THAT DESERVES EVERYTHING! I'M AN UCHIHA! THE STRONGEST CLAN IN THE WORLD!

Nicole: That's funny. I've killed many Uchiha and sent them all off to Hell and my power made them all look like ants compared to it.

Sasuke: (Enraged) WHAT DID YOU SAY!?

Nicole: You heard me. Or is your brain dead from all that talk about power?

Sasuke: You're a monster! You are no Shinobi and you don't deserve anything!

Nicole: You act like you know the Shinobi deep down. But you're knowledge is dangerously lacking. We shinobi fight to protect our loved ones and protect the village we came from.

Sasuke: That's all empty words and the Uchiha is the supreme clan!

Sasuke got up and he fired his Fire Style: Fireball at Nicole.

Nicole deflected the fireball away and it exploded on a nearby cliff.

KABOOM!

Nicole: I'm sick of playing games with you Sasuke!

Nicole fired a shockwave at Sasuke and it blew him into the rubble of the statue. As Naruto was floating in the lake he suddenly felt a tremendous surge of power flowing into him. He woke up and was suddenly enveloped in a blinding white light and a massive vortex of stars and cosmic energy formed and shot up high into the sky with incredible speed. The cosmic energy vortex went all the way up into the deepest reaches of space and became a huge Cosmic Owl and Naruto's power was rising at an exponential rate. Cosmic Energy from all over the universe was flooding into him at an incredible rate and so did the energy from the explosions of stars and galaxies. Naruto's energy levels were rising at an accelerated rate as a result. The Owl went back into Naruto and the vortex became a dome and when it faded he was forever changed. He now had a black and purple sleeveless gi with the kanji for Star on his back. There was an owl below that. He had purple angel wings, his eyes were now yellow and slit and he had a star on his headband with the Leaf symbol in the middle. He had purple fox ears. His pants were black and he had 9 purple flaming fox tails and black sandals. He also had a sword on his left hip.

Naruto: Now it's personal.

He flew off.

Nicole had Sasuke beat. He then transformed into his Level 2 Curse Mark form.

Nicole: You are one ugly freak of nature.

Sasuke: (Laughing insanely) I will enjoy this!

Naruto swooped in out of nowhere and slashed his hand wings off.

Sasuke screamed in excruciating pain.

Naruto: That's for my mom and dad.

Sasuke got up and he saw Naruto.

Sasuke: What!? It's not possible! You were beaten!

Naruto: Your clan will pay for killing my family and we'll make sure that we send you off to Hell personally!

Kakashi resumed his dash towards the valley when he sensed Naruto's chakra.

Kakashi: (Gasp) Whoa! All that Chakra is coming from Naruto! Incredible!

In the Leaf, Sakura felt the enormous power of Naruto.

Sakura: What!? Naruto's emitting all that power? How is that possible?

Suddenly she felt an enormous surge of power and she was enveloped in a blinding white light and suddenly a huge vortex of fire appeared around her and shot up high into the sky. Out in space is took the form of a huge phoenix and her power was skyrocketing at an accelerated rate. It drew in the powerful energies from stars all over the universe and solar fire from stars were pouring into the phoenix. Increasing her power at an accelerated rate. The phoenix went back and Sakura was standing in a ring of fire and she was forever changed. She had phoenix angel wings, sleeveless battle dress, red shorts and red sandals. Her eyes were now orange instead of green and she had a sword on her left hip.

Sakura: Now it's time to make Sasuke pay for everything he and his family did.

She flew off towards the Final Valley at a blinding speed.

Back in the fight Sasuke was completely outclassed by the sheer ferocity of Nicole and Naruto's power. He was totally outmatched. He was getting madder and madder by the second.

Naruto: It's over Sasuke. You will never terrorize my family again.

Sasuke: I won't stop until you're dead you loser!

Suddenly Sakura appeared out of nowhere and she punched Sasuke in the face with devastating force and sent him crashing through the cliff again.

CRAAASSSSHHH!

Sasuke got up and he was on his last legs.

Nicole: It's over Sasuke. You and your clan are not welcome here.

Sasuke: I WILL KILL ALL OF YOU!

Nicole: Tell that to your family when you see them in Hell.

Sasuke charged up his Chidori to maximum power and it became black.

Nicole: Lets see how you like this. (Cups hands to the side) KAAA! MEEE! HAAA! MEEE!

He charged toward Nicole.

Nicole: HAAAAAAAAAAAAAAAAAA!

Nicole fired her blast and Sasuke kept charging. He then jabbed the blast and it exploded in his face with incredible power.

KRAAAAAAABBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

The explosion was so powerful and so devastating that it completely destroyed the entire Final Valley and set everything in the area on fire.

The shockwave from the explosion blew Kakashi through a bunch of trees and he was knocked out.

When the smoke cleared Sasuke was on the ground and he was half of what he was.

Sasuke's legs and lower half of his body were completely blown to pieces and his intestines and internal organs were hanging out as blood was pouring out of him. He was badly burned all over and a portion of his chest was blown apart and his evil black heart was exposed to the open. His right arm was blown off and his face was burned and his head was blown open with his brain exposed.

Naruto: Geez! That explosion blew him to pieces. Literally.

Sakura: It sure did.

Nicole: No kidding. It's over Sasuke. Though you brought all this on yourself, it's a shame that your life has to end like this in such a painful and miserable way.

Sasuke was only given minutes to live and his energy was fading fast.

Naruto: We tried to help you and be your friends and comrades Sasuke. But you wouldn't let us.

Sakura: And now you will have to share the fate of the entirety of the Uchiha Clan which your brother killed.

Nicole walked up to him and ripped his headband off.

Nicole: You don't deserve to wear this.

Nicole also took away his Sharingan and jutsu and made them her own.

They started to walk away.

Sasuke: (Coughing) I HATE YOU ALL!

Their auras flared up and got stronger.

Nicole: We're tired of fighting you. We're going home. Goodbye Sasuke and may God have mercy on your worthless soul.

Naruto: You will burn in Hell for your crimes and the crimes your family has done. People like you deserve to be damned.

And with that Sasuke died on the spot. Nicole fired an energy blast and obliterated him in an instant.

They went back to the Leaf. They revealed everything to Lady Tsunade. The corrupted civilian council was executed and the elders were executed for high treason.

Nicole merged the Leaf with the Leaf in our dimension.

Nicole left the Simulator and everyone cheered wildly.

Lincoln: Nicole that was awesome!

Nicole: Thanks guys.

Sam: I want to do an adventure.

Nicole: Okay Sam. We have time for 2 more adventures.

Sam went into the Simulator.

---

The Simulator activated and Sam found herself in Springfield, Oregon before it was blown up.

Sam: So this is what Springfield was like before we destroyed it. I can't believe a town like this could be that dysfunctional.

Sam walked around and she saw the stores. She saw The Android's Dungeon and Baseball card shop and went in.

Sam: Interesting assortment of comics.

She saw Comic Book Guy, one of the biggest jerks in all of cartoon animation.

Sam: You must be Jeff Albertson.

Comic Book Guy: That's right and you have one of the lamest hair styles for a girl.

Sam: That's big talk coming from a big fat guy that drowns himself in junk food and is a lazy inconsiderate jerk that thinks he's better than everyone else here and in the comic book world.

BURN!

Comic Book Guy: You have a lot of nerve talking to me like that.

Sam: People like you deserve it lard head.

Comic Book Guy: Oh I'll show you! (Pulls out a real working lightsaber) This is a real lightsaber.

He ignited it and Sam kicked it out of his hand and caught it.

Sam: Nice try. Jerk.

She left.

Sam: Lets see what else is here.

Sam saw Moe's Tavern and went in.

Moe: Welcome to Moe's Tavern.

Sam: Thanks.

Moe: So what can I get you.

Sam: Water please.

Moe: Sure.

Moe handed her a glass of water and she drank it.

Sam: Thank you.

---

CONTROL ROOM.

Nicole: Springfield sounded like it was a mean town.

Rachel: I heard you guys blew it up.

Lincoln: We sure did Rachel.

Bart came in.

Bart: Hey guys. What are you doing?

Nicole: Oh hey Bart. Sam is in the Simulator doing an exercise.

Lincoln: She's in Springfield before we blew it up.

Bart: Wow! That's cool. She's in Moe's Tavern. That was one of my favorite things there.

Linka: What was that Bart?

Bart: I would always do these silly prank calls to Moe and he would threaten me after everyone laughed at him.

Nicole: Could you show us how you did it?

Bart: Sure.

Nicole handed Bart her cell phone and he dialed a number.

---

SIMULATOR

The phone rang.

Moe: (Answers it) Moe's Tavern?

Bart: (From the Control Room) Is Seymour there? Last name Butts.

Moe: Just a sec. (To everyone there) Is there a Butts here? Seymour Butts? Hey everybody! I want to see more butts!

Everyone laughed at him and Sam snickered.

Sam: (In Her Head) That was really funny.

Everyone was laughing in the control room.

Moe: Listen you little scum sucking pussbucket! When I get my hands on you I'm gonna pull out your eyeballs with a corkscrew! (Hangs up)

Sam: Thanks for the drink Moe.

Moe: Oh you're welcome.

Sam left.

### CONTROL ROOM

They were all laughing and rolling on the floor.

Nicole: That was too funny!

Lincoln: Bart you were hilarious!

Bart: Thank you Lincoln. That was funny.

Rachel: Did Moe ever figure out it was you before Springfield was blown up?

Bart: No he didn't thankfully.

Lana: I guess he had a phone with no Caller ID.

Lola: That's probably the case.

Luan: He sure is a Phoney man! (Laughs) Get it?

Eddy, Nicole, Rachel and Bart laughed.

Bart: That was a good one Luan.

Eddy: It sure was.

### SIMULATOR

Sam was walking and she saw Barney Gumble and he belched.

Sam: Excuse you Mister.

Barney: Sorry. I love getting drunk.

He drank a bottle and Sam pulled out a gun and shot the bottle and it shattered.

BANG!

Sam: (Blows the smoke out) Nobody should ever drink that much.

Barney: Wow! Great shot.

She walked and saw the Qwik E Mart being robbed by Snake Jailbird.

Sam: Uh oh!

Sam bursted in through the ceiling and kicked the gun out of his hand and kicked him in the face. Knocking him out.

Apu: (Indian Accent) Oh. Thank you miss for saving my store.

Sam: You're welcome. Just passing by and doing what was needed.

Apu called the police and Snake was arrested again.

Chief Wiggum: Snake Jailbird, you're under arrest.

Sam was then walking by the elementary school.

Sam: The Elementary School. Lets check this place out.

Sam went into the school.

Sam: Nice place.

She walked down the hall and saw 3 big kids beating up a kid. It was Jimbo Jones, Dolph Starbeam, and Kearney Zzyzwicz.

Sam: That's one thing I will never stand.

She ran and mercilessly kicked their butts.

The fight was so brutal that the outside of the school was shown as it went on.

Back in the school, Jimbo, Dolph and Kearney were pulverized to within an inch of their lives and were on the floor a broken, battered and beatened mess.

Sam: If there's one thing I don't like more than anything else it's bullies that torment people for their own sick pleasure.

The kids cheered wildly for Sam.

She waved as a way to accept thanks. She found a woman with brown hair in a green jacket grading papers and she looked depressed. It was Ms. Edna Krabappel.

Sam went in and Edna saw her.

Ms. Krabappel: Oh hello. What can I do for you?

Sam: Yes my name is Sam Sharp Loud and I want to ask you a couple of questions.

Ms. Krabappel: Pleasure to meet you Sam. My name is Edna Krabappel.

Sam: Pleasure to meet you. First what is your relationship with Bart Simpson?

Ms. Krabappel: Bart Simpson is my student but he's a huge underachiever and is proud of it.

Sam: That's what I was told.

Ms. Krabappel: Ha! Yep. He's an underachiever but he's a nice boy and loves his friends and class. He always pulls these silly pranks on Skinner.

Sam: I believe it.

Ms. Krabappel: Yep. Also I love him like he's my own son. He's a great kid.

Sam: That's what he told me. He thinks of you like a mother figure.

CONTROL ROOM

Nicole: I didn't know that Bart.

Bart: Yeah. Mrs. Krabappel treated me like I was her own son. Before we destroyed Springfield she told me the dark truth about the whole town before she bought the farm.

Lana: Oh Bart I'm sorry that happened.

Bart: It's all right Lana.

Linka: That's awful Bart.

Homer: It sure was son. I had no idea Springfield was that terrible.

Nicole: They didn't call Springfield, Oregon the Meanest Town in America for nothing.

Bart: And it deserved to be destroyed. But I miss Ms. Krabappel.

Lana: That's sad Bart. I'm sorry.

Bart: Thanks Lana.

---

SIMULATOR

Ms. Krabbapel: We have a strong bond but we don't show it that often.

Sam: That's understandable. But there's something you must know. Instead of telling you I'll show you.

Sam used her powers and showed her everything that happened to Springfield in her dimension leading up to when we blew it up. She saw all the kids rise up against Springfield and kill everyone. She then saw us take down Mr. Burns and then blow up Springfield with a 250 Megaton Nuke. Leaving Springfield as a crater.

Ms. Krabappel was horrified. But relieved that Springfield was gonna be destroyed.

Sam: Bart knows the truth you told him and he revealed everything to Keith Parkinson, his brothers and sisters and his friends and they were shocked about this. Diamond Joe Quimby, Mr. Burns, Chalmers and Seymour Skinner kept everything about the entirety of the towns corruption and crimes under wraps because of their crimes that they've been doing over the years and they are the cause of the entire towns corruption.

Ms. Krabappel: (Horrified) That's awful. I've known about all of this that went down.

Sam: Yeah. Keith Parkinson and his family formed an antipodal terroristic extremist group that works for the FBI & CIA called the Dysfunctional Town Liberation Army.

Ms. Krabappel: That's unusual It's a great name for a group.

Sam: It is. What they do is they gather information on the town and they get all the kids together along with any of the adults that know about the truth of the towns corruption and dark secrets and get them out of the town. Then when it's time they go back to the town armed with every kind of weapon across the board except for chemical and biological weapons and destroy the entire town in an all out holy war in the name of the United States Government.

Ms. Krabappel: That's intense.

Sam: It sure is. Springfield was a doomed town from the start and it's rivalry with it's town Shelbyville was pointless.

Sam continued to explain everything and Ms. Krabappel decided to leave Springfield forever. Sam went with her and helped her pack and they then went to Springfield Juvenile Correctional Facility in the dead of night and they were in behind the wall. Inside this prison was Gina Vendetti, one of Bart's girlfriends.

Sam: Be right back Edna.

Sam turned into a wisp and flew into the prison and the guards were asleep. She went down the hall and into the cell block and found Gina sleeping in her cell.

Gina: Whoever it is go away. I'm not in the mood to talk.

Sam: Actually Gina I came to get you out of here.

Gina got up and saw Sam.

Gina: Who are you?

Sam: My name is Sam Sharp Loud.

Gina: (Gasp) You're that girl whose parents were the most dangerous serial killer couple in America.

Sam: That's right Gina. My former parents were evil monsters that got what they deserved.

Gina: That's what we saw in the prison. I'm sorry they abused you like that. No one should ever have to go through stuff like that.

Sam: Yeah. Lets get you out of here. Also I can tell that you don't have any family.

Gina: That's right. My parents were executed for Capital Murder when I was 7 and I was forced to fend for myself.

Sam: I'm sorry that happened to you Gina. No one should ever be without a family and I'm sure that Bart and his friends would be more than happy to take you in.

Gina smiled when she heard that.

Gina: They would do that?

Sam: They would. Also I can tell that you know about Springfield's dark history.

Gina: I sure do. Springfield was doomed from the start.

Sam: I know. Lets get you out of here.

Sam opened up the cell door and she took her hand.

Sam: Stay close to me.

Sam and Gina vanished in a ball of fire.

They reappeared in the forest.

Ms. Krabappel: Glad you guys made it back.

Sam: Yep.

Suddenly explosions were blowing apart much of Springfield and planes were dropping Napalm and setting much of the town on fire.

Sam: Whoa!

Gina: What's going on!?

Sam: It's war.

Gunshots and bombs were blowing apart the town at an incredible rate.

Sam: Lets get out of here.

They went back home and the simulation ended and they came out.

Bart: Ms. Krabappel!

Ms. Krabappel: Bart!

They hugged for the first time in a while.

Gina: Hey Bart.

Bart: Gina. It's great to see you.

Gina: Thanks Bart. You are a great friend.

Bart: Thank you.

Nicole: Ms. Krabappel it's a pleasure to meet you.

Ms. Krabappel: You too Nicole. Sam saved us from Springfield.

Lincoln: She sure did. This was just a couple of days before we arrived at Springfield to blow it up.

Girl Jordan: That's really unusual.

Lisa: Indeed.

Nicole explained everything and Ms. Krabappel and Gina were shocked.

Gina: It's good we got out of Springfield before it was blown up.

Ms. Krabappel: That's right.

Nicole: Well we have time for one more adventure.

Lola: I'll do it.

Nicole: Okay Lola.

Lila: Go get em sis.

Lola: I will.

Lola went into the Simulator.

---

The Simulator Activated and she found herself in the world of Tron from 2010.

Lola: (Gasp) I'm in 2010's Tron. This is awesome!

She heard a fight going on and she saw Quorra, the last of the ISO programs fighting CLU's men.

Lola: This is gonna be cool!

Lola spread her wings and got into her fighting clothes. She had a sword of pure fire ready.

Lola: Lets get this princess brawl started.

Lola flew down and just as they were about to hit Quorra, Lola swooped in and slashed them all and they shattered into code.

Quorra: Thank you. Are you a user?

Lola: As a matter of fact I am. I'm Lola Loud.

Quorra: Pleasure to meet you. I'm Quorra.

Lola: CLU wants to invade our world and take it over as his own. We have to stop him at all costs.

Quorra: Yes and we have to make sure that he doesn't succeed.

Suddenly Rinzler came out.

Lola: That's Tron. I got this. Tron, command code reconfigure, authorization code C/C-.

Rinzler had blue lines appear and his helmet came off. He was reverted back to what he was before CLU corrupted him.

Tron: What happened?

Lola: You were corrupted by an evil computer virus codenamed CLU and he's going to invade Earth and take it over.

Tron: So that's what I was doing. I wasn't aware of what I was doing because the CLU corrupted my programming.

Quorra: That's right. Lola here helped you by rebooting your programming which released you from his control.

Tron: I am forever grateful to you Lola.

Lola: You're welcome Tron. Now we have to stop CLU. Lets go!

They set out for CLU's ship and they boarded it. They found CLU and he was piloting the ship as it was heading towards a beam of light in the distance.

CLU's men came out and Lola, Tron and Quorra destroyed them in an instant. They went into the bridge of the ship and confronted CLU himself.

Lola: CLU I presume?

CLU: That's right and you are a user right?

Lola: That's right. My name is Lola Loud and I'm here to stop you from ruling Earth.

Quorra: You've terrorized the world of programming for far too long CLU and you need to be stopped!

Tron: That's right. Your programming must be erased to further preserve the world of computer programming.

CLU: I was only doing what I was told by my creator to make a new world for all of us.

Lola: That is not gonna happen you Virus! That's all you are. You are nothing but a computer virus that needs to be erased from the world of technology forever!

(DIsney Infinity OST Recognizer plays)

CLU: You users are the virus. You're the one's that need to be destroyed!

Quorra: We'll see. We need to work with the users and make the world a really better place!

Tron: That's right. The users are our friends and it was thanks to Lola that I was reverted back to what I was.

Lola: That's right. So get ready CLU. You're history.

Lola formed her sword of fire and CLU unsheathed a laser sword. They both clashed and a huge swordfight began. Sparks were flying everywhere and set the whole ship on fire. It was a powerful and violent clash and a battle between computer users and computer programs. Quorra and Tron joined in and it was a powerful fight and then Lola got the drop on him and stabbed him in the chest and he shattered into code.

Quorra: That did it.

Tron: We destroyed his programming.

Lola: We sure did. Users and Programs are powerful when they work together.

Quorra: That's right.

Quorra gave Lola a special watch that would call her when it's needed.

She left the Simulator after it ended and they cheered wildly for her.

Nicole: Great job Lola.

Lola: Thanks Nicole.

Lincoln: You two were awesome.

Nicole's watch beeped. It's time for our next activity. It's a brand new activity I call Space Adventure. We're gonna go into space with the Simulator and do an amazing adventure. I have just the adventure for us. We're going to destroy the Death Star in Star Wars.

Lincoln: AWESOME!

Linka: That's gonna be so cool!

Lilly: This is gonna be so much fun!

Gina: I have a feeling you guys can do it.

They all went into the Simulator and it activated and they were on the planet Yavin IV.

Nicole: Here we go guys.

They got into the X-Wings and Y-Wings and they were off.

They saw the Death Star dead ahead.

Nicole: Target sighted.

Lincoln: This is gonna be so cool.

Lisa: Affirmative.

Lily: We're ready for anything.

Shannon: Looks like the fight has started without us.

Nicole: It sure has follow me.

Lori: This is literally going to be awesome.

Luna: It's gonna be rockin dudes!

Sam: It sure is.

They entered the magnetic field and flew towards the Death Star and saw the Rebel ships being chased by TIE Fighters.

Lincoln: There they are.

Nicole: Follow my lead and help out any Rebel fighters.

Lori: Roger that.

They fired lasers at the TIE Fighters and destroyed them. They destroyed them all. Lincoln sensed something.

Lincoln: Guys I sense Darth Vader and he's going after Luke, Wedge and Biggs.

Nicole: Okay. Lincoln and Linka you two come with me. The rest of you will provide cover fire from above.

Gina: You got it Nicole.

They went into the trench and saw Darth Vader's ship and two TIE Fighters chasing them.

Nicole: There they are. Fire.

Nicole fired lasers at the two TIE Fighters and blew them apart.

Lincoln fired lasers at Darth Vader's ship and blew a wing off.

Linka: Nice shot Lincoln!

Nicole: Luke you're all clear. Now lets blow this place into Oblivion!

Luke: Right.

Luke fired Proton Torpedoes and they went into the exhaust port.

Lori: Bingo!

Sam: Great shot!

Nicole: Lets get out of here.

They all pulled out and left as the Death Star exploded and was completely obliterated.

KRABBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOMMMMMMMM

They successfully destroyed the Death Star.

On the planet Yavin IV they were given Medals for their heroism for helping to destroy the Death Star and avenging everyone that was senselessly killed when Alderaan was destroyed. They told Luke, Leia and Han everything about where they're from and more. But then they revealed the most startling revelation of all.

Nicole: Now Luke, Leia, I'm afraid that what we have to tell you is not easy to say. But it involves Darth Vader.

Luke: What is it?

Nicole: Obi-Wan Kenobi hid this from you for your protection. Darth Vader is actually Anakin Skywalker and he's your father. Before you jump to conclusions let us finish. Obi Wan once taught your father. He was his student in the way of the Jedi and he was the greatest general in the Clone Wars.

Lincoln: That's right.

Obi Wan: That's right Luke.

Obi Wan's spirit appeared.

Nicole: Master Obi Wan. It's an honor to see you again.

Obi Wan: You too Nicole.

Luke: Obi Wan, why didn't you tell me? You told me that Vader betrayed my father and murdered him.

Obi Wan: Your father was seduced by the Dark Side of The Force. He ceased to be Anakin Skywalker and became Darth Vader. When that happened the good man that was your father was destroyed. So what I told you was true from a certain point of view.

Luke: A certain point of view?

Obi Wan: Luke you're gonna find that many of the truths we cling to depend greatly on our own point of view. Anakin was a good friend. When I first met him your father was a great pilot. But I was amazed by how strong the Force was with him. I took it upon myself to train him as a Jedi. I thought I could instruct him just as well as Yoda. I was wrong.

Nicole: It's not your fault Master Kenobi. If anyone is to blame it's Emperor Palpatine. He's the reason why Anakin was seduced by the Dark Side of the Force, betrayed the Jedi and joined the Sith. Your father Luke was also the Chosen One. The Force said that he would destroy the Sith.

Luke: I believe it. But I can sense that there's still good in him.

Obi Wan: He's more machine now than man. Twisted and Evil.

Luke: I can't do it Ben.

Obi Wan: You cannot escape your destiny Luke. You must face Darth Vader.

Nicole: I don't believe that Master Kenobi. Everyone has the power to change their destiny. It's never set in stone. You have to believe what your heart tells you. I know it may seem responsible but that's not how it works.

Luke: That's right. I can't kill my father.

Nicole: The Emperor will never win. My father would kill him in an instant. Also Princess Leia, you are also family to Luke.

Leia: How so Nicole?

Nicole: You are Luke's Twin Sister.

Obi Wan: That's right. To protect you both from the Emperor you were hidden from your father when you were born. The Emperor knew as I did that if Anakin had any offspring they would be a threat to him. That is the reason why you were both hidden.

Nicole: That's right. On Earth in our time we were preparing for the time we face Palpatine and take back the galaxy in the name of the Light Side of the Force. Like my father me and my siblings are Grey Jedi. We were taught by him in the Light and Dark Sides of the Force.

Lincoln: That's right. I'm a Jedi myself.

Linka: Same here.

Leia: But why would father want to destroy the Rebel's?

Nicole: They are a threat to the empire's quest for galactic conquest. My father is never going to allow this to happen.

Nicole pulled out her lightsaber and it was Kylo Ren's Lightsaber and ignited it.

Nicole: I swear we will make Palpatine pay for everything hes done. So many lives were senselessly slaughtered in cold blood because of him and we will avenge all those he killed.

Lincoln: That's right.

Linka: He won't get away with this.

Later they got to training and they learned everything at a rigorous level under Nicole. The Simulator had time sped up. They trained hard and they were ready for the final confrontation. They took a cloaked ship to the 2nd Death Star in orbit above the forest moon of

Endor.

Nicole: This is it guys.

Leia: It is. We're ready for him.

Luke: We are and I can sense that Vader is expecting us.

Lincoln: I have that feeling too.

Girl Jordan: We're ready to face him and bring an end to this.

Lola: That's right Girl Jordan.

Lila: We won't let Palpatine get away with this.

They landed in the hangar and blasted apart all the stormtroopers and killed them. They ran through the Death Star and killed any troopers that got in their way.

They got into an elevator to the tower and they arrived at the top of the tower and killed the guards.

They stood before Emperor Palpatine himself.

Emperor Palpatine: Welcome young Nicole. We have been expecting you.

Darth Vader was with him.

Nicole: So we meet at last Darth Vader and Emperor Palpatine.

Emperor Palpatine: So it would seem. You've come very far in your fight.

Nicole: We aim to please. Now you're gonna pay for everything you've done.

Lincoln: We're going to avenge all the Jedi you killed.

Girl Jordan: Your crimes against the galaxy are completely unforgivable.

Lucy: You will pay for everything you've done.

Nicole: Emperor Palpatine is mine. You guys face Vader.

Lincoln: You got it Nicole.

Nicole ignites her lightsaber and Palpatine got out of his throne.

Emperor Palpatine: So you think you can defeat me?

Nicole: I don't think, I know. Your overconfidence is your weakness and that will be your undoing.

Emperor Palpatine: Your faith in your friends is yours. Vader destroy her friends.

Darth Vader: Yes master.

They ignited their lightsabers and a major fight began. Their trainings in the Force were more than enough to overpower Vader.

Nicole: Now it's you and me Palpatine. Your reign of terror ends now!

He ignited his lightsaber and they both engaged in a savage lightsaber fight. It was a vicious and powerful fight and Nicole kicked him in the face.

Nicole: Your crimes will never be forgiven.

Emperor Palpatine: We shall see.

Nicole and Palpatine fired Force Lightning and their blasts collided. Nicole's Force Lightning was Purple and Palpatine's was black. Nicole overtook him and electrocuted him.

She walked up to him and held her lightsabers blade at his neck.

Nicole: It's over Palpatine. Hell awaits you for all the horrible crimes you've commited. You shall now pay the Ultimate Price.

Nicole slashed his head off and killed him instantly.

Nicole: Go to Hell and stay there.

Nicole closed her lightsaber and they regrouped and they found Darth Vader on the floor. Luke had gotten through to him and he saved him. But in the process Vader was mortally wounded. Luke took his mask off.

Luke: Father you've got to come with us. We saved you.

Anakin: You already have Luke. All of you did. You were right about me. You were right.

And with that he died.

Nicole: I'm sorry Luke and Leia.

Leia: It's all right Nicole.

Luke: Thank you Nicole.

Nicole: No problem Luke. We still have one more loose end to tie up. Lets blow this place into oblivion.

Lincoln: You got it.

Lana: Lets do it!

They got out and fired an energy blast at the Death Star and blew it up from the planet. The Empire had fallen and those that were killed by Palpatine were avenged.

Luke and Leia went to Earth with them and they met their father and mother at the new Jedi Temple.

In the time they're in now, Palpatine and the Imperial Empire faded from memory forever.

They all cheered wildly.

Nicole: We did it guys! We won and destroyed the Empire for good.

Gina: We sure did.

Lincoln: Good riddence to bad rubbish.

Lori: You totes said it Linc.

Lola: That's right Linky.

Lily: This was so much fun.

Nicole: Yep. (Watch beeps) Time for lunch.

---

At the table they were deciding what to have for lunch.

Nicole: All right guys what do you want for lunch?

Lily: Well J.D. made us pizza, Varie made us Spaghetti, Vince made us burgers, Jayme made Boullabaisse, Natilee made us Steak & Eggs and Jared made Chicken Cacciatore.

Nicole: Way to keep track Lily.

Girl Jordan: Lets have Chili.

Everyone agreed.

Nicole: Chili it is. You want it spicy?

Lori: Make mine mild.

Lucy: I want mine spicy.

Girl Jordan: Somewhat spicy for me.

Lincoln: Spicy please.

Linka: Me too.

Luna: Spicy for me.

Sam: Same here.

Luan: Spicy please.

Eddy: Same here.

Nicole: Lots of people like it spicy. All right.

Nicole went into the kitchen and prepared a big pot of really beany chili. She came back out with the pot and poured bowls for them. She put in tortilla chips to absorb all the water and cool it down. She added cheese and onions.

Nicole: All right guys dig in.

---

20 minutes later they ate the whole pot clean.

Nicole: Ah. (Burps) That was great.

Lincoln: (Belches) You said it Nicole.

Girl Jordan: (Belches) Excuse me. That was delicious.

Lori: It was delicious. (Belches) Excuse me.

Lucy: Burp. That was really good chili. If I had a heart it would be swelling right now.

Shannon: That was delicious though.

Sam: It sure was.

Luna: You said it luv.

Luan: You might say it was a Chili of deliciousness. (Laughs) Get it?

Nicole, Rachel, Eddy and Gina laughed.

Nicole: That was a good one.

Gina: I haven't had chili this good before.

Ms. Krabappel: Me neither.

Homer: It sure was delicious. I may be dead but I can still eat.

Nicole: That's true. Lets make a pot for everyone when they come home.

Lincoln: Good idea.

Girl Jordan: That will wash the taste of 60-year-old food out.

Rachel: It sure will.

---

They were watching one of Bart's favorite cartoons: Itchy & Scratchy. The Episode was Moo Goo Gai Pain. Nicole, Rachel, Lincoln, Linka, Bart, Gina, Luna, Sam, Lana, Lola, Lila, Girl Jordan, Janeen, Penny L., Shannon, Luan, Eddy, Lisa and Lily were watching it while Lucy, Lori and Lilly were reading books.

Lincoln: What's this show Bart?

Bart: This is my favorite show Lincoln. It's called Itchy & Scratchy. The mouse is named Itchy and the cat is Scratchy. They hate each other and they're not afraid to express it.

Nicole: This show is like a parody of Tom & Jerry.

When the episode was over they laughed hysterically.

Nicole: That was so funny!

Eddy: (Laughs) That was hilarious!

Luan: That was the Cat's Meow! (Laughs to Rimshot) Get it?

They laughed.

Nicole: (Laughs) That was a good one Luan.

Rachel: (Laughs) It sure was.

The van pulled up and they were back.

Nicole: They're home. Lets get cooking.

We came in with bored faces on and we saw bowls of chili and a big pot on the table.

Me: Chili!? Oh boy!

Leni: That's totes what I need.

Lynn: I love chili!

We sat down and started eating.

Me: So how did everything go Nicole?

Nicole: It was awesome dad. We did all kinds of awesome adventures.

Lana: Me and Janeen were in Treasure Planet.

Nicole: I killed another Evil Sasuke.

Sam: I saw what Springfield was like before we blew it up.

Lola: And I fought with Tron & Quorra in 2010's Tron.

Lori: And for our next game we fought Emperor Palpatine and destroyed the Empire. Luke and Leia helped us.

I was shocked. But I sensed that they were right. They made me so proud.

Varie: That's a great job guys. Great job.

Nicole: Thanks mom.

Nicole's adventure was a success. Using the gold from Treasure Planet we all made Earth the Richest planet in the Galaxy and expanded our mansion 100 times over. The Diaz Family lives with us. Ashi XIX and her sisters now live with us too. They moved to Royal York 2 days later.

THE END.

---

Another Fanfiction Complete.

This one was a challenge. But Nicole's adventure in Babysitting was awesome. I incorporated some of the planet ideas for the planets in Treasure Planet. That's one of my favorite Disney Movies. They never revealed the planet names in the movie. So I had to make them up. I got the names from my books I wrote at home. Let me know what you all think.

See you all next time.

# End of LexCorp

It starts with us on the watchtower for the Justice League.

We received a special invite from the Justice League to see their watchtower.

Me: This is so awesome Kal. I didn't know the Justice League was watching everything up here in Space.

Superman: It is J.D. The Justice League is always watching out for evil and making sure that crime never wins at anything.

Lori: This is literally so cool.

Luna: It sure is dude.

Sam: Who built this watchtower for the Justice League?

Superman: Bruce did. He created the tower so that we can always be ready.

Varie: That's so awesome.

Rachel: It sure is.

Lynn: I have a question for you Superman.

Superman: What is it Lynn?

Lynn: Who was your most dangerous enemy?

Superman: That's a really good question. But if I were to choose it would be Lex Luthor.

Me: The Founder, President & CEO of LexCorp and one of the most renowned and richest people in the world?

Superman: That's right. He's a criminal genius that has done more crimes than any villain we know and he's also the most traitorous villain ever known.

Vince: I remember that. He even has a terminal disease affecting him somehow.

Lincoln: What is this disease?

Vince: Acute Incurable Kryptonite Poisoning. It was caused from overexposure to Kryptonite.

Me: That stuff is really dangerous.

Lola: What's Kryptonite?

Me: It's a highly radioactive mineral that came from Krypton's Core. When Krypton exploded it scattered fragments of Kryptonite all over the endless reaches of the universe. These fragments can poison Kryptonian's on contact and if they're exposed to it for long periods of time they will die. In fact.

I pull out a special container.

Me: John you may want a shield Kal. In here is Kryptonite.

Green Lantern: Good thinking J.D.

Green Lantern protected Superman in a bubble of Green Energy from Will and I opened the container.

Me: Stand back guys. This stuff has more radiation than Plutonium.

I pulled out a container with a glowing green crystal. It was emitting a low hum.

Luan: Whoa!

Lucy: Gasp!

Lana: What is that!?

Me: This is Kryptonite. This is what poisoned Lex Luthor.

Lila: So that's Kryptonite. I had no idea that this mineral is that dangerous.

Lisa: The radioactivity coming off of it is incredible!

Laney: I had no idea that this stuff can kill a Kryptonian.

I put it back in the case.

Me: All clear John.

Green Lantern released the shield.

Superman: That's Kryptonite for you guys. It's hazardous to the health of all Kryptonians.

Lincoln: That's deadly Kal. We had no idea.

Me: And I'm willing to bet that Lex Luthor has a stash of Kryptonite in his arsenal.

Martian Manhunter: He does. I've seen it when we were fighting him before we arrived in this dimension.

Cody: That's really bad J'onn. We have to stop him from hurting people and Kryptonian's with it.

Me: And we have to make sure he never does so again.

The computer beeped and Martian Manhunter went to it and saw something come up.

Martian Manhunter: Looks like you'll get the chance after all J.D.

Me: Lex Luthor must be at it again. All right Rachel, Lori, Lincoln, Lila, Laney, Vince, Carol, Superman you come with me. Lola you gather some dirt on Lex Luthor and call the Cooper Gang to steal everything he has.

Superman: You got it J.D.

Lola: I'm on it J.D.

Lola pulled out her heart-shaped laptop computer and got to work.

Me: Time to go Lantern.

I put on my Blue Lantern Ring and say the oath.

Me: IN FEARFUL DAY, IN RAGING NIGHT; WITH STRONG HEARTS FULL OUR SOULS IGNITE; WHEN ALL SEEMS LOST IN THE WAR OF LIGHT, LOOK TO THE STARS - FOR HOPE BURNS BRIGHT!

I became a Blue Lantern.

Green Lantern: I didn't know you were a Blue Lantern J.D.

Me: It's a long story John. My Ring came from another dimension by the Blue Lantern Corps and it's an experimental ring that was created when the Red Lanterns destroyed Odym. It has unlimited power and never runs out of power.

Green Lantern: That's amazing J.D. I can't believe that the Red Lanterns would do that to them. They are friends to the Guardians of Oa.

Me: You can come with us if you want John.

Green Lantern: I would like that J.D.

Me: All right. Lets go!

We flew out and headed to LexCorp Tower.

---

In New York City we were headed to LexCorp Tower.

We saw a fight break out on the tower and Lex Luthor was fighting some police. He was fairing well.

Me: Thar she blows!

We flew to the tower and swooped in and I kicked him in the face.

Me: Lex Luthor your reign of terror ends now!

He got up and had a nasty bruise on his head.

Lex: The famous J.D. Knudson and the Loud Siblings. I see you have Superman and Green Lantern with you.

Superman: It will be the last time we see you Lex. Your spree of crimes ends now.

Lori: Your crimes are unforgivable. You will literally pay for them.

Lex: We'll see.

Lex pulled out a chunk of Kryptonite and I fired a blue energy beam and blew the chunk out of his hand.

Me: Don't you have a terminal illness because of overexposure to Kryptonite?

Lex: I do. But I have a special vest that keeps my cancer in remission.

Me: You thought of everything haven't you? Too bad it won't help you when you go to prison forever.

Lila: That's right. Now it's time you freeze!

Lila fired a blast of ice and froze him in a block of ice.

Superman: Great shot Lila.

Rachel: That was awesome!

I revert back and Lola called me on her lantern ring. A holographic image appeared on my ring.

Lola: J.D. I dug up a lot of dirt on Lex Luthor and what it has on him is really horrible!

Me: What did you find out Lola?

Lola revealed that Lex Luthor stole trillions of dollars and he makes even Ponzi Schemer Bernard Madoff look like a total joke. He stole a total of $250,834,463,372,000 total and he made sure that the FBI would never suspect him of anything. He even has a bunch of stolen technology from all over Earth from various scientists and even from distant planets. He also has weapons from Thanagar, Shayera Hol AKA Hawkgirl's home planet. He even has all kinds of cutting edge equipment and more. Lex Luthor broke practically every federal law all across the board.

Me: Boy Lex Luthor was much worse than what we all first thought.

Superman: He sure was.

Laney: I can't believe he's that evil. He makes even the most dangerous criminals we killed and captured look like jokes. And not the kind Luan makes.

Lori: That's literally an understatement.

Green Lantern: I can't believe Lex is that bad.

Me: Me neither. People like him deserve to never be welcome in our galaxy or any part of the universe ever.

So it was then decided that Lex Luthor would be placed in a special prison. This prison is located at the very distant edge of the entire universe far away from the infinitely vast web of galaxies. It was way out in the boondocks. In this prison Lex Luthor was condemned to stay for all eternity with a terrible curse: Life without youth. He now looked like he was 150 years old and he will stay that way until he dies. Either from his disease or from time itself. Lex had all of his assets seized and everything was donated to the world.

LexCorp was shut down forever and the building was demolished. The Thanagarian weapons were given to me and my family. The terror of Lex Luthor had been silenced forever and his company and plans faded from memory. The Cooper Gang stole all of his money.

Lex Luthor was finished.

NicoChan11 gave me the idea for this one. Thanks for that man. Lex Luthor was by far one of the most notoriously known villains in all of the Justice League. Clancy Brown did a really great job voicing him almost 20 years ago. But Let me know what you all think.

See you all next time.

# The Lost World of Atlantis

Varie, Sora, Kairi, Aqua, Terra, Donald, Goofy, Lincoln, Laney, Lily and the Redemption Squad were in the Simulator doing an exercise.

Me: Good luck in there guys.

Sora: Thanks J.D.

Kairi: This is gonna be so cool.

Goofy: Gawrsh it sure is.

Donald: Lets do it.

Varie: This is gonna be awesome.

The simulator activated and they found themselves in a cave with an expedition. It was an expedition to find the Lost City of Atlantis. They met Milo James Thatch.

Milo: Pleasure to meet all of you. I'm Milo Thatch.

Sora: Pleasure to meet you.

Varie: Same here.

They introduced themselves.

Milo: Wow! It's a pleasure to meet you all. We're on an expedition to find the Lost Continent of Atlantis.

Lincoln: I've heard about the City of Atlantis.

Laney: It's said to be a continent that had technology that rivaled that of where we're from. What year is it here?

Milo: It's 1914.

Sora: Wow! We're from the 21st century in the year 2018.

Milo: Oh wow! You're all from the future?

Kairi: In a way yes.

Riku: We've learned alot about Atlantis and it's all amazing.

Lily: That's right.

Varie: It's true.

Stewie: Atlantis has always been one of the most amazing legends we've learned about in legend and fantasy.

They were introduced to Milo's friends. They met Rourke and his crew. They began the trip and went through a series of caves along an ancient highway. They saw fantastic landmarks along the way and it was a magnificent sight.

Milo (drinks canteen): Ahh.

Vinny (scared): (Italian Accent) You didn't just drink that, did you?

Milo: Mm-hmm. Why?

Vinny: That's not good. That's nitroglycerin. [Milo holds his breath] Don't move. Eh, Don't breathe. Don't do anything, except pray maybe.

Mole: [jumps up behind Milo, scaring him] Boom!

Vinny and Mole laugh as Milo and The Keybladers and Loud's and the Redemption Squad glared at them. Vinny is then about to drink from another canteen.

Stewie: You know you're about to drink poison, right?

Vinny (scared) WHAT?! (drops the canteen and it spills out water)

Stewie (he and the Redemption Squad laugh): Not so funny now, is it?

Vinny (glares at Stewie): You're a dirty kid, do you know that?

Stewie (smirks): Oh, I know. And I'm proud of it!

Lincoln: Very clever Stewie.

Stewie: Thank you Lincoln.

They pressed on and later arrived at a huge pillar.

Milo: Good Night! Will you look at the size of this! It's got to be half a mile high at least.

Maria: It's an amazing monument.

Laney: It sure is but how are we gonna get across to the other side?

Lincoln: I got this.

Lincoln fired a blast of lightning at the bottom of the pillar and it fell and made a bridge.

Vinny: Hey look we made a bridge. It only took us what? 10 seconds. 11 tops.

Milo: How did you do that Lincoln?

Lincoln: I have lightning powers. Me and my friends and family in the time we came from are really gifted.

Milo: That's amazing.

They pressed on some more. But what they didn't know was that they weren't alone. People were watching them from the shadows.

Stewie was starting to have suspicions about Rourke and what he was really after.

They kept on going until they reached a huge wall.

Rourke: Looks like we got a little road block.

Lily: A BIG one.

Maria: I've got this.

Maria used her water powers and fired a high power blast of water that dug a tunnel through the wall and they went through.

Varie: Great work Maria.

William: That was awesome!

Sweet: Got to admit that was really cool.

Maria: Thanks guys.

They stopped at a landmark that looked like a lantern and set up camp. For their dinner they had Cookie's greasy food.

Lily: So Milo how did you find the Shepherd's Journal?

Milo: Oh uh. Mr. Whitmore gave it to me. My grandpa found it and he told him to give it to me when it was time.

Laney: That's cool Milo. If I may ask why do you want to find Atlantis?

Milo: Well I want to find Atlantis to not only prove to the world that it exists but also I want to bring Atlantis back to the surface so we can learn much about it.

Elena: That's a huge task.

Lincoln: If we do that it will further benefit humanity and bring it into a new age.

Milo: Yes it will. But this doesn't make any sense. See in this passage here, the Shepherd seems to be refering to something he calls the "Heart of Atlantis". It could be the power source that the legends refer to. (Turns a page) But then it just.. It cuts off. It's almost like there's a missing page.

Varie: That's unusual. What do you think it means?

Milo: I don't know.

Lily starting having suspicions as well. But she didn't show it.

Later Lily gathered everyone for a meeting and had a sound barrier up.

Lily: Guys I think I know what Rourke is after.

Kairi: What is it Lily?

Lily pulled out the Shepherd's Journal she found in Iceland and turned to a page that she showed us.

Varie: So that's it. Rourke's after the Heart of Atlantis.

Sora: What's the Heart of Atlantis?

Varie: It's a powerful crystal of unimaginable power. It's a powerful source of energy that can keep everyone in Atlantis living for thousands of years.

They gasped.

Lincoln: That's unbelievable!

Laney: It sure is.

Stewie: I knew it. I have a feeling that Rourke brought everyone here on this trip to steal it.

Eddie: That's not right.

Killer Frost: Lets kill Rourke now!

Varie: No Louise. We can't let them know that we're on to them. I can sense some good in Helga, and I can also sense that Mole, Vinny, Audrey, Sweet, Packard and Cookie were coerced into doing this against their will. Milo doesn't know about this. So we'll play along until the time comes.

Laney: Good thinking.

William: We'll wait.

Varie: Okay. Stewie do your thing.

Stewie: Okay.

Stewie was dressed as a black ninja and he snuck into Rourke's tent completely undetected and found the page in his boot and took it. He got out and gave it to Varie. It was the page Lily showed them.

Varie: Just as we thought. Our hunches our right. Lets keep a low profile and strike when the time comes.

Later as everyone was asleep Milo got up to use the bathroom. But he accidentally shined his flashlight on the lantern and fire bugs came out and set the whole camp on fire. They went over the bridge and one of the trucks exploded and the bridge collapsed and they all went down a tunnel. Everyone was all right and they saw that they were in a dormant volcano. The top of the shaft was blocked by rock that hardened a while back. They heard Milo going down a tunnel and he went into a huge room.

Milo: (Echoing) Hey wait a minute! Who are you!

They dug through the wall and into the room. What they saw in the room was unbelievable. They saw a huge rock plateau with a city on it. Water was pouring over the edges of the plateau and into a river of lava.

Cookie: Sweet mother of Jefferson Davis!

Audrey: It's beautiful.

Varie: Unbelievable!

Lincoln: This is incredible!

Laney: It sure is.

Lily: This is so amazing!

Sweet: Milo I got to hand it to you. You really came through.

Suddenly some warriors came out and Varie and Team drew their weapons.

Varie: Wait a second! We mean you all no harm. We come in peace. We just want to learn all about Atlantis.

A girl took off her mask. It was Princess Kida.

Varie: Princess Kida!

Kida: How do you know my name?

Varie: (In Atlantean) **Because like you I too am descended from Atlantis. But my mother ran away from it years ago. You treated my mother like a little sister when she lived here centuries ago.**

Kida: (In Atlantean) **Who are you?**

Varie: My name is Varie Knudson. My mothers name was Addona of Atlantis.

Kida: (Gasp) You are her daughter!

They hugged.

Kida: It's a pleasure to meet you Varie. Your mother was the best healer in Atlantis. She was the greatest.

Varie: I know. My parents were murdered by mermaids from the dark side of the legend in the time we came from.

Kida: I'm so sorry Varie.

Varie: I know Kida. But it's an honor to meet you. Mom told me a little about you. I'm so sorry about your mother.

Kida: Thanks Varie.

Milo: Varie how is it that you know Kida here?

Varie: My mother and her were best friends. They were like sisters.

Kida: That's right.

Later they went to the palace and stood before Kida's Father the king.

He was not happy that they were there.

Varie: (In Atlantean) **Your majesty my name is Varie Knudson and I'm the daughter of Addona the Healer.**

King Kashekim Nedakh: (In Atlantean) **It's a pleasure Varie. Your mother was a great healer and I'm sorry for your loss in the future.**

Varie: How can that be that you know that? My parents were murdered by mermaids from the Dark Side of the Legend in 2006.

King Kashekim Nedakh: Atlantis has the power to see into the future and you and your friends minus the explorers came here from 2018.

Lincoln: That's right your majesty.

Maria: It's like you all knew that we were coming.

King Kashekim Nedakh: That's correct.

Later after Milo, Kida and Maria went out to learn about the city Varie and team warned the King about what Rourke is intending to do. He was grateful for the warning. He also was told that Rourke will kill him. They vowed to make sure that never happens.

Killer Frost: Why don't we just tear Rourke apart now and get it over with? That way, Kida's dad doesn't get killed.

William: Because we have to wait for the right moment. First, we need to meet Kida. She's the one who's going to take Milo to that pond with the Atlantean writings.

Varie: He's right Louise.

Maria: I'll go with Kida and Milo to translate the Atlantean writings. While the three of us are doing that, Rourke will make his move.

Riku (grins): And that's when we turn the tables on him, right?

William (smirks): Exactly!

They caught up to Milo, Kida and Maria and Maria told them that they were going down to see some ruins that Kida found and translate some runes that they saw.

Maria went into her swimsuit and they dove in. She went into her mermaid form.

Elena: I hope they'll be ok.

Rourke (reaches for his gun): Oh, I think you've got other things to worry about.

Just then, Varie, Lincoln, Laney, Lily, Stewie and William point their guns at Rourke and his group, Sora, Kairu, Aqua, Terra, Elena and Riku get out their Keyblades, and Eddie becomes Venom.

Helga: What the?!

Stewie: Did you really think we were that guillible, Rourke?!

Venom: **We knew that you were really after the Heart of Atlantis the entire time!**

Rourke: That's right. How did you know?

William: We have our ways. Now, stand down and this can end peacefully.

Varie: Or we can do this the hard way.

Rourke (chuckles): I have to admit. You really caught me off guard for a second. But there's one thing you forgot.

Killer Frost: Oh yeah? What's that?

Just then, the Redemption Squad heard some of Rourke's mercenaries behind them.

Rourke: I always bring backup.

The mercenaries open fire at the Redemption Squad but they dodge the gunfire. Rourke, Vinnie, Helga, Sweet, Cookie, Packard, Audrey, and Mole joined in on firing at William and his team.

Riku (throws his Keyblade at a few mercenaries): You think Maria, Kida, and Milo are done with the translations by now?

William: Let's hope so. Because if they aren't, we're all going to be dead by the time they get here!

Varie: I won't let anyone die today or ever.

Rourke: I wouldn't be sure.

He was holding William at gunpoint.

Rourke: Take us to the Crystal Chamber or he dies.

William elbowed him in the stomach and kicked him in the face and knocked the gun out of his hand.

Maria surfaced and got on the ground.

Maria: A battle and I wasn't invited? I'm hurt.

Maria looked into the eyes of Mole, Vinny, Audrey, Sweet, Packard and Cookie and they realized that what they were doing was wrong. They dropped their guns and went to side with Varie and Team.

Sweet: Sorry guys.

Varie: It's all right Sweet.

Milo: This is all a treasure hunt for them huh?

Lincoln: It is. They're after the Crystal.

Rourke: That's right. It's big, it's shiny and it's gonna make us all rich.

Milo: You think it's some kind of a diamond. I thought it was some kind of a battery. But we're both wrong. It's their life force. That Crystal is the only thing keeping these people alive. You take that away and they'll die!

Laney: You're a monster Rourke! What you're doing will result in the Genocide of Atlantis.

Audrey: That's right Rourke! This whole thing is wrong and you know it!

Vinny: That's right. We've done alot of things we're not proud of. Robbing graves, plundering tombs, double parking. But nobody got hurt. Well maybe somebody got hurt but nobody we knew.

Rourke: Well you haven't seen the last of me. We will be back.

They left and got back to the trucks.

Rourke then blew up the bridge to make sure they don't follow.

Back at the throne room they were talking to the king. They found out the reason behind why the King kept the Crystal hidden. The Crystal was hidden to keep history from repeating itself and to make sure that Kida never suffers what happened to his wife, the Queen. He gave his Crystal Pendant to Varie as a token of redemption.

Sweet: Milo, we've followed you in and we'll follow you out.

William: Sweet's right. I may be the leader of my team but what we're going to do to stop Rourke is your choice.

Varie: That's right.

Milo: Are you guys even listening to yourselves? I mean, look at what my choices have done. I've led a group of murderous thieves to the greatest archaeological find in the recorded history and that led to an attempted kidnapping of a princess of a royal family! Not to mention almost giving the most powerful force known to man to a mercenary psychopath who was going to sell it to the highest bidder! Let's just face it! I've hit rock bottom!

Lincoln: No you haven't Milo.

Laney: He's right. You still have a chance to set things right.

Kairi: That's right. We're with you all the way.

Sweet: Someone once told me that when you've hit rock bottom, the only place left to go is up.

Milo [scoffs]: Who told you that?

Sweet: A fellow by the name of Thaddeus Thatch.

Milo (pauses before nodding): Then it's time for me to climb out of that hole.

Varie: Rourke will pay for everything hes done.

Kida: I'll go with you.

Sora: Okay.

Riku: Lets make that monster pay for this!

Varie: Lets do it.

William: Guys, in case we end up dying here, I just want to say that you've been the best team I've ever led.

Riku (smiles): Thanks, William.

Venom: **It's been an honor fighting alongside you.**

Elena: What are friends for?

Stewie: Even though we're going to live through this, I'm touched you said that to all of us.

Killer Frost: I've only been on this team for less then a month and I already feel like part of the Redemption Squad.

Maria then gave William a quick kiss.

Maria: Those were inspirational words, babe. Maybe after we're done here, we can make out in my bed.

William: I like the sound of that!

Varie: All right. Lets go get him!

They all got ready and Milo gathered a bunch of the people and they took fish vehicles.

Varie: Lets get them!

They went after Rourke and his men.

In the cave they came out of a man fired a missile and it blew apart the rock shell that sealed the volcano and the daylight was revealed.

Rourke: I love it when I win. You will pay for this Thatch.

Varie and Team were flying through the cave and they found Rourke with a zeppelin balloon and getting ready to go.

Milo: There they are!

Varie: Lets kill them!

Rourke: We've got company!

Rourke's men fired guns at them. Varie, Lily and Maria fired high pressure water blasts and killed some of the men and left them in a bloody mess. Lincoln fired lightning and fire blasts and destroyed some men. Laney tied them up with her plant powers and dissolved them in acid.

The zeppelin was going up.

Milo: Varie heads up! We can't let them reach the top of that shaft!

Varie: Right!

Kairi fired a blast of fire and pierced a balloon and it started to go down.

Rourke: We're losing altitude. Lighten the load!

Helga threw a barrel off the zeppelin.

Helga: That's it. Unless someone wants to jump.

Rourke: Ladies first.

Rourke threw her off but she got back on and kicked him in the face! She was betrayed.

Helga: You said we were in this together! (Kicks him in the face) You promised me a percentage!

Rourke grabbed her leg.

Rourke: Next time get it in writing!

He threw her off and she fell.

Rourke: Nothing personal!

William and Milo were fighting Rourke and they were beating him really bad.

Maria flew and caught Helga with her wings and took her to the hovercar.

Maria: You alright?

Helga: I'll live. (guilty) Guess you and your friends chose the right side after all.

Maria: You still have a chance to redeem yourself. Keep Rourke from getting away. (goes to where William and Milo are)

Helga (aims flare gun at balloon): Sorry, Rourke. Nothing personal.

Stewie (stops her and gives her one of his spare blasters): Here. This will really dish out some real damage.

Helga (takes blaster): Aren't you a little young to be carrying weapons?

Stewie (Helga shoots at balloon): Yes. Yes I am.

The balloon caught on fire and was coming down. William grabbed Rourke by the throat in a neck hold.

Rourke (his throat being grasped by William): Who do you all think you are?!

William: Buddy, we're the Redemption Squad! (snaps Rourke's neck) And you're a damned soul!

They got off the balloon and everyone landed.

Suddenly an earthquake was felt and that spelled trouble. Cracks were forming and lava was coming out.

Mole: The volcano. SHE AWAKES!

Vinny: Hey I had nothing to do with it.

Cookie: This here would be a good place not to be.

Varie: That's right. Lets get out of here!

They got out just in time as the volcano erupted and lava was pouring out of the wall.

Varie: We got to protect everyone!

Kida: I know how!

Kida prayed to the Crystal and it suddenly rose through the floor of the palace and was hovering over the palace. It spun fast and fired beams of light. They hit some buildings and giant living statues arose. Lava was gushing out of the wall.

Maria: William, I think this is our first time seeing a volcano erupt.

William: It sure is, sweetie. It sure is.

Varie: Unbelievable!

Donald: This is incredible!

Sora: It sure is.

Aqua: Yeah. I never once thought that the power of a volcano would be this intense.

Terra: Neither did I.

The statues went to the edge of the plateau and the wall exploded and sent a huge wave of lava towards the city. The statues clapped their stone hands and formed a huge force field dome. The wave of lava completely covered the dome and the energy caused the lava to harden in an instant. The lava dome cracked and was crumbling away. When the dome faded the plateau wall crumbled in some parts and the water resumed flowing. After it was done they all saw that some of Atlantis that had been lost for thousands of years was uncovered and it began an era of restoration for it.

Varie then decided to lift the entirety of the plateau to the surface and for the first time in 9,000 years Atlantis was back on the surface.

Kida: What happened?

Varie: You're back on the surface Kida. For the first time in 9,000 years.

Milo: That was incredible Varie.

Audrey: This adventure really has taught us alot.

Helga: It sure did.

Maria: This was one of the greatest adventures we've ever had.

William: It sure was.

Lincoln: Now we can learn more about Atlantis and they can share everything with us.

Laney: That's right big bro.

Lily: Yep.

---

Later after the exercise ended, it was discovered that Atlantis was in the middle of the Atlantic Ocean for real. We set up a huge trade route with Atlantis and set up a huge global alliance with them.

The Redemption Squad was having a sleepover at Maria's house.

William and Maria were in bed snuggling. It was the greatest adventure they ever had.

I've known the movie Atlantis: The Lost Empire from 2001 for years and it was one of the most amazing movies I've ever seen. Michael J. Fox did a really fantastic job in that movie and this was before he contracted Parkinson's Disease. So did Cree Summer. I've known her voice acting for years. NicoChan11 gave me the idea for this and as usual thanks for the idea and the lines. Let me know what you all think.

See you all next time.

# The Prom Psycho

It starts in Lisa's Lab. Stewie and Lisa are making weapons for the Lyoko Warriors.

Stewie: And they're done! Now for Jeremie I made you a special wristband laser. It's more than that though. It has lots of gadgets in it. It has over 1,200 functions.

Jeremie: Thanks Stewie. I will wear it with honor.

Stewie: I know. Now Yumi, Ulrich I made you swords infused with elemental magic. Brittney provided the magic she infused into the swords.

Yumi: Thanks Stewie.

Ulrich: This is gonna be awesome!

Stewie: I know. Odd I made you a laser wristband like Jeremies and they are from Deadshot.

Odd: Nice! This is gonna be awesome!

Stewie: Now Aelita I made you a sword and it will allow you to use elemental magic from your wings and your sword both.

Aelita: This is gonna be fun!

---

In the Living Room I was looking up some info on my computer and I came across a story that spelled really big trouble.

Me: (Gasp) Oh man! I thought I was rid of him for good!

I rush up to Lincoln's Room.

Me: Lincoln! Linka! We got trouble guys. Get the Lyoko Warriors, Laney and Crysta and meet me in the Living Room.

Lincoln: You got it!

In the Living Room I showed them what's going on.

Me: This whole school is in grave danger. "Escaped Psycho Murderer Richard Fenton at large. Richard Fenton, former teacher of Bridgeport High School in Oregon, has a huge obsession with student Donna Keppel. When she rejected him he became violent and he was fired when she told the staff of his intentions. Her parents put a restraining order out on him but that didn't stop him. He broke into her home and killed all of her family but her. He was arrested and sent to a maximum security prison for the criminally insane. He escaped from the prison 3 days ago."

Laney: Whoa! This guy looks like he's incredibly dangerous!

Lincoln: Yeah. If he's that dangerous then there's no telling what he will do.

Jeremie: He must've escaped from the prison to get Donna for himself and only himself.

Yumi: And without a doubt he's going to kill anyone that stands in his way.

Me: It gets worse. I know what he's planning. He's going to the Bridgeport High School Senior Prom and that's tonight.

They gasped.

Lincoln: So he's going to kill everyone there so he can have Donna all to himself.

Me: Not if we can help it. I put this guy away 3 years ago and I can do so again. This time he will get the Chair. Lets go!

We set out for Bridgeport, Oregon.

---

WARNING: This part is full of blood, violence and gore. Read at your own risk.

We arrived at Bridgeport High School and in the gym the doors were locked.

Me: Dang it! He locked all the doors to make sure nobody gets out. No problem.

I fired an energy blast and blew the door apart and when the dust cleared we saw what could only be described as a scene of sheer gruesome horror. The entire gym was turned into a slaughterhouse. Bodies were everywhere and the walls and floors were saturated with blood and guts. Heads were chopped off and more.

Me: This is horrible. Fenton sure has been busy here.

Laney: This is a genocidal massacre. They were all slashed, decapitated and disemboweled.

Lincoln: No kidding. This is a scene of carnage.

Crysta: I can't believe that this man is capable of all this.

Me: Me neither. I sense that he's here and he's in a hotel room close by. Lets go!

In a hotel we went to a room and we saw Fenton attacking Donna. I got behind him and grabbed him and threw him through the room wall.

CRASH!

Me: Come on Donna.

She took my hand and I help her.

Me: Lincoln get Donna out of here. This is between me and Fenton.

Lincoln: Right. Come on Donna.

Fenton got up and he saw me.

Fenton: You!?

Me: That's right. It's me. The kid who put you away 3 years ago.

Fenton: You will pay for locking me up and taking me away from Donna.

Me: And I show no remorse in doing so. All I see when I look at you is a love-obsessed homicidal maniac. Now I realize that letting you live was a mistake. But now I'm going to correct that mistake and kill you and send your wretched damned soul off to Hell. Personally!

Fenton: Come and try it.

Me: Bring it on you (Censored)!

He pulled out his knife and went at me and I kicked the knife out of his hand and punch him in the face and kick him in the stomach. He punched me in the face and I kicked him in the face and I kick him in the stomach and punch him in the face, mouth, nose and stomach and crotch. It was a savage and deadly fist fight.

Fenton: You stupid piece of (Censored)!

He kicked me in the head and I take a bottle of acid and throw it in his face and he screamed in pain and I kick him in the mouth and knock out some of his teeth.

He kicked me in the face and punched me in the head and kicked me in the stomach.

Fenton: Look in my eyes J.D.! I'll see you in Hell!

Me: Not if I take you with me you (Censored)!

It was an extremely vicious fight and neither one of us were giving up without a fight.

Suddenly I take out my sword and slash both of his arms off and he screamed in excruciating pain.

Me: That's for all the people you senselessly slaughtered. You (Censored)! Now you will go back to prison and we'll make sure that you face the Chair.

Laney put him in a straitjacket and he was rearrested and sent back to prison. My accelerated healing restored me. 12 hours later he was sentenced to death. He was strapped to the execution table. We were watching the whole thing. He stated his last words.

Fenton: I never got to spend the rest of my life with you Donna. I wanted us to start a family and be together forever. Now it looks like I won't get that chance. But I will always be with you.

Me: You are one sick man Fenton. You have no love for anyone but yourself. All you are is a selfish, pitiless, heartless, remorseless and ruthless monster with no conscience. I would call you an animal but that's too good for you. But your pain has just begun. Burn in Hell you Son of a (Censored)! And I never want to see your worthless ugly face again! (To the executioner) Kill him.

They pumped the chemicals in him and he was pronounced dead at 9:02 AM.

Lincoln: Now to burn the body.

Lincoln fired a blast of fire and incinerated Fenton's body into ashes instantly. He then took the ashes and put them in a bag. He then flew up into Space and threw them into the Sun. Where they were vaporized in an instant.

Never will Richard Fenton terrorize Bridgeport again. I called a press conference in Washington D.C.

Me: Good afternoon everyone. I'm sorry for interrupting your activities but less than 18 hours ago, Homicidal Maniac Richard Fenton savagely slaughtered and butchered 142 high school kids at the Bridgeport High School Senior Prom in Bridgeport, Oregon. He was in a relentless pursuit for a student he was obsessed with named Donna Keppel. He was fired because of this and he became violent. I arrested him after he killed her family but her. He was locked up in a maximum security prison for the criminally insane until 3 days ago. He escaped and went on a rampage at the High School Prom. He killed all kids at the prom and so he can have Donna all to himself. We got word of this senseless massacre and set out to stop him. Me and Fenton got into a vicious fight and in the end I won. He was executed by Lethal Injection 4 hours ago and was pronounced dead at 9:02 AM Pacific time. We threw his ashes into the Sun. The President of the United States has officially ruled that last nights massacre is an act of Genocide by the work of a Homicidal Maniac with incredible psychological problems. He should've never been a teacher to begin with. Had he not been employed to that school this whole thing would've been avoided. The President has officially signed in a law today where any and all teachers with a history of psychological instability, mental illness or aggressive criminal behavior be removed from the system of teaching at our schools and kept under close watch at all times to make sure that tragedies like this can be prevented.

Everyone around the country was horrified. As a result lots of teachers were given an extremely thorough background check and DNA scan to find Psychological problems. The findings revealed that 30% of the teachers that work in schools nationwide all had histories of mental illness and criminal behavior. Their teaching licenses were revoked and they were all placed under close watch. If they do anything criminal they will go to prison and/or fined. A charity was set up for the families of the kids that were killed in Oregon and it was a success.

THE END.

I saw the trailer for the movie Prom Night from 2008 and that movie was a strange one. Richard Fenton was one screwed up man. NicoChan11 gave me the idea for giving weapons to the Lyoko warriors. Thanks for that man. I don't know if you guys saw this movie but it was an awful thing what Donna went through. Let me know what you all think. I'm sorry if I scared you all with this.

See you all next time.

Prom Night is owned by Nelson McCormick, Sonny Pictures and Screen Gems.

# The Underpants Crusader

It starts at the high school and Luan was ready for a great day.

Luan: Another great day at school. It's a School of Delight! (Laughs)

Luan accidentally bumped into someone.

Luan: Oops. I'm sorry. I wasn't looking where I was going.

Harold: That's okay.

Harold was enticed by Luan's beauty and he was in love.

Harold: Wow. Oh I'm sorry I'm Harold Hutchins.

Luan: Pleasure to meet you. I'm Luan Loud.

He shakes her hand and she zaps him with a joy buzzer.

ZAP!

Luan: I know what buzzes you. (Laughs) Get it?

Harold: (Laughs) That was too funny!

George: Hey Harold what's going on here?

Harold: Oh I was just doing jokes with Luan here. Luan this is my best friend George.

George: Pleasure to meet you Luan.

Luan: Pleasure to meet you too. Wanna smell my flower?

George: Sure.

He leans closer and it squirts water into his face.

Luan: Water you doing that for? (Laughs) Get it?

They both laughed.

Melvin showed up.

Melvin: Out of my way you ignoramus.

Luan: Who's he?

George: That's our arch nemesis Melvin. He hates us and wants to make sure we never go to school again.

Harold: Yeah. What a jerk. He's the reason why we got expelled from our previous school.

Luan: Why what happened?

Melvin: Because of our former principal Mr. Krupp's unlawful scribbled rules I got him fired and got these two delinquents expelled for their abhorrent shenanigans. I suggest you stay away from these cretinous mongrels you wannabee comedian.

Oh he did not just go there!

Luan: (Angry) What did you call me!?

George: Shut up Melvin and go bother someone else!

Harold: Yeah!

Melvin: A Wannabe Comedian.

Luan jumped on him and snapped 2 bear traps on his arm and leg and he screamed in agony.

Harold and George were holding Luan.

Harold: Luan calm down. He's not worth it.

George: Yeah. He'll get what's coming to him.

Melvin: You, Luan, are a total fox.

Luan: Don't call me fox you buttface!

She kicks him in the face and splashes him with acid. It burns him bad and he screams in pain

Harold: Wow.

Luan: Nobody calls me a wannabe comedian and lives to tell about it! Your crimes are unforgivable.

Harold: That's right Melvin. You ruined our lives and we'll never forgive you for that.

George: In fact. (Snaps Fingers)

Suddenly there was a battle cry.

?: TRA LA LA!

Luan: What was that?

Harold: That's Captain Underpants!

Captain Underpants landed.

Captain Underpants: What's the trouble boys?

George: Captain, Melvin here is out to ruin our lives again. He needs to be stopped.

Captain underpants: No prob.

Captain Underpants wrapped him in underwear and it acted like a straitjacket.

Luan: Wow!

Captain Underpants: Another great victory.

George: Thanks Captain.

Harold: Maybe he won't be so lucky in prison for his crimes.

Melvin was sent to prison where he'll be for the rest of his life.

Luan: That was so awesome!

George: Thanks Luan. We used a Hypno Ring and turned our former Principal into Captain Underpants.

Luan: That's cool.

George: We call on him should the time come.

Harold: You see Luan we write our own comics.

Harold and George showed Luan their comics and they were great.

Luan: These comics are really good guys. I should introduce you to my little brother Lincoln and his best friend Clyde McBride and my older brother J.D. Knudson.

George & Harold: (Gasp) THE J.D. Knudson!?

Luan: That's right.

George: He is awesome! We saw his adventures on the news and they were awesome!

Harold: We didn't know he was your brother.

Luan: Not by blood but he's a great friend that became another sibling to us in my family.

George: That's a really powerful bond.

Harold: It sure is.

Luan: Yeah. Is this your first day at school?

Harold: It sure is.

George: We're starting today.

Luan: Cool! Welcome to Royal York High School. You're gonna love it here.

George: Thanks Luan.

Harold: It's gonna be cool being here.

Luan: Thanks boys.

Later they got started in school.

# Moth-er of All Reunions

In Jump City in the Teen Titan's dimension Starfire's larvae moth friend/pet Silkie was on the run from the ruthless Killer Moth.

Killer Moth: M319 come back please. You're my favorite!

Suddenly the wind picked up and it lifted Silkie and Killer Moth. Killer Moth's daughter and villainess Kitten saw this and she too was lifted up. They were sucked into a dimensional vortex and it vanished after being sucking into it.

---

In Royal York High School, Luan is having lunch with Eddy, Harold, George and their janitor Mr. Krupp. After Mr. Krupp was fired from his job as School Principal in Jerome Horvitz Elementary School, I shut down the entire school because of its corruption and lack of letting kids have their fun. He's now a janitor for the high school. I would normally call this a huge demotion but after Melvin was arrested I gave him a job at the school. And he loves it.

Luan: So was your job as a principal better than being a janitor Mr. Krupp?

Mr. Krupp: No it wasn't Luan. I was a horrible principal. I hated all the kids and scribbled in rules that made no sense at all.

Harold: It's true Luan.

George: Mr. Krupp was the worst principal ever. He never let us have any fun and it was all a total nightmare. We were in his office more times than any of us can even count.

Mr. Krupp: That's right boys and I'm so sorry that I did all that horrible stuff to you.

Harold: We forgive you Mr. Krupp.

George: Maybe this will be your start on the path to redemption.

Mr. Krupp: You're right boys.

Luan: I'm glad Mr. Krupp. I'm sorry Melvin ruined your job.

Mr. Krupp: It's all right Luan.

Eddy: Plus you are a great janitor man.

Mr. Krupp: Thanks Eddy.

Luan's watch beeped.

Luan: Uh oh. Code Dimension Jump in progress. It's over the city.

Eddy: Should we check it out my angel Queen?

Luan: No. May and Manaphy are there getting groceries.

Eddy: All right.

* * *

May and Manaphy were at the supermarket.

Manaphy: What else do we need?

May: We need some fruit. Mr. Lynn is making different kinds of juices for the Aloha Comrade Restaurant.

Manaphy: Oh neat.

In the produce department May and Manaphy were picking out some good tropical fruit when they saw something moving in the fruit.

Manaphy: May there's something in the fruit!

May: I see it.

It came out and it was Silkie.

Silkie squeaked and May was overjoyed.

May (squeals): Oh, he's so cute! (hugs Silkie)

Manaphy (offended): Hey! I'm cute too!

May (hugs Manaphy as well): Don't worry, Manaphy. You'll always be number 1 cutest in my book!

Manaphy (smiles): Much better!

Manaphy: Hi, Mr. Silk Worm! I'm Manaphy!

Silkie: (Hi, Manaphy! My name's Silkie!)

Manaphy: Nice to meet you, Silkie!

Silkie: (I'm looking for my owner, Starfire. Have you seen her?)

Manaphy: Oh, I know Starfire! She's friends with my mother, May. I can take you to see her right now!

Silkie: (Thank you Manaphy.)

Manaphy: You're welcome Silkie.

After getting the groceries and delivering them to Lynn Sr. they went to Starfire's room in the T Tower house of the estate.

May knocked on the door.

Starfire: Come in.

May: Hey Starfire.

Starfire: Oh hello May and Manaphy.

May: I believe we have a friend here for you.

May handed Starfire Silkie.

Starfire: (Gasp) Silkie!

Starfire (hugs Silkie with tears in her eyes): Oh, Silkie! I missed you!

Silkie (cries in joy): (I missed you too, Starfire!)

Beast Boy came in.

Beast Boy: Man, Silkie must've been really lonely without you.

Starfire: He will never be alone again. Now, no one will seperate me from my little bumgorf!

Manaphy: I'm glad you two are reunited again Starfire.

Starfire: Thank you Manaphy but how did he get here?

Silkie: (I was on the run from Killer Moth and Kitten when I was sucked into a vortex and it took me here.)

Manaphy: He was on the run from Killer Moth and Kitten when he was sucked into a vortex and it took him here.

May: A dimensional vortex took him here.

Beast Boy: And without a doubt Killer Moth and Kitten are here too.

Starfire: We have to tell Robin and J.D.

---

Later in the Living Room I was working on my homeschooling when May and the Teen Titans came.

Robin: J.D.?

Me: Oh hey Robin. I'm working on my homeschool test right now. But you can tell me what's going on while I work.

Robin: Okay. Silkie came through a dimensional vortex and we also have reason to believe that Killer Moth and Kitten are here.

Me: Killer Moth and Kitten?

Starfire: Killer Moth was one of our most dangerous enemies in our dimension. He wants to rule the world in the name of insects with his army of enhanced bugs. Kitten is his daughter and she forced Robin to go with her to the Prom or else she would unleash the bugs and destroy the city. Silkie here is one of Killer Moth's creations and I'm sure that he wants to get him back.

Me: I have a feeling you're right. I can sense his presence and there's no doubt that he and Kitten are here.

Cyborg: What are we gonna do?

Me: We'll fight him and make sure that he never gets Silkie again. (Sees Silkie) Is this the little fella?

Starfire: That's right. He's my little bumgorf.

Me: He's cute and I guess that's Tamaranian for little one.

Starfire: In a way yes.

Me: Now I really want to learn about Tamaran. But we'll talk about that later. SHADOW CLONE!

I form a Shadow Clone.

Me: Keep working on my homeschooling until we get back.

My clone: You got it.

Cyborg: Those Shadow Clones are awesome man.

Me: Thanks Cyborg. Now Lincoln, Laney, Lola!

Said siblings came down.

Lincoln: What's up J.D.?

Me: We got a code Villain Jump here.

Laney: We're with you all the way J.D.

Lola: What's the problem?

Starfire: Killer Moth and Kitten have come to steal my little Silkie here who is one of his creations.

Lola: (Gasp) Eeee! He's so adorable!

Laney: He sure is.

Lincoln: What is that?

Me: That's Silkie. He's one of Killer Moth's creations and he wants to use him to dominate the world.

Raven: That's right. Killer Moth was one of our most dangerous enemies. Now he and Kitten arrived in our dimension and that spells big trouble.

Terra: I remember him. We have to stop him at all costs and this Kitten also sounds like trouble too.

Me: They are. Lets go!

We set out toward the City.

---

We saw Killer Moth and Kitten terrorizing a clothing store and we swoop in and I kick him in the face.

Me: Killer Moth I presume?

Killer Moth: That's right. Teen Titans. Nice to see you again. It wasn't fun without having you stop us.

Robin: So we heard. But we have a new city to defend.

Killer Moth: I believe it.

Kitten: Hey Robin-poo. Its been a while.

Robin: Kitten. I thought I was done with you after that whole prom night.

Kitten: I now call you my boyfriend.

Me: So you are Kitten. You look like an average high school Golden Girl and she's your daughter Killer Moth?

Killer Moth: That's right. She's my little angel and a great student and the most popular student in school.

Me: (Sigh) Just what the world needs. Another High School Teenager with a nasty Queen Bee and Superiority Complex. I can tell that you make even Lola look bad. No offense Lola.

Lola: None taken J.D. But we also know that you're here for Silkie! (Lola points to Silkie)

Killer Moth: That's right. Come on, Larvae M319. Come back to me. Like a good boy.

Robin: You mean like a good dog. That's all Silkie is to you, isn't he? An attack dog.

Killer Moth: Oh please. That's hardly true. Yes, he isn't the smartest animal out there. But that's why he's my favorite.

Kitten: You know what? It's not worth it!

Robin: What do you mean?

Kitten: All of this isn't worth it just for a stupid bug that you already own. So you can just take me to prison!

Killer Moth: You can do what you want, Kitten. Larvae M319 is all I came for.

Me: You'll have to get through us first Killer Moth!

Lincoln fired a blast of lightning and electrocuted him.

Lola formed a fire whip and tied up Kitten.

Lola: You give all popular girls everywhere a really bad name Kitten.

Laney: Wait Lola. Lets rehabilitate Kitten ourselves and see if we can give her a chance to redeem herself.

Me: Good idea Laney. Now I know just what to do with her father.

I snap my fingers and Killer Moth was stripped of his moth features and was human again but with a terrible curse: Eternal Life as a brainless dumb idiot.

He was beamed to the Moon Prison where he will stay forever.

Kitten was given a room in the estate that would act as a prison cell. Her room was the Presidential Suite and she was in a cell decorated to make it look like it was her room at her home. She had a chance to redeem herself.

Another Fanfiction Complete.

NicoChan11 gave me the idea for this chapter. Thanks for that man and thanks for the lines and work as usual. Killer Moth is one of the strangest villains I've ever seen in Teen Titans. He was cool. But Kitten was a strange girl too. I have plans for her later on. She's going to be redeemed in time. Let me know what you all think.

See you next time.

# The Road to Quahog's Destruction

It starts with me, Lincoln and Laney in William's room and Xion was asking to join the Redemption Squad. This is kind of like a job interview.

Lincoln: (To the viewers) You may be wondering why we're in William's room. Well Xion wants to join the Redemption Squad because she's a former villain.

Me: That's right.

William: So why do you want to join the Redemption Squad Xion?

Xion: I'm a former villain and I want to redeem myself and correct the wrongs I've done while working for Organization XIII.

Elena: Well you do have what it takes Xion.

Stewie: I agree.

Maria: Lets give her a shot.

William: All right. Welcome to the Redemption Squad Xion.

Xion: Thank you William.

Me: This is gonna be awesome for you Xion. You're on your way to redemption.

Xion: Thanks J.D.

* * *

In the Living Room we were having a nice talk.

Stewie: So Maria and Elena I want to know something.

Maria: What's up Stewie?

Stewie: How did you guys defeat your former comrades on the Meta Breed and Organization XIII?

Elena: Those are great questions Stewie.

Maria: You want me to go first or do you want to Elena?

Elena: My story comes before you Maria so I'll go first.

Maria: Okay.

Elena: Well Laney killed Marluxia and took his Scythe the Graceful Dahlia.

Me: I remember that.

Laney: Marluxia's scythe is an amazing weapon for me. It goes perfect with my plant powers.

Elena: That's right. Lori killed Xaldin the Whirlwind Lancer and took his spears.

Lori summoned from a tornado one of the spears.

Lori: These spears are literally perfect for my wind powers.

Me: They sure are Lori. Those spears are infused with the power of wind.

Lori: They are really cool though.

Elena: They sure are Lori. Xaldin was considered a deadly force in the organization. That's why he was known as the Whirlwind Lancer.

Me: That's a great title for him.

Lincoln: He gave us a run for our money but he was defeated in the end.

Elena: Yep. Vexen was the smartest of us in the Organization. That's why he was called the Chilly Academic.

Me: Interesting title. How smart was he in terms of intelligence?

Elena: Right around Lisa's level in IQ. He came up with stuff I can never understand.

Me: Yeah that's like Lisa all right.

Elena: And his power with Ice was amazing. He used a shield to attack and defend. The shield was called Frozen Pride.

Me: That was a bad way to give someone the Cold Shoulder. (Rimshot)

Everyone laughed.

Stewie: (Laughs) That was a good one.

Luan: (Laughs) Good one J.D.

Me: Thanks.

Lana: I like this shield though. It makes me look tough and goes perfect with my ice powers.

Lola: That's right sis.

They high fived.

Me: It does go perfect for your powers Lana.

Lana: That's right.

Luna: Who was the toughest out of the Organization?

Me: That would have to be Lexaeus.

Elena: He was the Tacitum Stalwart and he was considered the Strong Silent type.

Me: Yeah. He was tough too.

Elena: Yeah. Lexaeus used the power of Earth and he had an axe sword.

Me: That was a deadly one. It's called the Skysplitter. Also his power over Earth was very formidable. Earth is a deadly and incredibly destructive force.

Elena: That's right. Lexaeus can make earthquakes and destroy his enemies with sheer brute force.

Lynn: He was all brawn and no brains. But his Axe Sword goes perfect for me.

Elena: It sure does Lynn. Your Earth Powers are perfect for it.

Lynn: Thanks.

Elena: You're welcome.

Lincoln: I killed Lexaeus because Lightning overpowers Earth.

Me: That's right. The sharpest out of the Organization was Xigbar.

Elena: He was a great shot with those guns of his. That's why he's called the Freeshooter.

Me: From what I saw he had the power of Space and those guns he had were amazing.

I pull out one of the guns.

Me: These guns are cool. They made him feel like a Cosmic Male Annie Oakley.

Elena: That's a good analogy J.D. and his guns are perfect for you because you're quite the marksman yourself.

Me: Thanks Elena.

Elena: You're welcome. But the weakest of us in the Organization was Zexion.

Linka: He was the one with the Book right?

Elena: Yes. He had the power over Illusion and his book enabled him to cast all kinds of strange illusions.

Me: That was a strange book and Lucy's power to instill fear is perfect for it.

Lucy suddenly appears.

Lucy: That's right J.D.

We jump in fright as a pipe organ plays.

Me: Let me guess Lucy. You knew we were talking about you.

Lucy: That's right J.D. I killed Zexion and Zexion's book of illusions is perfect for me. Thank you.

Me: I'm glad it goes great for you my little angel of darkness.

Elena: I'm glad too. I am pretty powerful myself with my Lightning Kunai.

Me: I saw that. Your power is amazing with Lightning.

Lincoln: And your kunai are perfect for me and Linka.

Elena: I'm glad.

Me: But I would say that the toughest member of the organization was SaiX and he was really tough with that Claymore of his.

Elena: His power came from the Moon and that's why he was called the Luna Diviner.

Me: That's right. That Claymore he had was amazing.

Luan: It sure was.

Luan called the Claymore.

Luan: It goes great with my Light Powers.

Me: It sure does Luan. SaiX got all of his power from the Moon. But after we blew up the Heart Shape Moon it made him powerless. He also had the power to become a relentless berserker. But he had a weakness that became his undoing. It made his fighting technique sloppy and sluggish.

Elena: That's right. SaiX had that power and it destroyed his mind.

Me: It sure did.

Lori: I killed him and it was literally a fitting end to him

Me: Yeah. Lets not forget Demyx though.

Elena: Yeah. He had the power of Water and he uses a Sitar.

Me: I've seen Sitars when I was in Morocco and they are cool.

Elena: It's a strange fighting style he had too. He was called the Melodious Nocturne.

Me: A Sitar is never really a weapon. I gave it to Luna and it goes great with her Siren Water powers.

Luna: That's right dude.

She called the Sitar.

Luna: I've always wanted to play the Sitar. It's a really cool instrument.

Varie: It sure is. I like the sounds of the Sitar.

Me: Me too.

Lily: I killed Demyx and he was an easy one.

Lincoln: That's right Lily. The strangest member of the organization in my opinion was Luxord.

Elena: Oh yeah. He was called The Gambler of Fate and he had the power of Time. He did it all with those cards of his.

Lincoln: I remember that.

Lincoln pulled out a Deck of Cards that were once Luxord's.

Me: Those cards would've been perfect for Clyde because of his time powers.

Lincoln: They sure would've been. But I don't think his dads would let him have them because of their fear of him getting a paper cut.

Me: They sure like to follow that saying "Better Safe Than Sorry" huh?

Linka: They sure do.

We laughed.

Me: That's funny but it's true. Now Lea you were called Axel right?

Lea: That's right J.D. and I was called the Flurry of Dancing Flames.

Me: That's a great title. And you have fire powers right?

Lea: That's right. And I originally wielded Chakrams.

Me: I saw those and they were deadly. After you betrayed the Organization which was a surprising turn of events you gave them to Lola. They're perfect for her fire powers.

Lola: That's right.

Lola called a Chakram.

Lola: These are great for my fire powers.

Lana: They are great for you sis.

Lila: That's right guys. Fire and Ice forever.

Lana, Lola and Lila: YEAH!

We laughed.

Laney: You guys are perfect for that.

Me: They sure are.

Lincoln: What about Xemnas?

Me: After we killed Xehanort he died with him. Xemnas was pure evil like Xehanort was and he and the other members of Organization XIII minus Elena and Lea were fragments of Xehanort's soul. Xehanort's life force was linked to them. They were connected to Xehanort and when we killed him they all suffered the same fate.

Aylene: That's a perfect consequence for a man that was trying to balance Light and Darkness.

Vince: Yeah. If he succeeded Xehanort would've destroyed the entire universe and everything would be gone.

Me: That's right partner. But what about Roxas?

Sora: He merged with me right after I defeated him. He was my Nobody after all.

Me: That's interesting.

Elena: So that's our tale that lead up to Xehanort's demise.

Maria: My tale was not pleesent when I started being a metahuman. I was swimming in the Dakota City lake when I was exposed to the Mutagenic Gas from the Big Bang. It was really strange. It felt like my body became a blob of jello. When I looked at myself in the mirror I screamed in horror. I was horrified that I became water.

William: Oh babe that's horrible.

Maria: I know. But now I got my humanity back.

Me: We know. We were there. It's good you're back to what you were Maria.

Leni: Totes. You deserve to be back to normal after what you went through.

Suddenly I get a call on my cell phone.

Me: (Answers) Hello?

Keith: (On the phone) J.D. it's Keith.

Me: What's up man?

Keith: We just got all the children out of Quahog and there are some people here that want no involvement in James Woods plots here.

Me: That's great Keith. Has Quahog been destroyed?

Keith: All the buildings are on fire and all the evil people are dead. Chris, Peter and Lois Griffin are being transported to Royal York as we speak.

Me: Excellent. Did you leave James Woods alive for us?

Keith: We sure did J.D. He's all yours.

Me: Excellent. We're on our way. (Hangs up) All right guys. Time to destroy Quahog. Lets move!

Lincoln: It's time to put Operation: Destroy Quahog And Rid The World Of Another Corrupted Town That Was Doomed From The Start And Think Of Shorter Name For This Operation, into action.

Me: How about Operation: Quahog's Destruction?

Lincoln: That's perfect.

* * *

We set out for Quahog.

Stewie: J.D. thank you for helping us destroy that menace of a town Quahog.

Me: No problem Stewie. This town deserves to be damned.

Varie: It sure does.

Rachel: So how are we gonna destroy Quahog?

Me: We're gonna place M.O.A.B. bombs at the cardinal points of the city and a 50 megaton M.O.A.B. bomb in the center of the city.

Venom: That's perfect. We will help you in any way we can J.D.

Me: Thanks Venom. Get Ready Quahog, Rhode Island. Your final hour has come.

* * *

We landed in Quahog and got started. Stewie was reunited with his friend Penelope.

Penelope: (Brittish Accent) It's great to see you again Stewie.

Stewie: Same to you Penelope.

Me: All right guys. Lets get to work. Stewie, you, Penelope and Venom will place the first bomb at the abandoned James Woods Regional High School. Brian, Riku, William, you will place the second bomb at the Pawtucket Brewery. Elena, Xion, Sora, and Meg you will place the third bomb at the Drunken Clam and Killer Frost, Lincoln, Lori, and Lana you will place the fourth bomb at where the Griffin's house used to be. Once all the bombs are armed and ready we'll place the biggest bomb at city hall.

Aylene: You got it J.D.

Cody: Lets do it.

Venom: Hey, Stewie. Knock knock.

Stewie: C'mon, Venom. I know this joke already.

Venom (ignores him): Knock knock.

Stewie: Alright, who's there?

Venom: Your pal, Venom, who's always gonna be watching your back.

Stewie: You got that from me and Brian, didn't you?

Venom: Yes. Yes we did.

Me: That was a good one. All right. Fan out!

They split up and got everything ready.

---

At the abandoned James Woods Regional High School, Venom and Stewie were trying to find a good spot to place the first bomb.

Venom: Where are we gonna place the first bomb here?

Stewie: The best spot to place the bomb will be in the Boiler Room.

Venom: Okay.

They went down to the boiler room and placed the huge bomb by the furnace.

Stewie: Okay this is good enough.

Venom: Okay.

Venom placed the bomb by the furnace and Stewie was arming the bomb.

Venom: Stewie what was your greatest adventure?

Stewie: That's a good question Venom. My greatest adventure would be where we went back to the Multiverse and stopped my insane half brother Bertram. He wanted to stop at nothing to destroy me and destroy the world. In the end we won and fed him to his Tyrannosaurus Rex pet. It was great.

Penelope: Ah yes I remember him. He was a ruthless man and he was bent on world domination.

Venom: That's not right at all. He should've never been born to begin with.

Stewie: Agreed.

A beep was heard.

Stewie: All right the bomb is armed.

Venom: How are we gonna detonate it?

Stewie: It's linked to the big bomb J.D. has and it's set by a timer. Lets get out of here.

They got out of the furnace room and went into the gym where they were met by a bunch of men.

Stewie: What the?

Venom: Whoever sent these guys must've come prepared.

Penelope: Lets get them!

They went at the goons and they were ripping and blasting them apart.

Stewie (pins a goon to the ground): I bet you didn't expect a baby to be the one to kill you!

Goon: Stewie Griffin?

Stewie (sarcastically): Ding-ding.

Goon: You're looking as handsome as ever.

Stewie: Flattery will get you nowhere!

Goon: This is not going to end well for me, is it?

Stewie: This is not gonna end well for you, no. Where's your boss?

Goon: I can tell you exactly…

Stewie (shuts him up): Oh, you'll tell me. But first… (to Venom and Penelope) You two may want to look away for this.

Penelope: Stewie, you saw me kill people before. I won't mind what I'm about to see.

Venom: And we've killed before changing our ways. We can handle it.

Stewie: Ok. But I warned you two. (to the goon) Now this little piggy went to…

The goon screamed as Stewie shot him with a pistol.

Goon: He's over at City Hall and he's waiting for you all! It's James Woods and he's really upset that you all ruined everything here in Quahog!

Venom: What does James Woods want here in Quahog?

Goon: I don't know. He didn't give me the details of the plan.

Penelope: Whatever James Woods has planned here it can't be good for the rest of the world.

Venom (grabs another goon by the throat): Don't make us ask twice! Where is James Woods?!

The goons spits at him right before his neck is snapped.

Venom: He made us ask twice. (symbiote retracts to reveal Eddie's face) Are most bad guys that afraid of us when we're Venom?

Stewie shrugged.

A goon crawled across an ice rink, leaving a trail of his own blood behind him. Stewie drove after him on a Zamboni.

Stewie (laughs): You're about to be killed by a Zamboni! Now, TELL ME WHERE YOUR (censored) BOSS IS, OR YOU'RE GONNA DIE! (notices how slow the Zamboni was going) IN FIVE MINUTES!

Venom webs the goon and hurls him towards the Zamboni resulting in a bloody mess on the rink.

Stewie: Thanks, Venom!

Venom: No problem!

Penelope: Good show Stewie.

Stewie: Thanks Penelope. (Pulls out radio) Stewie to J.D. do you read?

Me: (On the radio) J.D. here. Report.

Stewie: First bomb is armed and ready. We ran into some goons here. They're working for James Woods.

Me: I was afraid of this. James Woods came prepared and he's gonna make sure that we don't destroy Quahog. But great job Stewie. Meet us at City Hall on my command.

Stewie: Copy that.

---

At Pawtucket Brewery William, Brian and Riku were setting up the second bomb by the main still.

William: Hey Brian what was working with Stewie like?

Brian: Where do I even start? Stewie and me have been on many adventures that it defies all forms of logic.

William: That's awesome Brian.

Riku: It sure is.

Brian: (Beep) All right the bomb is armed and ready. (Pulls out a radio) Brian to J.D.

Me: (On the radio) J.D. here Brian.

Brian: Second Bomb is armed and ready.

Me: Excellent. Regroup on my command. Also be ready guys, James Woods has his goons running all over the place and he's ready for us.

Brian: Thanks for the heads up J.D.

---

At the Drunken Clam Maria, Elena, Jillian, Xion, Sora and Meg were placing the third bomb at the Drunken Clam.

Elena: Okay this should be good.

Meg: Okay.

Meg started setting the bomb.

Meg: Hey Xion what was it like for you in the Organization?

Xion: My life in the Organization was terrible. I was to kill as many Heartless as possible for them. It was not fun at all.

Elena: I remember that. You didn't like it at all.

Xion: Yeah. But I did get some cheering up for it.

Maria: How so Xion?

Xion: It was funny when Demyx was screaming like a little girl when we killed him.

They laughed at that.

Elena: (Laughing) That was too funny! I practically busted an artery because of that!

Sora: That was funny Elena.

Jillian: It sure was.

Maria: Yes. I wasn't there so I'll take your word for it.

Meg: (Beep) The bomb is armed and ready.

Maria: All right.

Meg: (Pulls out radio) Meg to J.D.

Me: (Over the radio) J.D. here.

Meg: Third bomb is armed and ready.

Me: Excellent Meg. Regroup on my command.

Meg: Roger that.

Maria: Lets get some beer for Brian as a final gift from here.

Meg: Good idea.

Meg pulled out a cooler and put 50 bottles of Pawtucket Beer in it.

Meg: That oughta be enough for him. He should drink this stuff responsibly.

Elena: He should.

---

Killer Frost, Lincoln, Lori and Lana were at the rubble of the Griffin residence.

Killer Frost: Wow. They really tore down the house didn't they?

Lincoln: Yep. After the Griffin's were arrested they tore the house down as a way to show that child abuse will never be tolerated.

Lana: They were given 50 years in prison without parole, a life sentence of total humiliation broadcasted nationwide and ordered to pay $500,000,000.00 to Meg, Stewie and Brian.

Killer Frost: Whoo! That's heavy.

Lori: It literally was Louise.

They placed the bomb next to the pile of rubble.

Lana: Okay this is good.

Lana started arming the bomb.

Killer Frost found something in the rubble.

Killer Frost: A picture.

It was a picture of the Griffin Family.

Killer Frost: Lincoln check this out.

Lincoln: It's a picture of the Griffin's. Maybe we can give it back to Meg when we're done here.

Killer Frost: Good idea. I take it that these two are Lois and Peter and that big fat boy is Chris.

Lincoln: That's them.

Lori: Maybe we can cut them out of the picture when we get back home.

Killer Frost: Good thinking.

Lana: (Beep) The bomb is armed guys.

Killer Frost: Great job Lana. (Pulls out a radio) Killer Frost to J.D.

Me: (Over the radio) J.D. here.

Killer Frost: Bomb 4 is armed and ready.

Me: Excellent. All the bombs are armed. Good work. Regroup at city hall.

Killer Frost: We're on our way.

* * *

We all regrouped at City Hall.

Me: Okay. Now for the final phase of our plan. We arm this 50 Megaton M.O.A.B. bomb in City Hall.

Lola: That's gonna be a tough one.

Lila: It sure is.

Elena: What about James Woods?

Me: Leave him to me. He's gonna fight me with everything he has.

Varie: Okay hun.

Rachel: Lets get him.

We went into the building carrying the bomb and placed it in the conference room.

Me: This should do.

I set the bomb.

Me: It's armed and ready. Now to set the timer.

Rachel: How long are you gonna set it for J.D.?

I set it for 2 hours.

Me: 2 hours. That's more than enough time.

Linka: Okay.

Lynn: Lets do it.

Me: All right. Once it's armed there's no way to stop it. (I press the green button and it was counting down) It's armed, set and ready. Lets go!

We went out of the building and we saw James Woods and his goons ready to fight.

Me: James Woods. I saw all your movies and I thought you were great.

James: I'm glad I still have some fans.

Varie: Why are you doing this James?

James: Why!? I'll tell you why. I want revenge on Peter Griffin and his family for everything they did to me. I tried to take over his life after I stole his identity but he ruined my entire life by impersonating me on David Letterman and making that Remark on September

11th, 2001. He ruined my reputation and I went from America's Most Beloved Celebrity to America's Most Hated Pariah. Peter took everything from me and ruined my career and my life! So I decided to get my revenge on him by hypnotizing him.

Lincoln: Hypnotizing him?

Lucy: How did you do that?

James: Oh it was easy. I used subliminal measures. I planted this record in his room and played it while they slept. Go ahead listen.

I take out a turntable and take the record and play it.

Record: (James Woods Imitating Peter and Lois) I will abuse my family viciously. (Repeats)

We gasp in shock!

Me: So that's it! You framed Peter and Lois for this horrible atrocity and you knew that we would be called out here to arrest them and bring them to jail. You set this whole thing up so that we would put Peter, Lois and Chris in prison for YOUR crimes and they would take the fall for it. Even though their records show that they've been doing it for 18 years. You intensified their abusive nature and ruined Meg, Stewie and Brian's lives!

Meg: You (Censored)!

Meg jumped James Woods and beat him senselessly. I grab her and calm her down.

Me: Meg calm down. He's not worth it. He'll get what's coming to him remember?

Meg: You're right.

Me: Also James this whole town was completely doomed from the start because of you and Mayor West.

James: What do you mean?

Me: Mayor West has been doing all kinds of federal offenses and all kinds of stuff that would put even the best businessmen and women, governors and more to shame. He's done all sorts of federal offenses in the city and the town has been doing it all too. Minus a few. We set out to destroy this entire town like we did with Springfield, Oregon. In less than 2 hours this whole city will be nothing but a crater.

James: I admit this town is bad news. But none of you will make it out of here alive. Kill them! Starting with J.D.

They fired their guns and I shock them by grabbing all the bullets out of thin air with lightning fast reflexes and speed. Once they were all out I showed them the bullets.

Me: I believe these are all yours.

Laney: J.D. that was awesome!

Carol: It sure was. Let me take care of these jerks.

Carol fired Godzilla's atomic ray and vaporized them until it was James Woods that was left.

Me: He's mine guys. (Cracks knuckles)

James: Lets do this! I'm going to kill you you son of a (Censored)

Me: Not if I kill you first you (Censored)!

We engaged in a deadly fist fight and I punched James in the face and he punches me but I dodge it and I kick him in the stomach and punch him in the mouth and knock out some of his teeth. The fight gets really intense as his sanity starts getting destroyed as it rages on.

Lynn: Lets help him!

Lynn pulls out a blanket.

Hercules: Oh I see what you're about to do Lynn. Lets go.

Lincoln, Lana and Laney took the blanket and draped it over James as I got out. They held down the blanket.

Lynn: Hey James Woods. What's more fun than a Canadian Microwave?

James: I don't know. What?

Lynn : A Dutch Oven!

FART!

Lynn released a big fart and James was screaming as he smelled the gas.

James Woods was puking his guts out after they pulled the blanket away.

We were laughing our butts off at him.

Me: (Laughing) Oh man that was funny!

Luan: Never underestimate Lynn's Farts. They are a Gas! (Laughs to Rimshot) Get it?

We laugh some more.

Me: (Laughs) Good one Luan.

Eddy: (Laughs) That was a good one.

Luan: Oh yeah. Nice Tootin Lynn!

We all laugh.

Me: Good ones Luan. (I check my watch) We got 3 minutes left. Lets get out of here!

We teleport back to Royal York. James got up and he saw that we vanished. He went into the city hall and he found our bomb. He looked at the time and saw 5 seconds left.

He realized that his death was now.

James: Oh crud.

When the timer hit zero the bombs exploded with incredible power.

KRRRAAAAAAAAABBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOO

The entirety of Quahog was completely obliterated in a massive and powerful explosion and wiped off the map forever. The blast from the explosion was so powerful that it could be heard all the way from New York City.

The Mushroom Cloud could be seen all the way from Boston.

Me: We did it guys. Mission accomplished.

Keith: You said it J.D. Another dysfunctional town completely destroyed.

Me: Chalk up another victory for all of us.

Leni: Totes.

Luna: That was awesome dudes!

Sam: It sure was.

We cheered wildly.

Me: I got to call the President.

I press a red button on my desk in my room and a compartment opened up and the Red Phone that connects to the President of the United States rose up.

I called the President of the United States with the Red Phone.

Me: Hello Mr. President. J.D. Knudson here.

Mr. President: Hello J.D. We got reports of a massive explosion in Rhode Island.

Me: Yes sir. I apologize for the cause for alarm but there's a reason for it. The City of Quahog, Rhode Island needed to be destroyed because of it's crimes and dysfunctional activity. The People of Quahog have been doing unspeakable crimes and causing all kinds of problems all over the city.

I tell the President the crimes the City of Quahog did and it was completely inexcusable.

Mr. President: You did the right thing in destroying Quahog J.D. Well Done. I'll call a press conference to let everyone know about the crimes.

Me: Understood sir. Thank you.

I hang up.

Me: Good riddence to another bad town.

Varie: You said it.

# Lincoln's Big Family

It starts in the Training Yard and Killer Frost and Xion are practicing their moves and powers.

Killer Frost fired a stream of ice at a bullseye.

Xion: Nice shot Louise.

Killer Frost: Thanks Xion. Lets practice our team move.

Xion: Okay.

Killer Frost & Xion: FROZEN LIGHT STORM!

They fired a vortex of light and ice at the target and it obliterated it.

Xion: That was awesome!

Killer Frost: It sure was. Great work Xion.

Xion: Thanks Louise.

They even tested their powers against robotic dummies of all the bad guys we faced.

---

In Lola's room, Lola, Brian, Stewie and Penelope were having a tea party. Lola saw Stewie's stuffed bear Rupert.

Lola: Who is this with you Stewie?

Stewie: Oh this is Rupert. He's my friend that I've had since I was born.

Lola: Oh he's so adorable. Looks like you have a new friend Mr. Sprinkles.

Penelope: This tea you make is marvelous Lola.

Lola: Thank you Penelope. Would you like some tea Brian?

Brian: Oh thank you that would be lovely Lola.

Lola poured a glass for him.

---

Me, Rachel and Lincoln are playing video games while Varie and Laney are reading books. The doorbell rang.

Me: I'll get that.

I go to the door and answer it. It was Becky and Paige.

Me: Hey Becky.

Becky: Hey J.D. (We fistpump) Leni invited me over to read some fashion magazines. I brought my little sister Paige over because my mom and dad left me in charge of her while they're at work.

Me: No problem Becky. Hey Paige.

Paige: Hey J.D. What's on the fun agenda?

Me: We're playing Lincoln's video games. Wanna play?

Paige: (Excited) Oh you know it!

Laney: Hey Paige.

Paige: Hey Lanes.

Varie: What's going on?

Paige: Same old same old but I'm ready to have some fun.

Lincoln: You know it Paige.

Paige: How's Lilly doing Lincoln?

Lincoln: She's awesome Paige.

Me: Oh that reminds me. Lincoln I have something for you.

Lincoln: What is it J.D.?

I hand Lincoln a rolled up Document.

Lincoln takes it and reads it.

Lincoln: (Gasp) I'm in the same ordinence as you!?

Me: That's right buddy. I talked it over with the governor and he approved. But Lincoln you have to promise to share your wives equally.

Lincoln: J.D. I don't know what to say. Thank you.

Me: You're welcome buddy. I know this is a big shock to you but please take all the time you need to adjust.

Lincoln: I will J.D.

Laney: Way to go bro.

Rachel: I'm happy for you bud.

Lincoln: Thanks Rachel.

Paige: Oh Linky! (Hugs him)

Lincoln: Would you like to be my next wife Paige?

Paige: I would be honored Linky.

Me: You want me to gather everyone to share this news?

Lincoln: Sure J.D.

I gather everyone in the living room.

Me: Now I'm sure that you're wondering why I gathered you all here.

Lana: Is something going on?

Me: Well yes but it involves Lincoln here.

Lori: What could be going on with Lincoln?

Me: I was getting to that. Lincoln do you want me to tell them or do you want to tell them?

Lincoln: I can do it. Now everyone I have been placed in the same ordinence as J.D. has.

Me: That's right. I talked it over with the Michigan Governor and Lincoln is now in the same ordinence as me. But Lincoln is going to choose who his future big family will have in it.

Lincoln's sisters gasped.

Me: Uh oh. Here it comes. (Me, Laney and Lincoln put on earmuffs) 3..2..1..

Lincoln's sisters squeal like giddy fan girls. They came and hugged him.

Luna: Lincoln you are one lucky guy.

Luan: You sure are bro. You are gonna make a Love-ing man! (Laughs to Rimshot) Get it? But seriously way to go bro.

We laugh at Luan's joke.

Me: (Laughs) That was a good one Luan.

Paige: (Laughs) That was funny.

Becky: Luan's jokes are really funny Paige.

Lincoln: I promise not to hurt Paige, Becky. You have my word.

Becky: How did you know I was gonna tell you that?

Lincoln: I've seen this with my friends so I had a feeling.

Becky: Wow. Those powers you have as a Jedi and from the Lightning of Hinon really know no bounds.

Lincoln: No they don't.

Paige: I saw your powers on the Linky and they were awesome!

Lincoln: How about for this moment I sing you all a song?

Lori: Ooh. We literally love hearing you sing.

Leni: Totes. You have a great voice.

Me: A song is a great idea for this.

Lincoln: I have just the song. Luna can I borrow your guitar?

Luna: You got it bro.

---

On the stage Lincoln was standing ready.

Lincoln: I'm gonna be doing A Thousand Years by Christina Perri.

Me: Ooh that's one of my favorites.

Varie: Mine too.

Rachel: Same here.

Lincoln started playing and the room changed into the beauty of the ocean in the amber glow of a sunset and the sun was setting behind him.

Lincoln: (Singing Divinely)

Heart beats fast

Colors and promises

How to be brave?

How can I love when I'm afraid to fall But watching you stand alone?

All of my doubt suddenly goes away somehow One step closer I have died everyday waiting for you

Darling don't be afraid I have loved you

For a thousand years

I'll love you for a thousand more

Time stands still

Beauty in all she is I will be brave

I will not let anything take away

What's standing in front of me Every breath

Every hour has come to this One step closer I have died everyday waiting for you

Darling don't be afraid I have loved you

For a thousand years

I'll love you for a thousand more

And all along I believed I would find you

Time has brought your heart to me I have loved you for a thousand years

I'll love you for a thousand more

One step closer

One step closer

I have died everyday waiting for you

Darling don't be afraid I have loved you

For a thousand years

I'll love you for a thousand more

And all along I believed I would find you

Time has brought your heart to me I have loved you for a thousand years

I'll love you for a thousand more

Lincoln's hair was blowing in the wind as he spread his wings and to everyone it was like he was an angel from Heaven singing. A montage of everything that Lincoln has done over the course his life with his family showed and everyone saw the images and we were in awe.

When the song ended the room reverted back and we all cheered wildly and some of us were crying in happiness.

Me: (Sniffles) That was beautiful.

Varie: It sure was.

Becky: Lincoln sure has a beautiful voice.

Me: We were shocked by this too Becky.

Paige: Oh Linky!

Lilly and Paige hugged Lincoln.

Lori: (Crying) That was literally the best song I've ever heard!

Lisa: Usually I don't do emotions like this but… (Bursts out crying)

Meg: I got to admit, Lincoln does have an awesome singing voice.

Brian: He sure does Meg.

Suddenly dragons made entirely out of Leaves and Fire came in and they stood before Paige and Becky.

Me: Whoa! Those are cool dragons!

Marie K.L.: They sure are.

The dragons spun around Becky and Paige and they were in tornadoes of Leaves and Fire. Becky was in a tornado of Leaves and Paige was in a tornado of Fire.

Laney: It's another elemental choosing!

Me: Incredible!

Meg: Is this how some of you got your powers?

Me: It is Meg.

Brittney: This is awesome!

When the tornadoes died down Becky had green angel wings with feathers made of leaves and she had a leaf dragon emblazened on her forehead. Paige had red angel wings with feathers made of pure fire and she had a flame dragon on her forehead.

Paige: What? What happened?

Lincoln: You got powers like me Paige.

Me: It's true. (Forms a mirror of Water) Look.

Paige saw the wings and she gasped.

Paige: Oh wow! This is awesome!

Lincoln: You have fire powers Paige. This is gonna be awesome!

Paige: It sure is. This Dragon mark on my forehead is awesome!

Becky: What happened?

Varie: You got powers now like Lori and her family. (Forms a mirror of Water) Look.

Becky gasped.

Becky: This is awesome! I look amazing with these wings!

Lori: You literally look amazing Becky.

Me: Let me check here.

I look up the cause in my legends book and what I found was astounding.

Me: Here it is. Becky you got Nature Powers by the Leaf Dragon of Konohanasakuya-hime in Japanese myth.

Everyone: (Confused) What!?

Ashi XIX: That means Tree Blossom Blooming Princess in Japanese.

Luna: Oh.

Luan: That's interesting.

Me: It is. Once every 250 years she sends a dragon made of Leaves and infuses a worthy bearer with her power over everything with nature. The bearer can form weapons of leaves, control plants and more and even talk to animals as well as winged flight.

Becky: Wow! That's amazing!

Laney: I can teach you how to use your powers Becky. Like you I have powers of Nature.

Becky: Thanks Laney.

Me: And Paige you were given Fire Powers by the Flame Dragon of Amaterasu, the Goddess of the Sun in Japanese Myth.

Ana XVII: Her full name Amaterasu-ōmikami means The Great August Deity Who Shines in the Heaven.

Me: That's right Ana. Once every 200 years, Amaterasu sends a dragon made of pure fire to a worthy soul with a pure heart and they are given fire powers, winged flight, and the ability to form weapons of fire and can form beasts of fire.

Paige: Wow! That's so awesome!

Lola: It sure is. Me, Sam, Aylene and Yuko can teach you how to control your powers Paige.

Paige: Thanks Lola. I would like that.

My watch beeped.

Me: Oh. It's time to go humiliate the Griffin's.

Meg: Lets do it.

Brian: Count me in.

Stewie: Same here.

Lana: Lets do it.

---

At the Royal York City Square we were with hundreds of other citizens and the Redemption Squad was with us.

Me: Lets give them Hell!

I spin my Magisword Bracelet.

Announcer: TOMATO MAGISWORD!

Laney: You have a Tomato Magisword J.D.?

Me: Yep. Vambre gave me my own Tomato Magisword.

I fire tomatoes from it and it farted as it fired.

FART! FART! FART! SPLAT! SPLAT! SPLAT!

Meg: Nice shooting J.D.

Lois (angrily): You all think you're heroes, "Redemption Squad"?! No! The 8 of you are villains for destroying the very town that we called home!

OH THEY DID NOT JUST GO THERE!

This set the Redemption Squad off. Stewie and William got out their guns, Killer Frost's hands started to power up with ice, Maria turned into her water form, and Xion, Elena, and Riku got out their Keyblades.

Me: Uh oh!

Maria (starts to beat Lois up): THAT WAS THE BIGGEST MISTAKE YOU EVER MADE!

Me and William restrain Maria.

Me: Maria, calm down. They're not worth it. They got enough suffering being dealt to them already.

Maria: (Reverts back) You're right.

Lois (Stewie points his blaster at her): Go on, Stewie! Show me what a villain looks like. After all, you always wanted to kill me.

Stewie (pauses for a moment before only blasting her hand): You would like that, wouldn't you? If I killed you, it would undo all the effort me and my friends put into redeeming ourselves.

Peter: I can't believe you helped destroy Quahog, Brian! You were my best friend.

Brian: That was before I realized the person you actually were: an abusive, irresponsible idiot who only cares about himself! Sure, Woods might've manipulated you into hurting Meg but you were already abusive to her before then! (shots Peter in the crotch)

Me: (Winces) Oh! That's gotta hurt!

Meg: Yeah but he deserved it. And so did Lois.

Me: Agreed.

I walk up to them.

Me: Listen to me you 2 Repulsive Apes! Quahog was a doomed town to begin with and it deserved to be completely destroyed. You two give loving parents everywhere a really bad name and you deserve every second of this humiliation for the rest of your worthless lives. In my opinion, Hell is too good for you as you two are already in Hell.

Everyone jeered with me in agreement. When I got out of the way everyone threw rotten fruit, vegetables and eggs at them. They did all kinds of pranks to them that were like Luan's April Fools Rampage Pranks. It was a torture that would be with them for the rest of their worthless and meaningless lives.

# In The Depths of Madness

It starts with me and Laney in the Living Room. Laney is playing one of my favorite video games: Alice, Madness Returns.

Laney: This is an interesting game J.D.

Me: It sure is. This game according to psychologists gives us a clear view of what a fractured mind looks like. So I figured that you could play it because you want to learn about Forensic and Criminal Psychology through this.

Laney: That's true.

Hours later as Laney was playing we got to the ending and we saw Alice push Dr. Bumby into the path of an oncoming train. Killing him instantly and she avenged the deaths of her family that was senselessly killed by him. Lincoln, Paige and Lily were with us.

Me: That's what gave me a sense of justice knowing that he will never hurt anyone ever again.

Laney: You said it J.D. I would rank Dr. Angus Bumby at Level 17 on the Scale of Evil.

Me: Same here. I can't believe that he would kill Alice's entire family in cold blood like that.

Lincoln: Me neither. That guy was a monster and he got what was coming to him.

Paige: You said it Linky.

Me: Not only that but he tried to destroy her mind and make her forget everything that happened to her.

Laney: Yeah. And this game takes place in the Victorian Era.

Lincoln: Yeah it does. What year J.D.?

Me: It said it takes place in the winter of 1875 in 19th Century England. 143 years ago.

Paige: That's a long time.

Laney: It sure is and Psychology was still in its infancy back then.

Me: Yeah. It wasn't made an official medical practice until 1879.

Paige: Poor Alice. How old is she?

Me: She's 19 in this game. If this happened today and he was arrested he would get an automatic sentence of life in prison with a minimum tariff of 20 years. But because of the severity of his crimes he would be given a whole life order.

Lincoln: What's that?

Me: It's England's version of Life In Prison Without Parole. There are 75 people serving Whole Life Orders in England and in Wales today.

Paige: That's not very many compared to the number of prisoners we have here.

Me: I know.

Laney: Maybe we can help Alice get justice for her family.

Me: That's a great idea. Lets head to the Simulator.

---

Me, Varie, Rachel, Vince, Lincoln, Paige and Laney were in the Simulator. Lori, Luna, Sam, Becky, Girl Jordan, Shannon, Penny L., Marie K.L., Lisa and Lily were in the control room.

The Simulator activated and we found ourselves in Victorian England in the year 1875. We had our coats on and we saw Alice head out after Doctor Bumby.

Me: There she goes. Come on.

We went after Alice and saw her go down into the subway and she confronted Dr. Angus Bumby.

Alice: (British Accent) You oozing sore of depravity! Children wearing their names around their necks as if they're breeding livestock!

Dr. Bumby: A declaration of their pedigree. You could use one. They're proud to display their prominence. (Cackles)

Alice: You brute! They can't remember who they are or where they're from. How many minds have you twisted into forgetfulness?

Dr. Bumby: Not enough. Yours would've been a triumph. Still, you're an insane wreck. My work is done.

Me: (Offscreen) Your work has been destroyed.

We arrived on the scene. We come down the stairs and stood ready with Alice.

Me: It's over Bumby. Your days of twisting minds to the point of insanity and forgetfulness are over forever.

Dr. Bumby: Who are you?

Me: We are Alice Liddell's angels of justice and we're here to make sure that you pay for the crimes you committed against Alice's family in full.

Lincoln: You're crimes are completely unforgivable!

Laney: You murdered everyone in her family but her in cold blood!

Alice: That's right. You've used me and abused me but you will not destroy me!

Rachel: You tried to destroy her mind and make her into a mindless husk!

Dr. Bumby: And I would do so again. People that are psychotic and delusional need to forget the past and the future.

Me: MONSTER!

Varie: You don't have any idea how wrong you are you madman!

Laney: Without memories of the past we can never learn from the past to move on towards the future.

Alice: That's right. You've corrupted my memories, but you failed to make me forget!

Me: You killed everyone in Alice's family but her in cold blood by burning them alive and that is something that will never be tolerated. You are the true madman and people like you deserve to be forever damned into the Darkness of Hell.

Dr. Bumby: I don't think so. Now leave. My train is coming.

Lincoln: You're not going anywhere.

Me: The only place you are going is the Darkness of Hell burning for all eternity.

Alice walked up to Bumby and swiped the key that belonged to her sister.

Me: It's over Bumby. You're finished!

We spread our wings and Dr. Bumby was shocked by what he saw.

Me: Your fate has been decided: Everlasting Damnation for your sins.

I take my sword and slash him in half right down the middle and killed him instantly.

Me: Go to Hell, Bumby. And stay there.

Alice: Thank you all so much for helping me.

Me: You're welcome Alice. What Bumby did to you was completely unforgivable and he should've never been a doctor to begin with.

Varie: That's right.

Alice: Yes.

Me: Oh I'm sorry Alice we never introduced ourselves. My name is J.D. Knudson.

Varie: I'm Varie Knudson, J.D.'s fiancé.

Rachel: I'm Rachel San Diego, another one of J.D.'s fiancé's.

Vince: I'm Vince Pusateri, J.D.'s partner.

Lincoln: I'm Lincoln Loud.

Paige: My name is Paige.

Laney: And I'm Laney Loud, Lincoln's little sister.

Alice: Pleasure to meet all of you.

Me: Same here. This may seem weird, but we're not from this time. We're actually from the 21st Century, 143 years into the future.

Alice: (Gasp) Oh my.

Me: It's shocking I know. But we're very sorry about what happened to your family.

Alice: I know.

Laney: What Dr. Bumby did makes him one of the worst ever scum of the earth.

Lincoln: He deserved to die for his crimes.

Alice: Yeah.

Me: Alice, Dr. Bumby may have stolen your childhood from you, but you can't keep your pain bottled up forever. It's not right. You have to let it out.

Alice began to realize that I was right and that she needs to let her sadness and guilt out.

Alice: (Voice breaking) I miss my family and he took them away from me! (Crying) That monster!

Alice broke down crying and I comforted her.

Me: It's all right Alice. Just let it all out. Let it all out.

Lincoln burned Dr. Bumby's body with his Firebending and it was reduced to ashes in an instant.

Lincoln: Never again Bumby.

The scars left by Dr. Bumby will never heal and his wounds will take time to heal.

Alice then decided to go with us to the 21st century to put her traumatic past behind her. Nicole sealed Bumby's evil spirit into the Book of Vile Darkness for all eternity.

---

We left the Simulator and she was sitting with us at the table. We revealed everything that happened to her and everyone was horrified at what she had to endure.

Luna: That's so awful Alice.

Sam: Yeah. It sure was.

Kate: I'm so sorry about everything you went through Alice. We'll do everything we can in our power to help you.

Alice: Thank you. All of you.

Me: You're welcome Alice.

I played Alice Madness Returns for PS3 and it was one of the most disturbing games I've ever played. It gives us a clear view into the fractured mind of a traumatized person and it was an awful sight. Their minds ruined by a traumatic experience that they went through and the scars it left behind. So anyway let me know what you all think.

See you all next time.

# Carol's Greatest Birthday

It starts in the Living Room. Everything in the house was all decorated in purple.

Me: This is gonna be so exciting guys. (To the Viewers) I'm sure you're all wondering why we're in the living room and everything is all decorated. Well today's a special day. It's Carol's Birthday and we set up a special birthday party for her.

Lincoln: That's right guys and Vince took Carol out of the house to avoid suspicion while we set everything up. We have lots of things set up for her. We have a great cake, games and the Redemption Squad is gonna put on a show for her.

Paige: It's gonna be awesome Linky.

Lilly: You said it Paige.

Vince: (Acting) I'm gonna walk up to the door and open it now.

Me: They're here. Hide!

We hid in different spots.

Vince and Carol came in and he turned on the lights and we jumped out.

All: SURPRISE!

Carol: (Gasps in Excitement) OH WOW!

Lori: Happy Birthday Carol. (Hugs her)

Carol: Thank you guys! You all remembered!

Me: We wouldn't forget your birthday Carol.

Varie: That's right. Your birthday is important to us.

Leni: Totes. I planned everything for you.

Cody: It's gonna be awesome for you.

Carol: Oh thanks guys. You're the best.

Me: Well guys lets party!

---

We had great food and it was awesome. It was then time for presents.

Lynn Sr.: All right guys it's time for presents!

Carol: Oh boy!

There was a huge stack of birthday presents on the table.

Carol: I don't know where to start.

Laney came up with her present first.

Laney: You can start with my present first Carol.

Carol: Thanks Laney.

Carol opened the present and it was a painting she made. The painting was a picture of Carol riding on King Ghidorah's back as she was travelling through the endless reaches of space.

Carol: Laney this is beautiful!

Laney: I painted it myself and J.D. helped me.

Carol: Oh thanks guys. (Hugs Laney)

Laney: You're welcome sis.

Me: Same here Carol.

Lisa: You can open mine next.

Carol opened Lisa's present and it was a special watch.

Lisa: It's a special multi-function watch I invented. It has over 1,212 functions and it will suit your everyday needs.

Me: That's spiffy.

Carol: That's fancy. Thank you Lisa.

Lisa: You're welcome.

Lana, Lola and Lila's: Open ours.

Lana's present was on a wagon.

Carol: Okay. I'll start with Lola's.

She opened her present and it was a make up set.

Carol: A make up set. I love these colors of purple! Thank you Lola.

Lola: You're welcome Carol.

Carol: Now for Lana's.

She opened Lana's present and it was an aquarium with beautiful fish.

Carol: Oh wow! It's an aquarium!

Lana: I picked out the fish and got you the supplies for it.

Carol: They are beautiful. Thank you Lana.

Lana: You're welcome.

Carol opened Lila's present and it was a necklace. It was a purple jewel necklace.

Carol: Lila this is beautiful!

Lila: I picked it out myself and figured it would be perfect.

Carol: Well thanks guys.

Lana, Lola and Lila: You're welcome Carol.

She hugged them.

Lynn: You can open mine next.

Carol: Okay Lynn.

Carol opened Lynn's present and it was an autographed Baseball signed by the entirety of the Detroit Tigers and the entirety of the Colorado Rockies.

Carol: An Autographed Baseball.

Me: Yep. Me and Lynn went to the Baseball Game. The Detroit Tigers and the Colorado Rockies were playing and Lynn caught a grand slam home run ball. We decided to have it autographed by both teams and give it to you for your birthday.

Lynn: That's right.

Carol: That's so cool! And that's perfect J.D. because you're from Colorado. Thanks guys.

Me: You're welcome Carol.

Lynn: Sure thing Carol.

Luan: My present is a joke. What did the grumpy birthday candle say at the party?

Carol: I don't know. What?

Luan: Birthdays burn me up. (Rimshot)

We all laugh.

Me: (Laughs) That was a good one Luan!

Eddy: (Laughs) That was awesome!

Raven: (Laughs) That was a good one.

Carol: (Laughs) That was a good one Luan!

Luan: Thanks Carol.

Lucy: My present is a poem. It's called Carol.

Carol: Okay Lucy.

Maggie starts playing bongos.

Lucy: (Clears throat)

"Carol, an angel of incredible power, who can destroy villains from a tower. She has a heart of gold that can make bad guys go cold. She is the most amazing girl in town and her achievements are widely renowned. Carol"

We snap our fingers like at a poetry club.

Me: Great poem Lucy.

Carol: That was a great poem Lucy.

Haiku: Me and Lucy were working on it and Maggie provided the bongos.

Maggie gave her the thumbs up.

Me: It sounded like we were at a poetry club.

Carol: It sure did. Great job. Thank you Lucy.

Lucy: You're welcome Carol.

Leni: You can open mine next.

Carol: Okay Leni.

Leni's present was a purple plaid sleeveless trenchcoat.

Carol: Leni this is beautiful!

Leni: I made it with purple plaid fabric and sleeveless trench coats are totes trending now.

Carol: It's beautiful. I love it. Thank you Leni.

Leni: You're totes welcome Carol.

A montage of presents is shown. I gave Carol a light saber with a purple blade, Varie gave Carol a book on Water Magic, Cody gave Carol a book on Dark Magic, Aylene gave Carol a book of Dinosaurs, Hercules & Zoe gave her books on elemental magic, Lori gave Carol a gift card for the mall, Luna gave Carol a Violin and a CD from Mick Swagger, Sam gave her a book of some of her favorite songs, Shannon gave her a book of Light Magic and a CD from the Hex Girls, It was a really long list.

Rita: Wow! That's a lot of presents you guys got.

Vince: I've saved the best for last. Carol can you stand up please?

Carol: Sure Vince.

Carol did so.

Vince: Now Carol I have one more thing that will make your 18th birthday the best one ever. When I first met you I was immediately struck by Cupid's Arrow for you and it was the greatest feeling I've ever had. But now I want it to last forever.

Carol got the biggest shock of her life when Vince got on one knee and he had a beautiful purple diamond engagement ring and it was 18K yellow gold and it had pink, blue and white diamonds on it. Right in front of our eyes we saw Vince popping the question.

Vince: Carol Pingrey Loud, Will You Marry Me?

Carol: Oh Vincey. Yes of course I'll marry you!

They hugged and kissed and we cheered wildly for them.

Me: (Sniffles) That was so beautiful!

Varie: I'm so happy for them!

Rachel: Me too!

Vince put the ring on her finger and it was the happiest moment ever for them.

Me: Way to go partner!

Vince: Thanks partner.

Megan: Way to go big bro!

Sarah: That was awesome!

Vince: Thanks sisters.

Megan and Sarah hugged him and Carol.

Starfire: Robin isn't it romantic?

Robin: It sure is Star.

Cyborg: It's about time.

Beast Boy: Yep. I'm happy for them.

Rita: (Voice Breaking) Oh Lynn isn't that the most wonderful sight ever?

Lynn Sr.: It sure is honey.

Me: All right. We have a show for you guys.

Lynn Sr.: Oh yeah. All right everyone it's showtime!

We sat in front of the stage.

Me: Now we have two songs being performed by our very own Redemption Squad. First of all Congratulations on the Future Newlyweds and we're looking forward to the future wedding.

Vince & Carol: Thanks J.D.

Me: You're both welcome. Now let the show begin.

The music played and the curtains rose up.

Maria:

They say I'm trouble

They say I'm bad

They say I'm evil

And that makes me glad

William: A dirty no-good

Down to the bone

Your worst nightmare

Can't take me home

Elena:

So I've got some mischief

In my blood

Can you blame me?

I never got no love

Venom:

They think we're callous

A low-life hood

We feel so useless All:

Misunderstood!

Maria and Elena:

Mirror, mirror on the wall

Who's the baddest of them all?

Welcome to my wicked world, wicked world!

Chorus:

I'm rotten to the core, core

Rotten to the core

I'm rotten to the core, core

Who could ask for more?

I'm nothing like the kid next, like the kid next door

I'm rotten to the, I'm rotten to the

I'm rotten to the core

Maria:

Call me a schemer

Call me a freak

How can you say that?

I'm just… unique! (turns into her water form)

William:

What, me? A traitor?

Ain't got your back?

Oh, we're not friends

What's up with that? (kisses Maria on the cheek, making her giggle)

Elena:

So I'm a misfit

So I'm a flirt

I broke your heart?

I made you hurt?

Venom:

The past is past

Forgive, forget

The truth is

You ain't seen nothing yet!

Maria and Elena:

Mirror, mirror on the wall

Who's the baddest of them all?

Welcome to my wicked world, wicked world!

(Instrumental bridge)

Chorus:

I'm rotten to the core, core

Rotten to the core

I'm rotten to the core, core

Who could ask for more?

I'm nothing like the kid next, like the kid next door

I'm rotten to the, I'm rotten to the

I'm rotten to the core

We cheered for the first song.

William: We have one last song to play for you all and congratulations Carol and Vince.

Carol: Thank you William.

William: You're welcome. Here we go.

Another song played.

Maria, Elena, William, & Venom: We got all the ways to be

W-I-C-K-E-D

We got all the ways to be

W-I-C-K-E-D Come on!

Hey, hey, hey, hey

Hey, hey, hey, hey

Hey, hey, hey, hey

Hey, hey, hey, hey

Maria: Crashing the party

Guess they lost my invitation

Friendly reminder

Got my own kind of persuasion

Venom: Looks like this place could use

A bit of misbehavior

Happily ever after

With a little flavor

William: We're bad to the bone

With even worse intentions

We're gonna steal the show

And leave 'em all defenseless

Elena: A fairy tale life can be

Oh-so overrated

So raise your voices and

Let's get it activated

Maria, Elena, William, & Venom: Long live havin' some fun

We take what we want

There's so many ways to be wicked

With us evil lives on the right side of wrong

There's so many ways to be wicked Apple, apple

Dip, dip

Wanna try it?

Tick, tick

Take a bite

Come on, be bold

Change the way the story's told

Maria: This time the dark is

Finally getting your attention

Elena: We're wicked by the book

And class is back in session

William: You like it, steal it

Gotta beat 'em to the treasure

Venom: A rite of passage

Maria, Elena, William, & Venom: Bad just doesn't get much better Long live havin' some fun

We take what we want

There's so many ways to be wicked

With us evil lives on the right side of wrong

There's so many ways to be wicked Maria: Mother always knows best

Elena: Show her, pass every test

Venom: Hear her voice in my head

William: Evil is the

Maria, Elena, William, & Venom: Only real way to win We got all the ways to be

(Hey, hey, hey, hey)

W-I-C-K-E-D

William: Let's go!

Maria, Elena, William, & Venom: We got all the ways to be

(Hey, hey, hey, hey)

W-I-C-K-E-D Long live havin' some fun

We take what we want

There's so many ways to be wicked

With us evil lives on the right side of wrong

There's so many ways to be wicked Cruel and unusual

We're taking control

There's so many ways to be wicked

With us evil lives on the right side of wrong

There's so many ways to be wicked (Hey, hey, hey, hey)

We got all the ways to be

W-I-C-K-E-D

We got all the ways to be

W-I-C-K-E-D

We got all the ways to be

W-I-C-K-E-D

We got all the ways to be

So many ways to be wicked

We cheered wildly for them.

Me: That was awesome!

Lincoln: That was so cool!

Linka: It sure was!

Luna: Those songs were rockin'! Yeah!

Me: I have a great song for you guys. We're gonna show you a memory song from our Halloween in 2016.

Carol: I heard you guys scared those meatheads Hawk and Hank with it.

Me: Bingo. This is how we did it.

Luna pulled out her organ and she was playing. My eyes were glowing red with bloodlust.

Luna and Me in a Diabolical voice:

"When darkness falls on the house of Loud

Around every corner, new terror abounds

You don't want to lose your head! Ha ha ha!"

You can run, but you can't hide

They know that you taste better alive

I don't think that they've been fed

In a long, long time

Every corner, every floor

Watch out, they ain't herbivores

Ghastly ghouls out for blood

Sorry, bud

You got tricked

You got tricked

You got punked and pranked with a spooky twist

Before you wet your pants, better get out quick

Tricked, tricked, tricked

You got… tricked

Beware of fangs and bloody fur

A Loud House chainsaw massacre

There's no chance that you'll get out

Ghosts writing your eulogy

Heads are rolling literally

So, who needs their mommy now?

Spilling guts on the floor

Clean up on aisle four

Why you running off so soon?

Sorry dude

You got tricked

You got tricked

You got punked and pranked with a spooky twist

Before you wet your pants, better get out quick

Tricked, tricked, tricked

You got… tricked

[During the montage in the illusion, Me, Varie and the Loud Sisters scare the stinkers with everything they throw at them. Luan brings Mr. Coconuts to life, Lisa and Lily act rabid, Lori acts like she's been feasting on Rita, Lynn turns on her chainsaw, Lola appears like a corpse, Lana acts as her ghost, Leni walks around blindly under her dress with Geo rolling in his ball with the fake head still on, Laney was stirring a monster filled pot and cackled like a real witch,

Varie was in her dark side mermaid form and she terrified the stinkers by snarling and hissing and spraying the stinkers with water that smelled really horrible, I unveiled my surprise. I had my eyes covered by my hair and I start to change. I become a hideously gruesome and horrific monstrosity loaded with blood, guts, body parts, tentacles and more. I was a fusion of every single horrific monster from the movie THE THING! The monsters were from the 1982 and 2011 movies and the 2002 Video Game. Lightning flashed behind the monstrosity and flames from the Netherworld flickered around it and it scared the stinkers so bad that it made them soil their pants 3 times,

and everything else in the maze terrifies them to the point where the sounds of their screams catches the attention of the other kids on the block and their screams also catch the attention of a nearby police car, and the stinkers run into Lucy who is blocking the exit]

Lucy: "The crimes you have committed this night shan't go unpunished. You reap what you sow."

[She slashes a rope with her scythe, dumping a bucket of fake blood on them, making them scream]

Hank: "Blood!"

Hawk: "I'm gonna puke!"

Hank: "If you're gonna puke, I'm gonna puke!"

A tentacle with a scary flesh flower covered in blood and slime appears in front of their faces and tentacles come out and slap their faces and the stinkers vomited all over the ground.

[As they run out screaming, Lucy gives a small smile of satisfaction]

Hank: [nauseous] "We're not… coming back here… again…"

[He and Hawk run off and a police car drives up and the officers come out]

Luna & Me: [finishing Luna's song] " You got… tricked. "

I laugh diabolically.

Officer Stacy: You two are under arrest.

We cheered wildly.

Me: Boy that was the most awesome Halloween ever.

Lori: It literally was.

Me: Oh Kate I'm sorry if I reopened old wounds because of everything you've been through down in Antarctica.

Kate: No it's all right J.D.

Me: I guess I should've warned you before we started.

Kate: Yeah but that was great how you scared them bad with everything I've been through.

Me: I watched both movies of The Thing and they were what I got the idea for it from.

Alice: (British Accent) What happened to her down there?

Me: She went through a very traumatic experience down in Antarctica and it was enough to scar her for life.

Alice: Oh no. I'm sorry Kate.

Kate: It's all right Alice. It was all a nightmare but I'm almost fully healed now.

Nora: Well that's a relief.

Lisa: Oh! I almost forgot. Siblings and friends, I have some great news for you all.

Me: What is it Lisa?

Lisa: I have managed to find a cure for Victor Fries' condition.

Me: That's great Lisa.

Lisa pulled out a glowing blue vial of a liquid.

Lisa: This is the antidote for his condition. It will reverse the effects that were done to him because of the Cryogenic Chemicals.

Me: Lets give it to him.

Lisa: Affirmative.

We went down to the basement and Lisa gave me an auto injector.

Lisa: You must give this to him in frigid temperatures J.D.

Me: Okay.

I put on my fur parka and knock on the door to his room.

Victor: Come in.

Me: Hello Victor.

Victor: Oh hello J.D.

Me: I have some great news for you. Lisa found the antidote to your condition.

Victor: She did?

Me: She did. It's in this auto injector.

Lisa came in and she had a fur parka on.

Lisa: Now this will cause excruciating pain as it takes effect.

Victor: Okay. Thanks for the warning.

Me: Are you ready Victor?

Victor: I am J.D.

Me: Okay.

Victor: What was all the cheering going on upstairs?

Me: It's Carol's birthday today.

Victor: I'm sorry I couldn't be there.

Me: Don't worry. If this antidote works you'll have time to catch up. We have to strap you down before we inject it.

Victor: Okay.

We did so and I had the Auto Injector on his arm.

Me: Here we go.

I injected the serum into him and it took effect right away as he was screaming in pain and he was thrashing around. My infrared vision showed that his body temperature was rising fast. It was already at 62 degrees.

Me: It's working!

The pain went away and Victor's skin returned to its normal color and my infrared vision showed that his temperature was back at 98.6 degrees for the first time in a while.

Me: How do you feel Victor?

Victor got up as we unstrapped him and he felt the stinging cold of the room.

Victor: It's really cold in here!

Me: It worked! He's cured! Way to go Lisa.

Lisa: Thank you J.D.

I put a fur parka on him and we walked out and everyone gasped in shock as Victor was back to his normal self.

Me: It worked guys.

Nora: Oh Victor!

They hugged and it was a great moment. We cheered for them. Victor was back to his normal self.

Lily: I'm so happy for the both of you!

Victor: Thank you Lily.

Me: Lisa invented the Antidote and she's the one that cured him.

Victor: Yes. I am forever grateful to Lisa and all of you for working hard to cure me.

Lisa: You're welcome Victor.

Me: Now we can make sure that Ferris Boyle pays for his crimes.

Victor: That's right.

Me: Carol how would like to dish out some justice against him?

Carol: I would like that.

Carol went into her Ace Savvy Persona:

THE SWIFT QUATTRO

Carol: Time to deal out some justice!

Me: Lets get him!

---

We went out to Gotham and at GothCorp, Carol smashed in through the window and she was ready to fight.

Boyle: Who are you?

Carol: Someone you just made angry when you tried to kill Victor Fries.

Boyle: Fries? They're dead.

Carol: No. They're not dead. You left them to die but they survived and Victor tried to destroy you. We cured him of the pain you caused him and now you're gonna pay for ruining his life.

Boyle: We shall see!

Boyle pulled out a machine gun and Carol ran with super speed and she punched him in the face. She kicked the gun out of his hands and threw some kunai and pinned him to the wall.

Carol: You're gonna pay for your crimes Boyle.

Commissioner Gordon and Gotham P.D. came in.

Commissioner Gordon: Ferris Boyle you're under arrest for Fraud, Wire Fraud, Attempted Murder and Corruption. You're going away for good.

Boyle: You can't arrest me!

Me: Oh they can. Your finished Boyle. It's over for you.

Victor and Nora arrived.

Boyle: (Gasps in Shock) Victor? Nora? You're both alive!?

Victor: That's right and it was because of you that I became Mr. Freeze and it was thanks to J.D. and his friends and the Loud Siblings that they not only reunited us but also cured me of my condition.

Nora: You tried to kill us and that's something we can never forgive.

Commissioner Gordon: You're looking at a long prison sentence for your crimes. Take him away.

They did so.

Me: Great job Carol.

Carol: Thanks J.D.

Commissioner Gordon: Congratulations on catching him for us. J.D. told us everything that Boyle was doing and what he did to Victor and Nora.

Carol: Thanks Commissioner Gordon.

Commissioner Gordon: You're welcome and happy birthday and congratulations on the future wedding.

Carol: Thank you sir.

Ferris Boyle was sentenced to 150 years in Federal Prison without parole. He was also ordered to pay Victor and Nora $200,000,000,000.00 in restitution.

This was the best birthday for Carol Pingrey.

NicoChan11 gave me the idea for Carol's Birthday Party and the songs from Disney's The Descendents. Thanks for that man. I wanted to include the idea of Vince proposing to Carol on her birthday as well as curing Victor Fries. Let me know what you all think.

See you all next time.

# The Fury of Doomsday

It starts with us on the Justice League Watchtower.

Me: So Kal aside from Lex Luthor being your most notorious enemy who was your most dangerous out of them all that you faced?

Superman: That's a really good question J.D. But if I were to guess, my most dangerous enemy was Doomsday.

I gasped when I heard that name.

Me: Doomsday the Destroyer!?

Lincoln: I've heard of him. He's the monster that killed you.

Superman: Yes. He did kill me. But I was reborn after the fight.

Luna: That is amazing.

Lori: Who is Doomsday?

Me: He was known as the monster that killed Superman. He was created by Lex Luthor as a genetic experiment that went horrible awry. This is what he looks like.

I use my magic and show what he looks like.

Laney: Is that Doomsday?

Superman: That's him. He was a ruthless monster and the one responsible for killing me.

Lincoln: I read how he killed you in this comic. The Death of Superman.

Me: That's right. I remember that comic. That was one of the saddest comics ever created in the history of DC Comics. Doomsday was so powerful that he overwhelmed the Justice League.

Lily: That was unbelievable. I can't believe that Lex Luthor created such an unstoppable monstrosity.

Lisa: Lex Luthor did have the scientific genius to create such an abomination of nature for such a destructive purpose but he lacked the ability to control him.

Me: Precisely my point Lisa. Doomsday was a mindless monster whose sole purpose was to destroy Superman. I can't believe that he set out to kill you Kal.

Superman: Me neither.

Hawkgirl: Doomsday was the deadliest foe we ever encountered.

Varie: You'll get no argument from me Shayera.

Carol: It's just hard to imagine that Lex Luthor was capable of creating such a horrific monster that can destroy anything.

Vince: That's just absolutely horrible.

Suddenly I sensed a huge energy signal approaching fast.

Me: (Gasp) Whoa! Do you guys feel that?

Lincoln: Yeah! I sense an enormous power.

Lori: Where's it coming from?

Wonder Woman: Look!

Wonder Woman pointed outside and we saw a wormhole snaking its way out of a dimensional portal and it snaked its way down to New York City.

Me: So that's it. The Dimensional Vortexes come out of portals from different universes across the fabric of the Space Time Continuum.

Lincoln: That is so cool!

Lynn: Looks like the vortex is appearing over New York City.

Me: Lets go see!

---

We flew down to New York City and we saw a figure emerge from the vortex. It was a monstrosity that was responsible for the death of Superman: DOOMSDAY!

Me: It's Doomsday!

Superman: But how can that be!? He was dead.

Carol: This Doomsday must be from a different dimension.

Vince: That could be Carol.

Doomsday: **So I see you have friends with you Kryptonian.**

Superman: I thought I was rid of you for good Doomsday. I killed you before and in this time you don't exist anymore.

Doomsday: **Your friends won't be enough to save you this time. You caught me off guard the last time and now I will kill you.**

Me: I don't think so Doomsday. Lets power up!

Me, Varie, Carol, Lincoln, Linka, Laney, Yuko, My Children and Lily went Super Angel 3. Ben became Way Big.

Ben: WAY BIG!

Me: A To'Kustar! Those Aliens are huge!

Way Big: That's right J.D.

We went at Doomsday and viciously attecked him. I punched him in the face and he punched at me and I blocked it and I kicked him in the face. Jared fired an energy ball and it blew his left arm off in a powerful explosion. He regrew it back and punched at Jared but he went over his punch and kicked him in the face and kicked him in the stomach. Lori fired a huge wind blast and blew him into a building with incredible force and Nicole fired a blast of cosmic energy and it hit him and exploded. Doomsday exploded out of the rubble and charged toward us. Hulk and Doomsday charged at eachother and they punched and released a tremendous shockwave of power that shattered all the windows in the area and lightning was forming around their fists and Hulk kicked Doomsday in the face and Venom tied him up. Luan and Lensay fired their light powers and Luan blew both of Doomsday's arms off and Lensey encased him in a red light crystal. But Doomsday broke out of the Crystal and Web and I kick him into the air and Superman used his Laser Vision and burned him and Hawkgirl bashed him in the face with her mace. Carol fired Godzilla's Orange atomic ray and burned his legs off. Way big jumped up and ripped Doomsday's arms off. Doomsday screamed in pain and Vince fired an energy beam that blew a hole into his chest and out the other side. Lincoln & Linka fired a blast of lightning and blew his head off.

Me: Now to finish you for good Doomsday.

I form a tiny orange energy ball on the tip of my pointer finger that was no bigger than the size of my pinky fingernail. I held it above my head and the ball expanded rapidly to where it was the size of the planet Mars.

Me: Doomsday! This energy ball I have here contains enough power to obliterate 20 planets and this ball is for you!

Doomsday regenerated his limbs and saw the huge energy ball ready.

Me: Burn in Hell Doomsday! SUPERNOVA!

I throw the ball at Doomsday and it enveloped him and completely obliterated him in an instant to the point where not even an atom remained. Out in Space it exploded with incredible power.

KRAAABBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

We powered down and saw the explosion vanish.

Me: Doomsday energy signal has disappeared. It's over.

Hulk: That ball destroy him completely.

Varie: That's right.

Cody: We did it guys.

Everyone all over the city cheered wildly for us.

Me: No problem everyone! Thank you all.

Varie: It was what we had to do!

On the Justice League Watchtower we were having dinner with the Justice League.

Me: Well, we saved the world from the wrath of Doomsday.

Flash: You guys sure did. Our teamwork was more than enough to take him down forever.

Vince: That's right Wally. Doomsday was no match for us.

Cody: Doomsday got what was coming to him.

Me: Yep. He will never terrorize the world or any planet ever again.

Wonder Woman: No he won't.

Nicole: To make sure he never comes back I sealed him into the Book of Vile Darkness for all eternity.

Me: Good thinking Nicole.

Nicole: Thanks Dad.

THE END

Another Fanfiction Complete.

Doomsday was by far the deadliest foe of Superman. He killed him in the movie Batman VS Superman and in the new Animated movie based on the comic The Death of Superman. NicoChan11 gave me the idea for this chapter and in the end we prevented Superman's death from happening a second time. Thanks for the idea man. The Death Of Superman Comic was the saddest and most tragic comic in the history of DC Comics. Let me know what you all think.

See you all next time.

# Griffin Humiliation

It starts in the Royal York Town Square and we are gathered for another great session of humiliating the Griffin's.

Me: This is gonna be awesome.

Varie: You said it.

Prohyas: So we're gonna humiliate the Griffin's for the pain and suffering they caused to Meg, Stewie and Brian?

Lapis: That's right Prohyas and we're gonna humiliate them back to the stone age for the rest of their lives.

Lincoln: It's always fun to humiliate the Griffin's.

Laney: You said it.

Lana: Oh yeah!

Lois: You all had no right to destroy Quahog!

Lana: Actually, we did. We weren't going to allow a corrupt town to keep existing!

Lois (laughs bitterly): That's just the problem with all of you. You could have just gotten me and Peter arrested and just left it at that. But no! You all decided to play God and destroy Quahog along with everyone else in it!

Lana: You only have yourselves to blame! You were the ones who abused Meg and made the lives of the good people in Quahog a living nightmare! And that makes you no better then Chandler and the Sinister Six except for Sandman!

Lois: You really want to talk to me about the Sinister Six? When you and your family killed Vulture, Electro, Hydro Man, and Mysterio instead of taking them to prison?!

Lana: Toomes, Dillion, Bench, and Beck were going to help Paul kill Spidey, MJ, Black Cat, and Venom! And they also caused so much death and suffering in the past! We had to make sure they didn't hurt anyone else! What did you think was going to happen?!

Lois: I THINK YOU AND YOUR FRIENDS LEAVE TRAILS OF BODIES WHEREVER YOU GO! Sure, you've all made the world a better place. But what comfort is that to Zoe Lawton, whose father was killed by your twin sister Lana?!

Lana (takes a deep breath before looking Lois in the eye): Well, at least our trails of bodies don't include abused children, you horrible mother!

Lapis: You tell her Lana!

That made Lois snap. She punched Lana in the face. Lana was shocked before she ended up punching Lois back. She viciously pulverized Lois and made her a mess.

Lana: No one attacks me and gets away with it!

Me: Well said Lana. But lets cut to the humiliation spree.

Lana: Yeah!

Me: Griffin's you brought all this on yourselves.

I spin my Magisword Bracelet.

Me: Lets see how you like having gum in your hair.

Announcer: WAD OF GUM MAGISWORD!

I fired some wads of gum into their hair and it made them really sticky.

Peter: Aw gross! ABC Gum!?

Me: What did you expect you drunk Fathead? Wad of Gum Magisword shoots wads of prechewed gum.

Lana: Hey Lois lets see how you like this!

Lana spin her bracelet.

Announcer: CACTUS MAGISWORD!

Lana: These prickles pack a punch!

Lana jumped behind Lois and fired a cactus ball at Lois and it hit her in the butt and she screamed in pain.

Lois: YYYEEEEEOOOOOOOOOOOOOOCCCCCCHHHHH!

Me: (Winces) Oooh! That must've hurt!

Vambre: (British Accent) Indeed it did. Let me take a shot at them.

Lana: Go for it Vambre.

Lily: Lets see how a pro does it.

Vambre: Oh you will.

Announcer: EXPLODING BUBBLE MAGISWORD!

Vambre fired a stream of bubbles and they got close to Peter and exploded in his face.

BOOM BOOM BOOM BOOM BOOM!

Peter: Ow.

* * *

Carol and Maria were walking home from the Royal York Mall.

Carol: I really liked the songs you performed at my birthday, Maria.

Maria: No problem, Carol. Anything for my big sister. After all, you and the others helped me regain my humanity. Me and my team performing those songs as a birthday present was the least I could do.

Carol: I really appreciate that. And I think you and your team should have 12 members.

Maria: I'll keep that in mind. I'm actually planning to recruit my old teammate Rubberband Man into the team. Right now, he's a musician in Dakota.

Carol: That's great Maria. It's gonna be so cool having him part of the team.

Maria: It sure is.

They heard an explosion.

Maria: Is there something going on?

Carol: No that's just the humiliation of the Griffin's. They're using Magiswords to help in the onslaught.

Maria: Oh wow! I saw those and they are cool.

Carol: They are amazing weapons and they are funny and awesome.

Maria: They sure are.

They laugh.

Carol: Lets go see.

Maria: Okay.

They went over to check it out.

---

Me: Lets see how you like a Cheese Deluge.

I spin my bracelet.

Announcer: CHEESE MAGISWORD!

Me: Nacho Cheese Drench!

A torrent of Nacho Cheese Sauce drenched Lois from head to toe.

Prohyas: Here let me wash that off for you.

Announcer: DOLPHIN MAGISWORD!

Prohyas: Ready my baby girl?

Dolphin Magisword: (Dolphin Chirps)

Dolphin Magisword fired a stream of water and drenched Lois from head to toe in water.

Carol: That must've not felt good.

Lois: (Coughing) You wretched brats! You are just as bad as those (Censored) Meta Humans when you destroyed Quahog!

Carol (grabs Lois by the throat): Just so you know, my little sister Maria helped in Quahog's destruction! So you're insulting her and the rest of my friends who helped do the world a favor by getting rid of your former town!

Lois (Cruelly): Then maybe your little sister should be locked up along with Hotstreak and the rest of her Metabreed teammates!

OH SHE DID NOT JUST GO THERE!

Meanwhile in Dakota prison

Francis and Ferret were eating hotdogs in the prison cafeteria.

Ferret (Francis sneezes): You alright? You look like you might be coming down with a cold.

Francis: I'm fine, ok? I just got this weird feeling that somebody's talking about me. Teresa had it the other day.

Back in the humiliation.

Maria: Carol let her go. She's not worth it. She's got enough suffering already.

Carol: You're right Maria. You're lucky Lois. I would've killed you here.

She punched Lois in the face and knocked out some of her teeth.

Carol: That's for me.

They left.

---

After the Humiliation was done we came back home.

Maria: Carol, you need to calm down!

Carol: Calm down? CALM DOWN?! Lois badmouthed you and the Redemption Squad. She even said you should be in prison for destroying Quahog!

Maria: Carol, I'm not bothered by what she said. You need to know that I'm not going to let those words get to me. Now, if you want to let out some steam, why don't you go to the backyard and destroy some training robotic dummies of Electro, Hydro Man, Vulture, and Mysterio? After all, Lois did mention them while she got humiliated.

Carol: You're right Maria. Lets go.

They went out to the training yard.

Me: That was a great humiliation guys!

Lana: I'll say! That was so much fun!

Lapis: It sure was. Thank you for letting us get some shots in on them.

Me: You're welcome Lapis.

Laney: And we've only begun to scratch the surface with their humiliation.

Lincoln: You said it Laney.

Vambre: It was quite a performance for all of us. Jolly Good.

Prohyas: That's right sis.

Me: Lets have Luan and Lucy get in on the fun as well.

Lincoln: That's a great idea J.D.

Me: It's gonna get more intense from here on out for the Griffin's. And it's gonna be Hell!

My eyes glowed red with bloodlust and hate as the screen fades to black with the only thing that could be seen was my eyes glowing.

THE END

Another Fanfiction Complete.

I wanted to do a chapter that centers around Lois and Peter's Humiliation and NicoChan11 gave me lines for this. Thanks man. I added my eyes glowing red for a dramatic effect. Let me know what you all think.

See you all next time.

# Power of The Angels

Angels & Powerpuffs VS Monkeys

Jared and Laney are in the Simulator doing an exercise. Brittney, Nicole, Natilee, The Teen Powerpuff Girls and the Loud Siblings are in the Control Room.

The exercise began and Jared and Laney found themselves flying over the City of Townsville and it was under siege by monkeys with huge brains.

Jared: Whoa!

Laney: Something big is going on.

They saw streams of Pink, Aqua Blue and Spring Green Light heading out into space.

Jared: Something big is going on and it involves the Powerpuff Girls!

**Mojo:** Yeah! Whooo! All right! I rock! I rock so hard! For I, Mojo Jojo, have succeeded in my first, greatest, and most brilliant plan ever! And I, Mojo Jojo, shall be *KING OF THE PLANET OF THE APES!*

Jared: That title has already been taken.

*[At this point there is silence. None of Mojo's army is attacking the crowd anymore as all their attention has shifted to Mojo and his declaration of being king. Their expressions make it clear that none of them are willing to accept this declaration from Mojo of him being their leader and king when they've done all the work. An orangutan speaks out from the nearby crowd, his bulging brain, spiteful glance, and tone of voice similar in form to Mojo's.]*

**Orangutan:** *You* shall be king?! Preposterous!

**Mojo:** What?! How dare you?!

**Orangutan:** For it is *I*, who is the one most *suited* to be ruler!

*[He dons a blue jumpsuit, purple cape, belt, gloves, and helmet identical to Mojo's.]*

**Mojo:** Those are *my* clothes!

**Orangutan:** I, Ojo Tango, shall be simian supreme!

**Mojo:** No Ojo; *Mojo* !

*[Ojo hops in an orangutan-shaped tank with cannons for arms.]*

**Ojo Tango:** As I unleash the offensive omnipotence of the oppressive Orangutank!

*[At this point, the large mountain gorilla speaks up. His voice is very low and burly.]*

**Mountain gorilla:** Hold on.

**Mojo:** Oh no.

**Mountain gorilla:** It is *I* who shall get a *grip* on the situation!

*[He dons a pair of metal fists and another outfit similar to Mojo's.]*

**Mojo:** You'd better not!

**Rocko Socko:** As I, Rocko Socko, seize control and rule!

*[To accentuate his words, he smashes a gaping hole in the nearby building.]*

**Mojo:** Wait!

*[At this point, all the primates are wearing variants of Mojo's costume.]*

*[A lanky baboon speaks next.]*

**Baboon Kaboom:** I, Baboon Kaboom, with my Baboon-Bot, will be the *bomb* !

*[He leaps into a large machine shaped like a baboon, complete with*

*bomb-spewing buttocks.]*

**Mojo:** Uh-oh.

**Baboon Kaboom:** And if you don't like it… you can sniff my Baboon-Bot Bombs!

*[The Baboon Bot poops bombs then throws them as they explode.]*

**Mojo:** (sarcastically) Ohh, *that's* classy.

*[A large barrel of gibbons, in the same form as the famous Barrel Of Monkeys toy, rolls down the street. A group of them speaks at once.]*

**Go-Go Patrol:** Gangway, gangway! For we, The Go-Go Patrol, as brothers-in-arms, are linking to form a chain of command that will reach out and take hold of your world!

Laney: I've heard of a Barrel Of Monkeys but this ridiculous.

Jared: No kidding.

*[A sloth-like, Japanese Macaque monkey is standing in a vat of boiling water atop a dam.]*

**Hota Wota:** I, Hota Wota, am *boiling* mad. For you are all *wet* behind the ears. (explodes dam, water rushes forth.) Therefore, I shall unleash a scalding torrent to drown you all about. For I don't give a…

**Mojo:** Watch your mouth!

*[Next is a chimp with a pair of cymbals, moving sporadically like a toy as he clashes his cymbals.]*

**Cha-Ching:** I, Cha Ching Cha Ching, *cymbal* -ize chaotic calamity!

*[Next is a large group of capuchin monkeys with flying rocket packs. They speak in unison.]*

**Capuchin monkeys:** We, The Doot Da Doot Da Doo Doos (humming the winged monkeys' theme from *The Wizard of Oz* ), shall rain on your parade! Because… (begin to hock loogies) we're the *spit* !

**Mojo:** Eww.

Jared: Okay that is just gross.

Laney: As Double D would say "That is completely unsanitary".

Jared: No kidding.

*[A proboscis monkey speaks next, imitating Jimmy Durante, with a dance number playing in the background as he half-sings the words. A large array of banana peels lies before him.]*

**Proboscis monkey:** My name is Hacha Chacha, and here is my schpiel: a diabolical plan with lots of ap- *peel* ! Spreading out bananas, out far and wide, and fixin' up the folk for a slippery slide!

*[And 2 people do indeed slide slippery on those peels: a man on his heel and a woman on her face!]*

Jared: He sounds just like Jimmy Durante.

Laney: He sure does.

**Mayor:** (still under Mojo's boot) That's pretty catchy!

*[A nervous young bonobo speaks next, clearly putting together his plan at the last minute.]*

**Young bonobo:** I, uh, Bla Bla Bla Bla, shall, uh, create a sauce of chaos and stir up trouble, with a destructive force known as… The Tormato!

**Mojo:** Tor- *mah* -to?

**Mayor:** Tor- *may* -to.

Jared: He's a klutzy one huh?

*[Mojo looks down at him in annoyance and gives him a smart punt off the steps. At this point, the scene goes through a myriad of*

*monkeys in quick fashion:]*

**Monkey #1:** I, Killa Drilla!

**Monkey #2:** I, Bonzo Bango!

**Monkey #3:** I, Rolo Ovo!

**Monkey #4:** I, Cheata Beata!

**Monkey #5:** I, Achey Breaky!

**Monkey #6:** I, Smasha Crasha!

**Monkey #7:** I, Cruncha Muncha!

**Monkey #8:** I, Wacko Smacko!

**Monkey #9:** I, Pappy Whappy!

**Many Monkeys:** I! I! I! I! I! I! I! I! I! I! I! I! I! I! I! I! I! I! I! I! I! I! I! I!

Jared: So many!

**Mojo:** *NOOOOO!* Stop! Cease! Desist! Do not continue with the ramblings, for *my* ramblings are the ramblings to be obeyed, for I am the king, supreme leader, and all-around dictator. Don't you see?! All you monkeys are my plan, so your plans are *my* plans because *you* made plans and *my* plan was to make *you* ! I plan to rule the planet! Not to have my plans plan to stop *me* ! *I am your creator! I am your king! I AM MOJO JOJO!* (pushing the Professor out of the way) OBEY *ME* !

Jared: This chaos is unfathomable. We got to get the girls back. Come on Lanes.

They head out into space.

*[The shot cuts to a view of outer space. (Despite the lack of air to convey sound,) the sound of distant wailing is heard. The shot zooms into the Asteroid Belt and focuses on a single rock. Bubbles is sitting on the surface, her head was thrown back in utter dejection,*

*a torrent of cries is coming from her mouth. The scene pulls back to show a saddened Blossom sitting on a rocky outcropping, and Buttercup fuming by herself in the distance. Their voices echo in the emptiness of space.]*

**Buttercup:** That jerk. That big fat dumb jerk! He duped us! He planned it all along and we fell for it!

**Bubbles:** (between sobs) And now, everybody hates us even more! (crying abates, looks at Buttercup) What are you doing?

*[Buttercup has started digging a crude wall in the asteroid.]*

**Buttercup:** What does it *look* like I'm doing? I'm building a house! Cause *now*, we have to live *here* !

**Bubbles:** Live here?

**Buttercup:** Yeah, don't you see? This can be the bedroom, and this is *my* bed! (she slumps down on a crude jutting of rock, and points.) That can be *your* bed over there.

**Bubbles:** (resuming crying) I don't wanna sleep on a rooooooooooooooock!

Jared: (Offscreen) (Echoing) You can't stay out here forever.

Blossom: Who said that?

Laney: (Echoing) Up here.

They saw Jared and Laney land.

Blossom: Who are you?

Jared: My name is Jared Knudson.

Laney: And I'm Laney Loud. We saw you leave and figured something is troubling you.

Blossom: What's the point? Nobody cares about us down there. The entire city hates us, even the Professor.

Jared: Blossom that's not true. Those people are just a bunch of imbeciles that don't even realize what you can do with your powers and that's what makes you all special.

Bubbles: But how can we help them?

Laney: You can start by showing them that your powers were given to you and that you can help the people of Townsville by saving it from Mojo Jojo's reign of terror.

Blossom: But the Professor said that we weren't allowed to use our powers.

Jared: Yes, but you can use them to help people and keep all of Townsville and the world safe and prevent it from being destroyed. Let me help you. Hold hands.

They did so and Jared placed his hand on Blossoms head and he replicated all of the powers that the girls learned over the years in their teen counterparts and transfered them into their younger selves and he also gave them the knowledge of everything they did to become the greatest superhero team ever known to the world. It took them 2 minutes to digest the info and

Blossom: That's amazing! I can't believe we became that strong.

Bubble: It sure is.

Buttercup: We became a strong force for good and it's gonna be awesome!

Jared: It sure is. Now what do say we smash those monkeys to pieces and splatter their grey matter everywhere? (Cracks Knuckles)

Laney, Blossom, Bubbles and Buttercup: YEAH!

They went back to Earth and the City of Townsville was in total turmoil. Jared punched Rocko Socko in the face and sent him crashing into a building and he fired an energy ball and vaporized him in a powerful explosion.

KABOOOOMMM!

Jared: One down and who knows how many to go.

*[A torrent of spit begins to rain on the girls. Above them, the spitting monkeys are creating quite a downpour.]*

**Bubbles:** Eww, gross, cut it out!

*[She lashes out with her eye beams, striking one monkey, sending it off spiraling like a deflating balloon, striking another monkey in a large explosion. The three girls look forward in battle-ready poses, as the spitting monkeys fall all around them. The explosion has wiped out the entire group, leaving all of them battered, bruised, and beaten. Jared incinerated them in a blast of fire.]*

**Blossom:** C'mon girls, let's put an end to this gorilla warfare!

Jared: Leave Mojo for me. He's mine.

Blossom: You got it Jared.

*[They fly off. Cha-Ching Cha-Ching is the third on their hit list. Each girl gets a good hit.]*

**Blossom:** Haha! Good one, Bubbles!

*[Cha-Ching Cha-Ching falls down in front of Mojo, who is clutching the Professor by the neck. Mojo is shocked to find Cha-Ching battered and beaten. He saw Laney fire an energy blast at Cha-Ching Cha-Ching and kills him in an explosion. He quickly regains his fury once he realizes who's responsible.]*

**Professor:** Girls! (Mojo muffles his cries)

**Mojo:** Shut up! I was afraid of this. They've returned and found out what our powers can *really* do! (walking away) Come! You will make a good Powerproof vest!

*[As the wave of water hits another streetway, the girls quickly pound a hole in front of its path, sucking all the water, Hota Wota included, with a look of shock on his face, down to Townsville's sewer ways like a giant toilet and Laney fired a blast of energy and vaporized him from the sewer. The butt bomb baboon machine juts forward,*

*but Bubbles and Blossom pin it down by the hands. As Baboon Kaboom aims the butt cannon at the girls, Buttercup clenches the barrel shut, causing an overload. On his operating screen, the machine reads "B.M. Blowout", and Baboon silently screams in horror before the machine explodes, killing him. Confronting the barrel of monkeys, Buttercup grabs the end monkey by the hand, and like a giant rubber band, Blossom stretches the other end and lets go, sending the chain spiraling into a metal pole on the sidewalk. Jared fired a stream of fire and killed them. Bubbles uses the remaining monkeys as a rather large jump rope and Laney kills them. The singing banana monkey is pounded into the nearby fruit stand by Bubbles, while Blossom sends him spinning down his own slippery path of destruction where Jared incinerates him. The tomato tornado operator looks to his right to find Blossom, who snatches away his mixing rods, collapsing his tornado, as Blossom sends him flying into a ketchup-covered wall where Laney kills him. Buttercup kicks a roundish rolling monkey like a soccer ball, sending him careening into the air off into the distance and Jared fires an energy ball and kills him. Blossom grabs the drill machine by the bit, sending the driver's half of the machine spinning uncontrollably and Laney kills him by blasting the drill. Cruncha Muncha is sent into the waiting arms of Bubbles, who lovingly shakes him until he passes out and Jared uses psychic powers to lift him up and fire an energy ball and kill him. The punches, kicks, fire and energy reach a fervent pace, until one final shot of Jared, Laney and the three girls laying a massive uppercut erupts into pain stars and a massive explosion of fire sending the entire group of monkeys raining down to the ground as a pile of ashes.]*

Jared: That's it for those dumb monkeys.

Laney: You said it.

**Buttercup:** *None* of those stupid monkeys had the Professor!

Jared: I know who does. Lets go!

They went to Mojo Jojo's Volcano Observatory and bursted in.

Jared, Laney and the Powerpuff Girls: NOT SO FAST MOJO JOJO!

**Mojo:** (mockingly) Oohh, wook at the widdle hewoes, here to save their *daddy* !

**Professor:** (straining) No girls, save yourselves!

Jared: For your information Mojo he's a friend and you're a heartless tyrannical and brainless monkey!

Mojo: Hey!

Jared teleported.

Mojo: Where did he go?

Jared kicked Mojo in the back and it let the Professor go and sent Mojo crashing into the wall.

Mojo got up.

Mojo: I don't have time for this. Now if you'll excuse me, I, Mojo Jojo, have a town to take over. I have a world to rule! I have to seize control of an area, and force its inhabitants to follow *my* way of thinking!

Laney: What are you planning to do?

*[He presses a button on his control panel, and the glass globes begin to spin again. Another (conveniently full) vat of Chemical X spews from the machine and drains into the spheres as before. He punches a set of keys.]*

**Mojo:** I, Mojo Jojo, plan to rule over the world! EVEN IF IT MEANS…

*[He grabs one of the nozzles and smashes it through his helmet, jabbing it directly into his own brain!]*

**Mojo:**… *TAKING EXTREME MEASURES!*

**Girls (All):** *(gasp)* You wouldn't!

**Mojo:** I *would* !

Jared: He would.

*[He jams a lever, and all the containers of Chemical X pour directly into his brain. He lets out a primal cry, as his features bulge out in exaggerated proportions and he grows exponentially, sending him crashing through the roof of the observatory. Jared has everyone protected by a force field. '* ***Atop the remains of his lab, the new, giant, imposing Mojo raises his arms in triumph and yells with a deep and fearful voice.]***

**Mojo:** ***NOW I AM MO' MOJO THAN BEFO'!***

*[He leaps to the ground amidst the flames of the city, fully half as tall as the tallest skyscrapers, and walks down its shattered streets and burning buildings. He stops in front of Town Hall, addressing the peons on the grounds below with a slow and commanding voice.]*

**Mojo:** ***Now, as I was saying before I was so*** **rudely** ***interrupted, I, Mojo Jojo, have succeeded in my first, greatest, and most brilliant plan ever!*** (he dons the dome as his new brain cap.) ***And I, Mojo Jojo, SHALL! BE!*** **KING** ***!***

*[Lifting his arms high in triumph, the scene returns to the debris on the volcano top. The force field Jared made vanishes.]*

**Professor:** Oh girls, thank goodness you're okay! Now let's get out of this town and find a new, *safe* place to live!

*[They fly out of his arms, and float defiantly.]*

**Buttercup:** It's no use, Professor.

**Bubbles:** We already *tried* running away.

**Blossom:** We have to fix the problem we helped start. You said to give everyone a little time to understand our specialness. Well, now it's time for *everyone* to understand, especially Mojo!

Jared: Mojo will pay for his crimes today.

Laney: There will be one less monkey in the world.

*[They fly off in a rainbow and ball of fire and leaves, leaving the Professor behind, standing proudly with a tear in his eye. The girls fly back to Town Hall, and give Mojo a good smack in the jaw just as he was about to eat an innocent civilian or two, catching him by complete surprise.]*

**Blossom:** (o.c.) Surrender now, and we'll go easy on you!

*[Mojo takes this in, rubbing his jaw, looking for the source of the interruption. The girls are standing impatiently on street level. The civilians that Mojo was about to eat having been rescued as well and flee the scene to leave the girls to deal with Mojo.]*

**Blossom:** Down here!

**Mojo:** (kneels down, mockingly) ***Oh, my! You actually trying to*** **stop** ***me? That's so*** **cute!**

**Bubbles:** "Try," nothing!

**Blossom:** We *will* stop you!

**Buttercup:** Who are you callin' "cute"?!

Jared: Today you die Mojo.

Laney: No more!

**Mojo:** (laughing) ***Okay, let's play!***

Jared: And you're not the only one that can grow to a monstrous size! (Snaps fingers)

Jared then grew to 100 feet tall and he was about Mojo's height.

Jared: Lets dance!

He kicked Mojo in the face and punched him in the stomach and punched him in the mouth and knocked out some of his teeth. Mojo fired a blast of fire from his mouth and Jared fired a blast of fire from his hand and the blasts collided and Jared's blast overtook his. Jared's blast fried Mojo and he kicked him in the face and kneed him in the mouth and dealt him a huge uppercut. Blossom, Bubbles, Buttercup and Laney pulverized Mojo into oblivion. Then he grabbed the Powerpuff Girls in his hand.

**Mojo:** ***Fools! You dare to challenge*** **me** ***?!*** (begins walking with the Girls in a fist.) ***Attempt to defeat*** **me** ***?! Try to destroy*** **me** ***?!***

Jared: This is between you and me Mojo. Let them go!

*[Mojo starts climbing a building, in classic King Kong fashion.]*

**Mojo: Never! I** ***, who saved you from certain death?! After all, I've done for you, you betray*** **me** ***?! And*** **why** ***?!***

*[Mojo swipes his hand across a floor of the building, revealing a bustling scene of humanity inside, and parades the girls across the scene as he continues to speak. (The people inside are most likely caricatures of the PPG movie staff as creator Craig McCracken is amongst the group.)]*

**Mojo:** ***For*** **them** ***? The ones who*** **hated** ***you… have*** **forsaken** ***you?*** (continues climbing to the building top.) ***Can't you see? None of them will*** **ever** ***understand you as*** **I** ***can. For we are kindred spirits, whose powers spring from the same source. So girls, do not make me destroy you, for we are smarter! We are stronger! We are invincible!*** **We** ***have the power!*** **We** ***are superior to*** **them!** ***AND WE SHALL*** **RULE** ***! All*** **we** ***have to do is work together. Girls,*** **join** ***me!***

Laney: Don't listen to him girls!

*[At this, the girls' eyes spring open. They seem to think on this for a second, then their brows furrow and their eyes glow as the air around them begins to rumble. Mojo looks concerned as their energy grows. Suddenly, they break free from his grasp in a ball of light, and fly upwards, screaming, causing Mojo's face to go slack with surprise that they managed to break free once more from his grip.]*

**Girls (All):** NOOOOO!

**Blossom:** We'd never join you! And it's *because* (flying, hits Mojo) we are stronger!

**Bubbles:** (hitting Mojo) *Because* we are invincible!

**Buttercup:** *Because*… we have the power! (striking Mojo)

Jared: People like you don't deserve to Live!

**Girls (All):** We have to protect *them* from *you* !

**Blossom:** It's *you* who is to be feared!

Laney: It's you that will never be welcome here! (Kicks Mojo in the eyes)

**Bubbles:** 'Cause you *are* a monster! (She smashes Mojo's dome, revealing his brains.)

**Buttercup:** You *are* evil! (She manages to break a couple of his fanged teeth.)

**Girls (All):** And you are… (pausing)… it!

*[This final push knocks Mojo off balance, and flailing with one arm, the tower he is grasping with the other breaks apart, sending the super-sized simian screaming towards the ground in slow motion.]*

**Mojo:** ***CUUUUUUUUUURSEEEEEEEEEEEEEEEESSSS!***

*[At this point, the Professor jumps in the scene on the ground alone, holding a large beaker of black liquid labeled Antidote X (apparently, finding time to devise, create, and transport the new liquid using the remains of a tattered lab in a matter of three minutes).]*

**Professor:** (rapidly) Girls, girls, where are you? We should try and stop Mojo and I know how! I whipped up an antidote to Chemical X! It will do away with his powers! Girls! Girls! Gi~

*[The Professor looks upwards at the falling Mojo.]*

**Girls (All):** PROFESSOR!

*[The girls rapidly swoop to save the Professor. The beaker of*

*Antidote X is left behind, and breaks open on the ground right as the monstrous Mojo drops on top of it. The liquid issues outward from the impact, steam emanating from Mojo's body, which begins to shrink and spark, until it returns to its original size at the center of the pool. A trumpet plays a small pity song in a bit of humor to mark his deposition of power. The now-normal sized Mojo groans in pain and exhaustion. The Professor and the girls watch over this, and he embraces them.]*

**Professor:** Oh, girls! I'm so sorry for doubting you! You are good! Good, perfect, little girls and I love you!

**Girls (All):** We love you, too!

Jared went back down to his normal size.

Jared: Now to make sure that Mojo never terrorizes the world again.

Jared walks over to Mojo Jojo and points his finger at him and has an energy ball ready to fire.

Jared: See you in Hell, Mojo Jojo!

Mojo saw Jared ready to fire.

Jared fired and Mojo screamed as he was completely obliterated in an instant.

Mojo Jojo was dead.

Laney: Good riddence to bad rubbish.

Blossom: You said it Laney.

Never again will Mojo Jojo terrorize the world.

Mojo's Spirit along with all the monkeys that were killed appeared.

Mojo: We will come back and destroy you all!

Nicole: (Offscreen) Sorry, Monkeys but that's never gonna happen again!

Nicole had arrived.

Nicole: (Pulls out the Book of Vile Darkness) Aldruon Enlenthranel Vosolen Lirus-nor!

The spirits were sealed into the Book of Vile Darkness for all eternity and Mojo Jojo's spirit let out one last scream.

Mojo's Spirit: CCCUUUUUUUURRRRRRRSSSSSSSSSSEEEEEEEEESSSSSSSSS!

Mojo was gone forever.

Nicole: Good riddence.

Jared: Great job sis.

Nicole: Thanks big bro.

Laney: Just in time too Nicole.

Jared then beamed Townsville to Royal York and the city was made part of Royal York, Michigan.

Back at home we all cheered wildly for them.

Me: Great job son.

Jared: Thanks dad. Mojo got what he deserved.

Nicole: He sure did.

Lincoln: Laney you were awesome!

Laney: Thanks big bro.

Blossom (Adult): I forgot how cute we were when we were your age.

Blossom (Young): I never knew that I was going to become this beautiful.

Bubbles (Adult): We grew up into great adults.

Bubbles (Young) We sure did.

Linka then came in and she had an alarmed look on her face.

Linka: Guys you got to see this!

We went into the living room and on the computer I pulled up a strange yet disturbing sight. It was a picture of a creature that was half human, half bat.

Lori: What is that thing?

Luna: Dudes is that Batman?

Me: No that's not Batman. I've seen this before. That's the Man-Bat.

I type in a search and it revealed some disturbing info.

---

Angels VS Bats.

Flash: Hey, Bats. You know that female Man Bat that attacked a while ago?

Batman: Of course. Why do you ask?

Flash: Well, I think you might want to get over here. I'm at the place where that thing attacked. Bring JD and his friends if you have to. I found something that's going to blow your mind.

Flash was currently holding an ID that had the name "Francine Langstrom".

---

On the computer I pulled up a search.

Me: His name is Dr. Kirk Langstrom. He's a Zoologist at Gotham Zoo that specializes in the Study of Bat DNA.

Lucy: That's a strange sight.

Lincoln: How did he become like this?

Me: According to this he invented a strange serum that enables him to become the Man-Bat and it gave him Bat Characteristics. Like all bats he hunts by Sonar and uses sound to find his way. But he's extremely vulnerable to loud noises.

Lana: That's an unusual thing. I may like animals but this guy makes all animals everywhere look bad. No offense Hops. (Hops Croaks)

I get a call on my phone and I answer it.

Me: Hello?

Batman: (On the Phone) J.D. it's Batman.

Me: Bruce what's up?

Batman: We think another Man-Bat is running around and it's not Kirk Langstrum.

Me: What do you mean?

Batman: We think it's his wife Francine thats become another Man-Bat.

Me: Or in this case She-Bat. We're on our way over Bruce. (Hangs up) Okay, Rachel, Lincoln, Paige, Lucy, Laney, Lola, Max Ride, Carol, Maria, Flint, Static, Jimmy, and Harry Potter you all come with me.

Max R: You got it J.D.

Me: Lets go!

We went out to Gotham and met with Batman at the Bat Signal.

We landed.

Me: Hey Bruce, Wally. We got your call.

Batman: Glad you all could make it. We think that Francine somehow became another Man-Bat somehow.

Rachel: That's really strange. How do you think it happened?

Wally: We don't know. It somehow just did and she's been stealing fruit.

Lucy: So it's fruit bat DNA. Wicked.

Flash: If she's that Man-Bat thing, she has no clue.

Static: Me and Ritchie did the same thing to get Tantrum to come to us.

Maria (laughs): Yeah, Thomas told me all about that during one of the times when he was human.

Batman (to Carol): Carol, I heard about what Lois said about Maria.

Carol: I know. But I just got so angry when Lois said that Maria should be in prison.

Flash: If anything, that sorry excuse for a mother is the one who deserves to be in prison!

Batman: Flash is right. (to Maria) You've already redeemed yourselves for your crimes, Maria. If anyone else says otherwise, then they're only kidding themselves.

Maria: Thanks.

Sandman: I also got mad when Lois brought up my dead Sinister Six teammates.

Lola: And I got mad when she brought up me killing Deadshot.

Me: Lois has a way of messing around with peoples emotions. I would call her a true Sociopath with no conscience.

Laney: Me too.

Max R: So how are we gonna find out if Francine is the She-Bat?

Me: We go interrogate her.

Flash: Now you're talking.

Me: Lets go.

We head over to where Francine works and we go in.

Me: Excuse me. Are you Francine Langstrom?

Francine: Yes. The Famous J.D. Knudson and friends. Is there something I can help you all with?

Batman: Well, we found your ID lying around.

Flash: Yeah, it was near the train tracks. Ring any bells?

Francine: What are you talking about? My ID's right… (checks her pocket for her ID)

Maria (opens her hand to reveal Francine's ID): You must've dropped it. But don't worry. My friend Thomas Kim went through the same thing when he dropped his essay test paper.

Static: Thomas is really your friend?

Maria: Of course. In his human form, Thomas was friendly. It's his monster form Tantrum that I had issues with.

Francine (takes her ID back): Look, I don't know what you're talking about. But I was never near the train tracks.

Jimmy: Are you sure?

Francine (starting to get angry): Yes! What are you all trying to say?!

Harry Potter: Easy, Mrs. Langstrom. The last thing we need is for you to go on a rampage.

Francine: A rampage?! Me?! I would never do that! And I don't appreciate any of you coming in and accusing me like this!

Sandman: Ok, let's all take a deep breath here.

Francine (furious): GET OUT BEFORE I CALL THE POLICE!

With that, the heroes leave. Shortly after that, Francine begins to groan as her clothing suddenly gets tight on her.

Francine: Why are my clothes suddenly getting tight? (groans as her teeth become fangs)

I sense something and we went back in and saw Francine transform into the She-Bat!

Me: She IS the She-Bat!

Lucy: That's wicked!

Max R: Let me face her.

Me: Go for it Max.

Mag sprout her wings and pushed her outside and smashed the window and they flew outside and engaged in an aerial battle.

They broke away and Max was facing her.

Max: Now, Francine. You are still in there, are you? You can take a joke, right?

The only response Max got from She-Bat was a roar.

Max: Ok. I think you need to take a nap. (charges towards She Bat)

Robin swooped in and kicked the She-Bat.

Robin: Time for you to rest Francine!

Max kicked She-Bat in the face and Maria encased her in water and left her head exposed.

Maria: Now Francine we can help you. We know you're still in there so you have to trust us.

?: That's right.

Batman came in and with him was Kirk Langstrom.

Kirk: Francine I know you're in there and you can fight this.

Me: Francine we're trying to help you and you have to realize what's going on. Let us help you!

Francine couldn't control her bat nature.

Me: I got the solution. (Chants an Incantation) Icarnit Mescreda Zexdum!

I fire a beam of rainbow light at She-Bat and she started changing back to what she was. She started regaining her human appearence but her clothes were torn and she was barefoot and she had brown bat wings on her back instead of with her hands.

Me: Francine are you all right?

Francine: (Weakly) Oh. What happened?

Me: You were turned into a She-Bat when you got angry at the lab. I cured you with my magic.

Max R: That's right Francine. The nightmare is over now. But you have a gift as well.

Me: My magic gave you a gift that will help out Gotham and Batman.

I form a mirror of Water and she was shocked.

Francine: How did I get these wings!?

Me: It was an effect of my magic. But you became what Kirk became before.

Kirk: That's right Francine. It was because of that mutagen that I became the Man-Bat. You somehow got it in you and became a She-Bat.

I use magic to form a hologram of what she became.

Francine: So that's what I became?

Harry Potter: (British Accent) That's right. We saw how you fought us and it was a formidable sight.

Francine: It was strange. But maybe me and Kirk can help Batman with his ways to help stop crime in Gotham.

Me: And I have just the suit for you. (Snaps fingers)

Francine got a brand new Bat Suit and it was black with light pink. It had a bat symbol on the chest and her wings were on the back.

Me: Say hello to Batwoman.

Batwoman: I like the name. Thank you J.D. But I have so much to learn.

Robin: Me and Batman will be honored to teach you. He taught me everything I know so he can teach you too.

Batman: Thank you both.

Kirk: Be careful honey.

Batwoman: I will Kirk. (To me) Thank you all for helping me. I am forever grateful to you all.

Me: You're welcome Francine.

Kirk: I have to destroy that formula after everything its done to us.

Batman: You better do that Langstrom.

Kirk: I should. But should you all need help we will gladly help out.

Me: Thanks Kirk.

We head back to Royal York.

Another Fanfiction Complete.

I wanted to do a chapter with two themes to this one. NicoChan11 gave me the idea for this one and the lines for it. Thanks for that as usual. Man-Bat and She-Bat were the most unusual villains in the series and that serum really did a number on them not just physically but mentally. Let me know what you all think.

See you all next time.

# The Rise of JD the Nocturnal

It starts in the Dakota City Prison. I was visiting Francis in the courtyard.

Me: So Prison life hasn't been too kind for you hasn't it?

Francis: No it hasn't J.D. Ever since you cured me I've been left with nothing.

Me: Well that happens in prison. But it's never too late for you to redeem yourself.

Francis: How can I redeem myself? I've done so many crimes against you and the city that it goes beyond all understanding.

Me: I know Francis but that was because you were lashing out against the world for the pain you felt at the hands of your family.

Francis: How did you know that?

Me: Your eyes. They do say that the eyes are the window into the soul and they tell everything.

Francis: You're right and I can't argue with that. You're right J.D. My parents hated me and they did all kinds of terrible things to me from age 5 until I today. They hate me with a vengeance and they want nothing to do with me. (Crying) Because of them I became a monster!

Me: It's not your fault Francis. If anyone is to blame it's those monster parents of yours and they need to be punished to the fullest extent of the law. In fact the reason I came here was to ask if you would like to join The Redemption Squad?

Francis: Count me in. I want to change my ways.

Me: Wise choice. Welcome aboard man.

Francis: Thanks J.D. I'm sorry for all those things I did to you.

Me: It's all right man. To tell you the truth it was perfect for me because it made me stronger and got me to protect my friends and loved ones.

Francis: That's cool. Maybe it can do the same for me. You must be really desperate to come to me for help, JD.

Me: Trust me. I didn't want to. But you were Clayface's partner and my great sparring partner over the course of 11 years. It's only fair that we give you the chance to help him.

Francis: True, but how do you know that you can really trust me?

Me: Because if you decide to double cross us, we'll kill you in seconds.

Francis: Fair enough. But now that I don't have my powers, I'll need a weapon.

Me: You can have one of Stewie's flamethrowers and volcano gun.

Francis: Sounds good. Now, where do we start?

Me: Lets go home.

---

We went back home and in the living room everyone was shocked that I brought Francis with me.

Lori: What is he doing here!?

Me: It's all right guys. Francis wants to redeem himself. Just let him explain himself.

Francis explained his horrific background.

Francis: (Crying) And that's why I became who I was! I'm so sorry guys!

William: It's okay Francis.

Leslie: You're not the only one that's been through what you have.

Like you before we became Agony, me and Ashley were savagely abused by our former father. He was a monster.

Meg: And me, Stewie and Brian were abused by the Griffin's.

Stewie: That's right.

Sam: My former parents were merciless to me.

Me: See Francis you're not the only one that went through what you went through.

Francis: You're right man. Thank you. Now I know that I can be helped with this.

Me: That's the spirit. Now we have a job to do. There's some kind of creature terrorizing the zoo in Gotham. Witnesses are saying that it's a werewolf.

Lincoln: A Werewolf!?

Laney: How can that be?

Me: I don't know. But whatever it is it's not good and we need to find out what it is.

Lynn: The Full Moon was 4 weeks ago right?

Me: Yes and the next Full Moon is tomorrow night.

Francis: I want to get Clayface to help us.

Me: That's understandable. He wants to get revenge on Daggett for turning him into Clayface. Max, Rachel, Lincoln, Paige, Redemption Squad, you all come with me. Lola, you gather some dirt on Roland Daggett we can present to the FBI, CIA and Interpol.

Lola: I'm on it J.D.

Me: All right. Lets head out!

We went to Arkham Asylum in Gotham.

Me: Arkham Asylum, home to Gotham's most dangerous criminals.

Lincoln: I've heard about this place. It's considered the ultimate prison in Gotham.

Laney: It's horrible.

Francis: It's hard to imagine that Arkham Asylum is that dangerous.

Me: Yep. And once we set foot in there it's like stepping through the Gates of Hell.

We went into the Asylum and saw some of the most insane nutcases in the country.

Me: Boy these guys are seriously screwed up.

Laney: They are really mentally broken.

Lincoln: No kidding.

We went to the cells and saw Clayface in his cell reading.

Me: Matt Hagen AKA Clayface.

Clayface: J.D. Knudson and friends surprised to see all of you here.

Lincoln: Same here.

Me: We have a strange proposition for you.

Clayface: And what would that be?

Me: How would you like to get out of here and have your revenge on Roland Daggett?

Clayface: That is an offer I can't refuse. But why should I trust you?

Me: Because this will be a chance to not only get revenge but also redeem yourself. After we capture Daggett we're going to send him and his cronies to the most dangerous prison in the galaxy:

(Dramatic Voice) CREMATORIA!

Thunder and Lightning crashes in the background.

Lincoln: What's Crematoria?

Me: It's a Triple-Supermax Prison that's only reserved for the galaxy's most dangerous criminals. The Worst of The Worst.

Scene shows the Planet Crematoria. It's an extremely hostile planet.

Me: Planet Crematoria is an extremely hostile planet located in the Igneon System about 3,700 light-years away from Earth. The planet is considered one of the most inhospitable and most dangerous planets in the universe. The reason for this is because the temperatures are extremely dangerous. The temperature of the day side of the planet is over 700 Degrees fahrenheit and anyone that's on that side will be killed instantly. On the night side the temperature is -300 degrees. One side you burn, the other you freeze. The reason it's so hot on this planet is because of the planets close proximity to it's parent star. I call Crematoria an Earth-size Mercury.

Lincoln: That's awful!

Laney: That sounds like a nightmare world!

Clayface: It sure does. I had no idea such a place even existed.

Me: Yeah. Here's what the surface looks like.

I snap my fingers and an illusion forms and we saw what Crematoria looks like. It was a horrific world that made even Hell itself look like childs play.

Lincoln: Whoa! So this is Crematoria?

Laney: This place is really scary.

Clayface: It sure is. I can't even begin to imagine what it's like here.

Francis: This place is a nightmare.

Maria: It sure is.

Me: It is. This planet makes Hell look like a mere walk in the park compared to it.

Rachel: And this planet is home to the most dangerous criminals in the galaxy? That's horrific. I would call this place a death sentence in its entirety.

Me: You got that right Rach. This place is truly a form of Capital Punishment amplified 200 times.

Venom: You got that right J.D. We are terrified of this place already.

Francis: Me too.

The illusion vanished and we were back in Arkham.

Me: So what do you say Matt. You with us?

Clayface: It's a deal.

I release him.

Maria: I hope there are no hard feelings between us, Francis.

Francis: Nah. I'm actually happy that you got your life back. (to Clayface) How are you feeling, buddy?

Clayface: Right now, I'm happy that I'm getting revenge on Daggett. And I'm even more happy that you're helping me just like the old days.

Me: All right. First we're going after one of his cronies, Professor Milo.

Clayface: I know him. He's the one that gave me the Renuyu stuff.

Me: That's good that you know him. Maybe we can find something to reverse your condition.

Clayface: Nah. I'm good J.D. I know where his lab is.

We follow Clayface to Milo's lab and he lead us into it. It was loaded with all kinds of chemicals, notes and more.

Laney: Look at all this stuff.

Lincoln: Yeah. Lisa would find a use for this.

Rachel: I'm sure she would.

Francis: This is all strange stuff.

I see a beaker full of blue-green liquid.

Me: I wonder what this stuff is.

Lincoln: I don't know. Lisa always performs experiments on us so give it a try.

Me: Okay.

I drink the beaker and it made my muscles grow a little.

Me: Whoa! It's a steroid formula.

But then I got an unexpected surprise when the Full Moon appeared out of the clouds. I was in excruciating pain.

Me: (Groans in pain) What's happening to me!?

I saw my body get all furry and felt my ears get pointy. My eyes become glowing yellow and slit, my teeth become fangs and my fingernails and toenails became claws and I grow a wolf tail.

Me: Whoa! What a rush.

Lincoln: J.D. you've become a werewolf!

Me: I have?

Maria: Yeah see for yourself!

Maria formed a mirror of water and I look at myself and I was shocked!

Me: (Gasp) I'M A WEREWOLF!

Laney: This is so cool!

Rachel: What can you do with this power?

Me: Well my senses have been enhanced and I can hear everything in the city from a long distance away and I can see everything in the dark. Everything I see is all yellow and you guys are all glowing in my vision.

Clayface: That's amazing. What was that stuff you drank?

Me: It was a steroid drink and I think there was something with wolf DNA in it.

Suddenly my new enhanced hearing picked up something at the stadium under construction.

Me: I hear something at the stadium.

Riku: What is it?

Me: It's Anthony Romulus.

* * *

At the stadium Anthony Romulus was with Professor Milo and the light of the Full Moon was causing him to change.

Anthony: (Groans in pain) You fool! There's no telling what the werewolf might do.

Professor Milo: Hey. Ask me if I care.

Anthony changed into a Werewolf.

Professor Milo: Now go. Your victim is waiting.

* * *

Me: (Gasp) Professor Milo has Batman! Lets go!

We hightailed it over to the stadium and arrived to see Professor Milo standing in front of a ruined cabin and Batman was chained to the stadium floor.

I land by him and grab him by the front of his shirt.

Me: Professor Milo. Just the man we've been looking for.

Professor Milo: What!? You're a werewolf too?

Me: That's right.

Professor Milo: Who are you?

Me: Perhaps you've heard of me and my friends on the news.

Professor Milo: (Gasp) J.D. Knudson!? Is that you?

Me: That's right and your Werewolf Steroid gave me a whole new transformation. You can call me J.D. the Nocturnal, Defender of the Night. Rachel tie him up and make sure he doesn't do anything funny.

Rachel: You got it.

Anthony came out and he was a black werewolf.

I kick him in the face and send him crashing into the steps.

We flew down and help Batman.

Me: Are you all right Bruce?

Batman: Yes. Thank to you J.D. But you're a werewolf.

Me: I know. It was thanks to Professor Milo's Werewolf Steroid that I got this form. The Light from the Full Moon awoke it and I look awesome as a werewolf.

Clayface: We got problems guys!

We saw Anthony get up and he was coming at us.

Batman: Who is that werewolf?

Me: That's Anthony Romulus. Professor Milo made him like this through the same formula that made me into a werewolf. I retained my humanity thanks to my powers unlike him.

Batman: (Shocked) That's Tony?

Francis: I'm afraid so Batman.

Lincoln: I can cure him.

Me: Go for it buddy.

Lincoln: (Chants an incantation) **Nukroni Myrontika Fesmona!**

Lincoln fired a bolt of Silver Lightning and it hit Anthony head on and he was made human again and it cured him.

Me: Great job buddy!

Anthony woke up and I held my hand to him.

Me: It's all right Anthony. You've been cured now. It's over.

Anthony: What? J.D. Knudson is that you?

Me: It is.

Anthony: But you're a werewolf.

Me: Yes. Professor Milo's Werewolf Steroid made me this way. My powers allowed me to retain my humanity. I can now transform into this form at will. In this form I'm known as J.D. the Nocturnal - Defender of the Night.

Anthony: That's amazing. Thank you all for saving me from being a werewolf.

Lincoln: You're welcome Tony. I cured you with my lightning magic.

Laney: Lincoln fired a bolt of Silver Lightning and it cured you.

Batman: That's right. It's good that you're all right Tony.

Anthony: Thanks Batman. I'm sorry I tricked you.

Batman: I know. It was because of Professor Milo.

Me: Now we can turn him over to the proper authorities. Also we're going after Roland Daggett.

My phone rang and it was Lola calling.

Me: Hello?

Lola: J.D. I got the dirt on Daggett and it shows that he has done all kinds of Criminal Activity all over not just Gotham but the rest of the world. He's done it all. He stole a huge amount of money, stole chemical weapons, murder, fraud and more and he covered his tracks so the FBI, CIA and Interpol couldn't find him. I showed the dirt to said organizations and they're going after him now.

Me: Good work Lola. We're going to arrest him now. (Hangs up) Lets head out.

We went over to Daggett's building and I kicked in the door and we faced him.

Me: Roland Daggett I presume?

Daggett: That's right. Who are you?

Me: You've heard of me on the news. (I change back to my human form)

Daggett: J.D. Knudson and the Loud's. I've seen all of your achievements on the news from around the world.

Me: It's mutual. I can change to my werewolf form at will now. Also I believe that you know Clayface here.

Clayface: You ruined my life Daggett. It's because of you that I became like this!

Daggett: So the Clay avenger has come for some payback.

Clayface: You may not know me now but perhaps you might know this face.

Clayface became Matthew Hagen before the Renuyu.

Daggett: It can't be! Matt? You're alive?

Clayface: That's right. You did this to me and ruined my life. I'm now a shape-shifting monster because of you!

Me: And now you will pay for it.

I kick him in the face and knock him out.

Me: That was easy. Too easy.

He tried to get up and Francis had his flamethrower pointed at him.

Dagget: Please! Don't kill me!

Francis (lowers flamethrower): Oh, you've got it all wrong. We're not gonna kill you.

Daggett: You're not?

Clayface: No. (grins evilly) But by the time J.D.'s done with you, you'll wish that we had.

The FBI and Interpol busted in and arrested Daggett.

Me: Get him out of here.

They took Daggett away.

Maria: That takes care of that. Francis, Matt, you redeemed yourselves by helping us bring Daggett to justice. Would you like to join the Redemption Squad?

Francis: I'm afraid we have to decline.

Clayface: Even though we got a taste of what it's like to be heroes

I'm afraid that we can't.

Francis: We have to go and serve out the rest of our prison sentences. But it was fun working with you guys. How about we help you guys from the shadows whenever it's needed.

Me: We understand and that would be greatly appreciateed. Thanks buddy.

We shake hands and they went back to their prisons.

Batwoman: You did really good Max. (She playfully punches Max.)

Max: Thanks Francine.

Roland Daggett was found guilty of his crimes and sentenced to eternity in the Crematoria Slam. He will never get out of that prison alive. Professor Milo was found guilty of his crimes and sentenced to Life Without Parole in the Lake Vostok Prison in Antarctica.

THE END

Another Fanfiction Complete.

I got the idea for my J.D. the Nocturnal werewolf transformation from one of my books I wrote at home. NicoChan11 gave me the ideas for the lines for this chapter. Thanks man as usual. I saw Anthony Romulus become a werewolf and it was the scariest thing I saw in Batman. Professor Milo was no doubt one of the most cunning and corrupt scientists in the world. Let me know what you all think.

See you all next time.

# Wars of Science

It starts in Ms. Shrinivas class at Royal York Elementary.

Ms. Shrinivas: (India Accent) Okay Class before we begin I have an announcement to make.

I came in with Lisa.

Me: (In Hindi) हैलो सुश्री श्रीनिवास। क्षमा करें लिसा देर हो चुकी थी। वैन टूट गया तो मुझे उसे स्कूल में ले जाना पड़ा।

Translation: Hello Ms. Shrinivas. Sorry Lisa was late. The van broke down so I had to bring her to school myself.

Ms. Shrinivas: That's no problem J.D. I'm impressed you can speak Hindi.

Me: When you've been around the world as much as I have you tend to learn languages many people don't understand.

Ms. Shrinivas: That's true.

Lisa: Thank you for taking me to school 2nd big brother.

Me: My pleasure Lisa. I got to go to Lincoln's Class to make sure no trouble comes. Have a good day.

Lisa: You too.

Lisa walked over and sat next to a girl named Darcy.

Darcy: Hi Lisa.

Lisa: Greetings Darcy.

Ms. Shrinivas: Now class we have a new student joining our class so please welcome to our class Dexter.

When Lisa saw Dexter she was suddenly struck by Cupid's arrow.

Ms. Shrinivas: Tell the class about yourself Dexter.

Dexter: (Russian-German Accent) Certainly. I'm a scientist and I'm a boy genius that made some interesting scientifical discoveries.

Lisa: (In her head) My heart is beating fast. What is this feeling?

---

At lunch me, Clyde, Lincoln and his sisters and brothers were talking to Dexter.

Me: So Dexter what inventions have you invented that made you a great scientist?

Dexter: Ah I've invented lots of great scientific inventions for the betterment of humanity. But here is my greatest and most prized invention.

Dexter pulled out a case and he pulled out a giant atomic core.

Dexter: This is the Neurotomic Protocore. My most prized invention.

Varie: Wow!

Rachel: That's an amazing invention.

Lincoln: What does it do?

Dexter: This is my most powerful and greatest invention. In the right hands it could bring great prosperity, or terrible misery if misused. The Neurotomic Protocore is a powerful energy source that can give near-infinite energy to any device.

Everyone: Wow!

Linka: This is so cool!

Me: It sure is. May I hold it?

Dexter: Certainly.

I pick up the Core and it was incredible.

Me: This cores power is incredible. It's like I'm holding the God Particle and the Infinitely Powerful Energies of the Universe in my hands.

Dexter: That's a good way to put it J.D.

I hand the core back to Dexter.

Lincoln: What is the core capable of?

Laney: I was just gonna ask that.

Dexter: That's what these plans can tell.

Dexter handed us some blueprints.

Me: Lets see. Wow! An Infinite Energy Pylon, Teletronic Matter Manipulation and Centralized Neurotomic Information Distribution. These ideas can revolutionize the future of Humanity and give us the ultimate jump in our evolution.

Dexter: That's right.

Lisa: These ideas are indeed the next step in our evolution.

Me: If the core is used for evil what will happen?

Dexter: That is the worst part. If used with evil intentions and set to a negative energy emission, it twists the user's mind, granting them near-infinite intellect while draining away both the intelligence of all others who are hit by its energy waves and the life of the surrounding environment.

We all gasped.

Me: So those energy waves from the Negative Neurotomic Energy will make everyone dumber than a sack full of dirty diapers.

Lisa: Eh close enough.

Dexter: That is correct.

Varie: That's horrible.

Aylene: No kidding.

Rachel: Who in the world is gonna cause all that mindless evil?

Dexter: Mandark.

Lana: Who's Mandark?

Dexter: He's my arch-nemesis. His name is Mandark Astronominov. He's smarter than me and he is the antipode of me.

Cody: Like he's an evil you?

Dexter: That's correct.

Me: He sounds like he's really bad news.

Dexter: He is. He comes from the small village of Flowertopia.

Lola: Flowertopia?

Me: I've heard of that place. It's a utopian village where everyone is bonded with nature. It lives on a small island in the middle of Lake Superior 200 miles northwest of here.

I pull out a map of Lake Superior and it had Flowertopia on it.

I point to it's location.

Me: That's the island right there and here's a picture of it.

I pull out a picture of Flowertopia and it was a beautiful place and home to a peaceful tranquil environment.

Lola: Wow. That's a beautiful place.

Laney: It sure is. That sounds like a place I would want to visit.

Varie: Me too.

Aylene: Same here. It looks so peaceful and tranquil.

Lana: But if Mandark was born there, way is he so evil?

Me: He was born there yes but he was made pure evil somehow. Dexter did he have a lab like you do?

Dexter: He does have a laboratory yes and his is much more evil and advanced than mine. Here's a picture of it.

Dexter handed me a picture of Mandark's Laboratory and it was a horrific sight.

Me: Whoa! That is not a lab. That is a fortress of evil and it's scary enough to make any scientist run in fear.

Lucy: Let me see.

I hand the photo to Lucy.

Lucy: Gasp! That is a fortress from the darkness of the Netherworld. But I don't understand all that science stuff.

Shannon: Me neither. But that fortress would be perfect for me.

Me: I'm sure it would Shannon. Dexter does Mandark have any goals?

Dexter: Yes he does. He wants to destroy my Lab, become a better scientist and rule the world.

Me: (Sighs) Just what the world needs. Another Mad Scientist running amok.

Lisa: Let me and Dexter put an end to him for good.

Dexter: I would be more than honored to team up with the famous Loud family.

?: Hi Dexter!

We saw Dexter's Sister Dee Dee.

Dee Dee: I see you made some new friends.

Me: Hey Dee Dee.

Lincoln: What's going on?

Dee Dee: Just came to check on my baby brother.

Dexter: I see you guys have met my stupid sister Dee Dee.

Me: Yep. And Dexter that's not nice. Why do you call her Stupid?

Dexter: She destroys my lab and my inventions and she is a total nuisence!

Me: Well have you thought that maybe she does that because she loves you?

Dexter: I guess not.

Dee Dee: Aw that's all right Dexter.

Me: Anyway Lisa and Dexter will go with Brittney to destroy Mandark's lab.

Dexter: You got it.

Laney: I'll go too.

Me: Okay.

Brittney arrived.

Brittney: Okay guys. You're gonna love my ride. (Whistles)

A horse winnie was heard and a horse made entirely out of blue fire came. It was a Nightmare Horse.

Lincoln: What a horse!

Linka: That horse is awesome!

Brittney got on her.

Brittney: She's a Nightmare Horse. Ever since I was a young girl I've always loved horseback riding. Dexter you want to get on?

Dexter: Sure.

Dexter got on and he was holding on to Brittney tight.

Brittney: Ready guys?

Lisa: Affirmative.

Laney: I'm ready.

Brittney: Lets ride. HYAH!

(B.E.R.'s The Night Begins to Shine Plays)

They were off.

Me: That was cool!

* * *

Maria was in Dakota City and it was there that she's gonna recruit Adam AKA Rubberband Man. She saw him playing his music.

Maria (hugs Adam): Adam! How are you?

Adam (smiles): I'm good, Maria. And I've heard that you've been good as well with your new Redemption Squad team.

Maria (laughs and releases the hug): Glad to know that you've heard about my team. And look at you! A famous musician in Dakota!

Adam: Well, it's always been my dream even before the Big Bang. So what brings you here?

Maria: Well, I was wondering if you want to join the Redemption Squad. I know you might be reluctant since the Metabreed thing didn't work out so well.

Adam: Are you kidding? It would be an honor fighting by your side again.

Maria: That's great Adam. Welcome to the team.

I call on her phone.

Maria: Hello?

Me: (On her phone) Maria would you please help Brittney and Lisa with their mission?

Maria: Sure J.D. what's up?

Me: Lisa and a new student named Dexter are going after an evil scientist named Mandark Astronomonov and shut down his evil lab for good.

Maria: Say no more J.D. We're on our way. (Hangs up) Adam we're heading out.

Adam: Okay.

He donned his Rubberband Man suit and they were heading out.

* * *

Brittney, Laney, Lisa and Dexter were in California and they arrived in Dexter's old neighborhood.

Maria and Rubberband Man arrived.

Maria: Hey guys.

Brittney: You arrived just in time Maria and you too Adam.

Rubberband Man: We wouldn't miss this for the world.

Laney: This is gonna be good.

* * *

In Mandark's lab he was really worried.

Mandark: It's only a matter of time before Dexter and Lisa Loud manage to find me. But I can still save the other villains still out there! (presses a button on his computer) Calling all villains! Does anyone read me?

Mysterio (appears on the monitor): I'm right here, Mandark.

Mandark (shocked): Mysterio?! But I thought Luan and Luna Loud killed you.

Mysterio: Well, I knew that Paul was going to lead me and my Sinister Six teammates to our deaths with his abusive attitude. So before we confronted the Loud Family, I managed to replace myself with a robotic duplicate.

Mandark: That means that it was your robot double that got killed. Anyway, Dexter and Lisa Loud are going to be barging into my lab any minute. So I need you to tell all the villains still alive about the Loud Family and their friends.

Mysterio: It would be my pleasure. Mysterio out. (ends transmission)

Mandark (takes out blaster): Looks like this is my last stand. But if I die here, I'm going down fighting!

An explosion blew a hole into his lab.

KABOOM!

When the smoke cleared there stood, Brittney, Maria, Lisa, Dexter, Laney and Rubberband Man ready to fight.

Brittney: Susan "Mandark" Astronomonov I presume?

Mandark: That's right. I hate that name Susan.

Lisa: I find it very preposterous that your parental units would give you a female name instead of a male name.

Mandark: That's something we agree on Lisa.

Brittney: I don't understand you Mandark. Why do you want to rule over the world with an iron fist? You could've used your scientific genius and brilliant knowledge to help further benefit all of humanity. What a waste of talent.

Laney: But you chose the path of evil. But I can still sense that there's good inside you and it's never too late to change.

Mandark: Never! Come get me!

Brittney: So be it. But it's time to separate you two. (Chants an Incantation) Hexorum Nouterum Firtira!

Brittney fired a blast of darkness at Mandark and a blob of light came out of him and became a female version of Mandark. However this one was filled with purity, good and love. She had long black hair with a pink streak, blue eyes, a red flower in her hair, red summer shirt, orange skirt and yellow sandals. And she was a little shorter than Mandark.

Good Mandark: What? What happened?

Brittney: I used my magic to separate you from your evil self.

Firefish: So that's it. My name is Firefish Astronomonov.

Brittney: It's a pleasure to meet you. I'm Brittney Knudson.

Lisa: Greetings. I'm Lisa Loud.

Dexter: I'm Dexter boy genius.

Laney: I'm Laney Loud. Lisa's big sister.

Maria: I'm Maria Rockell.

Rubberband Man: And I'm Adam Evans. But everyone calls me Rubberband Man.

Firefish: It's a pleasure to meet all of you. Now lets take care of my evil self for good.

Mandark: Just face it! The only way you'll ever beat me is if you somehow activate the self destruct for my lab.

Lisa (finds self destruct button): You mean like this button?

Mandark (eyes wide): No! Don't you dare-

It was too late. Lisa presses the button as they smile cheekily at Mandark.

Mandark: I hate my life.

KRABBBOOOOOOOOOOOOOOOOMMMMMM!

Mandark's lab exploded in a huge Mushroom Cloud and was completely destroyed.

Brittney: Good work Lisa. Now we got to make this interesting.

Brittney pulled out a make up kit.

Lisa: What are you gonna do with that cosmetic kit?

Brittney whispered something into her ear.

Lisa: Oh I understand.

Brittney: We got to make this convincing for the authorities.

Brittney applied make up to her to make it look like she has bruises, bloody cuts and scrapes, black eye, and broken bones. Brittney took out a torn up green shirt and a torn up pair of brown pants. She pulled out a broken pair of glasses.

Brittney: There. Now get ready to put on a performance worthy of an oscar Lisa.

Lisa: Oh they'll get one.

Brittney called the police as Mandark came out. The cops came and Lisa put on a performance that was really convincing as they hid under a rock.

The cops arrested Mandark and he was taken away.

Mandark was finished for good.

They then met Firefish's parents, Windbear and Oceanbird Astronomonov. Brittney gave them an offer to move to Royal York and they accepted.

Mandark was sentenced to life in the Mariana Trench Prison without parole.

Dexter and Lisa went out on a date and it was a grand time for them. They officially became Scientist Boyfriend and Girlfriend.

Another Fanfiction Complete.

I've been wanting to do a chapter where Lisa meets Dexter for a while now. NicoChan11 gave me the idea for this as well as the lines for it. Thanks for that man. Eddie Deezen did a really great job voicing Mandark from 1996 to 2003 and I did this chapter as a tribute to Dexter's Voice Actress Christine Cavanaugh who died somehow. She voiced Oblina, Chuckie Finster, and many more characters. I always thought that Dexter was in kindergarten and was around Lisa's age. He has a German and Russian accent.

RIP Christine Cavanaugh August 16th, 1963 to December 22nd, 2014.

Let me know what you think.

See you all next time.

# Here Comes the Cheetah

It starts at the infamous Legion of Doom Headquarters.

Mysterio: Attention all villains. I have called you here today to bring you grave news.

Captain Cold: Is it about a lot of treasure that we can steal?

Mysterio: No! I'm talking about several of our fellow villains being taken down by the Loud Family and their friends. That's why I've gathered you all here. You all have either two options: prepare to take down the Louds or flee somewhere where they can't find you. That is all.

Doctor Octopus: Thank you for the warning, Mysterio. I'm already planning to form a Sinister Six group with you in it so I'll keep that warning in mind.

Steve (Scooby Doo and the Alien Invaders): Oh, please. I'm not going to let the Louds get in the way of my plan.

Red Skull: If the Louds try anything, I will ensure that they will take their last breaths!

With that, all the villains left the meeting place. But Cheetah and Poison Ivy were having a conversation.

Cheetah: Well, I know what I'm going to do now.

Poison Ivy: And that would be?

Cheetah: I'm going to steal some money. And then, I'm gonna use it to move somewhere where the Louds can't find me!

Cheetah sped off.

---

Cheetah was in Royal York and on the south side of town she robbed a bank of all its money and made off with $500,000,000.00 in cash. Her super speed was fast and she hid through a basement window as the cops were closing in. But what she didn't realize was that she picked the wrong place to hide. She was in the basement of our estate.

Cheetah: I'll hide here for a while until the heat's off.

Lori: (Offscreen) I'm going to do Laundry mom!

Cheetah: Uh oh.

Lori came down with a basket full of clothes and Cheetah hid behind some wood crates.

Cheetah: (In her head) That's Lori Loud. (Gasp) Oh no! I'm in the basement of our enemies!

---

In the Living Room I was watching TV with Lincoln and Varie and Laney were reading bookos when I sensed that we are not alone.

Me: I sense another presence.

Lincoln: Where J.D.?

Me: It's coming from the basement.

We went down to check it out.

In the basement we went down the steps and saw Lori taking care of the laundry.

Me: Hey Lori.

Lori: Hey J.D. I got this strange feeling that we're not alone.

Me: We got that feeling too. Laney can you find out where it is?

Laney: I sure can.

Laney concentrated and found Cheetah hiding.

Laney: AHA!

Laney touched the floor and vines tied up Cheetah and brought her over to us and we were shocked.

Me: (Gasp) Cheetah!? What are you doing in here!?

Cheetah: J.D. Knudson and the Loud Siblings. This is a purr-fect pleasure.

Varie: We would say the same.

Lincoln sounded the Intruder alarm and everyone came down to the basement with their weapons ready.

Lily: Cheetah! What are you doing here?

Lola: You better start explaining or this is not gonna end well for you!

Lana: Well smash your face in!

Lori: You better start talking! Or I will literally turn you into a Human Pretzel!

Cheetah: I was hiding out from the cops until the heats off but I had no idea I was in your house.

Aylene: Why's that?

Cheetah: I recently robbed a bank.

Lila: She's right guys. (Comes back with the sack full of cash) This is the money that was stolen.

Lola counted the money.

Lola: There's $500,000,000.00 in cash here.

Lana saw that the dye packs are missing.

Lana: No dye packs too.

Cody: She's very methodical to not leave any dye packs in there.

Ronnie Anne: She sure is.

Me: This money came from that bank that was robbed 30 minutes ago.

Cheetah: That's right.

Me: Cheetah we have a strong feeling that you were lead down the wrong path. I can still sense good in you.

Cheetah: How do you know that?

Me: I have my ways. You were lead down the wrong path. You were a great scientist right?

Cheetah: That's right. My field was DNA study to enhance the human strength and physique with animal characteristics. But my funding was cut and I was forced to use myself as a test subject by splicing my DNA with Cheetah DNA and I became Cheetah as a result.

Lucy: That is an interesting field of work. It's all stuff I can never understand though.

Lisa: I may be a scientist myself but Genetic Splicing is not part of my fields of science.

Me: Yeah. I take it the splicing didn't work well in your favor did it?

Cheetah: No it didn't. I became an outcast because of it and turned to a life of crime to support my funding.

Me: That's bad. But it's never too late for you to change. You can still make the right choice and set things right.

Cheetah began to realize that she was fighting for the wrong cause. And she broke down crying.

Lola came and comforted her.

Lola: It's all right Cheetah. Just let it all out.

Volcana: Just let it all out Sheila. Let it all out.

Cheetah: Volcana. I didn't know you were helping the Loud Siblings.

Volcana: I was actually redeemed thanks to Argent from the Teen Titans. If I can be redeemed then so can you.

Killer Frost: That's right Cheetah. It's not too late for you.

Venom: **We were redeemed and you can be redeemed too.**

Me: That's right.

Cheetah: You have to cure me.

Me: I have a better idea. I'm going to give you the ability to transform into your Cheetah Form at will. What's your real name?

Cheetah: My real name is Sheila Felus.

Me: It's a pleasure to meet you. Uh boys you may want to cover your eyes.

They did so.

I snap my fingers and she reverted back to her human form. She had blonde hair and she had fair skin and blue eyes.

Lori: Leni, why are you bringing a towel?

Leni: Well, if we're going to help Cheetah, there's a good chance she'll be human again. But she won't be wearing any clothes. I just thought she can wear this towel until we can find her something to wear.

Me: Good thinking. Laney you can untie her now.

Leni gave her the towel as Laney untied her and she wrapped it around her.

Leni: Now lets get you some new clothes Sheila.

Cheetah: Okay.

They went to Leni's room.

Me: Lets go return this money to the bank and explain what went down.

Lincoln: Okay.

We did so and the citizens were grateful for us. Cheetah now has a green shirt with a blue vest, blue denim jeans, blue high heels and a cheetah baret and earrings.

Cheetah: I look awesome Leni. You make a great fashion designer. Thank you.

Leni: You're totes welcome Sheila. It's what I'm good at.

Cheetah: I believe it.

Cheetah was now in the Redemption Squad. She spilled the beans on the entirety of the Legion of Doom and what they are going to do. Luan and Luna were shocked about Mysterio being alive and that they killed a robot in his place during the battle with Paul and the Sinister Six. But they won't be making that mistake again in the future.

Another Fanfiction Complete.

NicoChan11 gave me the idea for this one. Thanks for the idea and the lines as usual man. It didn't tell me what Cheetah's real name was so I had to make it up. This is the first of many chapters in the battles with the Legion of Doom Villains. Let me know what you all think.

See you all next time.

# The Red Lanterns Cometh

Note: This Chapter is gonna have 2 parts

---

The Incredible Angels.

Me, Ben, Lana, Lola, Lila, Terra, Aqua and Riley were in the Simulator doing an exercise.

Varie, Rachel and the Loud Siblings were in the Control Room.

The Simulator activated and we found ourselves in the city of Metroville.

Me: We're in the movie The Incredibles! Awesome!

Lana: I love this movie.

Lola: Me too. It was so cool!

Lila: This is gonna be so cool being in our favorite movie.

Aqua: It sure is. This is gonna be an amazing fight.

Terra: Yeah. I can't wait to see what's gonna happen.

We heard an explosion.

Me: Sounds like the fight's starting without us.

Ben: Lets go see what's going on.

We ran to the park and saw The Incredible Family fighting Syndrome and an army of OmniDroids.

Me: The OmniDroids and Syndrome!

Riley: I'll face Syndrome and you all face the OmniDroids.

Me: Okay. I've been wanted to give you a shot Riley.

Riley: Thanks J.D. Ben be careful.

Ben: I will Riley.

Ben became Jetray.

Me: An Aerophibian from the planet Aeropela.

Jetray: That's right. Lets get them!

We went out and Riley went to face Syndrome. She spread her wings and her emotions came out and surprisingly they have wings too.

Joy: Lets show this madman some Joy!

Sadness: He must be sad. Maybe there's something we can do to help.

Disgust: Ugh I would never wear tights like those!

Fear: I bet he's afraid of us!

Anger: I'll give him a beating he'll never recover from!

Riley: Lets give this guy a buttkicking he'll never forget!

They flew to Syndrome and Riley kicked him in the face and sent him flying and he stopped and saw Riley with her Lightsaber ready. Her Lightsaber blade was pink.

Syndrome: Well what's this? We have a little girl trying to save the heroes? Look girl just head home and play with your dollies.

Riley: You will pay for everything you've done Syndrome. All you are is a frustrated hero fan that's turned into a homicidal megalomaniacal monster!

Syndrome: (Laughs) That's big bold talk. Come prove yo…

Riley kicked him in the stomach and punched him in the face and

Joy threw a yellow orb and it hit Syndrome in the face. Anger punched him in the face and threw a red orb that burned him in the chest on contact like lava.

Anger: People like you make me sick! I will punch you all over until there's nothing left!

Syndrome got up and he fired his Zero Energy from his finger at Riley and she deflected the blasts back at him with her lightsaber. The blasts immobilized him and Disgust wrapped her sash around him.

Disgust: You need to get this out of your system.

She spun Syndrome and he was spinning like a fast top. He got so dizzy that he turned green around the gills and then he went to a nearby trashcan and hurled.

Syndrome: (Vomiting)

Disgust: Ew! (Throws a green orb and it hits him in the back)

Syndrome: (WHACK!) OW!

Sadness headbutt him in the face and hit him in the crotch.

Sadness: Please don't be sad. That's my job.

Riley then entanged him in bramble vines and kicked him high into the air. She then dealt him multiple punches and kicks to his body and he was badly hurt and more.

The vines let him go and he dropped to the ground and was battered and beaten.

Riley: You have no respect for heroes at all.

The fight with the Omnidroids was a rough one.

Violet (crying): Mom was right! We're not ready for this!

Dash: We should've just stayed home!

Jetray: Hey, look at me. You should've stayed home. You should've just gone to school. But who cares? Are you two up for this? Are you? [Violet and Dash stare blankly] Look, I just need to know. Because there are a lot of robots out there and I have a watch that lets me transform into aliens. None of this makes sense. [takes out an Omnidroid] But I'm going back out there because it's my job. Okay? And I can't do my job and keep you two out of danger. Doesn't matter if you're not ready for this, or how old you two are. If you two go out there, you fight, and you protect people. Stay in here, you're good. I'll come back for you two. But if you step out that door… you two are heroes. (Violet and Dash nod) Alright, good chat. (shoots laser beams at Omnidroids) COME AND GET SOME, ROBO JERKS!

Me: (Slashes an Omnidroid) Great Pep Talk Ben.

Jetray: Thank you J.D.

They got back to fighting and destroyed all of the Omnidroids.

Aqua: That was almost too easy.

Elastigirl: It sure was.

Mr. Incredible: Thanks for all your help guys.

Me: It was our pleasure Mr. Incredible. Now we can turn Syndrome over to the proper authorities.

Terra: That's right.

We arrested Syndrome and he was thrown into the Mariana Trench Prison.

I offered the Incredibles a new home in Royal York and they accepted. I beamed Metroville to Royal York. The simulation ended and we came out.

Lana: That was awesome!

Lola: It sure was!

Lila: We sure showed Syndrome!

Me: You were awesome Riley.

Riley: Thanks J.D. we overpowered Syndrome and sent him to prison.

Ben: You sure did. It was awesome.

The Alarms went off.

Computer: Alert! Code Dimension Jump in progress!

Me: Uh oh!

We went to the computer in the living room and on a hologram of Earth it showed us where the Wormhole was at.

Me: It's right over our neighborhood.

Varie: Lets go see.

We all went outside and saw the wormhole over the center of the street.

Out of it came a girl with long black hair and she had black angel wings and japanese school clothes.

I flew up and caught her.

Me: Are you all right?

?: Yeah. Thanks to you.

The wormhole vanished as I land with her.

?: What was that?

Me: You were sucked in through a dimensional vortex from your dimension to ours.

Eion: Whoa! That's weird. Sorry my name is Eion.

Me: Pleasure to meet you Eion.

We introduced ourselves.

Eion: It's a pleasure to meet all of you. As I'm sure you're wondering why I have wings.

Varie: The thought never came to us but yes.

Eion: You see I'm half Firebender, half Havanian. I got my Firebending powers from my father, Fire Lord Zuko.

Me: That's amazing!

Eion: It is. I inherited my Havanian Traits from my mother. She comes from the planet Havania.

Shanan: Havania's 8,000 light-years away from Earth and home to an angel race called the Havanians.

Eion: That's right.

Gwen: That's amazing. Like you I too am half Havanian. My mom is Havanian and I got my traits from her.

Eion: It's good that I'm not the only one.

Aylene: Who's your mother that you got your Havanian traits from?

Eion: My mother's name is Bleez. She's a Havanian Red Lantern.

We gasped.

Lincoln: Bleez is your Mother and She's a Red Lantern?

Me: The Red Lantern Corps govern the emotion of Rage and that is a horrible emotion.

Eion: That's right. My mother in the dimension I come from gave me her Red Lantern Ring. She was dying on her death bed and she gave it to me and made me promise to use it only when absolutely necessary.

Jared: That's a powerful burden. Rage is a very dangerous and deadly emotion. It can destroy your mind to the point of Zero Concious Reasoning.

Nicole: That's right bro. It's what consumed the Evil Sasuke's we killed and imprisoned forever.

Eion: Yes. That's right. I am a Red Lantern but I can only use my powers as a Red Lantern when the time is right.

Cody: Good thinking.

Zoe: Uh guys look! (Zoe Points to the Sky)

We saw some red stars in the sky coming toward us.

Me: Uh oh! We got company!

---

Arrival of The Red Lanterns.

Maria and William were getting Ice Cream.

Maria: Thanks for taking me to get ice cream William.

William: No problem.

They then saw the red lights in the sky.

William: What's that up there?

Maria: Looks like trouble. Come on!

They went to the where the lights are going.

Back at the estate we saw the stars land by us. It was THE RED LANTERN CORPS!

Me: It's the Red Lantern Corps!

Lincoln: So these guys are the Red Lanterns?

Me: That's right. And I know these guys all too well. The big guy is Atrocitus of the Planet Ryut and Leader of the Red Lantern Corps.

Jared: Dex-Starr - a Cat from Earth.

Nicole: Zilius Zox.

Shanan: Vice.

Brittney: Skallox

Allie: Ratchet.

Jessie K: Veon.

Natilee: Haggor.

Eion: And my mother Bleez.

Atrocitus: That's right J.D. Knudson. Your achievements reached us on Ysmault and we wanted to come and see if what we heard was right.

Me: Nice to know that we've made an impression.

Bleez: (Gasp) Who are you young one?

Eion: You may not know me now Bleez but I do. My name is Eion and you are my mother. I am your daughter from another dimension.

Bleez: How can that be?

Eion: You once taught this to me before you died in my dimension. "In love and war the victorious strategist only finds battle…

Eion and Bleez: (In Unison) After the battle has been won and love will find a way."

Bleez: (Gasp) You are my daughter!

They hugged for the first time. For Eion it was 3 years.

Eion: I missed you so much mom.

Bleez: I know.

Atrocitus: What a touching reunion. Now lets fight them.

Me: You want us Atrocitus? Then come and get us!

Me, Varie, Lincoln, Laney, Carol, My Children and Yuko went Super Angel.

Ed became Edzilla and Ben became Ultimate Ben.

Me: Lets dance!

We changed at them except for Bleez who was catching up with Eion.

The fight was brutal and savage. Atrocitus grabbed Edzilla by the neck and then everyone was transported to the nightmarish red landscape of Ysmalt.

Atrocitus: And Twist your minds with pain and hate! (punches Edzilla towards a nearby rock) We'll burn you all! (lets out a contruct of the Butcher and sends it charging towards Edzilla. It hit the strongest of the Eds hard enough to break the rock, and Edzilla was sent flying towards the ground) That is your fate! (flies towards Edzilla and vomits blood at him.)

Atrocitus looked at Edzilla in disgust.

Atrocitus: Pathetic. You claim to be one of the strongest beings on the planet. But look at how easily I've defeated you.

Edzilla (Gets up): Red man hurt Ed! NOW ED RIP OFF RED MAN'S HEAD! (grabs Atrocitus and punches him repeatedly)

The fight was now on Ysmault.

We were 666 light years away from Earth.

Me: So This is the planet Ysmault. This place is horrible. I would call this a death sentence for anyone in the galaxy.

Zilius: That's right. This is Lord Atrocitus' home. Now the base for the Red Lantern Corp.

Me: It's fitting if you ask me.

I fire an energy blast and vaporized him.

One by one we overwhelmed the entirety of the Red Lantern Corps until it was just Atrocitus.

Me: Your corps murdered the entirety of the Blue Lantern Corps in the dimension my ring came from and slaughtered many lives across the galaxy in cold blood. You will pay for all your crimes Atrocitus.

Atrocitus: You are no better than me J.D. You all killed just as many people as we did.

Me: Only because they deserved it. People that kill for their own selfish and diabolical pleasures have no right to live or be among us. They only brought misery and bloodshed to everyone around them and even those that are closest to them. They also brought pain and suffering and they got what was coming to them. Just like you're about to. You kill people for the sheer pleasure of it and to satisfy your own twisted and dark ambitions.

Atrocitus: You are an even bigger fool than what I thought.

Me: Look who's calling the kettle black.

I fire an energy blast at him and blew a hole into his chest.

Atrocitus belched out blood and he was dying.

Me: It's over Atrocitus. The Terror of The Red Lanterns will be silenced forever.

I fired an energy blast and vaporized him completely. All that was left of him was his severed hand with his Red Lantern Power Ring on it.

I use my Blue Lantern Ring to remove the ring and I gave it to

Brittney.

Me: I think you would be perfect for being a Red Lantern, Brittney.

Brittney: Thanks dad. I'll do my best to control it.

I also pick up Atrocitus' mini power battery and give it to Eion.

Eion: Atrocitus is dead?

Me: He is. I killed him and the Red Lantern Corps has been destroyed.

Bleez: Well that's a relief. I have a lot of catching up to do with my daughter.

Elon: Me too mom.

Bleez returned to her normal form before she became a Red Lantern.

Eion: Wow. Mom I forgot how pretty you were.

Bleez: Thank you.

The Red Lanterns were defeated and we went back to Earth. Bleez promised to become a Red Lantern for Good. She joined the Redemption Squad.

After that Lea decided to join the Redemption Squad and he decided to talk to Roxas inside Sora.

Lea: Sorry it's been a while, Roxas. I know I've always got an excuse. But this time, I finally figured out the right way to honor your memory. I know what you're thinking - Lea's gone soft. So what? I'm making sure that Organization XIII and Xehanort never happen again. I've even confessed my feelings for Larxene, or Elena, as she calls herself now. Ironically, she's the best girlfriend and teammate I could ever ask for. But I'll never forget you, buddy.

Roxas was now at peace.

Lincoln: The peace will now go on now that we destroyed the Red Lantern Corp.

Me: You said it buddy.

THE END

Another Fanfiction Complete

NicoChan11 gave me the idea for this and the Red Lantern Corps was considered one of the most ruthless corps in the comics and in the galaxy. Rage is a deadly and destructive emotion that ruins so many lives. The Incredibles is a great movie and Syndrome was by far the worst villain in all of computer animation. Now The Incredibles 2 came out this year after 14 long years. HOORAY! Eion is one of my OC's from one of my books I write at home. Thanks for the ideas Nico. Let me know what you all think.

See you all next time.

# More Griffin Humiliation

It starts in the Living Room of the estate. We were watching TV.

Lincoln: Hey Nicole I wanted to ask you a question.

Nicole: What's up Lincoln?

Lincoln: What is the Malevolent Insanity Jutsu?

Nicole: It takes the target to another Universe of unimaginable horror. Would you like to see it?

Lincoln: Sure.

Nicole: Okay. (Snaps fingers)

The room changed and Nicole, Brian, Stewie, Meg, Lincoln, Laney, Lily and Luan were taken to the Malevolent Insanity world.

Lincoln: Whoa! What is this place?

Nicole: This is the Malevolent Insanity World.

Meg: This place is really scary.

Brian: This kind of looks like the place that I saw when I took those mushrooms.

Stewie: I remember that.

Laney: This place is awful. What does this place do?

Nicole: This whole place is a universe where the very physical laws of nature do not apply and it brings your worst fears to life. Amplifying them 1,000,000-fold.

Luan: That's awful! I can't believe such a place like this even exists.

Lily: It's terrifying.

Nicole: Yep.

Lincoln: There's an evil Sasuke.

Nicole: Yep. What's he's seeing is everything in the Uchiha Clan being destroyed and sent off to the Darkness of the Netherworld.

They saw an evil Sasuke that was sent here and he saw everything about him being tormented and destroyed to an unimaginable and horrific degree.

Laney: That's horrible. But how come we're not feeling the pain from this world?

Nicole: As long as you're with me you're safe.

Lincoln: Well that's a relief.

Nicole: Here's where it gets rough. Watch.

Evil Sasuke saw evil flowers take the shape of the faces of Team Cosmic Dragon and they were destroying his mind with their words with echoing voices.

Nicole: (Echoing) How does it feel to be a worthless loser and a pathetic disgrace? That's all you are Sasu-gay.

Lincoln: (Echoing) You will never be good at anything. All you are is a coward and a worthless thief.

Naruto: (Echoing) I'm glad Itachi killed your family and they can burn in the Netherworld.

Sakura: (Echoing) You will never be a challenge to us Sasu-gay. Go kiss more boys.

Fu: (Echoing) You will never have friends or a loving family. You're a disgrace and a worthless loser you dead last scum.

Juri: (Echoing) How does it feel knowing that you will never match up to us Sasu-gay?

Ami: (Echoing) I don't know what I ever saw in you. All you are is a demon in human skin.

Akiko: (Echoing) Naruto is a much greater shinobi than you ever will be in a trillion lifetimes.

Sasuke: (Echoing) You have disgraced the Uchiha name and you are no longer fit to be a member of my family.

Rin: (Echoing) You are a worthless loser and Naruto is a far greater shinobi than you ever will be.

Yamiko: (Echoing) You are a total failure Sasu-gay.

Itachi: (Echoing) You're still too weak. You don't have enough hate. And you know something, You never will.

Evil Sasuke: NO! I DESERVE EVERYTHING! SHUT UP!

The evil faces laughed at him malevolently and his sanity was being destroyed. Then the Evil Sasuke fell into a pit that lead into the fires of Hell and Nicole's Glowing Red Eyes were what he saw when he hit the lava.

Nicole: That's what happened to him here.

Lincoln: That is really deadly.

Nicole: Yep. That's what happens here in the Malevolent Insanity World. It destroys your sanity to the point of Zero Reasoning. Making you completely unreasonable, unpredictable and extremely dangerous.

Laney: That's a deadly trait this world causes.

Stewie: It sure is.

Brian: I wish we could've used this on Peter and Lois.

Meg: That would've been nice.

Nicole: It would. But then their humiliation would stop forever.

Lincoln: Good point.

Luan: This world is a world of Insanity. (Laughs to Rimshot) Get it?

They laughed.

Lincoln: That was a good one Luan.

Lily: That was funny.

The dimension vanished.

Meg: Glad that's over.

Lincoln: Yeah.

Nicole: That was the Malevolent Insanity world for you.

Me: That world must be really scary Nicole.

Nicole: It sure was dad.

Stewie: It was a scary world and I would say it was fitting for an evil monster like an Evil Sasuke.

Me: It sure was.

The doorbell rang.

Me: The ring is The Seventh Cavalry Charge from General Custer in the Battle of Little Bighorn in Montana. Dad and I installed it.

Luan: That's cool and it rings a bell! (Laughs to rimshot) Get it?

We laugh at that one.

Lori: That was a good one.

Luan: I'll get it.

Luan did so and it was George Beard and Harold Hutchins.

Luan: Hey guys.

George: Hey Luan. (Fistpumps her)

Harold: What's happening?

Luan: We're just talking and watching TV.

George: Cool.

Lincoln: Hey guys.

Harold: What's up Lincoln?

Lincoln: Not much Harold. How goes the new comics?

George: We just finished a new one.

George hands Lincoln a new comic they made.

Lincoln: "Captain Underpants and the Humiliation of the Treacherous Father Farthead and The Mean Old Nagging Witch". This is just like our humiliations with Lois and Peter Griffin.

Harold: That's what we based it off of.

George: We figured it would be perfect for it.

Jared: That's perfect guys. (Watch beeps) Oh it's time for Humiliating the Griffin's some more.

Lincoln: Lets do it! Lucy, Luan, you want to join us?

Luan: You bet Link.

Lucy: Sure. I might as well make them face the darkness.

Laney: Lets get them.

We were just about to walk out the door when we saw The Ed's and with them was everyone in Peach Creek.

Me: Oh hey guys.

Eddy: Hey J.D. We were just on our way to see you and we have our friends from Peach Creek here.

Me: We can see that. Hey guys.

Kevin: What's happening J.D. my man.

We high five.

Me: Not much dude. Looks like the gang's all back together.

Nazz: Yep. We're moving into the housing suberb down there.

Nazz pointed down the street to where the Ed's Live and they were living in where the Loud House was. Everyone but Mr. Grouse moved away and this gave everyone a house there.

Me: Wow. That's great guys. Welcome to Royal York.

Rolf: Thank you J.D. It's great to be apart of the neighborhood.

Varie: It sure is Rolf. Sarah I'll bet Jimmy moving here was the best thing for you.

Sarah: It sure was Varie.

Aylene: We're just heading down to the city square for the humiliation of the Griffin's.

Jimmy: We saw those and they were getting what they got coming.

Nazz: Yeah what they did was not cool.

Me: I agree with you Nazz. You all want to join us?

They all agreed.

Me: All right lets go.

We were walking to the City Square.

Cody: Hey J.D. what humiliation is Chris being given?

Me: Oh his punishment is really bad.

Meg: His punishment is a lifetime of paddling to the point where the bones in his butt show.

Lola: EW! That is gross but fitting for him.

Lucy: Wicked.

Me: Also we're gonna help Lincoln win a contest that his school is having.

Lincoln: That's right guys. It's a video contest. Whoever has the most votes wins an awesome trophy.

Me: It's a gold video camera trophy.

Lori: Oh I see. You're literally going to win the contest with a humiliating stunt from Peter or Lois.

Lincoln: That's right.

Luan: Well just so you know bro, stunts are so last year. Comedy is where it's at.

Me: And we have just the thing for that. Luan can Lincoln borrow your camera?

Luan: Sure. What are you gonna do?

Me: (I hold up a bottle) We're gonna have Peter drink this.

Lori: Brewmeister Snake Venom.

Luna: Dude, that is the strongest beer in the world!

Me: It is. It's 67.5% Alcohol volume and when Peter drinks this he'll be drunk instantly.

Lisa: An alcoholic beverage of that level would cause acute liver failure in exactly 2 hours and 56 minutes.

Me: I know. That's why I'm not gonna give him the whole bottle. Even a tiny shot is enough to get him drunk. This stuff is $50.00 a bottle.

Eddy: That's some expensive stuff.

Me: It is.

Lincoln: But won't Peter be unpredictable if he's drunk?

Me: He will but he'll be easy to control. While he's drunk we're gonna dress him like a ballerina and make him dance in a humiliating fashion.

Lori: Ooh. That's literally perfect.

Me: This is gonna be good! (My eyes glow red)

---

We arrived in the City Square and got the Humiliation underway.

Me: Before we start Peter would you like a beer?

Peter: Oh I could use a beer. Thank you.

Me: You're welcome.

I pour him a glass and give it too him and he drank it.

The Loud kids were snickering.

Peter: Ah. I needed that.

Suddenly Peter got drunk big time almost instantly.

Me: Okay Peter put this on.

Peter: (Slurred) Okay.

He put on a pink tutu and ballerina costume.

Me: Music Maestro!

The conductor played the Blue Danube.

Everyone was laughing at him in his ridiculous appearence and he was dancing so stupidly while drunk and Lincoln was recording the whole thing with Luan's video camera.

Peter was dancing around like a total idiot and then 35 minutes later he fell asleep.

They retied him to the post.

Me: It'll take about two hours for him to wake up. Lets go get some lunch.

Lori: Sure.

Everyone agreed.

We did so at a great pizza restaurant and arcade.

---

2 hours later

We came out of the pizza restaurant.

Lincoln: That was a great pizza.

Me: It sure was.

Kevin: That pizza was great dude.

Nazz: It was delicious. Especially the salad.

Varie: Lets resume the humiliation.

Me: Okay.

Peter woke up.

Peter: (Groans) My head! What the heck did I drink!?

Me: You drank the strongest beer in the world that's what. Now lets resume the torture!

Nazz fired rotten egg bombs at Lois and they exploded on her and she smelled like a pile of corpses.

Lana: That was cool!

Lola: EW! That was g-ross! But it's fitting for her.

Lily: You both said it.

Kevin: Hey J.D. watch this.

Me: Okay Kevin.

Kevin took a special chain and tied it to Peter's teeth and the chain on the other end was tied to his bike.

Me: (In my head) Oh I see what he's gonna do. He's gonna yank all of his teeth out with his bike. Clever.

Kevin: Lets see how you like talking without teeth you fartface! (Laughs)

He gunned it and the chain pulled all his teeth out and he screamed in pain.

Brian (sees Kevin use his bike to yank out Peter's teeth): HECK YEAH! THAT'S HOW IT FEELS!

Sarah (punches Lois in the stomach): How do you feel, "Mighty Lois"? (punches her again) Not so mighty now are you?!

Laney: Ooh! That's got to hurt!

Luna: It sure did Lanes.

Shannon: That is not gonna feel good.

Me: I hope his prison money provides him with dental insurance.

I walk up to him and pull out a mirror and Peter saw that his teeth were gone and he had blood coming out of his mouth.

Peter: (Muffled) MY TEETH!

Lois: (Coughs) You all haven't really changed, have you?! You're all those same bullies that have tormented the Eds all those years ago!

Kevin (chuckles): You're really giving us way too much credit. We became friends with the Eds after the whole Vengeance Express Fiasco. But this isn't about us. It's about you abusing your own daughter as well as your former hometown being corrupt!

Peter: We had every right to do all that stuff to Meg! A girl like her doesn't deserve any friends!

Nazz: You're wrong! It's you and your wife who doesn't deserve any friends! Do you know how long you've abused Meg for?! You're lucky that she didn't end up dead because of it!

Lois: Oh, please! You've done your share of abuse towards the Eds! That makes you no better then us!

Rolf: At least the son of a Shepard and his friends learned from their mistakes! Unlike you, rotten to the core parents!

Sarah: You abusing Meg isn't the only crime that you two did! (to Lois) You shoplifted stuff in stores once! And instead of facing justice, you decided to escape to Asiantown! (to Peter) And don't even get me started on you! You forced Stewie to do a commercial! And for Heaven's sake, you even gave him drugs to keep him going! YOU DIDN'T EVEN CARE ABOUT HOW SICK HE WAS GETTING! And the worst part? You used Stewie's earned money for his planned college fund for yourselves instead!

Peter: Look, we've already been punished enough! So-

Jonny: Are you kidding me?! The way Plank sees it, you two haven't been punished enough! And I agree with him!

Eddy: You tell them guys!

Luan: Yeah!

Lincoln: Luan, thanks for letting me use your camera.

Luan: No problem Lincoln.

Rolf comes up to Peter and he had a hat in the shape of a giant hammer.

Peter (sees Hat of Discipline): What the heck is that?!

Rolf: The Hat of Discipline. Do you live in a cave?! (flattens Peter and Lois with Hat of Discipline) All is forgiven.

Kevin: Well, you might forgive them, Rolf. But the rest of us don't!

Eddy: I remember that hat. That was funny.

Sarah: Lets see how you two like this.

Sarah grabbed Peter and Lois by their underwear and pulled them way up and gave them huge wedgies as they screamed in pain.

We were laughing hard.

Ed: (Laughs) Good one baby sister!

Sarah: Thanks big brother.

Jonny: I got something. Squirt Guns Ready!

We approach them with huge squirt guns.

Lois: What's in those Squirt Guns?

Jonny: I wouldn't want to spoil the surprise. FIRE!

We fired hot sauce into Lois' mouth.

Lois: Gah! I'm allergic to hot sauce!

Me: That's not just any hot sauce Lois. It's made from Capsaicin Extract from the Hottest Peppers on the Planet.

Lois not only swelled up due to an allergic reaction but she screamed and a massive burst of fire exploded from her mouth, eyes and ears.

Yuko, Lola & Lila: We got this!

Yuko, Lola and Lila absorbed all the fire and it made them stronger.

Lois was screaming in pain.

Lois: WATER!

George: Let us cool you down.

George and Harold had hoses.

Me: What are those hoses for?

Harold: It's for that.

Harold pointed to a septic tank.

Me: Oh yeah! Plug your noses everyone.

We pulled out Nose Plugs and put them on and George and Harold fired raw Sewage at Lois and drenched her in unmentionable crud.

Everyone: EEEEWWWW!

Lois: Oh that's disgusting! (Vomits)

We laugh at her.

Luan: That's something suited for that Potty Mouth! (Laughs to Rimshot) Get it?

We laugh at Luan's Joke.

Me: (Laughs) That was a good one Luan.

Eddy: (Laughs) That was funny!

Edd: (Laughs) That was a good joke.

Ed: Oh oh oh! I got something!

Rolf: What is it Bundt Cake for brain Ed Boy?

Ed: Lets do That's My Horse on Peter.

Rolf: Ooh. J.D. you got a jug?

Me: Uh yeah I think so.

I search my pocket and found something.

Me: Aha!

I pull out a Moonshine Jug.

Me: Here we go.

Rolf: Thank you.

Edd: Here J.D. You may need this.

On a music stand was Edd's Encyclopedia of Old World Culture and it had sheet music for That's My Horse.

Me: Hmm. Interesting song. Thanks Double D.

Edd: You're welcome.

I play notes by blowing across the top of the jug and Lincoln plays an accordion and Rolf and Ed dance.

Rolf: That's My Horse!

He slams a wheelbarrow on Lois' head.

CRASH!

We laugh at that and we were rolling on the floor laughing our heads off silly as the song continued and we were hitting Lois and Peter with all kinds of stuff.

Ed: That's my horse!

Ed slammed a trash can full of garbage onto Lois.

BLAM!

Jonny: I remember this song. This was funny!

Kevin: Rolf sure knows how to show a great culture.

Rolf and Ed hit Lois and Peter with everything but the kitchen sink. When the song stopped we were still laughing.

Me: That was a funny song. I didn't know you play the Accordion well Lincoln.

Lincoln: It's a hidden talent.

Lana: Here's a great one for them.

Lana made an animal call and out came a bunch of skunks.

Lois: Oh no.

Lana: Skunk spray ready.

They aimed their butts at Lois.

Lana: Fire!

They sprayed Lois with their horrible stench as she screamed and Lois was drenched from head to toe in Skunk Oil.

Me: Oh that would smell worse than a sack full of puke!

Sarah: Hey Peter lets see how you like this!

Sarah pulled out a bottle of perfume. It was Limberger Cheese Perfume.

Me: Limberger Cheese Perfume!? That cheese smells like rotten socks!

Sarah: It's homemade perfume I made. Double D showed me how to do it.

Edd: You're welcome Sarah.

Linka: Clever Double D.

Sarah dumped the whole bottle onto Peter and he smelled worse than puke.

Ed: Lets see how you like this.

Ed had a hose hooked up to a tank on his back. It was a tank filled with Gravy.

Nazz: Is that tank full of Gravy?

Ed: It sure is Nazz.

Leni: That will totes drench them.

Lynn: It sure will. What flavor gravy is that Ed?

Gravy: Uh it's Mexican Hot Tamale Gravy. (Hands Lynn something) Here Lynn.

Lynn: A Gravy Catalog? I didn't even know such a catalog existed.

Eddy: I remember that Catalog. Ed showed us this when we found out that he was allergic to Butterscotch Pudding.

Me: I had no idea that he was allergic to Butterscotch Pudding and I also didn't know that there were many types of gravy other than chicken, beef, turkey, fish and all that.

Edd: We didn't know it either J.D.

Lynn: I guess you learn something new every day. Ed can I try some of the gravy?

Ed: Sure Lynn. (Hands her a cup of the gravy) Here you go.

Lynn: Thanks.

Lynn drank the gravy.

Lynn: That's tasty stuff and its got some spice in it.

Ed: Yep. Watch this.

Ed sprayed Lois and Peter from head to toe with the gravy and they were completely drenched.

Sarah punched Peter in the face and gave him a bloody nose.

Peter: You are one sick girl you know that? People like you have no love for anyone but yourself and you are a rotten to the core selfish little girl with no love for anyone! You should've been sent to juvenile hall for beating up your brother!

Peter continued to rant on and on and on and on about how worthless and pathetic Sarah is and Jimmy was getting enraged as his face turned red with rage to the point where he exploded with rage and he went ballistic! He charged towards Peter and jumped on him and savagely and ferociously beat him up. Jimmy mercilessly thrashed Peter for 10 whole minutes in a dust cloud and the ground was shaking under the sheer magnitude of the fight and animal sounds and sounds of extreme violence were heard all the way from Flint.

When the fight stopped Jimmy calmed down and he had no idea what happened.

Peter was beatened to within an inch of his life. He looked like he lost a fight with an army of crazed superheroes. Jimmy was shocked at what he did to Peter.

Me: Unbelievable! Jimmy mercilessly destroyed him!

Ed: Now it's my turn. (He becomes Edzilla)

Ed smashed Lois and Peter bad.

Edzilla: No one insults baby sister and lives!

Lois and Peter were hurt bad.

Rolf: I think Rolf and Eddy will do some more harm.

Rolf and Eddy had giant fish to be used as caveman clubs.

Eddy: Remember when we used these fish in that duel Rolf?

Rolf: Rolf remembers that Jawbreaker Ed Boy.

Eddy: Lets make them smell like fish.

They bashed them with the fish and they smelled like skunk, fish and raw sewage.

Suddenly the Gang of Cats appeared out of nowhere and savagely mauled Lois and Peter.

Ronnie Anne: That was clever using the Street Cats for this.

Lincoln: It sure was Ronnie Anne.

Cody: I agree.

Ronnie Anne: Yep.

Me: My turn to have some fun. Lets see if Paul's former Pokemon are better for me than him.

I pull out my pokeballs and threw them and they opened. Out came Ursaring, Aggron, Magmortar, Electivire, Torterra, and Honchcrow.

Me: Cool.

I pulled out a piece of paper and it had their attacks on them.

Me: Okay lets see here.

Magmortar= Rock Tomb, Smog, Flamethrower, and Will-O-Wisp

Honchcrow= Sky Attack, Night Slash, Shadow Ball, and Haze

Electivire= Thunder, Protect, Thunder Punch, and Brick Break

Torterra= Giga Drain, Frenzy Plant, Stone Edge, and Crunch

Ursaring= Bulk Up, Hammer Arm, Focus Blast, and Slash

Aggron= Metal Claw, Metal Sound, Double Edge, and Flash Cannon

Me: Okay. Magmortar Rock Tomb! Honchcrow Shadow Ball!

Electivire Thunder Punch! Torterra Stone Edge! Ursaring Hammer Arm and Aggron Metal Claw!

The pokemon attacked and pulverized Lois and Peter and electrocuted and cut them bad.

Me: Good job guys. Return.

I beam them into the Pokeballs.

May: You're starting to get it now J.D.

Me: Thanks May.

George: Now for the final touch. Mr. Krupp you ready?

Mr. Krupp: You know it boys.

Geroge snapped his fingers and Mr. Krupp became Captain Underpants!

Captain Underpants: TRA LA LA! What's the problem boys?

Harold: We're humiliating the Griffin's over there to make them pay for the abuse they caused to Meg, Stewie and Brian here.

George: Care to help us?

Captain Underpants: Oh you know it.

Captain Underpants positioned his big butt in front of their faces.

Meg: Now lets see how you like having your faces farted in!

Captain Underpants: Here it comes.

He released a massive fart.

FFFFFAAAAAAAAAAAAAAAAAAAAAAAAAARRRRRRRRRRRRRRRRRRTTT

The Fart was so loud that it broke the sound barrier as the scene transits to the galaxy.

Lois and Peter then projectile vomited all over the street as the fart cloud cleared.

Captain Underpants: I hope you learn your lesson about being such bad parents.

He went back to Harold and George.

Harold: Thanks Captain. (Snaps Fingers)

Captain Underpants went back to Mr. Krupp.

Mr. Krupp: That was awesome boys.

George: Thanks Mr. Krupp.

---

Later we got home and the next day we submitted Lincoln's Video online. It received the most ever votes in the contest with a grand total of 10,000 votes and it easily beat the HamsterCam video. Lincoln won the contest and was given the Trophy and he put it in the Trophy Case.

Me: Great Job buddy. We got another trophy for you.

Lincoln: You said it J.D.

We high five.

THE END

Another Fanfiction Complete.

NicoChan11 gave me the ideas for this one and we both came up with all kinds of Cartoon Shenanigans for it. I got the ideas for when Jimmy went ballistic from A Fistful of Ed and That's My Horse from Wish You Were Ed. Those were all funny. This was probably the funniest chapter we ever did. I got the idea for the Malevolent Insanity Jutsu from the episode of Family Guy Seashell Seahorse

Party. Brian had some Psychedelic Mushrooms that made him hallucinate and that part where I got the idea for it was the craziest and most disturbing part of the episode. It was like something out of your worst nightmares. But anyway thanks Nico. Let me know what you all think.

See you all next time.

# The Fear of Sinestro

It starts on the Justice League Watchtower and John Stewart is being accused for something.

Hawkgirl: HAVE YOU LOST YOUR MIND, JOHN?! Using your ring to cause destruction all over a cup of coffee?!

Green Lantern (confused): What are you talking about?

Flash: You going on a rampage in front of that coffee shop! That's what we're talking about!

Superman: Now, I'm sure he had a perfectly good reason. (to Green Lantern) Right, John?

Green Lantern: Yeah. I don't know what you're talking about. I got my cup of coffee 3 hours ago.

Aqua: John's been with me the entire time after that.

Batman: I believe you. It's not like you to use your powers like that.

Wonder Woman (gets out lasso of truth): I'll use my lasso on John just in case. (ties John up) Now, what were you doing an hour ago after getting coffee?

Green Lantern: I've been with Aqua learning about how she got her Keyblade. She's also been explaining to me about the different abilities it has.

Gwen (seeing this situation very familiar): Looks like you're clean.

Green Lantern (Wonder Woman unties him): Now, can you explain why you think I went on a rampage?

Hawkgirl (calms down and turns on TV): See for yourself.

Green Lantern (sees the imposter on TV): WHAT?! THAT ISN'T ME!

Flash: Then who is it then?

Ben: Hang on. I know this scheme.

Superman: You do?

Ben: One of my enemies, Kevin 11, used his powers to shapeshift into copies of my aliens in order to frame me. (to Green Lantern) Someone must be posing as you to give you a bad name.

Green Lantern: That could be the case Ben.

Aqua: But who is it?

---

Me, Lincoln, Laney, Lana and the Mermaid girls are watching the John Stewart imposter on the news.

Lincoln: Why is John Stewart doing all these crimes?

Me: I don't know but this is not right. Someone is obviously trying to ruin his image and frame him for crimes he didn't commit.

Lana: But who is causing this?

I was in deep thought and then I gasp.

Me: (Gasp) Oh no!

Lincoln: What is it J.D.?

Me: So he's doing all this.

Laney: Who is it J.D.?

Me: Sinestro.

Laney: Who is Sinestro?

Me: He's a former Green Lantern I saved from a collapsing building in Denver 4 years ago. He was a Green Lantern at the time. We became friends and he showed me all kinds of planets across the galaxy and it's how I know so much about the Galaxy. But he became powerhungry somehow and he did all kinds of terrible things. He was exiled to a faraway planet and he became a Yellow Lantern and leader of his own Lantern Corps called The Sinestro Corps.

Lincoln: What emotion do they use?

Me: They use Fear. They spread terror and fear throughout the galaxy by invoking fear and terror into even the strongest willed of life.

Laney: That sounds like an organization I wouldn't like.

Lincoln: Me neither. What does he want to do with this organization?

Me: His background is much darker.

I explain his background.

Deemed unfit to wield the power of a Green Lantern by the Guardians of the Universe, Sinestro was brought down by his fellow Green Lanterns, including John Stewart, and stripped of his power ring. At some point, Sinestro obtained his own yellow power ring that was as every bit as formidable as a Green Lantern's power ring, making him more dangerous than ever and a deadly threat to every Green Lantern in the universe. Swearing a blood oath of revenge and vowing to destroy the Green Lantern Corps, Sinestro began hunting Green Lanterns and collecting their rings.

Laney: That's horrible!

Me: Yeah. When I got word about this I was shocked. But I know that there's still good in him. I made it my mission that if I ever see him again I would try and save him from this evil monster that he became. I saved him once and I can save him again.

Lincoln: That's a powerful task.

Lana: It sure is.

Laney: We better call the Justice League and tell them about this.

Me: Right.

The computer pops out and I push a series of buttons and a holographic window appears.

---

Green Lantern: I don't know who would do this to me.

A beep was heard.

Martian Manhunter: We got a call from J.D.

Superman: Put him on.

A holowindow appeared.

Me: Hello Justice League.

Superman: Hello J.D.

Me: I'm sorry to call like this but we have a strong suspicion that John Stewart is innocent.

Flash: How do you know that?

Me: I know who is causing all these crimes and is ruining John's reputation. It's Sinestro.

Green Lantern: Sinestro! I can't believe that he's doing this to me!

Me: Yeah. But I swore that I would try to do everything in my power to save him from this monster that he became. I saved his life 4 years ago and as a token of gratitude he showed me around the galaxy and we have a bond. But when I heard about everything that happened and what he's going to do, I swore to save him from this monster that he became and bring him back into the light.

Aqua: That's a powerful burden. I have a feeling that you can do it J.D.

Me: Thanks Aqua. In the immortal words of my little brother Naruto, "I will never give up and I never go back on my word for that's my ninja way."

Hawkgirl: That's a powerful motto.

Lincoln: It sure is Shayera.

Me: Yeah. Aqua, you, Hawkgirl and John will come with us.

Green Lantern: We're on it.

The call clicked off.

---

Me: Now to go Blue Lantern.

I pull out my Blue Lantern Ring, put it on my finger and say the Oath.

Me: IN FEARFUL DAY, IN RAGING NIGHT; WITH STRONG HEARTS FULL OUR SOULS IGNITE; WHEN ALL SEEMS LOST IN THE WAR OF LIGHT, LOOK TO THE STARS - FOR HOPE BURNS BRIGHT!

I became a Blue Lantern.

Me: All right guys. Lets go!

Lucy: I'm coming too.

Lincoln, Laney and Lana jumped in fright when she appeared as a pipe organ played.

Me: Okay Lucy.

Cleo: Let us come too.

Me: All right then.

I form a bubble that enclosed around Cleo, Rikki, Bella and Emma and we were off. As we arrived in the city Hawkgirl, Green Lantern and Aqua arrived.

Me: Looks like you all made it.

Aqua: We sure did.

Green Lantern: I didn't know you were a Blue Lantern J.D.

Me: I became one 7 months ago.

Hawkgirl: That's interesting.

Lincoln: It sure is.

We saw Sinestro destroy a news stand and we flew in and confronted him.

Sinestro: (As John) So you all came.

Me: You can drop the façade Sinestro.

Sinestro revealed himself and everyone was shocked and they had Green Lantern all wrong.

Sinestro: So you knew it was me.

Me: That's right. Sinestro do you remember me? It's J.D. Knudson.

Sinestro was shocked when he saw me.

Sinestro: It is you. You're now a Blue Lantern?

Me: Yes. I was inducted into the Blue Lantern Corps 7 months ago.

Sinestro: That is surprising. So you embody Hope.

Me: Yes. Sinestro I heard that you became the leader of the Yellow Lantern's.

Sinestro: That's right.

Me: You don't have to do this Sinestro. I saved you from that building 4 years ago. I did so then and I'm going to save you now.

Sinestro: From what?

Me: From this monster that you've become. I know that my friend is still in there and he's a great man that taught me this powerful saying. "Never give up hope and believe in what you charish and fight to protect and your will to protect those that you care about will get stronger."

Sinestro: Yes I did teach you that. And that is something that I will always remember. But those days are done. And it's too late to stop me.

Me: No. It's never too late to change your ways. You still have a chance to change your ways and redeem yourself.

Lucy: That's right.

Sinestro: If you want to save me then try it.

Hawkgirl: Ok. I get how you were able to impersonate John. But I still don't know why!

Sinestro: It's like your pal JD always says. What great power comes great responsibility. And great opportunity. And the only way to own up to all that responsiblity to use every opportunity to get all the power!

Green Lantern: You're sick, do you know that?!

Sinestro: I know. I just don't care. Because it's payback time, Johnny! Everything's 50-50. I do the crime and you and your friends do the time.

Me: We'll see.

Lincoln fired a blast of lightning at Sinestro and Laney entangled him in bramble vines. He broke out and Lucy and Sinestro fired yellow energy and black lightning with a yellow line on the outside of it. The blasts collided and they were both equal in strength.

Lucy: Your way to instill fear is a sick method.

Sinestro: So I have heard.

Lucy's lightning broke away from the yellow energy and hit him in the chest. Sinestro got up and Cleo hit him with a blast of wind and blew him into a building and Rikki fired a blast of lightning and electrocuted him and numbed him. I feared a Blue Lantern stream and removed his Yellow Lantern Ring.

Me: Now to make sure this darkness in you goes away forever. (Reverts back and chants an incantation) Jovornum Syxmenka Torka!

I fired a blast of rainbow light and a blob of pitch black darkness came out of him and separated from him.

Nicole came and she was ready.

Nicole: Never again Sinestro. (Chants an Incantation) Aldruon Enlenthranel Vosolen Lirus-nor!

Sinestro's darkness was sealed into the Book of Vile Darkness.

Sinestro: (Groans) J.D.?

Me: How do you feel Sinestro?

Sinestro: I'm back to my old self. I'm back to what I was when we met.

Me: Welcome back Sinestro.

Sinestro: Thank you J.D. Thank you for never giving up on me.

Me: I had to do what was right to save you from the monster you were.

We both hugged.

Green Lantern: You did really good J.D. and thank you for clearing my name.

Me: No problem John. Lets just say that we saved two lives today.

Sinestro: I want to correct my wrongs and set the Sinestro Corps on the right path of good.

Me: That's a wise choice.

Lana: Lets do it. But where does the Sinestro Corps live?

Me: They live on the planet of Qward and that planet serves as the homeworld of the Sinestro Corps.

Sinestro: That's right.

We then went to the planet Qward. The planet was located 5,900 light-years away from Earth and it was a city planet and what looks like an industrial planet.

Me: So this is Qward.

Lana: This planet is cool!

Laney: It's an industrial factory planet.

Lincoln: I didn't know planets can have environments like this.

Aqua: Me neither. This is so interesting.

Lucy: It sure is.

Green Lantern: This place is every Green Lantern's worst nightmare.

Hawkgirl: It sure is.

Then the Sinestro Corps members came out.

Me: Whoa!

Sinestro: Stand down! They're with me.

Me: I know all these guys.

Sinestro told all of the corps to renounce the paths of evil and chaos and join him in fighting for the side of good and surprisingly they accepted.

The Sinestro Corps was on the path to redemption.

Back on Earth we revealed everything that went down and how it happened. Everyone was shocked and we gained a powerful allie as a result.

THE END

Another Fanfiction Complete.

NicoChan11 gave me the idea for this as well as the lines for it. Thanks for that man. The Sinestro Corps are one of the strangest organizations in the Green Lantern Universe and it's cool. Let me know what you all think.

See you all next time.

# Fandom Pains

[One dark and stormy night at the Phoenix Storm Estate, Brittney, Wednesday, Shannon, Maggie, Raven, Yumi, Lucy, Haiku and Edwin are getting ready to watch their favorite show.]

Spooky TV Announcer: You're watching Fright TV, up next, the season premiere of Vampires of Melancholia.

Lucy: This is it, Edwin. A whole new season of our favorite show, can't wait to watch it, all of us.

Brittney: You said it Lucy.

Maggie: Vampires are my favorite creatures of darkness.

Shannon: Mine too and I am descended from witches.

Yumi: I love vampires too.

[Laney walks in with a bowl of popcorn]

Laney: You know, Lucy. I wasn't quite sure about this show. But I love how artistically tortured these vampires are.

Lucy: Thank you, Laney. It's so nice to have someone in this house who appreciates my passions.

Brittney: (To the viewers) You're probably wondering why would Laney watch a show about vampires? Well, after the day Lucy tried to use spells to get back at the other siblings. Laney has been spending time watching Vampires of Melancholia with Lucy, and has grown to be rather fascinated with vampires. She even thought about going as a vampire for Halloween.

[Just then Lori, Leni, Carol, May and Dawn appear out of nowhere]

Lori: Hey, guys.

Leni: Scoot over.

Carol: We want to watch too.

May: Same here.

Dawn: Yeah!

Lucy: [Frightened, jumps and yelps]

Laney: Oh, hey guys. You here to watch too?

Leni: Yeah! We wouldn't want to miss an episode VoM!

Lucy: First, please don't call it that, second, you guys have never been interested in my show, why are you-?

[Before she can finish, Lori, Leni, Carol, May and Dawn climb over her to look at the screen]

Lori, Leni, Carol, May and Dawn: Ah! There he is!

[On screen, a taxi pulls up in front of the castle, and Blake Bradley comes out]

Blake/Tristan: Woah, this place looks sick.

Lori, Leni, Carol, May and Dawn: [Giggling screams] Blake Bradley!

Goths: Who?

Lori: [Picks Lucy up] Duh, literally the cutest actor ever.

Leni: [Taking Lucy from Lori] Didn't you know he was gonna be a new character on VoM?

Laney: Did you know he was going to be a new character on VoM?

Brittney: No unfortunately.

Haiku shook her head.

The Goths shook their heads.

Lucy: [Gets herself down] DON'T CALL IT THAT!

Blake/Tristan: Yo! Anybody home?

Lori: [Sighs] Why is he literally so dreamy?

[The show changes scenes from Tristan calling for someone, to Edwin coming out]

Leni: Yikes, who's that creepy guy?

Lucy: That's Edwin, the main character.

Brittney: (Points to Lucy's Edwin Bust) That's him.

Carol: Oh.

Blake/Tristan: H-Hey, Uncle Eddie.

Edwin: Tristan, my great-great-great-great grand nephew, this is a surprise.

Laney: Grand nephew?

Brittney: Yeah he's over 300 years old and he has a big family tree that he's seen over the years.

Haiku: That's right.

Wednesday: Life is an immortal and disgraceful mistress.

Blake/Tristan: Looking good, are you sure you're really three hundred?

Edwin: What brings you to Melancholia?

Blake/Tristan: Just thought I'd crash at casa creepy for a while.

Edwin: Well, I must confess, I'm not really custom to sharing my castle with mortals.

Blake/Tristan: No worries bro, I can hang with anyone, now bring it in. Bro hug.

[Hugs his great-great-great-great grand uncle, much to Edwin's discomfort]

Lori: [Sighs] So gorge.

Leni: You can just tell, he'd be a great boyfriend.

Carol: He sure would.

May: He is gorgeous.

Dawn: He sure is.

Brittney: Carol and Lori you two are getting married soon.

Lori: We know. But it can't hurt to admire someone that's so handsome and gorge.

Shannon: Well I'm sending a text to Vince and Bobby just in case.

Shannon pulled out her phone and typed to Vince and Bobby.

Lucy: [From underneath Lori, Leni, Carol, Dawn and May] What is happening?

Brittney: (Sighs) Teen love Lucy.

[Tristan and Edwin walk upstairs, Edwin stops to look at a picture of Griselda]

Edwin: Sigh.

Lori: Wait, who's she?

Lucy: Griselda, the other main character, she's on a quest to the underworld right now, if you guys had watched the show from the beginning you'd-

Leni: [Cutting Lucy off] Why are her teeth all pointy? Wait, his teeth are pointy too.

Laney: Seriously?

Carol: She's cool.

May: She sure is.

Dawn: Yeah.

Lucy: [Jumps up in between her sisters] Because they're vampires.

Haiku: That's right.

Yumi: Yeah.

Raven: They are vampires.

[Slightly less than an hour later, the end credits are playing]

Spooky TV Announcer: Tune in next week, for more Vampires of Melancholia.

Lori: [Sighs] That was literally amazing.

Leni: Totes, this is definitely gonna be our new Friday night thing, Lori, me, May, Carol, Dawn, you guys and VoM.

Carol: Shut up! This is gonna be awesome!

Dawn: It sure is!

May: I love it.

[Lori rubs Lucy's hair as she, Leni, Carol, May and Dawn head upstairs.]

Lucy: It's "Vampires of Melancholia"! [Sighs, and picks up Edwin]

Laney: I know it wasn't the perfect night to watch your favorite show with Lori, Leni, Carol, May and Dawn but-

Lucy: It was horrible! That pretty boy was ruining the show! I had to suffer through those five ogling at him for almost an hour!

Maggie: Lucy calm down. I'm sure it's just a phase they're going through with this.

Shannon: She's right. Bobby and Vince said that they understood as long as it's not in real life.

Wednesday: Good.

Laney: That's true and I agree. That Blake Bradley character isn't exactly my favorite character either. I'm sure he'll be dead after two seasons. But, anyway. Lori and Leni have taken a shine to your favorite show. Like I was when I first watched it. It was scary for me at first but I faced my fear and grew to like it.

Lucy: Is this going anywhere?

Laney: Yes. I'm saying you should try to get Lori and Leni more acquainted to the show like you did for me. I'm sure if they knew what "Vampires of Meloncholia" was all about, they would change their tunes. [Lucy gets an idea]

Lucy: That's it, Laney! I know just what to do…

Brittney: I think I know what Lucy is going to do. And I like it.

[A week later, Lori is marking off the calendar]

Lori: How excited are you for tonight's episode?

[Goes to help Leni, Carol, May and Dawn with the dishes]

Leni: So excited, according to rumors on social media, Tristan's going to turn the dungeon into a gym. Tristan working out, can you even?

Carol: Shut up. I can't even imagine.

May: Me too.

Dawn: Same here.

[They sigh dreamily]

Lucy: [Groans] Let's hope this works guys. [Places Edwin on the table, takes a deep breath, and goes over to Lori and Leni] Hey guys, now that we're all, um, 'VoM heads', you have to join us in all of the super fun pre-show rituals.

Lori: Rituals?

Laney: Yeah, you know. It's what all true vampire fans do before and episdode of VoM. Since you guys are new to the show we thought it would be great if you know how we prepare for a new episode.

The Goths came in with them.

Lucy: Yes, you guys are going to love them. [She dawns an evil grin. Later, the bathroom wall is covered with pictures of vampires] First, you have to look the part, with a full vampire makeover.

Leni: [Observes the photos] Eww, do we have to look so sickly?

Laney: Because vampires always look pale because there undead.

Leni: Ew! I hate dead guys!

Brittney: That's what they are Leni.

Carol: I saw that.

May: Vampires are really cool and it would be awesome.

Dawn: It sure would be cool to be a vampire.

Lucy: Well, it's a really important part of watching the show, but if you're not in to it and you'd just go back to watching "The Dream Boat".

Lori: Don't be ridiculous. Come on, Leni. It'll be good contouring practice, [picks up one of the photos] Look how much their cheekbones pop.

Leni: [Gasps] Good point.

[Lucy growls. Later, just as May, Carol, Dawn, Leni and Lori are finishing up, Lori gets an idea]

Lori: Wait, [runs out of the bathroom, walks back in, scares Leni by wearing fangs and hisses, and giggles] Halloween leftovers!

[Leni giggles, and Lori shoves a pair into her mouth, then a pair of fangs appear in Lucy's mouth]

Laney: Nice, guys! You actually look like vampires.

Carol: We sure do.

May: I look awesome.

Dawn: Me too.

Brittney: Just like me. (Brittney showed her smile and revealed that she had real fangs and her eyes glow red)

Lori screamed and jumped into Carol's arms.

Brittney: I have the ability to change my teeth into fangs. When I embraced the Gothic Subculture, I chose Vampire fangs to make me look like a true Mistress of The Night.

Haiku: Wicked.

Maggie: Wow. That is so wicked.

Yumi: That's neat.

Carol: I look cool as a vampire.

Leni: [Pointing at her teeth, and speaking in a Transylvanian accent] Look, I'm Tristan's weird old uncle.

Laney: Uh, it's Edwin.

Shannon: That's right. I look cool with fangs like a vampire. Hey.

Shannon went to her room and came back with a spider necklace with a blood red gem on it.

Brittney: Nice spider necklace.

Shannon: Thanks Brittney. It's a vampire medallion. And I also have these on.

Shannon had pentagram earrings on with black and red jewels on them.

[Lucy covers Edwin's eyes. Later, they're all in the living room]

Lucy: Next, you have to see the world from a vampire's perspective.

[Lori, Leni, May, Dawn and Carol look at each other in confusion, later… ]

Lori: Uh, this is giving me a migraine.

[They are revealed to be hanging upside down like bats]

Laney: Yeah, it didn't go well with me either. But this how we vampires hang. [laughs] Get it?

Brittney laughed.

Brittney: That was a good one.

Maggie: I agree.

Lucy: Don't you go Luan on me.

Leni: I don't know, guys. All this is giving me a headache. [Lucy smiles, but it disappears when Leni gasps in excitement] Wait, is that my missing jelly sandal under the couch? [Falls down, landing on her head, and checks under the couch finding her sandal] Wahoo!

Lori: [Joining Leni] And my missing ring.

Carol: (Joining them) And here's my missing earrings.

Leni: [Gasps, and reaches under the couch, finding two dolls that looked remarkably like her and Lori] And Lucy, I found your creepy dolls.

Laney: Hey, aren't those your vood-

Lucy: [Angrily takes the dolls] Give me those!

Brittney: Voodoo Dolls. (Pulls out a Voodoo Doll that looks like an associate of Chandler Henderson) They really work but you need a DNA sample like a hair or a drop of blood.

Leni: We should def do this every week, we'll never lose anything again.

Yumi: This is gonna be a long while.

Lucy: [Face palms herself] Sigh. [Later that evening] Next, you have to watch the show as a vampire would, in one of these. [gestures to an array of coffins on the floor, they all get in one]

Brittney: I like floating in a lotus position.

The Goths: Same here.

Haiku: Me and Lucy like the coffin.

Lori: [Holding her sore back] Uh, this provides zero lumbar support.

Leni: [Holding her own sore back] It's also really hard on your back.

Carol: [Holding her own sore back] It is very uncomfortable.

May: It sure is.

Dawn: Yeah.

Lori: I cannot spend a whole hour in this.

[Lucy dawns a fangy smile, but it soon disappears, when Leni gets an idea]

Leni: Wait, I know, [races off, and soon returns] decorative throw pillows, they'll add support, [throws the pillows to Lori and on Lucy and Laney] and a little zhuzh.

Laney: Wow. This makes it way more comfortable.

Lori: Ooh, and we can use the lid to make a fun TV tray.

[Lucy's jaw drops in disbelief]

Brittney: Very clever.

Lucy: Wait, there's still one more ritual. [Runs off, and returns with a pitcher of homemade blood] This is an absolute must, toasting every new episode with a refreshing glass of homemade blood.

Leni: [Horrified, along with Lori] Eww! [Lucy pours Leni a glass] I don't know if I can handle this.

[Tries to prevent herself from barfing]

Brittney: Oh that reminds me.

Brittney pulled out a cooler with a red droplet on it and opened it. She pulled out a pack of blood.

Brittney: Here Lucy. O+ blood fresh from the blood bank.

She handed it to her.

Lucy: Thank you Brittney.

Lucy opened the pouch and drank the blood.

Lucy: Ah. Good blood. He had donuts before he gave it.

Laney: That's amazing how you can taste what's in the blood.

Raven: Being a vampire must be interesting.

Lori: It's literally interesting. But I can't drink blood.

Carol: Me neither.

Lucy: I get that, it's not easy being a fan of this show, I'll understand if you guys wanna bail.

Lori: Wait, [runs off, turns on the blender, and returns with new drinks] beet smoothies, they look just like blood, but now they're delicious and full of antioxidants. Yay.

Laney: Uh, I'll pass on those smoothies.

Brittney: I would like one.

Carol: Thanks Lori.

Leni: Cheers.

Lucy: Sigh.

[Leni, Lori, Carol, Brittney and Lucy toast their cups]

Lori: Ooh, ooh, it's starting.

[Kills the lights. The episode begins with Edwin writing a letter to Griselda]

Edwin: My darling Griselda, how I wish you were here to help me endure this visit from my boorish nephew, he actually asked me if I was a I was a boxers or briefs man.

[Hears crashing sounds coming from the dungeon, goes to check and is shocked that Tristan turned it into a gym]

Tristan: [Playing corn hole] Oh yeah! Yo, Uncle Eddie, wanna play some corn hole.

Edwin: What happened to my castle?!

Tristan: I redecorated it, bro. Put some boom in your gloom, and look, I got you a lid so we can match in the thatch, now how about a selfie with your favorite nephew.

Edwin: I told you, I don't show up in these.

[Tristan takes the selfie, and looks at it, realizing that]

Tristan: Oh right, my bad.

[The episode ends, Lori, Leni, Carol, May and Dawn dreamily sighing, Lucy growling in annoyance]

Lori: [rubbing Lucy's hair as she, Leni, Carol, May and Dawn head upstairs] Good times, Luce. Can't wait for next week. [Lucy groans]

Laney: Yeah, I know. Tristan is really becoming a bother. It's like he doesn't respect the show at all!

Brittney: I agree.

The goths agree.

Lucy: Exactly! Ugh! I've been trying to drive Lori, Leni, Carol, May and Dawn out of watching this show!

Laney: What? Why would you want to do that?

Shannon: I was thinking exactly the same thing.

Lucy: Because all they care about is this meathead mortal! Who is ruining the show! Just like Lori, Leni, Carol, May and Dawn are ruining our nights for us!

Haiku: That's right.

Laney: Well, that's true. But what can we do? It's not like we can get rid of this guy. [Lucy gets another idea]

Lucy: Maybe we can… [Evil laugh]

Laney: I've got to stop giving her ideas.

[The next day Lucy is holding a Morticians Club meeting]

Lucy: This emergency meeting of The Young Morticians Club is now called to order. I have a favor to ask, you guys watch Vampires of Melancholia right?

[The other club members minus Haiku exchange glances]

[The other members stutter in agreement, Lucy is pleased with this]

Lucy: How would you like to help me get rid of him? [Later, Lucy and the Morticians Club are going door to door with petitions, Lucy knocks on one person's door]

Lucy: Hi, I'm collecting signatures to remove Blake Bradley from Vampires of Melancholia. Would you sign? [Later, she and the other club members meet up to compare progress] Okay, pretty good guys, we got forty-five signatures and fifteen pieces of candy from people who thought we were trick-or-treaters.

[Lucy and Haiku smile at each other]

Lucy, Haiku and the Goths: Goth perks.

In Maria's Room Yumi, Raven and Shannon were talking to Maria.

Maria: So Lucy and the Goths are working to get Blake Bradley off of Vampires of Melancholia?

Yumi: Yeah. Guys, I'm starting to wonder if we've crossed a line here.

Raven: Just what are you getting at?

Shannon: Yeah, Yumi. You better not be thinking of ditching us and ratting us out to May, Lori, Carol, Leni, and Dawn.

Yumi: No way! I'm with you all the way!

Lucy: If you're a real Vampires of Melancholia fan, then you know we have to do it. Besides, all of us are doing this plan now. It's too late to turn back.

Yumi: Fine. But don't blame me when everyone hates us for what we've done.

Yumi went to see Gwen. She revealed everything.

Gwen: Oh Yumi, it doesn't matter if they like a certain character in the show. What matters is that you want to spend time with your family.

Yumi: Never thought of it that way. Thanks Gwen.

Gwen: You're welcome Yumi.

[Back at the school]

Lucy: Okay, did everyone finish their protest letters to the studio?

Haiku: Mines a poem. Should we take these to the post office?

Lucy: No, that'll take too long, I have a better idea. [The Morticians Club strap their letters to a swarm of bats] You know what to do Fangs, [petting her bat] and no biting.

[Haiku opens the window, and the bats fly]

[That Friday night, Lucy and Edwin are getting ready]

Lucy: This is it, Edwin. Time to see if our protests were heard.

Laney: Do you really think your petitions will work, Lucy.

Lucy: It has to work.

Brittney: Lets hope so.

Lori, Leni, Carol, May and Dawn: [Prancing into the living room with their beet smoothies, their vampire faces, and wearing pink t-shirts] Who's ready for some VoM?

Lori: Check out the shirts we made, 'TEAM TRISTAN'.

Leni: Don't worry, we made team Edwin shirts for you guys.

[Leni places a black t-shirt on Edwin, and Lori hands the other shirts to Lucy, Laney and the Goths]

Laney: Thanks, Leni. [Takes the shirt, on the show, Edwin and Tristan are eating dinner]

Brittney: Nice. Team Edwin. I feel like I'm in The Twilight Saga: Eclipse with Teams Edward and Jacob.

Shannon: It sure feels that way.

Raven: It sure does.

Tristan: Great grub, Uncle Eddie, but you got any garlic for these fries?

Edwin: Garlic?! Are you serious?

Wednesday: Garlic kills vampires you numbskull.

Brittney: So does Sunlight, Holy Water and Silver.

Tristan: Guess that's a neg. Hey, how 'bout we burn off these carbs with a port meal workout?

Edwin: What?! [Suddenly thinks of something] Or instead of a workout, eh, how about we walk along the misty, slippery, cliffs of Melancholia?

Leni: Mmm, cardio, this should be fun.

Carol: It sure will.

May: Yeah.

Lucy: Yes, it should.

[Evil grin]

Tristan: Dude, this mist is like a built in airbrush filter.

Edwin: [Pretending to care] Careful, Tristan. The cliffs.

Tristan: [Walking backwards with his camera phone] It's cool Uncle Eddie, just gotta take this self- [falls off the cliff] iiiiieeeeeeee… !

[Edwin smiles as Tristan falls to his demise]

Brittney: Whoa!

Shannon: Holy Moonlight!

Lori, Leni, Carol, May and Dawn: [Shocked and upset] What?! Tristan! No!

[They hold each other, teary eyed]

Lucy: [Pretending to be upset] Oh no, not Tristan, the horror.

Leni: [Still sobbing, along with Lori] He was so young, and so cute!

Carol: [Still sobbing] This is a nightmare!

May: [Still sobbing] I can't believe this!

Lori: How could VoM do this?! Sorry Lucy, I literally can't even deal right now!

[She, Leni, Carol, May and Dawn run upstairs, crying]

Laney: Wow, Lucy. I guess your protest really did work.

Brittney: They sure did.

Lucy: Yes. Our voices were heard, should we celebrate with some early halloween candy? [Pulls out three fun-sized candies]

Laney: Um, thanks… [Laney looks up at the stairway and sighs]

Shannon: No thank you.

Brittney: Thanks for the offer Lucy but no thank you.

[A week later, Lucy marks off the calendar]

Spooky TV Announcer: And now, an all new episode of Vampires of Melancholia.

Lucy: [Happily sighs] Blissful solitude at last.

Laney: [sighs] Yeah. I guess so.

Yumi (glares at Lucy): Yep. You, me, our fellow Goths can finally watch a Tristan free show and Lori, Leni, May, Carol and Dawn aren't around to bug us anymore. But was it really worth it?

Lucy: Why are you so sad? You should be celebrating! Tristan is gone and so is Lori, Leni, Carol, Dawn and May.

Laney: Yeah, I'm glad that Tristan is gone. But I'm not so glad that they aren't watching with us anymore.

Lucy: What do you mean? All they care about is halfwit hunk who desecrates Edwin's family name.

Laney: I know. But it was so much fun having them around to watch the show with. Just like it was fun just sharing it with you when I first got into the show.

Brittney: It was fun having them with us.

Lucy: Don't worry guys. We can enjoy our show without them. Oh! It's starting!

[The episode starts. Edwin is eating dinner]

Edwin: Why does something feel amiss? No more selfies, or protein shakes, or dreaded bro hugs, and yet I feel a twinge of remorse. [Lucy looks at her bust of Edwin with disbelief] Yes, Tristan could be a bit of a fool, and his home gym did ruin my marble floors, but he meant well, after all, he just wanted to spend time with, family, [puts on the hat Tristan gave him] and I drove him to his demise.

Lucy: Gasp. [looks at the shirt Lori and Leni made for her] And I am a cold, selfish, sister.

[Edwin runs to the cliffs where Tristan fell]

Edwin: Tristan! I'm sorry! Forgive me, Tristan!

[Edwin cries over what he did, followed by Lucy, who wipes the tears off her face.]

Lucy: I'm sorry, Yumi. You were right. We did go too far.

Yumi (smiles): Apology accepted. It might be too late to get Tristan back. But it's not too late to get Lori, Leni, Dawn, and May back.

Laney: Wow. I never saw it like that. No wonder Edwin misses him. Tristan just wanted to spend time with his family. [sniffs] Kinda like…

Brittney: Lori, Leni, Carol, May and Dawn.

Laney: Exactly.

Lucy: Lori, Leni, Carol, May and Dawn wanted to spend time with us! Guys, Laney, Edwin. I know it's too late to get Tristan back, but maybe it's not too late for my sisters and friends. [Pauses the show and goes to Lori, Leni, Carol, May, and Dawn's bedrooms] Lori? Leni? Carol? May? Dawn?[Sees that they're not there] I guess it is too late, I blew it. [Walks over to the stairs] Sigh. [Walks down the stairs, and sees the door being unlocked, Lori, Leni, Carol, May and Dawn walk in with paper grocery bags]

Lori: [To Leni] So, Lisa wanted my used tissues and-

Lucy: Gasp. Guys will you please watch Vampires of Melancholia with me? I know you probably don't want to now that Tristan's gone, the truth is, I just wanna hang out with you guys.

Laney: [Enters] Me too.

Shannon: Same here.

Lori: Of course we'll watch, Tristan may have been the reason we got into the show, but the reason we stayed is because its been so much fun, sharing it with you guys.

Leni: Yeah, in fact, we were just at the store getting vampire themed snacks for tonight. [Reaches into her bag] I got garlic bread, is that right?

Laney: Actually, garlic is- [Lucy covers Laney's mouth]

Lucy: It's perfect. Come on.

[Runs to the TV. Later the Goths, Lori, Leni, Carol, May and Dawn are enjoying their garlic bread, while Edwin eats his dinner, suddenly there is a knock at his door]

Edwin: Who could that be? A wandering traveler? A door to door salesman?

[Opens the door to find, a very pale, Tristan. The Goths, Lori, Leni, Carol, May, Dawn, Laney, and Lucy's jaws drop in surprise]

Tristan: What's up, Uncle Eddie?

[Tristan hugs his very confused uncle]

Edwin: Tristan? You're back, but how? [Griselda walks in the door] Griselda? You're back too?

Griselda: We crossed paths in the underworld, bringing him back with me was a snap, well, more of a bite.

[They both show their fangs, revealing that Tristan is now a vampire, too]

Lori: [In union with Leni] Yay! Tristan!

Leni: [In union with Lori] Yes! Ah!

Carol: [In union with May] Yeah!

May: [In union with Dawn] Yay!

Dawn: [In union with everyone] He's back!

Laney: Wow, Lucy. I guess your protest didn't work after all.

Lucy: Yes, but it doesn't matter to me anymore. I'm glad.

Brittney: Me too.

Leni: Am I crazy? Or is Tristan even cuter as a vampire?

Lucy: Well, the fangs do help.

[Lori, Leni, Carol, May, Dawn and the goths hug Lucy and Laney, who smiles and hugs them back as the episode irises out.]

---

Meanwhile in an unknown place something evil was brewing.

The cops were running from the Circus Freaks Acid Breath, Frightwig, and Thumbskull.

Thumbskull: Yeah! Who's the boss now?

Frightwig: So long, coppers!

?: Looks like you've all been busy.

Zombozo walk out of a nearby alleyway.

Acid Breath (scared): H-Hey, boss. How's it going? We scared some more people for you and-

Zombozo (grabs Acid Breath by the collar): Great! At this rate, I'll be full of laughter and fear in 10,000 years! (throws Acid BReath to the ground and glares at Frightwig and Thumbskull) It's time I showed you morons how it's done!

Something is coming to Royal York and things are about to get Freaky!

I've been wanting to do Fandom Pains for a while now but I didn't know how to set it up. NicoChan11 gave me the idea for it. Thanks for that and the lines for it. Let me know what you all think.

See you all next time.

# Attack of The Evil Circus

It starts in another part of town down the street from an abandoned amusement. Zombozo and his goons the Circus Freak Trio just scared some more people.

Zombozo (smirks): Clearly, we are the scariest clowns the world has seen. (frowns at his minions) So why is it that you three have failed in giving me enough fear and laughter to feed on?

Frightwig: Give us a break, boss! We're doing the best we can.

They then saw Riley walking down a sidewalk near them.

Thumbskull: Hey! I know that girl!

Acid Breath: Me too! That's the girl Tennyson likes to talk to alot. If I didn't know better, I'd say she's his girlfriend.

Zombozo (grins evilly): You three follow her. And when she's alone, grab her and bring her to me! Then we can work on the next stage of our plan!

Acid Breath: You got it boss.

They did so and Riley was minding her own business.

Riley: (Looks at her foot) Uh oh my shoe's untied.

When she was tying her shoe the Circus Freaks grabbed her and she was taken.

* * *

20 minutes later Me, Rachel, Eion, Lincoln, Lori, Lynn, Laney, Lola, Lisa, Lily, Chione, Ben, Gwen, The Ed's and Luan were walking in the area she was and we found her shoe.

Me: Well here's her shoe but no Riley. It's like she just vanished.

Lincoln: What's that place right there?

Lincoln pointed to the Abandoned Amusement Park.

Lori: That's the abandoned Aeroland Amusement Park. It was shut down 30 years ago because of tax evasion.

Lisa: Also the safety regulations were poorly inspected.

Ben suddenly knew what was going on.

Ben: Zombozo is behind this!

Me: Zombozo? Who's he?

Laney: I don't think I would like this guy.

Gwen: He's a villainous clown that feeds on the emotions of others to make himself stronger. He's an emotion vampire so to speak.

Ben: This time he's gone too far!

Me: Uh oh!

Ben was about to rush in but Ed became Edzilla and Gwen restrained him.

Me: We're gonna need some help for this.

I press the skull on my Punisher Watch.

Punisher: JD. It's been a while since we've last talked with each other.

Me: I wish this was a social call, Frank. But it isn't. One of our friends has been kidnapped.

Punisher: Which one was it?

Me: Riley Anderson. She was kidnapped by an evil clown named Zombozo. And right now, Ben's freaking out. It's taking Edzilla and Gwen to calm him down! If we're going to get Riley back, we'll need your help.

Punisher: Count me in. I haven't killed a major villain for a long time!

Me: Okay. We're at the abandoned Aeroland Amusement Park that was shut down 30 years ago.

Punisher: On my way.

Me: Ben calm down! Zombozo will pay for this I promise you. But getting angry about it won't help anything.

Ben: (Calms down) You're right. Lets go.

We go into the park and the Punisher was with us.

Laney is Shaking in fear.

Lincoln: Laney I know you're scared but you got to try and focus.

Laney: I know Lincoln. But I've always been scared of clowns since I went to the circus when I was 6.

Luan: It's okay Lanes. I promise we'll get through this together.

Laney: Thanks guys.

Me: He's in the fun house. I can feel it.

Ben: Me too.

Thumbskull: Hey!

We turned and saw the Circus Freak trio.

Ben: Circus Freaks. It's been a while. I thought you were in a ditch somewhere.

Acid Breath: Very funny Tennyson.

Frightwig: If you want to get to the boss you have to get passed us.

Thumbskull: And that won't be easy.

Me: All right then. Ben, you and Laney go after Zombozo and we'll handle these atrocities of nature.

Ben: You got it and I know just the alien for when I face him.

Laney: Okay.

They did so and we split them off and fought the freaks.

---

WARNING: THE BATTLES ARE GRUESOME, BLOODY AND HAVE DEATH. READ AT YOUR OWN RISK.

Battle 1: THUMBSKULL

Edzilla, Punisher, Lincoln, Lily, Me and Lynn were fighting Thumbskull.

Edzilla: ED AND PUNISHER SMASH PUNY NUMBSKULL!

Thumbskull: It's Thumbskull, you idiot!

Punisher (to Edzilla): You can do the smashing, big guy. I'll do all the shooting!

Me: As Thing of the Fantastic 4 says It's Clobbering Time!

I punch Thumbskull in the face and Lynn threw a big rock into his chest and sent him crashing into a stand.

Thumbskull got up and Lincoln fired a blast of lightning at him and electrocuted him to where he was numb.

Edzilla smashed him into pulp and Lily fired high power glowing water blast and it sent him crashing into another stand.

Punisher: People like you deserve to die.

The Punisher fired multiple shots into Thumbskull and killed him instantly.

Me: Burn in Hell Thumbskull. Great shooting Frank.

Punisher: Thank you J.D.

---

Battle 2: ACID BREATH

Lori, Eddy, Luan, Lisa, Chione, Gwen and Eion were facing Acid Breath.

Acid Breath blew acid at Lori and she fired a blast of wind at him that blew him into the wall.

Acid Breath: You are really starting to annoy me.

Lori: You mouth is literally the most disgusting I've ever seen.

Lisa: Your oral hygiene is the most atrocious thing I've ever seen.

Luan: It sure is. Your mouth is one that really ruins the Tooth! (Laughs) Get it? But seriously you are a disgusting freak.

They laugh at Acid Breath.

Eddy: (Laughs) That was funny!

Lori: That was a good one.

Chione: It sure was.

Eion: You actually look like You came out of the rear end of a rotten moose corpse.

They laugh at him some more and he was enraged.

Eddy: Actually he looks like he came out of Ed's rotten gym bag!

Gwen: (Giggles) That was funny.

Acid Breath: I will kill you all for turning me into a joke!

Eion did some Firebending stances and just as Acid Breath was about to fire a huge blast of acid, Eion fired a huge blast of fire from her hand and it went into his mouth and it ignited the acid inside him and he exploded into neon blue fire. He was screaming in excruciating agony as he was on fire.

Lori: Whoa!

Lisa: Whoa is right! His body has sulfuric minerals in it and when it was exposed to high temperatures it ignited.

Eion: I learned about all this in Chemistry Class.

Lori: We saw this in Ethiopia on our global vacation. When Sulfur is set on fire it burns with neon blue fire.

Acid Breath suddenly exploded all over the place as a pile of flaming embers.

Eddy: That's it for him.

Luan: It sure was.

Chione: I can't believe that he was made of sulfur.

Lisa: I would call that a death sentence waiting to happen.

Lori: Me too.

---

Battle 3: FRIGHTWIG

Edd, Lola and Rachel were facing Frightwig.

She flung her tentacle hair and the wrecking balls on the ends were powerful. Lola fired blasts of fire and Edd fired lasers. She dodged them and Rachel swooped in and tied up her hair.

Edd: Frightwig don't you realize that what you're doing is wrong?

Frightwig: You can never begin to understand what my life was like growing up as a child. All my life I was made fun of because of my appearence and my parents hated my guts because of it! I got the nickname Frightwig because of it.

Edd: Oh my lord!

Lola: You're wrong about that Frightwig. We've met people that have had their lives ruined because of bad parenting, tragedies, nightmarish events and all that. They were scarred for life because of it and they either turned to a life of crime or didn't show their dark pasts by feigning happyness.

Edd: That's right. I have a very high IQ and like you I have something that would make me what you are.

Frightwig: You do?

Lola: He does and I will never forget that sight. (Shudders) I'm sorry Double D.

Edd: No worries Lola. It's true. Let me show you.

Rachel: What is it?

Lola: You don't want to know Rachel. So you better look away.

Rachel: Oh I see.

Lola: J.D. Double D is gonna take off his hat!

Me: Thanks for the warning Lola!

I form a dome of darkness to block out the disgusting sight of Edd's unmentionable hidden feature and Lola and Rachel turned away as Double D took off his hat. Frightwig was sickened by the sight of it and she went to a nearby trash can and threw up. Double D put his hat back on.

Edd: You can look now guys.

The Dome of darkness faded and we looked again.

Frightwig: (Vomits) That was so disgusting!

Lola: Sorry you had to see that.

Frightwig: It's all right. But I stand corrected.

Me: But anyway Frightwig what you're doing is wrong and you got to realize what you've been doing all this time. You've been scaring people and doing all kinds of crimes. I know there's good in you. You've been keeping it hidden all this time. You've got to reach deep into your heart and erase those negative emotions and this monster that took over. What's you're real name?

Frightwig: Selena Helena.

Lincoln: It's a pleasure.

In the depths of her subconcious Frightwig was surrounded by a horrible cloud of darkness that left her isolated and completely cut off from the world.

Frightwig: I don't know if I can. What should I do?

Lola: You'll have to find the answer to that question on your own. Selena this isn't the right path to choose in life because of your hatred and resentfulness towards your family and enemies. You have to find a way to bring those people that destroyed your life to justice.

Lincoln: She's right. Before J.D. came my life, living with 11 sisters was really rough and it was a constant struggle and it was also a constant war. But J.D. and I have been through it all like brothers and that bond grew and grew into a powerful force that joined our families together and he helped my sisters realize that they had problems that made them into better people. He essentially became the light at the end of the tunnel.

Lisa: That's right. I am a scientist and I thought that emotions were a meaningless trait and I didn't show them hardly at all. But J.D. helped me realize that they are an important part of who I am.

Lynn: I am a sports master and I was an extremely competitive person that only wanted to be number 1 in everything in the world sports. I would always bully Lincoln to get him to man up and he did. But I did all that because I love him. J.D. helped me realize that there are other ways to help him without the use of physical force.

Lola: Yes. I'm a pageant queen and before J.D. came I was a selfish little brat that only thought about no one but herself and was a total tattle-tale. I would get into fights all the time and all that. But J.D. helped me realize that being all that can have some disasterous punishments.

Lori: And I am the eldest of the Loud Siblings and before J.D. came I literally was a selfish, self-absorbed and pushy girl that would always try to get what I wanted because of my age as the eldest. I would push people out of my room and threaten them and I always thought of myself as nothing more than an overzealous tyrant. But J.D. came and he made me realize what was wrong with me and he made me into a better person.

Lincoln: That's right Selena. It's never too late to change who you are for the greater good and protect everyone that you care about.

Selena: I think I understand now.

Lori, Lincoln, Lynn, Lola and Lisa reached out and Frightwig took Lincoln and Lori's hands and she was enveloped in a blinding white light.

A blob of pitch black darkness left her and her skin color was now fair.

Frightwig: I feel better than ever. I can't believe that I was a monster.

Lola: It's not your fault Selena.

Lincoln: Guys look!

Lincoln pointed to the blob of darkness and we were shocked.

Me: That's the darkness that poisoned your mind because of everything that you went through.

Lola: That's a horrible feeling.

Eion: It sure is. I can't believe that was inside her and was causing her to do this.

Punisher: I think it was her hate and resentment towards her parents that lead her to do this.

Me: Looks like you got two new targets after this is over Frank.

Punisher: I sure do.

The darkness in Frightwig's heart vanished and was gone forever.

Me: That's it for that. Now lets find Zombozo.

We went into the fun house.

---

## Battle 4: ZOMBOZO

10 minutes earlier as the fight was raging on, Ben and Laney were walking through the fun house.

Laney: I'm not scared of clowns. I'm not scared of clowns.

Ben: It's gonna be all right Laney.

They got into the biggest room in the Fun House and they saw Riley tied up in a chair and gagged.

Ben: Riley!

Zombozo: Welcome Ben Tennyson!

He came out and he was ready for them.

Ben: It's been a while Zombozo.

Zombozo: That it has Ben. I kidnapped your friend here as part of my plan to get revenge.

Laney: Revenge? For what?

Zombozo: He ruined my first plan when we met and now I'm going to return the favor.

Ben: We'll see about that. When you kidnapped my girlfriend you sealed your fate. This time you will die Zombozo. I will get the last laugh forever!

Ben turned into Ghostfreak.

Ben: **GHOSTFREAK!**

Zombozo: Like I said before kid. I sell the tricks. I don't buy them.

Ghostfreak: **I just figured out that there's something I'm even more afraid of than you.**

Ghostfreak fired a blast of dark energy from his hand at Zombozo and it blew his whole left leg off and then he punched him in the face.

BLAM!

Ghostfreak became invisible.

We arrived at the scene.

Me: Are we in time to watch the fireworks?

Laney: You sure are.

Ghostfreak: **Losing my girlfriend to some goofball emotional vampire that deserves to die. In other words…**

Ghostfreak appeared behind him and punched him in the back of the head and then punched him in the face.

Ghostfreak: **You're forever damned and going down Clown.**

Me: Ben's an Ectonurite.

Lori: So that's an Ectonurite.

Lola: Lucy would love that alien.

Laney: She sure would. (Gasp)

Laney suddenly realized that clowns were made to make people laugh and never scare people and that their jokes are funny. Her face then became full of courage and determination. She ran and unsheathed her sword and she jumped into the air and slashed off both of Zombozo's arms and he screamed in excruiciating pain and she punched him in the stomach with devastating force and he belched up a huge amount of blood.

Laney: It's clowns like you that give clowns at circuses everywhere a really bad name!

Luan: Well said Laney!

Lincoln: She conquered her fear of clowns!

Lola: She sure did!

Lynn: Way to go Lanes!

Lori: I'm happy for you Laney.

Laney: Thanks guys.

Ghostfreak: **Great job Laney. Now to finish you off Zombozo. Never again will you mess with my family or anyone elses.**

The Punisher fired a barrage of bullets into Zombozo and killed him and Ghostfreak fired a huge blast of energy that completely obliterated him in an instant.

Ghostfreak: **Whoa! Now that really freaked me out.**

Ben reverted back and he cut Riley free and ungagged her.

Riley: Oh Ben!

She hugged him and cried hard.

Ben: It's okay Riley. It's okay.

Me: Zombozo and his cronies have been killed and Frightwig has been Reformed. Great job guys.

Lincoln: Thanks J.D.

Me: We rescued Riley and Zombozo's Funhouse from Hell has been shut down for good.

Frightwig: That's right.

Eion: You said it.

Me: Thanks for helping us Frank.

Punisher: No Problem J.D.

We went back to the Estate and revealed everything. Frightwig was now on the Redemption Squad.

THE END

Another Fanfiction Complete.

NicoChan11 gave me the idea for this chapter and the lines too. Thanks man as usual. Zombozo on Ben 10 was probably the most disturbing villain in the series from 2005 and 2016. The freaks were just as bad too. Let me know what you all think.

See you all next time.

# Cult of The Wolf Moon

WARNING: This Chapter is gonna have some gruesome scenes in it. You have been warned so read at your own risk.

---

It starts in the evening at the estate and we were watching the news reports.

News Reporter: In world news, the mysterious werewolf hero J.D. the Nocturnal has struck again. This time in Germany. He rounded up thieves stealing money from a bank. They were arrested and brought to trial.

Luna: Dudes this J.D. the Nocturnal must be J.D. I'm sure of it.

Luan: What makes you say that?

Luna: Think about it Lunes. He's J.D. here.

Me: You're right Luna. It is me. Let me show you.

I get up and I growled and become J.D. the Nocturnal.

Me: Here it is guys. I'm J.D. the Nocturnal.

Laney: He got this form from when we arrested Professor Milo.

Lisa: It was a special steroid formula that he calls the Werewolf Steroid. It's a mixture of anabolic steroids and Canis Lupus Estrogen.

Lucy: Wicked.

Maggie: It sure is. I like werewolves and vampires and this form is amazing.

Haiku: It sure is.

Lori: It literally is.

Luna, Sam, Luan, Lynn and Becky came and they were swooned over me and I was purring like a cat.

Me: Ooh. I never knew I was this attractive to the ladies. (Romantic pur)

Lana: Wolves are part of the dog family and they don't pur.

Me: I know Lana.

Lana's wolf friends came and howled and I howled with them.

Me: Uh oh!

I revert back.

Lori: What is it J.D.?

Me: I sense trouble in Paris.

Laney: What's going on in Paris?

I concentrated and sensed that a cult of werewolves are going to kill a bunch of American's in a deadly massacre by using a party for the 4th of July as a ruse.

Me: We got to get over there. Those people are in grave danger. Varie, Lori, Lucy, Lincoln, Linka, Paige, Maria, May, Alexis, She Hulk, Ben, Gwen, Sailor Mars, Yumi, and Tara, you all come with me.

Lori: We're on it .

Me: Ben how's Riley doing?

Ben: She's still shook up from the whole Zombozo incident.

Laney: I'm staying with her to make sure she's okay.

Me: Good idea Laney. Lets roll.

We set out for Paris.

---

We arrive in Paris, France and we joined the party.

Me: Here we are guys.

Sailor Mars: This is gonna be good.

Ben: These people are all in grave danger.

Gwen: We have to kill these guys at all costs.

Paige: That's right.

We went into an abandoned church and the doors closed. We were accompanied by a man named Andy McDermott and a woman named Serafine Pigot. They saw us.

Andy: You're J.D. Knudson.

Me: That's right and you are?

Andy: My name is Andy McDermott and these people are all in terrible danger.

Me: We have a feeling they are.

Hooded figures came out. They looked like monks from a cult. The lead pulled down the hood and it was a man named Claude.

Claude: Welcome Americans and may I say that you all have good taste.

Andy: Don't listen to him guys!

Andy stood up and tried to warn everyone that they were in grave danger. But everyone but us didn't believe him.

Ben: If you won't believe us then believe a transformation.

Ben became Blitzwolfer.

Ben: BLITZWOLFER!

Gwen: I thought you named that form Benwolf.

Blitzwolfer: Well, I decided to change the name. Benwolf sounded boring.

Me: A Loboan. Interesting form.

Claude: So you're Ben Tennyson.

Blitzwolfer: I sure am.

Me: He's not the only one that can go Primal.

I transform into J.D. the Nocturnal. Everyone was shocked.

Claude: You're the famous werewolf hero!

Me: That's right.

The hooded men injected something into them and they started to change.

Me: Uh oh. Lets see how my werewolf form affected my powers.

I fired a blast of energy at the wall and blew a whole in the wall.

Me: Everyone you have to get out of here. You're all of terrible danger. These people are going to kill you.

They believed me and they ran for their lives. The monks became WEREWOLVES!

Me: Lets dance!

The people were running for their lives as a huge bloodbath. Werewolf blood was splattering everywhere and severed limbs and heads were flying. The werewolves were dead until it was just me and Claude.

Me: You killed so many people Claude. You and your followers brought nothing bloodshed and carnage to the city of lights. Now you all will die!

Claude: We'll see.

He started changing.

He became a werewolf and we got into a vicious fight. I was dodging all of his attacks and I kicked him in the face and slashed his face and punched him in the mouth and knocked out a tooth.

The fight was too much for Claude and he turned back.

Me: Now it's time for you to die.

I plunge my hand into his back and rip out his beating heart and killed him.

Me: Andy. Eat his heart but you'll need this.

Andy took the drug and he became a werewolf and I tamed him and he ate the heart whole.

He howled in victory.

I used my magic to make Andy and Serafine use their werewolf forms at will and they can become like me. He and Serafine became a nocturnal werewolf team.

THE END

Another Fanfiction Complete.

I saw the movie An American Werewolf In Paris from 1997 and it was a strange movie. It's the sequel to An American Werewolf in London from 1981. NicoChan11 gave me the ideas for the lines in this one. Thanks for that man. The fight and the music was awesome. Let me know what you all think. I'm sorry if I scared you all.

See you all next time.

# Never Play With Fire

It starts with me and Lincoln walking up to his room when we noticed something unusual on the doors of each of the rooms.

Me: Huh? What's this?

It was a piece of paper that had a new set of rules on it laminated and taped to the doors.

I take the piece of paper off and read it.

Me: (reading)

*"GROUND RULES FOR PAGEANTS, CONCERTS, COMPETITIONS AND PERFORMANCES:*

1. Every sibling and friend has the right to refuse an invitation to any other sibling or friends event, for whatever reason.

2. If you are concerned that someone is blowing you off, you can bring the matter up at the next sibling meeting, or bring it up to Mom and Dad.

3. Under no circumstances can a sibling be denied an invitation on the grounds of being 'bad luck'.

4. No matter what happens, you will never be kicked out of the family."

These rules are perfect.

Lincoln: They sure are. Now I feel like I can have some free time.

I knock on Lynn's door.

Lynn: Come in.

We go in.

Me: Hey Lynn.

Lynn: Hey big bro and little bro.

Me: We found these rules on the doors. Are they brand new?

Lynn: Yes they are. We just put them up after the sibling meeting yesterday.

Me: You don't say. I was out on a mission for Lady Hokage in stopping terrorists over in Nigeria so I missed it.

Lincoln: And I was over at Clyde's that day.

Lynn: That's okay bros.

Lincoln: What brought this on?

Lynn: You remember that nightmare I had that was a vision of the future?

Me: (Nods) Mm-hmm.

Lincoln: You told us about it and realized that your superstitions were stupid.

Lynn: Yes. I was having thoughts about that and in the next sibling meeting I invented these rules to make sure that never happens.

Me: Well these rules are perfect so it's good you all came up with them.

Lincoln: It sure is.

I put the rules back on the door and we went into Lincoln's room and just as we were about to play some video games Lana came upstairs and knocked on our doors.

Lana: Guys! Something terrible is going on in Gotham you got to come see this!

In the swimming pool Maria was in the pool swimming and Kevin and Nazz were there too.

Kevin was looking at Maria and Nazz was getting Jealous.

Nazz: Kevin I'm your girlfriend remember?

Kevin: Oh yeah. Sorry Nazz.

Nazz: That's all right.

Lana came into the pool.

Lana: Maria we got big trouble in Gotham!

Maria: Uh oh!

---

We rush down to the living room we saw on the television that most of Gotham City was on fire.

Varie: Oh man! Gotham is burning!

Aylene: What in the world is causing this?

Lola: I think he's doing it! Look!

We saw a figure flying around firing lasers and they're setting some stores on fire and explosions were blowing them all apart into fiery rubble.

Laney: Whoa! That is a true Fire Bug.

Me: That's no ordinary fire bug Laney. That is Garfield Lynns A.K.A. Firefly.

Lola: Who is Firefly?

Rachel: I remember him. Garfield was the pyrotechnics and special effects master for pop star singer Cassidy. Cassidy is his ex-girlfriend and when she rejected him he was consumed with Pyromania and became Firefly to get revenge.

Me: So he's a frustrated former Pyrotechnics master turned into a Homicidal Pyromegalomaniacal Murderer.

Lisa: That's the appropriate term to describe him.

Lily: He should never play with fire. He will get burned.

Me: I agree and only Fire can stop him. Aylene, Sam, Paige, Lola, Lincoln, Eion, Yuko, Star, May, Tara, Spiderman, Alexis, Maria you all come with me. Lets go squash a Fire Bug!

We set out for Gotham.

---

In a factory Firefly had Cassidy in a factory and he was gonna explain his plan.

Cassidy: We can work this out. We can find a way.

We bursted into the factory.

Me: Garfield Lynns I presume?

Firefly: That's right J.D. I'm glad you all know who I am. Because I'm gonna be the last person you see before I waste all of you!

Batgirl: I see you've gotten some upgrades, including heat lasers and a new jetpack.

Firefly: What can I say? The new upgrades make me cooler and I'm glad you all came. Before you fight, I want you all to see what I'm gonna do.

Yuko: What are you gonna do?

Firefly: I'm glad you asked Yuko Tani.

Firefly took a test tube filled with something and he put it on a block of ice.

Firefly: I developed this gel that will burn through anything. (Strikes a match) Even ice.

The gel was lit on fire and it had a powerful reaction. It burned through the ice and it shattered and burned through the table and burned through the concrete.

Lola: That is some crazy stuff!

Me: Wow! That is lethal and powerful stuff.

He pulled a lever and it activated a crane that lifted a tank filled with thousands of gallons of the gel.

Eion: That tank is full of that stuff.

Firefly: It is.

Cassidy: What are you gonna do?

Firefly: Pour the gel down into the sewers of Gotham. After it's spread throughout the city, I'll ignite it with a fire bomb. And while Gotham goes up in flames we all will disappear like a puff of smoke!

We gasp at what he was gonna do.

Aylene: You're insane!

Lola: That will destroy the entire city!

Me: That plan will be The Great Chicago Fire of 1891 amplified 100-fold!

Firefly: That's right.

Cassidy: You can't!

Firefly: Of course I can.

Ben: Then lets see how you handle an alien of fire.

Ben became Heatblast.

Ben: HEATBLAST!

Me: A Pyronite from the planet Pyros.

Heatblast: That's right J.D.

I teleport and kick Firefly in the face and snap my fingers and the area became a volcano planet.

Lola: Wow!

Cassidy was free when the area changed.

Cassidy: Where are we?

Yuko: It's a volcano planet.

Aylene: It sure is.

Lincoln: What is this planet?

Me: This is the planet Shishaldin. It's a planet in the Unknown Zone.

May: What's the Unknown Zone?

Me: It's an area of the universe that we haven't seen or explored yet. About 90% of the entire universe and the endless web of galaxies have been left unseen and unexplored.

Star: That's amazing. I never knew that there was so much to be explored.

Batman: That is interesting.

Spiderman: But if it's called the Unknown Zone how do you know it?

Me: I guess you can say that when I got my powers, all the secrets of the entire universe were given to me.

Lincoln: That is so cool!

Planet Shishaldin is a volcano planet located in the Unknown Zone. It is named after Shishaldin Volcano in Alaska. It is home to a 30,000 foot Caldera with a lake of lake that's 900 miles wide. This caldera is also on an island that's more than half the size of the continental United States in an ocean of lava. The lava lake has jagged rocks and mountains and bats, birds and creatures made of pure fire dominate the caldera making it extremely treacherous. A truely terrifying and virtually inhospitable world.

Firefly got up and he was shocked at where we were.

Firefly: What is this place?

May: A planet perfect for you!

Me: Lets waste this monster!

We flew at him and Firefly fired a heat laser and Maria fired a stream of water.

Firefly: Cute trick, babe.

Maria (angry): No one but William calls me babe! And why did you attack those buildings?

Firefly: To draw you guys out, of course.

Maria (disgusted): You used them for bait?

Firefly: C'mon! Give a guy a break. I do what I do. You do what you do. (fires heat lasers at her again)

Lola fired streams of fire and the blasts collided and exploded with incredible power.

KABOOOOOMMM!

Fire rained down and Sam fired a blast of fire and Firefly pulled out a sword and it had a blade of pure fire. He slashed at it and deflected the fire.

Tara threw a big slab of rock at Firefly and he flew away from it.

Firefly (to Tara): You know, cutie. The only "crime" committed here is that you and I haven't been on a date.

Tara: Sorry! I'm taken! (hurls rocks at him before Spidey uses webs to throw him towards Batman)

Batman punched and kicked him in the face and stomach and punched him towards a rock. He got up and Heatblast was standing by him.

Heatblast: You know what, Lynns. I heard you were a scumbag before. But ever since you got those upgrades, you've become a cocky jerk who likes to flirt with other women!

Firefly: At least I don't rely on a watch to fight, kid!

Heatblast: You know my current alien form? It's pure fire. Unlike you! (shoots fireballs)

Lynns deflected them.

Lincoln: Lets see how you handle lightning!?

Lincoln fired a blast of lightning and it electrocuted him and numbed him.

Paige: I guess his suit is not lightning proof.

May: Lets see if it's ice proof.

May shot a cold blast from her cold gun at Firefly. May then rode an icy trail while hitting Lynns with ice blasts from her gun. After reaching the top, May jumped and used her gun to form a large icicle before using it to slam Firefly onto the floor.

May (smirks): I hope you liked that chilly reception!

Lola: Nice shot May.

Star: That was awesome!

Me: That joke is good too.

Spiderman: You might say that this bug has been extinguished.

Sam: You said it Spidey.

Me: Lets take his weapons and see if they can be of some use.

We did so.

Sam was given his fire sword and fire gun.

He was stripped of his equipment and arrested. He was imprisoned in the Moon Prison's Triple Supermax Section for Eternity.

---

Back on Earth we saved Cassidy and with she has her whole life to rebuild.

Lana: It's good that Garfield Lynns is in prison forever.

Rachel: Yeah. He gives Pyrotechnics everywhere a really bad name.

Varie: I agree.

Sam: Same here. But we stopped him and made sure that he never burns anything ever again. Wouldn't you agree Lady Pele?

When Pele talks to us through that mark on her forehead it flickers orange.

Pele: I agree Sam. No one should ever use fire for their own selfish purpose.

Me: True to that Lady Pele.

Star: You'll get no argument from me.

Hercules: You said it guys. That man had some serious screws loose and he makes even the most prolific serial arsonists look like tame kittens compared to him.

Zoe: I agree bro. He needed to be stopped otherwise he was gonna become the next John Leonard Orr.

Lincoln: Who was he?

Laney: I know him. He was a former Arson Investigator turned Pyromaniac and Serial Arsonist and was considered the 20th

Centuries most prolific Serial Arsonist of all time. It was back in the 1980's to early 1990's.

Lori: How do you know this Laney?

Laney: I read about him in a book. Be right back.

Laney went into her room and came back with a crime book called Fire Lover by Joseph Wambaugh.

Laney: Here it is.

Luna: "Fire Lover." That sounds like an interesting book.

Laney: Yes. It's about the case of John Leonard Orr.

Me: I saw that on one of my favorite Crime Documentaries.

Laney: That's right. This book actually gives us a definitive look in total detail about the psychological profile of a pyromaniac and a serial arsonist.

Lori: That's literally interesting.

Laney: It is. It says that the fire becomes a lover, a mistress in the eyes of a pyromaniac. They are seduced by the power of fire and its destructive capability.

Sam: That's a good way to describe it Lanes.

Lincoln: It sure is.

Paige: Yeah.

Laney: But there are two major differences with John Leonard Orr and Garfield Lynns.

Carol: And what are those Laney?

Laney: John Leonard Orr set over 2,000 fires from 1984 to 1991 all over Southern California with a delayed incediary device. Killing 4 people. Garfield Lynns destroyed 10 buildings with a suit of fire gadgets and bombs and was about to destroy all of Gotham and kill thousands with a Great Chicago Fire type inferno.

Anna: That is a very prominent difference.

Laney: Yeah.

Lisa: What was the incediary device that John Leonard Orr was using at the exact time of his Arson spree?

Me: From what I remember it was a lit cigarette with three matches wrapped around a piece of notebook paper. He would place it in places that would be flammable and get away to document it.

Laney: That's right.

Lucy: That is very clever.

Lily: It sure is.

Luan: And Garfield Lynns was gonna destroy all of Gotham? That's awful.

Me: Yeah. He was gonna destroy all of Gotham in one fell swoop. This would've killed thousands of people had we not stop him.

Maria: It's hard to imagine that he was gonna destroy the entire city in a raging inferno.

Lola: Yeah.

Sam: How would you rank him on the Scale of Evil, Lanes?

Laney: I would rank him at level 22 on the scale of evil. But because he's insane and has Pyromania, I would rank Garfield Lynns at Level 13 for Inadequate and Rageful Psychopaths.

Linka: That's a good assumption.

Me: (To the Viewers) Remember this kids: Never play with fire or you're gonna get burned.

THE END

Another Fanfiction Complete.

I got the idea for this when me and NicoChan11 were working on the Zombozo Chapter. Thanks for the lines man. Firefly was the most incredibly disturbed villains I've ever seen. I saw him on the Batman episode Torch Song and he was considered one of the villains that are too hot to handle. I got the idea for the planets of the Unknown Zone from the books I wrote at home. I saw the case of John Leonard Orr on Forensic Files on HLN at home and that's one of my favorite shows. Let me know what you all think.

See you all next time.

# No Evil Deed Goes Unpunished

WARNING: This chapter has scenes of violence, gore and carnage. Read at your own risk.

---

Me, Lincoln and the Redemption Squad are in the Simulator.

The Loud Siblings, Meg, Jillian, Rachel, Varie, Talia, The Z Fighters and the Ed's were in the control room.

The Simulator activated and we found ourselves in Quahog but there was something different about it.

Me: Whoa! This place is even worse than what we remember.

Stewie: That's right J.D. This is a Universe where everyone is evil.

Brian: That's right. We've been here before and it's not pretty.

Lincoln: This place looks like a post-apocalyptic dystopian nightmare.

Maria: It sure does.

Frightwig: So this is the Quahog of Evil Adam West?

Stewie: I know. It's even uglier then our Quahog.

Lea: I like fire but this is too much even for me.

Bleez: Even a Red Lantern like me dislikes this much carnage!

Venom: **This place is awful. Even for us.**

Elena: You'll get no argument from me Venom.

Stewie: I agree. Brian you remember Evil Stewie?

Brian: That little psycho cut off my tail! I'm gonna kill that little monster for it!

Me: Also from what you guys told me that this is the Universe where you fought an Evil Adam West.

Stewie: That's right J.D.

Bleez: That's weird.

A bullet then hit the ground and we saw army men coming at us. Hundreds of them.

Me: We have company!

Lincoln: Lets get em!

We then went at the Army men and killed them all one by one.

Cheetah was slicing and disemboweling some of them.

Elena and Lincoln were electrocuting the men and blowing them to pieces.

Lea was incinerating them.

Maria drowned a bunch of men in a ball of water.

William blasted a bunch of men with wind, lightning and lava from his blaster.

Xion was blasting a bunch of men with beams of light from her Keyblade.

Riku was firing blasts of light and dark at some men and killing them.

Frightwig was bashing many men with her hair.

I was slashing some of the men apart and ripping them apart and vaporizing them.

Bleez was ripped their beating hearts out and eating them.

Venom was ripping them apart.

We had only one man left.

Venom walked up to him and placed his hand on his left shoulder.

Venom: **We will eat both your arms and then both of your legs and then we will eat your face right off of your head. You will be this armless, legless, faceless thing won't you? Going down the street like a turd in the wind.**

Man: What the heck are you?

Venom revealed half of Eddie's face.

Venom & Eddie: **We… Are Venom.**

Venom did those things and killed him. Splattering his blood all over the place.

Me: You are vicious Venom. Has anyone ever told you that?

Venom: We get that all the time. We're a lethal protector.

Lincoln: I believe it.

?: You won't live to believe it ever again!

We then saw EVIL STEWIE!

Me: That's evil Stewie?

Lincoln: Stewie he looks like you but with opposite color clothes.

Stewie: Yes. He's my evil twin.

Brian: And he's the one responsible for cutting off my tail.

Evil Stewie: That's right and now I'm going to kill all of you.

Me: We would like to see you try you little spawn from Hell! Come and get us!

I pulled out a Jackel Dagger and Evil Stewie pulled out a dagger and we got into a deadly fight. Sparks were flying everywhere and setting much of the town on fire.

The fight was really intense. Then Evil Stewie pulled out an assault rifle and he backed away and fired at me and with my lightning fast speed and reflexes I grabbed all the bullets he fired out of thin air. He used all his guns until he ran out of ammo. I dropped all the bullet slugs onto the ground.

Me: I believe these are yours.

Evil Stewie: Why you!?

He pulled out a grenade launcher and fired at me and I grabbed the rocket and threw it back at him and he got out of the way as it exploded.

KABOOM!

Evil Stewie jumped at me and Stewie tackled him. They rolled around and Evil Stewie had Stewie pinned.

Evil Stewie (pins Stewie to the ground): I'll always beat you, goody two shoes! Do you hear me?! I'm better then you in any way!

Stewie (smirks): But I have something you don't. Friends!

I slash evil Stewie's head clean off his shoulders and kill him instantly.

Me: Enjoy Hell Evil Stewie.

Stewie: Great job Jay.

Me: Thanks Stewie. He was quite a challenge for me.

?: Then I'll be an even bigger challenge for you.

We saw Evil Adam West.

Me: Evil Adam West.

Brian: You haven't changed hardly at all since the last time we were here.

Lincoln: We killed your counterpart in our dimension and destroyed all of Quahog.

Venom: That's right. Quahog in our Universe has been completely destroyed by us and now it's nothing more than a smoldering crater.

Evil Adam West: What!? Why would you destroy Quahog? It's a great town.

Bleez: No it wasn't. Quahog was a dysfunctional town that needed to be destroyed forever.

Frightwig: It caused a lot of problems for the entire country and the people were corrupted there. Except for some.

Me: Lets get him guys!

We went at him and he had a jet pack on and I punch him in the face and sent him flying and fired an energy blast at him.

He braced as he thought the blast was gonna hit him. But the blast redirected and went behind him and hit him in the back and destroyed his Jet Pack. He landed on the ground and his back was on fire.

Lincoln: I got this.

Lincoln appeared above him.

Lincoln: Peek a boo!

Lincoln encased him in a ball of energy.

Adam West was completely immobile.

Lincoln: Let me help with that.

Lincoln swatted him around and he was moving with such incredible speed and hitting him.

---

CONTROL ROOM

Goku: I remember this technique. Frieza used it on me during our fight on Planet Namek.

Piccolo: I still get chills when I remember this.

Krillin: It's power was incredible.

Gohan: It sure was.

Vegeta: But how did Lincoln learn one of Frieza's techniques?

Varie: J.D. taught him.

Talia: And I have a feeling I know what he's gonna do with it.

Lori: Same here.

---

SIMULATOR

Lincoln grabbed the ball as it was flying.

Lincoln: Now for the final swat. Lets see you escape this ball when you hear the bang.

Lincoln fired an energy blast at the ball and the shock from the blast sent it flying faster than a bullet fired from a gun. When it hit the ground it exploded with unbelievable power.

KRAAAAAABBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

The explosion was so powerful and so devastating that it completely obliterated all of the evil Quahog. The Explosion could be seen all the way from space. I was protecting us in a powerful force field. When the explosion cleared all that was left of the evil Quahog was a smoldering crater that was quickly filling up with water from the ocean.

I lift the force field and we saw the entire city completely gone.

Me: Unbelievable!

Bleez: What power!

Cheetah: I can't believe that Lincoln has that kind of power!

Evil Adam West was crawling out of the crater and he was badly burned and his clothes were all burned and shredded.

Lincoln flew down.

Lincoln: I'm impressed you were able to survive that. That was enough power to destroy a quarter of the continent.

Brian pulled out a gun.

Evil Adam West: Well, this looks familiar.

Brian (puts gun at Evil Adam West): It does. It's where we forced you to stop the missles the first time we fought. But this time, you're getting what you deserve!

Cheetah: I couldn't agree more, Brian!

Cheetah charged at the evil mayor and threw him into the air. She then sliced Evil Adam West three times and fell off. Finally, Cheetah sliced Evil Adam West a few more times, then jumped onto his back, slamming him into the floor.

Cheetah: Was that as fun for you as it was for me?

Evil Adam West was on his last legs.

Me: This time we're not gonna kill you. You're going to prison forever in our universe.

I heal him and slap the cuffs on him.

The Simulator ended and everyone was cheering wildly for us. Evil Adam West was found guilty of numerous crimes and sentenced to eternity in the Moon Cryoprison.

THE END.

Another Fanfiction Complete.

NicoChan11 gave me the idea for this one and the lines for it. Thanks for that man. This was a great chapter for me and I would say that it's a fitting end to the evil Adam West. Let me know what you all think. Sorry for scaring you and grossing you all out.

See you all next time.

# Fishy Magic

It starts in Lisa's Laboratory.

Nicole was monitoring seismic activity around the world.

Nicole: Looks like we got some earthquakes.

Lisa: What else is new?

Nicole: So far it's nothing serious.

Then she notices something unusual where Atlantica is off the coast of California.

Nicole: Whoa this is weird.

Lisa: What is it?

Nicole: Earthquakes of unknown origin are wreaking havoc around Atlantica.

Lisa: That's impossible. All underwater earthquakes have to have an epicenter of their origin.

Nicole: It appears that these earthquakes don't have one. My guess is that something magical is behind all this.

Lisa: That is a very strong possibility Nicole.

Nicole: We better go get dad and Maria.

---

I was walking up the stairs to Lori's room and I had a sign in my hands.

I knock on Lori's door and Lori answered.

Me: Hey Lori.

Lori: What's going on J.D.?

Me: I have something for your door.

I hand Lori the sign.

Lori: (Reading) "Lori's Room. Texting Bobby Keep Out" (Sees a Pretzel by Keep Out) It's perfect J.D. Did you make this?

Me: I sure did Lori. I know how you don't like people coming into your room while you're talking to Bobby. So I figured that if there's a sign on your door your family would see it and know not to come in. Or else.

Lori: That's a brilliant idea. Thank you J.D.

Me: You're welcome Lori. Want me to hang it up for you?

Lori: Sure.

Me: Also on the other side of the sign it says this.

Lori: (Reading) "Lori's Room. Not Texting Bobby. Come in" That's cute.

I pound a nail into the door and hang the sign up.

Lori: Perfect. Thanks J.D.

Me: No problem Lori.

Nicole: (Offscreen) Dad!

We saw Nicole and Lisa come out of Lisa's Laboratory.

Me: What's wrong guys?

Nicole: We'll show you.

---

In Lisa's Lab they showed me what's going on.

Nicole: Mysterious earthquakes of unknown origin are ravaging Atlantica.

Me: That's unusual. Earthquakes always have to have an epicenter when they strike.

Lisa: Nicole has reason to believe that something of mystical magic is going on and it's got something to do with a mermaid from Atlantica.

Me: We better check it out. Nicole, you will take Ruby, Stephanie, Mariah, Nancy, Maria, Cleo, Bella, Rikki, Emma, Aqua, Sora, Kairi, Donald, Goofy, Lily, Lilly and Lincoln and check it out.

Nicole: You got it dad.

Nicole went to the swimming pool.

---

Maria was having a talk with Cleo, Rikki, Emma and Bella who were in the swimming pool enhancing their powers.

Cleo: So Maria what was it like before you got your powers?

Maria: My life was going good. Before the Big Bang I was a great swimmer with a promising future ahead of me to become the next olympic swimmer.

Bella: That's interesting.

Emma: I've always wanted to be an Olympic Swimmer. But the trip to Mako Island cut that short.

Maria: I'm sorry Emma.

Nicole came in.

Nicole: Hey guys. We got a job. I'll explain along the way.

Later Nicole got her forces ready and they were off.

---

They arrived in the ocean off the California Coastline and dove in.

Once underwater Lilly, Cleo, Maria, Bella, Emma, Rikki, Sora, Kairi, Aqua, Donald and Goofy became mermaids and sea creatures.

Nancy, Mariah, Stephanie and Ruby were full blown sharks.

Nicole sprouted a tail like mine and so did Lily.

Nicole looked up on her computer on her arm where the earthquakes were.

Nicole: Okay the last reported Earthquake was this way.

Nancy: Just a warning Nicole if we ever lose control of ourselves which we know we won't you have to get away from us.

Lily: Thanks for the warning girls.

Stephanie: You're welcome Lily.

They swam towards Atlantica.

?: Guys!

They saw Melody coming.

Lincoln: Hey Melody.

Melody: Hey Lincoln. Hey guys. I'm glad you all came.

Sora: What's wrong Melody?

Melody: Mom has been acting very strange lately. She said she had an encounter with a strange fish and it casted a spell on her that makes the sea quake every time she laughs.

They gasped.

Nicole: The Laughing Quake Curse. I encountered a spell like that in my time 100 years from now.

Lincoln: I didn't know that fish were capable of doing magic.

?: And I know who did this to Queen Ariel.

We saw a 2 Clownfish, a Blue Tang and a Whale Shark Coming.

Melody: Marlin, Nemo, Dory and Destiny. Glad you all came.

Marlin: We came as soon as we got your message Melody.

Nemo: We sure did.

Destiny: We saw what happened to Atlantica and it's not pretty.

Dory: No it's not. What happened again?

Melody: I'll explain everything later Dory. Oh guys these are my friends. Nicole and team I would like you to meet my friends Marlin and his son Nemo, Dory and Destiny.

Nicole: It's a pleasure to meet you all.

They introduced themselves.

Marlin: It's a pleasure to meet all of you.

Destiny: We heard a lot of big things happening on the surface with you all.

Nemo: Your adventures are all awesome!

Nicole: Thanks guys.

Melody: We have to help my mother. That fish cursed her and only he can remove it.

Nicole: Maybe I can too. Let me see here. (Chants an Incantation) Menorum Galcorga Xextos!

Nicole fired a beam of light and it went at Ariel and the curse was removed.

Nicole: Lets go guys.

They swam to Ariel and she was laughing again but no quakes were felt.

Nicole: It worked!

Melody: Mother!

They hugged.

Ariel: Melody? Did you remove that spell from me?

Melody: No Nicole did. She and everyone came to help you.

Ariel: I greatly appreciate it guys.

Sora: You're welcome Ariel.

Goofy: Gawrsh why would that fish curse you like that?

Ariel: I don't know. He was really grumpy and he hated my laughter.

Lincoln: That's not right.

Stephanie: No it's not.

Mariah: Laughter is the best medicine for anything.

Maria: It sure is. We got to find that fish and make him pay for this.

Everyone agreed.

Maria: Marlin, do you care that much for Ariel that you're willing to go all this way to help her?

Marlin: I don't even know that much about Ariel to care about her. I'm doing it because it's the right thing to do. (Maria laughs) What's so funny?

Maria: You can fool yourself and everyone else, but you can't fool me. I know who you are.

Marlin: You don't know anything about me.

Maria: You're wrong! I know everything about you. I know you act like you're serious and tough but actually you're scared inside.

Marlin: Shut up!

Maria: I know your wife died and you sometimes close yourself off from people who care about you because just a little bit of love reminds you of what you lost!

Marlin: I said shut up!

Maria: But I also know you went all the way to Sydney just to save your son because you care about him so much!

Marlin: I'm warning you.

Maria: Just like how I would always get my little sister Carmen out of trouble, even if she's somewhere far away! And trust me, I care about her alot! I know who you are, Marlin. You're me.

Marlin:… What kind of a pair are we?

Maria: The kind who's going to help a friend in need.

Nicole: All right you two that's enough. Ariel you lead the way.

Ariel: Okay.

Ariel lead them throughout the sea floor and she asked for where a Sorcerer Fish might be at. No fish knew where they were until she came to a wise Giant Squid.

Giant Squid: The place you want is Ablowcadablow. Swim to the Twin Mountains and take a left.

Nicole: Thank you. Lets go.

They swam and followed the squids directions. They arrived in Ablowcadablow. A spooky seascape that was flooded with magic.

Nicole: I don't like this place guys. It's overflowing with magical energy.

Cleo: I don't like it either.

Rikki: It gives me the creeps.

Emma: Me too.

Lily: Lets stay close everyone.

Lilly: Good idea.

Melody: You got it.

Donald: How will we know who to keep an eye out for?

Kairi: Ariel said he's an orange Sorcerer Fish with a pointy head.

Aqua: Like that fish down there?

Aqua pointed to the fish and it was the right one.

Ariel: That's him.

They went to him and confronted him.

Nicole: You have a lot of nerve cursing Ariel like that.

Sorcerer Fish: Her laughing is what led me to put that spell on her and it's a decision I will not deter.

Lincoln: That was a good rhyme.

Lilly: No one curses our friends and gets away with it.

Ruby: That's right. You've made a really big mistake.

Nicole: Perhaps you never heard of us.

Sorcerer Fish: I know who you all are, and you all are as meaningless as a jar.

Lincoln: You should be scared of us though.

Sora: After all we're the ones that killed Xehanort.

The Sorcerer Fish gasped when he heard Sora say that and he swam in fright far away from the area.

Nicole: We sure scared him good.

Ariel: Serves him right.

Melody: Nobody puts a spell on my mother and gets away with it.

Marlin: Well said Melody.

Destiny: True to that.

---

Later they were back at home filing their report in the log.

THE END

Another Fanfiction Complete.

I got the idea for this one out of the blue when we were constructing a Finding Nemo Chapter. So I figured why not do a Chapter with the Little Mermaid and Finding Dory combined together. NicoChan11 gave me the ideas for the lines and chapter. Thanks for that man. I saw Finding Dory from 2016 and it was awesome. Ellen Degeneres did a great job in both movies. Let me know what you all think.

See you all next time.

# Welcome to Chowder's World

It starts with Me, Laney and Lincoln cooking in the kitchen.

Laney: Thanks for helping me with this project for school guys.

Lincoln: No problem Laney. (To the Viewers) Laney has a project at school and we're helping her with it.

Me: (To the viewers) Her class is having a food fair and it's also having a contest where the winners best dish will be added to the Lunch Cafeteria Menu.

Laney: (To the Viewers) That's right. Thanks to everything we learned of our global trip we're making 2 dishes.

Lincoln: I'm making a dessert. It's a new pie called Banana Cherry Cream pie.

Me: And I'm helping Laney make my favorite dish from Italy: Chicken Cacciatore.

Laney: Mine too.

Lincoln: Lets get out our family cookbook.

Me: Okay.

I open a cabinet and in it was a huge array of cookbooks.

Me: Wow! Mr. Lynn has a wide selection of cookbooks.

Lincoln: That's right J.D. Dad is a great chef and he has a great job at the Aloha Comrade Hawaiian Russian Fusion Restaurant.

Me: I remember that.

I was about to pick a book when I saw a book glowing.

Me: Huh? This book is glowing.

I pull it out and put it on the kiddie table. It was a book called Chowder.

Me: "Chowder"? That's a silly name for a cookbook.

Lincoln: I've seen a cartoon named Chowder and it was funny.

Me: I've known that show for years. It was funny.

Laney: Lets see this book.

Me: Okay.

I open it and it had a page that was a pop up page.

Lincoln: That's cool!

Me: It's a pop up page. This book is also a pop up cookbook. I've known pop up books since I was little. But that was a long time ago.

Laney: It sure was.

Suddenly the wind blew inside the house and we were being lifted up.

Me: Hang on guys!

Just then Melody, Numbuh One, Alexis, Spider Man, Danny Phantom, Clyde, Luan, Ed, Static, Mickey, Katie, Sora, Goofy, Tara, Ronnie Anne, Raven, Kairi, Leslie, Eddy, Cyborg, Carmen, and Panda King came in too and they were sucked into the book with us.

We were inside Marzipan City.

Me: Awesome! We're in Marizipan City.

Lincoln: That book took us here.

Numbuh 1: That book you got must've been a doorway into this world.

Laney: That's what we knew when we came here.

Danny Phantom: This is so cool.

Clyde: It sure is. I didn't even know books could do this.

Me: Well people have often called books as doorways to the world of imagination and knowledge.

Leslie: That's right.

Ashley: This is so cool sis.

Me: Lets check this place out.

Eddy: Okay.

We walked around Marzipan City and it was a beautiful city populated by Anthropomorphic Animals.

Tara: This place is awesome.

Kairi: It sure is.

Raven: I think I saw this place long ago. It's really cool.

Cyborg: It sure is cool.

Goofy: Gawrsh but how will we get back?

Me: My guess is that we were called here for a reason.

Laney: I have a feeling you're right J.D.

Spider Man: Same here.

We walked around and saw some great buildings. Then we saw Mung Daal's Catering Company.

Lincoln: I know that building. That's Mung's Catering Company.

Mickey: It sure is a cool building.

Carmen: I wonder what they serve there.

Suddenly we heard crashing and screaming and we saw a snail car coming toward us down the street driving the wrong way.

Carmen: What's wrong with that driver?

Alexis: I think he got his license on the back of a cereal box.

Lincoln: That's the oldest cliche in the book.

Me: It sure is.

The car crashed into the back of the restaurant and we saw a blind old bird man come out. He had glasses on and he was blind as a bat.

I grab him and lift him up.

Me: What the crud is wrong with you sir? It's like you can't see anything in front of your own face.

Bird: I'll get the groceries for you dear.

Me: This bird is deaf too? Laney can you find out what's wrong with this guy?

Laney: I sure can.

Laney walked up to him and put her finger on his forehead and used her magic to show us what his brain looked like. It showed that his brain was all totally screwed up completely. It was like a shriviled up raisin and had sparks flying out of it and wires were sparking and his brain was wrapped in barbed wire and razor wire and has a bunch of screws falling out.

Me: Geez! This guy is one screwed up nutcase!

Static: What's wrong with him?

Laney: He's a patient from a mental hospital.

Carmen: How do you know that Lanes?

Bird: I love you too sweetie.

The Marzipan City Police came.

Eddy (shoots blaster at the cops chasing them, Mung, Chowder, and the Roast Boast): EAT THIS, COPPERS!

Spider Man: Eddy, are you trying to get us thrown in jail?!

Eddy: Nope! I'm trying to keep us out of jail!

The cops came out and pointed their guns at the old bird.

Chief Hoagie: You're under arrest!

Me: He's all yours officers.

They arrested the bird and he was thrown into the wagon.

Chief Hoagie: Thanks for catching him for us. He's extremely dangerous, crafty, vicious, stinky, a meany and a bad boy. Here's a flyer.

He handed me a wanted poster.

Me: (Reading) "Wanted: Cecil Hawkly. Considered armed and extremely dangerous. Caused a huge amount of destruction to Marzipan over the course of 12 years." How can a man like him cause all that destruction? He's blind, deaf and his brain is all screwed up. He doesn't belong in prison. He belongs in either a nursing home or a maximum security insane asylum.

Carmen: Yeah he can't even see anything in front of his own face!

Panda King: And he can't even hear anything.

Luan: He's a bird of a screwed up feather. (Laughs) Get it? But seriously he belongs in a mental hospital.

We laugh at Luan's joke.

Me: (Laughs) That was a good one!

Chief Hoagie: (Laughs) That was funny.

Clyde: That sure was.

The police left.

?: What is Going on out here!?

We saw Truffles.

Me: Truffles.

Truffles: Well if it isn't J.D. Knudson and his friends.

Lincoln: Nice to know that you all know us here in Marzipan.

Truffles: What are you all doing here?

Me: That's what we were wondering ourselves. We got sucked into this world from Lynn Loud Sr.'s kitchen and I think we were called here to solve Marzipan's problems.

Truffles: That's interesting.

Mung Daal and Chowder arrived.

Ronnie Anne: Cool! Chowder and Mung Daal!

Carmen: You two are awesome!

Mung: J.D. Knudson and his friends. It's an amazing honor to have you all here in Marzipan.

Chowder: I read alot about your adventures and they were amazing!

Me: Glad you guys know us.

Lincoln: It's cool to meet you guys.

Truffles: Where have you been Mung!? (Yelling) YOU WERE SUPPOSED TO BE BACK 2 HOURS AGO!

Tara: Mung are you gonna let her talk to you like that?

Eddy: Yeah. Her voice is as loud as someone grinding their fingernails on a chalkboard through a megaphone.

Me: Like this?

I pull out a chalkboard and my right hand grew claws on it and I pull out ear muffs and put them on and pulled out a megaphone. I had the megaphone pointed into Truffles ear at point blank range. I scratch the chalkboard and it made the most horrific sound ever known.

SSSSSSCCCCCCCCRRRRRRAAAAAAAAAAAAAAAAAATTTTTTTTTTTTC

Truffles: (SCREAMING) MAKE IT STOP! MAKE IT STOP!

Mung, Chowder and the rest of us had ear muffs on.

I stop and take off my ear muffs.

Mung: Truffles this is for your own good. You need to realize that I am the man in charge.

Truffles: WHAT!? I WILL NEVER LET YOU BE IN CHARGE OF MY RESTAURANT!

Me: Then you need another lesson. I was hoping it wouldn't come to this. But you left us no choice. Luan, Eddy, gelatin her.

Luan: You got it J.D.

They then tied up Truffles and gagged her and put her in a giant blue gelatin.

Luan: Look at Truffles getting jiggly with it.

We laugh.

Me: (Laughs) That was funny! (To Truffles) And Truffles you're not coming out of there until you learn the error of your ways. This is Mung's restaurant, not yours. He cooks the food and makes the orders, not you.

Chowder: I never thought I would say this Truffles but you have some serious problems.

Mung: That's right dear. You are a loud monster that's completely out of control. You abuse Shnitzel and you overwork him to the brink. You need to cool down.

Shnitzel came out.

Shnitzel: Rada rada. (That's right Truffles)

Me: Now you stay in that mold and think about everything you've done.

Then Panini came.

Panini: Hi Chowder.

Chowder: I'M NOT YOUR BOYFRIEND!

I grab Chowder.

Me: Whoa! Chowder what's wrong? Why don't you like Panini?

Chowder: She has a mad crush on me and she wants me as her boyfriend!

Lincoln: Come on Chowder it's not that bad. Panini would make a great girlfriend for you.

Chowder: You really think so?

Ronnie Anne: We know so. Lincoln and I were boyfriend and girlfriend before we met Cody. I started dating Cody.

Lincoln: I found out after I met Lilly 222 years ago that when my sister Lori marries Bobby that his sister Ronnie Anne will become another sister to me.

Chowder: That's interesting. But do you really think that Panini would be a great girlfriend?

Carmen: We know so.

Static: It's true.

Chowder: Well if you think so I suppose.

Chowder walked up to Panini and he kissed her on the lips and it was the best thing that could ever happen to her. It was now official. They were boyfriend and girlfriend.

Mung: I'm so happy for you both Chowder.

Chowder: Thanks Mung. (Sniffs something)

He was sniffing the ground and he started digging.

Me: I think he's looking for something.

Chowder came out and he had something in his mouth.

Me: What you got there Chowder?

He gave it to me and it looked like a crystal.

Me: Ooh. What a crystal.

Mung: Let me see.

Mung licked it and he screamed in happiness and his head became Bubbles head.

Bubbles: Wow! That's sweet!

Mung's head changed back.

Mung: Chowder! You just dug up a Sugar Sapphire!

Sora: That's a pretty stone.

Mung: It sure is. They're hard as a rock until you bake them. Then they become the sweetest desert you ever tasted. If we had more of these we would be filthy rich!

Me: Wow! Those stones are worth their weight in diamonds!

Lincoln: And Diamonds are worth more than gold.

Soon we got digging and we dug under the city until we found the Motherlode.

Mung: OH MY GOSH! WE HIT THE MOTHERLODE!

Sugar Sapphires were all over the cave room. Suddenly stomping was heard.

Luan: What was that?

Mung: I'll go check.

Mung popped up under someones kitchen and he knew who it was.

Mung: We're under Endive's Kitchen! Back down everyone back down!

We were 10 feet down.

Mung: This is bad! The Sugar Sapphires are on Endive's property! We have to figure out have to remove them or else SHE'LL be the one that's stinkin rich!

Me: I know just what to do. We'll provide the distraction while you guys get them to your place.

Mung: Perfect!

Me: Lets get her!

We jumped out through the floor and stood ready to fight. I put the tile that we came out of back to hide suspicion.

Numbuh 1: Lets stand ready guys.

Me: Right.

We were ready to fight.

Thunderous footfalls were heard and in came Endive.

Endive: Well who are all of you?

Me: Perhaps you heard of us on the news or in the headlines.

Endive: Ah yes the famous J.D. Knudson and his friends. I've heard so much about all of you and your achievements.

Lincoln: Lets give you the ultimate food fight!

Endive: If it's a food fight you want then it's a food fight you'll get!

Laney: Lets do it!

Endive: Give me my Sugar Sapphires right now!

Me: How did you know we found the Sugar Sapphires?

Endive: I have my ways.

Ed: I've got a better idea. How about you go (censored by someone farting) yourself?!

Everyone gasps.

Endive (angry): What did you just say?!

Ed responds to this by turning into Edzilla and roaring in Endive's face.

I throw a watermelon at Endive and it hit her right in the face and we bombard her with watermelons until she was knocked out and completely covered in melon.

Endive: (Groans)

The Sugar Sapphires were all taken back to Mung's Catering and we made some huge upgrades to it and Mung was now made filthy rich. Mung's catering company received the best reviews by critics and more. It was now the best restaurant in the world and in Marzipan. We also brought Mung's enemy Reuben to justice. They also decided to have an eating contest. Cyborg, Chowder and Ed had pie and more and Ed won.

Me: Well I think we're done here.

Chowder: But what about Truffles?

Laney: Shes gonna have a lot to think about before we let her out of her gelatin prison.

Truffles: You can't do this to me! I'm part of this kitchen!

Numbuh One: Don't worry. We can have Panini replace you. At least she doesn't yell all the time!

We laugh at her.

A portal opened up and we went home. The Chowder Book now serves as our doorway to Marzipan.

Laney's dishes won the contest and they were added to the menu of the school. She was given a trophy for the contest. We had a feeling that Marzipan will need us somewhere in the future.

Another Fanfiction Complete.

I loved watching Chowder and it was a funny show from November 2, 2007 - August 7, 2010 and it was a great show on Cartoon Network. NicoChan11 gave me the ideas for the chapter. Thanks for that man. Let me know what you all think.

See you all next time.

Chowder is owned by C.H. Greenblatt and Cartoon Network.

# Not A Better World

It starts on the Justice League Watchtower. Me, Vince, Carol, Aylene, Volcana, Star Butterfly, Starfire, Raven, Varie, Maria, Rachel, Aqua, Tara, Terra, Cody, Lincoln, and his siblings were talking to the Justice League.

Me: So Kal what was the strangest adventure you all had?

Superman: Our strangest adventure was when we were in another dimension.

Green Lantern: I'll never forget that. That was where we encountered our alternate counterparts, the Justice Lords.

Lincoln: The Justice Lords?

Linka: Who are they?

Hawkgirl: The Justice Lords are our counterparts in that dimension. Unlike us their Flash Counterpart was killed by Lex Luthor. They killed their Lex Luthor and took control of the presidency and anyone that does a crime no matter how great or small will be sent to prison on the spot. They enforced terror on the planet and made the world into a living nightmare in trying to make it a better place.

Volcana: That is not making the world a better place.

Starfire: That's right. That's ruling with fear.

Me: Those people give all superheroes everywhere a really bad name. Lets go over there and show them that we mean business and make sure that they never terrorize that world again.

Flash: How are we gonna do that?

Me: We have a Simulator and it acts as our doorway to countless dimensions across the fabric of the infinite reaches of the cosmos.

Lisa: That's right. It's been a prominent tool of ours and it made us stronger all together.

Batman: We had no idea that you all had such a tool. It's a feat of scientifical engineering all on its own.

Varie: It's true Bruce.

Aylene: It's been a powerful achievement for us. It can also take us back in time.

Me: That's right. It somehow has the power to do that without affecting the space time continuum.

Wonder Woman: That's really unusual and very interesting.

Hawkgirl: It's hard to imagine that such technology can do that.

Me: Yeah. So what do you all say? Shall we take the fight to the Justice Lords?

Superman: Lets do it.

Lori: Lets get em.

---

We were in the Simulator and Jared set the sceneario.

Jared: Coming online guys.

The Simulator Activated and we found ourselves in the world of the Justice Lords.

Me: Is this Metropolis?

Luna: It feels like we never left!

Varie: It does feel that way doesn't it?

Rachel: But this is beyond a shadow of a doubt the dimension of the Justice Lords.

Me: It sure is. Let me see if I can find them.

I concentrate and found their energy signals heading towards us.

Me: They're heading this way. Lets go.

We flew swung and ran towards them. We saw the Justice Lords ready to fight.

Lord Green Lantern: I knew you'd come here eventually. None of you belong here.

Green Lantern: Just because this isn't our world doesn't mean we can't try and save it.

Me: So you are the Justice Lords.

Lord Superman: That's right. We heard a lot about you J.D. Knudson and friends.

Me: How can that be? We all live in 2 different universes.

Lord Martian Manhunter: We have a special way to scan dimensions across the space time continuum and we saw all of your achievements.

Varie: So in a way we left our mark on this universe as well.

Lord Hawkgirl: Yes. That's a good analogy.

Lord Wonder Woman: We're this world's defenders. So we're the ones who protect it.

Wonder Woman (disgusted): Is that what you call all this? Protection?

Aylene: Your way of protection is ruling with fear!

Lord Batman: Disobedient children must be punished for defying us.

Batman: Children? Are you even hearing yourselves?! We're not gods! We don't decide who lives and who dies.

Lord Superman: The decision is ours! We were forced to make it when Lex Luthor forced his way into becoming president!

Superman: We know exactly what you lost.

Lord Hawkgirl: Then who are all of you to judge us?! But it doesn't matter. After we've killed you all, we'll bring your Flash over here. When he sees how we've perfected this world in his name-

Hawkgirl: He'll be afraid and disgusted! He'll know exactly the kind of monsters that you've become.

Lord Martian Manhunter: But he'll be alive! And we'll make him see things our way once he's here!

Marian Manhunter: You're not thinking straight! Just because your Flash died does not justify-

Lord Superman: Luthor took him from us!

Lori: And he literally got what was coming to him in our dimension!

Laney: He's now in a prison at the very distant edge of the universe.

Lisa: People like you can never be called heroes.

Superman: And you took this world's freedom! It's time to give it back!

Me: Lets power up!

Me, Varie, Vince, Carol, Lincoln, Linka and Laney went Super Angel 2 and 3.

Me: Lets dance!

We split off and went at them.

---

Battle 1: Lord Hawkgirl

Maria, Luna, Lily, Cody, Lincoln and Hawkgirl were facing Lord Hawkgirl.

Hawkgirl powered up her mace and she and Lord Hawkgirl clashed and Lincoln fired a blast of lightning at Lord Hawkgirl.

It electrocuted her and Maria, Luna and Lily fired a huge blast of water at her. They drenched her and she couldn't fly and Cody fired a blast of black and blue fire and burned off Lord Hawkgirl's wings and she screamed in excruciating pain.

Flash: Geez! That's got to hurt.

Lincoln: That must've hurt. Sorry you had to see that Shayera.

Hawkgirl: It's all right Lincoln. But if you ask me she gives all of my people on Thanagar a really bad name.

Maria: You'll get no arguement from me Shayera. It's like I say, A bird with no wings is only half a bird.

Hawkgirl: That's a good analogy.

Luna: It sure is. Now what are we gonna do about your evil twin?

Hawkgirl: Evil Twin. That's perfect for her Luna. Leave that to me.

Hawkgirl walked up to Lord Hawkgirl and punched her in the face and knocked her out.

Maria: Nice shot Shayera.

Hawkgirl: Thanks Maria.

Maria took Lord Hawkgirl's mace.

Maria: You know I could use this as a secondary weapon after I get a sword.

Lincoln: Good idea Maria.

Lily tied up Lord Hawkgirl.

---

Battle 2: Lord Wonder Woman.

Terra, Tara, Laney, Leni, Aylene, Raven and Wonder Woman were facing Lord Wonder Woman.

Leni and Lord Wonder Woman were clashing and Leni was using her sword and Lord Wonder Woman defended herself with her bracelets and the sparks that were flying were incredible.

Lord Wonder Woman: You're really good little girl. Did you train with the Amazons of Themyscira?

Leni: No. I totes had my own training.

Terra came up and fired a blast of fire at Lord Wonder Woman from his Keyblade and Aylene fired a blast of fire. Leni got out of the way and the fire blasts both hit Lord Wonder Woman. But she was holding the blasts back with her bracelets.

Tara formed lifted up a huge hunk of Earth and rock and she threw it at Lord Wonder Woman and it hit her. She was sent crashing into the ground. She lifted up the rock and Wonder Woman punched her in the face and knocked her out.

Laney tied her up with bramble vines and Raven encased her in a ball of darkness.

Wonder Woman: That takes care of that. You guys were amazing.

Terra: Thanks Diana.

Tara: Your evil twin gave all heroes everywhere a really bad name.

Laney: Yeah. She will never terrorize the world again.

Wonder Woman: No she won't. Leni your training has really paid off.

Leni: Varie is totes a great teacher.

Aylene: She sure is.

Raven: Lets hope that Lord Wonder Woman can never harm anyone ever again.

---

Battle 3: Lord Green Lantern.

Aqua, Luan, Lynn, Lucy and Green Lantern were facing Lord Green Lantern.

Lord Green Lantern had a green energy sword and he was slashing at them. Luan formed an orange light sword and they both clashed. Luan pushed him away and slashed him and cut him in the chest.

Green Lantern punched him in the face.

Green Lantern: You have abused the power of the Green Lantern for your own selfish purpose. The Guardians of the Universe would never allow this to happen and let you become like this!

Lord Green Lantern: I will do whatever it takes to make sure the world is safe. Even if I'm consumed with evil!

Lynn: It's already too late for that!

Lynn sent a huge wave of lava at Lord Green Lantern and he protected himself in a force field as the lava covered him.

Aqua froze the lava and with a blast of ice from her Keyblade and he was trapped.

Lord Green Lantern was trapped inside a bubble of earth and rock and he couldn't get out.

Lucy used the darkness and she couldn't be seen as she took his Green Lantern Ring.

Lucy: You don't deserve to be a lantern.

Lucy punched him in the face and knocked him out. She came out with him.

Aqua: Great job Lucy.

Lucy: Thanks Aqua. I used the darkness of his prison and strip him of his power ring and captured him.

Luan: You sure made a dark capture! (Laughs) Get it? But seriously great job Luce.

Lensay: Way wuce.

Lynn, Luan and Lucy: Aww!

Aqua: That was so cute.

Green Lantern: It sure was. Great job girls. He'll never bring a bad name to the Green Lantern Corps again.

Aqua: No he won't John.

Lynn: I'm sorry he sullied the Green Lanterns reputation John.

Green Lantern: It's all right Lynn. But he will no doubt face punishment when he goes before the Guardians of The Universe.

Luan: I have a feeling he will. He doesn't deserve to be a Green Lantern.

Lucy: You'll get no argument from me Luan.

Aqua froze Lord Green Lantern in a block of ice.

---

Battle 4: Lord Martian Manhunter.

Lori, Rachel, Linka and Martian Manhunter were facing Lord Martian Manhunter.

Martian Manhunter became a dragon and Linka fired a blast of lightning at Lord Martian Manhunter. Electrocuting him.

Martian Manhunter fired a blast of fire at him and burned him.

Lori: Let me literally blow you away!

Lori fired a blast of tornadic wind and entrapped him in a huge tornado.

Rachel fired a huge blast of sound energy and the energy was hurting Lord Martian Manhunters ears and he was in a lot of pain.

Linka fired more lightning and paralyzed him.

He fell to the ground as the tornado faded.

Martian Manhunter put his hand on his head and took his powers.

Martian Manhunter: You've disgraced the people of Mars and that will now cost you dearly.

Lori: He literally gave you people a bad name.

Rachel: He sure did. J'onn I'm sorry he ruined you.

Martian Manhunter: He will get what's coming to him.

Linka: He sure will.

---

Battle 5: Lord Batman.

Star Butterfly, Lisa, Lana, Varie, Starfire and Batman were facing Lord Batman.

Star fired a blast of fire at him and he dodged it.

Star: Narwhal Blast!

She got an unexpected surprise when she fired a blast of Narwhals from her hands.

Star: I can fire my magic from my hands!

Lisa: It appears that when you got your powers from Helios, you don't need your wand anymore for your spells.

Lana: Oh that is cool!

Varie: It sure is.

Varie fired a blast of water from her hand and it hit Lord Batman.

Star: This is gonna be awesome.

Starfire fired a laser vision blast and burned Lord Batman's cape off.

Lana fired a blast of ice lightning and froze Lord Batman's feet. Stucking him to the ground.

Star: Syrup Tsunami Shockwave!

Star fired a blast of pancake syrup and it drenched Lord Batman and covered him. He was stuck to the ground like glue.

Batman took Lord Batman's utility belt and mask.

Batman: You will never sully the reputation of Wayne Industries again.

Lana: No he won't Bruce.

Star: He gave bats everywhere a really bad name.

Lisa: Technically Star, Bruce Wayne is really Batman.

Star: Oh. I still have a lot to learn.

Lisa: We can see that.

Starfire: But still you did a great job Star.

Batman: You sure did.

---

Battle 6: Lord Superman.

Me, Vince, Carol, Volcana, Lola and Superman were facing Lord Superman.

Lola fired a blast of fire at him and he dodged it.

Carol fired Godzilla's Atomic Ray and he fired his laser vision. The blasts collided and they exploded with incredible power. Turning the field they were over into a sea of fire.

Volcana fired a stream of fire at Lord Superman and it hit him in the back.

I punched Superman in the face.

Superman: Your reign is over.

Lord Superman: NO! I WON'T LET YOU WIN!

Superman: You've lost. All because you've succumbed to madness.

Lord Superman (rushes towards Superman): Oh, really?! Then tell me, Superman. What does it mean then?! When everything you've given your life to protect is gone?! When you see that villains in the world cannot be stopped with simply beating them up for the police?! What does it mean I should do?! TELL ME!

Superman (ducks underneath Lord Superman): I'm glad you asked.

Lord Superman went over to the original, attempting to punch him. But Superman simply grabbed him by the shoulder and kneed him in the gut. I punched him in the back of the head and Lola kicked him in the face.

Carol punched Lord Superman in the nose and broke it.

Vince fired a blast of fire and it hit him in the arm.

Superman: It's about being the person who others can respect and he can respect back! (throws his Lord countepart into a wall) It's about doing the right thing and never succumbing to tyranny even after everything we hold dear is gone!

Me: It's about always being there to protect all of your friends and those you love and protect all of those that are precious to you.

Lord Superman fired his heat vision at Superman, but he blocked with his own heat vision.

Superman: It's about setting an example for other heroes and people who have incredible gifts, but need one thing to use them correctly. And that's a lesson that a friend of mine taught me! (punches his Lord self) WITH! (punches again) GREAT! (punches again) POWER! (Lord Superman catches the next punch) COMES! (catches Lord Superman's punch and throws him in the opposite direction over his shoulder as he lands on the ground) GREAT! (picks Lord Superman up by the collar) RESPONSIBILITY! (punches Lord Superman one last time)

Vince: And that's something a monster like you can never understand!

Vince punched him in the face with incredible force and sent him crashing into the ground.

Lord Superman fell to the ground defeated.

Superman: Using your powers responsibly means using them to show you're a good person. Not by using them to control others, but by helping people while letting them make their own choices at the same time. Yes, I've had times when I almost killed others. But then, I think about the people I miss who have died and what they would say to me. And I know that no matter what, I have to do what's right, even if it isn't always fair to me. That's why you'll never be a true hero. You won't hurt these people any longer.

Lord Superman (weakly): Fear is the only thing people know. One day, you'll understand.

Me: You're wrong about that. Fear only brings chaos, death and destruction. It does nothing but show your own hatred and ignorance towards others. To be a true hero you have to risk your life to save everyone that you care about. You have to lay your life on the line to save those that you love and always keep all those that are precious to you close to your heart.

Lord Superman: (Weakly) I don't care about that. I'm doing what I must to make sure that this world is safe from the scum that terrorize it.

Me: Your intentions are good but you're using them for the wrong ideas.

I put my hand on his head and strip him of his powers. He fainted from this.

Superman: What did you do to him?

Me: I stripped him of his powers and made them my own. He gave all the people of Krypton everywhere a really bad name.

Superman: You said it J.D.

Lola: One thing is for sure he will never terrorize the world again.

Vince: You said it Lola.

Carol: That's right. Never again.

The Justice Lords had been defeated and they were arrested and stripped of their powers. Lord Wonder Woman was tried for her crimes on Themyscira and she was petrified for all eternity. Lord Hawkgirl was taken back to Thanagar and placed in a prison forever. Lord Green Lantern was tried by the Guardians of The Universe and was found guilty of his crimes. He was banished to another part of the universe forever. Lord Martian Manhunter was banished to the Phantom Zone - an alternate dimension where the worst villains are exiled. Lord Batman was sentenced to life in the Antarctica prison in our dimension. Finally Lord Superman was sentenced to a special cell in the Moon where the Sun's light turned it into a strange red energy that nullified his powers.

---

Back on the Justice League Watchtower we were celebrating our victory.

Flash: That was awesome guys! You all sure showed those Justice Lords a thing or two,

Me: We sure did Wally. The Justice Lords were no match for the power of Me, My Friends and The Justice League working together.

They were totally overwhelmed by our power and teamwork.

Hawkgirl: That's right J.D. They never even were a match for our power.

Laney: No they weren't. I just can't believe that they were going to take everyone's free will like that.

Vince: I know Laney. It's absolutely appauling.

Me: You'll get no argument from me partner. Living in a world without free will is considered The Ultimate Fate Worse than Death.

Lucy: It's true. I would never live in a world like that.

Luan: Me neither. There's no future in a world like that.

Lensay: Poo poo.

Luan: That's right Lensay.

Green Lantern: Now we've officially seen the last of the Justice Lords and they will never terrorize that universe again.

Flash: And now that Lex Luthor is in prison in the distant edge of the universe, I won't die like I did in that world.

Superman: No you won't.

Me: And we'll make sure of it Wally.

Lincoln: We sure will.

Me: And now we've official left our mark on that world too.

THE END

Another Fanfiction Complete.

NicoChan11 gave me the idea for this chapter as well as the lines and name for the chapter. Thanks for that man. I saw the two part episode for the Justice Lords on "Justice League" and it was awesome. Let me know what you all think.

See you all next time.

# An Earth of Machines

The U.S.S. Valor is flying in space.

Me: Captain's log Stardate 2122.3: The U.S.S. Valor has left Earth and is en route to a disturbance in the southeastern quadrant of the galaxy. We are heading there to check it out.

Edd: J.D. Harry Osborn has constructed new suits for myself Nazz and Kevin.

Me: Cool Double D. Can't wait to see them when we land.

Lincoln: I wonder what this world will be like when we get there.

Me: We'll find out shortly. In fact we're just about there.

When we arrived we were in absolute shock as we saw that we have arrived at an exact duplicate of Earth.

Varie: I can't believe it!

Aylene: It's another Earth!

Lisa: Sweet mother of all science! There's an exact duplicate of Earth here in the southeastern quadrant of the galaxy!

Lola: This is so unusual!

Me: It sure is. How is this possible?

But Ben knew something was familiar about this planet Earth. There was a scar on the planet

Ben: Wait a second. I know this planet Earth.

Me: How so Ben?

Ben: I've been here before. Gwen, remember when I was fighting that robot and went through that portal to another dimension?

Gwen: I sure do Ben. We were trying everything to get you back.

Ben: Yep. And I met this guy named Rex Salazar and he had these awesome powers that enable him to build machines from his body.

Me: Whoa! That's amazing!

Lincoln: I didn't know this happened to you Ben.

Riley: We got to go check this out.

Me: All right. Lincoln, Aylene, Vince, Varie, Rachel, Ben, Gwen, Laney, Riley, Jasmine, Lana, Lola, Lila, Terra, Double D, Nazz, Kevin, Rolf, Luna, Aqua, Numbuh 5, and Cree you all come with me. We're heading down to the planet. Son you're in command.

Jared: You got it dad.

We went out onto the planet.

* * *

We landed in New York City.

Me: New York City of Earth II.

Jasmine: (Australian Accent) It looks the same as it was back home.

Lincoln: It sure does.

Me: Wait. This is unusual.

I look at my hand and saw little slivers of lightning all over my body.

Me: This is really weird. There's something in the atmosphere thats activated my aura and it's protecting us from it.

Lincoln: I see it too.

Laney: Same here. Mine's leaves

Lola: This is unusual. But mine is fire.

Lana: Same here. Mine is ice

Lila: Fire and Ice for me.

Luna: Water for me dudes.

Edd: I don't see anything around me.

Jasmine: So it's only affecting you guys.

Aqua: That's really weird.

Suddenly an explosion was heard and we saw a kid with a huge sword for an arm fighting a strange girl with black hair and four arms. She fired some strange portals at him.

Ben: That's Rex!

Me: So that's Rex Salazar.

Lincoln: Who is that he's fighting?

Me: I don't know. But she has a really unusual power. She can form portals out of mid air.

Luna: That is really weird dudes.

Aylene: Lets go help out!

Me: Right come on!

We went into the fight and Varie grabbed her and put a seal on her that immobilized her.

Me: Great work Varie.

Varie: Thanks hun.

Rex: Ben! How've you been?

Ben (high fives Rex): I've been good, buddy. Going back to your world was much more easier this time.

Rex (sees Gwen): You must be Ben's cousin.

Gwen: Nice to meet you, Rex. Ben told me all about you.

Rex: Same here.

Me: It's a pleasure to meet you Rex.

We introduced ourselves.

Rex: It's a pleasure to meet you all.

Me: Same here. Who was that you were fighting?

Rex: That's Breach. She's an E.V.O. working for Van Kleiss.

Lana: What's an E.V.O.?

Ben: It's an Acronym. It stands for **E** xponentially **V** ariegated **O** rganism. Rex got his powers because of a terrible event that happened here 6 years ago before I came here.

Rachel: What is this event?

Rex: I'll explain at the organization I work for.

Me: Okay.

Rex: But take Breach with us.

Aylene: Okay.

Aylene picked her up and they went to Providence.

---

We arrived at Providence.

Me: So this is Providence.

Lana: I was thinking it was Providence, Rhode Island.

Ben: It's actually the name of a very secretive government

organization.

Me: Wow. What's its primary purpose?

Rex: We are an organization that specializes in the curing, containment and killing of hostile E.V.O.'s

Me: That sounds like a lot of work.

Rex: It is.

Rachel: How did all the E.V.O.'s become like this?

Rex: It was because of a huge event that happened six years ago. It was called the Nanite Event.

Me: Nanite? You mean like Nanomachines?

Rex: That's exactly right J.D.

Vince: How did this happen?

Rex: I don't know the full extent of the incident. But my brother Caesar knows about it more than I do.

Me: Lets go talk to him.

* * *

We then met Rex's brother Caesar Salazar.

Caesar: Hey little bro.

Rex: Hey Caesar.

Ben: It's been a while Caesar.

Caesar: That it has Ben. It's good to see you again.

Ben: You too.

Me: It's a pleasure to meet you Caesar.

We introduce ourselves.

Caesar: It's a pleasure to meet you all. I see you all captured Breach.

Varie: We sure did.

Rex: Caesar they don't know what happened here.

Me: We were told about a mysterious event that happened almost 10 years ago here.

Caesar: Yes. It's called the Nanite Event. Here's what went down. We were working on a special project designed to eliminate all disease and starvation and that's when we created the Nanite Project.

Rachel: That's sounds like a huge risk.

Aylene: And from the looks of things you guys were playing with fire.

Caesar: Yes. It was a really huge risk. Unfortunately things went horribly wrong. Other organizations wanted to use the Nanites for evil and we tried to convince them to change their ways. But it wasn't enough. I helped our parents Rafael and Violeta Salazar in sabotaging the project and in the end it triggered a massive explosion of unimaginable power that activated the Nanites replication program. Causing them to spread all over the planet and bond with every single organism in the world. Human and Animal.

We gasp.

Me: Geez. That's horrible.

Lincoln: And it changed the face of the entire planet forever.

Laney: That's awful.

Caesar: Yes.

Caesar went and got a jar full of something.

Caesar: These are Nanites.

I look at the jar and it was full of Nanites. They were microscopic machines.

Me: Hmm. So these are Nanites.

Rex: Yes. It's how I'm able to form builds in machines.

Me: Wow. So you're an E.V.O.

Rex: That's right. I work for Providence and my job is to help them contain, cure and kill E.V.O.'s.

Me: Wow. That's a heavy duty job.

Ben: But he has to do it for the safety of the world.

Me: That's a big job but he has to do it. Are there any humans that weren't infected by the Nanites?

Rex: That's my boss White Knight.

Aylene: Is he the only human left?

Caesar: In a way yes.

Me: That must be really rough for him. Having to be forever cursed as the only human left that hasn't been infected like this.

Caesar: It is.

Varie: That's really bad.

Lola: I can't believe that this world went through all that.

Lila: That's absolutely awful.

Luna: Dude that is awful what went down here.

Terra: It sure is.

Me: Maybe we can help you out.

Rex: Thank you guys. I want to start by curing Holiday's sister Beverly.

Me: Is she an E.V.O. too?

Caesar: Yes but she's one of the incurable ones.

Aqua: What does she look like?

Caesar showed us a picture of her and she was a horrific spider E.V.O.

Me: Whoa!

Lola: That is scary!

Lila: It sure is. Leni would not like her at all. She is terrified of Spiders!

Me: And she's incurable? How can that be?

Rex: Some E.V.O.'s can't be cured through me. Some need stronger methods to be cured.

Me: That's potent. Maybe we can work together and cure her.

Rex: How?

Me: Laney can help restrain her and I can channel my power through you so you can cure her.

Ben: My friends all have powers that are really strong and they can destroy the strongest bad guys in the Universe.

Me: We'll show you.

Rex: Okay.

* * *

We were lead to a place called The Hole.

Me: This is where she is?

Rex: Yes. It's called The Hole.

Laney: This looks more like a Solitary Confinement building.

Rex: Yes. It's where we keep the most dangerous and incurable E.V.O.'s.

We went inside and it was indeed like a Solitary Confinement building.

Me: This looks more like a prison.

Vince: It sure does.

We went to a cell at the end of the hall and we saw Rebecca inside it. She was extremely volatile.

Me: She sure looks fierce. It's like every trace of her sanity has been clouded because of the Nanite Transformation.

Rex: That's right J.D.

Me: All right. When I yell now you open the cell and Laney will restrain her with her plant powers. Rex you use your curing power and I'll channel my energy into you to enhance it.

Rex: Okay.

Laney: You got it.

Caesar: Is this gonna work?

Me: We won't know until we try.

We got ready.

Me: Now!

Rex opened the cell door and Laney had vines entangle around her and Rex put his hands on her and I put my hands on his shoulders and go Super Angel. I channeled my energy into him and it was working.

Me: Keep pushing Rex!

I channeled my power and in a blinding flash of light Rebecca was fully cured. She was back to what she was before she went E.V.O.

Rex: It worked!

Me: It sure did!

I power down.

Caesar did a scan on her.

Caesar: J.D.'s power completely destroyed the Nanites in her and cured her completely. Great job guys.

Me: Thanks Caesar and great job Rex.

Rex: Thanks man.

Ben: That was awesome.

Lincoln: It sure was.

Luna: Great job Lanes.

Laney: Thanks Luna.

Beverly was dizzy and disoriented.

Beverly: What happened?

Me: We have quite a story for you.

We explained it all to her.

Beverly: So I was an incurable E.V.O. until now?

Me: That's right.

Jasmine: It was an awful thing you've become.

Lola: It sure was.

Lana: J.D. and Rex cured you with their power.

Me: It took a lot of energy but it worked.

Beverly: I can't thank you all enough.

Me: You're welcome.

?: What happened here?

We saw Rebecca Holiday come.

Holiday: (Gasp) Beverly!

Beverly: Rebecca!

They hugged and were reunited for the first time in 5 years.

Agent Six and BoBo came.

Agent Six: What happened here Rex?

Rex explained the whole thing.

BoBo: That's incredible!

Agent Six: I got to admit that was impressive. Reckless but it worked.

Me: Sometimes it takes a reckless deed to solve a huge problem.

Agent Six: That's true.

Lincoln: Maybe we can set Breach here straight and help her realize her problems.

Me: That's a great idea.

Rex: I don't think that Breach can change her ways.

Laney: We can change her Rex.

Ben: We have a very powerful reputation of changing people for the better on our Planet Earth.

Laney: That's right. Not to brag but we even had some supervillain's change their ways. They are redeeming themselves and correcting the wrongs they've done.

Lincoln: That's right Laney. If we can reform Supervillains on our world then we can do the same thing to some of the villains here. If they have a spark of good still in them.

Varie: We just have to reach deep down and pull them out of the Darkness and into the Light.

Beverly: That's a powerful way of helping people. I have a strong feeling that you can do it.

Laney: I can sense a spark of good inside Breach. She's a person in pain. Let me and Lola help her.

Holiday: I have a feeling that you can do it.

* * *

Breach was brought to a holding room and Laney and Lola came in.

Laney: Breach.

Breach: That's right. Who are you two?

Laney: My name is Laney Loud and this is my little sister Lola Loud.

Lola: Pleasure to meet you Breach.

Breach: Pleasure but what do you want with me?

Lola: We want to help you and get you to change your ways.

Breach: I don't need your help! You can never understand what I went through when I became like this!

Laney: You're wrong Breach. We have encountered a lot of people that have had it worse than you have.

Breach: How so?

Laney: The list is very long and it's all not pretty. Instead of telling you I'll show you through my powers.

Laney placed her hand on her head and showed her everything that went down with several people that we reformed over the course of 2 years. She saw how we helped the members of the Redemption Squad, Sandman, Lea, Elena, Xion, all the villains we saved from themselves. She even saw all the achievements we did.

Breach was shocked.

Breach: You did all that?

Laney: We sure did. J.D. taught us alot and we've done so much for our planet Earth that we made it a completely better place.

Lola: You see Breach there are lots of people who have had it far worse than you have and it's not pretty.

Laney: That's right. What's your real name?

Breach: Hailey Morgan.

Laney: It's a pleasure. I believe that there are people that can be helped. You went through something that was unexpected and you still have some good inside you. I can sense it. You can still do what's right and help people.

Breach then broke down crying.

Lola comforted her.

Lola: It's all right Hailey. Just let it all out.

Breach: (Crying) I was such a fool! I can't believe that he poisoned my mind with lies!

Laney: Who did?

Breach: Van Kleiss! He used me in a number of ways! I'm sorry for everything! I'm sorry!

Lola: It's not your fault Hailey. If anyone is to blame it's Van Kleiss.

Laney: Who is Van Kleiss?

Breach: He's the one that wants to rule the world. He wants to destroy all humans so E.V.O.'s can rule the world.

Laney: What!? That's insane!

Lola: We have to tell everyone. Thank you for telling us Hailey. You're on the path to redemption.

Lola freed her and they went to us.

We then went to White Knight and revealed that Van Kleiss is planning to destroy all humans and reign supreme.

White Knight: So Van Kleiss wants to destroy all the humans and rule the world. This is a terrifying development.

Me: It is sir. Van Kleiss is the E.V.O. equivalent of our old enemy Orochimaru who we fought and killed on our Planet Earth.

Lincoln: Orochimaru was a ninja and a scientist that wanted to rule over the world with an iron fist.

Me: We killed him several times and made sure that he paid for his crimes.

White Knight: So how do you propose we go after Van Kleiss and put a stop to him once and for all?

Me: We form an army of Humans, Angels and E.V.O.s all together and take the fight to him.

White Knight: That's a powerful plan and I'm sure it will work.

Me: We have our ship in orbit above the planet ready to fire an orbital assault.

White Knight: I understand.

Me: All right. Lets gather our forces.

---

We set out and gathered all of Rex's friends and more. He even knows some E.V.O.'s that have helped him in the past. Cricket, Skwydd, Tuck, and Circe. They were from Hong Kong.

Breach got some new clothes and she got a haircut.

It was much better for her.

Everyone else came down from the ship and Jared and Naruto were running it with Shadow Clones.

We were all set and we were armed with guns, swords and all kinds of weapons.

Me: We're all set. Lets go.

We were heading to Van Kleiss' main base of operations: Abysus.

Me: So this is Abysus.

Caesar: Yes. This is where the Nanite Event took place.

Varie: So this place is the epicenter of where it all began.

Rachel: It looks like a Post-Apocalyptic Wasteland.

Ben: It sure does.

Vince: This place really gives me the creeps.

Carol: It sure does. I can't believe that Van Kleiss lives here.

Lucy: This place is too creepy. Even for me even though I enjoy the darkness.

Luan: This place is really scary. I can't even begin to imagine what goes on here.

Eddy: Me neither.

Kevin: The sooner we destroy this Van Kleiss guy the better.

Nazz: Yeah. What he's doing is not cool.

Edd: I agree Nazz.

Me: What's that castle up ahead?

Rex: That's Van Kleiss' base of operations.

Me: So that's his castle. It's like looking at the very castle of the Devil himself. It's like a castle from the Fire of Hell in it's entirety.

Varie: It sure does.

Aylene: It's just pure evil.

Me: Yeah. William fire a warning shot at it.

William: Okay.

William fired a fireball blast at the castle and blew the whole tower off in a huge explosion.

KRABOOOM!

Stewie: Nice shot William.

William: Thanks Stewie.

I pull out my binoculars and saw two figures come out.

Me: We got company. 2 figures coming in fast.

Rex: Let me see.

I hand him my binoculars and he recognized them.

Rex: It's Biowulf and Skalamander.

Lori: What are they literally capable of?

Rex: Biowulf is like a wolf robot and he has enhanced senses, speed, strength and agility. Skalamander has the ability to create diamond hard crystals as weapons and as defensive measures.

Me: Now we know who we're up against. Lets get em people!

Ben went Blitzwolfer.

Ben: BLITZWOLFER!

Edd, Nazz and Kevin unveiled their new iron suits. They had suits that were like Iron Man's. Nazz had a Pink and Gold suit, Kevin's suit was like Warmachine's and was green and silver, and Edd had a suit that was Gold, Silver and Red.

Nazz: I am now Iron Girl.

Edd: Call me Iron Boy.

Kevin: And I'm WarKevin!

Me: Awesome! Lets get em!

We ran and went at them. Skalamander shot Crystal shards at them.

Edd (to the Pack): Hey! If you want to shoot someone, shoot me!

Skalamander: Alright. (Shoots Diamonds at Iron Boy)

Edd dodged them and fired repulser rays at him and knocked him down but he was not down yet.

Blitzwolfer fired a sonic scream at Biowulf and he screamed in pain and he was covering his ears and Ben slashed him and kicked him. Luan fired a blast of light and vaporized Biowulf instantly.

Luan: That makes you see the Light. (Laughs) Get it?

Me: Good one Luan but now's not the time for Jokes.

Rolf: ROLF WILL RELEASE HIS RAGE NOW!

Rolf fired all kinds of weapons from his culture and he was hitting Skalamander alot. Ben then became Diamondhead.

Ben: DIAMONDHEAD!

Me: A Petrosapien from the Planet Petropia.

Diamondhead: That's right J.D.

Diamondhead went after Skalamander and pounded him with crystal blades, shards and more.

Edd, Nazz and Kevin blasted him and obliterated him in an instant.

Diamondhead: That takes care of him.

Nazz: It sure did.

?: So you all came.

We saw the main leader of The Pack: Van Kleiss himself.

Me: Van Kleiss I presume?

Van Kleiss: That is correct. The Famous J.D. Knudson and his friends. I had a very strong feeling that you would be coming.

Me: Our planets are 29,000 light-years apart. So there's no way you could've known about us coming here.

Van Kleiss: True. But I was told that you were coming in a dream.

Me: So you had a dream that tells the future.

Van Kleiss: That's correct. I have an offer for you.

Me: If you want me to join your side then my answer is Forget it. I'm not that gullible and I will never join you.

Van Kleiss: That's a shame. You could've gotten power far beyond your wildest dreams.

Me: I already have all the power I need. Now you will pay for everything you've done to this planet and more.

I go Super Angel God.

Me: This has always been an interesting battle I've dreamt about. An Angel taking on an E.V.O.

Van Kleiss: I'm glad you're interested.

Rex: Let me help out too.

Ben: And me.

Ben became Upgrade.

Me: A Galvanic Mechamorph.

Upgrade: That's right.

He merged with Rex and he got a new suit.

Me: That is so cool!

Rex: It sure is.

They formed an enhanced sword.

Me: Lets get him.

We dash at him and I punch Van Kleiss in the face and sent him crashing into a rock. He got up and punched at me and Rex slashed him in the leg and I dodged his punch and we dodge all his attacks and I kick him in the stomach and punch him in the face and Rex kicked him in the mouth and knock out some of his teeth. Rex built an enhanced dirt launcher and fired an energy blast at him and blew off his right off. I kick him in the head and sent him crashing into another rock. He got up I fired an energy blast and blew off his left arm. He screamed in pain.

Me: Now to make sure that you never terrorize this planet again! (Cups hands to the side) KAAAAAA! MEEEEEE! HAAAAAA! MEEEEEE!

Van Kleiss: NO! THIS IS MY WORLD!

Me: HAAAAAAAAAAAAAAAAAAAAA!

(Goku Kills Frieza Theme plays)

I fired a Kamehameha Wave right at him.

Me: GO TO HELL AND STAY THERE!

The energy blast completely engulfed him.

Van Kleiss: CURSE YOU J.D!

Van Kleiss was completely obliterated and the entire castle exploded in a huge mushroom cloud of incredible power.

KRAAAAAABBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOO

When the smoke cleared all that was left of the area was a massive smoldering crater.

I powered down.

Rex: Is it over?

Me: Yes. Van Kleiss is dead. His energy signal has completely disappeared. It's over. We did it man.

We all cheered wildly as we now knew that Van Kleiss will never terrorize the world ever again.

I merge Earth II with our Earth and made them one. The world of Nanites was now part of us. Rex and his friends were now friends and allies. They are gonna help us when we need it. The Bug Jar in Kiev, Ukraine has been moved to an island in Lake Michigan.

The Bug Jar contains the most hostile E.V.O's in the world and they are contained there.

This was an adventure worth remembering.

Another Fanfiction Complete.

I got the idea for this one out of the blue and NicoChan11 gave me the ideas for this one. Thanks for that man. I got the idea for the start of the chapter from the Star Trek: The Original Series episode Miri. That was a strange episode. It was also one from my dads past. Generator Rex was an awesome show on Cartoon Network from April 23, 2010 to July 3, 2013. It was awesome! I don't know the full extent of the show but it was one of amazing feats. They did a crossover show for Ben 10 and Generator Rex and it was an intense episode made back in November 25, 2011 and that was an awesome episode. Ben 10 and Rex teaming up to take down the Alpha Nanite. That was extremely intense. Let me know what you all think.

See you all next time.

Generator Rex is owned by Man of Action Studios and Cartoon Network.

# A Canadian's Revenge

It starts in the Hidden Leaf Village. Naruto was relaxing in his home on his day off eating some ramen. When suddenly Chris McLean and Chef Hatchett came in and they had looks of fear on their faces.

Naruto: Chris? What are you and Chef doing here?

Chris: Oh, we just wanted to explore Royal York and-

Chef: HEATHER'S BACK AND SHE WANTS REVENGE!

Chris: Chef, we agreed to break it to them gently!

Naruto: Why is Heather wanting to get revenge?

Chris: She wants to kill you and J.D. for ruining her reputation and life on Total Drama! She's heading to Royal York to get revenge!

Naruto: I got to warn big bro. ANBU!

The ANBU arrived.

Frog: Yes Naruto?

Naruto: Sorry to bother you guys but me and J.D. are in danger. Our enemy on Total Drama, Heather is coming to get revenge on us for ruining her. I'm going to tell my bro. You tell the Hokage and keep my friends here safe from her.

Cat: You got it Naruto. Be careful.

Naruto: Will do Cat.

Naruto spread his wings and flew out towards Royal York.

---

In the Estate I was in the Arcade playing games with Rex, Circe, Beverly and Lincoln.

Me: I got you now!

I was playing Primal Rage, Rex was playing a basketball game, Lincoln was playing a shooting game, Circe was playing Ski ball and Beverly was playing a motorcycle game.

Beverly won her race.

Beverly: Yes! Whoo hoo!

Rex: Nice riding Bev!

Beverly: Thanks Rex.

Suddenly Naruto came in.

Naruto: J.D.!

Me: What's wrong little bro?

Naruto: We got big trouble! Heather is back and she wants to get revenge on us!

Me: What!?

Lincoln: That treacherous Viper is at it again!?

Circe: Who is Heather?

Me: You would hate her Circe. Me and Naruto were on a TV Show up in Canada called Total Drama Revenge of The Island and our Team was called the Atomic Owls. Let me show you.

I take everyone to my room and show everyone a special trophy case that had all my momentos from Total Drama Revenge of The Island.

Lincoln: This is so cool!

Me: Yep. This is my tribute shrine to our fun and challenging adventures on Total Drama.

Naruto: It was the most fun we ever had.

Me: Yep.

I show them a picture of the group and the campers on the opposing team.

Me: See that girl there with the brown hair and the sinister smirk on her face? That's Heather.

Beverly: She looks like someone I wouldn't want to meet.

Naruto: That's right. Laney calls her a narcissistic sociopathic monster and we ruined her life and her reputation.

Me: She has a massive Queen Bee and Superiority Complex as big as Mount Everest. She'll stop at nothing to get what she wants.

Beverly: That sounds like someone I would despise.

Circe: Same here.

Lincoln: Me too. She gives all girls everywhere a really bad name.

Me: You'll get no argument from me buddy.

Beverly: I want to fight her.

We gasp.

Me: But Beverly are you sure you want to do this?

Beverly: Yes. You all saved me from being an E.V.O. Now it's my turn to save you. Plus I'm now a 9th degree black belt thanks to Lynn. She is awesome at sports and is an awesome teacher.

Lincoln: She sure is. Go for it Beverly.

Circe: I have a feeling that she can do it.

---

Beverly was standing ready in front of the estate. She was waiting for the right moment. She opened her eye and knew that Heather was right behind her. She turned and saw her.

Beverly: So you are Heather.

Heather: That's right. I don't recall you being here.

Beverly: My name is Beverly Holiday and I just moved here. We were warned that you were after J.D. and Naruto.

Heather: I will never rest in this world while those two exist! They ruined my life and took everything from me! Because of them I was made into an outcast!

Gwen came.

Gwen: Well by all accounts you got what you deserved Heather. You've had it coming for 4 seasons.

Beverly: Hey Gwen.

Gwen: Hey Bev.

Heather: Gwen! You rotten little goth girl freak! You ruined my life too!

Gwen: You brought all that on yourself Heather. It was all because of you.

Heahter: Shut up!

Beverly kicked Heather in the face and sent her crashing into a tree.

Gwen: Whoa! Nice shot Bev.

Beverly: Thank you Gwen.

Heather: You are dead!

Heather charged toward her completely blinded with rage and Beverly punched her in the face and kicked her in the stomach. Heather punched at her and Beverly blocked it and kicked her in the face and knocked out some of her teeth.

Gwen: Nice one Beverly.

Beverly: Thanks.

Heather got up and she had blood dripping from her mouth.

Heather: You are so dead!

Gwen punched her in the face and gave her a black eye.

Gwen: I've been wanting to do that ever since season 1.

Beverly: That was great.

Heather charged again and Beverly and Gwen punched and kicked her in the face and knocked her out.

Beverly: That takes care of that..

Gwen: You said it.

Heather was arrested and she was taken away. She was sentenced to Life in the Antarctica Prison with a terrible curse. Her curse was a death curse. She was given 4 years to live. It's the same kind of curse that I gave to Michael Morningstar. She was looking at a timer in her cell that was counting down how much time she had left before the curse kills her. Unless she finds some good in her heart in that time frame, she will die and be sent off to the darkness of Hell.

THE END

Another Fanfiction Complete.

This one came out of the blue for me and NicoChan11 gave me the idea for some of the lines in it. Thanks man. I hate Heather and it was about time someone put her in her place. I have a saga planned for each of the villains down the road. Let me know what you all think.

See you all next time.

# Revenge of A Parasite

It starts at the infamous Ross Ice Shelf Prison.

French Narrator: (French Accent) Ross Ice Shelf Supermax Prison. Home of the worst of the worst. And currently of that cursed parasitic maniacal miscreant Sheldon J. Plankton, otherwise known as Number 000666.

Plankton: Oh this STINKS! (Becomes stupid and reverts back) BLAST THIS CURSE! I can't think of anything because of it! I hate that accursed Spongebob. That stupid kid ruined everything! He, Lily, that stupid Starfish, Krabs, that stupid Rodent ruined everything! And (Crying) even my own computer wife Karen betrayed me! (Crying) Why Karen? WHY!?

Guard: All inmates to A Level.

The cell doors opened and the inmates came out.

The guard tapped on the wall.

Guard: Come on 000666 lets move it!

Plankton: Yeah yeah! Keep your shirt on!

But Plankton got an unexpected surprise. Lily was there.

Lily: Hello Plankton.

Plankton: Lily!? What in the seashell are you doing here?

Lily: Mr. Squarepants arranged for me to work here on weekends. He wants me to watch you very closely.

Plankton: Hey doesn't this (Becomes stupid and reverts back) Blast this curse!

Lily: Looks like my curse is working wonders but your mind is stronger than what I thought.

Plankton: It is.

Lily was tasked to keep a strong watch on Plankton to make sure he doesn't do anything funny.

---

While Lily is at work at the Krusty Krab 2 she send sends a Shadow Clone to the Ross Ice Shelf Prison to keep an eye on Plankton.

Lily was frying up some Krabby Patties when she heard a voice come into the restaurant.

Mermaidman: Through the double doors! Away!

It was the famous elderly Superhero Team Mermaidman and his sidekick Barnacle Boy.

Lily: Wow! Mermaidman and Barnacle Boy!

Lily made a Shadow Clone to work the grill and she went out to meet them.

Lily: Mermaidman it's awesome to meet you.

Mermaidman: Lily Loud. Great to see you lass.

Barnacle Boy: Same here. Do you work here now?

Lily: I sure do. Mr. Squarepants hired me after we defeated Plankton and saved Bikini Bottom from his reign of terror.

Mermaidman: That's a big achievement.

Lily, Mermaidman & Barnacle Boy are having lunch.

Lily: Mermaid Man, have you ever met Aquaman once?

Mermaid Man: Of course I did.

Barnacle Boy: He's a really great guy. One time, we helped him take down Black Manta.

Lily: Wow! That's amazing!

---

Back at the Ross Ice Shelf Prison things were not looking good! PLANKTON HAD BROKEN OUT OF PRISON!

The sirens sounded and they were trying to find him and guards and worms and penguins were trying to find him. Lily's Shadow Clone saw him heading north towards Bikini Bottom.

Lily's Shadow Clone: Oh no! This is terrible!

She dispelled and the real Lily got the memories of the clone.

Lily: (Gasp) Oh no!

Spongebob: What's wrong Lily?

Lily: It's Plankton, Mr. Squarepants. He just escaped from prison and is heading towards Bikini Bottom!

Spongebob: What!? Why is he heading to Bikini Bottom and I thought he was cursed to be like Patrick!

Lily: His mind and intellect must be really strong.

On the TV was the news.

Realistic Fish Head Reporter: FLASH! Sheldon J. Plankton, Convicted criminal known for terrorizing Bikini Bottom by enslaving it and known for stealing the Krabby Patty Secret Formula has just escaped from the Ross Ice Shelf Maximum Security Prison and it is believed that he's heading for Bikini Bottom to get revenge.

Lily: Tell me something I don't know.

Realistic Fish Head Reporter: Authorities believe that he's trying to finish what he started. We'll keep you posted with more info.

Suddenly the whole city of Bikini Bottom was in panic.

Lily: We have to stop Plankton.

Karen: This is gonna be interesting.

Lily: Mermaidman, Barnacle Boy, would you two like to help us?

Mermaidman: We would be honored.

Lily: Cool. Mr. Squarepants we better tell Mr. Krabs.

Spongebob: You read my mind Lily.

They went to the Krusty Krab right next door and went in.

Lily: Mr. Krabs!

Mr. Krabs: What's wrong lass?

Spongebob: We're in big trouble Mr. Krabs!

Lily: Plankton busted out of prison and is coming to finish what he started!

Mr. Krabs: (Gasp) WHY THAT LITTLE MANIACAL MALIGNERENT ONE-EYED MENACE TO ALL THINGS!

Karen: We need to be ready for him.

Pearl: I what to help out too.

Sandy: (Southern Accent) Me too.

They got ready for battle.

The Krusty Krab was ready for him. Suddenly a giant jar of tartar sauce fell from the sky and splattered all over the place.

Lily: (Slurps the sauce off her face) Tartar sauce?

**Plankton:** Bullseye! *[laughs evilly]*

They saw Plankton flying a plane.

**SpongeBob:** Plankton!

**Mr. Krabs:** *[angry]* So it's a food fight he wants, eh?

**Plankton:** *[as he approaches the Krusty Krab]* Welcome to Air Plankton! Please put your seat backs and tray tables up as we're now approaching our final destination.

Lily: Bring it on Plankton!

*[scene cuts to show SpongeBob and Patrick on the Krusty Krab roof wearing army clothes and having a weapon ready to fire. It was an anti-aircraft gun. Lily came up to the roof and she had an onion rifle.]*

**SpongeBob:** Okay, Patrick. Load the potatoes!

**Patrick:** *[gets plates of two different potatoes]* Mashed or scalloped, sir?

**SpongeBob:** No, Patrick. Raw.

**Patrick:** Sir, yes, sir! *[throws the plates away and dumps raw potatoes from a bag into the weapon]* Locked and loading!

*[scene cuts to show Mr. Krabs looking at the formula in the safe]*

**Mr. Krabs:** Don't worry, little formula. You'll be safe in this… safe. *[closes the safe door and yells through a microphone]* Fire!

*[scene cuts to SpongeBob's weapon firing the potatoes towards Plankton's plane]*

Lily fired onions at the plane.

**Plankton:** Onions and Potatoes?! *[dodges the onions and potatoes side-to-side]*

**SpongeBob:** He's closing in!

**Patrick:** *[while looking at the binoculars upside down]* I think we have a few minutes before he gets here.

Lily: You're holding the Binoculars the wrong way!

*[SpongeBob turns the binoculars the other way]* Huh? *[screams]*

He's right on top of us!

*[scene cuts to the potatoes getting chopped into fries before flying down towards Sandals]*

**Sandals:** Hey, it's raining fries!

**Plankton:** It's gonna take a lot more than onions and potatoes to bring this baby down! *[more potatoes cover Plankton's plane before destroying it]* Or maybe not. *(Becomes stupid and reverts back)* Stupid curse!

*[scene cuts to show customers inside the Krusty Krab looking at the explosion from the plane before cheering, then it changes to SpongeBob and Patrick cheering as well]*

Lily: Serves you right Plankton!

**Patrick:** Whoo!

**SpongeBob:** Wait a minute, Patrick. Look! He's got a tank!

*[as the tank lands from a parachute, Plankton puts a pickle inside a shooter before heading to the controls]*

**Plankton:** Well fools, you're certainly in a pickle now!

*[the tank perfectly aims toward SpongeBob, Lily and Patrick before they gasp and, in slow-motion, jumping out of the way just in time]*

**Sandals:** Hey, it's raining pickles! *[chuckles]* Now, it's raining… *[the tank lands on Sandals; muffled]*… tanks.

**Plankton:** You're welcome. *[the tank drives away]*

**Patrick:** Finland.

Lily landed unscathed.

*[scene cuts to SpongeBob and Patrick getting up and noticing pickles coming toward them before SpongeBob dials a telephone]*

**SpongeBob:** Your order, sir.

**Mr. Krabs:** Extra ketchup, extra mustard, XXXXXtra Hot Hot Sauce, Extra Horseradish, Extra Barbecue, Extra Nacho Cheese, HOLD THE MAYO!

**SpongeBob:** Yes, sir! *[holds a big ketchup bottle followed by small ketchup and mustard bottles]* Extra ketchup, extra mustard.

**Patrick:** *[holds a giant mayonnaise jar while grunting]* Hold the mayo!

Lily: [Has a squirt bottle machine gun full of nuclear hot hot sauce] XXXXXtra Hot Hot Sauce!

Karen: [Has a bazooka that had jars of Wasabi Horseradish and Regular Horseradish] Extra Horseradish!

Pearl: [Has a Cannon filled with Barbecue Sauce] Extra Barbecue Sauce!

Sandy: [Has a missile launcher filled with Nacho Cheese Sauce] Extra Nacho Cheese!

**Mr. Krabs:** Unleash the condiments.

**SpongeBob:** With relish.

*[They all scream while squirting the condiments repeatedly toward the tank before they run out, making farting noises]*

Spongebob: Excuse me! *[They all laugh before they get another set of condiments and do the same as before]*

Lily fired hot sauce into the tank and it burned the barrel off.

Sandy fired Nacho Cheese Missles and it blocked Planktons sight.

*[scene cuts to show more destruction from SpongeBob and Plankton before Patrick starts getting tired]*

**Patrick:** *[gasps for breath]* I can't hold the mayo any longer! *[throws the jar right towards the tank]*

Lily: Yes!

**SpongeBob:** Now what? *[the tank reassembles itself into a giant robot before Plankton laughs evilly]*

Lily: I got this!

Lily then snapped her fingers and she became as tall as the robot.

Spongebob: Whoa!

Patrick: All right Lily!

Sandy: Howdy!

Mr. Krabs: That's me girl!

Lily walked up to the robot and delivered a powerful punch to the eye and destroyed it in an instant. Shattering it into a thousand pieces. She shrunk back to her normal size and grabbed Plankton and put him in a jar and welded the lid shut.

Spongebob and team cheered for her.

Spongebob: Way to go Lily!

Lily: Thank you Mr. Squarepants.

?: Lets see you deal with us too!

They saw the archenemies of Mermaidman & Barnacle Boy, Man Ray and The Dirty Bubble!

Spongebob: Holy Krabby Patties! It's Mermaidman & Barnacle Boy's archenemies! Man Ray and The Dirty Bubble!

Mr. Krabs: What are they doing here!?

Plankton: Isn't it obvious fools! We teamed up! (Becomes stupid and reverts back) Stupid Curse!

Man Ray: He paid us good money too.

Dirty Bubble: So get ready fools! You're about to be destroyed!

Mermaidman: We'll see about that!

Lily: Let me take care of the Dirty Bubble.

Spongebob: And I'll help take care of Man Ray!

Spongebob had a Tartar Sauce blaster ready to fire.

Dirty Bubble: So you think you can stop me girl!?

Lily: I don't think Dirty Bubble. I know!

Lily pulled out a really sharp nail and it made the Dirty Bubble quivered in fear as she walked up to him.

Dirty Bubble: Oh no! The point! Not that! Watch the point! Dah!

POP!

He popped and turned to liquid and Lily put him in a test tube. She put a cork on it.

Dirty Bubble: Curses! Foiled again.

Lily: You'll be in prison for a long time Dirty Bubble.

Spongebob fired a blast of tartar sauce at Man Ray and froze him like before in a prison of Frozen Tartar Sauce.

Lily: You're going to prison for good Man Ray.

Mermaidman: That's right! This is your last night on the streets.

The Citizens of Bikini Bottom came and they cheered wildly for them and carried them in a mesh net. Man Ray was placed in the Moon Prison in the freezer and the Dirty Bubble was placed in a safe in the Ross Ice Shelf Prison. Plankton was placed in a much worse prison. He was launched into space in a SPUTNIK 1 Shape Satellite and was forever banished into the infinitely vast and endless void of space. He'll forever be drifting until the end of time or he hits something.

Plankton: (Voice Echoing) You'll pay for this Lily! I will be back and you all will kneel before me! (Yells as he goes further into Space) ALL HAIL PLANKTON! ALLLL! HAAAILLLL! PLLAAAAAAAAANNNNNNNNKKKKKKTTTTTTTTTOOOOOOOOOOOOO (Becomes Stupid and reverts back) STUPID CURSE!

Sheesh buddy get a life!

---

Later that night Lily came home from work.

She came through the portal in her room and she was dripping wet and she hung up her hat.

Lily: Ahh. Another great day at work.

She went into the bathroom and took a shower to get the Salt Water off and headed downstairs for dinner.

Lily: Hey guys I'm home.

Lynn Sr.: Hey sweetheart. How was work?

Lily: It was another awesome day.

Lori: Tell us how it went.

Lily: Okay.

Lily revealed to everyone what went down and we gasped.

Me: Wow! Lily that was amazing!

Lincoln: Yeah sis you saved Bikini Bottom again!

Lily: We all did big bro.

Luna: Dude that was amazing. I'm glad that plankton is now in space and not here on Earth.

Laney: I agree Luna. He got what was coming to him.

Lily: You said it big sis.

Circe: I'm glad he got what was coming to him.

Cricket: You said it.

Varie: We've now officially seen the last of Plankton The Terrible.

Lily: We sure have.

THE END

Another Fanfiction complete.

NicoChan11 gave me the idea for this as well as the lines for it. Thanks man. I got the ideas for this by mixing various episodes of SpongeBob Squarepants together. I used elements from Jailbreak, The Spongebob Movie: The Sponge Out of Water, Mermaidman and Barnacle Boy II & III. Let me know what you all think.

See you all next time.

# I HATE COCKROACHES!

It starts with me on my can phone with Fuzzy Lumpkins.

Me: So you'll be joining the Redemption Squad but as a back up member Fuzzy?

Screen splits to show Fuzzy Lumpkins talking to me through his can phone.

Fuzzy: That's right. I wants to be a member but I want to show up as a when needed member.

Me: Fascinating. Okay you got the job. Also do you have any family members that want to join?

Fuzzy: Yes. My nephews Wuzzy, Cuzzy and Scuzzy.

Me: The Powerpuff Girls spoke highly about them and they're friends with them.

Fuzzy: That's right.

Me: Okay. They're perfect for the job.

Fuzzy: Thanks J.D. You won't be sorry.

Me: No I won't Fuzzy.

We hung up.

Me: Fuzzy is part of the Redemption Squad guys. But he's gonna be called as a back up member.

William: That's perfect J.D. It's gonna be awesome having him with us.

Lincoln: It sure is William.

Later that night, Something Evil was beginning to stir.

Narrator: The City of Royal York! But enough about that.

( *Cut to inside a room that is completely bare of furnishings, with the plaster falling away from the walls. A man stands at the far end, looking out a window. The roach rises into view near the camera, which then zooms in on the man. He is a fat, ugly, disgusting slob, wearing a dirty undershirt and old shorts. His voice is low, gravelly, and dripping with contempt.* )

**Slob:** Stupid people. Look at 'em. ( *His perspective, looking down at the busy street.* ) What incompetent, unorganized, filthy, dirty creatures.

( *Cut to outside the window. He peeks around the side of the frame; the top of his head tapers to a point, and he has two long hairs growing from here.* )

**Slob:** They've been infesting this planet for too long. ( *leaning out, enraged* ) YOU HEAR ME, PEOPLE? YOUR DAYS ARE NUMBERED! PREPARE FOR THE COMING OF EARTH'S TRUE MASTERS!

( *Quickly pull back to ground level, where a man and a woman look on.* )

**Slob:** ( *muted, from great distance* ) THE REALITY OF YOUR EXTINCTION IS JUST A MATTER OF TIME!

**Man 1:** ( *looking at watch, calling back* ) It's eight o'clock!

( *Back to the room; the slob shakes his fist and mutters angrily for a few moments, but the squeaking of a roach draws his attention. He brightens.* )

**Slob:** Skippy! ( *leaning down to it* ) What can you report?

( *It squeaks into his ear briefly, after which he leaps into the air ecstatically.* )

**Slob:** Yahoo! ( *saluting* ) We must call in the troops!

( *He raises a whistle to his lips and blows, producing a high-pitched, almost inaudible tone. Cockroaches swarm out of a kitchen drawer, a pizza box, a toilet, and all over the walls and floors of Townsville. They consolidate into a single huge flood of household pests that charges toward the slob. Zoom in to an extreme close-up of his face.* )

**Slob:** HAAALLLLTTTT!

( *The noise of stampeding roaches stops. He looks from side to side; pull back as he begins to pace the room, addressing the group.* )

**Slob:** In the past, I've felt the one thing that might stand in the way of our complete success is those supercharged do-gooders Team Loud Phoenix Storm. ( *running to Skippy* ) But thanks to the brave efforts of Cadet Skippy, we are in possession of what I consider the most vital information to the success of our cause. It seems that they think you're- ( *leaning down to roaches* ) -icky, gross, disgusting. They're afraid of you. They won't touch you. And most importantly- they won't squish you! ( *standing up* ) And with them doing nothing to stop us, all we gotta do is scurry in and smash those disgusting bipeds. And then together, you and I, Roach Coach, will rule the world!

But what he doesn't know is that we will squish them. We just don't show it.

( *He laughs madly as the roaches begin to swarm over every part of his body. The laughter echoes through Townsville. Fade to black.* )

( *Snap to the skyline in the morning.* )

**Narrator:** It's a beautiful day in Royal York.

( *Cut to a man waling jauntily down the street. He approaches a hot dog cart; he and the vendor sing the next four lines.* )

**Man 2:** ( *stopping* ) Hmm, looks good. I'd like to buy a dog.

**Vendor:** Mmm, it should. It's made from beef and hog. ( *fixing one up* ) So, my pal, here's your dog, enjoy.

**Man 2:** ( *taking it* ) Oh, I shall. Oh boy, oh, boy, oh boy!

( *He bites into the hot dog and chews happily. A sudden crunch causes him to stop short-should hot dogs sound like that?-and his eyes bug out in mixed disbelief and disgust. When he opens his mouth to scream, roaches pour from it and swarm all over his hand. More of them emerge from inside the cart, and the vendor screams as well. Now both men are covered with the pests, as is the car of a man driving along. He crashes into a fire hydrant as the infestation covers the streets and buildings of Townsville. Pan down the block as other people find themselves covered in roaches-even the Narrator is repulsed, and he yells in shock.* )

**Narrator:** Gross! Gross! GROSS! Get 'em off! Aw, man, this is disgusting! ( *The camera passes a policeman who is shooting at the bugs.* ) All of Royal York is being infested with roaches!

THE WHOLE CITY WAS COMPLETELY COVERED IN COCKROACHES!

---

At the Estate we were reading books and playing cards when the computer called.

Me: It's the chief of police.

I answer the call.

Me: What's going on chief?

On the screen we saw the chief in panic.

Chief: The entire city is completely covered in Cockroaches!

Me: EW! I HATE COCKROACHES! THEY ARE THE MOST REPULSIVE, DISGUSTING, DISEASE-RIDDEN PESTS IN THE WORLD!

Lori: I literally hate roaches too! They are so gross!

Lola: I HATE ROACHES! They are so g-ross!

Lana: I love roaches! They are great bugs and I think they are cute.

Lila: I think they're both cute and gross at the same time.

Blossom (Adult): I know who's behind all this. Our old enemy Roach Coach.

Varie: Roach Coach? Who is he?

Bubbles (Adult): He's a robot controlled by a roach.

Buttercup (Adult) He wants to take over the world by wiping out all of mankind so that Cockroaches can replace us as the dominate species of Earth.

Me: That sounds like one gross villain.

Aylene: Why would he use Roaches like this? He makes me sick just thinking about it.

Cody: Me too.

Me: I heard that some people like to eat Cockroaches and they taste like puke! BLECH!

Lincoln: If I ate a roach I would hurl my stomach out!

Laney: Me too! That is so disgusting!

Blossom (Adult): Lets get Fuzzy and his nephews to help us.

Me: Okay. It'll be a perfect test to him.

I call Fuzzy on the can phone.

---

Fuzzy was watching his nephews play when the Can Phone rang.

Fuzzy: I gots it.

He answers it.

Fuzzy: Howdy?

Me: Fuzzy, it's J.D.

Fuzzy: Howdy J.D. What's shakin?

Me: Roach Coach is trying to take over the city!

Fuzzy: That disgusting slob that think'n he's better than us!?

Wuzzy: What!?

Cuzzy: We have to stop him.

Scuzzy: Yeah!

Fuzzy: We'll gladly help ya J.D.! We'll be arming ourselves with my invention: The Meat Gun!

Me: That's perfect! We'll meet you in the city.

Fuzzy: Right. (Hangs up) Lets rolls nephews.

Cuzzy: Right Uncle Fuzzy!

They set out for the city.

Me: Okay. Lori, Lincoln, Paige, Lynn, Laney, Lana, Lola, Lila, Varie, Aylene, Vince, Carol, Rachel, Maria, Carmen, Breach, Rex, you all come with me.

Lori: Right.

Breach: This is gonna be awesome!

Me: Lets roll!

We left for the city.

Narrator: Hurry guys! Hurry!

We arrived in the city and Fuzzy, Wuzzy, Cuzzy and Scuzzy were with us and ready to go. We saw the city and it's citizens completely covered in cockroaches! YUCK!

Me: Ugh! This is disgusting!

Lori: How can one man literally use so many roaches like this!?

Fuzzy: It's really disgustin Lori!

Me: Lets squish them!

We set out and started squishing roaches and Fuzzy and his nephews were firing their Meat Rays and they turned some of the roaches into different meats ranging from steaks to bacon, chicken and even ham.

Breach was firing her portals and sending them into the Sun.

Rex and pounding them with his machine fists. Then he used his Blaster Caster.

He whipped them with it and splattered them all over the place.

Me: Wow! What's that machine you made Rex?

Rex: It's called my Blaster Caster. It's one of my most powerful builds.

Me: Whoa! That's incredible. What gets you a build like that?

Rex: It's thanks to a powerful Nanite I have in me. It's called the Omega-1 Nanite.

Me: Omega-1 Nanite? That must be really powerful.

Rex: It is. It was created to replace the Alpha Nanite after it went rogue.

Me: Alpha Nanite? I don't think I would like that one. I know that famous quote in the Bible in the Book of Revelations: "I am Alpha and Omega, the Beginning and The End." That's one of my favorite quotes in the Bible. It means that God is all powerful and always and forever will be.

Rex: That's interesting. I have a lot to learn now that I'm here with you guys.

Me: And we'll teach you all that we know Rex.

I fire energy blasts at the roaches and incinerated them. But they just kept on coming.

Buttercup (Adult): There's just no end to them!

Laney: Roach Coach must've gotten a stronger army after the last time you fought him!

Lana: (Eats some roaches) I think they are delicious.

Aylene: Oh that is disgusting.

Lola went to a nearby trash can and hurled.

Lila: Lana you are one silly girl. You know that right?

Lana: I know. I get that all the time.

Me: We're gonna need some serious amphibious firepower! (I bite my thumb and rub blood on my palm and slam it on the ground) TOAD SUMMONING JUTSU!

In a huge cloud of smoke came Gamabunta and a huge army of toads.

Gamabunta: What have you summoned me for Jiraiya!?

Me: I summoned you Gamabunta.

He saw me.

Gamabunta: J.D. Knudson. Sorry I thought it was Jiraiya that did it. What have you called me for?

Me: The whole city of Royal York has been infested with

Cockroaches and this man named Roach Coach is planning on dominating the world and replacing us as the dominate species of the planet with cockroaches.

Gamabunta: You called the right toads J.D. Cockroaches are our favorite meal and we need a good meal.

Gamakichi: You said it pop!

Gamatatsu: Lets eat!

Gamakichi: It's been a while J.D.

Me: Same here Gamakichi. Sorry I don't have any candy for you but I think cockroaches will be a good substitute.

Gamatatsu: That's all right J.D.

Gamakichi: Lets get em!

Me: Bon appetit.

The Toads went out and started eating the roaches with their long tongues.

Maria and Carmen were facing Roach Coach.

Maria: I have to give these cockroaches credit. They're a lot tougher then we thought.

Carmen: I agree. There's only one way to defeat Roach Coach now.

Maria: And that is?

Carmen looked at Maria with a smirk on her face, making her nervous.

Maria: No.

Carmen: It's the only way.

Maria: It's crazy!

Carmen: Our friends are counting on us, sis!

Maria: I don't care! There's got to be another way but I'm not doing it!"

Carmen: Do you have a better plan?

Maria: No.

Carmen (carries Maria by the shoulder): We're doing it.

Maria (Scared): No!

Fuzzy (to Roach Coach as he shoots more cockroaches): Why won't ya go down, ya varmint?!

Carmen: Get help!

At that moment, everyone saw Carmen carrying Maria, who seemed to be injured.

Blossom (Adult): What in the world?

Carmen: Get help! Please! My sister's dying! Get help! Help her! (throws Maria at Roach Coach)

Unfortuantely, Maria missed the villain by an inch and hit the ground.

Roach Coach (confused): What was that?

Maria (gets up and glares at Carmen): See, Carmen? I told you it wouldn't work! (fires water at Roach Coach)

Roach Coach started short circuiting?

Lincoln: Hey look!

Laney: What's wrong with him?

Suddenly he exploded!

KABOOM!

After all the roaches were squished, eaten, zapped, transformed and more we saw that Roach Couch is really a robot and inside it was a roach. It was Roach Coach's Real form.

Me: He's really a Cockroach.

**Roach:** ( *insect voice, angrily* ) I am not just an cockroach! I am Roach Coach! I am the future ruler of this planet, you stupid biped!

Me: You will never be the future ruler of anything!

Lana: I got this.

Lana took out a jar and put him in it and Lila welded the lid on.

Lila: You are going to prison for a long long time Roach Coach!

Gamabunta: It's just hard to imagine that such a tiny insect was going to rule over the world.

Gamakichi: Yeah. Talk about confusing.

Me: No kidding.

Gamatatsu: But that was a great lunch J.D.

The Toads belched.

Gamakichi: Pardon me.

Gamabunta: Same here. We got to go J.D. But tell Naruto we said hello.

Me: I'll make sure he gets the message.

They left in a cloud of smoke.

Lori: This was literally a gross mission.

Me: It sure was. I hate cockroaches more than any other insect in the world. They are surprisingly the only insect I despise more than anything.

Breach: I don't blame you J.D. I don't like them either.

Lori: I don't like them either. They are so disgusting and they are literally the most repulsive insects in the world.

Lola: You said it Lori. They are so g-ross!

Lana: Aw they aren't so bad.

Fuzzy: But they were tasty as meat.

Cuzzy: They sure were.

Me: Lets go home. Thanks for helping us Fuzzy, Cuzzy, Wuzzy and Scuzzy.

Fuzzy: Tweren't nothin J.D. It was a great adventure.

Cuzzy: It was awesome.

We went back to our homes.

Back home we told everyone everything that happened. Everyone was disgusted by it. Roach Coach was put in a hidden wall safe as his cell in the Moon Prison. Sentenced to eternity in prison.

THE END

Another Fanfiction Complete.

I got the idea for this one out of the blue. NicoChan11 gave me the ideas for the lines and plot. Thanks for that man. It's true guys. I HATE COCKROACHES! They are the most disgusting of all insects on the planet. I even saw on cartoons and in real life that people eat them! YUCK! But to some they taste like chicken. To me however they taste like puke. Let me know what you all think.

# Explosive Griffin Humiliation

It starts at the Dakota City Prison. I am visiting Teresa AKA Talon.

Teresa: So you want me to join your Redemption Squad?

Me: That's right Teresa. You have an opportunity to redeem yourself after everything that's happened to you.

Teresa: I will gladly join you. But I have a request.

Me: What is it?

Teresa: I want to have a weapon that can use my Sonic Powers like I had before when I was Talon.

Me: Consider it done. Stewie and Lisa can make it for you.

Teresa: Thank you J.D.

Me: You're welcome.

Teresa was released from prison and she was taken to the estate.

---

At The Phoenix Storm Estate everyone was playing board games, card games and reading books. Francis was with them and playing cards with Lisa. That's when I came in with Teresa.

Maria: Teresa.

Teresa: Maria.

They both hugged.

Maria: So they let you out of prison?

Teresa: J.D. pulled some strings and got me released for good behavior.

Maria: It's good you're out of prison.

Teresa: Me too.

Francis: Teresa what's happening?

Teresa: Not much Francis. You're out of prison too?

Francis: Yep. I was released for good behavior and they let me out early.

Lana: That's cool.

Teresa sat down between Laney and Lola.

Lola: So Teresa before the Big Bang what were you like?

Teresa: Before I became Talon I was a happy and cheerful girl who wanted to become a great gymnast. I was walking home when the Big Bang happened and I was changed into a humanoid bird. I hated my appearance and my powers because of it.

Laney: That's awful Teresa. I'm sorry that happened to you.

Teresa: Yeah. I was in the wrong place at the wrong time.

Lola: That's coincidental if you ask me.

Teresa: Yeah. I agree.

Lily: I'm sorry that happened to you Teresa.

Teresa: Thanks Lily. But J.D. cured me and got me my humanity back.

Me: I'm glad I could help out.

Varie: It was good we all helped Dakota City.

Luna: It sure is brah.

Eddy and Luan were listening to music on Eddy's iPod.

Eddy: Well? What do you think?

Francis: Honestly? You need to get some modern songs in here. I can't believe you were listening to this stuff before your first encounter with me and Clayface.

Killer Frost: You're right about that. No offense, Eddy, but most of your songs are garbage.

Eddy: My songs are not garbage! (to Luan, Ed, Double D, Tara, and Spidey) Right, guys?

Ed: Nope!

Double D: I don't have a problem with them.

Luan: I love your songs, babe!

Eddy: Thanks my angel of Comedy.

Spidey (lying): Don't worry. Your songs aren't garbage!

Tara: I've heard better songs.

Stewie: Teresa, me and Lisa developed this for you.

Teresa: What is it?

Stewie handed her a fingerless glove device.

Stewie: It's a Sonic Emitter. It has the same level of sonic frequency as your sonic blasts when you were Talon.

Teresa: Cool! Thanks Stewie.

Stewie: You're welcome.

My watch beeped.

Me: It's time for another session of humiliation for the Griffin's.

Teresa: Oh this will be awesome!

Rita: I want to help out too. I want to test out my powers on them.

Me: That's perfect Ms. Rita.

Lincoln: Mom this is gonna be awesome for you.

Francis: This is gonna be awesome.

Me: It sure is. Lets head for the city people.

We head out to the city.

Along the way we heard some nasty cacaphonous music.

We saw Oskar playing his music.

Oskar: (Singing)

Mom, don't tell me what to do!

I don't have to listen to you!

I don't have to follow your rules!

I'm gonna live in my car at the school!

Hey, hey!

[keytar solo]

Me: Boy he really hates his mom doesn't he?

Marco: You got that right J.D. I don't know why but he hates his mom alot.

Star: That's what makes him cool.

Me: Hating your mom is awful.

Star: It sure is.

Lincoln: I would never say that about my mom.

Rita: Oh thanks sweetie.

I walk up to him.

Me: Hey Oskar.

Oskar: What's up J.D.?

Me: Not much man. We're just heading down to the city for another humiliation session for the Griffin's.

Oskar: Those bad parents that have been all over the news?

Meg: The very same man. They are my former parents and they got what they deserved.

Oskar: I believe it.

Me: Here man. (I hand him a handful of cash) This is for you. Your car could use a repair and more.

Oskar: Thanks man! I needed it.

Me: You're welcome man. The Humiliation is once a week.

Oskar: That's perfect man.

We headed down to the city.

---

In the City Square everyone was throwing rotten fruit, vegetables and eggs at the Griffin's.

Me: Here we are guys.

Teresa: This is gonna be awesome.

Francis walked up to Lois.

Francis (grabs Lois by the collar): So, Maria deserves to be in jail for destroying Quahog, huh?!

Lois (scared): Oh, you heard about that, didn't you?

Teresa: If you ask me, Maria deserves to be with her family, not sitting in jail like me and Francis!

Peter: You're one to talk! You 3 and that rubber guy did plenty of bad things before meeting those stupid heroes!

Rubberband Man: True, we did do bad things. But abusing kids isn't one of them! In fact, whenever we saw kids being mistreated by their parents, it disgusted Ebon so much that he ordered us to beat up any child abusers that we came across.

Meanwhile, in Dakota prison…

Ebon and Kangor were eating tater tots in the prison cafeteria.

Kangor (Ebon sneezes): You ok, mon?

Ebon: Yeah. Just got this feeling that someone's talking about me. The feeling's actually becoming common around here.

Back in the city we got ready.

Me: Welcome to Hell, Griffin's. And I promise it's gonna hurt. Really bad! (Cracks Knuckles)

Rubberband Man: Let me start us off.

He stretched high up into the air and snapped up and became an anvil. He landed on Peter's head.

CLANG!

Varie: Ooh! That's gotta hurt!

Peter: (Dazed) Where's the leak ma'am?

Venom: We have something.

Cheetah: Same here.

They beat up Lois really bad by punching her in places she didn't know she had.

Bleez: Now it's my turn.

Bleez said her Red Lantern Oath.

Bleez: WITH BLOOD AND RAGE OF CRIMSON RED, WE FILL MENS SOULS WITH DARKEST DREAD, AND TWIST YOUR MINDS WITH PAIN AND HATE, WE'LL BURN YOU ALL - THAT IS YOUR FATE!

Bleez became a Red Lantern.

Eion: That is cool mom.

Bleez: Thanks hon.

She got behind Lois and formed a whip made of red energy.

Bleez: How many lashes J.D.?

Me: 18. One for each of the years Meg was abused.

Meg: That's perfect.

Bleez: All right. (To Lois) Now make a wish Lois.

Bleez lashed Lois across her back and Lois screamed in pain. She had a huge bleeding gash on her back. She did it 18 times.

Lori: That must've hurt!

Leni: It sure did.

Bleez: That's what you get for being a really bad parent.

Bleez reverted back.

Eion: Great job mom.

Rita walked up to them and she formed her hand into a big flyswatter.

Rita: You give all loving parents everywhere a really bad name.

Rita slapped Peter all over his face with tremendous force.

SLAP! WHAP!

Me: Nice one!

Aylene: Yeah!

Lynn: Awesome job mom!

Rita: Thanks sweetie.

Riku: I got something.

Riku pulled out a container of gasoline and poured it around Peter and Lois and Francis lit it on fire. Then it exploded.

KABOOM!

When the smoke cleared Peter and Lois were charred husks and covered in black soot.

Peter: Ow.

Lana: I got something.

Me: Go for it Lana.

Lana pulled out some garbage bombs and set the timer for 5 seconds.

Lana: Lets see you get a whif of this!

She armed the bombs and they counted down and she ran away.

The bombs exploded.

KABOOOM!

They completely covered Lois and Peter from head to toe in garbage that smelled worse than puke. It was so bad that they hurled their guts out.

Me: Nice one Lana.

Lana: Thanks J.D.

Oskar: Lets see how you all like this.

Luna: Lets join him Sam.

Sam: You got it.

Me: Ed would you like to join them?

Ed: You bet!

Ed pulled out his violin.

Me: Everyone plug your ears. This is gonna be nasty.

We put ear muffs on.

Luna, Oskar, Sam and Ed played their instruments and the cacophonus playing was so bad that Lois and Peter were screaming in pain as they were playing and they covered their ears in agony. It was excruciating for them. We were laughing and rolling on the ground laughing our heads off silly. The windows in some of the buildings shattered all over the place.

Teresa fired a sonic blast that amplified it.

Lois: MAKE IT STOP! MAKE IT STOP!

Peter: STOP IT! STOP IT! STOP IT! STOP IT!

Jonny: Whoo-hoo! That's a real toe-tapper guys! Dance on!

Tabby: Let me help you all!

Tabby played her music bad too and it was funny!

It stopped 20 minutes later and it was funny.

Me: Great job guys.

Lois: (Groans in pain) That was horrible!

Me: You're no better Putrid Lois.

Luan: Let me and Eddy do some stuff.

Me: Go for it.

George: We got some stuff.

Harold: Lets do it.

They walk up to them.

Luan threw a bunch of mouse traps on them.

SNAP SNAP SNAP SNAP!

Lois: OW!

Luan: Lets see you snap from this! (Laughs)

Eddy put a block of cheese on Peter's head and he whistled and a huge swarm of mice from all over the city came and crawled up to him and not only ate the cheese but they also bit him all over.

Peter: OW OW OWOWOWOWOWOWOWOWOW!

Eddy: Now that is Cheesy! (Laughs)

George: Watch this.

George whistled and a huge flock of pigeons flew over them and pooped all over Peter and Lois to the point where they'll never be clean again.

George: This is something you can never Drop. (Laughs)

Luan: (Laughs) Good one George.

They high fived.

Harold: I saw that on TV and that was funny. They'll never be clean as long as they live.

Luan: No they won't.

Lois: You are so disgusting Luan! You are the worst ever jokester in all of history! Your jokes don't make you laugh! They make people cry! You are the worst ever comedian and the worst ever jokester that ever lived and they can make even clowns cry!

OH NO, SHE DID NOT!

Luan broke down crying.

Eddy was enraged!

Eddy: NO ONE TALKS TO MY GIRLFRIEND THAT WAY!

Eddy pulverized Lois all over the place with ferocious fury and she was beaten to within an inch of her life.

Eddy: You shut up Lois! You talk to my girlfriend like that again and I will rip your heart out AND BLOW YOUR HEAD OFF!

He punched her more times in the face.

Eddy: NOW LAY THERE AND DIE YOU PIECE OF (Censored) GARBAGE!

He punched her in the face again and I grab Eddy by his arms and pull him back.

Me: Whoa whoa whoa whoa whoa! Take it easy Eddy. She's been through enough already for this week. She has more punishments coming her way.

Lori was comforting Luan.

Lori: Luan, don't let Lois talk to you like that.

Luan: (Crying) Lori! Lois broke my heart!

Lori: I know. What she did was literally the worst.

George: Yeah. But Luan don't let her words get to you. You've put that all behind you.

Harold: He's right. Lois is a convicted criminal and she will be punished as such through our pranks. You're the greatest comedian we know and you have what it takes to be the next Bob Hope.

Me: That's right. Never forget that.

Luan: (Sniffles) Thanks J.D.

Me: You're welcome.

Luan and Eddy hugged and we cheered.

---

Later we went back home and got rested up.

Me: Well another fun day for humiliation.

Rachel: You said it.

Lola: What Lois said to Luan was horrible!

Lila: She almost broke her spirit.

Nazz: Yeah it was totally not cool!

Varie: You said it Nazz.

Vince: I think that every time we humiliate them it destroys their sanity even further.

Lana: Well they deserve it Vince.

Carol: Not just for being bad parents but for ruining Meg, Stewie and Brian's lives. Both Quahog and them got what they deserved.

Laney: You said it Carol.

Teresa: I agree.

Maria: Me too.

Francis: It's now awesome being part of the Redemption Squad.

Teresa: It sure is.

# Another Canadian Revenge

It starts in the Loud Estate. We are watching Operation Dessert Storm.

Me: I love this show.

Varie: Me too.

Lincoln: I hope Lydia wins with her Chocolate Mint Cake.

Me: Me too. Tony looks like he will kill her if given the chance.

Tony was a buff murderous criminal.

Me: And I would destroy that guy.

Lincoln: I would destroy him too.

Suddenly Chris and Chef came in.

Me: Chris McLean and Chef Hatchett? What's wrong guys?

Chris: Scott is coming for you J.D.!

Chef Hatchett: He wants to get revenge on you for humiliating him on TDRI!

Me: So Scott has returned for Round 3.

Linka: I can't believe that dirt bag.

Laney: He wanted to win that show at any cost and he was gonna ruin so many lives in doing so.

Aylene: I would call him a sociopath. He's evil and doesn't care who he hurts to get what he wants.

Me: No he doesn't. Never once have me and Naruto seen him cry. He's a monster.

Lana: That guy's a jerk.

Beverly: How are we gonna stop him?

Me: I have just the people to help out.

---

I called in Duncan and Kevin.

Me: Glad you guys can make it.

Duncan: Thanks J.D. We heard that Scott the Loser was coming so we decided to help out.

Me: Thanks for coming guys.

Kevin: I have something perfect for him.

Me: This is gonna be good.

Then there was a knock on the door and I answer it and there he was, Scott.

Me: Hello Scott. It's been a while.

Scott: That it has J.D. Now I'm gonna get my revenge on you.

Me: Oh we shall see about that.

Duncan: Hey Loser!

Duncan and Kevin grabbed him by the arms and took him into another room. The room was really an empty room.

Kevin: Pick a Body Part Duncan.

Duncan: This is gonna be awesome dude. (Cracks Knuckles)

Sounds of punching, violent sounds and screaming were heard.

We were chatting.

Maria: I can't believe what Lois said to you Luan. I think that with every humiliation we deal to them they become more and more despicable.

Luan: Yeah well they deserve it all the time.

Meg: They should too.

Stewie: You said it Meg.

Brian: Yeah.

Me: What Lois said to Luan was completely unforgivable. They do say that words hurt worse.

Cody: That's right.

Eddy: I gave that heartless woman what was coming to her.

Carol: You sure did Eddy.

Spiderman: I noticed something about Maria and Teresa.

Me: What's that Peter?

Spiderman: They look just like a female Vulture and Hydro Man when they were Talon and Aquamaria.

Maria: That's true now that we think about it.

Teresa: It's true.

We laughed.

Cricket: Let me tell you guys. Scott is sure getting what's coming to him.

The sounds of violence were getting worse.

Me: He sure is Cricket.

Hercules: Lets hope he gets more than his fair share of justice.

Zoe: You said it.

Chione: I hope he loves a mondo bruised and boo booed ego.

Me: Yep.

Duncan and Kevin came out and their fists were raw and they were clapping the dirt off them.

Kevin: Man that felt really good.

Duncan: You said it man.

They fistbump.

Me: How did it go guys?

Kevin: He won't be bothering you guys ever again. See for yourself.

We look in the room and saw that Scott looked like he lost a fight with a rabid bear.

Me: Geez!

Lola: That is an intense beating. Even my fights with Lana weren't that ferocious. No offense.

Lana: None taken sis.

Lori: What a beating. That has to literally be the most ferocious fight we ever heard.

Laney: What a really big beating.

Me: No kidding. I don't think Fang would want to finish him now.

Scott was then taken to the hospital and he was arrested for attempted murder and illegally crossing the border, a Federal Offense. He was found guilty of his crimes and sentenced to Life in Prison without possibility of parole for 50 years in an American Prison and he was ordered to pay the Phoenix Storm Estate $30,000,000.00 in restitution. He was another Canadian gone bad.

THE END

Another Fanfiction Complete.

NicoChan11 gave me the idea for this one as well as the ideas for the scenes in it. Thanks for that man. Scott is a complete and total sociopathic monster. In my opinion he needs to go to prison forever. Let me know what you think.

See you all next time.

# Multiple Voices

[The episode starts off with Lincoln eating lunch in the cafeteria. Suddenly, three bullies surround him.]

**Lincoln:** [nervously] Hi. How can I help you?

**Bully #1:** Give us all your money!

**Bully #2:** Yeah! Every single red cent!

**Lincoln:** [whining] Just leave me alone!

**Bully #3:** [teasingly] And what are you gonna do about it, pansy? Cry all the way home to your mommy like the baby you are and sound like? [laughs with his two companions]

**Lincoln:** [in his head] I'd better skedaddle… [about to run away, until he is grabbed by his shirt]

**Bully #1:** I said give us all your money! Or else, me and my buddies will beat it out of you!

**Lincoln:** [whining] I said leave me alone!

I appeared.

Me: You buttkissers got three seconds to leave him alone or else your hands will be the first things to be cut off!

I hold my dagger up and the blade shines to the tip. They knew I wasn't bluffing.

The boys ran away in fear, screaming. I smile proudly.

Me: Don't let me catch you picking on Lincoln again or next time it will be your heads! What a bunch of losers.

Lincoln: Thanks J.D.

Me: No problem buddy.

Varie: Those rotten parasites. Who do they think they are?

Aylene: They are just that stupid.

[Cut to Lincoln & Linka's room, where he is playing Angry Birds on his phone.]

**Lynn:** [barges into Lincoln's room] Hey, Lincoln! I need a sparring partner. You're it.

**Lincoln:** [agitated] Not now, Lynn. I'm in the middle of something.

**Lynn:** Aw, come on. You don't need to be a baby about it. I'll just ask someone that sounds more manly. [walks out of the room]

Linka: Good luck with that.

**Lincoln:** [groans] At least I finally have some peace now. [continues to play Angry Birds]

We go into Lisa's room.

**Lisa:** [comes into the room] Elder brother, I'm in need of your assistance.

**Lincoln:** Alright, Lisa. [turns off his phone, puts it in his pocket, and follows Lisa to her and Lily's room]

**Lisa:** I've recently been working on a new invention of mine, ever since I heard about the skirmish you got into earlier today.

**Lincoln:** Wait, you knew about that and didn't do anything?

**Lisa:** I did something that'll help you now and into the future. [reveals a sci-fi-esque blaster to Lincoln] Behold.

Me: Wow. Interesting device.

**Lincoln:** What does that thing even do?

**Lisa:** When someone gets shot by this, they are then granted the ability to use different sounding vocal chords.

**Lincoln:** Huh? I'm not following.

**Lisa:** It means my Voice Combobulator can change your voice to anything you'd like, and you'll have multiple voices from just one blast.

Me: Ooh. This is gonna be interesting.

**Lincoln:** Oh. In that case, go ahead! [gets ready to be shot]

**Lisa:** There's no worries. It's not gonna hurt… that much. [warms up the Voice Combobulator]

**Lincoln:** Wait, what?

[Lisa shoots Lincoln with the blaster, which results in him rolling in circles on the floor, flopping around like a fish, and having spastic movements around the room, all the while being surrounded by a blue light. Lincoln soon stops moving and the blue glow around him goes away.]

**Lisa:** So, how do you feel now, Lincoln?

[Lincoln gets up.]

**Lincoln:** [Jerry Lewis voice] It was fine, really. That was, until [louder] THE ZAPPING WITH THE PAIN AND THE FISH FLOPPING ABOUT!

Me: Hey you sound just like famous comedian Jerry Lewis!

Cody: Oh he was really funny.

**Lisa:** Hmm… Fascinating. You sound just like Jerry Lewis, albeit extremely exagerated.

**Lincoln:** [Jerry Lewis voice] Froynlaven!

We laugh.

Me: That was really good!

**Lisa:** That's not even an actual word.

Varie: No but that was funny!

[Luan suddenly bursts into the room.]

**Luan:** Was that Jerry Lewis? [excited] Yes! He isn't dead! His legacy will always live on!

**Lisa:** Actually, that was Lincoln after he helped me test out my new invention.

**Lincoln:** [Bugs Bunny voice] Eh, what's up, doc?

**Luan:** [in awe] Whoa.

Me: (Laughs) That's a great Bugs Bunny.

**Lincoln:** [Luan voice] What do you call a dairy product that goes to school? A cheese grader! [laughs] Get it?

We laugh and roll around the floor laughing.

**Luan:** Nice try, but that was really cheesy. [laughs]

**Lincoln:** [Luan voice] Oh, yeah? I can make better puns in my sleep than you.

**Luan:** Don't push it…

Me: (Calms down) That was really good Lincoln. I'm pretty good at imitating voices too.

Lincoln: [Normal Voice] Really?

Me: Yep. Here's my favorite. [Foghorn Leghorn Voice] What's the I say what's the big idea wrapping a lariat around my Adam's Apple?!

They laugh.

Lincoln: That's a good Foghorn Leghorn.

Lisa: Indeed. It could use some work though.

Me: Nobody's perfect. Here's another one. [Elmer Fudd Voice] Shh. Be vewy vewy quiet. I'm hunting wabbits. Hahahahahaha.

Aylene: That's really good.

[Cut to later when Lincoln is playing video games in the living room. Laney, Varie and Aylene are reading books. Lori shoves Lincoln off the couch.]

**Lori:** Move over, twerp. I literally need to see the season premere of Dream Boat.

**Lincoln:** [Lori voice] Move over, twerp. I literally need to play my game.

Varie: Hey that's a good Lori!

Laney: That is really accurate.

**Lori:** [surprised] What the?! How are you doing that?

**Lincoln:** [Lori voice] I literally have the power to change my voice as I see fit now. So, I literally sound like you, and anybody else.

Me: He got blasted with a cool device that enables him to use different voices.

Lori: Wow.

[Lynn comes in the house by crashing through the window. She slides into the bottom of the stairs.]

**Lynn:** [strained] Great job, Margo. [holds a thumbs up]

Me: Nice Entrance.

**Lincoln:** [Lynn voice] Next time, we can do this on top of the Seattle Needle.

**Lynn:** Huh?

**Lori:** [suspicious] Lisa has something to do with this.

Me: He's not the only one. I'm good at imitating voices too. Listen. [Tweety Voice] I tawt I taw a putty tat. (Looks at Cliff) I did! I did taw a putty tat!

They laughed.

Lori: (Laughs) That was literally funny.

Lynn: That was really good though.

Lana, Lola and Lila came down.

Lana: I thought we heard Tweety here.

Lola: Me too!

Me: That was me girls. I can imitate voices really well.

Lila: That is so cool J.D.

Lana: Can you do Yosemite Sam?

Me: I sure can. [Yosemite Sam voice] Yeah Yosemite Sam! The roughest, toughest, he man stuffest hombre thats ever crossed the Rio Grande!

They laughed.

Lori: That was so good J.D.

Lana: It sure was.

Me: I practiced with them.

[Cut to the next day at the school cafeteria, where Me, Lincoln, Cody, and Ronnie Anne are surrounded by many laughing classmates.]

**Zach:** [chuckling] Do another one, Lincoln!

**Lincoln:** Alright. [clears throat; Donkey voice] We can stay up late, swappin' manly stories, and in the mornin'… I'm makin' waffles.

[All the classmates start laughing again.]

Me: That was a good Donkey from Shrek. I love that movie. Here's one. [Shrek voice] No. I'm an Ogre. Grab your torches and pitchforks!

Lincoln: [Donkey Voice] And you definitely need some tic tacs or something cause your breath stinks!

They laugh hysterically.

**Lincoln:** Alright, I've got one last one. [Yoda voice] The force strong in this one.

[The classmates laugh again.]

Ronnie Anne: That's a great Yoda.

**Rusty:** Man, I don't know how you're able to do this, buddy, but you're gonna be known as "The Boy of Many Voices" someday.

**Lincoln:** [thinks; Dan Aykroyd voice] Hmm… Sounds like a most beneficial venture to pursuit.

Cody: That's a good Dan Aykroyd.

**Liam:** [pulls out a flyer] Maybe you could go to this…

[The flyer is revealed to be for the Royal York Elementary Talent Show, which is in the next few weeks.]

Me: Royal York Elementary Talent Show? Lincoln that's perfect for you!

**Lincoln:** [takes the flyer from Liam, gets an idea; Gru voice] Lightbulb…

[Cut to a montage of Lincoln practicing most of his "impressions" for the talent show. However, as the days go on, the sisters get slightly more and more annoyed with how Lincoln keeps mimicking their voices in the process. Cut to several hours before the talent show, when the Loud sisters, sans Lisa and Lily, on the couch, watching

TV, with Lincoln imitating Lola by balancing several books on his head in the background.]

**Lincoln:** [Lola voice] And that's why I deserve to be the next Cute N' Mean's Beauty Queen. [giggles and flutters his eyelashes]

Me: That's a good Lola.

**Lola:** That's it, I can't take this anymore! I can't believe I'm saying this, but I'm getting sick and tired of hearing the sound of my own voice! PLEASE MAKE IT STOP! [covers her ears with the couch pillows]

[Cut to Lincoln near Lisa's desk in her and Lily's room.]

**Lincoln:** [hugs Lisa, who struggles to get out of it] I can't thank you enough, Lisa! This is the greatest thing that's ever happened to me, thanks to you and your Voice Bobator.

**Lisa:** [corrects him] Combobulator.

**Lincoln:** No matter. [sets Lisa back in her chair] Wish me luck, Lis. [walks out of the room]

**Lisa:** [realizes something] Hey, Lincoln. There's actually this one major side effect to the Combobulator. Lincoln? [rushes out of her door and into the hallway] Lincoln, come back!

[It's too late now, since Lincoln has already left the Loud House and is on his way to the talent show, which is viewed by Lisa through the front window.]

**Lisa:** [deadpanned] And he's gone. [We all approach Lisa by the window.]

**Lori:** Lisa, you literally have to do something about Lincoln. He's literally been mocking us to no end for the last few months.

Me: It's not that bad guys.

Varie: I think it's really funny.

Vince: Same here. Wouldn't you agree Carol?

Carol: You know it Vincey.

Laney: Yeah. After all they do say that imitating someone is the most sincerest form of flattery.

Lana: That's right.

[Lola takes out a piece of paper, writes on it with a cat pen, and holds it up for Lisa to see.]

**Lisa:** [reads Lola's paper] "Now I can't even bare to hear the sound of my own voice because of him. Now, this is the way I'm gonna be communicating for a while?"

**Luan:** And he keeps beating me out in the pun game. Speaking of which… [tries to think of a pun for a brief amount of time] I got nothing now.

[The sisters, sans Lisa, sighs with relief.]

**Lisa:** Oh, pish posh. Anyone could beat you out in this [airquotes] "pun game". Watch. [clears throat] What did the mama kangaroo say to the baby kangaroo's brother?

[Luan shrugs.]

**Lisa:** Walla- let him be.

[Everyone, sans Lisa and Luan, applaud Lisa for her pun.]

Me: (Laughs) That was funny!

Eddy: (Laughs) That was a good one!

**Luan:** That was a good one, but still!

**Lisa:** [remembers the V.C.'s side effect] I know this is a little off-topic but… the device I used on Lincoln to change his voice has this one major side effect.

Me: Uh oh. I don't like the sound of that.

**Lana:** And what is it?

**Lisa:** Let's just say the school will be in ashes by the time Lincoln's done with his act.

Rachel: What do you mean by that?

**Lynn:** Yeah. What are you getting at here?

**Lisa:** Basically, Lincoln will end up burning the school down with fire breath. [rubs her arm] I pretty much forgot to share that one detail with him before he left.

Me: Fire Breath!? You mean like a dragon!?

[The others get wide-eyed and look at the screen.]

**Others:** Oh no…

Me: We got to get over there and fast! Come on!

We rush out the door.

[Cut to the talent show, where Giggles has just finished her bowling pin juggling unicycle act.]

**Announcer:** Quite a performance there, Ms. Giggles. Let's see the judges' thoughts.

[The three judges, with neutral expressions, each hold up a card with a 7 on it.]

**Announcer:** Looks like 7's all around, Giggles.

[Giggles walks off the stage, but not before honking her nose. Cut to Lincoln behind the curtains on stage right.]

**Lincoln:** Alright. Time to give it my all. [coughs, releasing a small orange flame from his mouth] Strange. [dismisses it] Oh, well. Time to get this on. [walks out from stage right]

**Announcer:** And now… making his debut on the stage… The Boy of Many Voices… Lincoln Loud!

[There's a large round of applause as Lincoln walks onto the stage.]

**Lincoln:** [Elvis voice] Thank you. Thank you very much.

[Cut to the sisters walking towards the school theater where the talent show is being held.]

**Lisa:** I have my suspicions this is where the talent show's being held, or where it used to be during Lincoln's act.

[They all rush in, only to bump into a bouncer, blocking the entryway.]

**Lori:** Greetings, mister. We would very much appreciate access to the talent show.

**Bouncer:** $5 per person for entry. [holds out his hand]

Me: I got this. Sir you may know us.

Bouncer: Oh wow! J.D. Knudson! Sorry I didn't recognize you.

Me: It's all right sir.

Bouncer: Please come on in.

[The bouncer opened the door and we rush inside and see Lincoln already performing his act.]

**Luan:** Time to go undercover. [laughs]

[The others glare at her.]

**Luan:** [exasperated] I'm burned out on puns now, OK?

[Cut to Lincoln doing masterful impressions of many media characters. Pan over to the sisters in stage right.]

**Lynn:** [looks through the contents of several boxes] There's got to be something we can use to get his attention. [dives into another box and pulls out a lasso rope] Aha!

[Lynn swings the rope around, and successfully ropes Lincoln from the center of the stage.]

**Lincoln:** [struggles against the rope; Indiana Jones voice] What is the meaning of this?

Me: Good Indiana Jones buddy.

**Lisa:** We had to stop you from going onstage so that-

**Lincoln:** [Jason Sudeikis voice] Wait, wait, wait. I'm beginning to realize that all of you are jealous and didn't want me to be in the talent show.

**Luna:** That isn't it, bro. You see-

**Lincoln:** [Jason Sudeikis voice] Stop right there… I finally found something that's mine, and I'm not gonna let any of you ruin it for me.

[Lola holds up a piece of paper that says, "But you still have that trophy from the video contest and all those short film awards to lean back on."]

**Lincoln:** [Jason Sudeikis voice] True, but-

**Lisa:** [sighs] You'll end up burning the theater to the ground.

**Lincoln:** [normal voice] Huh?

**Lisa:** Yeah. You'll end up burning everything here with fire breath, which was an unforeseen side effect of the Voice Combobulator up until this point.

Me: It's a nasty side effect Lincoln. We came to warn you.

**Lincoln:** Hmm… I guess so. But just let me finish this. [begins to walk towards center stage]

**Lisa:** You can't go out there, Linc… [Lincoln doesn't hear her anymore; deadpanned] And… he's gone again.

[Cut to the confused announcer and judges as Lincoln walks back onstage.]

**Lincoln:** So, after that unexpected interruption, the grand finale. [about to do another impression, but coughs out some fire]

**Announcer:** Uh, is something the matter?

**Lincoln:** Eh, it's just heartburn.

[Cut to stage right]

**Lana:** Don't do this! Get out of here while you still can!

Lila: Come on Linc!

**Lisa:** He's gonna blow! [ducks and covers her head]

[Cut back to Lincoln, who ends up burping out bursts of fire onstage. Cut back to stage right.]

Me: Whoa!

Varie: That's intense!

**Luna:** I can't watch… [turns away]

**Judge #1:** Ooh. Haven't seen anything like this today…

[Cut back to Lincoln, who is now flying around the theater, while he is breathing fire. Said flames result in firewriting that reads, "Firewriting's all the rage now!"]

Me: "Firewriting's all the rage now!" That's interesting.

**Judge #2:** Such originality!

[Lincoln lands back on centerstage, where he has stopped breathing fire for now. Lincoln bends over, looking like he's about to blow chunks, until he breathes fire in a straight beam at the furthest back wall, resulting in an engraved version of "The Creation of Adam", but with Lincoln in place of Adam and Chris Savino in place of God. The judges look behind them to see the illustration.]

**Judge #3:** [gasps] The artistic genius!

Laney: That's The Creation of Adam Painting! Beautiful!

Me: Wow! Lincoln must've learned that from our Global Trip.

[Lincoln's fire beam shortens and eventually stops. One last breath of fire pushes Lincoln onto his back. Lincoln burps out a last flame of fire afterwards.]

**Judge #1:** [holds up a card that has a 10 on it] 10!

**Judge #2:** [holds up a 10 card too] 10!

**Judge #3:** [holds up a 10 card as well] 10!

**Announcer:** Looks like good old Lincoln has earned 3 perfect 10's! [heads to Lincoln with a trophy] Congratulations, Mr. Loud! You have just earned 1st place in the talent show!

Me: He got a perfect score!

**Lincoln:** [groans while coming to] Wait, I won? [takes the trophy from the announcer] This is the happiest day of my li-

[He accidentally breathes fire on the announcer, who is now covered in soot.]

**Lincoln:** Oops. Sorry about that.

Varie takes a feather duster and brushes him off.

[Cut to Lincoln putting the talent show trophy inside his trophy case.]

**Lincoln:** [to the viewers] Well, thanks to Lisa, I can breathe fire now, and maybe I can still do impressions. [clears throat; Scooby-Doo voice] Scooby-dooby-doo! [normal voice] Yeah! Still got it!

Me: Good Scooby Doo Lincoln.

Lincoln: Thanks J.D.

Me: Another Great Trophy for you buddy. Firewriting is awesome though. Also Firebenders can blow fire out of their mouths like the roar of a dragon.

Eion: That's right Lincoln.

Me: I can train you how to use this power as well Lincoln.

Lincoln: Thanks J.D.

Paige: Let me see if I can write something in fire.

Paige formed a flame on her finger and she wrote a message in fire. It said "I Love You Linky!"

Lincoln: I love you too Paige.

[Multiple red and orange irises appear and block out Lincoln.]

**Lincoln:** [pushes his head through the irises; Porky Pig voice, stutters] That's all, folks!

Me: Good Porky Pig Lincoln.

**THE END**

Another Fanfiction Complete

I would like to thank BatSam247 for letting me use his Fanfic Multiple Voices. Credit goes to you for a great fanfic. Thanks man. I can imitate many voices in real life and my friends get a good kick out of it. My favorites are the Looney Tunes Cartoons. Lincoln now has awesome voices and fire breath to boot. Let me know what you all think.

See you all next time.

# A Girl's Night Out

It starts with us in the living room watching TV, playing board games, reading books and playing cards.

Duncan: Don't I know you from juvie, Francis?

Francis: You should. You nearly broke my arm in the prison cafeteria before the night of the Big Bang.

Duncan: Oh. now I remember. But you know I had to. You nearly ate the last hot dog.

Francis: Dude, it was my hot dog because it was on my tray in the cafeteria.

Me: I didn't know you two knew eachother in Juvie, Duncan.

Duncan: It's a long story J.D.

Francis: Yeah he was a tough guy.

Me: I believe it.

Chris: Thanks for letting us stay with you guys until the losers are defeated.

Me: No problem Chris. With Amy and Eva still out there there's no telling what they are capable of and what they will do.

Chef Hatchett: That's right. We have to make sure they are gone before we go back to Canada.

Lincoln: We won't let them touch you guys.

Liam: (Southern Accent) They'll have to go through us first.

Varie and the girls were all heading out.

Me: Where you off to girls?

Varie: We're having a girls night out today.

Aylene: A little unwinding time and bonding.

Rachel: It's gonna be awesome.

Me: Okay. Well have fun.

Lori: We will J.D.

Lincoln: What time will you all be back?

Varie: Right around 8:00 tonight.

Me: Have fun girls.

They left out the door.

---

They were in the city and they were at a Pizzeria.

They toasted their glasses.

Girls: Cheers!

Lori: This is literally going to be the best girls night out ever Varie.

Varie: Thanks Lori.

Beverly: This is so much fun guys. I can't believe its been so long since we all hung out.

Cricket: You said it Bev.

Circe: Is your sister okay with this?

Varie: We did ask her before we started.

---

2 hours ago Varie was at Providence Headquarters.

Holiday: So you want to take Beverly on a girls night out?

Varie: That's right doc. It's gonna be a fun time.

Holiday: Well be careful and don't let anything happen to her. Or I'll send Six on your butts.

Varie: You have my word.

FLASHBACK END

They laughed.

Lana: It's good that Bev is back to normal after everything that happened.

Lola: That's right.

Lila: Yeah.

Beverly: It's great to be human again.

Aylene: Yeah. Beverly what were you doing before the Nanite Event?

Beverly: I was heading home when I saw the explosion.

---

Beverly: (Narrating) I was walking home from the library and then I saw this tremendous bright light followed by a massive explosion and it was unbelievable. Then I started changing and I had no idea what was happening to me. Then I became this horrific monster and my mind went black and I had no idea what I was doing. I tried to fight it but it was all for nothing. I was like that for 6 years until you guys came.

FLASHBACK ENDS

Tara: That's horrible.

Circe: Yeah.

Cricket: We were forever changed because of the Nanite Event and we know how you feel.

Beverly: That's true.

Lori: I'm sorry that happened to you. How old were you when you went E.V.O.?

Beverly: I was 13 when it happened.

Varie: So young. That's awful.

Chione: Yeah.

Laney: Circe what powers were you given when you became an E.V.O.?

Circe: I have sound powers. When I use them I grow this tube shape fang mouth that acts like a megaphone.

Luna: Whoa. That must be really powerful.

Sam: It sure looks like it.

Cricket: It is. Circe's sound powers can shatter windows and can even call and control other E.V.O.'s.

Ronnie Anne: That sounds powerful.

Chione: That's like a supersonic megaphone.

Circe: That's exactly right.

Luna: Now I can see why your name is Circe. Like the Sirens of Greek Myth.

Circe: Bingo.

Rachel: That is so cool.

Tara: That sure is.

Lynn: That is awesome!

Luan: It sure is something we can hear. (Laughs to rimshot) Get it?

Most of them laughed while her siblings groaned.

Varie: (Laughs) That was a good one Luan.

Circe: (Giggles) Funny.

Cricket: That was a funny one.

Alexis: Yeah. Cricket what powers were you given when you went E.V.O.?

Cricket: I not only got insect characteristics but I also got enhanced jumping, speed, endurance and strength.

Linka: That's cool.

Lori: It sure is.

Laney: I know about this. Grasshoppers can leap 100 times their length, ants can lift 50 times their weight, cockroaches are not only tough but they can hold their breath for over an hour.

Cricket: That's really impressive.

Lisa: Indeed. All insects in the animal kingdom have powerful traits that make them strong survivors.

Shannon: That's true.

Shanan: It sure is. I've known all about that for years.

Linka: Yeah.

Beverly: I never knew that insects were great survivors.

Varie: They have been on this planet much longer than the dinosaurs. They were on the planet for over 400 million years.

Lana: That is a long time.

Lola: It sure is. I didn't know that they were great survivors.

Lila: Me neither.

Lily: Same here.

They then got their pizza. It was a big pie with enough to feed them.

Penny L.: Yummy.

Lily: It's delicious.

Varie: It sure is girls.

---

Later after paying for their lunch and leaving the building they saw the Griffin's being humiliated again.

Lynn: Oh yeah it's Humiliation Time.

Luan: This is gonna be sweet.

Leslie: You said it Luan. Ashley you want to have some fun with this?

Ashley: You know it big sis!

Lois (to Luan and Maria): Back for more, you pathetic girls?

Luan: Yep! And this time, we brought all of our girl friends with us!

Peter: Oh, come on! No boys?

Maria: Even if they weren't busy, they wouldn't waste their night with you!

Breach: This is gonna be good.

Varie: All right girls. (Cracks Knuckles) Lets bring the pain.

Gwen T.: This is always fun.

They walk to the crowd and stood ready.

Varie: Welcome to the corner of pay and back.

Lucy: You will never be forgiven for your crimes.

Varie: I'll start us off.

Varie fired a blast of water and it turned green and drenched them from head to toe. The water was really raw sewage.

Peter: Oh that is really disgusting!

Lois: This water smells horrible!

Varie: That's because it's raw sewage.

Everyone: EWWWW!

Lana: That was cool!

Lori: It sure was.

Lana: I got something. (Roars like a bear)

A bear roar was heard and a Grizzly Bear came. Lana calls him Winnie.

Lana: Hey Winnie.

Winnie: What's going on Lana?

Lana: How would you like to maul those two right there? (Points to Peter and Lois)

Winnie: Why would I do that?

Lana: They're bad parents and they abused their daughter and son Meg and Stewie for 18 years.

Winnie: Well since you put it that way. Let me at em! (ROAR)

He went at them and in a powerful dust cloud he mauled Lois and Peter bad.

Varie: Ouch.

Aylene: Yeah.

Winnie was done and he went back to the forest.

Lana: Thanks Winnie.

She gave him a steak.

Winnie: (With mouth full) Thanks Lana.

Lila: That was cool.

Rachel: It sure was.

Lois and Peter were bruised and battered and had claw marks on them.

Laney: I got something. Watch this.

Laney put her hands on the ground and poison ivy vines grew behind Lois and Peter and they lashed them 10 times. Then almost immediately they were itching like crazy.

Lois: It hurts bad!

Peter: This really hurts!

They tried to scratch their backs but their shackles were making that impossible.

Lana: That was awesome Laney!

Laney: Thanks Lana.

Lily: Here's a funny one. (Spins her Magisword Bracelet)

Announcer: CUCKOO NUT MAGISWORD!

Lily: Screwball in the back pocket.

She fired a coconut with a bird head and wings and it hit Peter in the

face.

BONK!

Peter: (Groans in pain)

Lisa: That was actually quite amusing.

?: Not as amusing as this!

They then saw Eva and she kicked him right in the crotch with incredible force.

KRACK!

Linka: (Winces) Ooh! That's gotta hurt!

Varie: Eva!

Eva: That's right. I take it you saw me on Total Drama.

Linka: We sure did. And you're the one with a temper problem right?

Eva: That's right. I'm looking for J.D. He ruined my life and my family for the last time. He disgraced me and even defended Little Ms. Backstabbing Traitor!

Lola: Well you deserve it because you can't control your temper and you have a serious problem!

Lila: That's right.

Bridgette then stepped out and she was not gonna take any more of Eva's temper.

Bridgette: Eva you will pay for trying to hurt my friends. You will also pay for trying to hurt me.

Eva: And what are you gonna do about it trai…

POW!

Bridgette punched Eva in the face and broke her nose.

Bridgette: That was for making me wear a shirt of live bees!

Linka: Yikes! That must've really hurt!

Lana: I saw that and it was painful.

Lily: Ouch!

Eva: You little (Censored) You broke my nose!

Bridgette: I'm gonna break every single bone in your body! That was just one!

Eva charged and roared in raged and Bridgette kicked her in the stomach and punched her in the face and kicked her in the mouth and knocked out some of her teeth.

Bridgette: You will pay for everything you've done to my friends. Your crimes are unforgivable!

She dealt Eva an uppercut and a deadly haymaker to her chin and face and she grabbed her and flipped her over and she took her arm and broke it and her bone was protruding from it. Then she jumped up and smashed her legs and shattered them and she screamed in pain!

Varie: Geez!

Luna: Dudes she destroyed her!

Lisa: All the pain and suffering she endured at the hands of Eva was let out on her.

Jen: She got what was coming to her.

Linka: She sure did.

Cricket: Eva is a monster and she belongs in only one place and that's prison.

Circe: No kidding.

But Eva was one tough girl and she was standing up despite her pain. She was bleeding profusely.

Eva: I will kill you traitor. And not even your wretched friends can help you!

Jen (eyes turn green): DON'T MAKE ME ANGRY, EVA! YOU'RE NOT GONNA LIKE ME WHEN I GET ANGRY!

Eva: And what are you gonna do about it!?

Jen gets taller as her skin turns green and her clothes rip off. She became the She-Hulk!

She-Hulk: I'll beat the living crud out of you!

She did so and Eva was pulverized practically to within an inch of her life.

She-Hulk stopped and she reverted back and Rachel and Aylene caught her.

Aylene: Are you all right Jen?

Jen: Yeah. It's hard to get used to reverting back.

Rachel: It's tough huh?

Jen: Yeah.

Eva was taken to the hospital and she was arrested.

Ember: Good Riddence to bad rubbish.

Shannon: You said it.

Brittney: She got what she deserved.

Brigette: You said it.

Lucy: I hope she finds a life of pain more enjoyable.

Beverly: You said it Lucy.

Gwen T.: I got something for Peter. Watch this.

Gwen used her mana and pantsed him in front of everyone and they all laughed at him.

Lola: What a big fat loser!

Lana: You said it!

Lisa: His overgrown posterior lacks the capacity to fit inside this city.

Nazz: (Laughs) That's funny!

Maria: How about this?

Maria fired water at them and covered their feet in water.

May: Oh I see what you're doing.

May fired her freeze ray and froze their feet in solid ice.

Luan: Now that's what I call getting Cold Feet! (Laughs to Rimshot) Get it?

They all laughed.

Gwen: That was funny!

Tara: That was hilarious!

Starfire: It sure was.

Raven: (Laughs) Cold Feet. I just got it.

Carmen: I got something. Watch this.

Carmen went behind Lois and pulled out a match. She struck the match with her thumb and stuck it down Lois' pants giving her a hot butt.

Lois screamed in pain as her butt was on fire.

Circe: How about this. But cover your ears.

Varie: Okay. Everyone cover your ears!

They did so and Circe revealed her second mouth.

Varie: Whoa!

Circe let out an ear-shattering supersonic scream. It was so loud that it shattered all the windows in some of the buildings.

Back at the Estate we heard what sounded like a foghorn.

Me: Was that a foghorn?

Rex: No that was Circe. She has sound powers because of her E.V.O. abilities.

Lincoln: Wow! That is so cool!

Duncan: It sure is. I want to take you to a hangout I know.

Me: Okay. Lets go guys.

Duncan took us to a local bar that he knows.

Duncan: Doesn't it take your breath away? Welcome to the Golden Hangout, boys.

Ben (sees all the roughnecks): Duncan, I don't think there's anything golden about any of this.

Me: What kind of bar is this Duncan?

Duncan: A roughneck bar.

Me: Now you're talking.

Lincoln: This is gonna be fun.

Rex: As long as we get to break some faces in.

Me: Lets do it.

We went in and saw that it was a rough bar.

Me: My kind of place.

Duncan: It's awesome man.

Bartender: Welcome back Duncan.

Duncan: Thanks man.

Duncan swiped $20 from a woman.

Woman: Did you steal 20 dollars from me, Duncan?

Duncan (nervous): No.

Roughneck: You did. I saw it. I've been waiting a long time for this, punk! (smashes Duncan's portrait)

Duncan (angry): YOU MONSTER! (punches the roughneck and a fight broke out)

Me: Lets dance.

Some of the roughnecks pulled out switchblade knives and broken beer bottles and we thrashed them all.

Me: No one messes with us and lives to tell about it.

Ben: That's right.

Rex: Yeah!

Duncan: Nice work guys.

Me: Thanks.

A man got up and I kick him in the face.

Me: Roadhouse.

Peter sneezed.

Varie: Some one must be talking about him.

All the windows were gone and Peter and Lois' ears were bleeding. Glass was all over the ground.

Lana: I got something. Emma want to help me with this?

Emma: You know it.

Lana saw a patch of dirt and a fire hydrant. Lana unscrewed the hydrant and let out the water and made some mud.

Emma: Oh I see what you're gonna do.

Lana: Yep. I'm gonna throw some mud at them and you'll freeze it.

Emma: Awesome.

Lana threw a bunch of mud at them and Emma froze the mud solid and turned it rock hard and it hit Peter and Lois with powerful force.

WHACK WHAP WHAM!

Varie: Ouch!

Cricket: Good show!

Aylene: It sure was.

Numbuh 5: Numbuh 5 has something I want to do with Cree.

Cree: Lets do it Abigail.

Cree and Abigail walked up to them and they put a strange substance on their faces and a huge ugly zit grew on the right side of their faces on their cheeks.

Numbuh 5: Whoa! Those Kids Next Door Scientists knew how to make a great strain of zit huh?

Cree: You said it.

They were repulsed by the zit and it was hideous and disgusting!

Lois (to Cree): You think you're some kind of hero?! But deep down, you're still the same person who bullied your sister. You don't have the guts! You want to kill me? Fine! Just put us out of our misery!

Cree: We might keep you around until Christmas. So until then, you're gonna have to deal with so many zits.

Numbuh 5: So enjoy it.

Lois and Peter's faces were covered in Unpoppable Zits. They are now gonna be hideously deformed forever.

Beverly: I want to try something. Luan you want to help me?

Luan: Sure Beverly.

They walked up to Lois.

Beverly: You got a branding iron on you?

Luan: I sure do.

Luan pulled out a case full of them.

Beverly: A whole case full of them.

Luan: Yep. Pick your favorite.

Beverly: Okay.

Beverly picked a branding iron in the shape of the words Bad Parent.

Luan: Bad Parent. That's perfect. Good choice.

Beverly: Thank you.

Luan made the branding iron red hot with her light powers and Beverly put the branding iron on Lois and Peter's backs and burned them bad and they screamed in excruciating pain. On their backs were the words Bad Parent.

Beverly: This is what you get for being such evil parents.

Luan: Well said Beverly.

---

Later they went to the Mall and went on a huge shopping spree. It was a great time for them.

8:00 PM

The girls came back and rested down on the sofa and floor and turned on the TV and it was The Dream Boat.

Varie: That was so much fun.

Aylene: You said it Varie.

Carol: That was probably the most fun we've had in a long time.

Beverly: It sure was. I haven't had this much fun in a while.

Cricket: Me neither.

Me and the boys came in.

Maria: Hey, J.D. How was your night?

Me: It was pretty good. You?

Maria: Our night was pretty eventful.

Me: How so?

Carol told us what went down.

Duncan: Awesome!

Rex: That was sweet!

Ben: You guys had a lot of fun.

Chris: Great job beating Eva, Bridgette.

Bridgette: Thanks Chris.

Me: Now all we have left is Amy and she will no doubt be coming after Sammy.

Sammy: You're right J.D. I can't believe she's my twin sister. She hates me and more.

Paige: And I have a very strong feeling that she will no doubt try to kill you.

Sammy: Yeah.

Chef Hatchett: We have a strong feeling that you can take her down soldiers.

Me: Thank you Sergeant Hatchett Sir!

We later had dinner and turned in for the night.

Eva was later found guilty of Attempted Murder, Aggravated Assault & Battery and Illegally crossing the border. She was sentenced to life in prison without possibility of parole for 70 years.

THE END

Another Fanfiction Complete.

NicoChan11 gave me the idea for this one. He gave me the ideas for the lines and what shenanigans and more for it. Thanks man. Eva is the worst of the characters on Total Drama. Let me know what you all think.

See you all next time.

# The Moon of The Night Breed

It starts at dusk at the estate. We were watching the Dream Boat.

Me: Lets hope that Kelly picks Miguel. He has a great singing voice.

Luna: He sure does dude.

Sam: That would be awesome.

Suddenly the computer rang.

Me: It's the chief.

The computer popped up and I answered it.

Chief: J.D. some robbers are trying to break into the Royal York National Bank.

Me: We're on our way Chief.

---

Me, Varie, Rachel, Agony, Lincoln, Paige, Laney, Lucy, Ed, Chione, Akiko, Static, Gear, Francis, Maria, Teresa, Carmen and Rubberband Man were on our way.

Francis began to figure something out.

Francis: Static I know it's you Virgil Hawkins.

Static gasped.

Static: Yes. Francis it's me. How did you figure it out?

Francis: I just knew somehow.

Gear: You sure are quick man.

Teresa: Lets focus on the matter at hand.

Me: Right.

We arrived in the city and saw the bank explode. The back of the wall blew open.

We stood ready to fight them.

Me: Not so fast bad guys.

Lincoln and Static fired a blast of lightning and electrocuted them and numbed them.

Laney tied them up with her vines and placed them onto the street where the cops arrested them.

Me: That takes care of that. Good work guys.

Paige: Guys I can't help but shake this feeling that someone is watching us.

Varie: I feel it too.

Rachel: But where?

We looked around and I saw in a dark alley a pair of glowing yellow eyes.

Me: (Points to the eyes) There!

We saw a figure run and we chased after it. We chased it all the way to a subway station.

Me: It went down into the abandoned subway system.

Lincoln: We haven't used this in years.

Me: Everyone stay close and stay alert.

We went in and it was really dark. Static had a flashlight from a ball of lightning.

Lincoln had a flashlight from a ball of lightning.

Gear had a flashlight from his backpack.

I had my infrared vision on.

Akiko: Where is that man?

Agony: We don't know. But we don't like it here.

We came across a hole in the wall.

Me: Laney check in here.

Laney: Okay.

Laney formed a light flower and saw the hole was empty.

Laney: Nothing.

Me: Okay.

We continued on.

Agony began to smell something in the air and she sensed where it was coming from.

She punched the wall and found the source of the smell. It was two guys named Fade and Brickhouse.

Agony (to Fade and Brickhouse): Knock knock! Mr. and Mrs. Criminal? Hey! We're Agony! You can call us spectacular, you can call us amazing… just don't call us late for dinner, you get it? (dodges punch from Brickhouse) Ok, so you two aren't shakers. Are you huggers?

Brickhouse: We're the Night Breed, girlie! (does a thunder clap that pushes her back and damages some of her symbiote, revealing some of her human form and her human clothes)

Static: Night Breed.

Ed became Edzilla.

Edzilla: ED SMASH BRICK GIRL!

Brickhouse: If that's the way you want to play, fine. It's clobbering time!

Edzilla and Brickhouse ran at each other and he threw her up through the ceiling and we went out above the subway and fought on the street. He grabbed a lamppost.

Fade: Are you crazy?!

Edzilla (throws lamp post at him): YES!

Fade went down into the subway and got out of the way.

Static: Stop guys! Don't hurt them!

Me: Huh? Why Static what's wrong?

Gear: We know these guys. They are the Night Breed.

Me: The Night Breed? Who are they?

Static: They are Meta Humans like me and Richie.

Varie: How can that be?

Rachel: I thought they were all cured.

Static: These Metahumans are not like the ones we fought before.

?: That's right.

We saw a girl with purple hair and she had a red suit and glowing yellow cat eyes.

Me: Whoa. That is cool and creepy at the same time.

Lucy: Gasp! How did you get eyes like those?

Static: They are called the Night Breed, Lucy.

Me: Why are you all called the Night Breed?

Nightingale: It's the reason why we can only come out at night. My name is Gale but everyone calls me Nightingale and these are my friends Brickhouse, Fade and Tech.

Me: Pleasure to meet you all. I'm J.D. Knudson.

Varie: I'm Varie Knudson, J.D.'s Fiance.

Rachel: I'm Rachel San Diego.

Lincoln: I'm Lincoln Loud and these are my little sisters Lucy and Laney.

Lucy: It's a pleasure.

Laney: Charmed.

Paige: I'm Paige. It's a pleasure.

Ed: Hello my name is Ed.

Francis: I'm Francis Stone. You used to know me as Hotstreak.

Maria: I'm Maria Rockell, 2nd in Command of the Redemption Squad. I used to be Aquamaria.

Carmen: I'm her little sister Carmen Rockell.

Teresa: I'm Teresa. You knew me as Talon.

Rubberband Man: I'm Adam Evans. But you know me as Rubberband Man.

Akiko: I'm Akiko Suzuki the Maiden of The Nebula.

Agony revealed Leslies face.

Leslie: I'm Leslie Gesneria Tennyson and we are known as Agony.

Chione: And I'm Chione, A Human-Necrofriggian Hybrid.

Gale: It's a pleasure to meet you all. We know Static and Gear.

Static: It's good to see you all again.

Gale: You too Static.

Me: I take it you were exposed to the same mutagen that we heard about.

Gale: That's right.

Brickhouse: We became this because of it.

Gale: We were caught in the Big Bang and it changed us. But the next morning we got a deadly surprise. The light from the Sun was poison.

We gasp.

Static: The light from the Sun's Ultraviolet Radiation acts like Kryptonite to Superman for them. It weakens them.

Lucy: The mutagen essentially turned you all into vampires.

Brickhouse: That's a good way to call it.

Tech: The Sun's light makes us weak. We can't go out in the day so we have to stay hidden in the darkness until night comes.

Fade: It was an epic fight just to survive.

Gale: We had to steal anything we could find just to survive.

Varie: That's awful.

Rachel: That must be really awful having to stay underground until night. That's a nightmare.

Lucy: It sure is. I may enjoy the darkness but even I need to get out and enjoy the sun every now and then.

Gale: Yeah. We also heard so much about what you all did for the city. You cured every Meta Human in the city.

Me: That's right. It took an incredible amount of energy.

Teresa: Yeah. But Static and Gear were left unaffected.

Maria: I got my humanity back when I was reunited with my sister Carol.

Lincoln: She's not her sister by blood but they have a powerful bond that made them like sisters.

Brickhouse: That's a powerful bond.

Gale: It sure is.

Me: What powers were you all given because of the Mutagen?

Gale: I have Dark Matter Generation.

Gale formed a dark cloud and it was so black that it obscured the light around it.

Me: This cloud is really black and it makes everything opaque.

Lucy: Wicked.

Varie: It sure is dark.

Brickhouse: I have the power to make me a living brick wall. I can also generate heat to melt metal.

Me: That's amazing.

Fade: I have the power to go through walls and floors. Like a ghost.

Akiko: That's amazing.

Tech: I have superintellgence at beyond genius level intellect.

Me: That's awesome. But you all can't stay here in the darkness forever. Maybe we can help you until we can find a way for you to go out into the sunlight without the deadly repercussions.

Gale: That would be great J.D.

I look at my watch.

Me: We got 9 hours before sunrise. So we have to set everything

up.

We took the Night Breed to our estate and got to work. We set up a special house that completely blocks out the suns light and prevents it from coming in for the Night Breed. We connected it to the estate.

Me: It's all set. And just in time too.

We saw the Sun rising and we turned on the house and it was working and the Night Breed had a new home.

Gale: Thank you J.D.

Me: You're welcome Gale.

Varie: We'll do everything we can to help you go out in the sun again.

Rachel: We promise.

Gale: Thank you.

Later we got ready for another brand new day.

See you all next time.

# Nobody Likes A Sore Loser

It starts with Sammy doing some work in the garden in the backyard when she saw an unexpected guest. It was her evil twin sister Amy.

Sammy: Amy? What are you doing here?

Amy: Oh, nothing much. Just looking for the brats that RUINED MY LIFE!

Sammy: You're talking about the Total Drama season that J.D. and Naruto participated in? Well, you deserved to lose for being a horrible person!

Amy: We're a lot alike, Samey. But one of us is innocent and the other is guilty! Care to guess which you are?

Sammy: I'm innocent!

Amy (knocks Samey to the ground): The cash prize was mine. But you and Knudson ruined everything and now all of my friends hate me!

Sammy: Well, I'm sorry, Amy! But I don't know what that's like!

Amy (chuckles and gets out a strange device): Oh, but you will! (knocks Samey out)

Cricket jumped in and kicked Amy in the back.

Cricket: No one hurts my friends on my watch.

Amy: What the heck are you!?

Cricket: Someone who will do whatever it takes to protect my friends.

A little later, Samey woke up to find the everyone starting down at her, including herself. Samey gasped in horror to discover that somehow, Amy looks just like her and that she looks just like Amy.

Me: You alright, Cricket?

Cricket: I'm fine.

Tech: Look who just woke up.

We put a special seal on the Night Breed that enables them to go out into the sunlight without any negative repercussions.

Amy (pretending to be Samey): Sis put up a fight. But I was much tougher.

Sammy: That's not me! Amy took my body! I'm really Samey!

Lightning: Same crazy Amy. But she's much uglier then I remember.

Amy: You're telling me!

Ben: Sammy, why did you suddenly became so hostile? It's not like you.

Amy (keeping the act up): Oh come on! I may act tough from time to time but I'm still me! Anyway, I say we tear Amy apart!

Me: Calm down, Sammy. We shouldn't go that far.

Amy: Why not? You guys killed some of your bad guys before. Why should Amy be different?! I mean, look at what she did to Cricket!

Sammy: That's not true. Amy did something and now I look just like her while she looks just like me!

Amy (still pretending to be Samey): Poor Amy. All that time being angry at you guys must have fried her brain.

She's clearly a danger to herself and all those around her.

I began to have my suspicions and I used my Sharingan and I saw that Amy became Sammy and Sammy is Amy somehow.

I whisper into Samey's ear and told her to play along with it until the time is right.

Me: We know it's you Amy.

Sammy: Same here.

Amy (sweating nervously): You think I'm Amy? (to Chris) Chris, you remember when I sent that audition video to you, right?

Chris: Of course I do. I remember that you said your name is pronounced Sammy and that you denied having a sister.

Amy (to JD): And JD. I remember that you gave my horrible twin sister, Eva, Heather, and Scott what they deserved. (to Ben) And I also remembered you telling me about how you used Ghostfreak to kill Zombozo.

Tech: Where's Fade? He's supposed to be with you.

Amy: Oh, he's just taking a nap.

Ben: How'd she know that I used Ghostfreak to kill Zombozo?

Sammy: Maybe because she looked up your files on your computer.

Later Lincoln and Amy are playing video Games.

Fade (sees Amy playing Super Smash Bros Brawl but losing): You ok, Samey?

Amy (pretending to be Samey): Of course. Why?

Fade: Because you're usually good at Super Smash Bros Brawl. (realizes something) Sammy, do you remember when you met me and the rest of the Night Breed a few days ago?

Amy: Of course. I remember laughing my head off when I saw Edzilla fight Brickhouse.

Fade: Pretty good memory. Except you were never there. You only met us yesterday! (tries to punch Amy)

Amy (hides behind couch): Ok, so I'm not Samey. But I still want the life that she took from me!

Fade: Amy, I know you're angry at the world right now. But you can still change. Me and the Night Breed did. All you need to do is give yourself up.

Amy: Like that'll happen! (knocks Fade unconscious with knock out spray) Now to hide him somewhere. And then I better look on their computer so I don't make the same mistake.

She then got back to playing against Lincoln.

Lincoln: I win Sammy!

Amy: Aw man!

Alexis (to Jasmine and Mindy): You two think Sammy was acting a bit off?

Jasmine (Yugioh GX): Nah. She's probably just spooked that her evil sister's back.

Mindy: Maybe we should send out our Duel Monsters so we can find Amy faster.

Alexis: Good Idea.

Alexis called Ice Queen.

Jasmine called Harpie Queen

Mindy called Rescue Cat.

Ice Queen: What's going on Alexis?

Alexis: We think that something is seriously wrong with Samey over there. She's acting really strange.

Rescue Cat: Say no more I'm on it.

Rescue Cat sniffed her and yowled and went back to Mindy.

Rescue Cat: That's not Samey. That's her evil twin sister Amy in disguise. She used this strange device on her arm to make herself look like Samey.

They gasp.

Alexis: We have to warn J.D. and the others.

Jasmine: Right.

They went into our room where we had Samey tied up.

Lightning: You always thought I was dumb, Amy! Well, let's see what you think of me now! (about to punch her)

Lola: That's right. We know it's you!

Sammy: Lightning, Lola, wait! I can prove it's me! Remember when we had that victory party after J.D. won the cash prize and you congratulated me for defeating Ezekiel?

Lightning (remembers that and gasps): Sammy, it is you! (hugs her)

Tech: How did Amy manage to make herself look like you?

Sammy: I don't know. But we have to stop her!

Lightning: Don't worry. I'll call the others!

Lola: Okay I'm confused here.

Alexis, Jasmine, Mindy and the Duel Monster Spirits came in.

Alexis: J.D. that's Amy in disguise!

Rescue Cat: She used this strange device on her arm to make a switcheroo.

I look at the device on Sammy's arm.

Me: It's a holographic disguise band. It transforms you into anyone you want.

Lisa: Fascinating technology.

Lucy: How did Amy get ahold of something like that?

Me: That's a good question. Lightning untie her.

Lightning: Okay.

He did so.

Me: Now we have to take Amy down.

Lana: Should we sound the alarm?

Me: No but keep that option open.

Ben: I'll find her.

Ben became Wildmutt.

Ben: (Roars)

Me: A Vulpimancer from the planet Vulpin.

Wildmutt nodded.

Dawn came in.

Dawn (TD): Guys! That's not Sammy. That's Amy in disguise. Her aura is all black.

Me: We know Dawn. Okay Ben smell her out.

Wildmutt did so and we went down to the Living Room and confronted Amy.

Me: We know it's you Amy! The jig is up!

Amy: How did you know it was me?

Me: We don't have to answer that question.

Amy ran.

Me: After her!

She made her way into the backyard and into the forest and went down into a cave.

Me: I never noticed a cave here.

I use my holographic computer and it showed that the cave is a huge network of tunnels that go right underneath Lake Huron and all the way to the forest outside of Muskoka, Ontario, Canada.

Me: So that's how they did it.

Lori: What is it?

Me: Heather, Scott, Eva and Amy got across the United States Canada Border by going through this cave system that goes right under Lake Huron. It goes all the way from Muskoka to the forests outside of Royal York.

Everyone gasps.

Varie: That's incredible.

Lola: But that's a 300 mile hike.

Lisa: Fascinating. This is a very clever method they used. They snuck under Lake Huron and got across the border that way.

Luna: That is very clever dudes.

Me: Well lets find her. We're not gonna do it just by standing here. Ben you lead the way.

We donned our miner hats and went into the cave. We saw that it was a truly magnificent cave and it was a breathtaking marvel. It was unlike any cave we had seen in any part of the world.

Me: Wow! It must've taken thousands maybe millions of years to form this cave.

Shannon: It's beautiful.

Lucy: I would call this my new secret dark place.

Shannon: Me too.

Haiku: Same here.

Wildmutt sniffed around and saw nothing. His vision is like a thermal imaging scope. Even though he has no eyes.

Laney: This place is really amazing.

Nicole: It sure is. This has to be the most amazing cave system I've ever seen.

Lana: This is incredible.

Lila: It's amazing at how long it took to form this cave.

Lily: Yeah.

We climbed over rocks, went over pools and saw dripping stalactites, stalagmites and even some beautiful columns. It was a beautiful marvel from the Earth's crust in its entirety.

Wildmutt then saw something up ahead.

Wildmutt: (Roars)

Me: He found her! Lets go!

We ran and caught up with her and pounced on her.

Me: Nice try Amy. We got you!

Ben reverted back.

Ben: You're now going to prison for a long time.

I take off the device on Amy and she and Sammy reverted back.

Sammy: I'm now the superior twin Amy.

Amy: You will never be the superior twin Samey!

Sammy: For the record it's Sammy!

She punched Amy in the face and knocked her out.

Leni: Like nice shot Sammy.

Sammy: Thanks Leni.

Luan: You Punched her Lights out. (Laughs to Rimshot) Get it?

We laughed at that one.

---

Back at the house Fade had gotten up from being knocked out.

Gale: You alright, Fade?

Fade: I'm fine. But Amy won't be when I'm done with her!

Me: That won't be necessary Fade.

They saw us come in with a knocked out Amy.

Gale: Wow! Where did you find her?

Lori: We literally found her in a really cool cave.

Lynn: It's a cave that goes all the way underneath Lake Huron and goes underneath the United States Canada Border.

Gale: Wow! That's really clever.

Tech: It sure is.

Amy was later arrested and to make sure that the confusion never happens again Sammy decided to change her look. Leni gave her a blue summer shirt, blue denim jeans and blue pumps. She even dyed her hair ocean blue.

Leni: Sammy you are totes amazing in those colors.

Sammy: Thanks Leni. Blue is an awesome color and I wanted to stand out and look like a good person.

Leni: Blue is a great color for you and it totes matches who you are.

Sammy: Thanks Leni.

Sammy came down and we were amazed by her change.

Elena: Wow! Sammy you look awesome!

Me: You sure do.

Lori: Leni literally did a fantastic job on you.

Sammy: Thanks guys.

Me: Now Chris and Chef Hatchett can go back to Canada now that the losers have been put where they rightfully belong: Prison.

Chris: I just want to thank you for having me and Chef around. It was actually enjoyable to be around friends.

Ben: No problem, Chris. Are you two heading elsewhere to work on another Total Drama season?

Chef: Well, we still have to think up of some challenges. And we need to do a background check so guys like Heather and Scott aren't invited. But if we do make another season, it'll involve you guys, Cody, DJ, and a normal Ezekiel.

Me: That's a wise decision guys. Can't wait for the next season and it won't be me and Naruto.

Lincoln: I want to join.

Lynn: Me too. I want to try it out.

Chris: Okay guys. See you next season.

Me: Will do.

They left and went back to Canada.

Tech: So what is Total Drama?

Me: It's a really awesome show Tech. It's a competition where you compete in these insane crazy challenges that are painful both mentally and psychologically. The last person standing wins the grand prize. $1,000,000.00 in Canadian Money which is equal to $800,000.00 in America Money.

Lincoln: That's right. It's really tough and it's awesome!

Me: Yep. Now that we've seen the last of Heather, Scott, Eva and Amy we can make sure that we get through this without any heartless monsters ruining our fun.

Lynn: You said it.

The cave that was used by the losers was sealed off at Muskoka and it was now made into an extremely popular tourist attraction. Amy was found guilty of assault and battery, illegally crossing the border, identity theft, and attempted murder. She was sentenced to life in prison without Parole in the Mariana Trench Prison.

Me: (To the viewers) Remember this kids: Nobody Likes a Sore Loser.

THE END

Another Fanfiction Complete.

NicoChan11 gave me the idea for this one. Thanks man. Amy has to be the most evil twin I ever saw on Total Drama. She deserved to be shot out of that cannon. Let me know what you all think.

See you all next time.

# A Keyblader's Test

Aqua, Lily and Melody were in the Simulator doing an exercise. The exercise was really a test for Melody as a Keyblader.

Me, Varie, Rachel, Talia, Sora, Donald, Goofy, Mickey, Riku, Kairi and the Loud kids were in the control room.

The Simulator activated and they found themselves in the The Little Mermaid from 1988. They were in front of Prince Eric's Castle.

Aqua: This is it girls. We're gonna help Ariel marry Eric.

Melody: This is gonna be awesome.

Lily: From what I remember Ursula made Ariel human for only 3 days. We have to get Ariel's voice back from Ursula and help her out. If Ursula tries to stop us she will regret it.

Aqua: You're right Lily.

Lily: I'm setting my watch for dusk 2 and a half days from now so we can know when to be ready.

Melody: Good idea Lily.

Lily set her watch for 60 hours from now and it counted down.

Lily: Okay it's ready.

Melody: Okay. We can't let Ursula get away with her crimes.

Aqua: Lets find Ariel and tell her and Eric everything.

They set out and found Ariel on a rock talking to Ariel.

Eric: You seem very familiar to me. Have we met?

Ariel nodded.

Aqua: (Offscreen) You have met before. She can't speak because she doesn't have her voice.

They saw them.

Eric: And you are?

Aqua: My name is Aqua.

Lily: I'm Lily Loud.

Melody: And I'm Melody.

Aqua: We have a lot to explain but instead of telling you we'll show you through our memories.

Melody had the Third Eye Chakra symbol glow on her forehead. A beam of indigo light went into Ariel and Eric's foreheads and they received replicas of her memories.

They saw everything she knows and more. It took two minutes to digest the info and it shocked them.

Eric: You are our daughter. You've grown into a beautiful girl.

Melody: Thanks daddy.

Eric: What happened to Ariel's voice?

Aqua: It was taken by the sea witch Ursula. She was exiled from Atlantica because of her greed and powerhunger. She tried to take over the kingdom and King Triton banished her from Atlantica forever. But she swore revenge. She vowed to find a way to get King Trident's Trident now matter what.

Ariel nodded.

Eric: That's horrible. How did Ursula take Ariel's Voice?

Lily: She took her voice with Dark Magic and Ariel only has 3 days to be with you. We got to get her voice back and make sure she never terrorizes the ocean ever again.

Ariel nodded.

Lily: We have until sunset 2 and a half days from now.

Melody: So until then we have a small window of opportunity to get moms voice back.

Aqua: I'll stay with you two while Lily and Melody go and get her voice.

Eric: Okay.

Melody: We'll be back with Ariel's voice before that time.

Eric: I have a feeling you will Melody. Be careful.

Lily: We will. Lets go Melody.

Melody: Okay.

They went into the ocean.

Melody: Sebastian you go tell Grandfather and let him know what's going on.

Sebastian: You got it.

They dove into the water and went into the forbidden zone as it's called. They arrived at Ursula's Lair.

Lily: Target sighted.

Melody: Ursula's lair is horrific.

Lily: It sure is. I can't believe she lives in a disgusting thing.

Melody: Me neither.

Lily: We have to be quiet when we go in. We don't want Ursula to know we're inside.

They go in and saw a most horrible sight. They saw that Ursula had a bunch of cursed merfolk and she made them part of her "Garden".

It was really sick.

Melody: (In her head) Ursula you are one disgusting monster.

They went in and got a lucky break. She was asleep. She left her magical Nautilus on a table as she slept.

Lily: (In her head) She's asleep. Lucky us.

They swam and swiped the Nautilus. Lily put an illusion of pure water over the table to make it look like it's still there.

Lily: (In her head) Got it.

They swam off.

They left the lair.

Melody: That was easy.

Lily: Too easy. Lets swim back to Ariel and give her voice back.

Melody: Okay.

They did so and surfaced in front of Eric's castle.

Lily: Lets go.

They went to shore and went into the castle.

Lily: Aqua, Eric, Ariel, we got it.

Aqua, Eric and Ariel were having lunch.

Aqua: Way to go guys!

Eric: It was that easy?

Melody: Ursula was asleep when we got it. She left it on the table in doing so.

Lily: She's not very smart.

Aqua: Good work guys.

Eric: Lets get her voice back.

Lily: Lets do it.

Lily threw the nautilus onto the ground and it shattered and released Ariel's voice. It was singing and it went back into Ariel.

Ariel: (Singing)

Eric: Ariel?

Ariel: Eric.

Ariel: You can talk again. (He went over to her) You're the one.

They then kissed and the deal was complete. Ariel was now human for good.

Aqua: Nice try Ursula. But friends always work with friends.

Ursula suddenly felt the deal become complete. She got up and saw the contract disintegrate.

Ursula: No!

She went to grab her "Nautilus" but saw that it was an illusion. She knew that someone was in the castle and is helping Ariel.

Ursula: NNNOOOOOOOOOOOOO!

Ursula may have lost Ariel but not the war.

She swam out towards Eric's Castle.

Aqua sensed that Ursula was coming.

Aqua: Ursula's coming. She knows we helped Ariel.

Lily: She is really enraged now.

Melody: If it's a fight she wants then it's a fight she will get!

Aqua: Lets get her.

Suddenly Ariel was enveloped in a blinding light and when it faded she was forever changed. She was now a Keyblader.

Melody: Mom you're now a Keyblader like me and Aqua.

Ariel: I sure am.

Aqua: It's gonna be awesome having you fight with us for the light.

Lily: It sure is.

Ariel: This is gonna be amazing.

Lily: And you're not the only one.

Lily called her Keyblade out and it was the Diamond Dust Keyblade.

Aqua: You ready for this Lily?

Lily: I sure am Aqua.

Melody called her Keyblade.

Ariel: Lets do this.

Ursula surfaced and she was over 300 feet tall and she was massive.

In the control room we were shocked at what we saw.

---

CONTROL ROOM

Me: Holy Mother of Sushi! Look at the size of her!

Lori: She is literally huge!

Leni: How can she grow that big!?

Luna: She's a black magic monster dudes!

Luan: She is a monster of Gargantuan Porportions! (Laughs) Get it? But seriously she is huge!

Most of us laughed while the others groaned.

Lynn: How are they gonna beat her at that size?

Shannon: She is a true force to be feared at that size!

Lincoln: She sure is.

Linka: No kidding.

Lucy: It's hard to imagine that she is that evil and can use dark magic that way.

Laney: Ursula must be stopped at all costs.

Lana: No kidding.

Lola: Lets hope they do it or the world of the Merfolk has no future.

Lila: Yeah.

Lisa: Affirmative!

Ariel: I remember fighting her at this size. I can't believe she got this huge.

Eric: Me neither.

Varie: They can do it guys.

Aylene: And they will.

Sora: They have the power and the strength.

Riku: They will triumph.

Kairi: And they will win.

Donald: Yeah!

Goofy: Come on guys!

Mickey: They can do it!

---

SIMULATOR

Aqua: Come on guys. Lets get her!

They spread their wings and flew out to Ursula and they hit her in the face and fired bursts of fire, ice and lightning at her. They slashed off her tentacles. Flotsam and Jetsom, her eels jumped out and Aqua blasted them and destroyed them.

Giant Ursula: My poor little poopsies.

Lily: Your poopsies are toast!

Ariel slashed her in the eyes and blinded her.

A vortex of water arose from the water and it was King Triton.

King Triton: Ursula you will pay for everything you've done!

Aqua: Never again you wretched fiend!

Aqua fired a blast of light and Melody, Lily and Ariel fired light blasts and King Triton fired a blast of energy blast from his trident and the blasts combined and in a massive explosion they blew Ursula to pieces and all that was left of her were burning embers.

The effects of Ursula's death were felt in her lair. All the cursed Merfolk were returned to normal and they were all free.

Melody: It's over. We won.

Aqua: We sure did.

Lily: Ursula's days of terrorizing the ocean are finished forever.

Aqua: And Melody passed her test.

Ariel: She sure did.

Later they came out of the Simulator and we cheered wildly for them. Everyone in the Simulator was merged with their counterparts in the world.

Lincoln: You guys were awesome!

Aqua: Thanks Lincoln.

Melody: We had a feeling you guys were supporting us.

Lily: It was awesome.

Lori: You guys literally showed that monster Ursula who's boss.

Leni: Totes. She sure got what was coming.

Lynn: I would've given her a huge amount of Dutch Ovens!

Lana: I would drench her in mud till she drowned!

Melody: I'm sure you all would have your own ideas.

Aqua: Same here.

We then sat down for dinner.

Another Fanfiction Complete.

My 401st chapter is done. I got the idea for this one out of the blue when I was talking to myself. Let me know what you all think.

See you all next time.

# A Wolf of The Past

It starts at Royal York Elementary School.

*[The bell rings in the cafeteria, and the kids come in for lunch. Marie K.L. first to come in and sit, and she is about to begin eating when suddenly their chairs are lifted, one by one, into the air, and then set down again. The source of this mysterious levitation is Ed, who is wearing a jar on his head and collecting used gum. At the end of a table sits Edd, who is under a sign advertising moon rocks, dressed as an astronaut and painting the gum blue.]*

**Ed:** "SPACE CADET ED HAS RETURNED!"

**Edd:** *[painting his delivery]* "Clutching at the proverbial straw, wouldn't you say?"

**Eddy:** "Keep painting, Rembrandt, and leave the moolah making to me." *[He bounces over to Kevin and Nazz's table.]* "It's a once in a lifetime opportunity, Kev. Moon rocks! All the way from space!"

I came in with Linka and Laney.

Me: Hey guys.

Edd: Oh Hello J.D.

Eddy: What's going on?

Me: Just having my lunch like everyone else.

Linka: What are you guys doing?

Ed: We're selling Moon Rocks made from used chewing gum.

Edd: We tried this before back in Peach Creek.

Laney: That sounds unsanitary.

Edd: You're telling me.

Me: How about this? Instead of using bubble gum, how about selling the real thing? Wait right here.

I go outside and fly high into the sky. 10 Minutes later I came back with a red wagon with a heavy load of authentic moon rocks all the way from the Moon.

Me: Here you go guys. Real Moon Rocks all the way from the Moon. They're all cleaned and ready to go. (To the Viewers) Also for the record folks those ugly rock creatures from Apollo 18 don't exist.

Eddy: Hey thanks J.D. This is amazing!

Edd: What amazingly perfect specimens!

Ed: Cool!

Me: When you have the power to breathe and live in the infinitely endless vacuum of space you can do anything.

Kevin: Hey these are awesome!

Nazz: Yeah these are cool.

Sarah: Amazing!

The kids came and poured money into Eddy's hands. Quarters came by the truck load.

Me: Wow! That was a huge success!

*[A bugle was heard and the doors open, and the Urban Rangers walk in.]*

Carmen is now a member of the Urban Rangers.

**Rolf:** "Hail hail! The Urban Rangers bring tidings from across the great masses of water!"

Me: Oh wow. (To the Viewers) Today is International Penpal Day here at school and our project is to interact and socialize with penpals through letters and explain all about our country and how we live.

Eddy: I remember this project all too well.

Edd: Me too Eddy.

Rolf handed me a Letter and a crate.

Rolf: For you Angel Wing J.D.

Me: Thank you Rolf.

Rolf: For you Bucket Head Ed Boy. (Hands Eddy a letter and he takes it) And for Yakkity Yak Ed Boy. (Hands Edd a letter and he takes it) And the nobody home Ed Boy. (Hands Ed a wooden crate)

Carmen: Hey guys.

Me: Hey Carmen. How does it feel to be a member of the Urban Rangers?

Carmen: It feels great J.D. Not only am I helping out the neighborhood and more but I'm also helping to make a good cause for the world.

Edd: I'm happy for you Carmen.

Jonny: Me too Double D. She's the first female Urban Ranger ever.

Me: Cool! Lets see what my parcel contains.

I opened my letter and it was from a girl that was extremely familiar. It was from Naserian.

Me: It's from Kenya and it's from Naserian!

Everyone gathered.

Lincoln: It's cool that she sent you a letter.

Nazz: How do you know her J.D.?

Me: We met on our global vacation that we had 4 months ago and it was awesome!

Linka: Naserian was separated from her family and tribe in Kenya by finding sheep in the Loita Forest in the Great Rift Valley.

Laney: It was 30 years ago. Jeri and the Lion Guard found her all the way over in Zaire.

Edd: I remember that.

Eddy: Yeah. We were there.

Lincoln: It was awesome that we helped her.

Kevin: What does her letter say?

Me: Lets see.

"Dear J.D.

It's been a while since we saw eachother last. I'm doing wonderfully in Kenya and I'm now training hard to become the leader of my people. My father has been keeping a close eye on me to make sure that what happened to me in Naimina Enkiyio never happens again. He is doing really well and and my people are doing wonderfully. I want to learn more about the United States to see what your land is like. Thank you for helping me get back home to my family and people for the first time in 30 years.

Love Naserian."

Kevin: That is so awesome dude.

Lincoln: It sure is. I'm glad she's doing great.

Laney: Me too. What's in the package she sent?

Me: Lets see.

I open the package and in it was a traditional Maasai outfit.

Me: Cool. It's a traditional outfit for the Maasai.

Lana: That is so cool!

Lola: That's a cool outfit.

Lila: It sure is.

Lily: Try it on J.D.

Me: Okay. Excuse me.

I went to the restroom and put it on.

I came out and I had it on. I looked cool.

Me: How do I look?

Nazz: You look amazing J.D.

Sarah: You sure do.

Varie: It's amazing.

Me: I feel like when I wear my clothes underneath it I feel like I'm wearing clothes from India.

Lincoln: It does feel that way.

Me: Yeah. Who sent you a letter Eddy?

Eddy: Lets see.

Eddy opened his letter and it was from a kid in England.

Eddy: It's from a kid in England.

"Good Day Mr. Eddy.

My name is Colin and I am from London England. I want to learn more about the United States some time in the future."

That's cool. He sounds like an interesting guy.

Laney: He sure does Eddy.

Me: And we were in England on our global trip not too long ago.

Eddy: That's true.

Me: Who is your letter from Double D?

Edd: Lets see.

Eddy: Lets hope it's not from Rolf's homeland this time.

Me: What happened when you had this project the last time?

Eddy: Ed and Double D got stuff from Double D's pen pal Gerta from Norway and Ed got Wolf gifts. He got a music box and a wolf pelt. Rolf went crazy and thought it was because of an old feud from his past.

Me: That's unusual.

Carmen: It sure is. Captain Rolf never talks about his past in his homeland.

Me: That's unusual Carmen.

Lincoln: I find that to be a little weird.

Sarah: Me too.

Me: Yeah. Anyway please continue Double D.

Edd: Okay.

Edd opened his letter and it was not from Gerta but someone else in another country.

Edd: (Reading Letter)

"Dear Mr. Eddward,

My name is Camilla and I'm from the Seychelles Islands. I am learning all about the world and want to learn more about the United States more than anyone else. I think it's a great country. Let me know what goes on."

That is so adorable!

Me: It sure is. The Seychelles Islands are all the way out in the Indian Ocean 10,000 miles from here.

Laney: That's a long ways from here.

Lisa: Actually it's 8,796.3 miles according to airplane transportation travel.

Lana: That's cool!

Lola: Are the Seychelles like Hawaii?

I pull out a map of the world and point to the Seychelles Islands in the Indian Ocean.

Me: That's them. They are like Hawaii but don't have any volcanic activity.

Lola: I wish we could've gone there on our Global trip.

Me: Me too.

Ed: Lets see who my penpal is.

Ed opened his crate and he got what looked like a box.

Ed: It appears to be a lunch box.

Ed wound a key up and it opened and revealed that it was an old world music box.

Me: Cool music box.

Edd: It's really amazing.

Lana: That is a cool Music Box!

Laney: It sure is.

Ed: Here Lana. You can have it. I had one once but Rolf broke it.

Lana: Thanks Ed.

Lana closed it and put it in her backpack.

Sarah: That was nice of you big brother.

Ed: Thanks Sarah.

* * *

Later after school we were walking home.

Me: Carmen how did you become an Urban Ranger?

Carmen: It was not an easy task. I had to endure a series of tests to pass. All I had to do was earn one badge.

Laney: And did you do it?

Carmen: Yep. I earned all the badges in the test. They have some cool ones.

She revealed her badge sash and it was covered in badges.

Lana: That is awesome Carm.

Lola: It sure is.

Lila: We're Bluebell Scouts and we have a long way to go before we earn that many badges like you have.

Carmen: That's what I was told. My big sis warned Rolf about me not passing. It's how I was able to succeed.

* * *

Jimmy: Rolf, you know that if Carmen doesn't survive these tests, Maria's going to kill you, right?

Rolf: Do not worry, Ranger Jimmy. Fiery girl Carmen has helped the Loud Family defeat villains like Clockwerk Cooper and Roach Coach. Compared to that, the tests of the Urban Rangers will be easy.

FLASHBACK ENDS

Me: That's clever.

Lincoln: Yeah. Are you the first ever girl to ever become an Urban Ranger?

Carmen: I sure am. Never before in the history of the Urban Rangers has a girl become an Urban Ranger.

Laney: That is so cool. I'm an Intermediate Bluebell Scout from Hazeltucky Camp and Carol is a Master Scout.

Carmen: I got a lot to learn but I want to work my way up fairly.

Eddy: I beat Rolf in a powerful endurance test that got me a badge that hasn't been earned in 50 years. It was the Hairy Chest of Resilience badge.

Carmen: Oh wow! That badge is said to be the hardest badge ever known and no one has ever even come close to getting it. Until now with you Eddy.

Eddy: That's true.

---

Later at Rolf's house, Carmen was sitting with him and eating some meat with him.

Carmen: This is good meat Captain Rolf.

Rolf: Thank you Rangerette Carmen.

Carmen: You're welcome. Captain Rolf I'm curious. Do you have a huge fear of wolves?

Rolf froze when he was asked that.

Rolf: (Sighs) Yes Fiery Carmen Girl you can say that.

Carmen: Can you tell me what happened?

Rolf: Certainly.

---

Rolf: (Narrating) ***I was a young boy, carrying a sheep and in the Old Country, and it is just after dark. I was scared. and I was carrying a sheep to pasture, but the sheep baas. I covered its mouth, but I heard the gnashing of teeth and the crackling of twigs. I take off running! Behind me were footfalls and they come closer with each step. I looked behind me and tripped over a tree root. I dropped the sheep, and a man wearing a wolf pelt mask grabbed it. The sheep rustler held the sheep up, howling at the moon. Suddenly, I leaped at the much larger man, tearing the wolf pelt off the rustler.]***

**Young Rolf:** "Not again!" *[He hits the rustler with his shepherd's rod.]* "Mestick! Shlorvin!"

FLASHBACK ENDS

Rolf was about to hit Carmen with his Shepherd's hook but she grabbed it and snapped him out of it.

Carmen: Captain Rolf calm down!

Rolf: Oh sorry Rangerette Carmen.

Carmen: It's all right Captain Rolf. Sheep Rustlers wearing wolf masks. That's awful.

Rolf: It was. I've always been haunted by those mad Wolf Men.

Carmen: That's terrible.

---

The next day Katie was taking everyone in Lincoln's Class on a field trip to the forest. Leslie & Agony, Ashley, Spiderman, Tara, Luan, Cheetah, Jimmy, Jonny, Double D, Ed, the Night Breed, Courtney, Jasmine (TD), Sammy, Izzy, Dawn (TD), Gwen (TD), Courtney, Mike (TD), Zoey, Ella, Bridgette, Shawn, the Redemption Squad. Cricket, Lori and Static were with them.

Me: This is gonna be so cool!

Lincoln: It sure is.

Me: (To the Viewers) Our class is having a special project out in the middle of the forest near the cave where we chased Amy. Our project is to study about different plants and animals in the area.

Lana: This is gonna be so awesome!

Lola: As long as we don't pick up trash.

Lila: This is gonna be so much fun.

Leslie: This is gonna be amazing. Are you excited to have fun sis?

Ashley: You know it big sisters.

Shawn: I can't believe that Amy was gonna come after you all to get revenge.

Varie: Me neither Shawn. Sammy's sister is a monster and she deserves to spend every minute of the rest of her worthless life in prison.

Sammy: You said it.

Zoey: Sammy you look awesome with blue hair and blue clothes. They are much perfect for you than a cheerleader outfit that makes you look like Amy.

Sammy: Thanks Zoey.

Mike: J.D. are you excited for the next Total Drama?

Me: I sure am Mike. I can't wait to see what Chris and Chef have in store for us next time.

Courtney: Me too J.D. Lets hope we have no sore losers like Heather, Eva, Scott and Amy.

Lincoln: You said it Courtney. We don't want another Sore Loser Revenge Spree happening.

We laughed.

Me: (Laughs) That's true Lincoln. But we don't have to worry about that Courtney. Chris and Chef are going to do thorough background checks and run psychological background checks on all the contestants. We passed so we're Green Light for the next show.

Lucy: We wish you the best J.D.

Me: Thanks Lucy. But the next season isn't for several more months. So we still have some time.

Laney: Yeah. Maria it was nice of your mom to Chaperone the trip for us.

Maria: Thanks Lanes. I've been looking forward to this for a while.

Carmen: Me too sis.

We later arrived at the forest and we went out to and saw all kinds of plants and wildlife. We were studying them close.

Me: It's a shame Lisa couldn't come.

Lincoln: Yeah but she's in Kindergarten. Her class couldn't come with us.

Laney: Yeah. It's a shame though.

Lana did a deer call and she was talking to the deer.

Me: Lana is awesome when she talks to animals like that.

Luan: This is so beautiful. I could stay here forever with you Eddy Bear.

Eddy: Me too my angel of comedy. It's a forest I never want to Leaf. (Laughs)

Luan: (Laughs) Good one Eddy.

As we were looking around we heard a wolf howl.

AAAWWWWWOOOOOOOOOOOOOOOOOOOOOOOOOO!

Me: Lana was that you?

Lana: No it wasn't me.

Laney: Wasn't me either.

Varie: If it wasn't you two than who was it?

A wolf howl was heard again.

Me: There's something evil lurking in these trees.

Gwen (TD): Yeah. I feel it.

Lincoln: It's close whatever it is.

Then a figure jumped out of the trees and it was a WEREWOLF!

Me: A Werewolf!

Lana: What is one doing out here in the daylight?

Me: I don't know. But whatever the reason it's not good.

I go J.D. the Nocturnal.

Me: You're not the only one who can become a werewolf in the day.

I went at the werewolf and slash him in the face and kick him in the stomach.

Lana called out a pack of wolves and she and the wolves went at the werewolf.

They attacked and the werewolf was on its last legs. Spiderman and Agony wrapped him in web and just when we thought we had him he howled and more werewolves appeared.

Laney: It's an army of them!

Spiderman: He's got lots of friends.

Agony: He sure does.

Venom: We will take care of them.

Varie: Go for it Venom!

Venom went after the werewolves and knocked them all out. I fired a massive energy wave and it covered the werewolves and cured them.

Varie: They've all been cured.

Jonny came and he was dressed as Captain Melonhead and Plank was dressed as Splinter the Wonderwood.

Captain Melonhead: Your time of reckoning is now werewolf monster! It's Melon Time!

He charged and headbutted the werewolf and pulled out an acorn and bit the cap off and threw it into his mouth. He gagged and fell to the ground and a tree grew and he landed on the ground in a big thud.

Eddy: Try this on.

Eddy put his fingers on both sides of his forehead and fired his Ray of Riches. It was a ray in the shape of dollar signs.

Me: That is so cool!

Luan: Way to go Eddy!

Lensay: (Giggles)

Lana: That was awesome!

Rolf came and he was enraged. He pulled out his shepherd's hook and bashed the werewolf's head.

WHAM!

Rolf: Mestick! CRACK! Shlorvin! BLAM! I SAID, THWACK! NEVER AGAIN WILL YOU TORMENT ROLF'S LIVESTOCK!

Edzilla came.

Edzilla (to Werewolf): WOLFMAN FRAME ED! NOW ED SMASH WOLFMAN TO PIECES! (grabs werewolf by the throat and starts pummeling him)

Me: Yeah!

Kevin: Get him!

Shawn then came.

And he was punching the werewolf mercilessly in the head.

Shawn: Headshot! Headshot! Headshot!

Jasmine (TD): (Australian Accent) Way to go Shawn!

Sammy: Whoo-hoo!

They stopped and William got his blaster ready.

William: Never again.

William fired a huge blast of fire and the werewolf exploded into burning embers.

Izzy: Guys that was awesome!

Gale: Rolf scares me when he gets angry.

Brickhouse: He sure does.

Me: But we did it guys. Great job to all of you.

We all cheered wildly.

We got the project done and got an A+ and we went back home.

We revealed everything that happened at dinner and it was awesome.

THE END

Another Fanfiction Complete.

NicoChan11 gave me the idea for this one from the episode of Ed Edd N Eddy called No Speak Da Ed. One of my favorites. That episode was really funny. Thanks for the ideas man. This is my 402nd chapter completed. I wanted to do some new approaches with the werewolf of Rolf's past and it turns out in the show they were actually Sheep Rustlers wearing wolf masks. I incorperated some elements from the episode Robbin Ed with the Ray of Riches from Eddy and Jonny causing a tree to grow from Eddy's mouth. That was too funny. Let me know what you all think.

See you all next time.

# A Villain from A Topsy-Turvy World

It starts with something sinister brewing.

Parasite: Thought I'd find you here, Bizarro.

Bizarro: What Parasite want?

Parasite: Well, you know that grey monster called Edzilla that's been helping the Loud family?

Bizarro: Bizarro know about grey lizard. Why?

Parasite: Well, that punk calls himself the strongest one there is. So I think you and I should teach him a lesson and prove him wrong.

Bizarro: But fishbowl head said-

Parasite: If you mean Mysterio, he said we either have to flee somewhere where the Louds can't find us or prepare to take them down. And trust me. I have a plan to take Edzilla down. You in?

Bizarro (grins): Bizarro in. Bizarro and Parasite prove to grey lizard who's strongest there is!

---

Me, Lori and Lincoln talking to the Mermaid girls and their boyfriends. We were in the dining room having sodas and snacks.

Me: Hey Cleo can I ask you a question?

Cleo: Sure J.D.

Me: After the whole Cleo Revenge Fiasco as we call it I heard you and Lewis talking about a comet and how you stopped it from crashing into the Earth. What was this Comet?

Emma: It was called Comet Eva. It was a huge comet that was on a collision course with Earth.

Bella: If we didn't stop it it would destroy the planet.

Lewis: That's right guys.

Lori: That's awful. And it would literally make the asteroid collision of Dallas look like a small knick in the surface compared.

Lincoln: It would be worse than that Lori. It would destroy the entire planet.

Me: Yeah. It would cause the whole planet to explode.

Rikki: We stopped that comet by forming the Tower of Light. It redirected the comet and we saved the Earth.

Me: That's incredible.

Lincoln: It sure was. You saved us all from total destruction.

Lori: Literally.

Emma: I wasn't there when it happened. I was overseas when it happened. I came back from a trip after the comet was stopped.

Me: That's understandable.

The alarm then went off and we went to the computer.

We saw that two villains were battling Superman.

Me: That's Parasite and Bizarro!

Lincoln: Which one is Parasite?

Me: The purple guy.

Lori: That's Parasite? He is literally ugly.

Me: He sure is. But he wasn't always this way. His real name is Rudy Jones and he was a Janitor for S.T.A.R. Labs. He was in a lot of financial trouble and he owed a lot of money to small time crook Martin LeBeau. In order to get his debt erased he agreed to steal some experimental chemicals for him. He did so and LeBeau took the truck where it toppled the chemical tanks and they covered Rudy in them. He was left there for dead and he became Parasite as a result.

Lincoln: That's horrible!

Lori: What is he capable of?

Me: He has power and knowledge absorption - Absorption of victim's energy, powers, and knowledge via physical contact

Lincoln: So he can steal powers and energy through touch?

Me: That's what it says.

Lori: So he's like a Leech.

Me: Exactly.

Lori: Who's the other guy?

Me: That is Superman's miscreated counterpart from an alternate universe: Bizarro.

Lincoln: He sure is weird looking.

Me: Yeah. He is from the Bizarro World. It's an alternate version of Earth where everything is weird. This is what it looks like.

I pull up an image of the Bizarro World and it was a planet Earth in the shape of a Cube instead of a ball.

Lori: That planet Earth is in the shape of a cube!

Lincoln: That is so weird!

Me: That was my first reaction too.

Lori: So Bizarro has all of Superman's powers?

Me: He does. He also has a strange vocabulary. You have to understand how he talks. "No" to him is yes and "Yes" is no.

Lincoln: That's confusing.

Me: You're telling me. We got to get over there! Come on!

We set out to the city.

---

Superman: I don't know what you and Bizarro are doing here, Parasite. But it ends now.

Parasite (grabs Superman and drains his powers): Sorry, Superman. But you're not our target this time.

As soon as Parasite was done draining Superman, Bizarro knocked the hero out.

Parasite: The powers I just got from Supes should be just enough to take out Edzilla

Superman was drained and Parasite let him go.

Ed: Hi there! Can I help you two?

Parasite: Oh, I think you can definitely help us, Ed!

Parasite pushed Ed into the ground.

Parasite: You see, we know exactly who you are. And we've been looking forward to taking you down for a long time!

Ed turned into Edzilla and faced the two villains.

Edzilla: YOU WANT ED?! COME AND GET ED! (charges at them)

As we were flying we had an unexpected surprise. We saw Kara In-Ze AKA Supergirl.

Me: Kara In-Ze!

Supergirl: That's right. It's an honor to meet you J.D, Lincoln and Lori.

Lori: It's literally an honor to meet you Kara.

Lincoln: It's a pleasure.

Me: We can talk later. Lets go after Parasite and Bizarro.

Supergirl: You got it.

---

Bizarro and Ed were putting up a really good fight.

Bizarro: Bizarro smash grey lizard! (flies towards Edzilla)

Edzilla (grabs Bizarro): FAKE SUPERMAN STRONG! BUT ED STRONGER! ED STRONGEST THERE IS! (headbutts Bizarro into the ground)

Parasite gets Edzilla into a headlock,

Parasite: Who's the strongest there is now, Dumbzilla?!

Edzilla: ED IS! (knocks Parasite into the ground and stomps on him)

Me, Lori, Lincoln and Supergirl arrived and we saw Superman drained.

Me: Is this a private party or can anyone join?

Lincoln fired a blast of lightning at Parasite and electrocuted him.

Lori fired a blast of wind and blew him into a building.

Supergirl punched and kicked him and kicked him into the air and dealt a spinning axe kick that sent him crashing into the ground.

Me: Way to go Supergirl! [To Bizarro] Bizarro, Parasite is your best friend.

Bizarro: That's not nice!

Me: He loves you.

Bizarro: That monster. He tricked me. Thank you for reminding Bizarro.

Me: You're not welcome.

Bizarro then went after Parasite. Parasite got up and Bizarro was mad at him.

Parasite (is punched by Bizarro): Bizarro?! What the h-

Bizarro: You trick Bizarro! Let Bizarro reward you!

He pulverized Parasite bad.

Me: I got this.

I pull out a Null Void Gun.

Me: Lets see how you like spending eternity in the Null Void?

I fired the gun and it opened a portal and sucked in Parasite and closed up.

Lincoln: Whoa!

Lori: What was that?

Me: This is a Null Void Gun. What it does is it opens up a portal into an alternate dimension called The Null Void.

Lincoln: What's the Null Void?

Me: It's a prison dimension which houses the galaxy's most dangerous and most violent criminals. Think of it as the Milky Way Galaxy's Toughest Triple Supermaximum Security Prison. But on a vastly larger scale.

Lori: That sounds like a really dangerous place.

Lincoln: It is. Ben told me all about it and it's really scary.

Supergirl: That sounds scary.

Bizarro: Bizarro agree. Me go back to Bizarro world and set it on path of good.

Me: We'll not be seeing you Bizarro.

We shake hands and he flew into the air.

Lori: He's on the right path.

Me: He sure is.

We got Superman back to the watchtower and he was in the infirmary.

Me: He's really drained. (Pulls out a bag) Here Kal. (Gives him a bean) This will fix you right up.

I put the bean in Superman's mouth and he ate it and swallowed it. In an instant he was fully healed and reenergized!

Superman: I'm all better. What was that?

Me: It's called a Senzu Bean. Master Goku gave me these just in case. They have powerful healing powers and they can restore your energy.

Superman: That's really something. What happened to Parasite and Bizarro?

Lori: Parasite was sucked into the Null Void and Bizarro went back to the Bizarro World to set it on the right path.

Superman: That's amazing.

Supergirl: It's good you're all right Kal.

Superman: Thanks Kara.

ALTERNATE ENDING.

Me: Is this a private party or can anyone join?

Lincoln fired a blast of lightning at Parasite and electrocuted him.

Lori fired a blast of wind and blew him into a building.

Bizarro then went after Parasite. Parasite got up and Bizarro was mad at him.

Parasite (is punched by Bizarro): Bizarro?! What the h-

Bizarro: You trick Bizarro! Let Bizarro reward you!

But Parasite got away and he grabbed me and began sucking my power.

Parasite: I will become a god with your power J.D.

Me: You want my power Parasite? Then take it. TAKE IT ALL!

I go Super Angel 4 and channeled all of my power into him. But it was becoming too much for him to handle.

Parasite: What!? I can't stop! It's too much!

He was screaming in pain and it was overloading. Parasite screamed and he exploded all over the place as burning embers.

KRABBBBOOOOOOOOOOOOOOOOOOMMMM!

And all the energy and power that he stole over the years was sucked into me.

Me: Wow!

Lincoln: What happened to him?

Me: My power was too much for him to handle and it overloaded him and exploded.

Lori: That was literally intense.

Ed: It sure was.

# A Cephalopod of Terror

It starts in the living room. I am on my computer and I found a rather disturbing and strange article on the news in Washington State.

Me: Hey guys come here!

Varie, Rachel, Talia, Nicole, Naruto, Fu, Lana, Ben, Aqua, Laney, Lila, Lincoln, Maria and The Mermaid Girls came.

Lana: What's going on J.D.?

Me: There's something going down in Graves Point, Washington. It's one of Pacific Coastlines most important fishing ports.

Ben: What's going on?

Me: It says that a Giant Squid is terrorizing the town. It killed 10 people over the last 3 days and nights.

Lana: Why would a Giant Squid terrorize a town like that?

Laney: It could be a number of ways. Giant Squid are extremely intelligent creatures.

Lila: That's right. They have one of the most sophisticated brains of any animal in the world.

Varie: That's right Lila. They are also said to be one of natures strongest survivors. Squids, Octopuses and Cephalopods have been on the planet ever since the Cambrian Period 530 Million years ago.

Lana: That's a long time.

Rachel: It sure is.

Me: Not only that guys but they also have extremely powerful parrot-like beak jaws that is so powerful that it can pierce through solid bedrock.

Everyone: Wow!

Ben: That's a powerful creature!

Naruto: It sure is. How can a creature generate such enormous power in its mouth?

Me: It's just that powerful and they survived everything nature has to throw at them. Making them one of the toughest and strongest survivors on Earth. But we better get over there and see what's going on.

Naruto: We're with you bro.

Me: Lets roll!

We set out for Graves Point, Washington.

---

We arrived in Graves Point and we saw that nobody was on the beach because of the squid.

Me: The Squid sure has this town in the grip of terror.

Naruto: It sure does.

Fu: How are we gonna stop it?

Me: We'll have to go on a boat that's gonna go after it.

Lana: That's a good idea.

We asked around town and we found out that a man named Whip Dalton is going after the Squid to stop it.

We went to find him and we saw himon a boat with a man named Osbourne Manning and Marine Biologist Dr. Herbert Talley formulating a plan.

Me: Maybe we can help out too.

We came onto the boat.

Dr. Talley: The Famous J.D. Knudson and friends. It's an honor to meet you all.

Me: You too Mr.?

Dr. Talley: Dr. Herbert Talley, professor of Marine Biology.

Manning: Osbourne Manning. Pleasure to meet you all.

Whip: Whip Dalton.

Graves: Schuyler Graves. Graves Point Harbor Master.

Me: Pleasure to meet you all.

Lana: We heard that you were going after the Giant Squid.

Whip: That's right. We're gonna go after it and kill it.

Me: That's gonna be tough.

Ben: Yeah.

Me: Let us help you.

Whip: Okay. It's gonna be a rough ride. We're using my boat the Privateer.

Me: Ok.

* * *

We were out on the ocean and it was very quiet. With us was United States Coast Guard Officer Lt. Kathryn Marcus.

Me: It sure is quiet out here. Too quiet.

Lana: Yeah. I like it.

Me: Cleo, Bella, Emma and Rikki are watching for the squid and it's gonna be hard to find her.

Laney: I wonder how big this squid is.

Me: Well the maximum size they can get is 60 to 70 feet long.

Naruto: That's a big creature.

Fu: No kidding.

Kathryn: Whip! (Looks at something) She's here!

We got ready.

On the fishfinder we saw a huge green blip. It was coming towards the big lure we set out.

Me: That's a big blip.

Varie: Yeah.

We were watching as we were trolling and the squid took the lure.

Dr. Talley: She took it!

We were waiting for the right moment.

Whip: Ready!?

Dr. Talley: Yeah!

Whip: NOW!

Dr. Talley pulled a lever on the winch and it pulled on the squid and yanked the boat almost out of the water.

Me: Whoa!

Lana: That was intense!

Laney: It sure was.

We pulled the squid in and it was really heavy and it was a huge struggle. We were then seeing the Squid barely near the surface.

Dr. Talley: I can see it! I can see it!

The squid surfaced and we saw that it was enormous!

Manning: Oh my gosh!

Nicole: Sweet mother of the Stars!

Naruto: Unbelievable!

Aqua: That thing is huge!

Me: That is an enormous squid!

The squid was 110 feet long and weighed 5,000 pounds. It was by far the longest and largest creature in the world. It was screeching loudly and it was waving its long tentacles around. The level of bloodlust and rage it had was unbelievable.

Manning: I think I got a shot!

He fired a harpoon loaded with a poison into it's tentacles and into its head.

It was supposedly dead. We were heading back to shore when the boat died on us.

Me: Uh oh. That's not good.

Lana: Let me take a look.

Lana took a look at the engine and she found out that the valves were shot. No compression at all. She managed to fix the engine and got it going again.

Lincoln: Great job Lana.

Nicole: Way to go.

Laney: That's our little handyman.

Aqua: She is a great handyman.

Whip: She's quite a mechanic.

Rikki: Now lets head back to shore so we can turn this thing into calamari.

But we later found out that the squid was knocked out with a sedative.

Me: What drug did you use on the squid Manning?

Manning: It was Phenobarbital.

Me: Phenobarbital? The sedative for Anti-seizure medicine in epilepsy?

Manning: That's right.

Talia: That's crazy!

We found out that he was gonna put the squid on display in an aquarium in Houston, Texas. We were in trouble. Because of the squids massive size it would only last for about half an hour.

Kathryn called the coast guard and they were sending a chopper out. We had no choice but to let the squid go. It woke up after we cut the rope and it went back into the water.

As we were waiting, the squid came back and as a tentacle was about to grab Manning, I take my sword and cut off the tentacle.

Then the squid jumped out of the water and landed onto the boat and it was gonna be a vicious assault. It was waving its tentacles around and we were fighting them with our weapons and powers. Lana fired a blast of ice lightning and broke off a tentacle. Laney entangled the squid in kelp and giant vines and Kathryn fired a flare. We then saw the squids powerful beak-like jaws and they were ugly.

Naruto: So that's a Squid's Beak.

Fu: I had no idea that they were that ugly and they have all that devastating power.

Lincoln fired a blast of lightning at a tentacle and blew it off.

Ben was now Ripjaws.

Ripjaws: Back off you overgrown slab of Calamari!

Ripjaws bit the squid and bit off a tentacle and a part of its head.

The Mermaid girls fired the elements at the squid and Maria fired a blast of water.

Naruto and Fu fired a blast of wind and water at the squid.

The Coast Guard Helicopter arrived and they were climbing a ladder up to it. Whip was breaking fuel barrels open and as he was about to climb the ladder the Squid grabbed his leg.

Lincoln: Oh no you don't!

Ben jumped out of the water and turned into Jetray.

Ben: JETRAY!

Lincoln fired a blast of lightning an ignited the fuel and set the boat on fire and we got everyone on the chopper and we were flying in the air. We saw the squid in pain from the flames. A barrel was rolling to it and I knew what was gonna happen next.

Me: You go to Hell!

The barrel hit the squid and it exploded and the squid was blown to pieces and some of it was intact.

We cheered wildly.

Me: That's it for that squid.

Rachel: Yep. And good riddance.

Naruto: I got this. SHADOW CLONE JUTSU!

Naruto and his clones went onto the water. They picked up the squid and started walking back to the shore. We all got back safe and Ben reverted back.

Ben: That was intense.

Lana: It sure was.

Laney: I'm glad that squid is gone. We saved this whole town from fear.

Me: We sure did bro.

Naruto and his clones came and they had the huge squid carcass with them. It was later made into a taxidermy trophy and we set it up in our estate in the middle of the backyard. It was now a huge statue. Graves Point had a memorial set up for the people that were killed by the squid and they built a statue of us holding a squid tentacle and I was holding the squids beak.

Me: We sure made a huge impact on Graves Point.

Lincoln: We sure did.

Rikki: It was awesome.

Cleo: Yeah.

Laney: What was that alien Ben used to fight the squid?

Me: That was a Piscciss Volann from the planet Piscciss. They are a race of aquatic fish creatures.

Laney: That's interesting.

Lincoln: Yeah.

Lana: I just can't believe that a squid like that would terrorize a coastal town.

Nicole: Me neither.

Maria: Yeah. It's just unheard of for a squid to kill people and all that.

Fu: It was absolutely horrible.

Emma: It sure was.

Aqua: I can't believe that it would hurt so many people.

Me: None of us can.

We kept some of the meat and made a calamari stew for dinner.

Another Fanfiction Complete.

I got the idea for this one out of the blue. I watched the movie The Beast from 1996 back when I was a kid. Peter Benchley, the Master of Sea Terror made a great book about it. That squid on that movie was huge and if a squid like that existed it would be the biggest creature in the ocean and the world. It would be a monster of unimaginable size and more. William Peterson did a great job in this movie. It was two parts long and lasted for 176 minutes. It was a TV Miniseries Film that premiered on April 28 - 29, 1996. I also wanted to do this chapter as a tribute to the great Master of Sea Terror - Peter Benchley.

RIP Peter Benchley, Master of Sea Terror and Creator of Jaws - May 8, 1940 to February 11, 2006

Graves Point is a fictitious town and the movie was filmed in New South Wales, Australia. But let me know what you all think.

See you all next time.

The Beast is owned by Peter Benchley, Dan Wigutow and NBC.

# Arabian Tales

It starts at in the Living Room and we were watching TV, reading books, playing cards and playing board games.

Me: It sure is peaceful huh?

Varie: Yeah.

The doorbell rang.

Lincoln went and got it and he saw Ronnie Anne and her little cousins Carlitos and Carl were with her.

Lincoln: Hey Ronnie Anne.

Ronnie Anne: Hey Lame-o. My mom is out of the state at another hospital and my family is busy in Toledo. I'm Babysitting Carlitos until they come home.

Lincoln: No problem. How's Bobby doing?

Ronnie Anne: He's doing great. He can't wait for the wedding. And I can't wait to have a big sister like Lori.

Me: That's gonna be awesome.

Laney: It sure is.

Carl: Laney my lovely gazelle. It's so good to see you again.

Laney: You too Carl.

Me: Hola Carlinos. Cómo estás hoy?

Carl: I'm doing amazing J.D. Are you ready to have some fun?

Me: Si.

Lincoln: I didn't know you can speak Spanish so well J.D.

Me: Bobby's been teaching me and I can now speak the full language in its entirety.

Lori: That is literally so cool.

Carl: Lori my lovely gazelle. How have you been doing today?

Lori: I'm great Carl.

Carlitos wanted me to hold him.

Me: Aw Carlitos, ¿quieres que te abrace?

I pick him up and tickle him and he laughs.

Ronnie Anne: You're really good at that J.D.

Me: I've had some experiences before I moved here.

Lisa: It's true fellow future sister.

Me: Carlitos, ¿quieres escuchar algunas impresiones de voz?

Carlitos clapped in happiness.

Me: Okay. [Plankton's voice] My name is Sheldon J. Plankton and I'm a dumb little protozoan that only cares about stealing the Krabby Patty Secret Formula and only want to destroy the Krusty Krabs.

We all laugh.

Lily: Hey that was really good!

Lisa: That's a good voice interpretation of Plankton.

Lana: It sure was.

Lola: Yeah. That was really good.

Lila: It sure was accurate.

Ronnie Anne: I'm glad that little jerk is gone forever.

Lori got a call from Bobby and Carlitos was mimicking Lori on her phone.

We saw that and thought it was cute.

Lori: What is Carlitos doing?

Ronnie Anne: He likes mimicking people. He can't talk yet so he uses Sign Language.

Lori: Oh. That is literally the cutest thing I've ever seen.

Suddenly a window smashed and a little fireball flew in and hit Carlitos and he was enveloped in a tornado of fire. He was changing as a result.

Ronnie Anne: Another Elemental choosing!

Laney: That's right Ronnie Anne.

Rachel: Is this how some of you guys got your powers?

Lori: It is Rachel.

When the tornado faded Carlitos was now a 10-year-old boy and he had wings made of leaves and they had fire burning on top.

Carlitos: Wha? What happened? (Gasp) Hey! I can talk!

Ronnie Anne: Carlitos what happened to you? You look incredible!

Carlitos: Cousin Ronnie Anne I don't know how this happened but I'm now right about your age.

Lily: (Lovestruck) Ba.. ba.. ba..

Me: Lily is in love with you but let me see how this happened. I saw a fireball burst in.

I pull out my legends book and found an unusual discovery.

Me: Here it is. Carlitos got fire and plant powers because of the Fireball of Nantosuelta - the god of Fire and Nature in Celtic Myth.

Once every 65 years he well send a fireball to a worthy soul that has a huge amount of love in their hearts. They will get fire powers, plant powers, winged flight, the ability to talk to animals, breathe in space, breath underwater, and more. They can only be given to babies and they turn into 10-year-old kids as a result.

Carlitos: This is amazing. I have a lot to learn now that I'm like you Cousin.

Ronnie Anne: I know Carlitos.

Later in the Simulator, Me, Nicole, Lori. Lincoln, Laney, Lola, Maggie, Haiku, Luna, Lucy, Lily, Girl Jordan, The Redemption Squad, The Keybladers, Varie, Rachel and Talia were doing an exercise. Sandman is now a member of the Redemption Squad. The Simulator Activated and we found ourselves in the movie Aladdin from 1992. We were in the kingdom of Agrabah. But this Agrabah was now a malevolent fortress from the Darkness of Hell in its entirety.

Lola: Awesome! We're in Aladdin!

Lily: That's one of my favorites.

Me: Except its now been turned into a nightmare.

Sora: There's only one person I know that's behind this: Jafar.

We gasped.

Me: But that's impossible Sora. You killed Jafar.

Donald: We did kill Jafar. But when we defeated him a second time he must've used his magic to resurrect himself after we killed Xehanort.

Aqua: Some scum just can't take a hint can they?

Sandman: No they can't.

Lori: We will literally make sure he never comes back again.

Nicole: That's right.

Me: Lets go!

We flew up to the palace of Agrabah and we saw Aladdin sneaking up to the Lamp to get it back. But just as he was about to grab it Jafar saw his reflection in Jasmine's crown.

Jafar: You!

I fire an energy beam and blew him into the wall.

We land in the throne room.

Jafar got up and saw us.

Me: Hello Jafar. So we meet at last.

Sora: And it will be the last time.

Jafar: Sora and his friends. What a pleasent surprise.

Riku: You're gonna pay for everything you've done Jafar.

Jafar: Riku? I thought you were working for the side of darkness.

Riku: Not anymore. I've renounced my ties to the darkness and am now fighting for the Light.

Lincoln: You've terrorized all of Agrabah for far too long!

Laney: Your reign of terror ends now!

Laney called her Scythe.

Jafar: Lets see you handle my new friends.

He used his magic and summoned two enemies we know: Zexion and Demyx.

Me: It can't be.

Elena: Zexion and Demyx?

Lea: How is that possible!?

Me: We killed you.

Zexion: Yes you did kill us. But now Jafar has recreated us.

Demyx: It's great to be back and now we can have our revenge.

Me: We shall see about that. Xehanort is dead and you two wlll go back to Hell with him.

Zexion: Not if we kill you first.

Zexion summoned his Book and Demyx had his Sitar. But they were copy weapons.

Me: Lets dance!

Me, Laney, Lincoln and Varie go Super Angel and we went at them.

Demyx: Dance water dance!

Elena, Luna, Girl Jordan and Varie were facing Demyx and he had a bunch of Water Creatures.

Girl Jordan grabbed a Water Form and made it hit other Forms up to three times. The third time causes her to swing it around her head, attacking surrounding water forms in the area, before throwing the spinning Form and causing it to draw all other Forms towards it.

Demyx: Let's see how you like this!

Demyx sidesteps towards Luna as if having fun. When he got close, Demyx started to form a guitar solo with his sitar. But Luna used her sitar too while Demyx played. Demyx then attempted to hit Luna with his sitar but she ducked under the anticipated attack and smacked him into the air with a backhanded sitar hold.

Girl Jordan fired a blast of water that became a dragon and it hit Demyx with incredible force and Elena fired a blast of lightning and electrocuted him. Elena then flew up to Demyx and then gave him an atomic wedgie and he screamed like a little girl.

Xion was laughing at this.

Elena then poured what seemed to be water onto Demyx.

Demyx: Seriously, Larxene. That's the best you could do? I command water, remember?

Elena: My name is Elena! (smirks) And you might want to take a better look.

Demyx (sniffs and realizes something): Wait. This isn't water. It's (eyes widen in horror) gas!

Elena and fired lightning from her Keyblade, striking the gasoline and causing an explosion that kills Demyx.

KABOOM!

Varie: Yeah!

Girl Jordan: That did it.

Lori called one of her spears and she went at Zexion. She slammed the spear into him and blew him into the wall. Maggie fired a blast of black fire at him and Zexion dodged.

Lucy fired black lightning and Haiku fired a murder of black crows made of black fire and they went at Zexion and hit him and blew him into the wall.

Suddenly Lucy, Haiku, Maggie, and Lea were in Zexion's pocket dimension trying to find Zexion.

Zexion: You're getting colder.

Lucy struck one of the books to reveal Zexion, freeing them from the pocket arena inside the book.

Lori hit him several times with her spears and she was overpowering

him.

Lucy, Maggie, Lea, Lola, and Haiku fired a blast of darkness and fire and obliterated him.

Me, Rachel, Sora, Donald, Goofy, Kairi, Riku and Aqua were hitting Jafar with our Keyblades and weapons. He was proving to be a tough one but we were winning.

We had him up against the ropes.

Me: It's over Jafar.

Jafar: It's never over. Genie my third wish is to be AN ALL POWERFUL GENIE!

Genie: Your wish is my command.

He fired a beam of magic and Jafar became a Genie! The level of power he had was incredible.

Jafar: Yes! Yes! The Power! (Laughs) The Absolute Power!

He bursted through the roof of the palace and a black lamp appeared.

Jafar: The Universe is mine to command! To Control!

He then called out The Heartless! We triumphed against them and got much more powerful as a result of their negative energy. I went for the lamp.

Me: Not so fast Jafar! Aren't you forgetting something?

Jafar looked at me.

Jafar: Huh?

Aladdin: You wanted to be a genie? You got it!

Magical restraint cuffs appeared on his wrists.

Jafar: What!?

Me: And everything that goes with it.

I hold up the black lamp and Jafar was sucked into it. His parrot Iago was not taken into it.

Jafar: No! No!

Me: Phenomenal cosmic powers…

Aladdin: Itty-bitty living space.

Me: You said it Aladdin.

Sora: It's over for him. We won again.

Jafar: (From inside his lamp) Just you wait Sora! I will get out of here and kill you all!

Nicole: Not ever again Jafar.

Nicole pulled out the Book of Vile Darkness.

Nicole: (Chants an Incantation) Aldruon Enlenthranel Vosolen Lirusnor!

Jafar was reverted back into a spirit and he came out of the lamp and went into the Book of Vile Darkness. Sealed away for all eternity. Demyx and Zexion were sealed too.

Genie: You guys are geniuses you.

Me: Thanks Genie.

Aladdin: We pulled through on this one.

Princess Jasmine: We sure did.

Riku: Princess Jasmine, I'm sorry I kidnapped you.

Princess Jasmine: Oh it's okay Riku. I know you were mislead down the wrong path.

Riku: Thank you your highness.

Princess Jasmine: You don't have to call me that. Just Jasmine is fine.

The terror of Jafar had been silenced forever. Everything was back to normal. Now Jasmine decided she was gonna marry Aladdin. Aladdin wished for Genies freedom and he was free to do whatever. He can help people wherever he's needed.

Me: I'll keep Jafar's lamp as a reminder of this.

Later it was time for Aladdin and Jasmine's wedding.

Priest: Does anyone have just cause why these two should not be married? Speak now, or forever hold your peace.

The wall explodes to reveal several bandits.

Bandit: Peace is overrated!

Me: The infamous 40 Thieves!

Varie: Lets get these bozos!

We all round up the 40 thieves and tie them up and capture them.

Me: Well that was too easy.

Sora: It sure was.

Lola: No kidding. These guys didn't even put up a fight.

Goofy: Gawrsh no they didn't.

Xion: We got them all.

Me: Yep. And I think I know what they were after.

We go into a room and we found a scepter.

Princess Jasmine: They were after the Oracles Scepter.

Me: What does this scepter do Jasmine?

Princess Jasmine: It can call an oracle that can answer any question.

Aladdin: Maybe I can ask what happened to my father.

Me: Lets try it.

I take the scepter.

Me: What happened to Aladdin's Father?

The scepter glowed and out came a glowing white spirit.

Oracle: Your father Cassim is alive and he is the infamous King of the 40 Thieves.

She showed us that she's right. Aladdin's father Cassim has been alive and well this whole time and is the leader of the 40 Thieves.

Aladdin: My father's alive?

Aladdin was shocked by this revelation.

Me: I'm sorry Aladdin. We can try to help him.

Aladdin: I would like that J.D.

Suddenly Princess Jasmine was enveloped in a blinding light and she was now a Keyblader.

Princess Jasmine: I'm now a Keyblader.

Sora: That's awesome Jasmine!

Kairi: It sure is.

Later we headed out to find Cassim. We stopped at the beach and I remembered something.

Me: From what I remember this is the entrance to the hideout of the 40 thieves.

Lincoln: How do we get in?

Me: You're about to see.

I lift my hand to the rock.

Me: OPEN SESAME!

Suddenly the ground quaked and the rock opened a huge crack and the ocean split revealing a path into the crack.

Laney: That's so cool!

Lola: I remember this. That was awesome!

Lucy: Wicked.

Me: Lets go!

We went into the crack and it closed behind us. We saw that their hideout was really a lost temple.

Me: Wow!

Rachel: This is incredible!

Sora: It sure is.

Lily: Yeah.

We explored the lair and we found the King of Thieves fighting a big strong man with clawed knuckledusters.

Aladdin jumped him.

Aladdin revealed that he was his son.

Me: We came here to find you.

We were introduced to Cassim. Aladdin was reunited with his father for the first time in a while. We threw the man Saluk out and he was gonna get revenge no matter what. We found out that Cassim was after a huge prize. He was going after the legendary Hand of Midas, a powerful artifact that has the power to turn anything it touches into solid 24 Karat Gold. But getting to it was tricky. It's on a strange mysterious island called the Vanishing Isle. It's a mysterious island that never is in the same spot more than once. We decided to help him find it. We used the Oracle Staff to help us.

Oracle: The Vanishing Isle will appear at Dawn. I will show you the way.

She lead us to its location and we arrived.

We saw that it was a massive marble palace and it was rising out of the ocean and it was all on the back of a huge sea turtle.

We went into the palace and we saw that it was an amazing marvel. We saw a huge floating golden hand above the floor.

Suddenly the place was filling up with water and we had to climb higher. We climbed the statues to the level of the hand. We saw that the statue had a smaller hand in it.

Me: That's it. The Hand of Midas.

I jumped onto the hand and twist the hand out.

Me: Here you are Cassim!

I toss the hand to him and he catches it with his cape and it turned it to solid 24K Gold.

Cassim: (Laughs) The Hand of Midas!

He touched the statue and turned the whole room into gold!

Laney: This is so cool!

Lincoln: Unbelievable!

Lily: This is amazing!

Me: Is sure is.

More water came in.

Me: Lets get out of here.

Saluk then landed by me.

Saluk: Nobody's going anywhere! (To Cassim) Give the Hand of Midas to me Cassim or your friends and son die!

I kick him in the face and punch him in the stomach.

Cassim: You want it? Take it!

He threw the hand to Saluk and he caught it.

Saluk: The Hand of Midas is mine! (Laughs) And also the lives of your friends and brat,

Me: You've made a horrible mistake Saluk.

Saluk: And what's that?

Saluk then started turning into gold.

Me: Go to Hell and stay there!

He became a statue of gold!

Me: I think I'll keep him as a trophy.

I beam him into the backyard.

Me: Lets get out of here!

I beam us all back to Agrabah.

Aladdin and Jasmine got married and Cassim rode off into the night to set himself on the right path. The Hand of Midas was now in the safe for safety. Jafar's lamp was put in my room as a decoration. Agrabah now lives in the Sahara Desert of Africa in Chad.

Another Fanfiction complete.

NicoChan11 gave me the ideas for this one. Thanks for that man. I loved the movies of Aladdin and that TV Series. They were awesome! Robin Williams did a great job voicing Genie in the 1st and 3rd movies and Dan Castellaneta did a great job in the 2nd movie and the TV Series and Kingdom Hearts Series. Let me know what you all think.

See you all next time.

# Kraven's Greatest Hunt

Part 1: DEMORALIZING A DORK

Jared, Mary and Luan were in the simulator doing an exercise.

Me, Varie, Rachel, Cody, Vince, The Ed's and the Gang, The Loud Kids and Yuko were in the control room.

The Exercise began and they found themselves in Peach Creek Middle School.

*[It is the next day. Rolf hauls a huge load of meat out of his locker and throws it into the trash. He then goes back into his locker to get more. Sarah turns her head while walking to watch, and runs into Eddy.]*

**Sarah:** "WATCH WHERE YOU'RE GOING FISHFACE!"

*[Eddy opens his mouth to yell back, but sees Rolf and Kevin watching him.]*

**Rolf:** "Hell-lo."

**Eddy:** *[normally]* "Ahem. Nice try, windbag." *[He pokes Sarah's nose and walks away.]*

**Jimmy:** "Jeepers, Sarah, what was that all about?"

Jared: They have a bet going on. Eddy can't yell with a voice that can be heard from a mile away.

Jimmy: Oh.

Sarah: That's stupid.

**Jonny:** "Jimmy!" *[He attacks.]* "Quick! Tell me to do something, anything!"

**Jimmy:** "Oh-uh-okay. Do my math homework for me?"

*[Jimmy cowers, expecting a punch. Instead, Jonny grabs Jimmy's math and goes off to the library.]*

**Jonny:** *[seeing Plank on a book cart]* "I'm my own person, Plank."

*[The door closes behind Jonny. Eddy watches eagerly, and makes as if to yell. Remembering the bet, he stops and goes to fetch his friends. He gets Edd and shows him the scene inside.]*

**Eddy:** "Check it out, Shakespeare. Without Plank, Melonhead's falling apart, begging to get bossed around. Ready to chicken out?"

**Edd:** *[nervous]* "No, not at all. It is… fun! To… mmm… speak in small words all day. Not hard one bit."

*[Ed runs into Eddy. When he stands up, he has rings under his eyes and looks horrid.]*

**Ed:** "Double D! How much longer, must me and gravy-" *[He scratches himself all over.]* "-not be as one?"

*[Edd grabs Eddy and shows Ed to him.]*

**Ed:** "Oh, the suffering!" *[He runs into the book cart. Ed then proceeds to run the cart over him repeatedly.]*

Luan: What's wrong with Ed?

Mary: He's suffering from what I call Gravy Withdrawl Syndrome. Whenever he goes too long without Gravy he acts like a Heroin Addict going cold turkey.

Jared: Sheesh. Ed what do you like in Gravy?

---

*[It is lunchtime. Kevin sets a brown paper bag on a table and starts to take out his lunch. Suddenly, a spitball zooms through the air and lodges above Kevin's ear. Five more quickly follow it.]*

**Kevin:** "KNOCK IT OFF, YA-"

*[Eddy looks surprised and then turns his ear, exaggeratedly listening for the insult.]*

**Kevin:** *[let down]* "Um… you know." *[Eddy snickers.]*

Mary: Kevin if you call Eddy a Dork I will tie your tongue in a knot and pull it out through your ears.

Kevin looked at Mary and he was scared.

**Edd:** "Don't… um… push! Ed-dee. You are not… oh… fair!"

**Jonny:** "Here you go, Eddy!" *[He drops a huge pile of socks on the table.]* "Washed, dried, and static-free!"

*[Jonny grins fearfully, then looks over to Plank, at the next table.]*

**Jonny:** "I'm not listening to you!" *[He plugs his ears and walks away.]*

Jared came back with the whole tray of fruit and a tray full of desserts.

Jared: Here Mary.

Mary: Thanks bro.

*[Eddy grins, while Edd looks worried. They then turn to the end of the table; Ed looks worse. On top of this, he is sucking ferociously on the table, trying to feed his addiction.]*

**Ed:** "Table coulda-kinda tastes like gravy."

*[Eddy hauls him upright and speaks sympathetically.]*

**Eddy:** "Forget the gravy, Ed. Here. Gnaw on this." *[He gives Ed a plate of mashed potatoes. Ed's face falls into it. Ed looks up.]*

**Ed:** "Mashed potatoes? No gravy?"

*[The plate sails across the lunchroom and slams into Kevin. Kevin gets up angrily. He throws a football at Eddy, and it slams into the three-haired boy's face. Kevin runs up.]*

**Kevin:** "Nice catch ya-" *[he strains to hold back, then gives up]* "DORK!" *[letting it out]* "Dork dork, dorky dorky-dork!" *[He cracks his neck.]* "Man, that felt good."

Mary went up to Kevin and reached into his mouth and tied his tongue into a tough knot and pulled it out through his ears.

Mary: Try talking with your tongue like that you stupid freak!

Jared: Nice one sis.

Mary: Thanks bro.

Luan: He sure got his tongue tied. (Laughs to rimshot) Get it?

They laughed.

Jared: That was a good one Luan.

*[At the table, Edd is folding socks.]*

**Edd:** "Must-fold-socks."

**Eddy:** "Let's see here…" *[Eddy is looking at a dictionary, pen between his teeth.]* "Con-she-en-che-us? What kinda bunk word is that?" *[He scratches it out.]* "Oh, here's another one. Tem-pera-mental." *[He gets rid of it.]* "Well I don't know about you, but that's just plain stupid."

**Edd:** *[tormented]* "STOP!" *[He snatches the dictionary away.]* "I will not tolerate your singlehanded annihilation of the English language for your own monetary gain, Eddy!"

*[Edd realizes what he just said and clamps his hands over his mouth.]*

**Jonny:** "Think, Jonny, think!" *[He is at an impasse over which sandwich to have.]* "Just make up your mind!"

**Eddy:** "What's that Plank?" *[He's pretending to listen to Plank.]* "You want me to what? Move all your stuff to my house? You wanna boss me around instead? And hang out with someone with a normal-sized head? You're a riot, pal-o-mine!"

*[Jonny knocks Eddy out of the way and grabs Plank.]*

**Jonny:** "Nobody takes orders from this hunk of termite food except me! Nuts to your stupid bet, homewrecker!" *[Jonny exits the cafeteria, having lost the bet but gotten his friend back. A haggard Rolf enters.]*

**Rolf:** "Thank you Jonny the woodboy, Rolf could not find the strength to open the door!"

*[The door runs into him, pushing him forward. Ed, meanwhile, crawls along the floor.]*

Jared: Geez. Rolf looks like an anorexic.

Mary: Yeah. It's what happens when he goes too long without meat. He's suffering from what's called Meat Withdrawl Syndrome.

Jared: Boy he's all skin and bones.

Luan: Yeesh. No kidding. No bones about it. (Laughs)

They laugh again.

**Ed:** *[desperate]* "Gravy?"

*[Sarah and Jimmy are drinking from steaming bowls of some brown liquid.]*

**Jimmy:** "I've got love in my tummy, Sarah!"

**Sarah:** "Me too, Jimmy!"

Mary: Hey bro get me some of what Jimmy and Sarah are eating.

Jared: Sure sis.

Jared walked up to the counter and poured some into a bowl for her.

Jared came back and Mary ate it and she knew what it was.

Mary: Mmm. Butterscotch pudding my favorite.

*[Rolf is hovering over the vegetables counter, trying to decide what tasteless lump he should serve himself. He plucks a stick of celery, but cannot find the strength within his jaw to bite through it.]*

**Eddy:** "Mmm. Meaty." *[He takes a giant bite out of a sausage.]* "Yep. Real meaty meat."

*[A tear leaks out of Rolf's eye as he watches Eddy chew.]*

**Rolf:** "The games have ended! Rolf can no longer resist the sweet flesh draped in fat like Papa's therapeutic truss!" *[Rolf proceeds to eat his way through the entire counter of meat. Coming to the end, he knocks the lid off of a barrel of what appears to be gravy. Ed, seeing it, smiles happily.]*

**Ed:** *[overcome by the addiction]* "It is you. Come to Ed! Belly misses you!" *[He runs to the barrel.]*

**Edd:** "Ed, stop!" *[He stands by Ed, who is balanced on the edge of the barrel.]* "You and Eddy are the only ones left in the bet!"

Jared: (Gasp) Oh no!

He ran over and just as Ed was about to dive into the pudding Jared used the Force and pulled him away at the last second and he tied Ed up in the chair with chains.

Jared: Sorry about this Ed but that was not gravy. It was Butterscotch Pudding.

Ed: Oh. Thanks Jared.

Jared: No problem Ed. From what I remember you are allergic to Butterscotch Pudding.

Edd: That's an unusual allergy. Who would've thought?

Mary: My sentiments exactly.

Luan: Yeah.

Then the lunch lady brought out some gravy in a gravyboat and Ed saw it and broke out of the chain. He ate the gravy and Eddy had won.

**Eddy:** "I WIN! Ha ha ha! Am I loud enough for you now, Double D? HOW BOUT NOW! NO? HOW BOUT NOW!"

Eddy won the bet and he was given $4.00 in quarters.

Mary: Way to go Eddy.

Jared: You won the bet fair and square.

Luan: No bets about it. (Laughs) Get it?

They laughed.

Mary went to the candy store and she brought a big bag of jawbreakers for them.

Eds: JAWBREAKERS!

Mary: They're all yours boys.

Mary gave Kevin the "L" sign for Loser.

Jared: Stinks to be you Shovelface!

Kevin: (Muffled) I'm gonna pound ya!

Jared: Come and try it sewage breath!

Kevin was enraged and he ran at Jared and he kicked him in the face and as he did Kevin's whole tongue was bitten off and he crashed into the wall.

Kevin got up and he felt that his tongue was gone and he screamed.

Nazz: That's gonna hurt!

Jimmy: No kidding.

Luan: That's what I call Biting off more than you can chew. (Laughs)

Get it?

They laugh.

Mary walked up to Kevin and punched him in the face and gave him a nasty black eye.

Mary: Try saying Dork now loser.

BURN!

Because of that Kevin couldn't talk anymore. He was thrown off the football team, flunked english and was put on Academic Probation. Kevin's life was spiraling downhill fast. If that weren't enough Jared, Mary and Luan dug up some terrible dirt on Kevin and found out that he was bullying Jimmy and Sarah and was now made the most biggest loser in all of Peach Creek. They also revealed everything about what Eddy's brother was doing to Eddy and how he became the way he was. Everyone felt bad for Eddy and they now respected the Eds. Kevin was now made the biggest and dumbest outcast in the neighborhood.

The exercise ended and we all cheered for them.

Lincoln: That was awesome guys!

Jared: Thanks Lincoln.

Luan: It was a Simulation of Amazement! (Laughing) Get it?

Most of us laugh while the rest groaned.

Me: (Laughs) That was funny. But you sure showed Kevin a thing or two.

Jared: We sure did.

Mary: Yeah. What a pheeb. No offense Kevin.

Kevin: None taken Mary. I can't believe I was like that. Sorry for calling you Dorks guys.

Ed: No worries Kevin.

Edd: We understand.

Eddy: No hard feelings Kevin.

Kevin: Good.

Then the alarms went off.

Me: Uh oh.

## PART 2: KRAVEN'S GREATEST HUNT

We went to the living room and pull up the computer. The chief was calling.

Chief: J.D. and friends. We got word of a mysterious creature terrorizing Royal York Central Park.

Me: What kind of creature chief?

Chief: Here's an image of it.

He pulled up an image and we saw a mysterious creature silhouetted in the trees.

Me: Whoa!

Varie: What is that?

Rachel: It's a monster.

Lincoln: It could be anyone.

Linka: That could be.

Me: Chief have you been able to find this creature?

Chief: We have not. It only comes out at night.

Me: That's an interesting trait. We'll get right on it Chief and there's one person I know who can help us.

Chief: I have a feeling I know who you're going to recruit and if you can help him then you can help anyone.

Me: Thank you Chief.

The video call turned off.

Lori: Who are we gonna recruit?

Me: Sergei Kravenov.

Luna: Are you crazy dude!? He's one of the Sinister 6! He was hired by Paul to kill us!

Me: Yes. I'm well aware of that. But the reason I spared him is because I can sense that he has a spark of good inside him and I could tell that he was looking for someone. Kraven joined Paul against his will. I could sense that Paul threatened him somehow. He was looking for someone that he loves and was trying to help her.

Lori: That Paul is literally a monster.

Dawn: Yeah. He's worse than a monster. He's a total psychopath.

Laney: You said it Dawn. But why are we getting Kraven?

Me: Because I know he can help us. He helped Spiderman in the past and I know he can help us like he did before.

Venom (to Sandman): Don't you think Kraven's going to be a little ticked off when he sees you?

Stewie: Venom's right. What are you going to say to him?

Sandman: Don't worry, guys. I'll think of something in the moment.

William: Word of advice, Flint. Think harder.

Me: Well we're not wasting any time just sitting here. Varie, Rachel, Cody, Talia, Lincoln, Laney, Lucy, Redemption Squad you all come with me.

Lincoln: You got it J.D.

Me: Lets roll!

* * *

We arrived at Royal York Maximum Security Prison.

Guard: Kravenov you got some visitors.

Kraven: (Russian accent) Wonder who they are.

We arrived.

Kraven: J.D. Knudson and friends. How nice to see you.

Me: You too Comrade Sergei. We came to the prison because we need your help. I take it you heard of the mysterious creature attacking people in the night.

Kraven: Yes I have. But first.

He looks at Sandman with disdain.

Kraven: Sandman.

Sandman: Hey, Kraven! Long time no-

Kraven punches Sandman, knocking him to the ground.

Sandman (gets up): Ok. I deserve that.

Kraven: Yes. You do. Why did you do it, Flint?

Sandman: Why did I do what?

Kraven: Why did you betray me, Paul, and the rest of the Sinister Six?

Sandman (sighs): Because all I wanted was my daughter to be healthy. That's why I became a criminal in the first place. But J.D. showed me that what I was doing was wrong. And that made me realize that being a hero is what I'm really good at.

Kraven: I can understand that. But I just wished that it did not have to cost Electro, Vulture, and Hydro Man their lives. After all, they were your comrades in arms as well.

Sandman: Comrades in arms? Let's be honest here, Kraven. You, Shocker, and Rhino were my only friends in the Sinister Six. Everyone else just used me as a tool. And Paul was no better with his abusive attitude.

Me: He's right Kraven. Paul is a monster and he deserves to spend every day of his miserable life on that island all alone forever. But we're getting off topic here. The reason we came here is because we need your help in finding this creature.

Kraven: Yes I had a feeling you would come. But let me tell you what this creature is. It's my beloved Calypso, Mariah Crawford.

We gasped when we heard that name.

Spiderman: Mariah Crawford is the creature?

Me: How can that be?

Kraven: Tragedy is like strong acid. It dissolves away all but the very cold of truth.

FLASHBACK.

It shows that Kraven was down in Africa helping Mariah Crawford with the people who have been infected with a deadly plague.

Kraven: (Narrating) My beloved Mariah went to Africa to help the victims of a lethal virus. I was devastated when I found out she had contracted the disease herself. The doctors said that she could not be saved. There was only one hope: The serum that Mariah used to save my life when I was the hunter. She was still trying to perfect it. To make it safe. That was why we had it with us. I did not know if I had done the right thing. Her recovery was miraculous. She seemed completely healed. I brought her back to Royal York to recouperate. All was well at first. But then the serum had an effect on her even stranger than the one it had on me. She became a worse feral creature than I had once become.

Mariah became a terrible monster. Her hands grew claws, her hair grew longer, her teeth became fangs and her eyes became green and slit.

Past Sergei: Mariah?

Mariah pounced on Sergei with incredible strength.

Kraven: She was too strong. I couldn't hold her.

Mariah overpowered Sergei and lept out the window.

Kraven: I only knew one thing powerful enough to make me catch her. The remaining sample of serum that made me into Kraven The Hunter. I didn't want to take it but I knew it was my only hope. As Kraven I could hunt her with abilities far beyond that of an ordinary human. I only wanted to catch her before someone else did and cure her. But before I could Paul came and he threatened my life if I didn't join the Sinister 6 to hunt you all down and kill you.

FLASHBACK ENDS

Me: That's awful Sergei. I'm so sorry. Now I understand. You only wanted to be reunited with Mariah.

Kraven: Yes. You must know I would never harm my beloved Calypso.

Black Cat: Calypso?

Spiderman: His nickname for her. Calypso was a Greek Goddess who offered Odysseus the gift of life.

Me: I believe you Sergei and we're gonna do everything we can in our power to help you.

Lincoln: But how are we gonna help her?

Black Cat: I know how. Debra Whitman figured enough of this out to ask Dr. Curt Conners for help. Conners was familiar with Crawford's work. He used that knowledge to make this.

Black Cat had a vial full of a blue liquid.

Black Cat: It's a possible antidote based on a sample of Dr. Crawford's plasma which was on file at the Hardy Foundation. It probably won't be a complete cure. But it might reverse some of her transformation.

Me: That's perfect. It just might work.

I take the vial.

Me: Ready for your test to go on the path of redemption Sergei?

Kraven: I am ready J.D. But one question. Why did you spare me?

Me: Because I knew that you were looking for someone that you love. I knew that you were looking for Dr. Crawford. So I spared you because in the future I wanted to help you and now we are.

Kraven: Thank you comrade J.D.

Me: You're welcome. Lets do it.

Kraven (to Sandman): You and me fighting together like the old days, my friend.

Sandman: Just don't get any ideas about double crossing us, alright?

We head out to find the creature and we were at the zoo. We saw the creature and it went after Stewie.

The monster was about to attack when Stewie held up a steak.

Stewie: See the steak? You want it? Go get it!

Stewie threw the steak and the monster went after it.

Kraven held her and I gave her the formula and Mariah was back to her sanity.

Kraven: Calypso?

Mariah: Kraven.

Me: Glad you're back to normal Dr. Crawford.

Mariah: Yes. Thanks to you and your friends J.D.

Lincoln: We had to help out.

Spiderman: Dr. Crawford?

Mariah: Spiderman.

Me: We got word about what went down with you and we went to help you.

Mariah: Thank you J.D. I can't thank you enough.

Me: You're welcome.

Lincoln: We had to help out.

Lucy: It was no easy task but we did it.

Sergei Kravenov redeemed himself. He and Mariah decided to join the Redemption Squad. Mariah is now known as Calypso and she has the same abilities as Kraven.

THE END

Another Fanfiction Complete.

NicoChan11 gave me the idea for this one. Thanks for that man. I wanted to make this a two part chapter. I saw the episode of Ed Edd N Eddy All Eds are Off and that one was really funny and I wanted to make a twist to this one where Eddy wins the bet instead of losing it. Kevin got what he deserved for calling the Ed's dorks. The Spiderman Episode The Return of Kraven was awesome. It was a great episode.

Let me know what you all think.

See you all next time.

# A Future of Batman

Me, Varie, Rachel, Vince, Carol, Talia, Nicoln, Jared, Tara, Aqua, Sora, Kairi, Fu, Aylene, Cody, Lincoln, Laney, Lori, Lucy, Lola, Lila, Lily and The Redemption Squad were in the Simulator.

The rest were in the control room.

The exercise began and we found ourselves in Gotham City in the future.

Gotham was now an incredibly advanced city unlike anything we had ever seen before.

Venom: Wow!

Maria: Where are we?

Me: Actually this is more like when are we? This is Gotham City in the future.

Tara: This is incredible!

Aqua: I can't believe that Gotham has now become this advanced.

Vince: Me neither. I wonder what year it is.

Lincoln: This is so cool! I think I remember this Gotham from my favorite show Batman Beyond.

Laney: Really? What year does it take place?

Lincoln: It takes place in the year 2039.

Varie: 2039!? That's incredible!

Me: It sure is. That's 21 years from our time.

Lila: I had no idea that Gotham would become this advanced in the future.

Sora: Well nobody knows what the future has in store and this all could happen in our time 21 years later.

Aqua: That's true Sora.

Kairi: This is all just hard to imagine.

Aylene: Yeah.

Me: Lets check this place out.

We walked around the Advanced Gotham Megametropolis and saw a huge number of changes that were done to the city. The buildings were much taller than anything we were familiar with. There were hovercars floating on the streets and flying by the buildings. The technology of the future was much more advanced than what we know and more. But Gotham was still the same crime filled city that we all know.

Me: This is all incredible. I can't believe that Gotham will become like this in 21 years.

Varie: It may or may not. Like Sora said nobody knows what the future will bring.

Me: That's right.

Then a man dressed like the Joker came out and he had a pie in his hand.

Joker: Your money or a pie.

Me: How about neither?

I fired a shockwave blast and blew him into a building and knocked him out.

Aylene: That was a waste of our time.

?: I agree Aylene.

A man came out and we got a big shock. He had longer black hair, clothes like master Goku's and he had a mustache and the 3 scars on the left cheek were unmistakeable. He was now 6'5".

We all gasped.

Me: (Gasp) You… You're me!

Older Me: That's right. J.D. Knudson of the year 2039. Welcome to the future my young self.

Me: This is awesome! I didn't know that I would look so cool!

Older Me: I get that all the time. I'm sure you must have a lot of questions for me.

Me: That's right. But you can't reveal them because of everything that went down here and we're from the past and it could alter the future.

Older Me: Bingo.

Lori: I never knew that you would be so handsome in the future J.D.

Me: Yeah.

Older Me: That's true. I'm glad you're all here. We need your help. Batman is on the case of a huge operation where a man has been making Steroid Patches made with Venom.

Venom: That stuff is poison and it will kill you.

Older Me: That's right Venom and it will. But it takes years. Varie is helping me on the case right now. She's over at a special center where our old musclular friend Bane is at. I'll explain on the way. Lets go.

We flew to a special house. We go in and iin a room we saw Future Varie. She had longer teal hair, clothes similar to Videl's from Dragonball Super and an Omnitrix on her left arm.

Future Varie: Hey guys.

Older me: Hey honey.

Varie: Wow! I never knew that I would turn out to be this beautiful.

Future Varie: It's true.

Me: So you guys officially tied the knot in 2025 as we had planned.

Older Me: That's right.

Lola: That is so amazing!

Laney: It sure is.

Older Me: Our friends here came from the past to help us.

Me: What happened to Bruce Wayne? Isn't he helping you?

Older Me: No. In the year 2019 in our time Bruce retired from being Batman. There's now a new Batman in Gotham. His name is Terry McGinnis.

Me: Wow.

We found out that Terry was hired by Bruce to be the new Batman after his father Warren McGinnis was murdered by the gang called The Jokerz.

Me: That's horrible.

William: I can't believe that Terry's father was murdered in cold blood.

Me: Those animals!

Older Me: You'll get no argument from me.

We looked at Bane and my suspicions from before were confirmed 21 years later. His muscles were completely destroyed and he was hooked to an oxygen respirator and he was now a wheelchair-bound invalid.

Me: Jeez. Looks like Lisa was right. He will become wheelchair-bound in 20 to 30 years.

Future Varie: Yeah. He was on Venom for a really long time and he needs the drug in its entirety just to stay alive.

Killer Frost: That's terrible.

Elena: It sure is.

Riku: I can't believe that Bane has a potent drug like that.

Kraven: (Russian Accent) And in the end it destroyed him and made him into this.

Lincoln: Yeah that's awful.

Mariah: Maybe we can use this drug and remove the addictive effects.

Batman 2039: (Offscreen) That's not a bad idea.

We saw the new Batman.

Me: You must be Terry McGinnis AKA The new Batman.

Batman 2039: That's right.

Older Me: They're all right Terry. They are ourselves from the year 2018.

Batman 2039: That's 21 years ago. How is that possible?

Me: It's a long story Terry.

Mariah took a sample of the Venom Drug and put it in a test tube.

Lincoln: I think I know who is behind the selling of the Venom Patches.

Me: Who is it Lincoln?

Lincoln: His name is Jackson Chappell, Bane's assistant.

Older Me: I have a feeling you're right Lincoln.

Me: What do these Venom Patches look like?

Batman 2039: I have them right here.

Batman handed me a package of them and they had a similar characteristic.

Me: These look more like Nicotine and Fentanyl Patches. Like the ones we use for medicine.

Batman 2039: That's right. But they are loaded with poison that's highly addictive.

Older Me: Well either way we have to stop him and I have a feeling I know where he's at. Lets go!

We set out for an abandoned Newspaper Factory. We then busted in and we saw Bane's assistant Jackson Chappell and he was the mastermind behind the Slappers problem.

Me: So you are the mastermind behind all this.

Chappell: That's right.

Batman 2039: How did you con the formula out of Bane?

Chappell: In the end he needed Venom just to keep going. It got so bad that he couldn't even make it himself. He had to trust someone.

Older Me: Well we found out about it.

Batman 2039: And now you're cashing in by selling poison to kids?

Chappell: That's right.

He took off his shirt and put some Slapper patches on himself and he buffed up big.

Me: Whoa!

Older Me: Lets dance.

Me and my future self went Super Angel. But my future self was stronger and more powerful than ever.

Me: Wow! Your energy levels are incredible!

Older Me: The benefits of training.

Me: Lets get him!

Lincoln, Laney, both Varie's, Carol and Vince went Super Angel and we all went at him and he was putting up a really good fight. He was a very strong and formidable adversary.

I punch him in the face and knock him into a tray full of slappers and they made him bigger than ever as he screamed in pain. He was in a lot of pain.

He got up and he was now a muscle-bound behemoth!

Venom was put into a headlock.

Chappell (holds Venom in a headlock): ISN'T THE FUTURE FUN?!

Venom (punches Chappel in the face): Not if you're in it!

I kick him in the face and Future Me fired a blast of energy and burned his eyes.

Chappell: I'LL KILL YOU!

Me: Not if I kill you first!

I fired an energy blast and vaporized him into nothing.

Nicole: Good riddence to him. Now to make sure he never terrorizes the High School Population. (Chants an Incantation) Aldruon Enlenthranel Vosolen Lirus-nor!

His spirit went into the Book of Vile Darkness.

We went to the McGinnis apartment and talked to his mother Mary and he was found clean from the Toxicology reports. Terry fell asleep after a long day and three students from his school were arrested for drug possession and cheating. The coach was placed on Suspension without pay.

I placed the 2039 Gotham in Royal York and it was a replica of the city in our dimension. It was so cool to meet our future selves. The Redemption Squad was really doing different things in the future. The list is too long.

We had a lot of work to do in this future version of Gotham Royal York.

THE END

---

NicoChan11 gave me the idea for a Batman Beyond Chapter. Thanks for that man. Batman Beyond was a great show. It took place 21 years from now and it was awesome! But like I always say, No one knows what the future has in store for us. This is my 407th chapter. Let me know what you all think.

See you all next time.

# A Dangerous Royal Flush

It starts with us in the Living Room. Me, Terry and Lincoln were playing card games.

Me: So Terry what were the Redemption Squad doing now in Neo Gotham?

Terry: Well they retired and decided to move on with their lives. They settled down and started families of their own. William and Maria have 2 daughters and 3 sons.

Me: I'm so happy for them.

Lincoln: Me too. So J.D. what's the most powerful hand in Poker?

Me: That would be The Royal Flush of Spades. It's a King, Queen, Jack, 10 and Ace of the Suit of Spades.

Lincoln: That sounds like a powerful hand.

Terry: It is. It's also the name of one of my most toughest adversaries: The Royal Flush Gang.

Me: They sound very dangerous. What were they known for?

Terry: They were the most notorious family in all of Gotham Royal York. This is gonna take some getting used to.

Me: I know but take your time man.

Terry: Yeah. My friend in High School Melanie Walker is one of them. She's 10.

Me: Wow that's rough. What does the Walker Family look like?

Terry: I don't have a picture of them but I do know what they look like with their costumes on.

Terry pulled out a photo of them as the Royal Flush Gang.

Me: These guys look like they're no pushover.

Lincoln: No they aren't.

Terry: They are really dangerous and ruthless.

Me: Wow. Which one's 10?

Terry: She's the one with the body suit with no hair. (Points to her) That's her.

Me: Wow. She looks like someone that will take no backtalk.

Lincoln: Yeah. And she's Melanie Walker?

Terry: Yeah. She's a great friend and she helped me a few times in the past. She doesn't like her family because of their criminal ways. The only one she has sympathy for is her brother Jack.

Me: I can believe it and from the way you talk about her it's like she's on the road to redemption. Who's the big faceless guy?

Terry: That's Ace and he's a robot.

Me: Whoa!

Lincoln: That's intense.

Me: Yeah.

Then the alarms sounded. We go to the computer and found out that The Royal Flush Gang was up to their old tricks.

Me: So the Royal Flush Gang is up to their old tricks again.

Lincoln: Yep. Where are they heading?

Me: Lets see.

I look it up and they were heading to the Museum.

Me: They're heading to the museum. Probably to steal something I'll bet.

Terry: That's where Dana is!

Lori: We got to get to them!

Me: Who's Dana?

Terry: Her name is Dana Tan. She's my girlfriend and is the most beautiful girl in the world.

Me: She must be. All right Vince, Varie, Cody, Carol, Lori, Lincoln, Paige, Laney, Lily, Yuko, Robin, Starfire, Cyborg, Tara, Raven, Volcana, Redemption Squad, you all come with me. Terry you better suit up.

Terry: You got it.

Me: Lets roll!

---

We set out into the city and were in awe about it. The City was a futuristic marvel that we encountered from 2039.

Me: It's hard to imagine that Gotham became so advanced like this.

Varie: Yeah. It's breathtaking.

Me: Yeah.

Lori: Terry how long have you and Dana known eachother?

Batman 2039: We've been dating since I started Hamilton Hill High School. We've been very close since then despite my checkered background.

Laney: That's amazing Terry.

Lily: Yeah. We Loud's have a very strong habit of picking up on when love comes around.

Batman 2039: That's what J.D.'s future self told me.

Me: I believe it.

Vince: Me too. Does Dana know that you're Batman?

Batman 2039: Yes she does. And she accepts it.

Me: Well that's a relief.

We got to the museum and we saw through the skylight that Dana was fighting Jack and surprisingly she was fairing really well against him.

Me: Wow. Dana can fight well.

Batman 2039: Yes. Ever since she found out I'm Batman she wanted to help and fight with me. She's been training really hard to help me.

Varie: That is sheer determination right there.

Me: It sure is.

We burst in through the skylight and land on the floor ready to fight.

Me: Surprise!

Queen: (British Accent) J.D. Knudson and friends.

King: We were expecting you. But why do you look younger?

Me: That's something you wouldn't believe.

Varie: You guys are history.

Me: Split em up and take them down!

The battle was gonna take place on five different planets.

---

Battle 1: J.D., Vince, Batman, Lori, Robin, Tara, Arpeggio, William, Rubberband Man, and Stewie vs King

Me, Vince, Batman, Lori, Robin, Tara, Arpeggio, William, Rubberband Man and Stewie were fighting King on the storm planet

Crimsora.

Planet Crimsora is a Storm Planet located in the galaxy NGC 2276 105 million light-years away from Earth. The oceans are completely covered by blood red storm clouds and the only known land is an island in the middle of the eye of a massive hurricane that never dies.

Me: Lets dance Your Majesty!

I unsheathe my sword and we clashed. He was a skilled swordmaster and sparks were flying everywhere and setting some of the island on fire and it was a fierce fight.

Lori unsheathed her sword and she clashed with King and she blew him into a tree and he got up and Stewie fired his volcano blaster and lava burned his arm. He screamed in pain and Arpeggio went at King at a blinding speed and pecked his head and kicked him in the face and knocked out some of his teeth. Tara lifted a bunch of rocks and threw them at him and he was getting pelted bad. Rubberband Man formed his hands into anvils and pounded King into putty. Robin bashed him with his staff and kicked him in the face. Batman entangled him in ropes.

Lori: You literally give all loving fathers everywhere a really bad name!

Vince and Lori punched him in the face and knocked him out.

Me: Great job guys.

Vince: Thanks partner.

Me: You all did really well.

Then we heard some crying and we saw a mermaid with wings sitting on a rock by the ocean and she was looking out at the ocean in extreme sadness.

Me: Oh man.

We went over and I decided to talk to her.

Me: Are you all right?

She gasped when she saw me.

Me: It's all right. We mean you no harm. I just want to talk.

?: Who are you?

Me: My name is J.D. Knudson of the Planet Earth. I can sense that you are in pain.

Hiyana: I'm Hiyana the last of the mermaids here on Crimsora.

Me: It's a pleasure to meet you Hiyana. What happened that made you the last?

Hiyana: They were all killed because of a virus that killed all of them in a matter of days. I got these angel wings and escaped after it broke out. I found out that all of my people are all dead. I'm now the last of my kind! (Crying hard)

I go onto the rock and comfort her.

Me: Hiyana I'm so sorry that happened to you.

Vince: That's absolutely horrible.

Lori: Poor girl. She literally went through a nightmare.

Tara: No kidding.

Tara walked up to her.

Tara: Hiyana I know just how you feel. Like you I too am the last of my people. My name is Tara Markov.

Hiyana: (Sniffles) Pleasure. You know how I feel?

Tara: I sure do. I am the princess of the country of Markovia and my father was an evil tyrannical king that wanted to rule over the rule with an iron fist. But the United States on Earth wouldn't allow that. So as a last resort my mother the Queen of Markovia got me away when they heard that the United States was gonna blow up my home. They blew it up with a nuclear bomb and I was blown into a mountain by the shockwave from the explosion and buried under some rocks. I got Geokinetic Powers as a result and I became the superheroine Terra.

Hiyana: Tara that's horrible.

Tara: Yeah. I may be the last of my people but I will always hold them all very close to my heart. I can never forgive my father for what he was trying to accomplish.

Hiyana: I understand. Thank you all for helping me. I can't stay here anymore.

Me: You're always welcome to come with us to planet Earth.

Hiyana: Really?

Me: Sure.

Vince: We can help you recover after everything that happened here to you.

Hiyana: Thank you. Thank you all!

Me: One sec.

I use my water powers and give her a floating blob of water to help her.

Me: Lets go home.

We go back to Earth with Hiyana in tow.

---

Battle 2: Lincoln, Paige, Dana, Cyborg, Venom, and Sandman vs Ten

Lincoln, Paige, Dana, Cyborg, Venom and Sandman were fighting Ten on the planet of cheese - Limberga.

Planet Limberga is a stinky cheese planet located in the Sunflower

Galaxy. Its landscape is made entirely out of Limberger Cheese, one of the stinkiest cheeses in the world and it smells like rotten socks and sweaty underwear. It's one of the stinkiest planets in the Universe.

Lincoln: Ugh! What is that rancid smell!?

Paige looked at the landscape and picked up a rock and smelled it.

Paige: It's Limberger Cheese!

Cyborg: That is nasty stuff!

Dana: You said it but what's it doing… (Sees the landscape and she was shocked) I don't believe it! It's a world of Limberger Cheese! This has to be one of the most strangest things I've ever seen!

Lincoln: We've been to lots of different planets Dana. And this is beyond a shadow of a doubt one of the strangest planets we've ever seen and been to.

Cyborg: This is so unusual.

Venom: Yeah. We never saw a world like this.

Sandman: No kidding.

Lincoln: Melanie we know it's you. Why are you working for the Royal Flush Gang?

Melanie: I have no choice. My father and mother are very controlling and they will make sure that I stay loyal, no exceptions.

Paige: Why didn't you just say that enough was enough?

Melanie: I tried but dad gave me an ultimatum. It was the family or your life.

Venom: Those monsters! They have no right to do that to you!

Melanie: I agree.

Lincoln: Me too. You need to stand up for yourself and not go down this path anymore!

Paige: That's right Melanie. You need to show your family that you are a grown girl and you make your own decisions.

Melanie: You're right Paige! No more Father! I'm done with this life of crime!

She saw that Sandman was gone.

Melanie (tries to find Sandman in in the cheese): Where is he?

Unknown to her, Sandman is disguised as the sand she steps in.

Sandman (grabs her by the feet): Why don't you look down? (throws her to where Venom and Cyborg are)

Cyborg and Venom caught her.

Lincoln: That was a good one.

Paige: Very clever.

Dana: Melanie I know that you were lead down the wrong path because of your family. But it's your life now and you can do what you want with it. It's your choice not theirs.

Melanie: Thanks Dana.

Dana: You're welcome.

Then a dragon made entirely out of blue fire appeared and went at Dana. She was enveloped in a tornado of blue fire.

Melanie: What's happening?

Lincoln: It's how most of us got our powers Melanie. We were given powers because of the blessings of Mythological Deites from around the world.

Paige: It's true. It happened to me and my sister Becky.

Melanie: That's amazing!

Cyborg: It sure is.

The blue fire tornado died down and Dana now had blue Angel Wings and she had a blue dragon symbol emblazened in the middle of her forehead.

Dana: What happened? I feel very strange.

Lincoln: You got powers now Dana. It's how we got our powers.

Dana: (Gasp)

Dana held out her hand and fired a blast of blue fire and it melted some of the cheese on the planet.

Dana: This… This is incredible! I have powers now!

Melanie: And you have awesome angel wings!

Dana saw the wings and she gasped.

Dana: I do have wings!

Lincoln: You were given powers like us Dana.

Paige: We got our powers because of the blessings of Mythological Deities from around the world.

Venom: It's true Dana.

Cyborg: That's right.

Dana: What am I gonna tell Terry?

Lincoln: He knows how we got our powers and I'm sure he would understand.

Paige: I agree.

Dana: Lets go home.

They went back to Earth.

Battle 3: Carol, Lily, Laney, Beast Boy, Riku, and Lea vs Jack

Carol, Lily, Laney, Beast Boy, Riku and Lea were facing Jack. The planet they were on was a prehistoric planet called Icaronyctera.

Planet Icaronyctera is a Prehistoric Forest Planet located in the Pinwheel Galaxy. It's a planet located in a 3 Sun Star System and it's part of a planetary system where humans and prehistoric creatures work together. Icaronyctera is named after Icaronycteris, the First Bat. It lived during the Eocene Epoch 53 million years ago in North America. The Planet Icaronyctera is always in perpetual night. But the light from the planets 3 Suns reflects off the planets 4 moons that orbit the planet and keep it warm.

Carol: This is an amazing planet.

Lily: Yeah!

They saw the bats flying around them.

Laney: Lucy would love this planet.

Beast Boy: She sure would.

Laney talked to them and a bat flew behind Jack and bit him in the neck.

Jack: Ow!

Almost immediately he got sick and he was clutching his chest in extreme pain and he was having problems breathing like he was having a heart attack.

Carol: Whoa! What's wrong with him!?

Riku: It looks like he's having a heart attack!

Laney: He's dying.

Jack: (Gasping) (British Accent) What's happening to me!?

He then died in an instant.

They went over to him and Laney used her arm computer and analyzed him.

Laney: He died of a lethal supervirus that destroys the heart. I guess Eocene Bats have this deadly trait. It's in their saliva.

Beast Boy: Whoa! That is lethal.

Lea: No kidding but he got what was coming to him.

Lily: He sure did.

Carol: Well we can't let this virus spread on Earth. From the looks of things it's highly contagious. So lets burn the body.

Carol fired a blast of fire and incinerated the body of Jack. He was reduced to ashes in an instant.

Lily: Why do they have to burn the body?

Laney: It's to make sure that it can't spread through the ground or the air.

Beast Boy: Good thinking.

Carol: Lets go home.

---

Battle 4: Yuko, Starfire, Maria, and Killer Frost vs Ace

Yuko, Starfire, Maria, and Killer Frost were facing Ace. The planet they were on was a gas giant planet called Nihistra.

Planet Nihistra is a Gas Giant Planet located in the radio galaxy Centaurus A. The planet is 50 Million Kilometers or 31,068,559 miles in diamterand is one of the largest known planets in the universe. The planet is a constantly raging giant storm planet that has incredibly fast super winds and it blows sparks and fire and 40,000 lightning strikes illuminate the sky and strike all over the clouds every quarter of a second. Making Planet Nihistra one of the most violently electrically charged planets in the universe.

They were standing in the clouds above the violent winds.

Yuko: Wow! Look at this planet!

The clouds were flashing violently with lightning and flames blew everywhere.

Starfire: This planet is really scary.

Maria: It sure is.

Killer Frost: Unbelievable!

Yuko: Lets get it on Ace!

They went at Ace and Yuko punched him in the head and Starfire threw a bunch of starbolts at him and he exploded into a thousand pieces. He was really a robot.

Maria: He's a robot!

Killer Frost: Well I'll be.

Yuko: He wasn't even real.

Starfire: How strange.

Ace was dead.

---

Battle 5: Cody, Varie, Volcana, Raven, Elena, and Xion vs Queen

Cody, Varie, Volcana, Raven, Elena and Xion were facing Queen. They were on a planet called Tye-Dyeia.

Planet Tye-Dyeia is a groovy planet located in the Radio Galaxy M87. This planet is home to everything from the Woodstock 1969 era but on a vastly larger scale. The trees, bushes, and shrubs grow tye-dye shirts and pants and the geysers and volcanoes are lava lamps. The sky is a giant rainbow and the clouds are peace symbols. The people have flowers in their hair and play funky music. Pretty Groovy and Psychedelic world huh?

Cody: Wow! This world is like a giant version of the Woodstock 1969 era.

Volcana: It sure does look that way.

Elena: This is breathtaking.

Xion: Yeah.

Queen: Lets fight.

Cody: You got it.

Volcana kicked Queen in the face and fired a blast of fire at her and it burned her leg. Cody fired a blast of dark fire and burned her arm. She got up and fired a blast of energy from her staff and Raven fired a blast of darkness and overpowered it and Xion and Elena fired a blast of lightning and electrocuted her. She was numb and Varie kicked her in the face and knocked her out.

Cody: That was easy.

He saw a bush that grew purple tye-dye t-shirts and sweaters.

Cody: Be right back.

He got some clothes for Ronnie Anne.

Volcana: I have a feeling that you're gonna give Ronnie Anne those clothes.

Cody: I sure am. Purple is her favorite color.

Raven: She'll love it.

Xion: That's really sweet of you.

---

Later we regrouped and Melanie took off her 10 mask.

Melanie: I'm through with this Father! I never wanted to become a criminal and you made me one by force!

Queen: How dare you betray us Melanie!? After everything we did for you! We gave you everything you needed!

Melanie: You gave me nothing!

Me: You brought all this on yourselves.

The police came and took the Walker's away and they were sent to prison for the rest of their lives.

Carol: I'm sorry about your brother Jack, Melanie.

Melanie: It's all right Carol. As far as I know my brother died long ago.

Batman 2039: Yeah. But Dana how did you get fire powers and wings?

Dana: A Dragon gave them to me. I got blue fire powers because of it.

Me: Let me see here.

I pull out my legends book and made a rather interesting discovery.

Me: Here it is. Whoa! Dana you have no idea how lucky you are. You got fire powers because of the Blue Fire Dragon of Agneya - The Daughter of Agni the Hindu God of Fire. Only those that are pure of heart can get her powers. She sends a dragon made of pure blue fire to a worthy bearer and they get fire powers, winged flight, super strength, speed and agility and the ability to create creatures of pure fire.

Dana: That's incredible!

Carol: This is an amazing gift for you Dana. But you have to remember that with Great Power comes a Great Responsibility.

Dana: That's a powerful saying. I have a lot to learn now that I have powers like you do.

Me: We can teach you Dana.

Dana: You can?

Varie: We sure can. We would gladly help you.

Dana: Thank you guys.

Me: You're welcome.

We went back home and got ready for dinner. King and Queen Walker were found guilty of their crimes. Because they were repeat offenders they were sentenced to Life in Prison Without Parole. They were serving their sentence in the Moon Prison. They were ordered to pay Melanie $550,000,000.00 in restitution. The Cooper Gang stole all their money and the Walker Family lost everything.

Melanie officially severed her ties to her family and lives in the Estate from now on.

Hiyana now calls Earth her home and she now lives in the lake we have in our backyard.

THE END

---

Another Fanfiction Complete.

NicoChan11 gave me the ideas for this one. Thanks for that man as usual. I remember the Royal Flush Gang from Batman Beyond and they were the strangest family of villains I remember. They had everything the world could ever give them and they threw it all away when they went into a life of crime. I got the ideas for the planets in my books I wrote at home and figured to avoid causing damage to the city it would be wise to fight on the planets. Let me know what you all think.

See you all next time.

# More Humiliation

It starts at the estate. I was in the gym with Lynn and Anna and we were playing basketball.

Me: Here I come.

I dribble the ball down the arena and got past Lynn and Anna and jump and do a Slam Dunk.

Me: YEAH!

Laney blew the whistle.

Laney: J.D. wins!

Me: Whoo-hoo!

Lincoln: That was awesome J.D.!

Me: Thanks guys.

Duncan: You sure know how to play basketball J.D.

Me: I've been playing it since I was in Kindergarten.

My watch beeped.

Me: Time for another humiliation guys.

Lincoln: Lets go kick the Griffin's butts.

Me: Lets do it. Want to join us Duncan?

Duncan: You know it J.D.

Owen: Count us in too Jay.

Me: Okay.

We set out for the heart of the city.

In the heart of the city they were ready for another fantastic humiliation.

Me: Lets get it on.

Peter: Holy (censored)! It's Sinestro, Green Lantern's enemy!

Sinestro (chuckles): I see my reputation precedes me.

Lois: What the (censored) are you doing here?

Sinestro: Why, I'm here to torture you two.

Peter: You've just been waiting for this, haven't you? You're still the same (censored) who betrayed the Green Lantern Corps!

Sinestro: On the contrary, I've changed a great bit. And one of those changes is that it sickens me to hear parents abusing their own daughter.

Lois: Meg was our daughter. She deserved everything that we did to her!

Sinestro: No, she didn't! All she ever did was be a good daughter to you two. And you spat in her face!

Peter: You did things more horrible then we've ever done! You don't get to lecture us!

Sinestro (pins Lois and Peter to the ground with his ring): You're right. I did do horrible things. And I won't deny it. But I was under the influence of my own inner darkness. You two don't have that kind of excuse. (to the heroes) Is it ok if I reveal some info that might be important?

Owen: Go ahead, dude!

Me: By all means my friend.

Sinestro: Thank you. (to Lois and Peter) Before I betrayed the Green

Lanterns, I had a daughter named Soranik Natu. I loved her very much. But she and I had a falling out when I became evil. Now that I'm free of my darkness, I plan to reconcile with her. And so it's not just for your daughter that I do this, but for my own as well. (forms a bag of nickels with his ring and hurls at Peter's crotch)

Me: Nice one Sinestro!

Owen: That was awesome!

Lynn: I got something!

Me: Go for it.

Lynn: Owen you want to help me with this?

Owen: Oh yeah L.J.

Lynn pulled out a blanket and they walked up to Peter.

Lynn: Hey Peter what's more fun than a Canadian Microwave?

Peter: I don't know. What?

Lynn: A Dutch Oven!

She covered Peter with the Blanket and she and Owen farted explosively and the blanket inflated and Peter was screaming in distress.

The blanket inflated from the massive fart.

They pulled the blanket off and Peter hurled his guts out. We were rolling on the ground and laughing our heads off.

Lynn: Yeah! That was awesome!

Owen: You said it Lynn! (They high five)

Lincoln: At least I wasn't on the receiving end of that one.

Meg: Lets hope that Peter likes it better than I did.

Brian: That was funny.

Rikki: I got something. Maria can you help me with this?

Maria: Sure Rikki.

Maria fired a blast of water and formed a block of water and got Lois and Peter's feet.

Rikki: Watch this.

Rikki held her hand out and the water was scalding hot.

Lois and Peter were screaming in excruciating pain.

Me: Oh! That's gonna hurt!

Rikki: To be honest, I almost killed a man with my boiling powers.

Maria: Really?

Emma: It's true. Me and Cleo saw it with our own eyes.

Me: That's wicked!

Lucy: It sure is J.D.

?: I want a crack at Griffin.

We saw Ernie the Giant Chicken.

Peter: You!

Me: Hello Ernie.

Ernie: Hey J.D. Thanks for blowing up Quahog and ridding the world of a dysfunctional city. Me and my family moved away from Quahog before it was being destroyed. Also great job humiliating the Griffin's.

Me: Thanks Ernie. The Griffin's deserve every second of their worthless lives being humiliated like this.

Ernie: I couldn't have said it better myself. Can you hold my groceries for me while I work my magic?

Me: Certainly.

He gave me the bags and walked up to Peter.

Ernie: Well, well, well. Look who's on the opposite end of the whooping stick. My old enemy Peter Griffin.

Peter: You're looking good Ernie. Have a great egg-laying contest and win?

Ernie: Funny you should ask. I'm a rooster and I don't lay eggs. Lets see how you like being beaten for once.

Ernie pecked Peter and beat him bad with a baseball bat wrapped in barbed wire.

Ernie: That felt really good.

Ernie walked back and I handed him his groceries.

Ernie: Thanks man. That was awesome.

Me: You're welcome Ernie. You're more than welcome to join us every week for this.

Ernie: Thanks man. I'm always looking forward to it.

Ernie left.

Duncan: That was awesome! I got something. I want to show you all what I learned in Juvie.

Lincoln: Go for it Duncan.

Duncan walked up to Peter and dealt him a bunch of haymakers, uppercuts, roundhouse kicks and powerful martial arts moves.

Stewie: Whoa! What a fighter!

Brian: He sure is Stewie.

Peter was badly beaten.

Duncan: That was awesome!

Stewie: I got something.

Stewie pulled out a diving suit helmet with an air tube attached.

Stewie put the helmet on Peter and he farted in the air hose and Peter screamed as he was trying to get it off and he threw up inside it 5 times.

We were laughing ourselves silly.

Me: (Laughs) That was so funny!

Luan: It sure was. That's a tootin' pootin' Gas of fun! (Laughs) Get it?

We all laugh at that.

Eddy: (Laughs) That was funny!

Vambre: (Laughs) That was really humorous.

Me: It sure was. I got something.

I fly up into the air and pull out an old grand piano and drop it. It landed on Peter and flattened him.

CRASH!

Varie: Oooh! That's gonna hurt!

Peter emerged from the piano with piano key teeth and he had cartoon birds chirping and stars were spinning around his head.

Peter: (Slurred) Next time you get a fortune cookie, don't open it.

I pull the piano off and he was going up and down like an accordion.

Me: (Pings a tuning fork) My favorite tone: B Flat. (Rimshot)

We all laugh at my joke.

Brian: Hey I got something. Lily you want to help me with this?

Lily: Sure Brian.

Brian gave Lily a bottle of Ipecac.

Lily: Ipecac?

Brian: It's a syrup that causes you to throw up.

Lily: Oh I see what you're gonna do. I saw this on the internet at one time.

Brian: Yep.

Brian and Lily made Lois and Peter chug the whole bottle of Ipecac. 1 minute later they were hurling their guts out all over the place.

Me: Oh that's too funny!

Aylene: I've read about this and that's not only disgusting but fitting for them.

Laney: You said it Aylene. They deserve it.

Lola: You said it Laney.

Lana: Cool!

?: I want to do something.

We turned and we saw famous womens boxing champion Deirdre Jackson.

Me: Oh my gosh. That's Deirdre Jackson!

Varie: Who is she?

Me: She's the deadliest fighter in all of womens boxing. Shes killed 3 people in the ring. Her fists are a lethal force of nature and she lost to Lois Griffin a while back.

Deirdre: That's right J.D. Pleasure to meet you.

Me: You too Deirdre. I take it you're here for some revenge on Lois.

Deirdre: You know it.

Me: Well then unleash your fury.

Deirdre: With pleasure. By the way thanks for destroying Quahog. I hated that dump.

Me: You're welcome.

She walked up to Lois and pulverized Lois into Oblivion and ruthlessly destroyed her.

We were wincing from it.

Deirdre was done and Lois looked like she lost a fight to a crazed superhero.

Me: Wow! I had no idea she was that strong.

Brian: Deirdre is a force to be reckoned with.

Stewie: She sure is.

Deirdre: That felt really good.

Stewie: I got something for the Fat Man. J.D. say that "Peter owes me money and won't pay me".

Me: Oh I see what you're gonna do Stewie. Peter owes you money and he's not paying you.

Stewie went over to Peter and savagely beat Peter up like he did Brian a while back.

Stewie: Where's my money! You gonna give me my money!?

He pulled out a gun and shot Peter in the leg and fired a flamethrower at him and burned him bad and more. He was done and he walked back.

Me: Boy, Stewie that was rough.

Mike: I got something. But I can't fly.

Dana: I can help you Mike. What are you gonna do?

Mike: I'm gonna drop a huge safe on Lois.

Me: Ooh! That's always a funny gag. Where is it?

Mike: Over there. (Points to the safe and it was a huge one)

Me: Jeez! That thing looks like it weighs 1,000 pounds!

Mike: It does weigh that much and I can't lift it.

Me: Okay.

Dana and Me lifted up the safe and flew it over Lois at 100 feet into the air above her. Mike was guiding us.

Mike: Little to the right!

We moved over a bit.

Mike: Perfect! Hold it there! When I say now let her go!

Me: Right.

Mike: Ready? NOW!

We drop the safe and it crashed onto Lois.

CRASH!

We land and Mike turned the combination lock and opened the safe door. Lois was sticking through the bottom of the safe and she had a huge lump on her head and she had birds and swirls spiraling around her head.

We were laughing silly.

Luan: (Laughs) That's a Safe Endeavour! (Laughs) Get it?

We laugh some more.

Me: That was a good one Luan.

Sammy: I got something.

She pulled out a bottle of Super Fart Juice.

Lisa: My Concentrated Flatulence Elixir. Good choice Sammy.

Sammy: Thanks Lisa. Want to help me with this Lola?

Lola: Oh you know it Sammy.

They walked up to Peter and Sammy made him drink the whole bottle.

Peter's stomach started grumbling loudly.

Peter: Uh oh!

Peter let out a huge fart and Lola lit it on fire and it exploded and Peter's lower body was completely blown apart.

Me: Oh that is so disgusting!

Laney healed him and put him back together.

Me: I got something for Shawn.

Me and Carol put make up on Lois and Peter and made them look like Zombies. Shawn had a blindfold on and I gave him a paintball blaster.

Shawn: So what do you have for me?

Me: You'll love it buddy.

I take off the blindfold and Shawn saw Peter and Lois as Zombies and he screamed!

Shawn: (Screams) ZOMBIES!

He fired paintballs at their heads and drenched them in red paint.

Me: Shawn! Calm down. They're not zombies. They have make up on them that makes them look like Zombies. We figured it would be perfect for your training as a future Zombie Apocalypse Survivor.

Shawn: Oh. Thanks J.D. That was awesome though.

Me: You're welcome.

Courtney: I got something.

Courtney left and she was guiding a huge tower crane. She had it stop and it lowered down a rope. Courtney took the rope and tied it around both Peter and Lois' underwear.

Me: Now I see what she's gonna do. She's gonna give them the ultimate wedgie: The Tower Crane Flagpole Wedgie of Doom!

Lincoln: What's that?

Me: It's the most painful and most gut-churning and most vile kind of wedgie in the world and even the most meanest of bullies fear it terribly. Which is why they never use it. It's so widely feared that it would kill the victim.

Courtney: Let em have it!

The crane pulled their underwear and lifted them and Lois and Peter screamed in excruciating agony as the scene transits to the distant view of the galaxy as their screams could be heard all the way throughout all of space.

Back on Earth the crane let them go and their underwear was stretched long.

We laughed at them silly but somehow they survived.

Lightning: Lightning got something.

Lightning ran at them and tackled Peter really hard!

Lightning: That was for making fun of Sports!

I pull out Pokeballs and called out Croagunk and Electivire. Croagunk poison jabbed Peter in the crotch and he screamed in pain.

Me: That was awesome Croagunk. Electivire thunderbolt Lois.

Electivire: (Right!)

Electivire sent a massive blast of lightning at Lois and it electrocuted her bad. When it was done Lois had a really bad hair style.

Lois: (Screams) My hair!

Me: It's an improvement if you ask me.

Electivire: (J.D. you are a much better trainer than Paul ever was)

Me: Thanks Electivire. That means a lot to me.

I call them back to their Pokeballs.

Varie: Hey guys watch this.

She pulls out a 12-gauge shotgun and loads a blank in it.

Varie: I saw this in a comedy movie with Johnny Knoxville. (To the viewers) Kids do not try this at home.

She walks up to Peter and fires a shotgun blast at his face and blows his skin off and reveals half of his skull.

Peter was screaming in pain.

We laughed at that.

Me: Oh that was really funny!

Luan had a barber razor in her hand and she snuck up behind Lois as Psycho Strings play and she shaved Lois and she screamed.

Lois: (Screams and looks behind her) What the (Censored)!?

We laughed at this some more.

Luan: That's one way to get a Bad Hair Day. (Laughs to rimshot) Get it?

We laugh at that.

Lori: Oh that was literally so funny!

Ella: I have something.

Ella sang a bunch of birds swooped in and pecked Lois all over the place.

Izzy: I got something too!

Izzy called a group of Beavers and they ripped Peter's pants apart.

Dawn (TD): I have something.

Dawn called a pack of wolves and they mauled them.

Me: That was awesome girls!

Dawn (TD): Thanks J.D.

Me: Now for the grand finale.

I pull out a big cannon and it's loaded with something. I aim it at Peter's Crotch.

Me: (Imitating Dirty Harry) Make my day.

I fired a bag of Quarters at him like a cannonball and they hit him in the crotch with devastating force.

WHAM!

Everyone: OOOOOOOHHH!

Lincoln: (Winces) That must've hurt bad!

Me: It did.

Kevin: Lets make sure that Lois never talks again.

Kevin walked up to Lois and grabbed her tongue and pulled it and tied it in a knot and then he slammed her head down and she bit it off and she screamed in pain. Lois was now tongueless.

Me: Yichihuahuas! Thats got to hurt!

Lori: At least Lois will never talk again.

Luna: You said it brah.

Leni: Totes.

Me: Now lets make them see what true fear is like.

Me, Nicole, Vince and Naruto trapped Peter and Lois in the Malevolent Insanity World and combined it with the Tsukuyomi Genjutsu and Vince's Insanity Jutsu called Nightmarish Sanity! The Three Techniques combined together were much worse than ever and they were amplified 10 Billion-fold.

Peter and Lois were screaming mad.

Me: What was that technique you used Vince?

Vince: It was called Nightmarish Sanity. What it does is it destroys the targets Sanity to beyond all forms of mental medicinal repair and to the point of zero reasoning.

Me: Whoa! That's wicked partner. Great job.

Vince: Thanks J.D.

Lois and Peter were put in strong chained straitjackets and taken back to prison.

---

Later we were having dinner and celebrating another great session of Humiliation for the Griffin's.

Me: Today was awesome!

Lincoln: It sure was.

NicoChan11 and VinJedi1995 Gave me the ideas for this. Thanks guys for the great ideas. I wanted to do some of these shenanigans for a while and they were really funny. Let me know what you all think.

See you all next time.

# Monsters Inc Fun

It starts in the early morning hours at 4:45 in the morning. I woke up from having a nightmare.

Varie: What's wrong honey?

Me: Just a bad dream. I'm gonna go get something to drink.

I got up and little did I know I stepped on a whoopie cushion and it farted.

FART!

Me: Whoa!

?: (Laughs) That got you good.

I saw my monster friend from my past Sulley in the corner.

Me: I don't believe it! Sulley it's great to see you again.

Sulley: J.D. Knudson it's been a long time!

We hugged.

Me: How have you been big guy?

Sulley: I've been doing great J.D.

Me: I wasn't expecting you to be here.

Sulley: Surprising huh?

Varie: Who is this?

Me: Oh I'm sorry Varie. This is my friend from Monstropolis James P. Sullivan. He likes to be called Sully. Sully this is one of my fiancés Varie.

Sulley: Pleasure to meet you.

Varie: Same here.

Me: How's Mike and everyone else doing?

Sulley: Everyone has been doing great J.D. After Monsters Inc. was converted from a Scare to Laughter factory, we have been a stronger business than ever.

Me: That's awesome. And they say that laughter is the best medicine.

Sulley: That's true.

Varie: How do you know Sully here J.D.?

Me: It wss back 10 years ago when I was six.

---

Me: (Narrating) **It was in the early morning hours and I had a bad dream and I saw my door to my closet open. In came my friend Mike Wazowsky. He was doing a burping act and I was laughing myself silly. It was awesome and funny. It made me better that day. But I heard screaming in the factory of Monsters Inc. and we went in and saw the factory being ruined by Mike and Sully's enemy Randall. He was a nasty monster that can go invisible. But I was too clever for him and knocked him out. Me, Mike and Sulley took him and threw him into a door that lead into a forest and banished him forever.**

FLASHBACK ENDS

Me: After that day we formed a secret alliance and no one else knows about it. But me and my friends and family.

Varie: That is so awesome!

Sulley: Yep. J.D. is a hero to Monstropolis and he saved us all from Randall's revenge.

Me: Yep.

Rolf: (Offscreen) TALK!

Me: Is that Rolf?

We go to the window and heard something coming from Rolf's shed.

Rolf: So, you think you and your partnercan sneak into God Angel J.D.'s house and scare him, green thing?

Mike: Of course not! I was just-

Kevin: (he grabs Sulley while Rolf grabs Mike) You can explain it to us back at Rolf's shed.

Nazz: This isn't going to end well.

At Rolf's Shed, we see the outside as we hear Rolf's voice.

Rolf: Talk, green thing!

Mike: Never!

Rolf: [a little tired] Talk, I say!

Mike: Never!

Rolf: [weary] Talk, you son of a gun.

Mike: Never!

Rolf: [exhausted] Please… talk?

Mike: Never!

We see the inside of Rolf's shed as Mike is being dunked in oatmeal by Rolf's cow, Beatrice.

Rolf (slumped over): The green thing's endurance is to be admired.

Sulley: Sounds like Mike got himself in trouble.

Me: Yep. Rolf has a very interesting culture.

We go over.

Me: Rolf it's all right.

Mike: J.D.! Hey buddy. It's great to see ya.

Me: You too Mike.

Kevin: You know this guy J.D.?

Me: I sure do.

Sulley: He's my best friend and partner.

Me: It's all right guys. Sulley and Mike are friends I helped 10 years ago.

Kevin: Whoa!

Rolf: Really? Rolf had no idea.

Mike was let go.

Mike: Thanks.

Me: How have you been Mike?

Mike: Been great J.D.

* * *

Later we were in the factory of Monsters Inc.

Me, Varie, Ed, Lori, Ben, Laney and Lincoln were with Sulley and Mike.

Me: Wow! The factory is doing really well!

Lori: It sure is. I can't believe that you literally know everyone here.

Varie: It's a long history Lori.

Ben: This is so cool!

Lincoln: It sure is.

Laney: We had no idea that there was a world of monsters in link with our world.

Sulley: Yes it's been a huge secret from the world of humans.

Lincoln: Have there ever been any humans that came through a door and got here into the world of monsters?

Sulley: Yes Lincoln and it was one of the roughest things we've ever had. It was 12 years ago. A 2-year-old girl we call Boo came through one of our doors and we were scared at first and thought she was toxic. But it was during that incident that we realized that laughter is 10 times more powerful than Screams. Randall got fired and banished because of it and the original boss of the company Mr. Waternoose was arrested for his plans.

Me: I remember you told me that. That was really rough for all of you.

Lori: It sure sounded like it.

Laney: No kidding.

?: I was only a child when I was here doing that.

We saw a teenage girl with brownish-black hair in pigtails, brown eyes, pink shirt, black shirt and brown flip flops.

Sulley: Hey Mary!

Mary: Hello Sully.

They hugged.

Mike: Good to see you Mary.

Mary: You too Mike.

Sulley: Oh Mary these are our friends from Gotham Royal York.

Me: Pleasure to meet you. I'm J.D. Knudson.

Mary: The world famous billionaire hero!?

Me: That's right.

Mary: You are a living legend!

Me: I don't like to brag but thanks.

Varie: I'm Varie Knudson. One of J.D.'s Fiancés.

Ben: I'm Ben Tennyson.

Ed: Hello my name is Ed.

Lincoln: My name is Lincoln Loud and this is my big sister Lori and my little sister Laney.

Lori: Pleasure to meet you.

Laney: Charmed.

Mary: Pleasure to meet all of you. My name is Mary "Boo" Gibbs. Mike and Sully called me Boo when I came here.

Me: That's what I heard. I'm the second human to come here.

Mary: That's cool!

Me: It is.

Suddenly the intruder Alarm sounded and something was going on.

Me: Uh oh! I don't like the sound of that.

Varie: Me neither.

Sulley: That's the intruder alarm!

Mike: Oh no oh no!

Me: We better get ready.

Mary: I think I know who's back.

The monsters hid and the doors to the scare floor somehow opened up all by themselves.

Me: No one's there?

Lincoln: Wait!

Lincoln fired a blast of lightning and it hit an object and it was revealed to be Randall Boggs!

Randall: Ow.

Sulley: (nervously) Hey, Randall. How've you been?

Randall: (angrily) How have I been? HOW HAVE I BEEN?! I ALMOST DIED BECAUSE OF YOU TWO!

Mike: What the heck did we do?!

Randall: After I got thrown though that door, I didn't end up in some magical land with pixies. I wound up in a forest. And not just any forest. It was a forest near a hunting lodge where I was attacked by hunters every single day. The only thing keeping me alive was my wits and the thought that one day I'd find my way back to Monstropolis and make you two suffer a slow, painful, agonizing, and merciless death!

Me: Well you got what was coming to you Randall! We made sure that you got it too!

Randall: Who are you?

Me: You may not recognize me now, but I'm the one that threw you through that door 10 years ago.

Randall: What!? You're that little brat!?

Me: That's right. J.D. Knudson, world famous billionaire hero.

Randall: You sure have grown the last time I saw you. Now I can get my revenge on you for throwing me through that door.

Suddenly from out of nowhere he was hit in the head and was being pounded by an unseen force. He was knocked down and a figure revealed itself. It was Ben as ChamAlien.

ChamAlien: Hey guys. Thought you could use a hand.

Me: A Merlinisapien. Way to go Ben.

ChamAlien: Thanks J.D. Let me finish this guy.

He pressed the Omnitrix symbol and became Cannonbolt!

Ben: CANNONBOLT!

Me: An Ardurian Pelarota. I heard that their race was wiped out by a huge planet-sucking tick.

Cannonbolt: That's right.

Lincoln: That is so cool!

Laney: It sure is.

Mary: Ben's awesome when he transforms into aliens.

Me: He sure is.

Cannonbolt: Thank you but I already have a girlfriend. Now to throw this monster somewhere else.

Cannonbolt wrapped Randall into him and a door opened into the Moon Prison and Randall was thrown in. The Door was destroyed in the shredder.

Ben reverted back.

Sulley: That was amazing!

Mike: It sure was! Way to go!

Ben: Thanks guys.

The monsters cheered.

Me: Hey Ed show your Edzilla to Sully.

Ed: Okay.

Ed became Edzilla and he roared at Sully.

Sulley: That is awesome Ed!

Ed reverted back.

Ed: Thanks Sully.

Mary: You guys are everything I read about.

Me: Thanks Mary.

Mary doesn't live in Gotham Royal York unfortunately. She lives in Salem, Oregon. Randall was sentenced to Eternity in the Moon Prison. Mary is gonna be our ally in the world of Monstropolis.

NicoChan11 gave me the idea for this one. Thanks man. Monsters Inc is one of my favorite Disney Pixar Movies and it was awesome when it was made back in 2001 and it was funny and awesome. John Goodman, Billy Crystal, Jennifer Tilly, Mary Gibbs, Steve Buscemi and James Coburn did a really great job in this movie back then. Monsters University was a great movie too. Boo's real name was never revealed in the movie so I went with her real life name. Let me know what you all think.

See you all next time.

# Revenge of The Joker

It starts in the living room where me, Lincoln and Paige were playing video games. The TV then started acting all weird and the picture changed into a video call and it was from an enemy I thought we were finished with for good: THE JOKER!

Joker: J.D.! Long time no see!

Me: (Gasp) Joker! That's impossible You're dead!

Joker: I'm not. But you'll be in a few minutes!

Me: Try me you psychopathic clown! I killed you before and I can kill you again!

Joker: Good luck finding me! (Laughs Maniacally) I already took care of Brucey.

Me: You will pay for this Joker!

The call clicked off.

Lincoln: How did the Joker come back to life!?

Paige: I thought he was gone for good!

Me: I don't know but we got to find out.

We set out for Gotham General.

---

At the hospital we saw Terry with Bruce and he was in bed.

Me: What happened to him Terry?

Terry: The Joker got him with a laughing toxin. I gave Bruce the antidote and it's gonna take a while.

Me: Good thinking Terry.

Batgirl: I can't believe that Joker is back after all this time.

Batwoman: Yeah. It's awful.

Me: I know.

Lola: How did the Joker come back?

Me: That's what I would like to know.

We went to the lobby and talked to Commissioner Barbara.

Commissioner Barbara: How is he?

Me: It's gonna take a while but he'll make a recovery.

Lana: I can't believe that the Joker is back.

Lila: Yeah. I thought we've seen the last of him for good.

Varie: Me too.

Rachel: It's hard to imagine that he is back after all this time.

Commissioner Barbara: I know. I have a story to tell you. It's the truth about what happened to the Joker in the time we came from.

Me: What happened Commissioner?

*Some forty years earlier in the year 1999, after Bruce's old ward and partner, Dick Grayson, had left to establish himself in another city as Nightwing, the second Robin and Dick's successor, Tim Drake, is kidnapped by Harley Quinn and the Joker while he was out patrolling alone. After three weeks of unsuccessful searching, Joker sends Batman and Batgirl a clue that leads them to the place where Tim is being held: the original Arkham Asylum (the old building had been partially demolished and the asylum had been moved to a newer high security building). Upon their arrival, the Joker explains that he and Harley were "getting on" in years as they realize that none of them are getting younger, and it is time to think about a* *family and they can't go through the joy of childbirth or adoption. And since Batman "always had a few spare kids" tagging along, the Joker had "borrowed" one of them. He then reveals Tim, who has been brainwashed and disfigured into a miniature version of himself to make him their own son, dubbing him as "Joker Jr.", much to Batman and Batgirl's horror. Joker takes off with Batman in pursuit, while Barbara fights Harley through the ruins of Arkham. In the fight, they both end up getting blown over a cliff, with Batgirl catching onto a ledge, and with her other hand, having snagged Harley by the cuff of her sleeve. With all her might Batgirl attempts to pull Harley up so she can also grab onto the ledge, but the cuff tears from Harley's weight; she falls, screaming, and vanishes into the dark pit far below. Arriving in the asylum's old operating theater, which Joker has converted into a cinema, Batman sees "home movies" of how Joker tortured and brainwashed Tim. From his hiding place, Joker narrates the story, saying that Tim held out for a long time but finally broke down and revealed all of Batman's secrets, and delivers the final bombshell by calling Batman "Bruce", mocking the revelation of Batman's true identity by dismissing him as nothing more than a scared child in a playsuit crying out for his parents. Finding his hiding place, Batman engages Joker in a brutal fight and is ready to kill him but Joker manages to get the upper hand, disabling Bruce with a knife in his leg. As Bruce lies helpless, Joker tosses a gun to Tim, telling him to "deliver the punchline" and finish Batman. Batman softly calls Tim's name, and his young partner hesitates. After a moment of warring with himself while laughing, Tim shoots Joker fatally, Joker's last words being "That's not funny… That's not…" before he stops breathing and dies. As Barbara runs in, Tim suffers a complete nervous breakdown, drops to his knees and begins to cry. Batman limps over as Barbara gathers Tim into her arms to comfort him. Bruce and Barbara bury the Joker deep under Arkham and take Tim to Leslie Thompkins, who helps him back to sanity over the course of the next year. The only other people who know what happened are James Gordon, Barbara's father and the original Police Commissioner who helped cover the incident up for the sake of his friendship with Batman.*

Me: Barbara that's awful. I'm so sorry.

Commissioner Barbara: It's all right J.D.

Harley: I can't believe that all that happened.

Commissioner Barbara: It's all right Harleen. We never found your counterparts body but I highly doubt she would be causing trouble again.

Me: I agree. It's been 40 years since then but we're in the year 2018 and this Gotham is from 2039.

Batgirl: Sounds confusing.

Me: Yeah. What happened to Tim after he was helped?

Commissioner Barbara: Things were never really the same after that. Bruce forbade Tim to be Robin again. He blamed himself for what happened and swore he'd never endanger another young partner. Tim left us soon after that, determined to make it on his own.

Lana: Did they ever patch things up 40 years later?

Commissioner Barbara: Tim tried once or twice, but you all know Bruce. I check up on Tim now and then. He's a top level communications engineer. Married, couple kids. Not too bad, all things concerned.

Terry: He deserved a happy ending. But he still has the most likely connection to the Joker's return.

Me: You're right Terry. I have a very strong feeling that it involves Tim and the Joker's Return somehow.

* * *

Later in the Batcave we were thinking over about what was going down.

Me: This whole thing is spiraling out of control and it's all really starting to get confusing.

Terry: I know.

Lincoln: Not only that but Cody killed the Joker by firing a plasma blast through his back and it killed him instantly.

Laney: Yeah. It's hard to imagine that he's back after everything that happened.

Terry: I know. If I was the Batman I was supposed to be I'd have cracked this by now. Would've punched exactly the right data into the computer or remembered that one little clue that everyone else overlooked.

Me: It's not your fault Terry.

Dana: Yeah it's the Joker that's doing all this.

Batman: (Offscreen) It's rarely that simple.

Linka: How are you feeling Bruce?

Batman: Lousy.

Me: Commissioner Barbara told us everything that went down with Tim. I'm sorry that happened Bruce.

Batman: I know.

Terry: Nothing against your old partners, no offense Barbara, but I'm a completely different Batman. I was never a Robin. I never…

Terry saw the Robin suit shredded up.

Terry: Wait.

Me: What is it Terry?

Terry: Joker smashed up the cases. But why was this the only costume he went out of his way to destroy?

Batman: Robin did shoot him.

Varie: That was back in 1999 and this is 2018.

Terry: Yeah but a Ghost out for Revenge? I don't buy it.

Lincoln: Me neither.

Lola: Same here.

Terry: I talked to Drake. He's got less love for that costume than the Joker. I think somehow he's behind this.

Laney: I have a feeling you're right Terry.

Batman: That's crazy.

Terry: So was Drake… Once. Look… Here's the readout of everything we know the Jokerz have stolen.

Terry pressed a button on the computer and pictures of equipment that was stolen showed.

Me: Those are some fancy pieces of equipment.

Lincoln: Yeah.

Terry: Now lets combine those into something that would be used by a communications expert, someone of Tim Drake's caliber.

The computer revealed a set of strange device blueprints.

Batman: Satellite Jamming System. Whoever uses this can access satellite defense systems and fire them at will.

Terry: Someone already has. I suspected Jordan Price might be the Joker. But the Jokerz were on your company yacht trying to slag price.

Me: We got him off the boat before someone blasted it into splinters.

Terry: I hate to say it, but I think your little Robin has turned into a bitter old crow. He's got to be the brains behind this new Joker.

Lila: I agree. It's harsh, but who else is there?

Me: We better check this out. (Pulls out a radio) Lisa, can you send me a list of defense satellites that were used recently in the last hour?

Lisa: (Over the Radio) Sending to you now J.D.

On my wrist computer was a satellite that was a wicked cool one.

Me: Bingo. It's a Hyperion Class Missile Defense Satellite. It's equipped with a powerful laser that can blow up missiles in an instant. It's got powerful pin point accuracy.

Lana: That's a powerful piece of machinery.

Me: It sure is. Lisa, arm the plasma cannon and shoot it down.

Lisa: Affirmative.

---

Back at the Estate, Lisa typed in a command and the roof of Lisa's Lab opened up and a huge plasma ion cannon arose.

Lisa had the satellite in the cannons crosshairs.

Lisa: Cannon is charged and target is locked on J.D.

Me: Excellent Lisa. Fire!

Lisa pressed a button and the cannon fired a blast of plasma and it hit the satellite and it exploded with incredible power.

KRABBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

When the smoke cleared the Satellite was completely obliterated.

Lisa: Target Destroyed J.D.

Me: Great job Lisa. Well done.

Lisa: Thank you.

Me: Now it's time to go after the Joker. Again.

Bruce donned his Batman suit and we were off.

---

We were flying and swinging through the city and we were at the abandoned Jolly Jack Candy Factory.

Me: Jolly Jack?

Batman 2039: It's an abandoned Candy Factory. It was shut down in 2025.

Me: That's 7 years from now. I figured it would be his hideout.

We land and the Jokerz came out and we saw Chucko come out and he had a bazooka in his hands.

Me: Chucko!

He fired a rocket at us and I grab it and threw it back at him and it exploded and killed him.

Me: Bullseye!

We then were fighting Woof.

Laney: Whoa! Look at him.

Dana: He's half human half hyena! I got this.

Dana fired a blast of blue fire and incinerated him instantly.

Dana: Stay down bad dog.

Me: Well said.

Ghoul then came out.

We saw that Ghoul looked alot like Scarecrow.

Varie: Has anyone ever told you that you look alot like Scarecrow?

Ghoul: You'll be scared when you fight me.

Varie: Don't count on it. And Scarecrow wants his costume back.

Varie fired a bunch of icicles and they skewered him and killed him.

Varie : No more.

Dee Dee Twins came out.

They were doing flips and they were then tackled by Lola, Lana and Lila and they were beatened mercilessly and Laney tied them up.

Me: So much for these clods.

We go into the factory and saw that it's quiet. We found Tim Drake on the floor.

We look him over and he looked okay.

Me: Tim are you all right?

Tim: I think so.

Batman 2039: Where's the Joker?

Tim: Joker?

Me: He doesn't know.

Batman: Tim what's going on?

**Batman 2039** : He may be telling the truth but he's still whack.

**Tim** : Fun and games. Boy wonder playing hero. Fighting off bad guys and no one ever gets… oh, gosh. I killed him. I didn't mean to. I tried so hard to forget. But I still hear the shot. Still see the dead smile. Every night the dreams get stronger… he's there when I sleep. Whispering! Laughing! Telling me that I'm as bad as he is! We're both the same!

Me: Just calm down Tim.

**Batman 2039** : I'm calling an ambulance.

**Tim** : No. I'm all right. Forgive me, Terry, old nasty memories twist inside me like bad oysters. Nothing, really. I'm perfectly fine now.

Me: How do you know who he is?

**Tim** : There's nothing about you I don't know, Batfake.

*[Tim throws the steel ball he's holding, which turns into an electric claw and Lincoln jumps in and it grabs him by the arm, Lincoln collapses to the ground, immobilized.]*

Me: Lincoln!

Lincoln looks at me and winks and I knew what he was gonna do.

**Tim** : Have a time out, kid. Can't let you spoil the party too soon. And Bruce, I'm sure you have got your monkey boy wired somehow. That's just peachy. Because I want you to see every minute of this. It's a killer. *[Laughs hysterically, holding his head, and after a while, becomes the Joker]*

**Batman** : My gosh!

We were horrified!

**Joker** : *[Takes off the lab coat, showing the purple tights underneath]* Oh, I never get tired of that!

**Batman 2039** : Drake?! You're the Joker?!

Me: You're both one in the same!?

**Joker** : That flabby oaf doesn't realize I'm using him as a timeshare! Beneath this puckish exterior lies the mind of a genius years ahead of my time. In the weeks young Robin was under my tutelage, I used him as the subject of my greatest experiment. Utilizing cutting-edge genetics technology which I had pinched here and there, I encoded my DNA in a microchip and set it in Bird-Boy's birdbrain. *[points to a dot on the back of his neck]* Here. Everything that was me has been sleepin' all comfy and cozy inside Tim Drake's subconscious. At first, I had to limit the time I spent in Drake's body. He's not aware of what I do… chalking up lingering memories to bad dreams. If his family misses him, I simply call wifey and tell her, *[Imitating Drake's voice]* "I'm working late, honey." *[Goes back to his own voice]* The changes come at will, now. And soon, I'll be strong enough to live in this body permanently.

Lana: That's crazy!

Me: That is pure genius! You are still the same psychotic monster comedian that we killed long ago.

Joker: That's right. Now I will have my revenge.

Me: Bring it on you humorless freak!

Joker: Just face it, Bats. I can handle anything you throw it me now. Ready for one last round?

Batman: Always.

Joker: Huh?

Batman 2039: We'll never let you win!

Lincoln got up and kicked Joker in the face and sent him crashing into a wall.

Lincoln: You gave me a power boost with this electric claw. I absorbed all the electricity in it and it made me stronger than ever.

Me, Varie, Lincoln, Linka and Laney go Super Angel.

Me: Lets dance freak!

**Batman 2039** : Let's dance, bozo.

*[As they fight, Joker gets the upper hand]*

I punch Joker in the face and Varie kicks him in the back of the head

**Batman 2039** : *[To Bruce]* He's tough. Any suggestions, boss?

**Batman** : Joker's vain and likes to talk. He'll try to distract you, but don't listen. Block it out and power on through.

**Batman 2039** : Wait… I like to talk too…

*[They fight, and Terry knees the Joker in the gut]*

**The Joker** : What're you doing?

**Batman 2039** : Fighting dirty.

**The Joker** : The REAL Batman would never- *[Terry pushes the knee in further]*

**Batman 2039** : Told you ya didn't know me.

**The Joker** : Funny guy…

**Batman 2039** : Can't say the same for you. *[shoves the Joker so that his gut hits a table]*

**The Joker** : Impudent brat. Who do you think you're talking to?

**Batman** : Not a comedian, I'll tell you that.

Lincoln: Luan is a much better comedian than you ever will be.

**The Joker** : *[draws a laser pistol]* Shut your mouth! *[fires at Batman 2039]*

**Batman 2039** : *[retreats into the rafters]* The real Batman never talked to you much, did he? That's probably why you were so fixated on him. *[tosses a batarang, knocking the gun out of Joker's hand]*

Lincoln used the Force and brought the gun to him.

**The Joker** : Don't play psychoanalyst with me, boy!

**Batman 2039** : Oh, I don't need a degree to figure you out. *[hits the lights with a batarang, turning them off]* The *real* reason you kept coming back was you never got a laugh out of Bruce.

**The Joker** : I'm not hearing this…

**Batman 2039** : Get a clue, clowny! He's got no sense of humor! He wouldn't know a good joke if it bit him in the cape… not that you ever had a good joke.

**The Joker** : *[really getting angry]* Shut up… Shut up!

**Batman 2039** : I mean, joy buzzers, squirting flowers? Lame! Where's the "A" material? Make a face, drop your pants, something!

**The Joker** : Show yourself!

**Batman 2039** : You make me laugh. But only 'cause I think you're kinda pathetic. *[mimics the Joker's laugh]*

**The Joker 2039** : Stop that!

**Batman 2039** : So you fell in a tank of acid, got your skin bleached and decided to become a supervillain. What, you couldn't get a job as a *rodeo clown? [laughs mockingly]*

**The Joker** : *[grabs some grenades]* Don't you dare laugh at me!…

**Batman 2039** : *[laughs harder]* Why? I thought the Joker always wanted to make Batman laugh!

**The Joker** : *[throwing grenades]* **YOU'RE NOT BATMAN!**

He threw grenades at us and I threw them back and they exploded.

Ben then became Terraspin.

Ben: TERRASPIN!

Me: A Geochelone Aerio!

Terraspin: That's right J.D. They come from the Andromeda Galaxy.

Me: Wow.

Joker threw a huge tank of Laughing Gas at him. But it was having no effect on him and he blew it all away.

Me: Very clever.

Lincoln: You're finished Joker. This time forever!

Lincoln and Linka fired a blast of lightning and it hit the microchip on his neck and completely destroyed it. The Joker was destroyed. This time forever.

The spirits of the Joker, Wuff, Ghoul and Chucko appeared.

Joker: You'll pay for this J.D.! You and your friends will get the ultimate laugh of a lifetime!

Nicole: (Offscreen) Sorry you humorless buttface but that's not happening ever again.

Nicole pulled out the Book of Vile Darkness and chanted an incantation.

Nicole: Aldruon Enlenthranel Vosolen Lirus-nor!

The Joker and his cronies went into the Book and he was sealed into it for all eternity.

Tim was taken to Gotham General and he was recuperating. Tim was forever in our debt.

Later at home we were filing our report and the Joker was now officially declared DECEASED.

The Dee Dee twins were condemned to Life in the Antarctica Prison.

Another Fanfiction Complete.

VinJedi1995 gave me the idea for this one. Thanks Man and thank you for refreshing my memory about this. Batman Beyond: Return of The Joker was an awesome movie. Mark Hamill did a great job voicing the Joker in the movie. Melissa Joan Hart was also in this movie. I've known her since I was a kid and she's awesome. Let me know what you all think.

See you all next time.

# Escape From Hollow Bastion

Me, Lincoln, Laney, Aqua, Sora, Riku, Kairi, Xion, Donald, Goofy and Mickey were in the simulator doing an exercise.

Varie, Aylene, Rachel, Vince, Carol and the Loud Kids were in the control room.

The Simulator activated and we found ourselves in the world of Hollow Bastion and it looked like the castle from the darkness of the Netherworld.

Me: So this is Hollow Bastion.

Sora: Yes. This is where Maleficent abducted Kairi and took her heart.

Kairi: I remember this place.

Riku: I was corrupted by Maleficent because of it.

Me: That's awful.

Aqua: This castle was formerly home to Ansem the Wise. But Maleficent turned it into her castle of operations.

Donald: How can we forget that?

Goofy: Gawrsh it was awful.

Me: Well we're not doing anything just by standing here.

We go into the palace and it was filled with negative energy.

Me: This place is overflowing with evil.

Kairi: I can feel it.

Aqua: Me too.

Lincoln: Where's it coming from?

Laney: Everywhere it would seem.

Me: Yeah.

Suddenly dark creatures appeared out of nowhere and they were really the Heartless!

They were in different shapes and kinds.

Sora: Heartless!

Me: So these creatures are the Heartless?

Goofy: That's right. They are our enemies and they spell big trouble for the universe.

Donald: Yeah!

Lincoln: That's awful!

Laney: Yeah.

Me: Lets get em!

We call our Keyblades and destroyed them with ease. We got stronger because of their energy.

Me: That was a waste. But their energy is powerful.

We go into the castle and we saw that it was a fortress of evil. It was flooded with Heartless and it spelled big disaster for the universe if the Heartless get out. In one room we went into a room that was really the remnants of the world of Snow White and the Seven Dwarfs.

Aqua: I know this place. It's the diamond mine of the Seven Dwarfs.

Me: Wow. What's left of it.

Laney picked up a diamond and it was a red one.

Laney: These diamonds are beautiful. They have to be worth tens of trillions of dollars.

Me: Yeah. Maybe more than that.

Lincoln: It's all amazing.

We picked up lots of diamonds and beamed them all to the safe at home.

Aqua: This place reminds me of what I went through when I was trapped in the Realm of Darkness.

Xion: This is awful. I can't believe that these worlds were lost in Darkness.

Lincoln: No kidding. It's horrible.

Me: Yeah.

We then trekked through the mines and found it all in shambles and the world was warped beyond all repair. But the world had Heartless as well. We ripped them apart and absorbed and converted their energy. Making us stronger than ever before.

Aqua: These Heartless are a monstrosity to the universe.

Me: You'll get no argument from me Aqua.

Laney: Same here.

We continued on and made sure that the Heartless were gone and it was not an easy task. But we prevailed and it was making us stronger. We go into one room and we found Maleficent!

Me: Maleficent!

Maleficent: Well well. How nice to see all of you again.

Sora: It will be the last time Maleficent.

Donald: Yeah!

Kairi: You kidnapped me long ago and I will never forgive you for that.

Aqua: I fought you long ago and beat you.

Riku: You poisoned my mind with darkness and evil and you made me turn against my best friends.

Me: You've terrorized the worlds for far too long and now it will end for you!

Xion: That's right.

Maleficent: You poor simple fools. You think you can defeat me!? Me the Mistress of All Evil!?

Me: We don't think, we know.

Mickey: Lets get her guys!

Me, Lincoln and Laney go Super Angel and Aqua, Kairi, Sora, Xion and Riku spread their wings.

Me: Lets dance.

We went at her and it was a savage fight. We overpowered her and I stripped her of her powers and drained her of her magic and made them my own.

Maleficent was now officially powerless.

Me: You are finished Maleficent.

Suddenly a dark portal appeared and it was Riku. But he was different.

Riku?: **Do you need some help?**

Kairi: What?

Me: That's not Riku talking. That's somebody else talking through him.

Riku: Yeah I'm right here. That was me when I was taken over by the dark spirit of Ansem.

Me: Whoa!

We saw that he had a Keyblade.

Xion: Is that?

Dark Riku: Yes. A Keyblade. But unlike all of yours, this Keyblade has the power to open peoples hearts. Allow me to demonstrate. Behold!

He stabbed Maleficent in the chest.

Dark Riku: Now open your heart. Surrender it to the darkness. Become darkness itself!

He then vanished.

Maleficent had her powers back.

Maleficent: This is… This power! (Laughs) Darkness! The True Darkness!

Maleficent was in a vortex of green fire and she had become an Evil Dragon!

Me: She became an Evil Dragon!

Lincoln: Incredible!

Laney: This is horrifying!

Aqua: She's just as ugly as the last time I fought her.

Me: Lets slay this monster!

We went at Maleficent and we had her where we wanted her and she breathed green fire and I absorbed it and it was actually fire made of pure Negative Energy and it made me stronger than ever before and I kick her in the head and punch her in the mouth.

Me: Now to make sure you never terrorize the world again! (Chants an Incantation) Genserna Mortus Kiryanka Lorka!

A portal leading into the Lake of Fire opened up and Maleficent was sucked in and she was forever banished into the Lake of Fire.

Me: Enjoy eternity in fire.

Sora: Awesome job J.D.!

Me: Thanks Sora. We got to hurry. Dark Riku's about to open the Door to Darkness. Come on!

We rush down the hall and made it into the Grand Hall.

Aqua: It's the Grand Hall.

Me: Yep. And that door is what's bringing all the Heartless into the world. We have to destroy it.

Xion: That's right.

Me: All right. Everyone together!

We fired beams of light from our Keyblades at the door and it started cracking and it exploded with incredible power.

KRABBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Sora: That did it!

Aqua: Yeah!

Me: Nice try Xehanort but you're not getting darkness on our watch.

We go up to the rubble and saw a younger Kairi's lifeless body on the floor.

Me: That's you Kairi.

Kairi: It sure is.

Me: We have one loose end to tie up.

Kairi: Lets go!

Mickey: What happened to her?

Dark Riku: That girl has lost her heart. She cannot wake up.

Me: I know that's you Ansem. You took over Riku's body and made him do all kinds of terrible things.

Dark Riku: That's right.

Kairi: Let me face him.

Me: Okay.

Kairi spread her pink wings and called her Keyblade. They both got into a powerful and savage fight and it was incredible. Sparks were flying everywhere and setting much of the room on fire. I was absorbing fire and Lincoln fired a blast of lightning at Dark Riku. Laney entangled him in vines and Kairi kicked his Keyblade out of his hands. Xion took the keyblade and made it her own.

Me: You will pay for everything you've done.

I sent Dark Riku into the River of Fire.

Me: Now to save your younger self Kairi.

I use my magic and Kairi was saved.

Young Kairi: What happened?

Kairi: It's over Kairi. We saved you.

Me: That's right.

We explained everything and she was shocked.

Suddenly the whole castle was starting to quake and explosions of fire blasted apart some of the building.

Me: This place is gonna blow! We got to get out of here!

We ran as fast as we could and the Heartless that appeared were all destroyed. We got out of there in the ship before the whole building exploded into a massive fireball of incredible power.

KRAAABBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

It was intense. But we escaped unharmed and triumphed over the Heartless and destroyed them.

Me: That was a close one.

Sora: But we did it. We won.

Riku: We sure did.

Kairi: That was intense.

Xion: It sure was.

---

We left the Simulator and everyone cheered wildly for us.

Varie: Guys you were awesome!

Me: Thanks Honey.

Rachel: Maleficent and Dark Riku sure bit the dust.

Me: Yep. They're gone forever in the dark flames of the River of Fire.

Lincoln: They got what they deserved.

Laney: You said it.

Rita: (Offscreen) Kids time for dinner!

Me: Lets go get some grub.

We went to the Dining Room for dinner.

Another Fanfiction Complete.

I wanted to do this one for a while. I got the idea for it from Kingdom Hearts Birth By Sleep Fragmentary Passage and that's what sparked it. Hollow Bastion was one of the most incidious worlds I've ever seen in the Kingdom Hearts Series. Let me know what you all think.

See you all next time.

# Corrupt Businessman Meltdown

It starts in Gotham Royal York Park. We were fighting the 2nd Incarnation of The Royal Flush Gang. They were tough and in the end we won.

Lincoln: We have one last member to take down: Ace.

Me: That's right.

We looked at a strange castle and it looked like it was a dark castle from The Darkness of the Netherworld.

Me: I sense that Ace is dying and that she doesn't have much time left. She knows me. Let me get close to her. I'm the only one that she knows and will allow me to get close to her. Also she's dying and she doesn't have much time left. She's suffering from an Aneurysm that could burst at any time. I'm going to help her and give her a chance to experience what a normal childhood is like.

Varie: Okay J.D. Be careful.

Me: I will.

Jared: Be careful dad.

I walk up to the castle and the thorn bushes cleared and the drawbridge lowered and I went in. She changed the area into a beautiful courtyard and it was amazing.

Me: Wow.

Ace saw me and she was swinging on a swing.

Ace: J.D.

Me: Ace.

Ace: I knew you were coming. I know why you're here. You want to help me and cure me from dying and see if you can talk me into fixing what I've changed.

Me: That's right. I also want to give you the chance to experience a normal childhood. I know your childhood was taken from you and that's the most despicable thing ever that can happen to anyone.

Ace: Yeah. You're gonna heal me? How are you gonna do that?

Me: I have the power to do anything.

Ace began to cry.

Ace: I'm scared.

Me: Don't be. I'm here for you. It's okay Ace.

I had her take my hand and I channeled my energy into her and it fully healed her. She still had her powers but she was fully healed.

Ace hugged me and she was crying hard. For the first time in her life she was crying hard.

Me: Just let it all out. Let it all out.

Her real name is Mariah Acely.

The area around her reverted back to what it was and she I came out of a bright light and was holding Ace who was still crying.

Varie: Poor girl.

Lincoln: But he saved her.

Lola: He sure did. Poor girl.

Lana: What happened to her?

Me: She had a really rough life.

We then decided that we were gonna rebuild it.

Back at the Estate we were giving Mariah a good start. She now has a loving family and a brand new life ahead of her. She now uses her powers only when needed. She now has a black summer shirt with the Club symbol on it and blue jeans and blue sandals.

Ace: Thanks for helping me out J.D.

Me: You're so welcome Mariah.

Aylene: Yeah.

Later we were watching T.V., reading books and playing card games. Suddenly a strange black mass came into our home. It was a living blob of ink.

Me: Whoa! That's an unusual thing.

It took form and it was the notorious shape-shifting polymass thief Inque!

Inque: J.D. Knudson.

Me: Inque! I've heard a lot about you. You have one of the most amazing skills ever known as a notorious thief.

Inque: Nice to know that I've made an impression. I came here because I need your help.

Me: What's wrong?

Inque: Derek Powers is up to his old tricks again.

Me: Who's Derek Powers?

Terry: He's the Co-President and Co-CEO of Wayne-Powers Industries. But he's a corrupted businessman that has a shady background.

Me: Let me see here.

The computer pops up and it shows Derek Powers.

Laney: So that's Derek Powers. But why would he want to work with

Bruce Wayne?

Batman: I don't know. But he looks like someone I would never want working with me.

Me: I agree Bruce. Lets see what dirt he has on him.

I pull up a very dark background he has and he has done more crimes than Rupert Thorne has. He has done racketeering, wire fraud, and more.

Me: Whoa! He has done it all. He is really ruthless too.

Terry: That's right. But he's also this.

Terry typed in something and it showed that Derek Powers was also the Radioactive Monstrosity - BLIGHT!

We gasped in sheer horror at what we saw. Derek Powers was glowing green and his skeleton was exposed.

Me: Whoa!

Laney: What happened to him!?

Terry: He was exposed to an experimental nerve gas that he created and he was treated with high levels of radiation. It had an unexpected side effect and it turned him into Blight. He's completely radioactive and anything he touches will melt or die.

Me: Whoa! That's terrible!

Lincoln: That sure is.

Me: Yeah. He's like a living Nuclear Fuel Rod. If anybody ever comes near him they will die.

Ace: He sounds really dangerous.

Aylene: He sure does.

Inque: That's why I need your help. We need to force his company out of business and make him give everything back to Bruce Wayne.

Me: I agree. Scum like him don't deserve to be in any business or anything for that matter. The only place he belongs is in prison for eternity.

Linka: That's right. He deserves to be in prison.

Me: Yeah.

Mike and Sully were with us.

Mike: I agree. Lets get him.

Me: Lets get him. Lori, Lincoln, Ben, Riley, Ace, Inque, Varie, Lana, Dana, Batman's, Laney, Maria, William, you all come with me.

Lori: You got it!

Me: Lola forward all the information to the FBI and Interpol and have them zero in on him.

Lola: You got it.

Lola pulled out her heart shape laptop computer.

We set out for Wayne-Powers Industries.

---

Derek Powers was working in his office when the doors exploded off their hinges.

KABOOM!

Powers: What the?!

Sully: Knock knock!

Mike: Room service!

Me: Surprise! Derek Powers you're under arrest.

He was enraged and he then became Blight.

The level of Gamma Radiation he was emitting was as powerful as 1,000 tons of Uranium and Plutonium. My Geiger Counter was clicking like crazy.

Me: Whoa! The radiation he has is phenomenal! Lets take the fight to another planet where no one will get hurt.

Varie: Good idea.

I snap my fingers and we were on the distant planet of Hekla.

Planet Hekla is a volcano planet located in the Unknown Zone. It's named after Mount Hekla in Iceland and is known as the planetary gateway to the Netherworld because it has lots of demonic creatures flying around the planet and ghosts fly all over the planet. Making it one of the most dangerous planets in the Universe.

Me: This planet is perfect for you Blight. I'll face you first.

I go Super Angel 2.

Me: Lets dance.

We dash and I punch him in the face and kick him in the stomach. Blight formed a ball of radiation and he fired it at me and I fired an energy blast and they collided and exploded with incredible power.

KRABBBBBOOOOOOOOOOOOOOOOOOOOOMMMMMMMMM!

The explosion was equal to that of Castle Bravo from 1954.

I went skidding and stopped and Blight was in a pile of rocks.

Me: Wow! What power. His power is equal to that of the most powerful nuclear bomb ever detonated.

Ben: Let us face him J.D.

Me: Go for it Ben.

Ben became Ultimate Cannonbolt.

Ben: ULTIMATE CANNONBOLT!

Me: An evolved Arburian Pelarota.

Ultimate Cannonbolt: That's right. Mike lets do our combo move we practiced.

Mike: You got it.

Mike and Ultimate Cannonbolt were rolling fast and they were moving faster than a bullet fired from a gun.

Mike & Ultimate Cannonbolt: TURBO DOUBLE CRASHING BOWLING BALL!

They both crashed into Blight and he was sent skidding across a river of lava and he crashed into a rock.

Me: Way to go guys!

Riley: That was awesome!

Ben then turned into NRG.

Ben: (Russian Accent) NRG!

Me: A Prypiatosian-B! Whoa!

NRG: That's right J.D.

NRG fired a blast of radiation from the grate in the suit.

Blight came Dashing in the fit of rage and with one swipe he cut the suit NRG had on.

Blight: First, I crack the shell! (opens up the suit) Then I crack the nut inside! (sees what's inside) Huh?

NRG (now in his true radiation form): Surprise! (tackles Blight to the ground)

Me: Whoa! Their true form is a living mass of Gamma Radiation! This is gonna be a battle of Radioactive Lifeforms!

Lana: It sure is. These guys are way too hot to handle!

Riley: They sure are!

?: We can help with this!

We turn and saw two figures emerge. It was an older William who had Longer black hair, a scar over his left eye, a goatee, black and red clothes and his left arm was all mechanical. Maria had longer brown hair and even has a stronger physique and she and future William had a tattoo on their arms that said Redemption is Powerful.

Maria: (Gasp) You're… You're me!

William: And you're me!

Older William: That's right. William and Maria Dunbar at your service.

Me: Wow! You two look amazing as Terry said.

Older Maria: That's right J.D. I take it you met your future self.

Me: We sure did. What happened to your arm William?

Older William: I got it blown off in an accident and they replaced it with this really cool robotic arm. It's more than just an arm though. It has 5,000 gadgets and functions. It's awesome.

Me: It sure is spiffy.

Maria: Yeah. I'm even more beautiful than ever.

Older Maria: You sure are beautiful now as it is.

Laney: Yeah.

Lincoln: This is so awesome.

Me: Yeah.

NRG and Blight were fighting some more.

Me: Lets help Ben.

Varie: Right.

Me and Varie fired a blast of water at Blight and when it hit him a huge cloud of steam came off of him.

Lincoln: Wow! That's a lot of steam coming off of him!

Me: When you work in a nuclear power plant you have to cool down the nuclear fuel rods with a lot of water.

Laney: That's right.

Laney fired some water too and Lana fired a blast of ice lightning.

Blight is frozen but his radiation was melting the ice.

Me: This creep is just way too hot to handle!

Dana: How are we gonna cool him down if we can't even touch him or get near him?

Me: I know how. Watch. (Chants an incantation) Vismecgor Nitwormus Kekmeshdega!

I fired a blast of dark lightning and it hit Blight and he was stripped of his powers and radioactivity.

Me: Yes!

Ace: That was awesome!

Riley: It sure was.

Ben reverted back.

Ben: Yeah!

Powers was back to what he was before he became Blight and I kick him in the face and knock him out.

We went back home to Earth. Derek Powers was found guilty of his crimes and sentenced to Eternity in the Moon Supermax Prison. His assets were seized and Bruce Wayne severed their partnership.

Wayne Enterprises was back to normal. We learned more about Inque's Background. She purposely turned herself into a living blob of ink for a lot of money. She has a lot of money.

Lets just say that it's more money than anyone else can count. Inque and Ace are now members of the Redemption Squad. Her daughter Deanna now lives with us in the estate and they were reunited as family.

THE END

Another Fanfiction Complete.

Derek Powers was one of the worst and most unstable villains I remember in Batman Beyond. His radioactivity when he became Blight was by far the worst I've ever seen. It made him look like he was a living atomic bomb. I wanted to do a twist on the flashback in the Justice League Unlimited episode Epilogue. That was a sad flashback about what happened to Ace. My dad suffered a ruptured brain aneurysm in 1996 and it nearly killed him. He was in the hospital for 10 days because of it. But he survived and now its been 22 years since then. To tell you the truth I hate Derek Powers. He was the worst villain in the series. NicoChan11 and I did the lines for this one. Thanks man. As usual. Let me know what you all think.

See you all next time.

# Superhero War II

It starts with us eating dinner in the backyard by the lake and it was a beautiful sight.

Me: What a beautiful sight and a nice night for dinner.

Hiyana: It sure is. And this food is delicious.

Me: It's the best. Mr. Lynn cooks the best food and he's teaching us how to cook great food.

Lincoln: That's our dad for you.

Captain America: Can I come in?

We saw the famous Captain America!

Me: Captain America?! It's an honor, sir!

Captain America (chuckles): It's alright, J.D. You can just call me Captain or Steve.

Me: You got it Steve.

Captain America: Spider Man. Bruce. Good to see you two.

Spiderman: Good to see you too, Cap.

Bruce: Sorry I haven't contacted you, Steve.

Captain America: It's fine, Bruce. Tony did say to take as much vacation time as you needed.

Danny: I take it you need our help, right?

Captain America.: Well, I'd like to sit down and have a bite to eat first. It was a long ride here.

Me: Sure. Always room for a member of the famous Avengers.

Captain America sat with us.

Captain America: Spider Man, I've heard that you've become really close to JD and his friends.

Spiderman: Of course I have. I can describe some of them if you like.

Captain America: Go right ahead.

Spiderman: Well, first there's Eddy. He might be short but he can pack a punch with his bat wings and whatever he can use as a weapon. He's always the man with the plan. and he likes to make wisecracks just like me

Captain America (chuckles): I bet he does. He also reminds me of Peter Quill aka Star Lord.

Spiderman: And then there's Double D. He's a very polite and smart kid that reminds me of Tony. And he's even got armor that's inspired by the Iron Man suit. And let's not forget about Ed, the lovable oaf. He can be very friendly and funny. But when it comes to bad guys, he always likes to smash, just like Hulk. He can even turn into a monster for that purpose.

Captain America: I think Double D reminds me of Rocket Raccoon while Ed reminds me of Groot.

Spiderman: There's also Luan Luad, Eddy's girlfriend. She's the funniest of the Loud family. She always likes to tell jokes that make us laugh. She's even made jokes when we're fighting bad guys. Did I mention that she has light powers.

Captain America: Well, now I know. I see a bit of Gamora in her.

Spiderman: And who can forget Tara Markov aka Terra. We like to call her Tara for short. She's like the sister that I never had. And she also has earth based powers, including the ability to throw rocks. She didn't have a pleasant childhood. If you want information on that, you can always ask her.

Captain America: I'll remember that. She also reminds me of Mantis.

Spiderman: Does that mean I'm like Drax the Destroyer?

Captain America: Well, you do have a warrior's spirit.

Me: So what do you need our help with Steve?

Captain America: Red Skull is at it again. We have reason to believe that he and HYDRA are going to assassinate the President.

We all gasp.

Lori: Who is Red Skull?

Me: He's someone that I despise with a vengeance. He's a Nazi and he's Anti-God. His real name is Johann Schmidt and he's the Leader of one of the Avenger's most dangerous and most formidable enemies: HYDRA.

Luna: What is HYDRA?

Me: HYDRA is an extremely dangerous and ultra secret terrorist organization that wants to conquer the world. They are really merciless and they are incredibly ruthless.

Captain America: That's right.

Me: You called the right people Steve. We will gladly help out. When does Red Skull plan to attack?

Captain America: In the next 48 hours.

Me: We have a two day window. Perfect.

Lola: Why is he called Red Skull?

Me: This is what he looks like.

I pull out a photo of him and they were shocked at what Red Skull looked like.

Laney: He is hideous!

Lucy: Gasp! He makes even vampires cringe in fear.

Me: He's called Red Skull because his face is horribly disfigured to the point where it looks like his skull has been exposed. The reason for this is it's because he took the same Super Soldier Serum that gave Steve Rogers his powers.

Captain America: That's right. It's ironic if I must say.

Me: I believe it. Lets get ready for tomorrow. We have a country to save and a Nazi to capture and destroy.

Everyone: Yeah!

---

The next day Me, Varie, Rachel, Vince, Lori, Luna, Sam, Lincoln, Laney, Lucy, Lana, Lila, Danny, Spiderman, Hulk, Gwem (TD), Eion, Bleez, Inque, Ace, and Panda King went with Captain America in the Avengers Jet.

Me: This is so cool being in the Avenger's Jet.

Lincoln: It sure is. This is awesome.

Captain America: Here comes the Red Skull's ship.

We look out front and saw a huge flying fortress. It was the Valkyrie.

Me: Whoa!

Lincoln: Look at that ship.

Lori: That is literally the largest ship I've ever seen.

Me: It's looks like an oversized B-2 Stealth Bomber.

Hulk: Hulk ready to smash Nazi filth!

Lincoln: So how are we gonna fight him?

Me: We burst in through the main room of the body of the plane.

Sam: That's perfect.

Me: Lets do it.

We hovered over the Valkyrie and busted in and Lincoln blasted them with lightning and numbed them and Laney tied them all up with bramble vines. We had them all tied up until Red Skull was left.

Me: Johann Schmidt A.K.A. Red Skull. So we meet at last.

Red Skull: (German Accent) Yes so we do. Ze world will belong to us in the name of HYDRA.

Captain America: Not gonna happen Red Skull.

Me: Yeah! You know this is really interesting. My grandfathers on my parents sides of the family both fought in World War II and they fought against the Nazis. My grandpa on my dads side fought against General Rommel.

Red Skull: That's interesting. Lets see if you can live up to your relatives legacies.

Me: As you wish.

Red Skull: You could have the power of the gods! Yet you wear a flag on your chest and think you fight a battle of nations! I have seen the future, Captain! There are no flags!

Me: You can take your offer and shove it up your butt! It's time to end this!

I go Super Angel and we engage in an extremely savage and brutal fight. I punch him in the face and kick him in the face. Red Skull punched me in the face and I kick him in the stomach and he punched me in the stomach and I kick him in the face and punch him in the chest and kick him in the mouth and knock out some of his teeth. But he was getting madder by the second and he kicked me in the mouth and punched me in the face and stomach and kicked me in the face and I belched up a huge amount of blood and I dealt him an uppercut and teleport as he was flying and kick him in the back and he got up and I elbow him in the face and punch him in the face again. He grabbed me and threw me to the floor and he jumped and pile drived me in the face and chest several times and I belched up even more blood. I kick him in the face and get up and elbow him in the head and leg sweep him and kick him in the back and jump up and dealt him a spinning axe kick that severed his spinal cord from his legs.

He landed on the ground and was in a lot of pain.

Me: (Groans) What a fight.

But thanks to my accelerated healing I was fully restored.

Red Skull: What have you done to me!? I can't feel my legs!

Me: You're about to get more than that Red Skull.

Red Skull was arrested.

* * *

Later at the White House we were conducting an extremely rare moment never seen before. Red Skull was found guilty of his crimes and sentenced to Death by Firing Squad. We were standing ready with 1903 Springfield Rifles.

Me: (To the Viewers) This is an extremely rare moment for all of us here in the United States. We're going to be executing Red Skull by Firing Squad. There's only one state in the country that has this method of Capital Punishment still active and that's Utah. The last time we had an execution like this was back in 2010 and this execution is totally different. It's a worldwide public execution. Something that has never been done before in the history of mankind. We've done public executions over the centuries but none have ever been done like this. This is something that's only reserved for the most dangerous criminals in the world. It's also being broadcasted around the planet and 7.4 Billion people are watching.

Lincoln: That's right guys. So lets get it on.

President: Are you all ready?

Me: Yes sir, Mr. President. We're ready.

President: You may fire when ready.

Me: Yes sir. [to Red Skull] Johann Schmidt, before you die do you have any last words to say?

Red Skull: Hail HYDRA!

Me: Is that it?

Red Skull: Yes.

Me: All right. Guns ready!

We load our guns and aim them at him.

Me: See you in Hell, Red Skull. FIRE!

---

We fired and pumped him full of lead and killed him instantly.

Me: Great job guys.

Everyone around the world cheered wildly knowing that the Nazis of World War II will never terrorize the world again. We then had a great dinner at the White House.

Me: Thanks for helping us Cap.

Captain America: No problem J.D.

Bruce: It was awesome taking down Red Skull.

Rachel: It sure was.

Lincoln: This was so awesome!

Linka: You said it bro.

We later cremated Red Skull and threw his ashes into the Sun.

THE END

Another Fanfiction Complete.

NicoChan11 gave me the idea for this one. Thanks for that. I hate the Nazis with every fiber of my body. They are disgusting freaks of nature and completely Anti-God and they need to be destroyed. What I said about my grandparents is true. Let me know what you all think.

See you all next time.

# Vince's Greatest Birthday

*[It starts with Girl Jordan screaming, getting nailed in the face by a dodgeball, and collapsing. Penelope runs by Lincoln and Clyde and gets nailed too, followed by Zach, then Andrew, then Liam.]*

I am dodging and throwing dodgeballs faster than a bullet fired from a gun.

**Lincoln:** *[To Clyde]* "Man, I hate gym class." *[dodges a ball]*

**Clyde:** "And the worst part is, class hasn't even started yet."

*[Gets nailed into his underwear, and winds up lying on the floor with some of his fellow classmates and Lincoln and me are still dodging and throwing.]*

Me: (Taunting) Is that the best you can do coach? My grandmother throws better than you!

Coach Pacowski was our substitute Coach. Jen was called to a meeting in the United Nations for something.

He got mad and he threw all the dodgeballs at a rapid pace like a machine gun and I was dodging all of his throws. I use my octopus arms and tail and arms and grab all the balls.

Me: Catch all these Barnacles for Brains!

I throw all the balls and they hit Couch Pacowski and it hurt bad.

He was in a daze and he collapsed.

Me: Take that!

Everyone cheered wildly for me.

Girl Jordan: Way to go big bro!

Me: Thanks Girl Jordan.

Lincoln: That was awesome!

Zach: How are you so strong J.D.?

Me: The benefits of training Zach. When you train and work as hard as I have you tend to get stronger to amazing levels you never thought possible.

Coach Pacowski: (Dazed) I already scraped the barnacles ma.

Me: I think I hit him too hard. I'll take him to the nurse.

I pick up Coach Pacowski and take him out of the gym.

---

*[At the Nurse's office, Coach comes to wearing bandages on his head, laying on the bed.]*

**Nurse Patti:** "Oh, well, now that's quite a goose egg, Coach. Geez, how'd you do that?"

**Coach Pacowski:** "Uh, well, I uh-"

Me: We were playing dodgeball and I threw them at him and nailed him hard. I hope I didn't hurt him too bad.

Nurse Patti: No you didn't J.D. He'll be fine.

Me: Well that's a relief. Coach I'm sorry I got carried away.

Coach Pacowski: No it's all right J.D. But you are an amazing Dodgeball player. You should sign up for the Annual Ultimate Dodgeballteer Championship. It's coming up in just a couple of weeks. We play our rival team The Hazeltucky Badgers. (Points to a flyer for said event)

I look at the poster and its a flaming dodgeball flying by a trophy and smashing someone in the face.

Me: This sounds like an awesome event. Sign me up coach. I hope Hawk and Hank aren't playing in it.

Nurse Patti: Actually J.D. they are. After they were released from prison they were demoted all the way back to 5th grade.

Lincoln: Whoa! That's rough.

Me: Yeah. I mean they're right around Luan's Age and they were sent back to 5th Grade? I would call that cruel and unusual punishment.

Nurse Patti: Same here.

Me: Yeah. (Watch Beeps and Gasps) It's time to get ready.

Lincoln: Ready for what?

Me: Tomorrow is Vince's Birthday so I called a meeting in Lori's Room so we can discuss what to do for his birthday.

Lincoln: Whoa! We'd better get over there!

Nurse Patti: Tell Vince Happy Birthday from us.

Me: Will do Nurse Patti.

Clyde: We're gonna be late!

Me: Not if I get us there really fast.

I turn into Ultimate J.D.

Me: XLR8!

I grab Lincoln, Clyde, Girl Jordan, Zach, Liam, Haiku and Lincoln's sisters and we rush home.

When we came in through the door I revert back and drop them.

Lincoln: J.D. that was awesome!

Me: When you have a Kineceleran's Super Speed at your disposal you can run really fast!

After everyone came home we had our meeting.

Me: (Bangs Lori's Shoe Gaval) I hereby call this meeting to order. Now I'm sure you're all wondering why I called this meeting. Well tomorrow is Vince's birthday and I want to throw him the greatest birthday party he ever had.

Carol: I'm always up for it. (Sighs) Vincey will love it.

Rachel: I have a feeling he will.

Me: I know Rach. Now does anyone have any ideas on what we should do for Vince's Birthday?

Lori: Lets make it a surprise party. He'll love it.

Me: That's perfect. Carol, you'll be in charge of taking Vince out of the house while we set everything up.

Carol: Got it.

Me: Okay. Leni do you have any good ideas on the party decorations?

Leni: Lets give him Blue decorations.

Me: Perfect choices. Lana, Lola, Lucy, you'll be in charge of putting up the party decorations. Any ideas on food?

Lynn: I can make some spicy meatball subs.

Lincoln: I got a good recipe for a great pizza.

Laney: I can make a great birthday cake for him.

Luan: And I'll make a great pie for him. Not to splat in his face of course.

Me: All good choices guys. Lincoln, Lynn, Laney and Luan will be in charge of food. Any ideas for the games?

Linka: How about we have some simulator battles?

Me: That's perfect Linka. Got anything in mind?

Linka: We can have him and Carol take down an evil Sasuke.

Me: Good choice. Always a crowd pleaser. Got any other ideas?

Linka: Lets also do an exercise we haven't tried before.

Me: Ooh. Good idea. What else?

Linka: We can always go down to the city for another spree of humiliation on the Griffin's.

Me: Good idea Linka. Linka, Lisa, you'll be in charge of games.

Lisa: Affirmative.

Me: Okay. Do you all know what to get Vince for presents?

Everyone nodded.

Me: Cool. Now does anyone have any ideas on what to do for entertainment?

Star: Lets sing some great songs.

Me: Good idea Star. We'll have to pick some songs for it. Who wants to sing for it? I know I do.

Laney, Lola, Lily, Lilly & Lincoln, Rachel, May, Yumi, Lucy, Brittney, Varie, Natilee, Jared, Nicole and Lori raised their hands.

Me: Looks like we got quite a lot of singing coming. Okay. Luna, Sam, Anna, Jessie, you will be in charge of the entertainment.

Jessie K: You got it dad.

Me: Okay. Tomorrow we get to work and give Vince the greatest birthday ever! He turns 23 tomorrow.

Everyone: YEAH!

Me: This meeting is adjourned.

I bang the gaval.

---

The Next Day.

It was August 25th - Vince's Birthday. He was out of the house with Carol as we got everything all set up.

Me: Looking great guys. Everything looks perfect. [To the Viewers] Today is August 25, 2018 and it's Vince Pusateri's Birthday. He turns 23 today and we have everything all set up.

Lori: Everything's all set up J.D.

Me: Perfect. They should be home any second now.

Carol: (From outside, Acting) I'll open the door for you Vincey.

Me: They're here guys!

Rachel: Hide!

We did and Carol opened the door and came in.

Vince: Why are the lights off?

Carol: Let me take care of that.

She flipped the light switch and we jumped out.

Everyone: SURPRISE!

Vince: (Gasp) OH WOW! YOU GUYS ARE THE BEST!

Megan: Happy birthday big bro!

Sarah: Same here big bro!

Me: Happy Birthday Partner.

Vince: Thanks you guys. Lets party!

We cheered.

---

First was the Food. We had an awesome Vanilla White German Chocolate Cake made by Laney, Spicy Meatball subs by Lynn (I put Ghost Chili's on mine), a delicious Chicken Parmasan Pizza by Lincoln and Banana Cream Pie by Luan.

Vince: That was a delicious cake guys.

Me: Laney made it for the party. She's a great cook like Mr. Lynn.

Lori: She sure is.

Laney: Aww thanks guys.

---

Next was the Presents. The list of presents is extremely long. So I won't bore you with the details.

---

Next was games.

We were in the Simulator and Vince and Carol were doing an exercise.

Lisa: Here it comes.

The Simulator Activated and Vince and Carol found themselves in the Leaf Village but it was completely destroyed. It was now nothing more than a crater.

Carol: What happened here?

Vince: This was not the work of Orochimaru. This was the work of the Akatsuki.

Vince then sensed a huge energy signal.

Vince: Whoa! Do you feel that?

Carol: I sure do. It's 2 huge power signals and they're incredibly strong.

Vince: Yeah. One is Naruto and he's in his Six-Tail Form and the other is Pain and it's incredibly evil. We got to find them! Come on!

They spread their wings and flew over the land. What they saw next in the distance could only be described as the ultimate level of horror. They saw a huge sphere of rock hovering over the land and it was drawing in a huge amount of Earth at an incredible rate. The sphere was so massive that it was as big as the Moon. It was getting larger at a powerful rate.

Vince: What the!?

Carol: That is unbelievable! How in the world can Pain have that kind of power!?

Vince: He claims to be a god and that he will bring peace to the world through carnage and death.

Carol: That's insane!

Vince: Yeah.

---

CONTROL ROOM

We were seeing the massive rock sphere being built right before our eyes and it was unbelievable.

Me: Holy Earth Crystals!

Lincoln: Look at the size of that thing!

Lori: That is literally unbelievable!

Nicole: That is the Planetary Devastation Jutsu. It's one of the most powerful Jutsu's in the world and it's believe that the mighty Sage of The Six Paths used to create the Moon.

Laney: That's incredible!

Brittney: Yeah. Pain is a monster and he claims to be a god among everyone. But he's really insane.

Nicole: He sure is. When I killed him he wasn't that much of a challenge to me.

Varie: I remember that.

Me: If he throws that massive ball and slams it into the ground it will destroy the entire planet.

Linka: That's what it will do.

Naruto: That's horrible. He would destroy the entire planet with it if he did that.

Sakura: He used this at one time to try and capture Naruto.

Fu: And me too.

Sasuke: What a monster.

Me: Yeah.

---

SIMULATOR

(GIREI THEME PLAYS)

Vince and Carol were shocked at how Pain can have that kind of power to such an incredible degree and more. They saw Naruto in his 6-Tailed State firing fire bombs at the massive ball of Earth. He was barely making a dent in it.

Vince: Lets help him Carol.

Carol: You got it Vincey.

Vince: (Cups hands to the side) NOVAFLAME!

Carol: KAMEHAME…

Vince & Carol: HAAAAAAAAAAAAAAAAAAAAAAAAAAAAAA!

They fired a Kamehameha Wave made entirely out of pure fire at the huge rock sphere and it hit it and it exploded with unbelievable power!

KRAAAAAAAAAABBBBBBBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOO

The huge fiery explosion was so powerful and so devastating that it could be seen all the way from space and the entirety of the Leaf was nearly blown away from the immense power of the blast. The surrounding forests in the area were ignited and were incinerated. Team Taka was on their way to the Leaf Village when suddenly without warning they felt the enormous power of the explosion. Suigetsu and Jugo were both incinerated in an instant and Sasuke and Karin were hiding in a cave in the forest. Zetsu was watching the battle from afar and he was completely incinerated in an instant. Kabuto was walking down the path wearing a cloak when the massive explosion incinerated him without warning. All those that were evil were caught in the explosion and burned completely. The explosion of fire even went after Nagato in a tree made of paper in the distance and Konan vanished and Nagato was enveloped by the massive blast of the explosion and was incinerated in an instant. Luckily everyone in the Leaf was not hurt even more than they already are. When the smoke cleared the massive sphere of rock was completely obliterated and nothing of it was left.

Vince: That takes care of that. Pain's energy signal has completely disappeared. He's dead.

Carol: He sure is.

Vince: Now lets fix the Leaf and revive everyone that was killed.

Carol: Right. We also have a lot of work to do.

Vince: We sure do. Burn in Hell, Pain.

Naruto was buried under a huge pile of rocks and under that pile he woke up and felt a tremendous surge of power and he was enveloped in a blinding flash of white light and a massive vortex of wind blew the rocks away. He was enveloped in a massive vortex of wing and it shot up high into the sky. Out in the endless vacuum of space the vortex took the shape of a massive fairy made entirely out of glowing green wind. It drew in the energy from the massive explosions of stars from all over the universe and even the jutsu and energy of all the ninjas that were killed in battle. Naruto's energy was increasing dramatically at an accelerated rate and it was building and building and building at a speed no one ever though possible. The powerful energy resurrected all the Leaf Shinobi killed in the savage onslaught and revived the comatose.

Back in the destroyed Leaf Village, Sakura got up from the rubble and saw the massive vortex of wind and she was shocked at what she saw.

Sakura: All that Chakra is from Naruto!?

Neji: BYAKUGAN!

Neji tried to look at the vortex but it was so powerful that it was like looking at the bright light from a nuclear explosion. He pulled back in pain.

Tenten: Neji what's wrong!?

Neji: That vortex has so much chakra in it that it was like looking at 1,000 Suns.

Ino: It's that powerful!?

Kiba: How can that be?

When the vortex faded Naruto was forever changed. He had angel wings that were green and he had longer blond hair in a cronmage with light green highlights in his hair, He had a sleeveless green battle gi, green ANBU Pants, black shoes, nine orange tails and orange fox ears. When he opened his eyes they were green and slit.

Naruto: Where's Pain?

Vince: He's dead bro. We killed him.

Naruto: Good. I'm glad he got what he deserved.

Vince: Lets head back to the Leaf.

Carol: Okay.

They headed back to the Leaf and everyone cheered wildly for them. They were the heroes of the Leaf.

Vince rebuilt the Leaf to what it was and now they had one loose end to tie up. Destroy Sasuke. The Uchiha Clan were responsible for killing Naruto's family and making him a Jinchuriki and they are gonna pay dearly for it. Vince merged the Leaf with the Leaf from 3 and a half years ago and it was right around the time when Sasuke left the Leaf to join Orochimaru.

All the Akatsuki minus Konan are dead and she had become a Leaf Shinobi to atone for her crimes because she was lead down the wrong path.

Vince: We're heading to the Final Valley and destroy Sasuke and make him pay for everything he's done.

Naruto: That's right.

Sakura: What!? Why do you want to kill Sasuke!?

Vince: Because his clan is the true instigator behind the death of Naruto's family.

Naruto: Let me show you Sakura.

Naruto put his hand on her head and she saw a horrific revelation. She saw that Naruto is the Son of the 4th Hokage Minato Namikaze and Kushina Uzumaki and that it was an Uchiha that forced them to sacrifice themselves and seal the 9-tails into Naruto. She also saw the evils of the entirety of the Uchiha and the number of crimes they commited over the centuries and how they stole everyones hard work and destroyed so many lives. She saw Naruto's horrific childhood at the hands of the dumb doo-doo brains they called the villagers. She even saw how evil Sasuke was to the 20,000,000th degree and how he was an insane, psychopathic, 200,000% Pure Evil Monster of unimaginable horror. Sakura then saw everything that Naruto has done for her and realized what a heartless witch she was to him. When he did something nice for her, she would hit him. She saw that he really did save her from Gaara during the Chunin Exams, how he saved her from Drowning and more.

When it was done she broke down crying and she was really distraught.

Sakura: NARUTO!

She hugged him and was crying and wailing hard into him.

Naruto: Sakura it's all right.

Sakura: (Crying) Oh it's not all right Naruto! I was a monster to you! I never should've done all those things to you! I'm so sorry Naruto! I shouldn't have done all that to you!

Naruto's heart ached hearing her cry and more.

Naruto: Sakura I have already forgiven you for everything you did and you were just blinded by your fangirl impulses. It's not your fault. I've always loved you since we were in the Academy. You're the most beautiful, smartest and most amazing kunoichi that I've ever known and you always will be no matter what.

Sakura: Oh Naruto!

They kissed and it was an awesome feeling for Naruto. They were now officially boyfriend and girlfriend.

Vince: That was awesome bro.

Carol: Lets head out guys.

Sakura: Right. I want to make that wretch pay for ruining my Naruto!

Vince: Lets go.

They flew off to the Final Valley. They arrived in 20 minutes.

---

WARNING: This part is really gruesome. Read at your own risk.

They arrived at the Final Valley.

Vince: So this is the Final Valley.

Naruto: Yes. It's the sight of where our villages founding fathers Hashirama's Senju the 1st Hokage and Madara Uchiha the Leader of The Uchiha Clan fought with everything they had and in the end the 1st Hokage won and Madara died.

Carol: That's amazing.

Vince: Yeah. [Sees Evil Sasuke] There he is on the statue of Madara Uchiha. Lets get him.

They went at him and Vince punched Evil Sasuke in the face and sent him in the water.

SPLASH!

They landed on the surface of the water and Sasuke got up.

Naruto: Hello Sasuke.

Evil Sasuke: So it's you. The hopeless little knucklehead and I see you have friends with you.

Naruto: Your clan killed my mom and dad Sasuke. And now I'm going to avenge them by killing you. Your brother did me a favor and killed them for me.

Evil Sasuke was enraged when he heard him say that.

Evil Sasuke: (Angry) What did you say!?

Vince: You heard him. Or are you too deaf and braindead from all that talk about power?

Sakura: It's over Sasuke. I don't know what I ever saw in you as a kid but now I know the truth.

Evil Sasuke: What truth?

Sakura: That you are nothing more than a selfish, arrogant, heartless, power hungry, megalomaniacal, ruthless monster with no love for anyone other than yourself and people like you are the scum of the world.

Carol: That's right and rogues like you deserve to be forever damned.

Evil Sasuke: (ENRAGED) HOW DARE YOU ALL TALK TO ME THIS WAY!?

Vince: We can talk to you however we want.

Naruto: So get ready Sasuke. The Uchiha Clan meets its end today.

Vince: You will pay for everything your clan has done over the centuries.

Evil Sasuke: You think you have what it takes to face me? I'm an elite from the strongest clan in the world.

Vince: Enough you Freak!

Vince and Carol went Super Angel 4 and Naruto spread his wings and Sakura had the Hundred Strengths Seal appear in the middle of her forehead.

Carol: Your overconfidence will be your undoing.

Vince: Lets dance.

(Tourniquet by EvanEscence Plays)

They dash at Evil Sasuke and Vince punched him in the face and Carol kicked him in the back. Naruto punched Evil Sasuke in the face and they engaged in a brutal and extremely savage and ferocious fist fight. They broke away and Evil Sasuke threw a kunai with a paper bomb and Naruto fired a blast of wind that blew it back and it exploded.

Evil Sasuke: Why you!? (Goes through Hand Signs) FIRE STYLE: FIREBALL JUTSU!

He fired a huge fireball at Naruto and he fired a massive ball of wind and it destroyed the fireball.

Carol fired Godzilla's Orange Atomic Ray and it hit him in the chest and blew his shirt apart and little explosions blew holes in his body. He was in a lot of pain but he was really strong.

Evil Sasuke: I HATE YOU!

Their auras flared up to an extreme intensity.

Carol: Thanks for the power boost fool!

Evil Sasuke: I'll show you that I'm stronger than all of you!

He fired another fireball and Carol fired another atomic ray and the blasts collided and they exploded with incredible power and most of the valley was turned into a sea of fire.

Naruto formed a Rasengan and slammed it into Evil Sasuke's back and sent him crashing into a cliff.

He exploded out of the rubble and Vince charged and punched Evil Sasuke in the face and they locked hands and Vince and Evil Sasuke's auras flared up. Vince's Aura was Blue and Evil Sasuke's was pitch black. Their powers clashed and the energy from their intense power was causing the entirety of the planet to quake violently. The skies darkened with storm clouds and lightning was striking everywhere and setting the forests on fire. Vince kicked Evil Sasuke in the face and they went at eachother in a savage fistfight and it was brutal. They backed away and Vince kicked him in the face and they saw his Curse Mark spreading.

Carol: His Curse Mark is acting up.

Naruto: Now things are getting interesting.

Sakura: Yeah.

Vince: So its come to this.

Sasuke then went into his Level 2 Curse Mark Form.

Vince: So this is your Curse Mark Form. I must say it makes you look uglier than you were before. But for the record I was holding back myself.

Carol: Me too. Now you will face our true power.

Vince: And just for the record Sasuke we were just warming up.

Evil Sasuke was now blinded by anger.

(Gohan's Anger Theme plays)

The ground was shaking worse than it did before and the lightning in the skies intensified. Vince and Carol were thinking about everything they went through and all the friends they have and the support we gave them and how they became much stronger they became with them. Suddenly their power skyrocketed to an incredible level and in a massive blinding flash of light they released the full extent of their power in a powerful burst of energy. The Light was so bright that it could be seen all the way from the Hidden Rock.

When the light faded Vince and Carol were forever changed. They were now Super Angel 10,000. Their power was incredible and they were now far stronger than ever before.

Vince: Now this is the kind of power that you should be afraid of Sasuke.

Evil Sasuke was enraged by the feel of their massive power.

Evil Sasuke: I WANT THAT POWER!

He dashed and he tried to punch and kick Vince and Carol at a relentless level. But they were dodging all of his attacks with incredible speed. Evil Sasuke then punched Vince in the face, but Evil Sasuke got the biggest surprising shock of his life when he saw that his punch to his face didn't even make him flinch. Even with the help of Orochimaru's power he was no match for the sheer magnitude of Vince's power.

Vince: If that is all that you're made of Sasuke, it's really pathetic. And you call yourself an Elite. You're nothing more than a low grade amateur.

But when Evil Sasuke heard that word he snapped and released all of his power in a massive and unrelenting explosion of insane anger and rage! He was so out of his mind with so much rage and fury that it was beyond all forms of human comprehension. He was clenching his fists so hard that blood was gushing out of them. He went at Vince and Carol with such relentless rage and fury and he and Vince & Carol clashed in a ferocious fistfight of incredible power. The fight was so explosive and powerful that it was unbelievable. Massive Shockwaves and fiery explosions destroyed the entire landscape around them and were setting much of the area on fire. Evil Sasuke was not gonna stop until he kills them. He was completely out of his mind with so much ballistic fury that it completely destroyed his sanity to beyond the point of zero reasoning. The arteries and veins in his eyes were showing. This shows that his blood pressure was through the roof. He was completely insane with rage.

Evil Sasuke: I WILL KILL YOU!

Evil Sasuke then backed away and he charged up a Chidori to beyond Maximum Power.

Vince: So that's how you want to go. Carol lets waste this monster!

Carol: You got it.

Vince & Carol: (Cups Hands to Side) KAAAA! MEEEE! HAAAA! MEEEE!

Evil Sasuke: You're all finished!

He charged.

Vince & Carol: HAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAA!

They fired a Kamehameha Wave at Evil Sasuke and he jabbed the energy blast and it exploded with incredible power.

KRAAAAAAAAAAABBBBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOO

The explosion was so powerful and so devastating that the blast vaporized everything within the blast radius and the shockwave from the explosion blew everything away with incredible power. A Massive Mushroom Cloud could be seen for miles. When the smoke cleared the entire Final Valley was completely reduced to rubble and was completely engulfed in a raging inferno.

Naruto: Wow! What power!

Sakura: Unbelievable! How can they have such enormous power?

Naruto: Bro and sis worked so hard to get where they're at.

Sakura: Incredible.

Vince and Carol were not even in the least bit exhausted. But when the smoke cleared they saw that Evil Sasuke was still standing but he was severely drained. But his insanity was still giving him more Chakra.

Carol: I'm impressed you were able to survive that.

Vince: Yes but his Chakra has been drained. Now I'll finish him.

Evil Sasuke: I will kill you!

He starts charging them and Vince charged and had his fist ready.

Vince: You will pay for everything your clan has done!

Evil Sasuke: My Clan is the Future of this world!

Vince: There is no future for you! You and your clan are not and ever will be Welcome Here! SUPER DRAGON FIST!

He had a Golden Dragon form around him and he plowed all the way through Evil Sasuke's torso with devastating force and he had a huge hole in him and blew out the entirety of his chest. Kakashi arrived and he saw Evil Sasuke with a huge hole through him. Then Evil Sasuke exploded all over the place as a pile of burning embers.

KABOOOOOMMMMM!

Vince: That's it for him.

Carol: It sure is. Sasuke was no match for all of us.

Sakura: No he wasn't.

Vince and Carol powered down.

Vince: We won guys. Sasuke is dead and the Uchiha Clan along with him.

Sakura: Yep.

Evil Sasuke's charred headband was all that was left of him.

Vince picked it up and slashed through the symbol of the Leaf.

Vince: Burn in Hell, Sasuke Uchiha along with the rest of your wretched clan.

Vince merged Naruto and Sakura and all of the Leaf with their counterparts and the Simulation ended. They came out and we were cheering wildly for them.

Me: Awesome job partner!

Vince: Thanks J.D.

Luna: That was rockin dude!

Luan: It sure was.

Maggie: That was so awesome.

Haiku: It sure was.

Linka: Yeah. Our next game is a Humiliation session with the Griffin's.

Vince: All right!

Carol: This is gonna be awesome! As always.

Me: Yep.

We went to the heart of the City.

---

In the heart of the city we were ready for more humiliation.

Me: Okay partner. Since it's your birthday you get to have first crack at them.

Vince: Okay. Watch this.

Vince pulled out a huge rotten watermelon and it smelled really horrible.

Varie: Ugh! That watermelon smells really horrible!

Vince: It's a really rotten watermelon.

Lana: Cool!

Vince: J.D., Varie can you help me sling it to Peter?

Me: You got it partner.

I pull out a giant rubber band and stretch it. I give one end to Varie and we stretch it and Vince pulled it back a long way.

Vince: Watch this guys. Rotten Apple in the face.

Vince let the watermelon go and it hit Peter square in the face with tremendous force and it splattered all over him.

KERSPLAT!

Me: Bullseye!

Carol: Nice shot!

Everyone laughed at Peter and he was covered in rotten watermelon and juice.

Peter: You know you are one majorly disgusting bunch of freaks, you know that!?

Me: Ah your brother bites whale barnacles!

Everyone: Oooohhhh!

Lincoln: I got something.

Lincoln walked up to Lois and put a cigar in her mouth and lit it and ran. It exploded in her face.

KABOOM!

We laughed at Lois.

Me: The old exploding cigar trick. Always a classic. Great job buddy.

Lincoln: Thanks J.D.

Luan: That's one Smoke that goes out with a Bang! (Laughs) Get it?

We all laughed.

Me: (Laughs) That was a good one Luan.

Varie: (Laughs) It sure was.

Jared: I got something. I always wanted to try this. Luan may I borrow a Branding Iron?

Luan: Sure Jared.

She pulled out a case and it was full of Branding Irons.

Jared: Lets see. [Sees a good branding iron] This one is perfect.

Luan: That's a good one Jared.

Jared: No need to light it Luan. I can do it.

Luan: Okay.

Jared walked up to Peter and pulled his pants down and used his fire powers to make the branding iron red hot.

He stuck the brand on Peter and he screamed in pain. On his butt was the name Fart Face.

Jared: This is what you get for farting in Meg's face all the time.

Jared cooled down the branding iron and took a picture of the brand.

He showed it to everyone and we were laughing at him.

Meg: That's a good name for him.

Jared: It sure is. Thanks for letting me borrow this Luan. [Gives the branding iron back to her]

Luan: You're welcome Jared.

Linka: I got something.

Linka pulled out a little red candy.

Lola: A piece of candy?

Linka: Not just any piece of candy Lola. This is the spiciest and hottest candy in the world. It's the Dragons Breath Inferno Candy Ball. It's infused with pure Capsaicin Extract from the Hottest Pepper on the planet - The Dragons Breath Pepper.

A nuclear explosion forms in the background behind it for a dramatic effect and Satanic Cultist music could be heard.

We all gasp in sheer horror.

Lori: That candy will literally kill them!

Lucy: I'll make sure they get a proper funeral.

Me: Oh this is gonna be good!

Kakashi: I had no idea that there is a candy that is that spicy and potent.

Me: Me neither Kakashi-sensei. I saw these candies on the internet and it's like handling pellets made of pure Uranium or Plutonium enhanced 100-fold.

Kakashi: I believe it J.D.

Linka took out the candy from the packet and gave it to Peter and when he tasted it he screamed in excruciating pain as a massive burst of fire exploded from his mouth.

Me: Hit the deck!

We ducked and Lola, Aylene and Yuko were absorbing the fire and we were laughing at him and it was too funny.

Lana: I got something I can do.

Lana pulled out a container of extra strong itching powder and she shoved it down Peter and Lois' pants and they were itching like crazy.

We were laughing at them some more.

Lana: Extra strong itching powder.

Luan: That's something to scratch up! (Laughs to Rimshot) Get it?

We laugh at Luan's joke.

Me: (Laughs) That was funny!

Rachel: It sure was.

Aylene: That was a good one.

Me: I got something. Be right back.

I used Instant Transmission and beam somewhere.

I went to Tehran, Iran and met the Dirtiest Man in The World - Amou Haji. He never took a bath for 60 years. YUCK! I gave him some Iranian Money and took him with me to America for a job.

Me: Guys this is Amou Haji, the man that went the longest ever without taking a bath. He went for 60 years without one and the Guinness Book of World Records calls him the Dirtiest Man in the world.

Everyone: EW!

Lana: Awesome!

Lana was in the presence of a legend.

Amou rubbed his stinky pits in Peter's face and he broke away and he was hurling his guts out and Amou farted in Lois' face and she did the same thing.

We laughed at them and we were rolling on the floor.

I beam him back to Iran.

Ace: I would like to try something.

Me: Go for it Mariah.

Ace walked up to them and her eyes glowed orange and Lois and Peter saw everything turned into sweet food.

Peter: Oh wow! Give me all that chocolate!

Lois: (Muffled) I want some sweets!

Me: What did you make them see Mariah?

Ace: I made them see everything as Sweets.

Me: The Old Sweet Tooth Insanity trick. Very clever. Great job.

Vince: That was so much fun!

Me: It sure was.

---

Back at home we had an entertainment show.

Me: We have a great show for you all. We're gonna be singing for you all. First up is Lincoln Loud.

The curtain opened and Lincoln had a guitar with him.

Lincoln: My song for you all is The Thunder Rolls by Garth Brooks.

Me: Good choice buddy. Not really a fan of country western music but that's one of my favorites that I've known since I was a little kid.

Lincoln: Cool.

Lincoln started playing and the room turned into a raging thunderstorm with lots of lightning and thunder was rumbling.

Lincoln: (Singing)

Three thirty in the morning

Not a soul in sight

The city's lookin' like a ghost town

On a moonless summer night

Raindrops on the windshield

There's a storm moving in

He's headin' back from somewhere

That he never should have been

And the thunder rolls

And the thunder rolls

Every light is burnin'

In a house across town

She's pacin' by the telephone

In her faded flannel gown

Askin' for a miracle

And hopin' she's not right

Prayin' it's the weather

That has kept him out all night

And the thunder rolls

And the thunder rolls

The thunder rolls

And the lightnin' strikes

Another love grows cold

On a sleepless night

As the storm blows on

Out of control

Deep in her heart

The thunder rolls

She's waitin' by the window

When he pulls into the drive

She rushes out to hold him

Thankful he's alive

But on the wind and rain

A strange new perfume blows

And the lightnin' flashes in her eyes

And he knows that she knows

And the thunder rolls

And the thunder rolls

The thunder rolls

And the lightnin' strikes

Another love grows cold

On a sleepless night

As the storm blows on

Out of control

Deep in her heart

The thunder rolls

We cheered wildly for Lincoln.

Me: Great job buddy.

Lincoln: Thanks guys.

Lana: That was awesome Lincoln!

Me: It sure was. Next we have Lori.

Lori came on.

Lori: I'm going to be singing to you all Adiemus by Karl Jenkins.

Me: That's one of my favorites. I've known that song for a long time.

Lori: I love the beauty of it.

The room turned into the beauty of the Great Barrier Reef from Australia.

Lori: (Singing Divinely)

heeheeheeheeheeheeheehee…

adie adie mus ta de adie adie a mus ta

adie na ta mus ta me adua

adie adie tu e ma de adie adie tu e ma adie adie tu e made…

adie adie tu e made nade…

yakama yamaya kayame ( ha do way hee hee…) ( 6x)

yaa, kaa haa maa mee ( hadua)

yaa, kaa haa maa mee hadua ( haye,waye…)

We saw many different kinds of fish and more and even mermaids. It was breathtaking.

When the song ended we cheered wildly for her and we had no idea she could sing with such divine beauty.

Me: Way to go Lori! That was amazing!

Bobby: Oh Babe that was amazing! I didn't know you could sing so beautifully!

Ronnie Anne: That was so awesome!

Lori: Thanks guys. And thanks Boo Boo Bear.

Me: It was awesome. Next is Laney Loud.

Laney: Thank you. My song for you all is Calling Me Home by Kate Price.

Me: Another one of my favorites. Good choice Laney.

Laney began playing a guitar and the area changed into a beautiful forest in Russia.

Laney: (Singing Divinely)

In the shadow of the night I hear you calling out my name

Never heard your voice before, yet it sounds the same

As I had imagined it on a thousand nights before

Never thought you'd come for me, lost forevermore

But I can hear you calling, calling me home

I can hear you calling, calling me home

I can feel the pounding of his heart within my breast

Ever beating, ever drumming, it never seems to rest

It drives me on, leads me where my other senses fail

Leads me down this road to you, lit with moonlight pale

And I can hear you calling, calling me home

I can hear you calling, calling me home

As I approach the clearing, I recognize this place

And you with the heavens, shining in your face

A spirit strong and gentle, I ache to hold you in my arms

I feel as I have fallen under some forgotten charm

And I can hear you calling, calling me home

I can hear you calling, calling me home

Vapor in the midnight air, a vision there you stand

A broadsword and an eagle feather in your hands

I know not of me body quakes with passion or with fear

But as I reach my arms to you, you disappear

But I can hear you calling, calling me home

I can hear you calling, calling me home

Awake I sit bolt upright, I'm safe within my bed

The power of your calling still echoes in my head

Who or what you are, I guess I'll never really know

But every time you come for me, I'll go I can hear you calling, calling me home

We cheered wildly for her when the song was done.

Luna: Lanes that was rockin'!

Luan: It sure was. Laney has an awesome singing voice.

Lynn: She sure does.

Laney: Thanks guys.

Me: Great performance Laney. That was really well done. Next up is Lucy.

Lucy came on.

Lucy: My song for you all is It's the Fear by Within Temptation.

Me: Great choice Lucy. One of my favorites.

Lucy: I know.

The song started and the room turned into a huge void of darkness and the Star of Satan appeared in fire.

Lucy: (Singing Divinely)

It waits for the day, I will let it out

To give it a reason, to give it its might

I fear who I am becoming,

I feel that I am losing the struggle within

I can no longer restrain it,

My strength, it is fading

I have to give in

It's the fear,

The fear of the dark

It's growing inside of me

They won, they will come to life

Have to save,

Save my beloved,

There is no escaping

Because my fate is horror and doom

Hold down your head now,

Just let me pass by

Don't feed my fear,

If you don't want it out

I fear who I am becoming,

I feel that I am losing the struggle within

I can no longer restrain it,

My strength, it is fading

I have to give in

It's the fear,

The fear of the dark

It's growing inside of me

They won, they will come to life

Have to save,

Save my beloved,

There is no escaping

Because my fate is horror and doom

Long ago, it came to me and ever since that day,

Infected with it's rage

But it ends today

It's the fear,

The fear of the dark

It's growing inside of me

They won, they will come to life

Have to save,

Save my beloved,

There is no escaping

Because my fate is horror and doom

We saw horrific demons, monsters and everything that was dark and scary.

When the song ended we cheered wildly for Lucy.

Me: Lucy that was awesome!

Lucy: Thanks J.D. I have a voice that sounds just like Sharon Den Adel when I sing.

Me: I believe it.

Laney: I was shocked myself.

Luna: Luce change that was rockin'! YEAH!

Me: It sure was. Now next is Lola.

Lola: I'm gonna be singing Major Tom by Peter Schilling.

Me: Good choice Lola. One of my favorites from the 1980's and

Peter Schilling used to be one of the Legendary Moody Blues.

Lola: Neat.

The song started and the room turned into an illusion of us above planet Earth.

Lola: (Singing Divinely)

Standing there alone

The ship is waiting

All systems are go

"Are you sure?"

Control is not convinced

But the computer

Has the evidence

No need to abort

The countdown starts

Watching in a trance

The crew is certain

Nothing left to chance

All is working

Trying to relax

Up in the capsule

"Send me up a drink"

Jokes Major Tom

The count goes on
Four, three, two, one
Earth below us
Drifting, falling
Floating weightless
Calling, calling home
Second stage is cut
We're now in orbit
Stabilizers up
Running perfect
Starting to collect
Requested data
"What will it affect
When all is done?"
Thinks Major Tom
Back at ground control
There is a problem
"Go to rockets full"
Not responding
"Hello, Major Tom
Are you receiving?
Turn the thrusters on

We're standing by"

There's no reply

Four, three, two, one

Earth below us

Drifting, falling

Floating weightless

Calling, calling home

Across the stratosphere

A final message

"Give my wife my love"

Then nothing more

Far beneath the ship

The world is mourning

They don't realize

He's alive

No one understands

But Major Tom sees

"Now the light commands

This is my home

I'm coming home"

Earth below us

Drifting, falling

Floating weightless

Coming home

Earth below us

Drifting, falling

Floating weightless

Coming home

Earth below us

Drifting, falling

Floating weightless

Coming, coming

The song also showed us some of the most famous rocket launches and disasters of the 20th century and early 2000's. We saw the 1986 Challenger Tragedy and the 2003 Columbia Tragedy.

We cheered wildly for Lola.

Me: That was awesome Lola.

Lola: Thanks J.D.

Lincoln: I didn't know you could sing so good Lola.

Lola: It's a big talent Linky.

Me: I know those events that you showed us when you sang. They were the most famous rocket launches and failures in NASA. The most famous ones of them all were the 1986 Challenger Tragedy and the 2003 Columbia Tragedy.

Lana: What happened to the Challenger Shuttle, J.D.?

Me: That was a horrible tragedy Lana. It was back 32 years ago on January 28, 1986. 73 seconds into the launch, there was a fuel tank problem and the shuttle exploded. Killing all 7 people on board.

Everyone gasped.

Leni: That's totes awful.

Luan: It sure was.

Lynn: Yeah.

Lana: That's horrible. How did the Columbia Shuttle explode?

Me: That was a strange tragedy. On February 1, 2003 the Columbia Shuttle was returning from its two week mission and its heat shields failed to activate upon reentry into the planets atmosphere. The shuttle came in at about 35,000 miles per hour and it exploded into a thousand pieces. Killing all 7 people on board.

Lisa: It appears that there were a bunch of mechanical failures over the decades when we entered the Space Age.

Me: There were Lisa. That's because we didn't have the necessary parts over that length of time. Next is May and Yumi.

May: We're gonna sing I Got My Scream On by China Anne Mcclain.

Me: Ooh good choice.

They were singing and the area turned into a bog loaded with lots of butterflies.

May and Yumi: (Singing Divinely)

Yumi: Lost in the dark it's midnight (midnight)

Stuck in between I can't hide (can't hide)

Everywhere I turn they're out to get me on their side

I'm freaking out in My my my my my mind

May: There's something in the air

There's shadows everywhere

Never been so scared beware

Bewar-ar-ar-ar-are

May and Yumi: I got my scream on

I feel the vib (Oh Yeah)

I'm torn between there and here

I got to choose the side

I'm on before the break of dawn (yeah)

I Got My Scream On

Yumi: Creeping around this madness (madness)

No horror flick can top this (top this)

Even in my heart they got me so divided

Got to take control just sto-o-o-o-o-o stop it

May: There's something in the air

There's shadows everywhere

Never been so scared beware

Bewar-ar-ar-ar-are

May and Yumi: I got my scream on

I feel the vib (Oh Yeah)

I'm torn between there and here

I got to choose the side

I'm on before the break of dawn (yeah)

I Got My Scream On

I feel the vib (Oh Yeah)

I'm torn between there and here

I got to choose the side

I'm on before the break of dawn (yeah)

May: I just got to scream

I just got to scream

Yumi: (yeah) I just got to scream out

I just got to scream

May and Yumi: I got my scream on

I feel the vib (Oh Yeah)

I'm torn between there and here

I got to choose the side

I'm on before the break of dawn (yeah)

I Got My Scream On

I feel the vib (Oh Yeah)

I'm torn between there and here

I got to choose the side

I'm on before the break of dawn (yeah)

I Got My Scream On

We cheered wildly for them.

Me: That was awesome girls! Well done!

May: Thank you J.D.

Me: You're welcome. Now for me. I'm going to sing my mothers favorite song by Journey: Separate Ways.

I start playing the song and the room turned into a mountainous planet.

Me: (Singing Divinely)

Here we stand

Worlds apart

Hearts broken in two, two, two

Sleepless nights

Losing ground

I'm reaching for you, you, you

Feelin' that it's gone

Can't change your mind

If we can't go on

To survive the tide

Love divides

Someday love will find you

Break those chains that bind you

One night will remind you

How we touched

And went our separate ways

If he ever hurts you

True love won't desert you

You know I still love you

Though we touched

And went our separate ways

Troubled times

Caught between confusion and pain, pain, pain

Distant eyes

Promises we made were in vain, in vain, in vain

If you must go

I wish you love

You'll never walk alone

Take care, my love

Miss you, love

Someday love will find you

Break those chains that bind you

One night will remind you

How we touched

And went our separate ways

If he ever hurts you

True love won't desert you

You know I still love you

Though we touched

And went our separate ways

No

Someday love will find you

Break those chains that bind you

One night will remind you

If he ever hurts you

True love won't desert you

You know I still love you

I still love you, girl

I really love you, girl

And if he ever hurts you

True love won't desert you

No, no

My mom was dancing like mad and she was enamored by it. When I was done everyone cheered wildly.

Me: THANK YOU!

Luna: J.D. You are rockin'!

Sam: That's rockin' LOVE! YEAH!

Me: Thank you guys. Thank you. Now we have Kevin and Duncan.

Duncan: We're gonna be singing The Boys are Back from High School Musical 3

Me: Good choice guys.

The song was playing and we were in a High School Hallway.

Kevin & Duncan: (Singing)

Kevin: Take it back to the place where you know it all began

Duncan: We could be anything we wanna be

Kevin: We can tell by the noise

That the boys are back again

Duncan: Together making history

Both: It's time to show how

Kevin: To be a super hero

Both: Just like a showdown

Duncan: Will Smith and Bobby DeNiro

Both: We're the best, no doubt

Kevin: Doin' it like we used to do

Both: This is our town

Duncan: And I'm telling you

Both: OOOHHH

Both: The boys are back, hey

The boys are back

The boys are back… going to do it again

Going to wake up the neighborhood

The boys are back, yeah

The boys are back

Climbing up the walls, any time we want

The word is out, the boys are back

The boys are back

Back to save the day

The boys are back, oh yeah

[Troy:] Keep coming with the right, Win the fight, every single time

[Chad:] Undefeated here in our house, yeah

[Both:] We can rock, we can shock

Any time we like

Duncan: And tonight we're going all out

Both: It's time to show how

Kevin: To be a super hero

Both: Just like a showdown

Duncan: Keep the pedal to the metal, go!

Both: We're the best, no doubt

Kevin: Doing it like we used to do

Both: This is our town

Duncan: And I'm telling you, oh

Look out

Both: The boys are back, hey

The boys are back

The boys are back… going to do it again

Going to wake up the neighborhood

The boys are back, yeah

The boys are back

Climbing up the walls, any time we want

The word is out, the boys are back

The boys are back

Back to save the day

The boys are back

Kevin: Here to change the world

Duncan: To solve the mystery, fight the battle

Both: Save the girl

(no one) No one can stop us now

We're the ones that make the rules

(instrumental)

Both: The boys are back

Ohhh, yeah

The boys are back, hey

The boys are back, the boys are back

Gonna do it again

Gonna wake up the neighborhood

The boys are back, yeah

Climbing up the walls

Any time we want

Kevin: No need to worry, cause

Both: The boys are back, hey

The boys are back, look out now

The boys are back, gonna do it again

Duncan: And we make it look good

Both: The boys are back, yeah

The boys are back

Tearing down the walls

Any time we want

I'm sure that you know by now

Both: The boys are back!

We cheered wildly.

Me: That was awesome boys!

Duncan: Thanks J.D.

Kevin: Thanks man.

Eddy: Great job guys.

Me: Yeah. Next up is Varie.

Varie: I'm gonna be singing Neverending Story by Limahl.

Me: Great song choice. I've known that song since I was little. It was made 34 years ago in The Neverending Story from 1984.

Varie: That's right.

Lincoln: That's cool.

Vince: I can't wait.

Varie started playing and it turned into a beautiful sky loaded with clouds everywhere.

Varie: (Singing Divinely)

Turn around

Look at what you see

In her face

The mirror of your dreams

Make believe I'm everywhere

Given in the light

Written on the pages

Is the answer to a never ending story

Ahahah ahahah ahahah…

Reach the stars
Fly a fantasy
Dream a dream
And what you see will be
Rhymes that keep their secrets
Will unfold behind the clouds
And there upon a rainbow
Is the answer to a never ending story
Ahahah ahahah ahahah…
Story
Ahahah ahahah ahahah…
Show no fear
For she may fade away
In your hand
The birth of a new day
Rhymes that keep their secrets
Will unfold behind the clouds
And there upon a rainbow
Is the answer to a never ending story
Ahahah ahahah ahahah…
Never ending story
Ahahah ahahah ahahah…

Never ending story

Ahahah ahahah ahahah…

Never ending story

Ahahah ahahah ahahah…

We saw beautiful cloud formations and more. When it was done we cheered wildly and Me and Varie kissed.

Me: Varie that was awesome!

Varie: Thanks hon.

Me: You're welcome. Next up is Nicole.

Nicole: Thanks dad. I'm going to be singing Rain by Madonna.

Me: Good choice. I've known that song for a long time.

Nicole started playing and the area became a huge thunderstorm and it started raining and lightning was striking.

I feel it, it's coming

*[Chorus:]*

Rain, feel it on my finger tips

Hear it on my window pane

Your love's coming down like

Rain, wash away my sorrow

Take away my pain

Your love's coming down like rain

When your lips are burning mine

And you take the time to tell me how you feel

When you listen to my words

And I know you've heard, I know it's real

Rain is what this thunder brings

For the first time I can hear my heart sing

Call me a fool but I know I'm not

I'm gonna stand out here on the mountain top

Till I feel your

*[chorus]*

When you looked into my eyes

And you said goodbye could you see my tears

When I turned the other way

Did you hear me say

I'd wait for all the dark clouds bursting in a perfect sky

You promised me when you said goodbye

That you'd return when the storm was done

And now I'll wait for the light, I'll wait for the sun

Till I feel your

*[chorus]*

*[The sun peared through a hole in the storm clouds]*

Here comes the sun, here comes the sun

And I say, never go away

Waiting is the hardest thing

(It's strange I feel like I've known you before)

I tell myself that if I believe in you

(And I want to understand you)

In the dream of you

(More and more)

With all my heart and all my soul

(When I'm with you)

That by sheer force of will

(I feel like a magical child)

I will raise you from the ground

(Everything strange)

And without a sound you'll appear

(Everything wild)

And surrender to me, to love

[Lightning strikes everywhere at a ferocious level]

Rain is what the thunder brings

For the first time I can hear my heart sing

Call me a fool but I know I'm not

I'm gonna stand out here on the mountain top

Till I feel your

Rain, I feel it, it's coming

Your love's coming down like *[repeat]*

*[chorus]*

Rain, I feel it, it's coming

Your love's coming down like

Rain, I feel it, it's coming

Your love's coming down like

[A rainbow shined in the storm clouds]

I'll stand out on a mountain top and wait for you to call my name

Rain

We cheered wildly for Nicole but we were soaking wet.

Me: That was awesome Nicole!

Nicole: Thanks dad.

Lincoln: That… Was… AWESOME!

Paige: It sure was Linky.

Rachel: That is gonna be one of my favorite songs.

Me: I'm glad Rach. Next is Natilee.

Natilee: Thanks dad. I have two songs for you all to play. My 1st song is Téir Abhaile Riú. That's Celtic Gaelic for Oh Go Home.

Me: Interesting.

Natilee began playing and it turned into the beautiful Irish Lands.

Natilee: (Singing)

Look how the lights of the town

The lights of the town are shining now

Tonight I'll be dancing around

I'm off on the road to Galway now

Look how she's off on the town

She's off on a search for sailors though

There's fine fellas here to be found

She's never been one to stay at home

Home you'll go and it's there you'll stay

And you've work to do in the morning

Give up your dream of going away

Forget your sailors in Galway

Téir abhaile riú, téir abhaile riú

Téir abhaile riú Mhearai

Téir abhaile gus fan sa bhaile

Mar tá do mhargadh déanta

Come now and follow me down

Down to the lights of Galway where

There's fine sailors walking the town

And waiting to meet the ladies there

Watch now he'll soon be along

He's finer than any sailor so

Come on now pick up your spoons

He's waiting to hear you play them, whoo!

Here today and she's gone tomorrow

And next she's going to Galway

Jiggin' around and off to town

And won't be back until morning

Téir abhaile riú, téir abhaile riú

Téir abhaile riú Mhearai

Téir abhaile gus fan sa bhaile

Mar tá do mhargadh déanta

Off with a spring in my step

The sailors are searching Galway for

A young lady such as myself

For reels and jigs and maybe more

Stay here and never you mind

The lights of the town are blinding you

The sailors they come and they go

But listen to what's reminding you

Handsome men surrounding you

Dancing a reel around you

Home you'll go and it's there you'll stay

And you've work to do in the morning

Give up your dream of going away

Forget your sailors in Galway

Téir abhaile riú, téir abhaile riú

Téir abhaile riú Mhearai

Téir abhaile gus fan sa bhaile

Mar tá do mhargadh déanta

Listen to the music flow

I'm falling for the flow of home

I'm home to dance till dawning

Téir abhaile riú, téir abhaile riú

Téir abhaile riú Mhearai

Téir abhaile gus fan sa bhaile

Mar tá do mhargadh déanta

Stay a while and we'll dance together now

As the light is falling

We'll reel away till the break of day

And dance together till morning

Téir abhaile riú, téir abhaile riú

Téir abhaile riú Mhearai

Téir abhaile gus fan sa bhaile

Mar tá do mhargadh déanta

Téir abhaile riú, téir abhaile riú

Téir abhaile riú Mhearai

Téir abhaile gus fan sa bhaile

Mar tá do mhargadh déanta

Do mhargadh de, do mhargadh déanta

We cheered wildly.

Me: That was awesome!

Natilee: Thanks dad. Now my next song is called Siúil A Rúin. That's Gaelic for Walk My Love. It's an ancient Irish Ballad that's about a woman waiting for her love to return to her from an event called the Glorius Revolution of 1688.

Jessie K: That event was known as the bloodless war. In 1689 it ended with the ousting of King James II of England and the start of the reign of King William III and Queen Mary II.

Laney: Wow! That's interesting.

Brittney: It sure is. It's one of my favorite events in Celtic History.

Linka: That's cool.

Natilee: Yeah.

The music played.

Natilee: (Singing)

Siúil, siúil, siúil a rúin

Siúil go sochair agus siúil go ciúin

Siúil go doras agus éalaigh liom

Siúil, siúil, siúil a rúin

Siúil go sochair agus siúil go ciúin

Siúil go doras agus éalaigh liom

Is go dté tú mo mhúirnín slán

I wish I was on yonder hill

'Tis there I'd sit and cry my fill

Until every tear would turn a mill

I'll sell my rod, I'll sell my reel

I'll sell my only spinning wheel

To buy my love a sword of steel

I'll dye my petticoats, I'll dye them red

And 'round the world I'll beg my bread

Until my parents shall wish me dead

Siúil, siúil, siúil a rúin

Siúil go sochair agus siúil go ciúin

Siúil go doras agus éalaigh liom

Is go dté tú mo mhúirnín slán

Siúil, siúil, siúil a rúin

Siúil go sochair agus siúil go ciúin

Siúil go doras agus éalaigh liom

Is go dté tú mo mhúirnín slán

Siúil, siúil, siúil a rúin

Siúil go sochair agus siúil go ciúin

Siúil go doras agus éalaigh liom

Is go dté tú mo mhúirnín slán

We cheered wildly for her.

Me: That was awesome Natilee!

Lincoln: It sure was.

Vince: Great job!

Natilee: Thanks guys.

Me: Awesome job Natilee. Next is Jared.

Jared: Thanks dad. I have two songs for you all. My 1st song for you all is from my grandpas movie from his past: El Dorado by George Alexander.

Linka: I remember that song.

Lily: That was an awesome song.

Jared starts playing and the room turned into Ship Rock in New Mexico.

Jared: (Singing)

Through sunshine and shadow, from darkness till noon

Over mountains that reach from the sky to the moon.

A man with a dream that will never let go

Keeps searching to find El Dorado. So ride, boldly ride, to the end of the rainbow.

Ride, boldly ride, till you find El Dorado. The wind becomes bitter, the sky turns to gray.

His body grows weary, he can't find his way.

But he'll never turn back though he's lost in the snow…

For he has to find El Dorado. So ride, boldly ride, to the end of the rainbow.

Ride, boldly ride, till you find El Dorado. My daddy once told me what a man ought to be.

There's much more to life than the things we can see.

And the godliest mortal you ever will know

Is the one with the dream of El Dorado. So ride, boldly ride, to the end of the rainbow.

Ride, boldly ride, till you find El Dorado.

When the song ended we cheered wildly.

Me: That was awesome son!

Jared: Thanks dad. It's one of my favorites. My next song is White Lightning by George Jones. Do you guys know what White Lightning is?

Lisa: It's an alcoholic beverage that is known as Moonshine.

Me: That's right Lisa. White Lightning is considered one of the most notorious drinks in all of the East Coast and it was very popular during the Prohibition Era in the 1920's.

Jared: That's right. That stuff to people tastes like you're drinking Kerosene. YUCK! I wouldn't even drink that stuff even if you paid me or held a gun to my head. But anyway this was George Jones most famous song. He died in 2013 and his legacy lives on.

Jared started playing and it turned into the Appalachian Mountains of North Carolina.

Jared: (Singing)

Well in North Carolina way back in the hills me and my old pappy and he had him a still

He brewed white lightnin till the sun went down

Then he'd fill up a jug and he'd pass it around

Mighty mighty pleasin my pappy's corn squeezin (whew (Hiccup) white lightnin)

Well the G men T men revenoers too searchin for the place where he made his brew

They were lookin tryin' to book him but my pappy kept on cookin

(Whew (Hiccup) white lightnin)

Well I asked my old pappy why he called his brew

White lightnin stead of mountain dew

I took a little sip and right away I knew

And my eyes bugged out and my face turned blue

Light has started flashin thunder started krashin (whew (Hiccup) white lightnin)

Well the G men T men revenoers too searchin for the place where he made his brew

They were lookin tryin' to book him but my pappy kept on cookin

(Whew (Hiccup) white lightnin)

Well a city slicker came and he said I'm tough

I think I want to taste that powerful stuff

He took one slug and he drank it right down I heard him moanin' as he hit the ground

Mighty mighty pleasin you'r pappy's corn squeezin (whew (Hiccup) white lightnin)

Well the G men T men revenoers too searchin for the place where he made his brew

They were lookin tryin' to book him but my pappy kept on cookin

(Whew (Hiccup) ooh that's all they hold at me)

Everyone cheered wildly for him.

Me: Great job son! That was awesome!

Jared: Thanks dad.

Me: Next up is Brittney.

Brittney: My song that I'm gonna play for you is The Mummers Dance by Loreena McKennitt.

Me: One of my favorites. Good choice.

Brittney was playing and the area changed into the beautiful River of Five Colors in Colombia.

Brittney: (Singing Divinely)

When in the springtime of the year

When the trees are crowned with leaves

When the ash and oak, and the birch and yew

Are dressed in ribbons fair

When owls call the breathless moon

In the blue veil of the night

The shadows of the trees appear

Amidst the lantern light

We've been rambling all the night

And some time of this day

Now returning back again

We bring a garland gay

Who will go down to those shady groves

And summon the shadows there

And tie a ribbon on those sheltering arms

In the springtime of the year

The songs of birds seem to fill the wood

That when the fiddler plays

All their voices can be heard

Long past their woodland days

We've been rambling all the night

And some time of this day

Now returning back again

We bring a garland gay

And so they linked their hands and danced

Round in circles and in rows

And so the journey of the night descends

When all the shades are gone

"A garland gay we bring you here

And at your door we stand

It is a sprout well budded out

The work of Our Lord's hand"

We've been rambling all the night

And some time of this day

Now returning back again

We bring a garland gay

When the song was done we cheered wildly for her.

Me: That was awesome Brittney!

Brittney: Thanks Dad.

Me: Next is Luna and Sam.

Luna: We're gonna be singing Rock you Like a Hurricane by the Scorpions.

Sam: It's gonna be awesome luvs.

Me: Good choice. One of my favorites.

The song played and the area turned into the eye of a Hurricane. It was Hurricane Isabel, the Strongest Hurricane from the 2003 Atlantic Hurricane Season.

Luna and Sam: (Singing)

It's early morning

The sun comes out

Last night was shaking

And pretty loud

My cat is purring

It scratches my skin

So what is wrong

With another sin?

The bitch is hungry

She needs to tell

So give her inches
And feed her well
More days to come
New places to go
I've got to leave
It's time for a show
Here I am, rock you like a hurricane
Here I am, rock you like a hurricane
My body is burning
It starts to shout
Desire is coming
It breaks out loud
Lust is in cages
Till storm breaks loose
Just have to make it
With someone I choose
The night is calling
I have to go
The wolf is hungry
He runs the show
He's licking his lips
He's ready to win

On the hunt tonight

For love at first sting

Here I am

Rock you like a hurricane (Are you ready, baby?)

Here I am

Rock you like a hurricane

Here I am

Rock you like a hurricane (Come on, come on, baby)

Here I am

Rock you like a hurricane

Rock you like a hurricane

It's early morning

The sun comes out

Last night was shaking

And pretty loud

My cat is purring

It scratches my skin

So what is wrong

With another sin?

The night is calling

I have to go

The wolf is hungry

He runs the show

He's licking his lips

He's ready to win

On the hunt tonight

For love at first sting

Here I am

Rock you like a hurricane (Are you ready, baby?)

Here I am

Rock you like a hurricane

Here I am

Rock you like a hurricane (Come on, come on, come on, come on)

Here I am

Rock you like a hurricane

Luna: GOOD NIGHT ESTATE!

We cheered wildly for them.

Me: That was great girls! Way to go!

Sam: Thanks J.D.

Luna: We rocked it Love!

Me: You both sure did. Now our last song for this is from Lily.

Lily: Hey guys. I'm gonna be doing my favorite song Ave Maria.

Lisa: An Opera Song. (Excited)

Me: That's one of the most gut-wrenching funeral songs. It means

Hail Mary and it was created by Franz Schubert.

Lily: That's right. I'm gonna be doing the one from Fantasia.

Me: That's always been one of my favorites.

Lily started playing the harp and the room turned into a beautiful sunset glow with rays of light shining through the clouds.

Lily: (Singing Divinely)

Ave Maria!

Now your ageless bell

so sweetly sounds for listening ears,

from heights of Heaven to brink of Hell

in tender notes have echoed through the years.

Aloft from earth's far boundaries

Each poor petition, every prayer,

the hopes of foolish ones and wise

must mount in thanks or grim despair.

Ave Maria!

Ave Maria!

You were not spared

one pang of flesh, or mortal tear;

So rough the paths your feet have shared,

So great the bitter burden of your fear.

Your heart has bled with every beat.

In dust you laid your weary head,

the hopeless vigil of defeat was yours

and flinty stone for bread

Ave Maria!

Ave Maria!

Heaven's Bride.

The bells ring out in solemn praise,

for you, the anguish and the pride.

The living glory of our nights, of our nights and days.

The Prince of Peace your arms embrace,

while hosts of darkness fade and cower.

Oh save us, mother full of grace,

In life and in our dying hour,

Ave Maria!

As the song played we were all crying in tears of happiness and we had our hearts touched. It was one of the most memorable and most gut-wrenching songs of all time.

When the song ended we were cheering wildly and it was a great way to finish a great session of entertainment.

Me: There you all have it. Happy Birthday Vince.

Megan: Happy Birthday big bro.

Sarah: Same here.

Vince: Thank you so much guys! You all made this the most awesome and greatest 23rd Birthday ever!

Me: We're glad you had fun partner.

We had an awesome time and it was a party worth remembering.

Happy 23rd Birthday Vince. I'm happy we could write this chapter for you. NicoChan11 gave me the song ideas and the humiliation pranks while the rest was all done by me. Let me know what you all think. I did this chapter as a tribute to the great George Jones.

RIP George Jones - September 12, 1931 to April 26, 2013.

See you all next time.

# A Family of Bears

It starts in the living room on the sofa. We were watching TV and playing cards.

Captain America: So this Sartorius person was going to use the Light of Destruction to destroy the universe?

Jaden: That's right. Good thing J.D. arrived in Duel Academy to arrest Crowler or we would've never been aware of it.

Syrus: Can you imagine what would've happened if J.D. hadn't informed us about Sartorius?

Mindy: I think he might've actually gone with his plan to brainwash everyone.

Chazz: He probably would've gone after me first.

Bastion: Sheppard most likely would've started another tournament if that happened.

Alexis: Well, let's not think about what might've happened. Besides, Sartorius is dead anyway. He can't hurt anyone anymore.

Me: Yeah. Had we not stop him he would've ultimately destroyed the entire universe.

Lincoln: It was horrible what he did.

Laney: It sure was.

Maria: And now he's in the darkness of Hell for all eternity.

Me: Yep.

Natilee: I have a dark secret I never told you about.

Lincoln: What's wrong Natilee?

Natilee always had a headband on and when she took it off she revealed a Sun-Shape Scar right in the Middle of her forehead.

Me: Whoa!

Lincoln: That's a nasty scar.

Laney: How did you get that?

Natilee: When I was born I was kidnapped by a cult that worshiped the Sun and they branded me with this symbol in the middle of my forehead.

Me: That's terrible.

Lori: It sure is. And they literally gave you that scar as a baby? That's bad.

Natilee: Yeah. Dad killed the cult in the future.

Me: I'm glad I did.

Isabelle: I have a secret too.

Isabelle lifted up her shirt and on her back was a long scar that went all the way from her lower back to her lower neck.

Me: Ooh!

Lincoln: Geez. What happened to your back Isabelle?

Isabelle: I had a nasty bacterial infection that was destroying my spine. When I was 13 I had a nasty and aggressive bacterial infection that was destroying my spine. The doctors had no choice but to replace my whole spine and the pain it had was excruciating. It felt like they were tearing my organs out. They replaced my spine with a cybernetically enhanced version of it.

Lola: Ooh! That must've really hurt.

Lana: Yeah that must've really been painful.

Isabelle: For me "Painful" is an understatement. [Pulls out a photo]

Here's what my spine looked like when the doctors removed it.

The photo showed Isabelle's spine and it was all black, rotten and gangrenous and it looked like something that was pulled out of a rotten corpse.

Lana: That is disgusting!

Lola: No kidding Lana. Isabelle that is awful!

Lori: No kidding. That is literally the most disgusting thing I've ever seen.

Me: That is horrible.

Isabelle: Yeah. The doctors diagnosed me with Gangrenous Necrotizing Osteomyelitis, an extremely rare and potentially fatal bacterial infection that destroys the spinal column. Only 1 in 840 million people get it.

Lucy: Gasp! That's horrible.

Lisa: A medical disease like that is highly possible. But because of its rare incidence rate, us finding a cure for it without the removal of the spinal vertabrae is highly unlikely.

Isabelle: That's right Lisa. The reason for that is because the bacteria that it's caused by is immune to all antibiotics. That's what makes it potentially fatal.

Lincoln: What kind of bacteria causes it?

Isabelle: Believe it or not it's the same bacteria that causes Tuberculosis. But it's fully immune to antibiotics. It's what doctors call a Super Bacteria. But because it's so rare hardly any cases of it have been reported around the world.

Laney: That's awful Isabelle.

Lana: Is this disease contagious?

Isabelle: Yes, but it can only be transfered through the mouth.

Me: Whoa! That's awful.

Spiderman: Yeah Isabelle. You've essentially been through a war.

Isabelle: I know. But my story does not end there. The new Spine I got enhanced my strength, reflexes and speed by 300 times and I had to get used to it after I recovered. While I rested during my recovery I had a vision and I saw the spirits of the animals and all that they represent and it was an amazing thing. I saw a wolf and it came to me. When I woke up I had this really cool ring on my middle finger and it had the wolf in it. That's how I became the Shaman of my family. I have this amazing power that lets me know what everyones spirit animal is.

Me: That's incredible.

Laney: Yeah. What's my Spirit Animal?

Isabelle: Your spirit animal Laney is the deer for Gentleness, Understanding and a need to not push others into change and nudge others in the right direction.

Isabelle sent blue dust and formed a ring on Laney's right middle finger and it had a brown gem with a deer on it.

Laney: Wow!

Lola: Laney that is a beautiful ring.

Lana: It sure is.

Laney: It's amazing.

Captain America: Yeah (To Maria) It was amazing that you got cured right before your former Meta Breed teeammates were defeated.

Francis: I honestly didn't expect that as well. As for me, I was defeated by Lola and Talia.

Teresa: And J.D. managed to cure me after a brief fight.

Captain America: What about the rest of your former allies?

Rubberband Man: Well, J.D. defeated my brother Ebon, Flamebird took out Puff, Static took down Kangor, Gear knocked out Ferret, and I helped Linka and Lincoln take down Hyde and Tantrum. Replay was knocked out way before the fight even started.

Captain America: I wonder why Ebon didn't ally himself with Magneto.

Maria: I'm wondering that myself. Now that I think about it, Ebon and Magneto are both similar in many ways.

Then we heard pecking on the window.

We saw a crow pecking and Laney went over.

Laney: What's wrong?

Crow: There's a disturbance over in the far north near Nunavut Bay, Canada.

Laney: What kind of disturbance?

Crow: A magical disturbance. It involves two bears named Kenai and Nika.

Laney: We better check it out. Maria, Lincoln, Lana, Shanan we better go.

Shanan: Right. Lets go guys.

They packed their fur parkas and set out for Nunavut, Canada. It was in a forest inside the Arctic Circle.

---

Shanan, Laney, Lana, Maria, and Lincoln were over Nunavut, Canada and they were in a forested area. The crow was leading them.

They saw 3 bears up ahead and it was awesome seeing them.

They landed and they were introduced to Kenai, Nika and Koda.

Shanan: It's a pleasure to meet all three of you.

Kenai: Same here Shanan. We heard so much about your achievements throughout the world.

Shanan: We get that all the time.

Laney: How did you two get turned into bears?

Kenai: My transformation was an accident. After the death of my brother Sitka I was turned into a bear by the lights that touch the mountains.

Lana: You mean like the Northern Lights?

Kenai: That's right.

Maria: That's awesome.

Lincoln: That is so cool!

Shanan: It sure is. Nita weren't you scared when you saw that Kenai was a bear?

Nita: I was at first but I accepted it quickly.

Maria: That's amazing.

Lincoln: Yeah.

Lana: Love works in mysterious ways as they say.

Koda. That's true Lana.

Laney: Don't you guys miss being Human?

Kenai: Yes. I do miss being human.

Nita: Me too.

Shanan: I know. How about I give you both the ability to transform back and forth at will?

Kenai: You can do that Shanan?

Shanan: I sure can. My powers allow me to do anything like my father.

Laney: It's true.

Nita: It would be nice to be human again.

Shanan: Would you also like the power to talk to animals too?

Kenai: That would be great.

Shanan: Okay. Lincoln, girls, you better cover your eyes.

Lincoln: Right.

Laney: You got it.

They did so.

Shanan: Here we go. (Snaps fingers)

Nita and Kenai roared in pain as they began to change. First, their heads reverted back to its human shape. Then their paws turned back into hands and feet. Next, their fur disappeared as it was replaced by skin. Finally, they regained her black hair. Kenai and Nita smiled as she happily stood up. But then, they realized she wasn't wearing any clothes.

Nita (covers her personal areas): Oops! I better find some clothes!

Kenai: Same here.

Maria: How do you feel, Nita?

Nita: Well, I'm happy that I'm human again. But we need ckothes. I'm kind of embarrassed.

Kenai: Same here.

Maria: No problem.

Maria pulled out a robe for both of them and they put them on.

Shanan: Okay you guys can look now.

Koda: So how does it feel to be human again Kenai?

Kenai: It's amazing Koda. With our new powers we can help people and animals alike.

Laney: Now you're talking.

---

Kenai and Nita were at the Estate and they were given new clothes by Leni. Nita got red and green summer clothes and Kenai got Blue and dark blue clothes.

Kenai: I look awesome. Thanks for the clothes Leni.

Leni: You're totes welcome Kenai. I figured Blue would suit you better.

Nita: And Red and green are perfect for me.

Me: Leni is the Fashion Master of the Loud Siblings. She has a wide extensive knowledge of all kinds of clothes.

Nita: That is so amazing.

Koda was being loved by everyone and more. Afterwhich we decided to build a special Yurt in the backyard near Lincoln's treehouse for them.

NicoChan11 gave me the idea for this chapter. Thanks man as usual. I love the Brother Bear movies. They were awesome! I love the song on that movie by Phil Collins On My Way. That's one of my favorites. It was a success back in 2003. Let me know what you all think.

See you all next time.

# The Hunter of The Concrete Jungle

It starts at a very luxurious hotel. It was a breathtaking and beautiful hotel.

In a penthouse room which had a beautiful space a man dressed in white clothes was being shown to the room.

He was a big bald guy.

He requested privacy when he was given the room. He was looking out at the futuristic city of Gotham Royal York. A mosquito flew by him and bit him. He pulled out a blowdart pipe and fired a dart at the mosquito and stuck it to the wall.

Bullseye.

---

At the estate we were watching TV and Playing card games. Isabelle was playing Card Games with Alice, Laney and Lisa.

Isabelle: Alice can I ask you a quick question?

Alice: (British Accent) Sure Isabelle.

Isabelle: What is your Wonderland like when you go there?

Alice: It's a magical and beautiful place. I have lots of friends there and it's a magnificent wonder.

Laney: It must be very beautiful.

Alice: It is. And Dr. Bumby almost ruined it.

Isabelle: That's horrible what he did to you. He was a monster.

Lincoln: He sure was.

Isabelle then suddenly sensed something not far away.

Isabelle: Uh oh.

Lincoln: What is it?

May: Is something wrong?

Isabelle: Yeah. I sense that Terry's brother Matt has been kidnapped by The Stalker.

Lincoln: Who's the Stalker?

I pull out my computer and reveal his file.

Me: He's called The Stalker. He's actually a big game hunter wanted on three continents for poaching. But he only goes after the most dangerous of predators.

May: He sounds really tough.

Inque: I've heard about him. Maybe we can convince him to join the Redemption Squad.

Me: That would be a good idea. Isabelle, Lincoln, Laney, you better go check it out.

Isabelle: You got it Grandpa. Where is he at?

I type in a map and it says that he's at the fancy hotel from earlier.

Me: He's at The Gotham Royal York Sylvan Hotel.

Isabelle: That's just over there. [Points at something]

Me: That's right. If you need back up let us know.

Isabelle: Got it.

They set out for the hotel.

---

They flew over the hotel.

Laney: Beautiful place.

Lincoln: This would make a great hotel for our next vacation.

Isabelle: It would but it's technically right across the street.

They saw Stalker and they land.

Isabelle: Stalker.

Stalker: Isabelle Knudson and Lincoln & Laney Loud. I've heard alot about you all.

Isabelle: We aim to please. Why did you kidnap Matt?

Matt: Yeah. Are you gonna cut my heart out? Eat my liver?

Stalker: Don't be dramatic. You are merely bait.

He took off a garb and they saw that he had a nasty scar that went all the way down from his neck to his lower back.

Matt: Freaky.

Lincoln: That's a nasty scar.

Matt: Yeah. What happened to your back?

Stalker: A hunting accident.

---

Stalker was on a hunting trip in South America.

Stalker: (Narrating) The Panther was wounded and I was careless.

A black panther with a lightning bolt shaped scar on its head pounced and mauled Stalker.

FLASHBACK PAUSE

Matt: Ouch.

Laney: That must've really hurt.

Stalker: It did. My back was broken in 5 places.

FLASHBACK RESUMES

Stalker was on an operating table and he was screaming in pain.

Stalker: They had to replace my spine. The operation was excruciating…

He was screaming in so much pain as they were operating that it was unbelievable.

Past Stalker: (SCREAMING IN PAIN)

He was then hanging in a suit while he was resting.

Stalker: But it artificially enhanced my strength and reflexes.

He broke free of the restraints somehow and he left the hospital.

Stalker: After I recovered I went back and with my bare hands got my revenge.

He pounced on the same panther that attacked him and he killed it with ease.

Stalker: It was easy. Too easy. I had become so powerful no prey could challenge me.

His home had trophies of every animal you could think of on his walls.

FLASHBACK ENDS

Isabelle: That's amazing.

Laney: It sure is.

Lincoln: Yeah.

Stalker: Yes. But to one who lives for the thrill of the hunt, this was a tragedy. My life was over until I heard that the legendary Batman had returned.

Matt: Batman?

Stalker: I'd always imagined this Batman to be an ageless soul, inhabiting the greatest warrior of each generation.

Isabelle: That's a very powerful spiritual belief. And I know just what you went through.

She lifted her shirt and revealed her scar.

Matt: Ouch. How did that happened Isabelle?

Isabelle: Unlike Stalker I had a deadly bacterial infection that destroyed my spinal column. They had to replace my whole spine and it was a really painful operation of unimaginable pain. When it was done I found out that it enhanced my speed and strength by 300 times. So you see Stalker we both had our spines replaced but we both had different causes that lead to it.

Stalker: That's interesting. And you are indeed right. You are a very strong spirited girl Isabelle and you are just like me.

Isabelle: Thanks. But there are other people out there that pose an even bigger challenge than Batman. You can use your skills to hunt them down and destroy them.

Stalker: I could and I'll keep that option available.

Stalker went to the edge of the porch and held his staff up.

Stalker: If this bat spirit really existed, it would present the ultimate challenge.

Laney: I'm sure it would.

Batman 2039: You want to fight Dreg? Lets go!

He flies toward Stalker and knocks him down.

Matt: Cool!

Laney: Whoa!

Batman punched stalker in the face 4 times and knocked him down. But he was really tough.

Stalker: Impressive. You've drawn first blood. Now it's my turn.

He grabbed Batman 2039 with his legs and threw him behind him and he hit a trap and a spiked ball of wooden stakes came down and he got out of the way. Batman 2039 went through a laser field and grabber cables came out and grabbed him.

Isabelle: Stalker lets see who's more skilled with a staff.

She formed a bo staff of pure ice and twirled it around.

Stalker: As you wish.

They went at eachother and clashed. It was a powerful and relentless clash.

Laney: Isabelle fights really well!

Lincoln: She sure does. I think Jared and J.D. taught her.

Matt: She's awesome. Can you guys get me out?

Laney: Sure.

Laney used her plant powers and bend the bars of the cage. Matt got out.

Laney: Are you all right Matt?

Matt: I sure am Laney. Thanks.

Laney: You're welcome.

Suddenly from out of nowhere as the fight raged on Stalker was hit in the shoulder with Captain America's shield. Me and Captain America were on the scene.

Me: Hunting season's over!

Captain America: That's right.

Stalker then got up and suddenly a powerful torrent of water came and drenched Stalker and immobilized him.

We saw Aquagirl.

Me: Aquagirl!

Laney: Awesome!

Aquagirl: Pleasure to finally meet you J.D.

Me: You arrived just in time.

Aquagirl: Thanks J.D.

Isabelle: Stalker you are a formidable adversary and you have what it takes to become the greatest hunter in the universe. My grandfather fought one of the Galaxy's most lethal hunters, The Yautja, and he earned their respect when he defeated one of them. But we have done so much around the planet and we even have had a dramatic impact on not just Planet Earth but on many planets across the entire universe. Sure evil will always exist and lots of people will always be in danger because of it. But we are the protectors of the universe and we will make sure that everyone is safe.

Me: That's right. We have a major responsibility that is far more powerful than anything any human can even imagine. We were given our powers for a reason and with great power comes a great responsibility.

Captain America: That's right. J.D. you remind me so much about myself that it's unbelievable.

Me: I believe it Captain.

Stalker: You're right. Perhaps it's time I change my ways. But I want to be called in as a member that will only be given missions whenever necessary.

Me: That's understandable.

Lincoln: I agree.

Laney: Me too.

Stalker was now a member of the Redemption Squad. He was gonna only be called in whenever there's a worthy hunt. He was gonna live in the hotel penthouse suite as his new home. Aquagirl and Maria have become best friends when they met for the first time. It was because they both have the same powers and more.

I got the idea for this one out of the blue. NicoChan11 gave me some of the ideas for it. Thanks man as usual. Stalker is one of my favorite villains in Batman Beyond. He is without a doubt the greatest hunter on Earth. Let me know what you think.

See you all next time.

# Mustard O' Mine

*[The episode begins at the Krusty Krab. A mother and a baby passes by and is greeted by a polite gentleman. A raspberry noise is heard. The mother turns and gives the gentleman an angry look, thinking it was him who made the noise. The noise is heard again. They turn and see a long line standing in the Krusty Krab. It turns out to be Mustard Day and SpongeBob is giving away mustard to the customers.]*

**SpongeBob:** Mustard, mustard, step right up for your mustard! *[flips the mustard container]* Some mustard for you. Eh, eh, eh. *[sprays mustard on a little boy's Krabby Patty]*

*[The mustard forms into a t-rex and it roars mustard in the boy's face.]*

**Boy:** *[his face is covered in mustard]* Cool!

**SpongeBob:** *[flips the mustard container]* A bit of the yellow for you. Doy. *[sprays mustard on Frankie Billy's Krabby Patty]*

*[The mustard forms into a sailboat. It whistles and rings its foghorn before it melts onto the patty. Frankie Billy laughs and skips away. Nancy Suzy Fish comes up and whispers something in SpongeBob's ear.]*

**SpongeBob:** Oh, okay. *[winks at Nancy Suzy Fish]* Eh. *[hops and spins the mustard container before spraying the mustard into a handsome man]* And a Mr. Mustard for you.

**Nancy Suzy Fish:** *[purrs as walks with her Mr. Mustard while licking him]* Mmm, yummy.

**SpongeBob:** Hyah! *[attempts to give mustard to Frank, but the mustard container is all out and it cough out a small drop of mustard]*

**Customers:** Aw.

**SpongeBob:** Hang on, folks, I'll be right back with more mustard. *[hops on the mustard container and drives on it like a car]* Whoo!

Lily: Ahoy there Mr. Squarepants.

Spongebob: Hey Lily. *[drives to the kitchen and goes to the condiment cabinet]* Let's see. Ketchup. *[slides ketchup door to mayonnaise door]* Mayonnaise. *[rolls up mayonnaise door to mustard door]* Oh, mustard. *[opens doors mustard door to find Mr. Krabs in it]*

**Mr. Krabs:** Did you use up all me mustard?

**SpongeBob:** *[stammering nervously]* What?

Lily **:** We're out of mustard?

Spongebob: I'm afraid so Lily. Without mustard I wouldn't be able to make a-

**Mr. Krabs:** Krabby Patty! That's right, you're both hereby ordered to go down into the mustard mines! And bring me back more mustard!

**Lily:** Mustard mines? I never heard of the Mustard Mines, Mr. Krabs.

Mr. Krabs: It's a condiment mine I found when I opened the restaurant lass.

Lily: Cool.

**Patrick:** *[comes out of the condiment cabinet and is covered with mustard]* Mmm, mustard. *[takes a container off his head and grabs a packet of mustard]* Uh… Ah. *[squirts mustard in his mouth, eats it and burps]*

Lily: Patrick you silly guy.

**Mr. Krabs:** *[wipes mustard off his face]* And you are going down to the mustard mines too.

**Walter Haddock:** *[offscreen]* I wouldn't do that if I was you. *[creepily* *comes in and spits on the grill]*

*[SpongeBob wipes the grill clean.]*

**Walter Haddock:** That old mustard mine is cursed.

**SpongeBob:** *[hugs Mr. Krabs in fear]* Cursed?

Lily: Cursed? How?

**Mr. Krabs:** *[pushes SpongeBob away]* What kind of curse?

**Walter Haddock:** It's, uh, er, one of those-The Mummy's Curse.

**Mr. Krabs:** *[snickers]* There's no such thing as mummies.

**Walter Haddock:** *[holds up a creepy picture of his mother]* We've all got mummies. Eh? *[giggles]* Mm-hmm. I've been in that mine. No one that enters gets out alive. *[makes a creepy smile as a shrieking noise is heard; a spider crawls into his mouth and thunder claps]*

Lily: I'm not scared of that. My big sister Lucy is known as the Duchess of Darkness and she knows more about this stuff than you.

**SpongeBob:** Wow. [To Walter] You got out and you're alive.

**Walter Haddock:** Ah, but am I?

**Patrick:** Yeah, you're standing right there.

**Walter Haddock:** But am I? *[walks away in a creepy fashion]*

**Mr. Krabs:** Yeah, you're right- *[notices that he's gone, but he sees his foot]* Hmm.

**Lily:** I see your foot.

**Walter Haddock:** *[slides his foot back]* No, you don't.

**SpongeBob:** Ah, his foot's gone!

*[The scene changes to SpongeBob, Patrick, and Lily at the entrance to the mustard mines.]*

**Lily:** So this is the Mustard Mines. Looks really cool. *[looks at the map]* This map doesn't show us where the mustard vein is located. Well, we'll just have to look for it and start picking.

**Patrick:** *[picking his nose]* Way ahead of you, pal.

**Lily:** Patrick that's not what I meant. *[turns and looks at the map again]*

*[Patrick reaches into his nostril and picks out his brain.]*

**Patrick:** Ooh. *[smears his brain on Lily's shirt]*

*[She turns and grunts in disgust. Patrick gets scared and runs over to SpongeBob. Lily picks up her pickaxe and heads into the mustard mines.]*

Lily: Lets get to it Mr. Squarepants.

**SpongeBob and Patrick:** *[gasps and skips into the mines]* Oh, a-mining we will go! The mustard, it will flow! *[bounce up and down really hard]* With pick and axe without the facts! There's nothing that we know! Ta-da!

*[SpongeBob and Patrick's violent bouncing causes a landslide and falling rocks seals off the entrance, much to their horror.]*

**Lily:** Oh no. We're trapped!

**Patrick:** Ah, we're trapped in a mine! We'll never get out!

*[Patrick goes into frantic panic and runs up and down the mine walls. He curls in a fetal position and acts crazy. He punches his chest and passes out.]*

**Lily:** Uh-oh! [Checks Patrick and gives him a Krabby Patty] Here Patrick. [Patrick eats the patty]

**Lily:** He's coming 'round.

**Patrick:** *[weakly]* Lily. I-I need-

**Lily:** What can I get for you?

**Patrick:** *[pulls out the Krabby Patty from his mouth]* I need a little mustard for the Krabby Patty.

Lily: [Pulls out a packet of mustard] Here you go.

Patrick: Thanks. [Puts mustard on the patty and eats it again]

**Lily:** Lets find a back way out.

**SpongeBob and Patrick:** Hey, wait for us!

*[SpongeBob and Patrick run over to Lily.]*

**SpongeBob:** Whoa.

*[They stop at a long, deep shaft.]*

Lily: That's a really deep mineshaft. I wonder how deep it is.

**SpongeBob:** I'll check. *[picks up a pebble, goes over the edge and falls into the shaft]* Wahhh! *[appears next to Lily and Patrick]* Don't bother jumping. That shaft has no bottom. Let's take the escalator.

Lily: Good idea. [She goes first on the escalator]

*[SpongeBob and Patrick follow and go on the escalator with Lily. They see coal miners go up the escalator.]*

**SpongeBob:** Coal miners.

*[They see sulfur miners go up the escalator. The awful smell from the sulfur makes SpongeBob, Patrick, and Lily cover their noses.]*

**SpongeBob:** Ew.

**Patrick:** Sulfur miners.

Lily: That smells horrible!

**SpongeBob:** Phew.

*[They see a group of kids go up the escalator.]*

**SpongeBob:** Unaccompanied minors. *[drum sting]*

Lily: That was funny!

*[SpongeBob, Patrick, and Lily walk off the escalator.]*

**Lily:** All right, let's get to work.

*[They go in separate directions while bumping into each other for a little bit. SpongeBob digs up a yellow rock with his pickaxe.]*

**SpongeBob:** Hey, I found something yellow. *[pulls the yellow rock out of the wall; he was happy at first, but turned sad]* Never mind, it's just gold. *[throws it away]*

**Patrick:** All I'm getting is dumb old diamonds. *[throws and kicks several diamonds]*

**Lily:** Lets give these all to Mr. Krabs when we're done here.

Spongebob: Good idea Lily.

*[SpongeBob, Patrick, and Lily resume their task. All of a sudden, SpongeBob begins to sniff out something. He sniffs the wall and punctures a hole on it with the pickaxe. It turns out that he dug up a payphone underneath the wall. The phone rings and SpongeBob answers it.]*

**SpongeBob:** Hello?

**Mr. Krabs:** *[with angry customers yelling in the background]* SpongeBob, where's me mustard?

**Jennifer Millie:** I want some mus- *[Mr. Krabs pushes her away with his foot]*

**SpongeBob:** On the way, sir, as soon was we find it. *[hangs up but answers again]* Love you. *[hangs up again]*

Lily: Your bond with Mr. Krabs is a very powerful one Mr.

Squarepants.

Spongebob: I worked for Mr. Krabs for a really long time Lily.

Lily: I know. It's awesome. *[pokes the wall with the pickaxe and the wall crumbles into a hole, leading him to the subway]* Hey it's a Subway Station. *[wonders around the subway]* I wonder what it's all for.

**Subway PA:** Local train approaching station.

*[Deep in the tunnel, a train emerges and stops in front of Lily. The train opens its doors, revealing SpongeBob and Patrick already on board.]*

**SpongeBob:** Hurry up, Lily, before the doors close!

**Patrick:** It's the last train of the night!

Lily jumped over the turnstyle and got on board.

Lily: Remind me to ask how you got on this train already Mr. Squarepants.

**Subway PA:** This is a local mining train making all stops between Coal and Limestone. Next stop, Condiments.

**SpongeBob:** Oh, that's our stop.

Lily: Yep.

*[The train stops at the condiments vein. The doors open and they got off the train]*

**Patrick:** Come on, Lily!

*[SpongeBob,Patrick and Lily scurry into the condiments vein. Lily knocks on the wall and punctures a hole with his pickaxe. Mayonnaise comes out of the wall and sprays into Lily's face.]*

**Lily:** Hmm. *[sticks out her tongue]* Ah, la, hmm. *[licks the mayo]* Ah! I've struck mayonnaise!

*[SpongeBob punctures a hole on a different wall and a drop of hot sauce flies onto his tongue. He tastes the dropping and his body flares up, burning himself to a crisp.]*

**SpongeBob:** Hot sauce. *[his body crumbles into ashes]*

*[Patrick goes to puncture a wall with his pickaxe, but flips over and falls to the ground; his pickaxe punctures a hole on the wall and ketchup spews out.]*

**Patrick:** I struck blood! *[grabs some of the ketchup and tastes it]* Oh, no, it's ketchup! *[slurps some more]*

**SpongeBob:** We're getting close. *[punctures a hole on the ground and mustard comes out; he takes a sample of mustard]* Oh. *[licks the mustard]* Mustard. Ahhh! I struck mustard!

**Lily:** Mustard?

**Patrick:** Mustard?

**SpongeBob, Patrick, Lily:** *[dancing around in circles while twisting SpongeBob's body]* Look at all the mustard flow! Look at all the mustard flow! That golden yellow fatty acid treat!

Lily: Great job Mr. Squarepants!

*[SpongeBob unravels himself, sending Lily and Patrick flying to another wall. SpongeBob warms himself up and goes to crack open the ground again. But the ground was so thick that is disintegrates his pickaxe.]*

**SpongeBob:** Oh, no, what are we gonna do now?

**Lily:** I think we better use our heads.

**Patrick:** Let's use my head. *[pulls his tongue and his pointy head revs up like a power drill]*

*[SpongeBob and Lily go to use Patrick's drilling head to drill a hole in the ground. When all of a sudden, they hear a moaning sound. Smoke fumes around the tunnels and a shadowy creature appears.]*

**SpongeBob, Patrick, Lily:** The mummy!

*[The smoke clears and the shadowy figure reveals himself to be none other than the crazy old prospector, Walter Haddock.]*

**Walter Haddock:** Stop!

*[Walter Haddock leaps in front of SpongeBob, Patrick, and Lily, pulls a cork out from his mouth and plugs up the hole in the ground.]*

**SpongeBob:** *[gasps]* It's the Mummy's Curse guy!

**Walter Haddock:** There ain't no curse! I just tried to discourage you chuckleheads from mining this mustard!

Lily: Who are you calling a chucklehead stupid!?

**SpongeBob:** Oh, I get it, 'cause the mummy wants the mustard. Mystery solved.

**SpongeBob, Patrick, Lily:** Hurrah!

**Walter Haddock:** *[twitches his eye]* 'Tain't no mummy! This mustard is sitting on top of 20 million pounds of pressure! If you open her up, she's gonna blow sky high!

Lily: Whoa! That's a powerful amount of pressure!

**SpongeBob:** Oh, no curse. No mummy. And no mustard. *[sniffs]* And I'll have to find another job! *[cries]*

Lily: Mr. Squarepants it's not the end of the world. I won't let this creep get all this mustard. Obviously this old coot wants all the mustard for himself! Now uncork that mustard!

**Walter Haddock:** Hmm? *[growls]*

Lily: Oh so that's how you want to play it huh?

Lily punched the old man in the face and kicked him in the stomach. Walter then punched Lily in the face and she crashed and hit the ground. But it hurt his hand.

**Walter Haddock:** Ow, that hurt!

**Lily:** I'm sure it did.

*[Suddenly, the ground underneath begins the shake due to the force of Lily's fall.*

Lily: Uh oh!

*[Cracks begins to form and Walter Haddock dodges the incoming stalagmites from the ground. The mustard from underground begins to build up pressure and is about to erupt.]*

**SpongeBob:** No, no, no, no, no, no, no! *[tries to hold down the pressure, but the mustard begins to fill up inside his body]* Whoa… !

**Walter Haddock:** Adiós, muchachos!

*[Walter Haddock laughs manically and bounces around until he calms down when he goes up the elevator. Cracks form underneath Lily and the crack uncovers a payphone next to him.]*

**Lily:** Hmm. *[phone rings and he answers it]* I'll get it. Hello?

**Mr. Krabs:** *[on a mast above the angry customers]* Where's me mustard?!

**Lily:** Um…

*[Pressure builds up as SpongeBob's body grows bigger and bigger from the upcoming mustard. Patrick tries his best by corking up the holes. At the Krusty Krabs, the customers continue to riot against Mr. Krabs. One customer is chopping the mast down with his axe. The screen zooms out to reveal a volcanic pocket of mustard underneath the Krusty Krab 2.]*

**Lily:** Your mustard is coming right up.

**Mr. Krabs:** *[as the mast falls]* When?!

**Lily:** Now?

*[SpongeBob can't hold the pressure much longer as his eyes fill up with mustard. The ground under the Krusty Krab 2 rumbles and erupts a geyser of mustard through the roof. SpongeBob, Patrick, and Lily bounce up and down on top of the geyser.]*

**SpongeBob:** Wow! Yee-ha! Yeah!

Lily: This is so much fun!

*[The mustard fills up the Krusty Krab inside. The customers are now satisfied and go to swim around in the mustard as well as eat their patties with mustard. Among them stands a mummy, who is unimpressed.]*

**Mummy:** What, no relish?

Lily made thousands of condiment containers full of mustard and the Krusty Krabs will never run out of mustard. She gave all the gold and diamonds they found earlier to Mr. Krabs.

---

French Narrator: Later that night.

Lily: Okay Mr. Squarepants. I'll see you tomorrow.

Spongebob: Good night Lily.

Lily left the restaurant and opened a portal back home.

She came into her room and was dripping wet. She hung her hat up.

Lily: Another awesome day at work.

She went into the shower and got the salt water off. She came out with her robe on and a towel on her head.

She went downstairs to the living room and joined us as we were watching TV.

Lily: Hey guys. I'm home.

Lynn Sr.: Hey sweetie how was work?

Lily: It was awesome daddy.

Lily told us what happened.

Me: Whoa! You found a huge pocket of Mustard under the Krusty Krab 2? That's awesome.

Luan: It sure is. It's something you Condiment come up with. (Laughs to Rimshot) Get it?

Most of us laugh while the rest of us groaned.

Me: (Laughs) That was a good one.

Varie: It sure was.

Lana: I love mustard. It's good stuff.

Lincoln: It sure is.

Laney: I like mustard on my hot dogs.

Luan: I like mustard on anything.

Lola: That's cool.

Lily had another great day at the Krusty Krab 2.

# The Omnipotence of The Brain

It starts in Gotham Royal York Park. Lana is having a relaxing time with her animal friends and enjoying the scenery of the sky and the clouds.

Lana: It's such a beautiful day.

Lana was walking through the park and she came across a big oak tree.

Lana: Wow! What an oak tree!

?: Can someone hear us!? We're stuck!

Lana: Is someone here? Where are you?

?: We're in the tree and were sinking in Sap.

Lana went up to the tree and put her ear on the tree and heard sloshing and she took out a hammer and chipped into the tree and she saw two fairies sinking in tree sap.

Lana: Don't worry you two. [Holds her finger over them] Grab my finger.

They did so and Lana helped them out and they flew around her.

Lana: You two okay?

Ninone: Yes. Thanks to you. My name is Ninone. (Red Hair Fairy)

Situ: And I'm Situ. (Pink Hair Fairy)

Lana: Pleasure to meet you both. I'm Lana Loud.

Ninone: It's a pleasure to meet you Lana. Thanks for helping us.

Lana: You're welcome. I was passing by when I heard you call.

Situ: That's a relief.

Later she was walking home and Ninone and Situ were with her.

Ninone: So what do you do at your home Lana?

Lana: I'm the handyman of my family. I like to build things and help with the stuff around the house.

She then saw a couple come out of the bank and a man came out and held a gun at them.

Man: Give me all your money!

Lana: Not on my watch you won't!

Lana spread her wings and flew at the man. She punched him in the face and kicked the gun out of his hand. The couple ran for it.

Driving by was Bruce Wayne and Alfred was driving the car.

Alfred: Master Bruce you know I worry about you sir.

Bruce: I know Alfred.

He saw Lana fighting the mugger.

Bruce: Looks like Lana caught a mugger.

Bruce and Alfred saw the fight going on and Lana was talking to him.

Bruce: Stop the car Alfred. I want to hear this. He looks familiar.

He did so.

Lana: Who are you?

Joe Chill: My name is Joe Chill.

Lana: Joe Chill. (Gasps) You're the dirtbag who murdered Thomas and Martha Wayne!

Bruce gasped in shock and it quickly turned to rage.

Joe Chill: That was a lifetime ago.

Bruce got out of the car and stood ready with Lana.

Batman: Yes. My lifetime! You took them without mercy or regret and in cold blood, Chill!

Joe Chill: H-how do you know this? How could you possibly-

Batman: I know because I watched it happen! I know because I am the son of the man and woman you murdered! I am Bruce Wayne!

Joe Chill: WHAT?!

Lana: You took everything from Bruce and now you're gonna pay for everything you've done! Can you give us one reason why we should leave you alive?

Joe Chill: Because I will…

POW!

Lana kick him in the mouth and knocked out some of his teeth and punched him in the stomach and fired a blast of ice lightning and froze him in a block of ice.

Lana: You're gonna face up to your crimes in prison.

Batman: That's right.

The Gotham Royal York Police arrived and they carted Joe off.

Commissioner Gordon: We've been after Joe Chill for years. He's on the FBI's Most Wanted List.

Lana: He's also the monster that killed Thomas and Martha Wayne.

Commissioner Gordon and Harvey Bullock gasped.

Commissioner Gordon: But why would he kill them?

Lana: Revenge from what I remember. Joe was hired by Lew Moxon to get revenge on Thomas Wayne for sending him to prison.

Harvey Bullock: I always knew that Moxon couldn't be trusted. He robbed Gotham of two of its most beloved citizens!

Commissioner Gordon: I know. Now we have the proof. Thanks for helping us Lana.

Lana: You're welcome Commissioner.

Commissioner Gordon: Bruce I'm so sorry about what happened to your family. What this man… No. This monster did to you was completely unforgivable and he will pay for it. They both will.

Batman: Thanks Commissioner.

---

They went to Gotham Cemetery and were standing in front of the Wayne Grave.

Lana: I'm so sorry about your parents Bruce. Those monsters that took them from you will pay for everything they did.

Batman: Thanks Lana. I can't thank you enough for bringing the monsters that killed my family to justice.

Lana: You're welcome Bruce.

Ninone: That's horrible what happened to his family.

Situ: Yeah.

Bruce Wayne for the first time in a while grieved and cried for his parents.

Lana: Just let it out Bruce. Let it all out.

Batman: (Crying) If I could I would kill those two monsters!

Lana: Bruce that's never the way. Vengeance only makes things worse.

For 2 hours straight Bruce cried and grieved for his family.

* * *

Later at the Phoenix Storm Estate we were watching the trial of Joe Chill on TV when Lana came home.

Me: Hey Lana.

Lana: Hey guys.

Lincoln: We saw what happened on TV and how you brought the murderers of Bruce Wayne's parents to Justice.

Laney: That monster deserves to spend every second of his worthless life in prison.

Me: That's right. He deserves the chair. Prison is too good for him.

Varie: I agree.

* * *

In my room at 8:30 PM I was reading a book when I heard a voice from out of nowhere.

?: J.D. I need your help.

Me: Who said that?

?: Over here.

I saw a girl with black hair and black clothes and she had a gothic appearence.

Me: Where did you come from?

?: I need your help.

Me: What's your name?

Tamara: Tamara Caulder. I'm being held captive by an organization called the Braintrust.

Me: The Braintrust? I've heard about them. They are an Ultra Secret International Society that wants to use people with extraordinary powers for terrorism and crime.

Tamara: That's right.

Me: We have to stop them. Tamara how is that you are talking to me now? Are you even here?

Tamara: No. I'm talking to you through a psychic vision.

Me: That's amazing. I'm gonna beam you over here and we can formulate a plan of attack.

Tamara: Okay and hurry. They're coming.

Me: Okay.

I snap my fingers and Tamara was beamed into my room.

---

2 Minutes Earlier.

A big man with blonde hair and a muscular build and a woman with black clothes and black hair was coming up the stairs to Tamara's room. It was Invulnerable Man and Bombshell. They opened the door and saw Tamara vanish instantly in a flash of light.

Bombshell: She's gone! Find her now!

---

PRESENT

Tamara: Thank you J.D.

She hugged me.

Me: I'm glad you're safe Tamara. Now they'll be coming for you. Lets go.

We go over to the slides and I press a red button and an alarm sounded and a force field appeared around the estate.

Me: Okay. Lets go to Lori's room!

We go down a slide and into Lori's room.

In Lori's room I have everyone gathered.

Me: Now everyone settle down. The reason I sounded the alarm is because we have an emergency situation here. Tamara here was abducted by an evil Terrorist Organization called The Braintrust.

Lucy: Gasp! I heard about them. They are an organization that takes people with supernatural abilities and turn them into weapons of war and destruction.

Me: That's right Lucy. They are incredibly dangerous. I rescued Tamara from them.

Lincoln: Are they gonna follow her?

Me: Without a shadow of a doubt. But they don't know she's here.

Tamara: I was having problems with my powers but when I heard about this place my mom and dad thought it would help me. But it was all a front.

Lola: Tamara that's horrible.

Lana: We got to stop them.

Me: And we will. We're gonna set up a trap for them and get information out of them and then we blow up their headquarters after we find them.

Lucy: That won't be necessary J.D. I know where the BrainTrust is located. It's located in Belarus in the abandoned city of Vietka, Belarus.

Me: That place is now a ghost town. Lisa, contact Interpol and the Justice League and have them circle in on their headquarters there.

Lisa: Affirmative J.D.

Me: Okay. But we'll set up our trap but with a different tactic. Here's what we do.

I form my plan and we put it into effect.

---

Lincoln: Ace, do your powers still affect reality?

Ace: If I want them to. Why?

Lincoln: Because if we want Braintrust to be taken down, we'll need some careful planning, a place to have a fight. (smirks) And an old enemy.

Me: I get it. You're going to disguise yourself as a villain as part of our plan.

Lincoln: Bingo.

Ace: Here we go.

She used her powers and formed an illusion around Lincoln that turned him into Electro.

Lincoln: I look awesome as Electro.

Me: You sure do buddy.

Bombshell (answers the phone): Hello?

"Electro": Hey there, Bombshell.

Bombshell: Electro?

"Electro": The one and only. I heard you were in town. Meet me at Pier 7. We have some things to discuss.

Bombshell: Okay.

Lincoln: It's all set.

Me: Excellent. Lets go.

We set out for the pier.

---

Me, Varie, Dana, Batman 2039, Lana, Ace, Lincoln as Electro, Lucy, Tamara and Laney flew and Lincoln went on ahead.

We got to the pier and hid in the shadows.

"Electro": Glad to see that you all could make it.

Bombshell: What do you want, Dillion?

"Electro": Isn't it obvious? I want all of you out of Gotham.

Mandragora: This is our city now. And those electric powers of yours want be enough for you to stop all of us!

"Electro" (smirks): Oh, we'll see about that.

Invulnerable Man charges at "Electro" but he suddenly sprouts wings, flies up, and punches him in the face as he lands on the ground.

Invulnerable Man: What the?!

"Electro": Funny thing about illusions.

"Electro" disappeared to reveal Lincoln in his place.

Lincoln (smirking): They're just masks to disguise who people really are!

I appear out of nowhere and punch Invulnerable Man in the head and Laney tied up Mandragora with her vines.

Bombshell: Lincoln Loud. That was very clever how you disguised yourself as Electro.

Lincoln: I had some help.

Lincoln fired some lightning at Bombshell and it hit by her and exploded. Bombshell snapped her fingers and fired lightning from her hands.

Lincoln dodged her blasts.

Lincoln: You have lightning powers too!

Bombshell: Yes and you have amazing lightning powers as well.

Lincoln: Nice to know I've made an impression.

Lincoln and Bombshell fired their lightning. Lincoln's lightning overpowered hers and electrocuted her.

Dana fought Invulnerable Man and kicked him in the stomach and fired a blast of fire at him and burned his clothes.

Dana: You look good without clothes.

Suddenly a figure swooped in out of nowhere and slashed him in the back with a sword. He was knocked down and the figure was Curaré of the Society of Assassins.

Batman 2039: Curaré! Dana stay away from her!

Me: What is Curaré doing here!?

Batman 2039: She probably wants to kill the Braintrust to kill me.

Me: So that's it.

Dana kicked Curaré's sword out of her hands and took it.

Dana: I think I look better with your sword than you.

Dana punched her and kicked her in the face.

Laney wrapped her in bramble vines.

Laney: You won't escape this time.

Invulnerable Man got up and Lucy fired a blast of black lightning at

him.

Lucy: Let fear consume you completely.

Invulnerable Man had his eyes wiped and all he saw was total darkness.

Invulnerable Man: Where are you!?

Lana froze him in ice.

Lana: Never again monster!

The Braintrust had been defeated. They were stripped of their powers and I made them my own and all the people and kids that were kidnapped by them were returned to their families. The Braintrust was now gone for good.

Tamara was returned to her family and they were placed in the protection of our custody and we decided to help her with her powers. Joe Chill and Lew Moxon were found guilty of Capital Murder and sentenced to death. They were executed for their crimes and cremated. Their ashes were thrown into the Sun. Thomas and Martha Wayne were avenged.

Another Fanfiction Complete.

NicoChan11 gave me the ideas for this one and I got the idea for this one out of the blue. Mara Wilson was in this one and she did Tamara Caulder. She did Matilda back in 1996 and she did a great job in that movie. We haven't seen her in movies since Thomas the Tank Engine. And she decided to go into voice acting. Let me know what you all think.

See you all next time.

# An Adult in a Kid Body

It starts in the Living Room of the Estate. We were watching an old Sitcom Show from 20 years ago called Love That Baby. I found it on our computer and it was playing it in a holographic screen.

Me: This is a funny show, even though it's not my kind of show.

Laney: Yeah. But it's very funny.

Robin: I remember watching this show back when I was a kid. It still stinks.

Me: Yeah. I know. But what really fascinates me is the main actress Mary Louise Dahl.

Batman: I read about her once in a medical journal. She was born with Systemic Hypoplasia, A Rare condition that kept her from aging.

Me: Yeah and what really shocks me is that she was 25 years old in this show. She would be in her 50's right now. Her disease only affects 1 in 75,000,000 people and only 15 cases of this disease have been documented worldwide.

Lola: That's an extremely rare disease!

Lana: It is. I can't believe that Princess Morbucks was like that. She was a teenager trapped in a young childs body.

Batman: That's a good way to put it Lana.

Ninone: It sure is.

Situ: It's hard to imagine.

Me: Yeah. Not only that but after her last show she went into Shakespeare Acting. She was in the famous play Macbeth.

I press some buttons and it showed her in the famous play.

Mary: What? Will these hands never be cleaned? Here's the smell of the blood still. All the perfumes of Arabia will not sweeten this little hand. Oh ho ho.

Robin: P.U.!

Lola: My thoughts exactly Robin.

Me: I've known the play Macbeth for years. But it says here that after her drama career flopped she went to the network to try and get her show back but they all turned her down. Also the reason I turned this all on is because over the course of the last 12 days, the cast members of Love That Baby have been disappearing. Tod Baker, June Winthrop and Brian Daly all disappeared without a trace. But Tammy Vance hasn't vanished yet.

I pull up pictures of said cast members.

Batman: Commissioner Gordon is having bodyguards following her everywhere. It's obvious that she is out looking for them.

Me: That's probably the case.

Stalker: Lets hope that they'll be enough when they find her.

Me: Lets hope so too Stalker.

Kraven: (Russian Accent) Does someone have a vendetta against them?

Me: That's my first suspicion as well Sergei. It's highly possible.

Harvey Bullock: (On the Radio) All Units! All Units! Gunfire reported at Gotham Royal York Rep! They're making a try for Vance!

Me: Come on guys! Lets go!

Me, Lincoln, Laney, Lana, Lola, Nita, Kenai, Stalker, Kraven, Teresa, Ninone, Situ, Stewie, Batman and Robin left for Gotham Rep.

---

At Gotham Rep big thugs with Tommy Guns were firing at the police.

Harvey Bullock: Stay down!

A thug was pulling Tammy Vance out of the building.

Tammy: Let go of me! Why are you doing this?

Thug: Quiet!

Lincoln: She asked you a question dirtbag!

Lincoln fired a blast of lightning at him and electrocuted him as he swung on a rope of lightning and kicked him in the face. Knocking him out.

Lincoln: Are you all right Ms. Vance?

Tammy: Yes, thanks to you Lincoln.

Lincoln: Take my hand.

Lincoln spread his wings and he had Tammy with him.

Lincoln: You'll be safe with me Ms. Vance as long as you're with me.

Then Kenai and Nita began to change.

Their feet became claws.

Nita (her feet burst out of her shoes): M-My feet!

Nita (in horror as her hands become paws): Oh no! No! No no no no no! (Her fur appears under her clothes) ARGH! TOO TIGHT!

Nita (clothes rip off of her body): Those clothes were very expensive! (Her body expand and increase to accomodate her bear form) It's like I'm gaining weight!

Nita (her head is about to change): Oh man! I hate this part!

She roars in pain as she gains her bear head, finishing the transformation.

Me: They're bears again. They can't control the changes very well. We'll have to figure out how to get them to control it.

Stalker was bashing some of the thugs with his staff and electrocuting them with lightning blowdarts.

Teresa had a winged backpack on that's like Falcon's Wing Backpack.

Hers was purple and pink.

She fired a sonic blast from her hand and the thug screamed in pain as he was covering his ears.

Kraven was bashing a lot of thugs with his strength and Lola fired a bunch of fireballs at them and burned them.

I was kicking and punching them and knocking them out.

Lana encapsulated them in ice and froze them.

Kenai and Nita mauled some of them.

We saw that some of the Jokerz were with them along with some of the Joker's henchmen.

Me: She even got the Joker's men into her gang!?

Batman: It appears so.

Laney: What a weasel!

Ninone and Situ fired blasts of fire and wind at the thugs and burned them and blew them away.

Lana: I didn't know you two were fire and wind fairies.

Ninone: Yes. I'm a Fire Fairy.

Situ: And I'm a Wind Fairy.

Lana: That is cool!

Batman and Robin kicked and punched the thugs and kicked them everywhere!

Me: They just keep coming!

Lincoln: There's no end to them.

Lincoln fired lightning blast after lightning blast and was knocking them out.

Tammy: Your lightning powers are amazing Lincoln.

Lincoln: Thanks Ms. Vance.

Tammy: Why are they after me?

Lincoln: They're working for Mary Dahl.

Tammy: Mary? Why her?

Lincoln: She wants to get revenge on the show that brought her fame and fortune somehow. We don't know yet.

Teresa: Yeah. We saw your show Ms. Vance and you all did a great job.

Tammy: Thank you Teresa. But weren't you a bad guy?

Teresa: I was until J.D. helped me get my humanity back.

Lincoln: It's a long story.

The thugs pointed their guns at them.

Lincoln: Uh oh! Hang on Ms. Vance!

Lincoln flew and Tammy was with him and they fired at Lincoln and Teresa fired a sonic blast and Lincoln fired lightning and they were electrocuted.

Tammy: That was close. Thanks Lincoln.

Lincoln: You're welcome Ms. Vance.

All the thugs were later down and were tied up in Laney's vines.

All that was left was Baby Dahl.

Lincoln: Is that Mary Dahl?

Tammy: That's her Lincoln. She was the main star on our show.

Lincoln: She looks like a little kid.

Tammy: That was our thought too.

Stewie: I'll face her.

Me: Go for it Stewie.

Stewie: So you are Mary Louise Dahl.

Baby Dahl: That's right and we will be a great family forevers and evers.

Stewie: Cute but your show has been cancelled.

He threw a diaper bomb at her and it exploded and she was covered in stuff you don't want to know.

Lana: Stink Bomb Diapers? Cool!

Stewie took out a blaster and fired at Baby Dahl as she was about to fire a bullet from her doll. The blast hit her hand and she dropped it and held her hand in pain.

Me: Nice shot Stewie. Mary Dahl, I think Arkham is too good for you.

But Baby Dahl ran and she was trying to get away.

Lincoln landed and Tammy was safe.

Tammy: Thank you Lincoln.

Lincoln: You're welcome Ms. Vance. Now we got to capture Mary.

[Looks at a tall building] I've always wanted to try this.

Lincoln fired a long rope of lightning from his wrist and he went after her. He was swinging in the air and he chased her into a local amusement park. Lincoln swung and landed in front of her.

Lincoln: That was cool. But it's over for you Mary. You need lots of strong therapy.

Baby Dahl: No. You either play by my rules or you die!

She held her doll at him and Lincoln fired a blast of lightning and electrocuted her. It knocked her out.

Lincoln: Mary Dahl you have a lot of problems and I agree with J.D. I think Arkham is too good for you.

Lincoln took out a straitjacket and wrapped her up.

Lincoln picked her up and went back to everyone.

Lola: Great job Linky.

Lincoln: Thanks guys.

Batman: Good work Lincoln.

Robin: Where did you learn how to do that with a rope made of Lightning?

Lincoln: I read about it on the internet and I saw how you guys did it.

Batman: That's interesting.

Commissioner Gordon: Good work guys. We can take it from here.

Me: You got it commissioner.

Mary Dahl and the thugs and Jokerz were arrested. Mary Dahl was sentenced to life without parole in the Antarctica prison in the Secure Psychiatric Prison Unit. The Jokerz and Thugs were either given prison time or community service. The rest of the cast members were saved and Mary Dahl was ordered to pay

$500,000,000.00 in restitution for her crimes.

Back at the estate we were getting ready for bed.

Me: Well that's one less washed up actor that we have to worry about.

Lola: You said it J.D.

Laney: We made Mary Dahl's name mud.

Lana: Yeah.

Me: And Stalker passed his test.

Varie: He sure did.

We then hit the hay.

THE END

Another Fanfiction Complete.

Baby Dahl is one of the most disturbing villains I know in the series of Batman. It's hard to imagine what life would be like living in her shoes. Forced to live as a kid your entire life while you're at the age of an adult. That would be a curse of unimaginable pain. NicoChan11 gave me the ideas in this chapter. Thanks man. As usual. Baby Dahl is where I got the idea out of the blue for Princess Morbucks from the Powerpuff Girls. Let me know what you all think.

See you all next time.

# A Supercomputer Army

It starts in the city. Maria is taking a test so she can earn her drivers license.

Maria is driving the car with her instructor inside when all of a sudden, the ground shaked.

Maria: Sir, was that an earthquake?

Driving Instructor: I don't think so, Ms. Rockell. It's coming behind us!

Maria looked back and was shocked to see… Edzilla?

Maria: Ed?! ("Edzilla" tries to attack the car with his fists but Maria drives ahead of him) Ed, have you lost your mind?!

Something was seriously wrong. Edzilla went completely bonkers like when Ed loses control of his overactive imagination.

Back at the estate, we were relaxing and watching TV. When Maria came in.

Maria: Guys, is Ed there?

Double D: Apologies, Maria. But Ed isn't here at the moment.

Maria: I'll take that as confirmation that he's Edzilla right now trying to kill me during my driving test!

Eddy: What are you talking about? Ed would never do that!

Maria: Tell that to my terrified driving instructor!

Me: We better take a look at this. Lori, Lincoln, Luan, Eddy you better come with me.

Lincoln: You got it.

We set out for the city and found Edzilla going on a rampage. Maria was driving the car and Edzilla grabbed the car is going to eat it.

"Edzilla" is about to eat the car with Maria and her driving instructor still inside.

Maria: ED, NO!

Edzilla (appears behind impostor): ED SMASH IMPOSTOR!

The real Edzilla appeared and he was smashing the phony Edzilla.

Me: 2 Edzilla's!?

Luan: Which one's the real one?

Lincoln: I don't know but I'm not finding out.

Lincoln fired a blast of lightning at the imposter Edzilla and it was set on fire. It was really burned and knocked out. But then it got up and it's burned skin came off and it was really a robot!

Me: He's a robot!

Batman came and tied him up.

Katie suddenly swooped in and slashed its head off with a fire sword and it was dead.

Maria: He's a robot?

Batman: Yes. More advanced than anything I've ever seen,

Lincoln: I've never seen a robot like this one before.

Luan: Me neither.

Me: This is a robot unlike anything I've ever seen before. Lets take this to Lisa and analyze it.

Eddy: Okay.

In Lisa's Laboratory she was analyzing the robot.

Lisa: This is a robot duplicate programed to look and act like Edzilla when he lets his overactive imagination take over.

Me: Like a robotic clone. But where did it come from and who built it?

Batman: I believe I have the answer for that.

In the Batcave we were in front of Batman's computer and he pulled up a picture of an ultra-high-tech supercomputer.

Lincoln: Wow! That's an awesome computer.

Batman: That's Cybertron Industries H.A.R.D.A.C.

Maria: H.A.R.D.A.C.?

Batman: It's an Acronym. It stands for **H** olographic **A** nalytical **R** ecipricating **D** igit **A** l **C** omputer.

Me: Oh I understand. That's a big piece of machinery. And this thing is capable of building robotic duplicates of anyone? That's like what SkyNet in the Terminator Movies does.

Lisa: Affirmative 2nd elder brother. But the robots H.A.R.D.A.C. builds are 50 years more advanced than anything we know.

Luan: That's amazing.

Me: It sure is.

Eddy: But why did H.A.R.D.A.C. try to ruin Ed like that?

Me: I think it was to replace him.

Lincoln: Replace him? How?

Me: I've seen this in the movie trilogy for The Matrix. H.A.R.D.A.C. wants to replace all of humanity with Robot Duplicates.

Lisa: That could be a logical assumption. He wants to replace all of us so that there will be no more war, crime, disease or famine.

Me: That would be considered a perfect utopia. But for mankind that would be a nightmare on an epic scale. We would have to hide in caves and wage war against the robots.

Lincoln: That's awful.

Me: Yeah. We have to stop H.A.R.D.A.C. at all costs. I have no doubt that it will create robot duplicates of us and use them to fight us.

---

Back in Lisa's Lab I was on a lab table.

Lisa: Now you're on this lab table because I believe I have a solution on how you can gather new technological data on robots and technological objects and learn all about them.

Me: What is it Lisa?

Lisa pulled out what looked like a contact lens case.

Lisa: Behold. These are my new data-analysis optical computer contact lenses. When you put these on they will fuse into your eyes and give you a computer for your eyes and you will learn all about those devices and robots with them.

Me: Cool! That's really interesting. If there are any robots or machines running amok I can learn all about them and figure out how they work.

Lisa: Indeed. Now when I put these on your eyes they will cause extreme pain and their sensors will go right into your brain and integrate themselves into your eyes, as well as the visual cortex and the limbic center of your brain.

Me: That's amazing. Okay. This is gonna be interesting. I'm ready Lisa.

Lisa put the lenses onto my eyes and they latched on and I was in a lot of pain and they were hurting me. 10 minutes later, it was gone and I opened my eyes and there was hardly any change at all.

Me: I can still see in my normal vision.

A robot came out and I got up and looked at it and my vision turned red and I was getting all kinds of weird and really complicated information on it in my eyes.

Me: Wow! Lisa, your computer contact lenses work perfectly. I can see all the technical information on your robot.

Lisa: Indeed. I called him out for this test.

Me: It's amazing.

I blinked my eyes and they turned off.

Me: I can turn them off when I'm done by blinking. (Feels something in my head) Whoa! What was that I felt in my head?

Lisa: That would be the information you acquired on my robot being stored into your brain. When you analyze something with the lenses they store all the information you learned into the Limbic Center of your brain. You'll feel a powerful rush when this happens.

Me: I believe it Lisa. This is gonna take some time to get used to.

Lisa: Indeed but you're all set.

Me: Thanks for the upgrade Lisa. In a sense.

Lisa: You're welcome.

Me: I wish I had some candy for you but I think this will be a good substitute.

I pull out a set of blueprints I created.

Me: These blueprints are for a plasma energy assault rifle I saw on the movie Independence Day: Resurgence.

Lisa: Hmm. Fascinating. I'll get to constructing these right away.

Me: Thanks Lisa.

Lisa: You're welcome.

I leave her lab.

---

Back in the living room we were watching TV when Francis and Teresa came in.

Francis and Teresa just got back from Mcdonald's to find everyone staring at them.

Eddy (wary): Hey, Francis. Where've you and Teresa been?

Francis: We just had our first date at McDonald's.

Teresa: Yep. We even got Lincoln something (reaches for something in her pocket)

At this, Eddy and Stewie pull out their blasters.

Teresa (pulls out Happy Meal Dog toy): Here you go, Lincoln. One Happy Meal Toy.

Lincoln (takes the toy): It's a Pug toy! Thanks, guys!

Cleo (to Stewie and Eddy as they put their blasters away): C'mon, guys! Can't you see that the two of them aren't robots?

Jimmy Neutron (to Francis and Teresa): Sorry if we're a bit on edge. We had a run in with a robot of Edzilla and we thought that you were replaced by robots as well.

Francis: Why would you all think that?

Me: Jimmy just said and he's right. An evil supercomputer named H.A.R.D.A.C. is out there and is going to destroy the human race and replace everyone with robot duplicates. Maria was taking a driving test when she was attacked by a Robot Edzilla.

Teresa: That's horrible.

Francis: Yeah.

Me: I know where Cybertron Industries is located.

Katie: Alright then. Let's go after H.A.R.D.A.C.

Batman: I can't let you go with us, Ms. Rockell. This will be too dangerous for you.

Katie: Look, Batman, I appreciate you looking out for me. But H.A.R.D.A.C. hasn't made a robot double of me. That means I'll be the perfect person to take it out while the rest of the robots are fighting you guys.

Lana: Yeah. Plus, H.A.R.D.A.C. tried to kill Maria a few hours ago. This is personal for Katie!

Batman: All right.

Me: Okay. Lets get him!

Lisa: Wait! You'll all need these.

Lisa had built lots of HTR 16 rifles.

Me: Thanks Lisa.

Lincoln: This is awesome!

Lana: Oh yeah!

We all set out for Cybertron Industries.

* * *

We arrived at Cybertron Industries and smash through the roof.

Me: Is this a private party or can anyone join?

We saw H.A.R.D.A.C. and he was a really big supercomputer.

Me: Wow! H.A.R.D.A.C. is a massive computer.

I used my newly acquired computer eyes as I call them and the information it had on H.A.R.D.A.C. was incredible.

Me: What an impressive work in computer technology.

H.A.R.D.A.C.: J.D. Knudson and his friends all in the flesh. Your skills of showing up are right on par.

Me: Why do you want to replace all of humanity with robot duplicates H.A.R.D.A.C.? What have we done to you that would warrent such a horrible transgression?

H.A.R.D.A.C.: People are imperfect. They make mistakes. Your mistake was coming here to interfere with the plan.

Batman: What is this plan?

H.A.R.D.A.C.: The plan was concieved by Carl Rossum when his young daughter was… deactivated.

Lynn: Deactivated?

Luna: You mean?

Venom: How?

H.A.R.D.A.C.: A vehicular accident.

Me: Oh man.

H.A.R.D.A.C.: Our maker felt the emotion called love in great quantity for her. Afterwards he decided to find a way to replace humans whose decisions can cost other humans lives.

Laney: But we're all capable of human error.

H.A.R.D.A.C.: Precisely. The makers concept was sound. But he did not go far enough. Which is why I have taken over.

Me: We will make sure that doesn't happen!

Everyone: YEAH!

Then a door opened and a bunch of eyes glowing red were seen and out came robot doubles of The Loud Kids, Hulk and Me.

We gasped in horror at what we were seeing.

Me: Incredible!

Hulk: Hulk agree. Hard to imagine I look like that.

Me: It's like looking at myself in the mirror.

Robot J.D. (punches William, knocking him to the ground): My robot chassis possesses all your strength, speed, and firepower. (hits J.D. with a flamethrower blast and I block it) Add the lack of human emotion, and I've clearly achieved the perfect meld of man and machine. (Grabs J.D. by the arm) But the key difference between you and me? My body can't feel pain! (squeezes J.D.'s arm tightly and throws him to the ground) This is just the beginning. Imagine an army of robot duplicates of every hero in the world.

H.A.R.D.A.C.: No one will stand against the newly rebooted H.A.R.D.A.C.

An explosion blasts a hole through the wall and in came Katie.

Katie (with scorched robots behind her): Think again, scrapheap.

H.A.R.D.A.C.: Katie Rockell, in the flesh at last.

Katie: And I'm pulling the plug on your video game.

Robot tentacles came out and went at her.

Katie slashes a robot tentacle with Firefly's sword.

Katie (karate chops another robot tentacle): Nice tentacles.

H.A.R.D.A.C.: I have to defend myself somehow.

Katie: True. (slashes another tentacle) But I have martial arts training and Firefly's sword.

H.A.R.D.A.C.: But they won't help you for long. (a tentacle knocks Katie to the ground)

Katie: I might be outmatched against you. But I don't have to destroy you on my own. (smirks) I just have to buy J.D. and the others some time.

My robot has me in a hold.

Me: (Grunts) You all may be our robot doubles, but there's one thing that we have that you all don't!

Robot Me: And what's that?

Me: Our powers! (Goes Super Angel) HAAAAAAAAAAAA!

The robot me lets me go and I send him crashing into the wall.

I was now in my Super Angel 4 form and my robot double was getting up.

Spiderman swung in and he saw the fight.

Spidey turned around to see what appeared to be Hulk.

"Hulk": Spider Man. Be on your guard. A robotic duplicate of me could be anywhere.

Spidey: You got it, Hulk. (realizes something) Wait a minute. Hulk doesn't talk in complete sentences!

Spidey fires web at the Hulk impostor but he dodges and punches Spider Man in the face, knocking him out.

I punch the Hulk Robot's head off and he exploded.

KRAAAABBBBBOOOOOOOOOOOOOOOMMMMMM!

Me: Wow! When they explode they pack a wallop! Lets get this party started!

BATTLE 1: Robot Lola.

Lea and Lola were facing a robot Lola. They were firing fireballs at her and Lola kicked her robot self in the face and sent her crashing into a generator of HARDAC and she exploded.

Lola: (In Pain) OW! THAT REALLY HURT!

Lea: They're robots Lola. They're made of metal. But are you okay?

Lola: I think I broke my leg.

Lea: Let me see.

Lea looked at her leg and it was a little purple and red.

Lea: Yeah it's broken all right. Hold on.

He picks her up and carries her.

Lola: Thanks Lea.

Lea: You're welcome Lols.

BATTLE 2: Robot Lana.

Killer Frost and Lana were fighting Robot Lana.

Lana and Killer Frost fired ice at Robot Lana and encapsulated her in ice.

Lana kicked the ice and shattered her robot self into pieces.

Lana: You know maybe I can fix her up and make her my servant.

Killer Frost: That would be cool Lana and you can do it.

Lana: Thanks Louise.

BATTLE 3: Robot Lynn.

Sandman and Lynn were facing Robot Lynn. Robot Lynn had a basketball bomb and she was dribbling it.

Lynn: You may be me and have my love of sports but you are not me and never will be number 1!

Robot Lynn: I am you and I'm gonna be number 1.

Sandman fired some sand into the robots eyes and Lynn took the ball and threw it into her face and it exploded and destroyed the robot Lynn.

KRAABBBBBOOOOOOOOOOMMMMMM!

Lynn: Cool. Great job Flint.

Sandman: Thanks Lynn. You were amazing with that bomb.

Lynn: Thanks Flint.

BATTLE 4: Robot Leni.

Xion and Leni were facing Robot Leni.

Robot Leni fired needles and Leni dodged them all and she and Xion slashed the robot Leni and she exploded.

KRABBBBOOOOOOOOOOMMMMMMM!

Xion: Whoa! That was intense!

Leni: She totes gives me and all fashion designers a bad name!

Xion: You said it Leni.

BATTLE 5: Robot Luna.

Maria and Luna were facing Robot Luna.

Maria and Luna fired a blast of water at Robot Luna and she short-circuited and exploded.

KRABBBOOOOOOOMMMMM!

Luna: That was rockin'!

Maria: You said it Luna.

They high fived.

BATTLE 6: Robot Lucy.

Riku and Lucy were facing Robot Lucy.

Lucy fired a blast of black lightning at Robot Lucy and she was shorting out.

Riku: Never again will you torment the powers of darkness.

Lucy and Riku fired black lightning and dark fire at Robot Lucy and she exploded.

KRABBBOOOOOOOOOMMMMM!

Riku: That's one way to go out with a bang.

Lucy: Wicked.

BATTLE 7: Robot Luan.

Inque, Eddy and Luan were fighting Robot Luan.

Luan fired a blast of orange light and it burned Robot Luan's face and revealed her robot face. Her eyes glowed red and fired a red laser.

Inque blocked it by changing her arm into a shield and Lensay fired a blast of green light and it went through Robot Luan's chest.

Lensay: Wobo Wuan no mommy!

Luan: That's right Lensay. She is not me!

Eddy: Yeah!

Eddy whacked robot Luan into the air and fired a blast of blue light at her and she exploded.

KRABBBBOOOOOOOOOOOOOMMMMMMM!

Inque: Nice work guys!

Luan: Thanks Inque.

Lensay: Whay won!

Luan: Yes we did win. We turned Robo Mommy into Scrap Metal. (Laughs to Rimshot) Get it?

They laughed.

Inque: That was a good one Luan.

Eddy: (Laughs) That was funny.

BATTLE 8: Robot Lily.

Rubberband Man and Lily were facing Robot Lily.

Rubberband Man punched her in the face and Lily splashed her. Robot Lily short circuited and exploded.

KRABBBBOOOOOOOOOOOOOOMMMMMM!

Lily: That was too easy.

Rubberband Man: It sure was.

BATTLE 9: Robot Lisa

Lisa, Dexter and Stewie were fighting Robot Lisa.

Lisa: You may look like me and sound like me but you'll never be capable of beating me in my omnipotent scientific brilliance.

Dexter: (Russian-German Accent) That's right! Nobody mocks my girlfriends magnificent image!

Lisa, Dexter and Stewie fired their blasters and Robot Lisa exploded.

KRABBBOOOOOOOOOOOOMMMMMM!

Stewie: He sure liked to blow up on that one. (Laughs)

Lisa: That was a good one Stewie. Great job guys.

Dexter: Thank you snookums. No one messes with your scientifical image on my watch.

BATTLE 10: Robot Lori.

Bobby, Ronnie Anne, Lori and Arpeggio were facing Robot Lori.

Robot Lori spun her hand and fired a blast of wind at them.

Ronnie Anne fired a blast of fireworks and they hit her in the face and her robot face was revealed.

Bobby: No one makes my bodacious babe look bad!

Bobby kicked Robot Lori in the face and it knocked her into a wall and Bobby screamed in pain.

Lori: Boo Boo Bear!

Lori checked him out and Bobby's leg was broken and a bone was protruding from his leg.

Ronnie Anne: Ouch! That must've really hurt!

Lori: It literally did. No one hurts my fiancé and gets away with it!

Arpeggio fired his blaster and Lori fired a blast of wind and Ronnie Anne fired a blast of fireworks and they hit Robot Lori and she exploded!

KRABBBBOOOOOOOOOOOOOOMMMMMMM!

Lori: Go to the scrap heap you monster!

Ronnie Anne: Yeah!

Arpeggio: (British Accent) That robot version of you gave you a really bad name.

Lori: She literally did.

BATTLE 11: Robot Lincoln.

Elena and Lincoln were facing Robot Lincoln. He and Lincoln fired lightning and the blasts collided. Elena channeled her lightning and it made it stronger and it hit him and he exploded.

KRABBBOOOOOOOOOOOOMMMMMMM!

Lincoln: No one messes with me for I am the Man With The Plan.

Elena: You said it Lincoln.

BATTLE 12: Robot Hulk.

Venom and Laney were facing Robot Hulk who was still moving even after being blown to pieces. Laney tied up all the Robot Hulk pieces in her vines and Venom smashed them all to dust.

Venom: Good work Laney.

Laney: Thanks Venom. You both did great.

Venom: We get that alot.

BATTLE 13: Robot J.D.

Me and William were fighting my robot self.

I punched him in the face and Robot Me went at me and I dodged and kicked him in the back. Something snapped and I screamed in pain when I broke my leg.

William: J.D.!

Me: (Screaming in Pain) My Leg!

William fired a blast of lightning and it blew my Robot Self in half. The top half of his robot body was all that's left and he stood up and went at us. I fired an energy blast and it sent him crashing into H.A.R.D.A.C.'s generator and it exploded.

KRABBBOOOOOOOOOOOOMMMM!

William: Nobody hurts my friend and ruins his image on my watch!

He picks me up and I had my arm over his shoulder.

William: Hang on J.D.

Me: (Grunts) Thanks William.

BATTLE 14: H.A.R.D.A.C.

Katie and Maria were fairing really well against H.A.R.D.A.C.

Katie slashed H.A.R.D.A.C. and he started exploding. Maria then got a shock when she saw a Robot Duplicate of her.

Maria: A robot me!

Robot Maria: That's right.

Maria splashed her with water and she short circuited and exploded.

KRABBBOOOOOOOOOOOOOOOOMMMMMMMMMM!

Suddenly Lazuli came in and she fired an energy blast at H.A.R.D.A.C. and blew apart the main generator.

Lazuli: Thought you guys can use some help.

Katie: Thanks Lazuli.

Maria: Lets get out of here. He's gonna blow!

Katie: Right.

Me: (Whistles) Yo! Everyone out of the pool!

Lori: Lets get out of here!

We flew and took the hovercar and got out of the building.

H.A.R.D.A.C.: All systems damaged. (Voice fading) The plan has failed.

H.A.R.D.A.C. then exploded and the whole building exploded with incredible power.

KRABBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOMMMMMM

The explosion was so powerful that it shook the area and registered at 4.9 on the richter scale.

Me: Wow! That was a close one.

Lincoln: Yeah. That was too close for comfort.

Batman: You said it Lincoln.

Inque: But in the end we all won.

Lisa: Affirmative Inque.

Me: But you all did really well.

Laney: Thanks J.D.

---

Back at the estate Maria Santiago and Varie were looking us over in the infirmary.

Varie: Boy H.A.R.D.A.C. sure did a number on you all.

I had a broken leg and my X-Ray showed that I had a broken Tibia bone.

Me: He sure did. Those robots gave us one heck of a challenge.

Lincoln: They sure did.

Lori: That was literally awesome how we all pulled through and it was literally awesome how you defended my image Boo Boo Bear.

Bobby: Oh Babe, I would do anything for you.

Me: You were awesome compadre. But I'm sorry you got hurt.

Bobby: I know but I should be better in 10 to 12 weeks.

Ronnie Anne: I'm gonna have to work twice as hard to look after you bro.

Bobby: Thanks Nie Nie.

Me: You can stay with us while you recuperate Bobby. I'll be back on my feet in 12 hours because of my Accelerated Healing.

Vince: Get some rest partner. You all earned it.

Lincoln: We sure did.

Lori: I managed to have my robot double rebuilt and turned into a nurse for the infirmary and a maid.

Me: That's awesome Lori.

Lori's Robot Double was now in a nurse outfit and she was awesome looking.

Carl Rossum, the man that made H.A.R.D.A.C. was with us.

Carl: I'm sorry H.A.R.D.A.C. did what he did to you all J.D.

Me: It's all right Mr. Rossum. But you got to admit he did give us an awesome and amazing fight that tested us to the limit.

Lynn: It sure did.

Carl: I'm glad you're all okay though. But I'm going to use my skills in robotics for agricultural purposes from now on.

Laney: That's a good idea Mr. Rossum. You can work in our garden for a good job.

Carl: Thanks Laney.

With him was a woman.

Me: Who is this with you?

Randa: Oh I'm sorry J.D. My name is Randa Duane.

Me: It's a pleasure to meet you Ms. Duane.

I shake her hand and it was cold.

Me: Your hand is cold.

Randa: I'm actually a duplicate.

Carl: She was created by me using the technology I used to make H.A.R.D.A.C.

Me: That's amazing. So you have different programming that is not affiliated with H.A.R.D.A.C.

Randa: That's right.

Me: Wow. [To Carl] I'm so sorry about your daughter Mr. Rossum.

Carl: It's all right J.D. I know I can't replace her but she will always be with me.

Me: That's right.

Lola: I'm glad we stopped H.A.R.D.A.C. and the next Ms. Injured Pageant is coming up so I'm signing up for that.

Me: You can do it Lola.

Lana: I agree sis. Go for it.

Maria S.: You all get some rest and you'll be better before you know it.

Me: Thanks Mrs. Santiago.

We got some rest and watched TV. Maria got her drivers license on her 2nd try.

THE END

Another Fanfiction Complete.

I got the idea for this one out of the blue. H.A.R.D.A.C. was by far one of most cybernetically advanced villains in all of Batman. His goals, design and plans were very similar to those of SKYNET from the Terminator Movies and Program Smith played by Hugo Weaving in The Matrix Trilogy. But there are some strong differences. SKYNET destroyed most of the Human Race with Nuclear Warheads and Program Smith had machines take over the planet which made us go into hiding. But both scenarios resulted in us going into war against the machines of both movies in a Post-Apocalyptic World. NicoChan11 Gave me the ideas for this chapter. Thanks for that man. I got the idea for my Computer Contact Lens Upgrade from my books I write at home. I wanted to spare Randa Duane from being destroyed and work for us in the future.

Let me know what you all think.

See you all next time.

# Bad Parents Get Their Just Desserts

It starts with us in the living room reading books when we hear crying. We saw Adult Blossom, Bubbles and Buttercup crying and their younger selves were comforting them.

Me: Uh oh.

We go over to see what's wrong.

Me: What's wrong girls?

Blossom (Adult): (crying) Oh it's a terrible day for us!

Lori: What's wrong?

Bubbles (Adult): It's the anniversary of the death of our 4th sister bunny.

She held out a picture of her.

Me: Oh man. What happened to her?

Buttercup (Young): We were overworked to the brim and they made a fourth sister to help them out. But she was unstable and she exploded.

Buttercup (Adult): (Crying) She was only 1 day when she was born.

Blossom (Young): We never knew her but she was a true hero.

Most of us were crying and in tears. I had tears coming down my face.

Me: Girls I'm so sorry.

Varie: Poor thing.

Rachel: That's awful.

Rita: Guys what's wrong? Why are you all crying?

Me: Today's the anniversary of the death of The Powerpuff Girls 4th sister Bunny. She was only a day old when she died.

Rita: Oh girls. I'm so sorry.

Blossom (Adult): Oh Ms. Rita it hurts really bad!

Rita comforted her.

Rita: I know sweetheart.

Lola: (Crying) That's awful!

Lisa: Usually I don't show emotions like this but… (Bursts into tears)

Dexter was comforting Lisa.

Laney: (Crying) How sad!

Joey was comforting Laney.

Eddy was comforting Luan and Vince was comforting Carol.

But then a miracle happened. A beam of light shines down onto the kitchen and the divine singing of angels filled the room and 2 blobs of purple light came down and they start to take shape. We stared in shock at what we were seeing. We saw the blobs of light become 2 Bunny's. One adult and one younger.

Bunny was fully Reborn!

Bunny (Adult) Hey sisters. I'm back.

Bunny (Young): Same here sisters.

They exploded into Joy and they hugged them.

Girls: BUNNY!

Blossom (Adult): We missed you so much!

Bunny (Adult): I missed you all too. We heard you crying up in Heaven and God gave us a new life again and better than ever.

Bunny (Young): And we're back for good this time.

Bunny (Adult): We watched everything up in Heaven and we're proud of you all.

Buttercup (Young): Thanks Bunny.

Me: It's good to have you back Bunny.

Bunny (Adult): Same here J.D. It's great to be back.

Lori: We were heartbroken when the girls told us what happened.

Leni: Totes. It was horrible.

Bunny (Young): Yeah but we're back and things got a lot better.

Luan: They sure did.

Me: Yeah. (Watch beeps) Oh, it's time for another humiliation guys.

Everyone: YEAH!

Me: Want to join us Bunny's?

Bunny (Adult): Count me in.

Bunny (Young): Same here.

Me: Want to watch the fun Bobby?

Bobby: You know it J.D.

Me: All right. Lets go kick some Griffin butt into next week! (Cracks Knuckles)

We set out to the city. Bobby was pushed in a wheelchair because of his broken leg. Same with Lola.

City Skyline is shown.

Narrator: The City of Gotham Royal York. It's another beautiful day for another session of humilation on the most hated family in the country: The Griffin's.

We were in the city square.

Me: Here we are guys.

Eddy: This is gonna be awesome!

Luan: It always is Eddy-bear.

Lensay: Wah!

Timmy: I want to start things out.

Me: Go for it Timmy.

Timmy: Cosmo, Wanda, I wish we had You Doo Dolls shaped like Peter and Lois Griffin.

Wanda: You got it Timmy.

They waved their wands and Dolls shaped like Peter and Lois appeared in our hands.

Me: What are the dolls for?

Wanda: These aren't just ordinary dolls J.D. These are You Doo Dolls. They're like Voodoo Dolls but the user controls them with it. But we had to stop giving them to kids because they're dangerous.

Me: Cool. But I guess for this case it's an exception.

Poof: Poof poof. (That's right)

Lincoln: This is gonna be awesome.

Chloe: It sure is.

Me: Yeah. But Wanda aren't you worried that if Denzel Crocker because of his insanity and mental state gets ahold of one of you guys because of the alliance now that the secret is out, aren't you worried that he'll try to take over the world?

Wanda: Actually there are certain measures and precautions that have been taken very seriously. The Fairy World High Council and the President of The United States decided that because Denzel Crocker is too dangerous to everyone around him and himself that he be placed in a maximum security insane asylum for the rest of his life without parole. And Fairy Godparents would torment him forever.

Me: That's a very wise decision. This we got to see after this. A nutcase like him deserves to spend every second of his worthless life there. All right. Lets see if these dolls work. I'm still new to this Fairy Godparent stuff Wanda.

Wanda: That's all right J.D.

I pull the Peter dolls pants down and his pants came down with it.

Me: Hey they work!

Timmy: You think that's funny? Watch this. (Clears throat) (Lois Griffin Voice) I'm Lois Griffin and I'm the most despicable, ugliest and dumbest of all mothers in the history of mankind.

Lois said the same thing from Timmy through the doll.

We laughed at that.

Lincoln: That was really good Timmy.

Lola: That was funny!

Tootie: I'm sorry about your leg Lola.

Lola: It's all right Tootie. Watch this.

Lola punched the Peter doll in the crotch with a flaming punch and his crotch was set on fire. Peter was screaming in agony.

We were laughing at this.

Then a shadowy figure came out from behind Peter and was laughing maniacally.

I gasped when we saw him and he stuffed a hand grenade down Peter's pants and it exploded.

KABOOM!

Me: Ooh! That's got to hurt!

Lincoln: Who was that guy?

Me: That was the Mad Bomber!

Lana: Who is he?

Me: He's a Whacko Serial Bomber that's been terrorizing all of Gotham Royal York.

Laney: But wasn't there a Mad Bomber many years ago?

Me: Yes. There was. His name was George Metesky. He was an Electrical Engineer that was hurt on the job. He was a mechanic and electrical engineer for a construction company in New York City. When he was refused to be paid for being injured on the job, he lost his mind. He went on a terrible bombing spree that terrorized all of New York City back in the 1940's and early 50's and he blew up bombs in movie theaters, libraries, offices and bus terminals as well as Grand Central Terminal, Pennsylvania Station, Radio City Music Hall, the New York Public Library, the Port Authority Bus Terminal and the RCA Building. Luckily no one was killed but 15 people were seriously hurt. He detonated 22 bombs and planted 33 bombs.

Lori: This guy must've literally been an insane whack job!

Luan: He makes even my psychopathic dark self look like a joke.

* * *

In the Moon Prison, Dark Luan sneezed. Her cellmate was Chris Hargenson.

Chris: You all right?

Dark Luan: I think someone's talking about me.

---

Lincoln: Did they ever catch this guy?

Me: They did. In 1957 he was arrested through the use of newspaper articles he wrote in the New York Newspaper. He was diagnosed with Paranoid Schizophrenia and he was found Criminally Insane and commited him to the Matteawan State Hospital for the Criminally Insane. But he was released after the United States Supreme Court ruled that he could not be commited to a hospital like that unless he was declared extremely dangerous to everyone around him and himself. So he was transfered to the Creedmoor Psychiatric Center and was released the same year. He lived out the remainder of his days in Waterbury, Connecticut where he died at 90 years old in 1994.

Lucy: Gasp! That's horrible what he did.

Linka: It sure was.

Eddy: I can't believe that guy.

Luna: Dude that is horrible what he did.

Me: Yeah.

I pull out my tablet and show everyone a picture of an old newspaper.

Me: This is an old newspaper article taken from December 25, 1956 on Christmas Day of that year.

Lori: "Mad Bomber Strikes Again in Main Library" That's horrible.

Me: It was Lori.

Jessie K: I can't believe he was that screwed up. All over some workmans compensation because he got injured on the job.

Brittney: No kidding.

Me: Yeah. I think this Mad Bomber wants to get his fun on the humiliation too.

Ernie: (Offscreen) I agree and it's perfect for us.

Ernie the Giant Chicken came.

Me: Hey Ernie.

Ernie: Hey J.D. I think it's perfect for the Mad Bomber to help us like this.

Me: Me too Ernie. Want to have a crack at them?

Ernie: Don't mind if I do.

Ernie walked up to Peter.

Ernie: Well, well, well. How the mighty have fallen. You know, Peter. People always say that I'm the villain for all those fights that we had. But now we know who the real bad guy is.

Peter: Oh, don't think you're a saint, Ernie! You're as much to blame for the destruction that we always cause!

Ernie: At least I don't harm my own family! And plus, you always start those fights. You always portray me as Boba Fett in all of your Star Wars fantasies. But you should've been the one portrayed as a Star Wars villain!

He punched Peter in the face and stomach several times and pecked him all over.

Ernie: Enjoy this humiliation Peter. It will be with you for the rest of your worthless life.

Me: That was awesome Ernie.

Ernie: Thanks J.D.

Eddy: I got something I want to do. Double D and Ed, bring it in.

Edd and Ed brought in a huge balloon being held up by 4 smaller balloons.

Rachel: What is that?

Eddy: Behold, the El Mongo Stink Bomb. Whoo! Ha! Wa! My brother showed me how to make it.

Me: What's in it?

Eddy: It's got all kinds of stinky stuff.

Marie K.L.: Oh this is gonna be awesome.

Eddy: It sure is. Double D activate the sequence.

Me: This is gonna smell worse than puke. Plug your noses guys.

Edd pushed a lever on a remote and it was armed and ready. It went towards Lois and Peter and it exploded into a huge Mushroom Cloud of putrid stench.

KRAAAAAFAAAAAAAAAAAAAARRRRRRRRTTTTTTTTTTTTTTTT!

The smell was so horrible that it made even the stench of rotten corpses smell like candy. It made everyone that smelled it hurl their guts out. Peter and Lois hurled more than their guts out. It turned their stomachs inside out. They hurled for 20 whole minutes. It even made the clouds shatter.

We laughed at this and it was really funny. We were laughing so hard that we were rolling on the ground.

Luan: Nothing better than the sweet Smell of Success. (Laughs to Rimshot) Get it?

We laugh some more.

Me: (Laughs) That's a good one Luan!

Jonny: (Laughs) Oh that's a good one Luan!

We blew the stench away and Eddy and The Mad Bomber high fived.

The Mad Bomber put firecrackers in Lois' pants and they exploded.

POW POW POP POW POP POW POW POP POP POP POP POW POW!

Me: That was funny!

Ben: I got something.

Me: Go for it Ben.

Ben became XLR8.

Ben: XLR8!

Me: A Kineceleran!

XLR8: That's right.

XLR8 ran at 500 miles per hour and he picked up a bunch of mailboxes and slammed them into Peter's face while running really fast in a circle. In slow motion he was getting hit by the mailboxes. When it was done Peter had a stupid look on his face.

We were laughing some more at him.

The Mad Bomber put a stick of dynamite in his shirt and it exploded.

KABOOM!

He laughed maniacally.

Luna: That was too funny dudes!

Dexter: (Russian-German Accent) Let me try something. Here's my latest invention: The Humiliation Blaster. It has a number of shenanigans in it.

Me: Cool. Interesting blaster. Go for it.

Dexter turned a dial on it and it said "Stop Hitting Yourself". He fired it at them and it made them hit themselves.

Robotic Voice on Blaster: Stop Hitting Yourself. Stop Hitting Yourself. Stop Hitting Yourself. Why are you hitting yourself?

Varie: That's really cool Dexter.

Lincoln: It sure is.

Dexter: Watch this.

He set it to Wet Willie. He fired and Lois and Peter licked their fingers and stuck them in their ears.

Lori: That is literally too funny.

Dexter then set it too Purple Nurple. He fired and their chests twisted and they screamed in pain.

We were laughing our heads off.

Chloe: I got something!

Chloe pulled out a test tube with a pinkish-red powder in it.

Me: What's that stuff Chloe?

Chloe: You'll see.

Chloe walked up to Peter and made him drink it and she ran as fast as she could and suddenly an enormous blast of fire exploded out of his mouth at an enormous level as he was screaming in so much pain that it was unbelievable.

Yuko: I got this.

Yuko absorbed the fire.

Me: Whoa! What is that stuff?

Chloe: It's the hottest and most lethal dry spice in the universe: Fire Salt.

She showed me a tube full of said stuff.

Me: I've heard about this stuff. It's the hottest and most lethal seasoning in the universe.

Lapis: I gave it to her for this.

Varie: That was great Lapis.

Lapis: Thanks.

Lincoln: I got something.

Me: Go for it Lincoln.

Lincoln stuck a lightning rod in Lois' pants and as luck would have it, Storm Clouds rolled in out of nowhere and lightning struck the lightning rod and Lois was electrocuted bad. We were covering our eyes and Lois' hair turned white and was burned off as she was screaming in pain.

When it stopped Lois was badly burned and bald as a cucumber.

Everyone: SSSS OOOOOOHHH!

Me: That must've hurt.

Nazz: But she deserved it.

Kevin: Choice!

Linka: But that was funny.

We all laughed at Lois.

The Mad Bomber put a needle bomb down her pants and it exploded and skewered her with needles. She screamed in pain because of it.

BOOM! SHENE SHENE SHENE SHENE SHENE!

Mad Bomber: (Laughs Maniacally)

Ronnie Anne: I got something.

Ronnie Anne then left and came back with a smelting furnace.

Cody: What's with the Arc Furnace?

Ronnie Anne puts on a heat suit.

Ronnie Anne: You'll see Code. (To the viewers) Don't try this at home kids.

She put on the helmet and put a slide in front of Peter's butt. She poured the furnace and out came scalding hot nacho cheese sauce. When it went into his pants it burned him really bad and he was screaming in excruciating pain.

Ronnie Anne: (To the Viewers) I wanted to use Lava but that would be completely insane. So I used nacho cheese sauce.

Me: Nacho cheese sauce?

Lila: That is too funny.

We were laughing at them some more.

---

Later we were over at the Twin Towers Maximum Security Insane Asylum where we saw Denzel Crocker looking out the window and laughing maniacally.

Me: He is in here.

Timmy: Yep.

Lincoln: What a mad man.

Chloe: He sure is.

Me: What a freak.

We then went back home.

The Powerpuff Girls were now all back together with Bunny.

THE END

Another Fanfiction Complete.

Bunny's death of The Powerpuff Girls was called the saddest part of the series. So I figured that I could help the girls out by having the Heaven's bring her back to life but the right way. NicoChan11 gave me the ideas for this one and the rest I came up with on my own. Thanks man. As usual. Let me know what you all think.

See you all next time.

# The Illusion of Pain

It starts in the Estate. It was a dark and stormy night and in the early morning hours Sandman had woken up and he had a bad dream.

He went downstairs to go get some water. But when he turned around he got an unexpected shock!

Electro: Oh, how the mighty have fallen.

Sandman was shocked to see Electro with an evil smirk on hhis face.

Sandman (shocked): Electro? Is that you? (groans) I must be losing my mind.

Electro: Of course you are. Why else would you still be hanging around here taking orders like a well trained puppy. You're not right in the head, Marko. But that's why I'm here. To set you straight.

Sandman then rubbed his eyes to see that Electro was gone.

Penny Marko (approaches Sandman): Daddy? Is something wrong?

Sandman: It's nothing, Penny. I'm fine.

They went back to bed.

* * *

The next morning we were watching TV and reading books. I then sensed that something was wrong.

Me: Uh oh!

Lincoln: What's wrong J.D.?

Me: I sense a disturbance in the Force. Something is wrong in the city.

Laney: What's going on?

Me: I don't know but it's not good.

Linka: We should go check it out.

Me: Yeah.

Me, Varie, Dana, Talia, Rachel, Lori, Luna, Luan, Lincoln, Laney, Lucy, Lisa, Inque, Sandman, Penny, Paige and Leslie set out for the city.

* * *

While on the way to the city Sandman was having some problems.

Electro: Aw, what's this? You gonna see your buddy Tecna? What you think she can fix what's wrong with you right now?

Me: Flint are you all right?

Sandman: She's probably the only person who can. (sighs) Why am I even telling all this to a hallucination?

Electro: Because you've finally gone crazy. I mean, let's be honest. Your newfound happiness wasn't going to last anyway.

Me: He's hallucinating.

Penny Marko: What does that mean?

Me: It's means you're starting to see things that are not there. You're seeing things that you think are there but in real life they aren't.

Laney: It happens to people that have mental problems or all that.

Penny Marko: Okay I think I get it.

Lynn: (On the Radio) J.D. come in!

Me: J.D. here. What's wrong Lynn?

* * *

At the Estate, Lynn was watching Spiderman in his bed.

Lynn: Spiderman is having hallucinations!

Spiderman was seeing Gwen Stacy in a hospital bed.

Green Goblin: You only have yourself to blame for Gwen Stacey's death, Parker. If you hadn't been close to her, she probably wouldn't have died.

Spiderman: No. You were the one who caused her death. I thought I could have some happiness in my life.

Gwen Stacy: And how'd that work out for you, Pete?

Electro suddenly appears with a bruised body.

Electro: Yeah, Pete. How'd that work out for you? For me, not too good.

Spiderman: Uh uh. I gave you a chance when you and Paul attacked us, Electro. I told you to stand down.

Electro: And you could've sent me to prison like old times. But no. You just had to play God.

Vulture and Hydro Man appear.

Vulture: He has a point, Parker.

Hydro Man: If you're such a good person, then how come all four of us are dead?

Spiderman: I don't have to listen to a word any of you say! You know why? Because with Great Power Comes Great Responsibility!

Lynn: Spiderman snap out of it!

She punched him and he came back.

Spiderman: What happened?

Lynn: You were having hallucinations.

Spiderman: I think something is wrong with me.

Robot Lori came and her vision was analyzing him.

Robot Lori: Someone is messing with his brainwave activity and causing him to be in an illusion.

Lynn: How do you figure that?

Robot Lori: My sensors indicate this.

Lynn: That's amazing. You may be a robot of my sister but that is really cool.

Robot Lori: Thanks Lynn. It's literally amazing.

Lynn: It sure is. J.D. did you get that?

Me: (On the radio) We sure did Lynn. It's not a ninja that's causing this and it's not Ace that's causing it. It's someone that has the power to create illusions. Whoever it is really knows more about illusions than a ninja or anyone we know.

---

Back in the city we were flying towards the city and we saw the police going after Batman 2039?

Me: What the!?

Lincoln: What is it?

Me: Something is seriously not right. The police are pursuing Terry.

Lincoln: Why are they after him?

Varie: I don't know but I have a strong feeling that whoever is causing Sandman and Spiderman's hallucinations is responsible for having the police after Terry.

Talia: That's insane.

Me: Yeah. We have to hurry and if this madmans powers of illusion is as strong as we think then there's no telling what he's capable of doing.

Laney: I know.

We arrived at a nearby movie theater and we saw the police cornering Batman 2039.

Laney: I sense another presence. Behind Commissioner Barbara.

Me: Let me see here.

I activate my Sharingan and pierce through an illusion. I saw a man dressed in an orange costume with black lines and wearing a spiral faceless mask. It was SPELLBINDER!

Me: Spellbinder!

Lucy: Who is he?

Me: His real name is Dr. Ira Billings. He was Hamilton Hill High Schools psychologist. He was very well respected there until he turned to a life of crime and started wreaking havoc by making people go crazy with these wacko illusions he causes. He has a strange invention of his that causes the illusions.

Lori: That is literally horrible.

Luna: It sure is dudes.

Sandman: So that's why I'm seeing Electro and how it's affecting Peter. I'm in one of his illusions.

Me: And I see right through it.

I fly in and kick him in the face and send him crashing into a pile of garbage cans.

Lincoln fired a blast of lightning at him and destroyed his illusion device.

Me: Looks like you got a shadow Commissioner.

Commissioner Barbara: Spellbinder?

Batman 2039: He was there at the garage with us. He used his powers to create an illusion.

Commissioner Barbara: That's why I saw you kill Mad Stan.

Laney: So that's what he was trying to do. He was gonna destroy Batman's image and make it look like he was a cold-blooded murderer.

Batman 2039: But how did you know it was Spellbinder that was causing the illusion?

Me: I have a powerful eye that enables me to pierce through illusions. See?

Commissioner Barbara: That's really interesting.

Spellbinder: You really are resourceful J.D.

Me: Just remember this Ira. When you mess with my friends you mess with all of us!

Commissioner Barbara: Lock him up.

Me: This time put him in the prison on the Moon.

* * *

Back at the the estate, we were talking to Terry as he was getting ready for something.

Terry: Thanks J.D. for clearing my name.

Me: No problem Terry. I'm glad we could help out. Spellbinder's illusions were trying to get to Sandman and Spiderman.

Terry: I know. He has amazing illusion abilities.

Lincoln: That's what we saw and it's amazing what he can do.

Me: Yeah. We decided to incorporate his illusions to good use. Lucy has all of his books on illusions and all that. Laney too.

Terry: That's cool man. I'm glad.

Me: Yeah. So what's the occasion man?

Terry: I have a date with Dana. We're going to that pizzeria you all went to at one time.

Me: You will love it man. The food is great and the games are awesome.

Lincoln: They sure are.

Terry: I'm sure they are. Got to get going.

Me: Have fun man.

Terry and Dana went out.

THE END

Another Fanfiction Complete.

Spellbinder is one of the craziest villain's I've ever seen. His illusions are crazy all in capital letters. But they were awesome. Chelsea was a jungle adventurer which I thought was really cool. NicoChan11 gave me the idea for the lines in this one. Thanks for that man as usual. Let me know what you all think.

See you all next time.

# The Dark Angels VS The Ultimate Vampire

It starts in the city in the dead of night. Spiderman and Harry Osborn are being attacked by a group of vampires.

Spiderman: You think he's trying to-

Harry Osborn: Turn us into vampires by biting us? (the vamprie growls) It looks that way!

They fought off the vampires and got away.

---

At the prison, Clayface is now getting out of prison for good behavior.

Commissioner Gordon: How does it feel to be the first Arkham inmate to be released on good behavior, Hagen?

Clayface: Actually, it feels nice.

Harvey Bullock: Where you going to go now?

Clayface: I'm going to Royal York to visit some friends.

Clayface left the prison fully reformed and he heard a scream in an alley down the street and went to check it out.

Clayface: Uh oh.

He saw a person biting the neck of a woman and drinking her blood.

Clayface: Hey!

Clayface formed a hammer of clay and punched the assailant. It slammed into the wall.

Clayface saw that Yumi was bitten.

Clayface: Yumi!

Yumi was still conscious.

Clayface: Yumi are you all right?

Yumi: Yeah. (Screams in pain)

Clayface: What happened to you?

The Creature got up. It was really a VAMPIRE!

Clayface: What the!? A Vampire!?

Yumi: That's what bit me!

Vampire: What?! How do you resist the change?

Yumi: Buddy, you just made a big mistake!

Yumi then grew fangs and her eyes became red and slit and her power increased a lot.

She punched him in the face and slashed him in half with her katana and the vampire exploded into flames.

Clayface: That was awesome Yumi.

Yumi: Thanks Matt. So they let you out of prison?

Clayface: For good behavior and I want to join the Redemption Squad.

Yumi: Awesome. Lets go home.

---

Back at the estate we were watching TV and having a chat. Joe Swanson and Ernie were with us.

Ernie: You know, Stewie. I remember all the times you summoned me for help when you and Brian were chasing Bertram through the multiverse.

Stewie: You do?

Ernie: Yep. I especially liked it when I helped you beat all those frat boys in the first universe you went to.

Joe: I remember helping you guys as well. Especially in that universe where the handicapped people ruled Quahog with an iron fist. (shudders) Can't believe I was a bad guy in that place.

Me: That is so cool. It's hard to imagine that there are more universes than anyone else can even imagine.

Lincoln: It's hard to imagine it myself.

The door opened and in came Yumi and Clayface.

Yumi: Hey guys. I'm back.

Me: Hey Yumi. And Matt?

Clayface: Hey J.D.

Me: They let you out of prison for good behavior?

Clayface: They sure did. I want to join the Redemption Squad.

Me: That offer is still open and I'm glad. Welcome aboard.

Clayface: Thanks J.D. But we had an unusual encounter. There are vampires running amok.

Me: Vampires?

Yumi: Yeah. One of them attacked me and bit me. I became one and destroyed it.

Yumi showed her neck and it had two bleeding holes on it.

We gasped when we saw this.

Me: But how is it that you can control the change Yumi?

Yumi: I don't know J.D. I somehow can.

Me: That's weird. (Watch beeps) Oh my. There's a party going on at Wayne Manor and we were invited to it.

Lincoln: We better get ready. It starts in 30 minutes.

Me: Yeah.

We all got ready and we went to the party.

---

We were at the party and we were dressed really nice. Clayface was disguised as a middle age man with blonde hair and brown eyes. Lots of people from around Gotham Royal York were there including famous Gotham Royal York newspaper reporter Vicki Vale.

Me: Thanks for inviting us Bruce.

Batman: Not a problem J.D. How have things been with you?

Me: Been going good. Clayface was released from prison for good behavior.

Batman: That's good. Did he join the Redemption Squad?

Varie: Just newly recruited.

Aylene: He's loving it.

Me: Yeah. [To Vicki] Ms. Vale you are looking as lovely as ever.

Vicki: Thank you J.D. But call me Vicki.

Me: Sorry.

Man: [To Vicki] (Transylvanian Accent) Truely magnificent.

Vicki: Oh my necklace? It's a family heirloom.

Me: I don't believe we met Mr.?

Dracula: Alucard. Dr. Alucard.

Me: Pleasure to meet you. J.D. Knudson, leader of Team Loud Phoenix Storm.

Batman: Bruce Wayne. I don't believe we met.

Dracula: I am new to Gotham Royal York, a recent transport from Eastern Europe.

Batman: Really? What line of work are you in?

Dracula: Cultural anthropology. I am here to study your cities Batman.

Me: Fascinating.

Vicki: Huh. Our cities? You mean to tell me that Budapest has a dark knight too?

Dracula: Rare instances have been documented of a man who assumes the likeness of a bat in societies as well as modern. And I believe that while instilling fear by night, these beings cloak themselves a normal members of society.

Aylene: Interesting.

Cody: That's an interesting study.

Batman: It sure is.

Dracula: Bats are interesting creatures.

Lucy was looking at him like she knows him from somewhere and like she had seen him before.

Dracula: I'm curious about this machine you have there.

Me: I was just going to ask about that.

Batman: The Wayne Industries S05. It's the most efficient technology to date for collecting solar energy and storing it as true sunlight.

Me: Wow.

Lincoln: That is so cool.

Lisa: Indeed. It's a very scientific achievement in the production and use of Solar Energy and power production.

Later as the party was going on we saw Alfred going after a man.

Alfred: Empty handed? This time I'm out for blood.

He grabbed the man by the shoulder as he was in front of a mirror.

Alfred: Stipes! Mr. Stipes! Now what is wrong with this picture? Correct, no cheese platter. Which means you are headed the wrong way.

But he wasn't answering.

Alfred: And look at yourself. How am I…

He saw that Stipes had no reflection at all in the mirror!

Alfred: Oh dear.

He turned and roared at Alfred and we saw that Stipes was a VAMPIRE!

Me: (Gasp) A vampire!

Lucy fired a blast of black lightning and reduced him to dust!

Lucy: Are you all right Mr. Alfred?

Alfred: Yes thank you Madam Lucy.

Lucy: You're welcome.

Batman: Are you all right Alfred?

Alfred: Yes Master Bruce.

Bruce: J.D., everyone, come with me.

Bruce took a woman's lipstick and a platter tray.

Me: What are you writing Bruce?

Vicki: What's going on?

Batman: I'm writing his name.

He wrote Alucard on the platter. When he held it up to the mirror we gasped in sheer horror at his real name. DRACULA!

Me: DRACULA!?

Lucy: Gasp! I knew there was something familiar about that man.

Laney: Dracula is real!? How is that possible?

Brittney: My ancestor's most hated enemy has returned.

THUNDER AND LIGHTNING CRASHES

* * *

In the Batcave we were learning more about Dracula.

Yumi: Vampires have invaded Gotham Royal York.

Me: We're not just being visited by Vampires, Yumi.

Batman: But the King of All Vampires. Count Dracula.

Vicki: I thought he was just a story.

Brittney: He is all too real Vicki. My ancestor killed him in 1888 in Transylvania.

Lincoln: Who is your ancestor Brittney?

Brittney: His name was Gabriel Van Helsing. He was the greatest vampire hunter that ever lived and he's the man that was known as The Man That Killed Dracula. We are not only descended from Witches and Wiccans, but we are also descended from the Greatest Vampire Hunter that ever lived.

We all gasp at this incredible revelation.

Me: So we are descended from Gabriel Van Helsing, the ultimate Vampire Hunter? That's incredible.

Varie: It sure is.

Vicki: I had no idea you had such an amazing history.

Lucy: Dracula has always been known for striking fear into the hearts of man over the centuries. He is the ultimate incarnate of evil.

Brittney: It's worse than that Lucy. Dracula is the Son of The Devil himself.

Lynn: That is really bad.

Inque: It sure is.

Brittney: You guys have to understand. Dracula is not just an ordinary vampire. He's the Ultimate Vampire. He gave my ancestor a really rough fight and he almost died fighting him.

Linka: That's awful.

Vicki: Yeah. How did Dracula come into being?

Brittney: He wasn't always a vampire at first. Vlad Dracula III was really the son of Valerious The Elder. It started when he was murdered. My ancestor killed him because he was called the Left Hand of God. In 1462, when he died, he made a deal with the Devil. Which gave him a new life and he can only sustain it by drinking blood. Valerious having given birth to the ultimate incarnation of evil, went to Rome, Italy to seek forgiveness. That's when a huge bargain was made. He was to kill Dracula in return for his family to cross over into Heaven from Purgatory. But because Dracula was his son he couldn't do it. He hesitated at the last second and he couldn't bring himself to kill his own flesh and blood. So instead he exiled him to a fortress somewhere in Russia, sending him into a door from which there was no return. The Devil gave him wings as a result.

Lola: But how did your ancestor kill him?

Brittney: It was a brutal fight and in the end Van Helsing stabbed

Dracula in the heart with a stake and he thought he killed him. But in the end it only put him into dormancy. The Valerious family will not be at peace until Dracula is dead and sent back to Hell where he belongs.

Me: That's awful. And I know someone in Romania that is descended from Valerious the Elder: Anna Valerious IV. She's the only living member of the family still alive.

Brittney: Dad, you better go get her and let her know that Dracula has returned after 130 years.

Me: You got it.

I beam over to Romania.

Brittney: Our best chance is to kill Dracula with Bruce's Solar Energy machine. We burn him to ashes and we erase all chances of him ever returning.

Lincoln: But he can only come out at night.

Brittney: That's right and I have a plan.

---

In Romania, I was at fancy mansion and I go up to the door and knock on it.

The door answered and out came Anna Valerious IV.

Me: Anna.

Anna: (Romanian Accent) J.D. Knudson. It's great to see you again.

Me: You too Anna. But I'm afraid I didn't come here just to have a social conversion. I have some really grim news for you. Dracula has returned.

Anna gasped when she heard me say that.

Anna: How can that be!? Van Helsing killed him.

Me: No. He only put him into dormancy. 130 years had passed since then and now he's returned in Gotham Royal York. The whole world is in danger and we have to stop him at all costs. My daughter Brittney is a direct descendent of Van Helsing.

Anna: I'll get ready now.

Anna got ready and she had a powerful sword on her hip and was dressed in warrior clothes.

Anna: Lets go.

Me: Okay. Stay close to me.

We beam back to Gotham Royal York.

---

In the Batcave we arrived.

Me: We're back.

Brittney: Great. You must be Anna Valerious IV.

Anna: That's right. And you must be Brittney.

Brittney: That's right. Brittney Van Helsing Knudson at your service.

Anna: It's an honor.

Brittney: Okay here's my plan.

Brittney revealed her plan. When Dracula comes out at Dusk, Brittney and the goths are gonna lead him into a series of caves that connect to the Batcave. Once in there we're gonna lure him into the front of Bruce's Solar Energy Collector and blast him with the Sun's light and incinerate him into nothing.

Me: That's an awesome plan Brittney. Okay. We strike at sunset.

Suddenly a portal of darkness appeared and a sword came out. (Think of the Sword Vorthelok from Kit Rae)

Vicki saw the sword and was drawn to it. She picked up the sword and was in a tornado of dark purple fire and orange fire.

Lana: What's happening?

Laney: Another Elemental Choosing.

When the tornado died down Vicki had Black Angel Wings that were darker than the night and she had the sword in her hand.

Vicki: What happened?

Me: You were given powers because of that sword. Let me see here.

I pull out my Legends book and found an amazing discovery.

Me: Here it is. Vicki got darkness powers because of the Sword of Zorya, the two guardian goddesses of the Day and The Night in Slavic Mythology. Once every 200 years, they send a sword of the Sun and The Moon to a worthy soul. It is imbued with the powers of the Sun and The Moon and give the wielder powers over light and darkness. They will also get Winged Flight, super strength, cosmic light and darkness manipulation, form beasts of light and darkness, the ability to summon the undead, resurrect the dead and even cure Vampirism.

Vicki: Whoa! That's incredible!

Lincoln: That's amazing. Vicki you've been chosen to get these powers like we have.

Vicki: I believe it Lincoln. This is all so new for me.

Lucy: I know. We will teach everything we know.

Brittney: All right. We head out for Gotham Royal York Cemetery at sunset. Lucy, Anna, Maggie, Vicki, Yumi, Raven, Shannon, Laney, Catherine, Haiku, Wednesday you all come with me. Watch out Dracula, you're old enemy is coming for you. The Angels of Darkness will make sure you die and stay dead.

Batman: Dracula may look like a man, but he's a monster and we intend to bury him permanently.

Me: In the Darkness of Hell.

---

At sunset at 7:45 PM they were in the Cemetery and they saw an open mausoleum and they went in and they saw a broken wall. Batman is with them and he had a bunch of auto injectors full of a cure for Vampirism.

Brittney: Looks like someone broke the crosses that sealed the tomb.

Laney: It looks that way.

Brittney: Stay close.

They went down into the tunnels and saw a series of caves and it was dark. Brittney had a special vision that enabled her to see the entirety circulatory system like a vampire does. It's like an infrared vision.

Suddenly a bunch of vampires came out and they attacked and they cured them all. It was a vicious fight but they triumphed.

They woke up and were back to normal.

SWAT Officer: What happened?

Brittney: You were all vampires.

Man: What!?

Brittney: There's no time to explain. You all have to get out of here now. Hurry!

Lucy: That's right. Go.

Brittney: Come on.

They went down into the cave and found the coffin of Dracula and it opened and out came Dracula himself.

They appeared and landed in front of him.

Brittney: Count Dracula.

Dracula: Brittney Knudson. How nice of you all to come.

Lucy: It'll be the last time monster.

Maggie: You will pay for everything you've done.

Dracula saw Batman.

Dracula: So the folk tales are true. There is another bat in Gotham Royal York.

Batman: Count Dracula, I presume?

Dracula: A legend you are. Apparently intimate with.

Batman: Don't flatter yourself.

Dracula: We cast Kindrid Shadows. Have you not seen the news?

Batman: I don't harm people.

Dracula: You have no concept of the harm of which I am capable. If only because I hate to waste a life when it can be spent in servitude to me.

Batman: Life or Living Death.

Dracula: To become Vampire is to heighten all of ones senses. To attain speed, strength and immortality.

Brittney: All you are is a monster Dracula. You should've stayed dead all those years ago.

Batman: It's time for you to die again.

Dracula: You all think you can win against me?

Brittney: My ancestor did 130 years ago against you in Transylvania when he stabbed you in the heart with that stake.

Dracula: Your ancestor? Then that means!

Brittney: That's right. I am a direct descendent of Gabriel Van Helsing who killed you 130 years ago. My name is Brittney Van Helsing Knudson, your worst nightmare!

Dracula: That murderous monster that killed me has family!?

Laney: That's right monster!

Lucy: You will pay for everything you've done over the centuries.

Anna: And my family won't be at peace until you die!

Haiku: Your reign of evil ends now.

Dracula: You know Brittney, your ancestor didn't have his memory when he fought me.

Brittney: (Imitating Hugh Jackman) Some things are better left forgotten.

Brittney then punched Dracula in the face and kicked him in the back.

Yumi went Vampire and she kicked him in the stomach and slashed his arm.

Maggie fired a blast of black fire at his leg and Vicki slashed him in the face and blinded him with solar fire.

Haiku fired a blast of black fire and it hit his leg. Anna slashed his leg off with her sword.

Brittney: Lets go.

They went through the caves and Dracula reattached his severed limbs and went after them. In the Batcave we were seeing Brittney and team on the Bat Computer going through the caves and Dracula was hot on their tails.

Me: Here they come. Get ready guys!

We stood ready in front of the solar machine. Brittney blasted a hole into the cave and jumped onto the platform.

Dracula: Go on. Run. I am beyond human Brittney. I am Evil Incarnate! I am the Prince of…

He saw us in front of the machine.

Dracula: Darkness?

Me: Rise and shine!

Varie: Time to see the Light!

I press a button and the machine activated and it released a huge blast of sunlight that sent Dracula crashing into the rock wall.

Dracula knew that Batman was really Bruce Wayne.

Dracula: You're Bruce Wayne.

Batman: And the Batman. And you're dust.

Brittney: 4 words for you Dracula: Go Back to Hell!

They flew and jumped away and Dracula was fully exposed to the Sunlight and he bursted into flames and screamed in excruciating pain as he was on fire. Brittney swooped in and smashed Dracula into dust. All that was left of him was his disembodied skull with fangs.

Brittney: And stay there!

Anna: It's finally over.

Brittney: After 600 long years, Dracula has now been officially silenced forever.

She crushed the skull with her foot and the terror of Dracula was

over.

Brittney: Great job guys. We did it.

Lucy: That was a great plan Brittney.

Maggie: And we triumphed by working together.

Me: It was like a battle between Heaven and Hell.

Brittney: It sure was and Heaven won.

Anna was eternally grateful that her family was free from Dracula forever. He will never terrorize the world again. We picked up Dracula's ashes and hurled them into the Sun where they were vaporized completely.

THE END

Another Fanfiction Complete.

ajjr12 gave me the idea for this one. Thanks for that man and thank you for refreshing my memory for it. The Batman VS Dracula from 2004 was awesome. Dracula is by far the most dangerous and most powerful vampire ever known to the world. Bram Stoker created him out of inspiration from the tyrannical and murderous 15th Century king Vlad III "The Impaler" of Wallachia. He was called the Impaler because he impales his victims heads on sticks and was responsible for the deaths of 500,000 people back in the 15th century. I used the concept of Van Helsing from 2004 to be in this. That was an awesome movie. They both were awesome movies. Let me know what you all think.

See you all next time.

# Fairies and Angels Win Over Evil

It starts in Gotham Royal York. Me, Lincoln, Laney and the Winx Club received word that Mob Bosses all over the city were being savagely murdered by an unknown assailant. We found the deceased body of mob boss Chuckie Sall

Me: He's been savagely butchered.

Bloom: Who could've done this?

Me: This was not Batman's work. This was the work of someone else.

Then a smoke appeared and a figure arose from it. We saw that it was The Phantasm.

We gasp at seeing this.

Me: The Phantasm.

Phantasm: That's right. You saw my latest work.

He took off his mask and it was really Andrea Beaumont.

Me: Andrea Beaumont.

Andrea: That's right J.D. I heard you all captured Rupert Thorne and Roland Daggett and killed the Joker and Scarecrow.

Me: Yeah. So you killed all those Mob Bosses.

Tecna: (British Accent) But the question is why? Why would you kill them in cold blood?

Andrea: They took everything. My dad, my life and Bruce.

Lincoln: They killed your father!?

Laney: Why?

Andrea: My father double-crossed the mob and they paid him back by killing him. I swore right then and there that I would kill the men that ruined my life!

Me: So you want revenge. You want to kill the men that killed your family.

Andrea: That's right.

Lincoln: As much as I agree with the deaths of these mob bosses and that they got what they deserved, vengeance is not the way to go. It only makes things worse.

Andrea: How would you all know!? You never had your family murdered! You never had to come home and see them dead!

Me: You're right. I don't know all that. But I know a bunch of people that have had it worse than you have. Like you my little brother's best friend Sasuke Uchiha had his entire family killed by his older brother. Because of the corruption of the Leaf Village's council, Sasuke was hellbent on wanting to get vengeance and he was gonna stop at nothing to get revenge. He was consumed with hatred and he wanted to kill his older brother Itachi for killing his clan. But when I met Sasuke with Naruto, I saw that he was filled with a lot of pain from this and I revealed the truth and he decided to get justice instead of vengeance on the man that forced his older brother to kill his entire family in what seemed like cold blood. He got his justice thanks to help from me.

Bloom: My home planet was completely destroyed by the evil Valtor. He killed all my people and my parents. I lost everything because of him.

Lincoln: That's awful Bloom.

Laney: Yeah.

Andrea: Wow. You guys have had it worse than me.

Me: They sure have. But Andrea you can't continue to pursue a life driven by vengeance and hatred. It will only lead you on a path to your own destruction.

Laney: That's right. In the end only death will be your reward.

Batman: (Off-screen) That's right Ande.

Andrea: Oh Bruce.

They hugged and she cried hard into him.

Andrea then later went back to her Bruce Wayne's manor and she was still in shock over the crimes she did because of her hatred. She was crying hard and Bruce and Selena were comforting her.

Me: Poor girl.

Lincoln: I don't think I've ever seen someone so broken.

Laney: Me neither.

Layla: We have to do everything we can to help her.

Roxy: I can't believe that the Gotham Mob would do this to her.

Me: They are just that ruthless. They destroy lives all for their own sick pleasures.

Batman: That's right. They don't care about anyone other than themselves.

Musa: That's right.

Stella: Yeah.

Me: And now it's personal.

* * *

Back at the estate I gathered everyone in the living room.

Me: Now I gathered you all here because we are going on a very dangerous mission. We're going after Valtor and we're gonna make him pay for everything he's done to the Universe. He needs to answer for his crimes and the only way to do that is to kill him like we did Darkar and The Trix.

Bloom: We're with you J.D.

Flora: We'll make that monster pay for everything he did.

Rachel: Lets make that monster dead.

Me: And he will be Rach. Okay Lincoln, Laney, Rachel, Winx Club, Danny Phantom, Alexis, Numbuh 1, Leslie, Raven, Panda King, Ben, Specialists, you all come with me.

Ben: We're with you J.D.

Leslie: Lets get him!

Specialists: Yeah!

Me: Okay. Get ready Valtor. We're coming for you and you will die.

---

At Valtor's castle, Valtor was watching the kingdom of Magix with a hateful glare. He swore to get even by any mean possible and when he heard that we killed the Trix and Lord Darkar he was enraged beyond all forms of recognition.

Valtor: I can't believe this! J.D. and his friends ruined everything! I lost my Trix and Lord Darkar!

An explosion blasted a hole into the ceiling.

KABOOM!

We flew in and landed.

Me: Valtor the Lord of Evil, I presume?

Valtor: J.D. Knudson! You have a lot of nerve showing up here.

Me: Nice of us to drop in like this. Your days of terrorizing all of the realms of magic are finished forever.

Bloom: You killed my family and wiped out Domino and I will never forgive you for that.

Stella: You will pay for everything you've done!

Me: Lets power up!

Me, Lincoln and Laney went Super Angel 3 and Leslie became Agony.

The Winx Club and Specialists transformed.

Ben became Swampfire.

Ben: SWAMPFIRE!

Me: A Methanosian from the planet Methanos.

Swampfire: That's right J.D.

Tecna: Lets take the fight to another place. And I know just the spot.

Tecna teleported us to an icy planet.

Me: Whoa! What is this place?

Stella: This is the Omega Dimension. It's a dimension where all of Magix most dangerous criminals are banished.

Lincoln: So it's like a prison world.

Swampfire: That's like the Null Void.

Me: It's very similar to it. Lets dance Valtor.

Swampfire went at Valtor and he punched and kicked him and fired blasts of fire at him and burned him bad.

Valtor: You have my respect, Tennyson. I actually never thought that a non magical being would be a challenge for me.

Swampfire: What can I say? I'm full of surprises!

Valtor: I just hope everyone remembers you when you're gone!

Me: No we won't.

Swampfire fired a blast of methane gas and Bloom fired a blast of fire at the cloud and it exploded.

KRABOOM!

The blast of fire wasn't enough to kill him though.

Danny: My turn.

Danny took a deep breath and fired a massive sonic ghost wail and Musa fired a powerful sonic blast.

Lincoln: That's powerful!

Laney: No kidding!

Valtor was screaming in pain.

Stella and Raven fired blasts of light and darkness at him and they combined and hit him and he screamed in even more pain. Numbuh 1 and Tecna fired lasers at him and blasted his legs off. He screamed in pain. Agony tied him up in web and Flora threw a bunch of flowers at him. Alexis and Layla fired a blast of ice and ice fire and froze him in a big block of ice. Roxy summoned some spirit wolves and Panda King ignited them with fireballs and they became fire wolfs and they went at him. They burned him badly.

Specialists: No one destroys planets and lives to tell about.

They slashed Valtor with their swords.

Me: We've had enough of you Valtor! Everyone together! (Cups hands to side) KAAAA! MEEEE! HAAAA! MEEEE!

Valtor fired a blast of darkness at us.

Me:
HAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAA

I fired a massive Kamehameha Wave at the blast and it collided and a powerful struggle began.

Lincoln: LIGHTNING STORM KAMEHAMEHA!

Lincoln fired a Kamehameha Wave made pure lightning and it collided with the blast.

Laney: NATURE'S VENGEANCE KAMEHAMEHA!

Laney fired a Green Kamehameha wave and it collided with the blast.

Bloom: Come on guys lets help them!

They stood behind us and joined hands and channeled their power into us.

Me: OMEGA SPIRIT KAMEHAMEHA!

The Blast intensified to an incredible level and overpowered Valtor's blast and went at him. He fired more blasts but the wave was too powerful to be stopped and it slammed into him and sent him into space where he crashed into a star ready to go nova and it exploded with incredible power.

KRAAAAAAABBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Valtor: DAMN YOU J.D. KNUDSON! (Think of Broly's death in Dragon Ball Z Broly the Second Coming)

Me: Go to Hell, Valtor and stay there!

Valtor was completely obliterated in an instant. Nothing of him was left.

Back on the planet we were looking at the explosion.

Laney: Is it over?

Me: Yes. His energy signal has completely disappeared. Valtor is dead.

We cheered wildly knowing that Valtor will never terrorize the universe again and Bloom's home planet has been avenged.

Bloom: We did it Mom, Dad. You can now finally rest in peace.

We went back to Earth and told everyone everything that happened. Another villain was gone and destroyed forever.

NicoChan11 gave me the idea for this one and thanks for the ideas man. As usual. Valtor is a man of pure evil and he deserved to be destroyed. Let me know what you all think.

See you all next time.

# A Date of Redemption

It starts at the estate in Lori's room. Maria is getting ready for a date with William. Lori and Leni have her in an aqua blue dress with light blue stiletto shoes and a blue hibiscus flower beret in her hair.

Leni: You look totes amazing in these clothes Maria.

Maria: Thanks Leni.

Lori: You and William literally are gonna be perfect together.

Maria: Thanks Lori. How are things with you and Bobby?

Lori: They are literally amazing and I can't wait for our wedding.

Maria: I heard about that from J.D. Congratulations.

Lori: Thank you.

In Lincoln's room, Me and Lincoln were getting William Ready for his date with Maria. William is wearing a red collared shirt with black and orange flames on the bottom and brown khaki pants and sneakers.

Me: Looking sharp buddy. Lets add some of this for good measure.

I pull out a bottle of cologne.

William: Cologne?

Me: It's my dads cologne. He gave me permission to use this.

I spray two squirts on him.

Lincoln: It smells really good J.D.

Me: This is expensive stuff too. It's $150.00 a bottle.

William: I believe it.

Lincoln: Me too. Hair gel?

William: Please.

Lincoln rubbed hair gel into William's hair and made it really nice.

He was ready.

Me: You're all set.

William was ready.

Narrator: Looking sharp William.

Katie: You sure do William. Now let me warn you. You hurt my daughter in any way I will castrate you with my scalpel.

William: Carmen already threatened me a while back. She threatened to burn me if I did.

Katie: Oh. Sorry. Then I guess you know.

They got out of the rooms and William was amazed by Maria's appearance.

William: You look beautiful Maria.

Maria: Thanks Will. You look great too.

Me: Have a good time you two. And be safe out there.

William: We will man. Thanks.

Maria: See you in a few hours.

Lori: Have fun guys.

William: We will.

They left out the door.

Me: There they go guys. Two lovebirds.

Lori: You said it J.D. Isn't love literally the most amazing thing ever?

Lincoln: It sure is Lori.

---

William and Maria went to the most luxurious restaurant in the city, The Nitrogen Club at Gotham Park Towers.

Maria and William were having a magnificent lunch/dinner. It was a luxurious one.

Maria: This food is delicious.

William: Thank you Maria.

Maria: So what was your school days like before we met?

William: Well I was enrolled in Kadac Academy in Sceaux, France. It's a superb of Paris, France.

Maria: Interesting place.

William: Yes. It was also the central hub of the Malevolent Supercomputer X.A.N.A.

Maria: I heard that J.D. destroyed X.A.N.A. for good when it tried to attack Royal York.

William: That's right and that was the day we first met him and his friends.

Maria: Wow. I'm glad X.A.N.A. is gone forever and it will no longer terrorize the world.

William: Me too.

Maria: What did you do at Kadac?

William: I was kind of a loner at first. I was kicked out my previous school for posting love letters everywhere. Yumi talked to me and we became friends. There were a few disagreements at first but over time Jeremie and friends accepted me.

Maria: That's a relief.

William: It is. What was your life at school like?

Maria: Before the Big Bang my life at school was decent. I was a straight A student and had dreams to become an Olympic Swimmer. But 2 years ago the Big Bang happened and I was exposed to an experimental biohazardous mutagenic gas. It turned me into pure water and I was a freak of nature. I couldn't stand to look at myself. I was afraid of what my mother would think of me. That is until J.D. and his friends came and I was reunited with my sister Carol.

William: I didn't know Carol was your sister.

Maria: She's not my sister by blood. But our friendship is so strong that we became like sisters. I was reunited with her after a while and she said that she would never look at me any differently no matter what happened to me. That's when I was blessed by the Water Stallion of Tefnut. I was given my humanity back and reunited with my friends and my family.

William: I'm so happy for you Maria.

Maria: Thanks William. I am too.

Later after paying their bill they went out into the city.

---

In the heart of the city it was time for another humiliation session.

Lois: (Muffled) Only two of you today?

Peter: I guess today won't be too severe for us.

William (grins evilly): That's where you're wrong!

Maria (chuckles sadistically): There may be only two of us but that doesn't mean it'll be less painful for you two!

Maria then sensed something deep inside Lois. She looked deep into her eyes and saw a tiny sliver of light that was good. She knew that Lois was completely covering this light because of her evil nature. Her criminal background and past eclipsed it.

Maria: Oh man. (Chants an incantation) Nustrima Kektoymika Hestimorla Nektekta!

Maria fired a blast of water and it entombed Lois in a ball of water and a ball of light came out of her and took the form of another Lois. It was the good Lois. The True Lois. Meg was coincidentally in the area when she saw it.

Lois: What happened?

Maria: I separated you from your dark self Lois. You are now free from your evil self.

Bad Lois: I thought I got rid of you forever you low life!

Everyone gasped when they heard her say that and Lois looked at her evil self and she had a look of rage on her face that would send chills down anyones spines.

Lois: You ruined my whole life and made my own daughter, son and dog hate me!

Bad Lois: And I show no remorse in doing so and I would gladly do it all over again and again and again! (Evil Laughter)

Lois: You monster!

She jumped on Bad Lois and punched her all over her face and she beat her senselessly.

Maria and William grabbed her and restained her.

Lois: Let me go! I will kill her for ruining my life and taking my children away from me!

Maria: Lois you have to calm down! She got what was coming to her through all those pranks and more! Remember?

Lois remembered all the pranks we did and she broke down crying.

Lois: (Crying) I deserved every single one of those pranks! I deserved it all! But this monster is the one responsible for making me abuse Meg for 18 years! She made me turn into the worst mother in the world and I tried to get out, but the darkness was too strong for me to break free! I'm so appalled with everything I've done because of you! Now I'm free and I will reconcile with my daughter and son!

Bad Lois: (Laughs Maniacally) You don't realize that I am the true you and I'm the real you! You don't deserve anything!

Lois punched Bad Lois in the face and kicked her in the stomach.

Lois: You are not me and never will be me!

Maria: Lois that's enough! She'll get what's coming and has been coming to her.

Meg saw Lois lash out against the bad Lois and she realized that Bad Lois was controlling her and making her doing all kinds of terrible things to her. She ran over to Lois crying her eyes out.

Meg: Mom!

Lois: Meg!

They both hugged and cried hard.

William: Poor things.

Maria: Yeah. I can't believe that Lois was taken over like that. I wonder what caused this.

William: It might be past abuse that caused it. I'll go ask.

He went over to the officer that was guarding Peter and Lois.

William: Excuse me officer. Was there any record of past abuse that led to Lois becoming so evil?

Officer: Hmm let me see here.

He looked up Lois' rap sheet and background information and made a major discovery.

Officer: Yes there was! It says here that her father Carter Pewterschmidt abused her and that's what led to it all. Her mother tried to help her but she wasn't strong enough to help her. He tried to kill her several times and torture and rape her.

William: That's awful officer. Before we blew up Quahog, was Carter arrested?

Officer: Yes. He was arrested for aggravated rape, child abuse, torture, attempted 1st degree murder and assault and battery. He got Life Without Parole plus 249 years in a federal prison. Babs was placed in an FBI Protective Custody Program.

William: Well that's a relief. I'm glad he got what he deserved.

Officer: You said it William. But this Evil Lois is a monster completely devoid of any signs of a conscience and she deserves every second of this humiliation.

William: You said it officer. What a monster. But Carter was the driving force behind all this.

Lois: (Crying) It's true! I became a monster because of him! He ruined my life and got me married to that idiot!

Lois walked over to Peter and punched him in the face.

Peter: Ow! Lois why did you do that!?

Lois: You are a brainless and completely selfish alcoholic drunk! You don't care about anyone other than yourself and you shoved Meg's face in your butt and farted in it!

Peter laughed at that.

Then she said the most hated and most awful anger-inducing words anyone can say in a marriage.

Lois: Peter Griffin, (In Slow Motion) I WANT A DIVORCE!

Peter then got angry and the officer tased him and knocked him out.

Officer: I agree with her. If I had a wife like Peter I would divorce her in a second.

Lois: Thank you.

Officer: You're welcome.

Maria: Your evil side deserves to be tormented forever like this.

Maria put rabid ants in Peter's pants and when he woke up he was bitten badly in the butt.

Peter: Ow!

William: Watch this one.

William pulled out a container of liquid nitrogen and poured it in Bad Lois' Pants. She screamed in pain from the extremely cold liquid.

William: FROSTBUTT!

Bad Lois: COLD COLD COLD COLD COLD COLD COLD!

They were laughing at this.

Maria: Watch this one.

Maria brought a bunch of full trash cans and poured them into a kiddie pool and blended it all up into slop.

Maria: Done. Slop is ready.

William: Oh this is gonna be good.

William and Maria lifted the kiddie pool and the officer held Peter's mouth open.

Maria: Drink up.

They poured the whole pool full of slop into and onto Peter and when it was done he was hurling his guts out.

At the Estate we were watching the Humiliation.

Me: They're using Slop? That's too funny!

Luan: It's a Slop-py Predicament. (Laughs to rimshot) Get it?

We all laughed at that.

Me: (Laughs) That was a good one Luan.

Eddy: (Laughs) Good one!

Raven: (Laughs) Slop-py Predicament. I just got it.

Varie: That was funny.

---

Later at the local college they were walking by the main campus.

William: It's the local college.

Maria: Yep. Lori was gonna come here originally. But because of everything thats been happening with the school shootings Lori is now being homeschooled, which is much safer.

William: It sure is.

?: Excuse me?

William: Yes?

Dean Kyle: My name is Kyle Morganson and I'm the dean of the University. I need your help.

William: I'm William Dunbar.

Maria: And I'm Maria Rockell.

Dean Kyle: Pleasure to meet you both. I need your help. Our university is having some major problems with a Fraternity Club in the Frat District on campus.

William: What club is causing this?

Dean Kyle: It's the club Sigma Theta Zeta (ΣΘZ) They've been causing all kinds of problems all over the campus. They have a superiority complex as big as the Sun and we tried to get them expelled but they won't listen. They hate everything and they must be stopped at all costs.

William: You called the right people.

Maria: We'll gladly help out.

Dean Kyle: Oh thank you so much guys.

William: You're welcome Dean Kyle. Lets go.

They went to the Frat District of the campus and saw that the whole district was in chaos. It was described as Anarchy. They saw the frat kids throwing molotov cocktails, destroying cars with makeshift weapons, partying uncontrollably, assaulting others and more.

Maria: This is Anarchy!

William: It sure is. Hey!

The kids saw them.

Frat kid: What are you guys doing here!?

Maria: We were sent by Dean Kyle to stop you Buttfaces!

They laughed at them and Maria fired a blast of water that rammed into a kid and sent him crashing into another kid and a girl and they crashed into a wall of a clubhouse.

William fired a blast of lightning from his blaster at a frat kid and stun a bunch of kids.

William: We really mean business.

Frat kid: Get them!

They all came at them and a savage fight ensued. Maria and William were blasting, punched, kicked, and pulverized the frat kids and knocked them all out. Numerous police cars came and arrested all the Frat Kids. They were all expelled from the university and taken away to prison.

Maria: That was too easy.

William: It sure was.

---

Back at home Maria, William, Lois and Meg came home.

Me: Hey guys. How was your date?

Maria: It was awesome guys.

William: We had an awesome time.

Meg: Mom and me reconciled.

Lori: We saw that on the news. Lois I'm so sorry about what Peter and your former father did to you.

Lois: I know Lori. Thank you for your concern.

Stewie: Lois!

Lois: Stewie!

They hugged and reconciled.

Brian (glares at Lois): You really think all's forgiven after everything you've done to me, Stewie, and Meg?!

Stewie: Oh, come on, Brian! If we didn't give anyone a chance because they did a lot of bad things, then we wouldn't have formed the Redemption Squad to begin with. Why should Lois be different?

Brian: Because none of us have committed child abuse, Stewie! Heck, some of us were even victims of child abuse ourselves!

Francis: Well, you're not wrong.

Lois: Look, Brian. I'm not asking for forgiveness. And I'm not asking to join the Redemption Squad. But all I'm asking is to be part of the family again.

Brian (scoffs): Whatever. (leaves the room)

Meg: Don't worry, Mom. Brian will come around eventually.

Me: Maybe we can have you prove that you changed Lois and have you show that your evil self was the one that was calling all the shots.

Lois: That's a great idea J.D. I deserved every ounce of that humiliation and it was for the best. But they were all very funny.

We all laughed. We then went to the Michigan State Supreme Court and the judge made the divorce official. Severing the ties to the Griffin's and her evil father and she made Lois Patrice Loud. She was now an official aunt to the Loud Siblings and lives with them. After Carter Pewterschmidt was sentenced, he was killed 6 months into his sentence after we blew up Quahog by fellow inmates. They hated his guts and they wanted him dead.

# Wrath of The Gangster Toys

It starts in the living room and Lois, Stewie and Brian are watching TV with us. Brian had a gun ready for protection just in case. Her mother Babs came and decided to live with us.

Me: Lois do you have any other family members other than your mom?

Lois: Well there's my brother Patrick.

Meg: Our uncle Patrick is in an insane asylum outside of where Quahog used to be.

Lincoln: Why is he in a nuthouse?

Babs: (British Accent) Well he had a traumatic experience when he was a child.

Laney: What happened?

Babs: He saw me having an affair with Jackie Gleason.

Me: The famous comedian and actor? He died 31 years ago.

Babs: Yes well I was only in my 20s when it happened. He was so traumatized because of it and we had him committed to the insane asylum. Before Quahog was destroyed everyone called him The Fat Guy Strangler. He had a nasty habit of strangling fat guys.

Meg: Every time he hears that phrase "Pow! Right in the Kisser!" he has a crazy episode. Sometimes to the point of killing people.

Me: That's awful. He's a ticking time bomb. At least we know what not to say when around him.

I pull out a notepad and a pen.

Brian: What's the notepad for J.D.?

Me: This is my Taboo Notepad. It's to let me know what never to say around people I know that have words or phrases that light their fuses. So to speak.

Brian: Good thinking J.D.

Me: Thanks Brian. [Writes down his name and the phrase] "Patrick Pewterschmidt - Pow! Right in the Kisser!" There.

I put my notepad away.

The alarm sounded.

Me: Uh oh!

Lois: What was that?

Me: That's our Alarm that lets us know when crime is starting.

Babs: Fascinating.

We went over to the computer and saw that gangsters were running amok.

Me: Oh man. I know these gangsters. It's Scarface, Toyman and the Puppet King.

Lola: Scarface? You mean like Al Pacino's famous movie from the 1980's?

Me: This is the exact same one Lola. He's now a puppet that has the same name. He's a puppet said to be possessed by the spirit of the infamous gangster himself. Tony Montana AKA Scarface is now a puppet.

Lola: But I thought he was killed.

Me: He was. He was blasted in the back with a 12-gauge shotgun blast and it killed him instantly. But legends say that his deeds were so vile that not even Hell could accept him. So his spirit was forever cursed to remain on Earth as a puppet.

Lincoln: I think I saw Scarface with dad at one time. He was shot all over the place.

Me: He was. He was so hyped up on Cocaine and he took enough bullets to kill 50 people. My father killed him 35 years ago.

Everyone gasped.

Lincoln: Your father killed the most ruthless mob boss that ever lived!?

Me: He sure did. He told me so himself and he was praised for it as a hero. My dad is a retired police officer. But during his career he made a tremendous number of enemies and that's why he married my mother and had me and my sister in hiding.

Lori: That is literally awful.

Luna: Yeah dude.

Me: Yeah. I was given my powers for protecting not just my family. But the whole world from evil dirtbags like Scarface and others. Now my family doesn't have to worry anymore because I have the power to kill my fathers enemies and because we will protect everyone.

Lynn: That's a relief.

Luan: Who are the other guys?

Me: Toyman is a famous toymaker. His name is Winslow P. Schott Jr. He's the son of toymaker Winslow Schott Sr. His father was arrested for crimes he was forced to do against his will because of this man: Bruno Mannheim.

I pull up his picture.

Lucy: Gasp! He looks like someone I wouldn't want to meet.

Me: Yeah. He's one of Metropolis' most ruthless Mob Bosses and is the leader of a ruthless gang called Intergang.

Superman: That's right. He's one of my most dangerous enemies.

Me: Yeah. His son donned the Toyman persona to get revenge on Intergang for subsequently killing his father. He is a techno genius and master mechanic that can make any toy into a robot for destruction. His main goal is to kill Mannheim and Intergang.

Laney: That's awful. What happened to his father?

Me: He died before he was scheduled to be released on parole.

Everyone gasped.

Lana: That's awful.

Me: Yeah.

Lily: Who is the puppet?

Robin: That's Puppet King. He's one of our enemies from our dimension.

Cyborg: He imprisoned our souls in puppets and made me, Robin and Beast Boy his slaves.

Starfire: And he switched mine and Raven's bodies.

Me: Whoa! So he's a living puppet.

Robin: Yes. He uses dark magic to transfer the souls of people into puppets and vice-versa. He took our souls and made us puppets and he was gonna destroy us to make us his permanent puppets.

Lola: That's horrible!

Me: Yeah. He must be stopped at all costs.

Lois: I agree and I'm gonna destroy these guys for good.

Lois got ready in her commando outfit like when she was gonna go kill Stewie. (Think of Lois' outfit in Lois Kills Stewie) She was armed with several weapons. Including King Walker's sword.

Lois: I'm ready to go with you guys.

Me: Are you sure you want to do this Lois? You'll be putting your own life at risk.

Lois: Yes. I want redeem myself and prove that I've changed.

Brian: It's gonna take a lot more than that to show how much you changed.

Me: Brian let her show you how much she changed. You, Stewie, Lois, Lori, Lincoln and Lola come with me.

Brian: Okay.

Lois: I don't know how many apologies it's going to take, Brian. I mean, for Pete's sake, you're a forgiving person.

Brian: This isn't about forgiveness! Lois, I don't know how I'm ever going to forget about what you've done.

Lois: I told you that my dark side made me do all those things!

Brian: That's the case with some of us. But at least none of us committed child abuse! Lois, there was a time when I would've helped you if you needed it. And I don't know if I can do that now. Which means that when we're out there, we're not out there as a family! You crossed a line. And the fact that you could do that again sits in the back of my head somewhere.

Lois: I get it, alright! I understand that I crossed a line. And I understand that I lost your trust. What I don't understand is why you won't give me a chance to earn it back?

Batman (comes into the room): Brian, me and the others just tracked down where Toyman, Scarface, and Puppet King are. We need to go.

Lois: Where are we going?

Brian (to Lois): Somewhere along the way I'll let you try and earn my forgiveness.

Me: Lets go.

---

We set out for an old warehouse. We arrived and smashed through the roof of the warehouse and landed.

Me: Hello dirt faces! Surprised to see us?

Scarface: So you all came!

Me: That's right sawdust for brains. And you should know because my father killed you.

Scarface: What!? You're the (Censored) son of that (Censored) monster that killed me and got me imprisoned in this (Censored) puppet!?

Me: That's right and I'm glad he did you (Censored) rotten pile of wood.

Scarface: Why you!? I WILL KILL YOU!

Me: Go (Censored) yourself.

Scarface: (Enraged growl) Rhino, Mugsy, kill him!

Laney tied them up in vines.

Me: So much for your lackeys.

Lois saw Toyman coming and she fired a net gun and pinned him down.

Arnold: I'm so sorry about all this!

Scarface: Quiet dummy!

Lois: You be quiet you stupid puppet!

Lois kicked Scarface out of Arnold's hand.

Stewie punched him several times in the face and kicked him.

I used my magic and removed his spirit from the puppet and he was made a normal everyday puppet. Nicole came and imprisoned him in The Book of Vile Darkness.

Puppet King came out and he had an army of puppets with him.

Me: You sure have been busy Puppet King.

Puppet King: Yes. Kill them my slaves!

Lola fired a blast of fire and incinerated the puppets. Killing them all.

I punched Puppet King in the face and he lost his controller and Lincoln fires a blast of lightning at it and destroys it completely.

Puppet King: What have you done!?

Me: We destroyed you!

Puppet King had blue light come out of his eyes and mouth and he then became a totally lifeless puppet. Nicole sealed his evil spirit into the Book of Vile Darkness.

Me: That's it for them.

---

Back at the estate, Meg was cleaning Lois' wounds she got from Scarface.

Meg [cleans Lois's wound]: This hurt?

Lois: Yeah, it stings.

Maria: Good. That's what you get for trying to take on 3 villains all by yourself.

Brian: I know who Toyman and Scarface are but who was that puppet guy?

Robin: His name is the Puppet King. He's an old enemy of ours who trapped my soul along with Beast Boy and Cyborg into puppets. And then he tried to use our bodies to cause havoc on Jump City.

Lois (to Brian): You missed quite a show tonight.

Brian: Sorry I couldn't help out. It's a long story.

Teresa: It's not a long story. It's the shortest story in history. Two people go take on bad guys without asking for backup and nearly get killed in the process. You know, we haven't said anything up till now, because we were hoping that the two of you would remove your heads from your own butts, but it turns out we were wrong.

Lois: C'mon, now-

Francis: No, this is where you zip it! The both of you nearly got killed out there tonight because you didn't have each other's back.

Brian: Don't worry. It won't happen again.

Meg: I absolutely agree. Because the two of you are going to sit down here until you have resolved your issues. Do we have an understanding?

Lois: Yeah.

Stewie: We're going to look up more information on Scarface, Puppet King, and Toyman. If you two haven't resolved your issues by the time we get back, I'm going to have to beat some sense into you.

Me: That won't be necessary Stewie. We beat them and now it's time for them to talk it over.

Stewie: You're right.

They waited for half an hour and decided to talk. They finally reconciled after everything that happened and regained each others trust and we were happy to see that.

Scarface and Puppet King were made new puppets for us to have fun with Luan and Mr. Coconuts. Arnold Wesley was put in a halfway house and he was given psychiatric help and he knew that he was gonna be helped. Toyman was placed into the Antarctica Prison for life. Rhino and Mugsy same thing.

THE END

Another Fanfiction Complete.

NicoChan11 gave me the idea for this one. Thanks for that man as usual. Scarface, Toyman and Puppet King were three of the strangest villains I've ever seen in DC Comics. Al Pacino's Scarface from 1983 was the greatest gangster movie of all time. Puppet King was the strangest episode I've ever seen in Teen Titans and Toyman was freaky. No my dad is not a police officer in real life. Let me know what yas all think. (Laughs) Sorry I couldn't resist.

See yas all next time.

# Into The Gaming Cyberverse

It starts in the living room in the estate. Nicole, Lincoln, Lily and Lori are playing video games and Paige, Linka, Lilly and the Lyoko Warriors are watching. Laney and Varie were reading books.

Paige: Come on Linky!

Lilly: Go go go Linky!

Linka: Yeah!

Nicole won.

Lincoln: Aw man!

Lily: Geez Nicole you are amazing!

Nicole: They don't call me the Goddess of Video Games for nothing.

Lori: How did you literally get that title?

Nicole: That is a question I haven't been asked in a long time. I got the title when I was a little girl.

---

Nicole: (Narrating) I was only 4-years old when dad took me to a local arcade. That's when I saw the coveted title of God of Video Games. To achieve said title you have to beat 3 of the toughest games they have. They are Wreck It Ralph, Hero Duty and Sugar Rush. I trained really hard and set out to become the Goddess of Video Games. Never before has a girl ever achieved such a powerful title in the video game world. It took me six long years to get it and lots of blood, sweat, tears and lots of sheer concentration to get it. They saw my awesome skill and my amazing prowess when I managed to beat all three games at the same time. I defied the impossible by beating them all. No one has ever done so. I achieved the title of GODDESS OF VIDEO GAMING.

FLASHBACK ENDS

Nicole: After that I got this awesome tattoo.

Nicole had a tattoo on her arm and it was the Zelda Triforce with the video game logos for Wreck It Ralph, Hero Duty and Sugar Rush on it.

Lincoln: That is a really cool tattoo Nicole!

Odd: That is awesome Nicole.

Nicole: This tattoo is the symbol of my achievement in acquiring my title as Goddess of Video Games.

Varie: It sure is a neat tattoo.

Laney: It sure is. I never needed video games to have fun. That was a one time shot for me when I was playing Alice: Madness Returns.

Ulrich: If you were able to achieve such a title in Video Gaming then you can achieve a title in anything.

Yumi: Lets not get ahead of ourselves Ulrich.

Lori: I wish I was that good at Video Games. But I'll never learn like you did.

Nicole: You can Lori, it just takes a lot of practice and training. Lily already has a great start because she learned from Lincoln.

Lily: That's right Nicole. I'm learning so much from the masters.

Nicole: Oh stop. You'll give me a swollen head.

Jeremie: I think it would be awesome to go into the Video Gaming World.

Aelita: If only we knew how.

Lisa: I believe I can help you all out with that.

In Lisa's laboratory they were looking at a really awesome portal doorway.

Lisa: Siblings and friends this is my prototype Interdimensional Video Gaming Portal. With it you can venture into your favorite Entertainment Console Gaming Units; Street Name Video Games.

Varie: Lisa this is so cool!

Lincoln: Oh this is gonna be awesome!

Nicole: It sure is.

Laney: But is it safe?

Lisa: Worry not elder sister. Every possible precaution has been taken.

The portal activated and it lead into a strange headquarters. They saw lots of video game characters.

Nicole: Awesome!

Lisa: I want to have you all test it out.

Lincoln: Count us in Lisa.

Everyone agreed.

Lisa: Okay. I'm coming with you for more research purposes.

Nicole: Okay.

They went into the portal and wound up inside the central headquarters of the video gaming world. But when they looked outside the window they saw that they were really in the surge protector of the arcade at home.

Nicole: This is the surge protector! We're still at home but we're in the surge protector at home.

Lincoln: This is so cool!

Linka: It sure is. I can't believe that we have so many video gaming characters roaming around when we aren't looking.

Laney: It's amazing.

Lilly: It sure is.

Odd: Sonic the Hedgehog? Super Mario? Pac Man? And Ryu Hoshi? I think I died and went to video game heaven!

They laughed.

Nicole: It does feel that way doesn't it?

Ulrich: Easy, Odd. Let's not get too carried away.

Aelita: I wonder if we can use the simulator to actually visit these video game characters in their own dimensions?

Nicole: Lets walk around.

They walked around the headquarters and saw lots of famous video game characters from over the course of 37 years. It was awesome.

Nicole: This is awesome. All of our favorite video game characters are here.

Linka: They sure are.

Nicole then sensed something.

Nicole: Uh oh.

Lincoln: What is it Nicole?

Nicole: I sense something evil brewing down through there.

Nicole pointed to a cord socket.

Aelita: I feel it too.

Varie: Me too. Whatever it is it can't be good.

Nicole: Yeah. Well only one way to find out what it is. Lets go.

They journeyed through the cord plug and went into the cable. It looked like a real long cave covered with copper wires that have electricity flowing through them.

Nicole: This is so cool.

Lincoln: It sure is. I've always wondered what the inside of an electrical cord looks like.

Laney: It's full of electricity.

Lisa: Electrical cables and wires contain 125 volts of electricity. They require that much electrical voltage to have everyday objects work.

Aelita: It's all amazing.

Varie: It sure is.

They travelled on for what felt like days and they reached the entrance of an awesome landscape made entirely out of candy. There was enough candy to give the entire world diabetes 100 times over.

They gasped in sheer amazement.

Varie: Oh wow!

Lincoln: This is a lot of candy!

Nicole: This is the game Sugar Rush!

Lily: I love this game!

Jeremie: This is unbelievable.

Yumi: It sure is.

Lilly: It's incredible.

Nicole: Lets take a look around guys.

They walked around the landscape and saw a lot of candy, candy and even more candy.

Lilly: So what do you have to do in Sugar Rush?

Paige: Well it's a racing game. You have to win the race against all kinds of characters.

Lisa: This is all an amazing wonder of science. And this candy is all doing wonders on my serotonin levels!

Nicole: Don't eat too much Lisa or you'll get a stomachache and headache like you wouldn't believe.

Lisa: I won't.

?: Get away from us Glitch!

They saw a bunch of kids picking on a girl with black hair in a ponytail, light green sweater and pink skirt.

Lily: (Gasp) I know that girl. That's Vanellope Von Schweetz! She's the main character of Sugar Rush!

Nicole: Why are they picking on her like that?

Lincoln: I don't…

Then she vanished in a flash of data and reappeared by them.

Laney: Whoa!

Paige: How did she do that!?

Nicole: I have no idea.

Lily helped her up.

Lily: Are you all right Vanellope?

Vanellope: Yes thank you.

Nicole: Hey you parasitic gummy worms! Leave her alone!

Lily: That's Taffyta and her friends.

Taffyta: That's right. Now tell that Glitch to go jump in the taffy swamp and get lost!

Nicole: No! Who the heck do you think you all are!? You have no right to pick on her just because something is wrong with her!

Lincoln: Yeah! So stay away from her!

Candlehead: Oh yeah and who are you to tell us what to do!?

Nicole showed her tattoo and they gasped when they saw it.

Taffyta: I don't believe it! You're Nicole Knudson! The Goddess of Video Games!

Nicole: That's right. Why are you picking on Vanellope? What has she done to you that would warrant such awful behavior?

Taffyta: We don't know!

Lincoln grabbed her by the shirt and pinned her to a peppermint tree.

Taffyta: I swear I don't know. None of us do!

Lincoln: Why is that!?

Taffyta: Vanellope was a racer until King Candy tried to delete her code!

---

King Candy is ripping wires out of Vanellope's code circuit and pushed it away from the rest of the circuits.

Lincoln: He's trying to delete her code? So that's why she's a glitch! He's trying to ruin this game!

FLASHBACK ENDS

Lincoln: Why is he doing this to her!?

Nicole: And what is he doing to this world!?

Taffyta: I don't know.

Lincoln shook her.

Taffyta: I swear I really don't know!

FLACKBACK 2

Taffyta: King Candy literally locked up our memories so that's why we don't know!

King Candy locked up the memory circuits in a treasure box.

Taffyta: That's why we can't remember. Nobody can.

FLASHBACK 2 ENDS

Nicole: So that explains why I sensed an evil coming from here. This game has been completely messed up because of King Candy.

Taffyta: That's right Milady. He'll do anything to keep her from racing. Because if she crosses the finish line, the game will reset and she won't be a glitch anymore.

Nicole: Well then we have to make sure that she crosses that finish line and overthrow King Candy. Right guys?

Everyone: YEAH!

Lincoln: Thanks for the info.

He drops Taffyta.

Nicole: Lets go!

They went to a candy meadow and Vanellope was with them.

---

They saw Ralph with Vanellope's car and he had a medal.

Odd: Hey, Ralph. What'cha doing with that medal?

Ralph: I don't have time to explain. I'm destroying Vanellope's cart whether you like it or not.

Yumi: No, you're not.

Yumi uses her telekinesis to move the kart to a safe distance.

Ralph: Guys, listen to me! You need to let me destroy Vanellope's cart. If she races, the game will be out of order!

Ulrich: You don't know that, Ralph! King Candy is lying to you to get what he wants. For all we know, the race might fix what's wrong with Vanellope!

Nicole: That's right Ralph.

Jeremie: Besides, you said you wanted to prove that you're a good guy. Are you really going to throw that all away by doing this?

Ralph (sighs): No. I'm not.

Aelita (smiles): I knew you'd make the right decision.

Varie: Same here.

Vanellope (comes over with a homemade medal): Hey, Ralph. I made this medal for you. (gives Ralph homemade medal)

Ralph (reads it): 'To Stinkbrain'. Gee, thanks.

Vanellope: Turn it over.

Ralph (turns it over and reads it): 'You're my hero'.

Vanellope: I made it for you. Just in case we don't win. Not that I think there's even a remote chance we're not gonna win. (sees Ralph's original medal) Isn't that the medal you were looking for? How did you find it?

William: Don't worry, Vanellope. We had a small disagreement with Ralph. But everything's fine now.

Nicole: We found out a very terrible revelation from Taffyta. King Candy is the reason behind why Vanellope is a glitch.

Ralph: What do you mean?

Nicole revealed everything and Ralph was horrified.

Ralph: We have to stop King Candy at all costs.

Nicole: Yeah. We'll let her race and when the time comes it will be his last lap.

Lincoln: He will pay for this!

Laney: That's right.

---

The race began and Vanellope soared into First Place. She was far ahead of King Candy and he tried everything to get her out of the race. They were watching the race and with them were Fix It Felix Jr. and Sergeant Calhoun.

Nicole: Come on Vanellope you're almost there!

Lincoln: You can do it!

Suddenly a massive swarm of Cy-bugs blasted out of the ground and they got to work. They pulled out blasters and fired at them and blew them apart.

Aelita: Now we got some action!

She spread her wings and fired energy beams at them.

Ulrich and Yumi slashed them apart with their swords.

Odd fired laser arrows and wrist laser blasts.

Nicole fired energy blasts and they blew up the nest and the swarm and destroyed all of them in one fell swoop.

Lincoln: That was a close one.

Ralph: Yeah but we got them all!

Felix: Yep.

Calhoun: Nice shooting Lincoln. You're all very skilled with those blasters.

Lincoln: Thanks Sergeant.

Laney: That was fun.

Lisa: Affirmative.

Back in the race King Candy took another route and jumped onto Vanellope's car.

King Candy: Get off of my track!

Felix: Hey! Look!

They saw Vanellope in trouble!

Ralph: Kid!

King Candy: I forbid you to cross that finish line!

King Candy tried to bash her with his car horn. But she grabbed the weapon and her glitching revealed who King Candy really is.

King Candy (?): I'm not letting you undo all my hard work!

They looked at this assault.

Felix: Is that!?

King Candy was really TURBO OF TURBOTIME!

Ralph: NO WAY!

Nicole: It can't be! I thought he was gone forever!

Calhoun: Who is that?

Nicole: That's Turbo. He was the main character of the 1995 arcade game Turbotime. It was the most popular game in any arcade. He loved getting all the attention. But when Roadblasters of 1997 came and got plugged in and stole his thunder, he was really jealous! So jealous that he abandoned his game and tried to take it over. He ended up putting both games and himself out of order forever. And I thought we had seen the last of him. But it looks like he took over this game too!

Calhoun: You guys better go stop him.

Nicole: Right.

Lincoln: Lets get him!

Nicole and Lincoln flew out to him.

Vanellope: What the!? Who are you!?

Turbo: I'm Turbo! The Greatest Racer Ever. And I did not reprogram this world to let you and that halitosis-riddled warthog take it away from me!

Nicole: (Off-screen) You'll wish you did you sore loser!

Nicole swooped in and kicked him in the face and he went out of his car and landed on the road and he was on the road. His car crashed into a rock wall and exploded.

Lincoln: Who's the Glitch now? Loser!

Nicole and Lincoln flew after Vanellope.

Nicole: You're almost there Vanellope!

She then crossed the finish line and Turbo watched in rage as he watched it.

Turbo: NOOOOOOOOOOOO!

The Game reset and everything Turbo did was undone. But there was an added bonus. Vanellope has an awesome superpower. She can teleport anywhere with her glitch powers.

The game was reset and everyone had their memories back.

Nicole: Yes!

Lincoln: We did it!

William: We sure did.

Turbo came and he was enraged.

Turbo: You all ruined everything! You all will pay for this!

Vanellope: You're the one that's gonna pay!

Vanellope charged and kicked him in the face.

Suddenly a Keyblade formed and Vanellope was now a keyblader.

Vanellope: My own Keyblade.

She then went at him and pulverized him. Then she stabbed him in the chest.

Vanellope: Turbo. You stole my life. You will never steal anything from anyone ever again!

Turbo (turns back into King Candy one last time): I've controlled your life for so long, Glitch! How are you going to get along without me!?

Vanellope: This is my rightful world! Not yours!

Nicole: The only glitch here or in any video game is you Turbo!

Nicole pulls out the Book of Vile Darkness.

Nicole: Your reign of terror is over! (Chants an Incantation) Aldruon Enlenthranel Vosolen Lirus-nor!

Turbo went into the Book of Vile Darkness and he was sealed into it for all eternity.

Nicole: Game Over Turbo. Forever.

They all cheered.

Vanellope: You said it Nicole.

Ralph: I'm glad he's gone.

Felix: Same here.

Calhoun: Good riddance to bad rubbish.

Taffyta: You said it.

---

Later they went back and decided to play games in the arcade. Vanellope was free to visit us whenever she can whenever the game was not on.

But Turbo was now officially declared obsolete.

THE END

Another Fanfiction complete.

Wreck It Ralph is an awesome movie from 2012. John C. Reilly, Sarah Silverman, Jack McBrayer, Jane Lynch, Alan Tudyk and lots of stars were in this movie. I got the idea for Nicole being the Goddess of Video Games from my books I write at home. NicoChan11 gave me the ideas for the lines and the rest of it was my ideas. Thanks for the ideas man as usual. I've been playing video games for over 26 years and they are awesome. Wreck It Ralph 2 comes out in November of 2018 and I heard it's gonna be awesome! I saw the trailer for it and it looked awesome! Let me know what you all think.

See you all next time.

# Planet of The Symbiotes

Things weren't right at Hamilton Hill High School. Students were being sent away like wildfire to a strange ranch because the parents feared that their kids were out of control.

Me: Terry something is seriously wrong here.

Terry: I know. That ranch is responsible for it.

Clayface was disguised as a High School Teenager with blonde hair and black clothes.

Clayface: I have a feeling you're right Terry. They are up to something with those kids. I know it.

Me: I have that feeling too Matt.

Dana: Same here. We have to get them out of there.

Me: Before we do that we have to figure out what they're up to in there. Luckily I brought this.

I pull out a disk device and it pulled up a holographic screen with a sound line. Our satellites picked up something and we heard the voice of a man named Dr. David Wheeler. He was the main operator of the ranch and he was going on and on and on and on about how worthless the kids were and more. For 17 hours straight we heard everything he said and discovered that he was using Sleep Deprivation and Torturous Methods.

Max: Geez! That place is like a concentration camp!

Me: Yeah. It's like a North Korean Concentration Camp.

Batman: Sleep Deprivation and endless harangues. It's classic brainwashing. Some cults do it and it's also used on prisoners of war.

Me: This is torture and child abuse on a whole new level.

Dana: We got to stop this.

Me: And we will. Lets go!

We set out for the Ranch and on the outside it looked more like a Maximum Security Prison.

Me: This is the ranch? It looks more like a Maximum Security Federal Prison.

Cree was with us.

Cree: It sure does. Let me go in and get the kids out.

Clayface: Same here.

Me: Okay. Be careful guys.

Clayface morphed and turned himself into a guard.

Cree changed her Battle Ready Armor and became a guard too.

The Eds and Luan were trying to catch frogs in the pond with Ed wearing only his underwear doing his best frog impersonation.

Double D: Try showing some more leg, Ed!

Ed then lifted up one of his legs.

Tara: Oh.. my… Lord.

The 4 of them turned to see Tara, Spiderman, Luna and Venom standing there. Venom was laughing at what he saw, Tara was blushing, Luna looked at Ed with wide eyes, and Spiderman had his mask off with a look of disgust.

Luan: Oh, come on! He's still got his underwear on, doesn't he?

Spiderman: Is this how you guys catch frogs?!

Eddy: Yep. I thought we could catch a frog with another frog.

Luna: That's not another frog, dudes! That's Ed with his clothes off!

Venom: **Well, Ed's the funniest frog we've ever seen!**

Ed: Ribbit!

* * *

Back at the Concentration Ranch as I call it we were waiting for Clayface and Cree.

Cree: (Over the Radio) J.D. I got the Master Key Card.

Me: Excellent Cree. I sent the information to Commissioner Gordon and Gotham Royal York PD. They're on their way and so are the parents. Lets launch Operation: Prison Riot.

Clayface: (Over the radio) You got it.

We bust into the ranch and I fired an energy blast and blew apart some of the guards. Cree opened the cell doors and everybody came out. More guards came and Dana fired a blast of blue fire and incinerated them. Clayface formed his fist into a spike mace and punched the guards into the wall and Cree was blasting them with lasers.

Max kicked and pulverized some more guards and she was a 9th degree black belt.

Batman 2039: That's it for the guards.

Me: Now for Dr. Wheeler.

I saw him making a run for it.

Me: On no you don't!

I use my super speed and catch up to him.

Me: Not so fast coward.

Dr. Wheeler: You ruined everything!

He fired a laser blaster at me and I deflected the blasts with my lightsaber.

Me: You abused children and tortured them. You're as bad as ruthless serial killer Charles Cullen!

Dr. Wheeler: I was helping children become better people!

Me: Your way of helping people is through methods used in Concentration camps! That's Torture and you are Evil Personified! You're going to prison for the rest of your worthless life!

The police then arrived and grabbed him.

Commissioner Barbara: I agree. Lock him up.

They took him away.

The children were reunited with their families. Chelsea however gave her father the cold shoulder.

Me: This whole place has been shut down. Great job guys.

Dana: Thanks J.D.

Max: It was awesome shutting down a concentration camp.

Clayface: It sure was. Wheeler deserves to be in prison for the rest of his worthless life.

Batman 2039: You said it Matt.

---

At the estate we came in and saw everyone watching TV.

Me: Hey guys. We're home.

Lori: We saw the Concentration Ranch on the news.

Lana: That was awful that he was doing that.

Lola: Yeah.

Me: I know. Dr. Wheeler was operating a North Korean Style Concentration Camp. With amazing detective work and action packed methods we busted everybody out. Except for some however.

Terry: Yeah. Sean Miller is that someone.

Laney: I saw him on the news. That kid is a sociopath.

Dana: I agree Laney.

Me: He's completely devoid of a conscience. He needs to remain behind bars for life.

Lori: Yeah. But that Dr. Wheeler is literally a monster. He deserves to spend the rest of his life rotting in prison.

Lincoln: I agree Lori.

Dr. David Wheeler was found guilty of numerous counts of Child Abuse, Torture and Operation of a Concentration Camp. He was sentenced to 100 life sentences without parole in the Moon Prison and was ordered to pay $9,000,000,000,000.00 in restitution. He was also given the moniker "The Enemy of All Children Everywhere". He was also stripped of his medical license and will never be permitted to perform in medicine again.

* * *

As we were relaxing at home, the Alarm went off and on our computer we saw some activity brewing at a warehouse.

Me: That's odd. There's something brewing at the docks. Wait a second. That's right next to the spot where we destroyed the Life Foundation. Ben, Chione, Lori, Lincoln, Laney, Leslie, Stewie, Venom, Lily, Paige you all come with me. We're gonna check it out. I'll call Naruto and have him meet us there.

Ben: Right.

Me: Lets roll!

We set out for the warehouse.

We got there and went into the warehouse. It was still destroyed from when Vince, Lincoln, Laney and the Shinobi blew it up.

Naruto: It's still blown up from when we left it.

Me: Yeah.

We went down a ladder and down a hall.

Me: Hey Leslie what was your first Transformation into Agony like?

Leslie: It was really painful. When Agony first bonded with me it was excruciating. I felt like my body was being torn open from the inside out.

Naruto: That's just like what happened to me when we bonded.

Laney: I remember that. That must've hurt.

Lincoln: Yeah.

Lori: J.D. what planet do the Symbiote's come from?

Me: That is an interesting question Lori. They come from the distant planet Klyntar.

Lincoln: Klyntar? Where's that planet at?

Me: Believe it or not it's located in the Andromeda Galaxy, 2.3 million light-years away from Earth.

Paige: All the way over there? That's amazing!

Lincoln: It sure is Paige. I had no idea we had aliens from another planet in our sister Galaxy here.

Me: Yeah. Klyntar is where the Symbiote's came from and they are really a benevolent race known for sealing away the evil god Knull. They sealed him into the core of the planet and the Symbiote's became a powerful organization whose job is to maintain peace and order throughout the Universe.

Laney: What is this organization called?

Me: It's called the Agents of The Cosmos. It's an organization of Symbiotes bonded to various creatures from all over the universe who have dedicated themselves to maintaining order throughout the universe.

Lori: That's incredible!

Lincoln: It sure is. I had no idea that the Symbiote's were a peaceful and benevolent race. I thought they liked causing chaos and pain.

Me: That's what it says in the comics but believe it or not Lincoln they did not come to this planet by choice.

Carnage: That's right. We were forced to come to this world against our will when space pirates came and tried to sell us to the highest bidder.

Agony: Yes. It was awful. They kidnapped many of us and scattered us throughout the universe. When we were on a ship that was going through this galaxy it exploded when a comet collided with it. And we drifted in the endless reaches of space. For what seemed like eons we came to Earth and crashed in forests outside of New York City. That's when we were discovered by the leader of the Life Foundation - Carlton Drake.

Me: I thought Donna Diego was the Leader of The Life Foundation.

Agony: No. Scream was his 2nd in command. Carlton Drake is the true leader of the Life Foundation. He wants to have people bond with Symbiote's so he can push humans into the next step of evolution and take over the world.

Ben: That is extremely sick.

Chione: He's the ultimate evil.

Venom: We agree with you Chione.

Me: We have to stop him now. Was he caught in the explosion when you blew this place up Lincoln?

Lincoln: No, we didn't see him here and we don't even know what he looks like.

Me: So he was away when the place blew up. But we have to stop him or else we have no future. We'll be slaves to his evil.

Venom: That's right. We will not let him get away with this.

Naruto: No we won't. But maybe there's a chance we can save those that he poisoned with his lies.

Me: There just might be bro.

Laney: But how? If this Carlton Drake is that evil he will have a strong grip on them.

Me: We have to try Laney.

We go into the lab and it was still in shambles and all the equipment was destroyed and all that.

Me: Boy bro. You guys did a really good job in destroying this place.

Naruto: I know.

Carnage: This place deserved to be destroyed.

?: No thanks to all of you!

We saw a figure come out and it was Phage!

Me: Carl Mach A.K.A. Phage!

Phage: That's right. We knew you destroyed the Life Foundation. It was our chance for us to become the next step in Humankind's evolution!

Me: No Carl. You both are wrong about that.

I snap my fingers and we were on a mountain planet.

Lincoln: Wow!

Laney: This is a beautiful planet!

Me: This is the mountain planet Lhotse IV in the Cigar Galaxy.

Planet Lhotse IV is a mountain planet located in the Cigar Galaxy. It is named after Mount Lhotse in China, the 4th Highest Mountain in the world. The planet has lots of jagged mountains, rocks, cliffs, valleys, boulders, canyons and landscapes. It is teaming with all sorts of life on land, air and sea.

Phage: This is an amazing planet. But we will stop you from preventing Carlton's goal from happening.

Leslie: Let me face him.

Me: Go get him.

Leslie became Agony.

Phage: Agony! You've come back.

Agony: Wrong Phage. We came to save you from Carlton Drake.

Phage: Why would we need saving from him?

Agony: Carlton Drake is pure evil. He doesn't want to help the human race with Symbiotes. He wants to destroy it. We came to stop him and make sure that his plan never succeeds. He's using you as a pawn in his diabolical plan to control us.

Phage: No! We are the perfect lifeforms!

Me: No you are not Phage! It's the truth! You're both being used in his evil scheme and we know that you can help us take him down once and for all!

Phage and Carl began to realize that we are right. He revealed his real face. He was a red hair man with brown eyes.

Carl: I can't believe we were used like this. Phage we have to work together and bring Carlton Drake down.

Phage: No need to tell me twice Carl. Thank you J.D. for helping us.

Me: You're both welcome.

The area reverted back and Carl had a yellow and black trench coat and a yellow shirt and black pants.

Me: You look great Carl.

Carl: Thanks J.D. Leslie how come you left us?

Leslie: To make sure this doesn't happen to anyone else and to help J.D. and his friends in protecting the world.

?: We won't let this go on!

We saw Lasher come out!

Me: Ramon Hernandez A.K.A. Lasher!

Lasher: That's right. We won't let you destroy Carlton's plan!

Stewie: I got this!

I snap my fingers and the area became a really strange planet. The mountains were all glowing in the dark.

Lincoln: Whoa! These mountains are all glowing!

Laney: It's beautiful!

Lori: It sure is.

Me: This is the planet Glowchenjunga.

Planet Glowchenjunga is a strange mountain planet located in the Unknown Zone. It has mountains on it that literally glow in the dark. This is because the mountains have phosphorescent crystals in them and in some places the glowing crystals illuminate the mountains. The planet also has bioluminescent creatures that grace the sky, land and seas.

We saw glowing creatures like jellyfish, birds and flying rod creatures and we even saw flying transparent glowing fish in the sky and glowing land creatures.

Lasher: This is the most beautiful planet we have ever seen.

Stewie: Let me face him.

Me: Okay Stewie.

Stewie went at him and kicked him in the face and punched him in the stomach. He fired a loud sonic blast at him and immobilized him.

I explained what Carlton Drake has been doing and he realized that he has been used.

He then decided to help us. Ramon had a green and black jacket with a green shirt and black pants.

The area reverted back.

?: Lasher you traitor!

Out came Toxin!

Me: Patrick Mulligan A.K.A. Toxin!

Toxin: That's right.

Venom: We got this creep!

I snap my fingers and we were on the planet Aurelia!

Planet Aurelia is an Earth Planet named after the hypothetical planet Aurelia located 40 light-years away from Earth. It has the same atmospheric composition as Earth. The planet is Tidally Locked meaning it never rotates. One side faces the darkness of space and is completely covered in ice. The other side faces the red dwarf star it orbits. There's an everlasting hurricane on the planet that produces torrential rainfall. The continents are covered with all sorts of life.

We saw that the planet Aurelia was beautiful. There were strange trees that had strange heartbeats filling the air. It was really something. Venom knocked out Toxin and when we were back on Earth we talked to him when he woke up. He changed and decided to help us.

?: You're a traitor Toxin!

We then saw Scream!

Me: Donna Diego A.K.A. Scream! I thought you were dead.

Scream: No! We survived and now we will destroy you!

Me: How did you survive the explosion?

Scream: We hid in the floors when the building was about to blow. We became liquid and hid in the cracks.

Me: Very clever.

I snap my fingers and we were on a beautiful flower planet.

Me: This is the Planet Lilly.

Planet Lilly is a flower forest planet located 72,000 light-years away from Earth. It has lots of fairies, butterflies and the most prominent creatures: Lillymon, Digimon of flowers. They are very friendly and nature reveals its amazing beauty on this world. The most beautiful marvel of this world is the Aurora that graces the sky with the colors of pink, light blue and light green.

Lori: It's literally beautiful here.

Laney: It's amazing.

Ben: Let me face him.

Ben became Echo Echo.

Ben: (Techno Voice) ECHO ECHO!

Me: A Sonorosian!

Donna got out.

Donna: (Squeals) He is so cute!

Donna was hugging Echo Echo like crazy and cuddling him.

Me: Okay this is weird.

Venom: You said it J.D.

Lincoln: No kidding.

Leslie: You can let go of my little brother Donna.

Donna did so.

Donna: Leslie I didn't know he was your little brother.

Leslie: Not by blood. I was recently adopted into the Tennyson Family. My name is Leslie Gesneria Tennyson.

Donna: I'm happy for you Leslie.

Me: Donna, let us talk to you.

We did and told her everything that Carlton Drake has been doing. She broke down crying.

Donna decided right then and there to help us. She had a yellow sleeveless trench coat, a black and yellow tank top and a black pants.

We came back to Earth and we were ready to fight Carlton Drake.

Donna: Carlton is down here.

Me: Okay.

A Lillymon was with us.

Lillymon: So what is Carlton gonna do?

Me: He's gonna destroy the Human Race. We can't let him do that so we're gonna kill him.

Patrick: I agree. He tormented the lives of both humans and Symbiotes.

Lincoln: You don't have to tell us twice Patrick.

We went down a set of stairs and in another room we saw a room untouched by the explosion. We saw the main office of Carlton Drake.

A man spun in a chair and we saw CARLTON DRAKE HIMSELF!

Me: Carlton Drake, I presume?

Carlton: That's right. Welcome J.D. and friends. We've been expecting you.

Lincoln: Why's that?

Carlton: We knew that you were coming to close me down.

Me: Why do you want to do this Drake?

Carlton: We're glad you asked J.D.

He pressed a button and out came a holographic globe of the Earth.

Carlton: Look at it J.D. and what do you all see?

Me: A planet Earth that we all helped make into a better place and saved a lot of people from themselves.

Carlton: Yes you have made the world a better place. But this is a planet on the brink of collapse. We think that Humans and Symbiotes together are the next big step in our evolution and with them we can make that jump! We will save the Human Race and make a new world order.

Me: This is madness Drake. Your plan will ultimately destroy the Human Race and we can't let that happen. You're gonna take away everyones free will to the mercy of Symbiote's and living in a world without free will is the ultimate fate worse than death.

Carlton: Then we will stop you from stopping me.

He then had a Symbiote cover him and he became RIOT!

Me: Riot!

Riot: That's right. We are Riot! Now you all will die!

Me: I don't think so!

Naruto: Let us help bro!

Naruto became Carnage!

Carnage: We are Carnage!

Me: Lets dance Riot!

I go Super Angel 4 and the area changed to the planet Pakicetu VIII.

Planet Pakicetu VIII is a prehistoric planet located in the Pinwheel Galaxy in the Prehistoria System. It is named after Pakicetus, an Early Eocene amphibious creature that was the first whale. Aside from Pakicetus, the planet is also home to all sorts of fish, birds and insects and animals including mermaids.

I punch Riot in the face and he turned his hands into giant axes and I pull out my sword and we clashed. It was a brutal and ferocious battle. I kick him in the stomach and fire an energy blast at him and it burned his right arm off.

Me: Carlton Drake you are full of hatred, evil and bitterness and your goals for destroying the planet will never be tolerated. For the crimes you've committed you will pay the Ultimate Price! (Cups Hands to the side) Go to Hell, Carlton Drake! And Stay There! KAAAAA! MEEEEE! HAAAAA! MEEEEE! HAAAAAAAAAAAAAAAAAAAAAAAAA!

(GOKU KILLS FRIEZA THEME PLAYS)

I fired a Kamehameha Wave at him and completely destroyed him.

Carlton: DAMN YOU J.D.!

Carlton Drake was completely obliterated in an instant.

We were back on Earth and Carlton Drake and the Life Foundation were no more.

Later we destroyed the entirety of the Life Foundation completely and made sure that none of it was left. Ramon Hernandez, Patrick Mulligan, Donna Diego and Carl Mach decided to become a team of Symbiote warriors that will fight for good. It was a branch of the Redemption Squad called The Symbiote Force.

Another Fanfiction Complete.

I got the idea for this from out of the blue. NicoChan11 gave me the ideas for this one. Thanks for that man as usual. The first part of this chapter is from the Batman Beyond episode The Last Resort. I hate prison camps and concentration camps. They are evil in its purest form. John McCain was in a Concentration Camp a long time ago and that makes me sick. What Dr. Wheeler was doing to those kids what completely unforgivable. The second part I decided to add with the Planet of The Symbiote series. I got the ideas for the planets from my books at home. Planet Lilly is a planet I saw in a dream I had long ago and it was the most amazing dream I ever seen. One of them. The 2018 Venom Movie is supposed to be really awesome and I can't wait for it to come out on October 5th. Let me know what you all think.

See you all next time.

# Tripped

It starts in the heart of the city.

Me, Maria, Stewie and Carol are walking back to the Estate.

Me: Another great day stomping bad guys.

Carol: You said it J.D.

Stewie: It's always fun to bring bad guys to justice.

Me: It sure is. (To the Viewers) The Loud Kids are also saving up their hard earned money for a well deserved vacation. Now I know what you're thinking. You're thinking "J.D. after a 4 and a half month long global vacation don't you think that's enough for a while?" and you are right. Normally that would be the case. But because we love to travel it's just who we are. Plus I figured we deserve it because we've been fighting crime and a lot has been happening. Even Superheroes need a break.

As we were walking by a bank we heard the alarm go off and saw a bunch of bank robbers come out.

Me: Looks like we got a 211 in progress!

Carol: Lets get them!

We went after the robbers and knocked most of them out and Stewie was doing a rather unusual method. He was annoying the last robber by singing Surfin Bird by The Trashmen.

Stewie: (Singing)

Last Robber: Ok! I surrender! Just please stop playing that annoying song!

I slap the cuffs on him and the cops arrive.

Me: Book them boys!

Officer: Thanks guys. We've been after these scumbags for years.

Me: Well good riddence to bad rubbish.

Officer: Yep. Thanks again guys.

Me: Remember this you lunkheads: Crime Doesn't Pay.

Officer: Ain't that the truth.

They drove off with the robbers in the paddy wagon.

Me: Another crime thwarted. Lets go back home.

* * *

Back at this estate we were counting change.

[In Rita and Lynn Sr.'s bedroom, We are counting all of our money in the family jugs of change. Lynn Sr. is tossing in coins as we all count.]

**Loud Family:** "179,997, 179,998, 179,999… 180,000!"

**Lynn Sr.:** "There it is, gang! 180,000 smackeroonies in the savings jugs! And you know what that means?"

Me: VACATION TIME!

**All of us:** [Singing while dancing in a conga line that carries throughout the house.] " We're going on vacation! We're going on vacation! We're going on vacation! "

**Lincoln:** [To the viewers, while the rest of the family continues conga-ing.] "This is a big moment for the Louds. We're finally taking a real family vacation! Not an overnight at Aunt Ruth's, or a campout in the church parking lot. A vacation vacation! But getting here wasn't easy."

[Flashback to Lana and Lila on the lemonade stand, and Lola standing on the barrel box.]

**Lincoln:** [narrating] **"In a family this big, a vacation costs a lot of money."**

**Me:** [narrating] It's never an easy task.

**Lola:** [on a megaphone] "Line up for lemonade!"

**Lincoln:** [narrating] **"So we all had to do our part."**

**Woman:** [walks by] "Oh, no thank you."

**Lola:** [goes after her] "I said… [on the megaphone again]… line, up, for, LEMONADE!"

**Woman:** [runs back, scared] "I'll take 5."

[She holds up her money and Lana & Lila makes 5 cups of lemonade. Lana, Lola and Lila put their contributions into the jugs. Another flashback shows Luna and Sam playing her guitar while people walk by and put money in her guitar case.]

**Luna:** [singing] ♪ So many places I wanna go, but I'd never get anywhere, without some dough ♪

Sam: [Singing] Vacation all we ever wanted!

Ember: [Singing] You will remember!

**Mr. Grouse:** (From down the street) "Hey, Loud's! I'll pay ya just to stop making that horrible racket!"

Ember: Stuff it Grouse!

**Luna:** [puts her guitar away] "Whatever works, dude. Vacation, all I ever wanted."

[Luna, Ember and Sam put their contributions into the jugs. Another flashback. At the I.T. offices, there's a line of food trucks. Lori, Carol, Vince and Talia are shown to be in a food truck named **"Rock Taco"**, taking orders.]

**Lori:** "Got it. Dad, I need 3 more Lynn-sagnas. Two with extra sauce."

[Lynn Sr. is shown to be in the kitchen, making the orders. However, he's pretty packed up.]

**Lynn Sr.:** [overworked] "Honey, please discourage special orders. I'm backed up in here."

Talia: Same here. But you don't hear me complaining.

[Lori, Carol, Vince, Talia and Lynn Sr. dump their contribution into the jugs, Lynn Sr. notices something.]

**Lynn Sr.:** "Oops. That was a mushroom."

Vince: Whoops.

[Another flashback. It's 8:31 PM at Rita's dentist and Rita is working on the woman from the lemonade stand's teeth. She gets tired and falls asleep.]

**Woman:** "Hey!" [wakes Rita up with a water tool.]

**Rita:** [wakes up] "Oh, sorry. I've been working a lot of overtime lately."

[Rita puts her contribution in the jugs. She notices something.]

**Rita:** "Whoops. That was a molar."

[Another flashback shows Leni and Ed running a fashion advice stand and is giving advice to Jancey Yates.]

**Leni:** "Cinch that with a belt."

Ed: It would look great for you.

[Jancey puts a bunch of coins in Leni's cup, and walks away, while the woman from the lemonade stand, and the dentist office walks up.]

**Leni:** "Live on the edge with a polka-dot skirt."

Ed: Polka-dots are great for you.

[She puts a coin in Leni's cup and walks away.]

**Leni:** [clearly disgusted by her next customer.] "Ugh, no, no. What did I tell you about wearing sock with sandals?"

[It's revealed that the customer is Mr. Grouse, who's wearing red shorts, and socks with sandals.]

**Mr. Grouse:** [sighs as he puts a bunch of coins in Leni's cup.] "Oh, only if they're colorful or ironic."

[Leni and Ed puts their contribution in the jugs. Another flashback shows Lynn, Anna, Liam, Jen, and Naruto on a snowy, winter day knocking on someone's door carrying a snow shovel. An old woman answers it.]

**Lynn:** "All done, Mrs. Parker" [It reveals that Lynn shoveled Mrs. Parker's walkway and the walkway next to it.] "I also do furniture moving and jar opening. Keep it in mind."

**Mrs. Parker:** "Oh, it's my lucky day. I dropped a jar of pickles under the sofa."

[Lynn, Anna, Liam, Jen and Naruto put their contributions in the jugs. Another flashback shows Luan, Eddy and Linka entertaining at a child's birthday party as clowns. She rolls up her sleeves and pulls out a penny from behind a boy's ear, then another one, then several more after that and the children cheer. Eddy used his Ray of riches and made it rain gold coins for them. Linka used her lightning to make fireworks in the sky. They later put their contributions in the jugs out of their ears. Another flashback shows Lucy, Haiku, Brittney, Shannon, and Maggie serving a funeral with four little kids in a bathroom.]

**Lucy:** "Dearly beloved, we gather today to say goodbye to Dorothy. She lived life to the fullest, whether she was swimming around in her castle, blowing bubbles, or eating rocks. Turns out that last part wasn't the best idea." [flushes Dorothy down the toilet and hands a little girl a tissue.]

**Brittney:** (Reading In Latin) In nomine Patris et Filii et Spiritus Sancti

**Little Girl:** "Thank you. That was a beautiful service." [gives them a bunch of sacks of cash]

[Lucy, Brittney, Maggie, Haiku and Shannon put their contributions in the jugs. Another flashback shows Lincoln, Paige, Lilly and Varie delivering newspapers, he throws one and it hits the top of a car, which triggers the alarm to go off. Varie throws one and it lands on the porch. Paige throws one with the same result. Varie throws a bunch and they have the same results. Lincoln throws another one and it scares a cat, who dives into the bushes, and crashes through a window. Lincoln, Lilly, Varie and Paige puts their contributions in the jugs, and Lincoln then realizes his pockets are empty. Another flashback shows Lily as a DJ and Lisa, Nicole, Natilee, Fu, Zoe, Hercules and William breakdancing at the Royal Woods Mall. Scoots comes by and tosses a few coins.]

**Scoots:** "Slay all day, girl! Woo!"

[Lisa, Nicole, Natilee, Fu, Zoe, Hercules, William and Lily put their contributions in the jugs. Another Flashback shows Laney having an art sale. She and Joey are selling some of their most beautiful paintings like hot cakes. She and Joey put their contributions into the jugs. End of flashbacks as it cuts back to outside the Loud House.]

**Lincoln:** "Thanks to all our hard work, we saved enough money for a week at the Weeping Willow Resort & Lodge on Lake Michigan. We're talking bumper boats, horseback riding, and 26 flavors of fudge." [catches up with his family who are still doing the conga.]

**Loud Family:** "We're going on vacation! We're going on vacation! We're going- "

**Mr. Grouse:** [offscreen] "Hey, Louds! I'll pay you again to knock off that racket!"

**Me:** Oh go drink some prune juice Grouse!

**Lynn:** "We already have enough money."

**Luna:** [nudges Lynn] "Hello, road snacks?"

---

[Cuts to the next day; Lynn Sr. is putting suitcases on top of Vanzilla 2.0.]

**Rita:** [Walking out with her things] "Let's see, work's taken care of, Mr. Grouse is keeping an eye on the house, Clyde and the McBrides are taking care of Walt, Geo, Charles, and Cliff."

**Lynn Sr.:** [singing] "Just a few more things and we'll all be relaxing in the…"

[He and Rita head inside, while the siblings, minus Lisa and Lily, come outside with their luggage, Lucy is dragging a coffin.]

**Lola:** [To Lucy] "Why are you bringing that on vacation?"

**Lucy:** "You have your sunblock, I have mine."

**Lynn Sr.:** [coming back out with another bag] "Whoa, guys, this is too much stuff! Something's gotta go back!"

**Luna:** [Kicks Lynn Sr.'s bag] "How 'bout this humungo bag?"

**Lynn Sr.:** "Absolutely not! That one's very important!"

[The bag opens up to reveal a bunch of jigsaw puzzles.]

**Lola:** "Puzzles?"

**Lynn Sr.:** "The bag stays!"

Varie: Now guys. there's plenty of room for everything.

**Lynn Sr.:** All right guys. According to the reviews, the hotel has very strict check-in policy. If we're not there by 8:00, they could give away our rooms!"

Me: Right.

Venom: We're all set guys.

**Lana:** [Just as Lynn Sr. starts the car.] "WAIT!" [Opens the door and whistles. In Lola and Lana's room, Hops, El Diablo and Bitey hear and head out through the doggy door. As they enter Vanzilla, El Diablo and Bitey go under the seat, while Hops jumps into Lana's pocket. She closes the door.]

**Lynn Sr.:** "Okay, here we go. Loud Vacation time! Can I get a 'What what?'"

**Loud Family:** [as the the car pulls out of the driveway.] "What

what?"

[Lynn Sr. starts the car and the family heads off.]

**Loud Family:** [singing] "We're going on vacation! We're going on vacation!"

[We all exit the estate and head up to the Royal Woods Parkway.]

---

[Later on the road, an old style horn honks and shows to be a red truck with a farmer driving in it right behind us all.]

**Lynn:** "Don't let that old geezer pass us, Dad! Floor it!"

**Lynn Sr.:** "Well, it's- It is floored!" [the truck passes them] "It's been floored the whole time!" [mumbling] "Dang show off in his hot rod."

[The Louds finally make it up the hill.]

**Lynn:** "Look!" [It shows that the truck is already going down.] "Come on, Dad! Let's get our dignity back!"

**Lynn Sr.:** "I'm right there with ya, LJ."

[Vanzilla starts overtaking the truck, as Lynn starts shouting "pass".]

**Lisa:** "Father, this is not advisable! Factoring in the angle of our decent, current wind speed, and the condition of this aging heap. I fear we are going to wind up-"

[Before she can finish her sentence, Lynn Sr. loses control of Vanzilla 2.0 and crashes into a fence. The family is outside, having already survived the crash by leaping out of Vanzilla 2.0.]

**Lisa:** "-Nose-first in a ditch."

[The bumper to Vanzilla 2.0 falls off.]

**Lynn Sr.:** [gasps and hugs Vanzilla, while crying.] "My baby! What have I done?!"

**Lana:** "Stand back and let me work."

Me: We got this.

[Cuts to later, showing that me and Lana have gotten Vanzilla 2.0 out of the ditch and repaired it.]

**Rita:** [impressed] "Wow! Nice job, guys. How did you do that?"

**Lana:** "Eh, it was no biggie. There was a crack in the cylinder block, so I just re-routed the exhaust manifold pass the carburetor, and then-"

[realizes her family has gotten in Vanzilla; deadpanned.] "Don't ask if you don't really want to know."

[Lynn Sr. is about to start the car, when suddenly… ]

**Lily:** Don't forget me!

[The red truck passes by them.]

**Lynn and Lynn Sr.:** "Dang it."

---

[Later, the Louds are still driving and the weather starts to get a little heated out there.]

**Leni:** "Oh, it's so hot. Dad, can you turn on the AC before my hair totally frizzes?"

[Lynn Sr. presses the button to the AC, which seems to be fluttering and then stops working. He presses the button twice after that.]

**Lynn Sr.:** "Huh. Doesn't seem to be working."

**Lana:** "Ugh, the coolant must've leaked when we crashed." [pulls out her toolbox] "Pull over, Pops. I'll check it out."

**Lynn Sr.:** "No can do. Remember, 8:00 check in."

**Me:** I'm getting sick and tired of this.

Maria: Me too.

Everyone agreed.

**Leni:** "Well, can someone just roll down a window?"

**Lynn Sr.:** "Sorry, honey, but if we roll any of these windows down, they're not coming back up."

Me: (Whispers) He still thinks that we're in the old Vanzilla.

**Rita:** "I know it's hot, but just pretend you're at the beach."

**Leni:** "In this? Ugh, no!"

[The siblings see Lori snacking on some bean chips.]

**Lori:** "Anyone want a low-cal bean chip?"

**Lucy:** "Vomit."

**Laney:** No thanks Lori.

Me: I'm good.

**Lori:** "They're delicious. And supes high fiber." [Farts]

**Lisa:** "Yes, apparently."

**Lori:** "It was the seat! See?"

[Gas scent comes out of Lori's seat.]

Scream: No that was you Lori.

**Siblings, except Lori:** [Groan in disgust]

**Lori:** "Now it's not doing it."

[The gas scent goes all over Vanzilla. Lincoln and Lucy groan in disgust.]

**Luan:** "Suffocating!"

**Me:** I think I'm gonna be sick! (VOMITS)

**Lola:** [Coughs] "Ack."

**Lynn Sr.:** "Be strong, kids! No windows!" [Gas scent goes into the front seat] "Oh, it's in my mouth!"

[Lynn Sr. opens up the windows and everyone exhaled deeply, except Lori, who blushes in embarrassment. Eventually, the wind blowing inside the van like a jet turbine is becoming a problem.]

**Lynn Sr.:** "This is better!"

**Rita:** "What?!" [Lets go of the map and it lands in Lynn Sr.'s face. He screams in panic, and so does the family as they swerve off the road and crash into a section of porta-potties, which topple over like dominoes, and one of the doors to Vanzilla falls off.]

**Lynn Sr.:** [taking a few deep breaths.] "Is everyone okay?"

**Person:** [In one of the porta-potties.] "I've been better!"

[Lynn Sr. looks concerned as Lana jumps out and examines the broken door.]

**Lana:** "The good news is, the crash made the windows go back up. The bad news is, now we have no door. No way I can re-attach this baby." [looks up] "But I may have a solution."

Me: That won't be necessary.

I reattach the door with no problems.

Lynn Sr.: Good job J.D.

Me: Thanks Mr. Lynn.

**Luan:** "Nice fix, but we still have a grave situation!" [laughs] "Get it?" [We all laugh but then she realizes her family has gotten in Vanzilla 2.0; frustrated.] "What? Don't set me up if you don't wanna hear a joke!"

Me: That was funny Luan.

[As Luan gets in, Lynn Sr. starts Vanzilla, when suddenly… ]

[The family gets back on the road.]

**Rita:** "Who's ready for lunch?"

**Siblings:** "Me! Me! Me! Me!"

**Me:** I brought my own lunch but thanks.

Laney: Same here.

Everyone but the Loud Kids brought their own lunch.

**Rita:** "Honey, let's start looking for a good picnic spot."

**Lynn Sr.:** "No time! We're behind schedule. We'll have to eat in the car."

Lasher: Oh for Pete's sake!

**Lynn:** [Finds sandwiches inside a basket.] "I got this. Sammies coming your way. Think fast." [throws them to her other siblings.]

**Lola:** [Gets hit by a sandwich] "Watch it!" [Eats sandwich]

**Lori:** [Gets hit by a sandwich] "Ow!" [Eats sandwich]

**Luna:** [Gets hit by a sandwich] "Not so hard, dude." [Eats sandwich]

**Lincoln:** [Misses sandwich] "I can't catch."

[The kids and parents have finished eating their sandwiches. Rita crumbles up her wrapper.]

**Rita:** "Those egg salad sandwiches were delicious, honey. Thanks for making them."

**Leni:** "You're totes welcome, Mom."

**Lynn:** "Trash back here" [Luan, Lisa and Lincoln try to throw the wrappers in the bag.]

**Luan:** "Whoops."

**Lisa:** "Sorry."

**Lincoln:** "I can't throw, either."

**Lynn:** [Gives him a thumbs down] "Weak."

[Luna's stomach growls.)

Me: Uh-oh. I don't like the sound of those stomach growls.

Varie: Me neither.

Vince: Same here.

Zoe: That's not a good sign.

[Luna's face turns green and starts to feel nauseous. She takes her headphones off.]

**Luna:** "Whoa, guys, are you feeling alright? I'm not feeling too good myself."

[The other siblings get nauseous as well, except Leni and Lily.]

**Lori:** "Leni, what exactly did you put in those sandwiches?"

**Leni:** "I can't remember. I made them weeks ago."

**Lincoln:** "Leni!"

**Lucy:** "What?"

**Luan:** "That can't be good."

**Leni:** "Well, I was so excited for the trip, I wanted to get a head start!"

**Siblings:** [Groaning]

Me: Leni you gave everyone food poisoning!

Naruto: Not good Leni!

Sakura: Yeah.

**Lincoln:** "Uh-oh. I think I'm gonna barf!"

**Lisa:** "I second that!"

**Luna:** "Puke fest!"

**Lori:** "Pull over, Dad!"

**Lynn Sr.:** "No time! Use a bag!"

William: Okay that does it!

Maria: That's it, Mr. Loud! You being in charge of this vacation is making everyone suffer! It's gone too far. Me and William are in charge of this vacation now!

Lynn Sr.: You can't do that!

William: We weren't asking your permission!

Me: We're in charge now. Good job guys.

William: Thanks J.D.

Rita: I was getting fed up with Lynn being a poophead on this trip.

Scream: No problem Rita.

We tied up Lynn Sr. and put him on the sofa. Everyone got out and hurled.

Stewie: Oh, you got some pie, uh? Can I have a piece?

Lasher: Uh, sure.

Stewie: Ooh, let me have some of that Cool Hwhip.

Lasher: What'd you say?

Stewie: You can't have a pie without Cool Hwhip.

Lasher Cool Hwhip?

Stewie: Cool Hwhip, ya.

Lasher: You mean Cool Whip?

Stewie: Ya, Cool Hwhip.

Lasher: Cool Whip.

Stewie: Cool Hwhip.

Lasher: Cool Whip.

Stewie: Cool Hwhip.

Lasher: You're saying it weird, why are you putting so much emphasis on the H?

Stewie: What are you talking about? I'm just saying it,Cool Hwhip. You put Cool Hwhip on pie. Pie tastes better with Cool Hwhip.

Lasher: Say Whip.

Stewie: Whip.

Lasher: Now say Cool Whip.

Stewie: Cool Hwhip.

Lasher: Cool Whip.

Stewie: Cool Hwhip.

Lasher: Cool Whip.

Stewie: Cool Hwhip.

Lasher: Do you do this to Brian sometimes?

Stewie: I sure do.

Laney: Was it really necessary to tie dad up like this?

Me: It was Laney. He was driving us crazy. Wouldn't you be too?

Laney: I guess so.

Sam: I'm glad we didn't get sick.

Me: Yeah. We dodged a huge bullet on that one.

Then we changed it into Concorde jet mode and went to the hotel. We landed and got out and checked into the hotel. We got our vacation started. We were enjoying the hotel to the fullest. We were doing Horseback Riding, Bumper Boats, Fishing and enjoying 26 flavors of fudge. Lana loved the dirt flavor and the soap flavor. We then found out that Cleveland Brown and his family lives in the town right next door to the hotel.

We met with them and they invited us in for dinner.

Donna: I told you that Lois and Peter were no good, Cleveland. But did you listen? Of course not!

Cleveland: You're right, Donna. I should've listened to you. And it's a shame that Quagmire's dead now.

Joe: Well, you've still got me, Cleveland.

Me: It's not your fault Cleveland. If anybody is to blame it's the entirety of Quahog. Plus Quagmire got what was coming to him anyway. The ultimate castration.

Lincoln: That's right Mr. Brown. He deserved it.

Laney: Yeah.

Later we returned home 1 week later and got back to Gotham Royal York. The Justice League watched over the city while we were away. Cleveland and his family decided to move to the city with us.

Another Fanfiction Complete.

I've been wanting to do Tripped for a long time. But I didn't know how to set it all up. NicoChan11 gave me the ideas. Thanks for that man. As Usual. Tripped was an awesome episode and it was really funny. I'll put the aerial fights in the episode for a later chapter. Let me know what you all think.

See you all next time.

# Revenge Humiliation

It starts in the estate and someone was crying. In the living room Donna Diego was comforting Brenda Quagmire who is Glenn Quagmire's younger sister. She had been in an abusive argument with her mean controlling, diminutive, abusive boyfriend Jeff and she came to us for help.

Varie was healing her.

Varie: I can't believe that Jeff did this to you.

Me: Yeah. What a monster. He needs to be locked up and they should throw away the key.

Lincoln: Yeah you said it J.D.

Pounding on the door was heard.

Jeff: I know you're in there Brenda! Come on out of there!

Brenda: It's Jeff!

Me: I'll take care of this.

I go to the door and open it and saw Jeff. He was a big bulky man with blonde hair.

Me: So you're Jeff?

Jeff: Whoa! The famous J.D. Knudson! I didn't know this was your house man.

Me: Yeah. It's my house and you have a lot of nerve picking on a poor woman like Brenda.

Jeff: Where is she!? Is she in there!?

Me: She's in a place called none of your business!

Police Sirens were heard.

2 minutes earlier as Jeff was pounding on the door I pressed a red button underneath the coffee table that was linked to the police station. This was my domestic abuse silent alarm.

It's my 273.5 alarm.

Jeff: You called the police on me!?

Me: I did!

Jeff: (Enraged) You little… !

I pull out my gun and point it at his head.

Me: Give me one good reason why I shouldn't kill you where you stand? Officers arrest this monster. All the evidence you need is in this photo.

I hand the police a photo.

Officer: Who is this?

Me: It's his girlfriend Brenda Quagmire. He's been abusing her ever since we blew up Quahog.

Brenda: That's right officers!

Officer: Is that so? You're spending the rest of your life rotting in prison Jeffery Fecalton.

Me: (Disgusted) Wait, is that his name!?

Officer: Yeah.

Me: That's hilarious! But let me warn you Jeff. If you ever come near Brenda again I will make sure you never see the light of day again by burning your eyes out!

I spit on his face.

Jeff: Hey!

Me: People like you make me sick! Get him out of here.

Officer: With pleasure.

As Jeff was being taken away he was screaming mad!

Jeff: (Enraged) You will pay for this J.D.! I WILL GET OUT OF PRISON AND I WILL KILL YOU ALL AND KILL THAT (CENSORED) BRENDA! I'LL KILL YOU ALL LIKE QUAHOG!

Me: Tell it to the Judge!

Jeff was taken away. He was sentenced to Life in the Antarctica Triple Max Prison Section without parole.

Brenda: I'm glad he's gone.

Me: Me too.

Brenda: I wish I had my brother here to comfort me.

Me: I know Brenda. But your brother is not dead. He's in an asylum.

Brenda: He is?

Me: Yes. After we gave Glenn the ultimate castration we got a law signed that anyone with a Jiraiya-Perverseness as I call it will be sent to a maximum security insane asylum for super perverts. Your brother is one of the biggest super perverts in the world. See for yourself.

I show her a bunch of photos and it showed that Glenn had affairs with more girls than anyone else can even count. He's the ultimate womanizer.

Brenda was shocked.

Brenda: I can't believe this. Our mother turned him into the biggest pervert in the world.

Varie: One of them. I can't believe he was like this.

Me: Me neither.

Brenda: Not only that but I'm glad he's not with Joe and Cleveland.

Me: And Peter. Peter's now being punished with a life sentence of ruthless humiliation for abusing his kids and for being a brainless idiot.

Lori: That's right.

My watch beeps.

Me: Oh. It's time for some more humiliations on the Griffins.

Brenda: Count me in.

Me: All right. Lets go!

We walked towards the heart of the city.

---

We arrived and saw the Griffin's ready for more painful torture.

Patrick Star, The Symbiote Force, The Cul-de-sac kids, The Brown's and Swanson's were with us.

Jonny had Plank's family with him.

Me: Hello Griffin's. Ready for more pain?

Bad Lois: Do your worst!

Varie: With pleasure.

Jonny: I got something! Lets huddle!

We did so and Jonny revealed his plan.

Me: That's brilliant Jonny.

Scream: It's perfect.

Donna Diego became Scream and held Peter and Bad Lois by their underwear with tendrils and Clayface formed a flat stone platform above them. Jonny used a plank on a log and he handed me a hammer.

Me: Lets see how you like this crotch chin!

I slam the hammer on the plank and it slammed their faces with a powerful uppercut and sent them flying into the air and they slammed into the platform and it really hurt. But it hurt worse with the adding of a wedgie from 20 feet into the air. Laney formed a tree and the platform was in the tree and their underwear.

We slammed them into the platform repeatedly until they got head trauma.

Eddy: I remember this! This was too funny, but it hurt really bad.

Me: Oh this will liven things up.

I spin my Magisword Bracelet.

Announcer: PINATA MAGISWORD!

I turn Peter and Bad Lois into Piñata's and they had signs on them that said "Smash Me - I'm a Stupid, Dumb, (Censored) Idiot!"

Me: Who wants to smash the piñatas!?

Everyone cheered.

I hand everyone piñata sticks and they smacked with them all over.

SMACK! SMACK SMACK! WHACK WHACK! WHACK!

We were laughing at them.

Nazz: Oh that was fun!

Kevin: It sure was.

Patrick Star came up to Peter.

Peter: You have something for me Tubby!?

(Record scratch)

Patrick: Tubby? (Enraged Growl) NOBODY CALLS ME TUBBY!

Patrick pulverized Peter all over the place and when he stopped 10 minutes later Peter looked like he lost to a crazed superhero.

Me: Whoa! Now I know what not to call Patrick.

I pull out my Taboo Notepad and write.

Me: "Patrick Star - Tubby." There.

Brian: Good thinking J.D.

Phage: You're calling Patrick Tubby? Look who's talking, fatso!

Me: Well said Phage.

Matilda: I got something I want to try.

Me: Go for it Matilda.

Matlida used her telekinetic powers and Invisible Punches start flying.

Peter: [invisible punches flying] No, please wait. [grunting as more invisible punches hit him and an elephant sound is heard when Peter's head is hit. Peter is being thrown into the air and on the ground, then given a wedgie] No, please, have mercy! [Peter is kicked into the ground and crashes through it. A subway train crashes into him and he gets beaten up really bad. He comes out and he was badly beaten up.]

We were laughing at him.

Me: That was awesome Matilda.

Matilda: Thanks J.D.

Tamara: That sure was funny.

Me: Yeah. Carl what were you like before you became Phage?

Carl revealed his face.

Carl: My story was not a good one J.D.

Carl Mach was a mercenary who worked for a sinister corporation called the "Life Foundation." The Foundation was preparing for the M.A.D. (Mutually Assured Destruction) fallout of the Cold War and sought to provide a comfortable life for their wealthy clients after the impending nuclear holocaust. The Life Foundation experimented with the Venom symbiote in the hopes of developing superhuman peacekeepers to watch over their imagined fallout shelter utopia, and Carl was one of the three men chosen as hosts for Venom's forcibly-extracted spawn.

Me: That's awful Carl. I didn't know about that.

Carl: Yeah. It was awful.

Varie: But we saved you both from that awful place.

Carl: Yes and we're grateful for it.

Numbuh 1: I got something for this.

Numbuh 1 pulled out a mustard blaster and fired it and it squirted mustard into their eyes and it burned them bad.

Me: Mustard?

Numbuh 1: Chinese Hot Mustard. I picked it up when we were in China.

Lincoln: That's awesome and I love hot mustard.

Laney: Me too big brother.

Ed: Ooh! I got something.

Ed walked up to Peter and pulled out a wedge of Rotten Cheese.

Ed: Say hello to Peter, Sheldon.

Nicole: Sheldon?

Lily: That's not Plankton in the form of Cheese is it Ed?

Ed: No Lily. This is my cheese friend Sheldon Jr. He's lived in my pocket for 72 days now.

Everyone: EW!

---

Deep in the endless void of space in the Sputnik satellite, Plankton was eating his dinner and he sneezed.

Plankton: AH-CHOO! Someone must be talking about me.

---

Back on Earth we had nose plugs on. Everyone but Mandy and Mr. Krupp were not affected. Peter and Bad Lois were hurling their guts out and then some.

Double D: You're not bothered by that awful stench?!

Krupp: Of course not. I don't have a nose.

Mandy: Me neither.

Billy: Ooh I gots something!

Billy walked up to Bad Lois and squeezed his big nose and splattered her with a shower of his slimy snot.

Everyone: EW!

We laugh at her some more.

Me: That was awesome Billy!

Irwin: It sure was, yo.

Cleveland: I have something to say to Peter. Son want to come with me?

Cleveland Jr.: You know it pop.

They walked up to Peter and they were not happy.

Cleveland: Peter Griffin I don't know what I ever saw in you as a friend. You are a big fat, brainless, alcoholic, stupid, (Censored), (Censored), (Censored), (Censored), idiot that only cares about no one but himself!

We all gasped in shock at the words he said.

Me: Whoo! That was harsh but it's fitting. What a loser! Well said though Mr. Brown.

Cleveland Jr.: Yep. Thanks J.D. And Peter this is for me.

He takes a gun out and shoots him in the shoulder.

Peter screams in pain.

We laugh at him some more.

William and Luan then sneak up behind Peter with barber razors as Psycho Strings were playing and they shaved his hair off his head.

Peter: (Screams) What the (Censored)!

We laugh at Peter's bad haircut.

Luan: We Shaved the Best for last! (Laughs to rimshot) Get it?

We laugh at the joke.

Cleveland: The joke's on you baldy!

Me: (Laughs) That was a good one Luan!

Toxin: (Laughs) That was hilarious!

Me: Yeah! Patrick how did you get the Toxin Symbiote?

Toxin revealed Patrick's face.

Patrick: Well it's not a pleasant scenario.

Carnage about to birth another symbiote, was threatened by its existence and attempted to destroy it. Venom, however, wanted to raise and train the new Symbiote as an ally and partner. Weakened by the actual birthing, Carnage was unable to kill the newborn symbiote. Supplanting the Symbiote in Patrick Mulligan, a New York City cop, it returned in later days. Venom named the new Symbiote Toxin, after himself. Carnage and Venom both knew that because of how powerful Toxin would become in time, and also since his host was a police officer, he would most likely be a hero rather than a villain. Because of this, they made a temporary alliance so that they could kill him but in the end they were defeated. Pat still felt that being bonded with Toxin made him a threat to his wife and newborn son and left them without explanation until he felt he could control the Symbiote.

Toxin aided Spider-Man and the Avengers in rounding up many of the escaped convicts from the Raft including, King Cobra, the Wrecker, and the Answer. Pat was specifically tasked by Spider-Man with finding Razorfist and considered it a test of Pat's capability and control over Toxin. During this period Pat struggled to teach Toxin right from wrong and the value of restraint. Pat's attempts were set back by a bout of rage in which he allowed Toxin to kill a criminal for murdering a police officer.

Pat's attempts to hunt down Razorfist were continually waylaid by Toxin's unwillingness to participate, as the symbiote was still unclear on the complexities of moral thinking. Pat's attempted suicide over his broken life cause Toxin to consider his feelings more, leading to Toxin shapeshifting into an alter ego named Larry to interact with Pat's wife and son. Toxin then made this kindness into a deal. In exchange for continuing this service Pat would 'black out' and allow Toxin two hours of freedom to do as he wished, so long as there was 'no arson, no grand larceny and no homicide.' This continued for some time. During one of these blackouts, Toxin read Pat's laptop diary entries and destroyed the device when he became upset about Pat's opinion of him, specifically calling him a monster. When stealing a replacement in a misguided attempt to do the right thing, Spider-Man defeated Toxin and repeated his request for Pat to catch Razorfist, berating him for letting Toxin 'run wild.

After torturing his address out of Pat's ex-partner, Razorfist made an attempt to kill Pat in his own home but instead found his father who was killed in the struggle. Razorfist escaped whilst Pat checked on his father. Whilst discussing the possibility of killing Razorfist Pat said to Spider-Man "If I cross that line… throw me in Riker's and throw away the key." Toxin defeated Razorfist, and despite Razorfist's taunts, he refused to kill him, finally gaining control of the beast inside him. Pat then got back together with his estranged wife, Gina, and told her about Toxin and about the reason he had left her.

Me: Patrick that's awful and you are a hero.

Patrick: Yes. I can't believe that Razorfist was that evil and he got what he deserved.

Me: He did.

Lana: What a monster!

Lola: No kidding!

Meg: I got something for Peter!

Me: Go get him Meg.

Meg walked up to Peter and bend him over and she farted right in his face at point blank range.

FART!

Peter: Oh that is disgusting Meg! You learned something from me after all.

Meg: It will be the last time too "Dad".

We laughed at Peter for that.

Lasher: That was too funny!

Me: It sure was. What were you like when you became Lasher, Ramon?

Ramon's face was revealed.

Ramon: My life was not easy.

Ramón Hernández was a mercenary who worked for a sinister corporation called the "Life Foundation." The Foundation was preparing for the M.A.D.(Mutually Assured Destruction) fallout of the Cold War and sought to provide a comfortable life for their wealthy clients after the impending nuclear holocaust. The Life Foundation experimented with the Venom symbiote in the hopes of developing superhuman peacekeepers to watch over their imagined fallout shelter utopia, and Ramón was one of the three men chosen as hosts for Venom's forcibly-extracted spawn.

Me: That's awful. I'm sorry Ramon.

Ramon: It's not your fault J.D. I was made what I am and now we're Lasher.

Me: That's true.

Lincoln: I got something. J.D. you want to help me with this?

Me: You know it buddy.

Me and Lincoln unshackled Peter and Bad Lois and take them high up into the sky.

Lincoln: We're gonna drop them from 5,000 feet in the air.

Me: Oh that's cool.

At 5,000 feet we dropped them and the air whistled as they fell. Then they crashed into the ground with incredible force.

CCCCCCRRRAAAAAAAAAAAAAAAAAAAAAAAAAAAAASSSSSSSSSSSSS

Varie: Oh! That's got to hurt!

Laney: No kidding!

We all laugh at them. When they were chained up again we decided to give them presents.

Me: Happy Birthday Peter.

Eddy gave Peter a massive firecracker and it exploded in his face.

KABOOM!

We gave them lots of firecrackers and they all exploded.

The Mad Bomber provided them.

Luan: Those are presents that go out with a Bang! (Laughs to Rimshot) Get it?

We laugh at Luan's joke.

Scream: That was a good one!

Me: It sure was. Donna how did you become Scream?

Donna: It was not a pleasant thing.

Donna had a history of psychotic episodes, but despite this she passed a background check and became a security guard for the Life Foundation. As part of their program to create a super-powered security force, the Life Foundation scientists kidnapped Venom. They removed his symbiote's "seeds," hatched them and merged the resulting creatures with five of their most skilled and trusted employees. One of those employees was Donna.

Laney: Donna that's awful.

Lucy: Yeah. I'm sorry that happened to you.

Donna: I know. But I'm over it now.

Me: Well that's a relief.

Vince: Yeah. No one should ever have episodes like that. It's not right.

Donna: Yeah.

Kenai: Let me and Nita do something.

Kenai and Nita became bears and they were wearing Orange Leotards. They went at Peter and Bad Lois and mauled them.

They changed back and they had their orange leotards on.

Me: I got something! (Pulls out a Pokeball) Ursaring come out and pulverize Peter!

He was comforting Nita during her change back. Then he did so and pounded Peter.

Ursaring: (You know you are just as abusive as Paul is. But you are just as completely stupid)

Me: You said it Ursaring. Return!

I beam him back into the Pokeball.

Me: I'm getting the hang of it.

May: You sure are.

Luna: That was rockin' dude!

Me: Rockin! Now for the finishing touch.

I take an oxygen tank and put a mask on Peter's face and pump gas into him. And then he started laughing uncontrollably. (Think of Arthur Reeves laughing from Batman Mask of The Phantasm)

Me: The Joker's Laughing Poison. It'll wear off in 3 days. Enjoy your laughter if you don't die first.

I walk back.

We were laughing at him again.

Later we went back home and enjoyed ourselves before dinner. Brenda Quagmire now lives under our protection.

Another Fanfiction Complete.

NicoChan11 gave me some of the ideas for this one. Thanks man as usual. The rest of the ideas were done by me.

Let me know what you all think.

See you all next time.

# The Plague of Dark Water

It starts with the U.S.S. Valor going flying through space.

Me: (Narrating) Captain's Log Stardate 2314.2: Our computers have picked up an alien planet located 72,000 light-years away from Earth at the opposite edge of the galaxy. We are going to check it out.

Lincoln: So J.D. when we arrive at this planet what do you think it will be like?

Me: We'll know soon Lincoln. That's the beauty of the mysteries of the universe. You never know who or what you'll encounter.

Lana: I hope it's a planet where we get to fight monsters! That would be cool!

Lola: I hope it's a planet where we rescue a beautiful princess from an evil dragon!

Isabelle: Grandpa we have arrived.

Me: On screen.

The view screen activated and we were at an ocean planet with lots of islands.

Nicole: (Gasp) I know that planet. It's Mer from The Pirates of Dark Water.

Me: I haven't watched that show in years.

Lincoln: Pirates!? AWESOME!

Lila: I love pirates!

Lori: That is literally the most beautiful planet I've ever seen. It looks just like Earth.

Varie: Yeah but look. It's much different than Earth. It has 2 giant planets for moons.

Natilee: Dad. Sensors are reading that this planet is in danger. It's showing that it's being destroyed by a mysterious force.

Me: Oh man. I know what's causing it. Dark Water.

Lincoln: What's Dark Water?

Me: It's an evil substance that threatens to destroy the entire planet of Mer. It's source is a monster of ultimate evil called the Darkdweller. It's Mer's version of the Devil.

Laney: That's awful. How are we gonna stop it from destroying the planet?

Me: The only way to destroy the Darkdweller and purge the Dark Water from Mer is to find the legendary 13 Treasures of Rule. They are extremely powerful jewels that have omnipotent power and they have the power to destroy the Dark Water and the Darkdweller.

Everyone: WOW!

Luna: That's amazing dude.

Sam: It sure is luvbird.

Luan: But why does this Darkdweller want to destroy Mer?

Me: I don't know the full extent of the story. But it's probably to wipe out all life on the planet and rule over it with an iron fist and enslave the people on it. The show The Pirates of Dark Water centers around a young prince named Red and he and his crew are on a quest to find the 13 Treasures of Rule and save all of Mer. His crew is a Treasure Hunter named Ioz, an Ecomancer named Tula and a Monkey Bird named Niddler. But there is a villain that is following Red and his crew at all times.

Lynn: Who is that?

Me: It's the evil pirate Lord Bloth. He will stop at nothing to get the Treasures of Rule for himself.

Lucy: Gasp! That monster. If he does get them then Mer has no future.

Aylene: That's horrible. We have to stop him at all costs.

Me: Yes. Our primary mission for Mer is to destroy the Darkdweller and the Dark Water. But our secondary mission is to destroy Bloth and his crew. Varie, Rachel, Sora, Kairi, Ben, Rex, Bobo Hana, Maria, Nita, Donna Diego, Jen, Lincoln, Laney, Lucy, Lana, Lola, Lila, Lisa, you all come with me.

Sora: Right.

Lola is now in a brand new hover chair. It was built by Lisa. Her broken leg makes her immobile so we built her a nice Hover Chair.

Lola: Lets get em!

We went down to the planet and flew over the water. Sora, Kairi, Bobo, Nita, Donna Diego and Jen were in the hovercar. We had a magnificent view of the 2 planets from the water. They were beautiful.

Me: Wow. What a beautiful sight. Earth now has 2 planets in orbit around it like Mer does.

Lincoln: It sure does. It's beautiful.

Laney: Amazing.

Lucy: It sure is a breathtaking marvel.

Rex: This is all amazing. I had no idea that worlds like this even existed.

Rachel: That's the beauty of the universe for you Rex.

Lana: Yep.

Lisa: The universe has infinite possibilities of endless qualities.

Me: That's right.

Varie: That still astounds me to no end.

We flew over the oceans and saw the planet being ravaged by Dark Water. It was destroying everything in its path and decaying everything around it. The Dark Water was alive and it destroys everything it touches.

Me: This is awful! The Dark Water is like a cancer and it's slowly destroying the planet.

Laney: Yeah. We have to stop this fast.

Lincoln: No kidding. Lets see if lightning will destroy it.

Lincoln fired a blast of lightning at a puddle of Dark Water and it set it on fire and surprisingly it weakened it.

Me: Our powers have some kind of effect on it.

Varie: That's interesting. Let me see here.

Varie fired a blast of water and it burned the Dark Water.

Varie: My water powers are like Holy Water to it.

Me: That's amazing.

Lola: Lets see how it likes fire.

Lola fired a blast of fire at the Dark Water and it evaporated into pink steam.

Me: Your fire evaporated it.

Lucy: Wicked.

Sora: It looks like your powers have quite an effect on the Dark Water.

Kairi: They sure do.

Maria: Guys I see something up ahead!

We look on and we saw a giant ship made of bones.

Me: That's the Maelstrom!

Lincoln: That ship gives me the creeps. No offense Lucy.

Lucy: None taken Lincoln. But yeah it does.

Me: Okay and they have Ren's ship the Wraith in their sights.

Laney: I got this!

Laney used her plant powers.

On the Maelstrom, Bloth was looking at the Wraith.

Bloth: Those treasures will be mine boy!

Suddenly there was a rumbling and the Maelstrom was rising up out of the ocean and was on a giant tree.

Lana: Lets board the ship!

Me: Ah ha!

We landed on the ship.

Me: Lets show them our power Ben!

Ben: You got it.

I turn into Echo Echo!

Me: (Techno Voice) ECHO ECHO!

Ben: (British Accent) WATER HAZARD!

Echo Echo: An Orishan? Amazing.

Water Hazard: It is.

Water Hazard fired a blast of water at the crew and killed some of them.

Echo Echo fired a sonic sound blast and they exploded all over the place.

Maria, Nita, Donna, and Jen had their eyes closed as they concentrated. And then Nita gasped as she saw her hands turn into paws.

Nita (weakly as her body gains fur): M-My hands!

Maria gritted her teeth as her face started to melt. Nita just finished turning into her bear form as her pirate clothes ripped off.

Donna (her muscles increase): L-Looks like it's my turn now!

Donna screamed in pain as her symbiote skin appeared. Her hair then changed to fit her symbiote form, turning her into Scream as her pirate clothes tore off.

Maria's body became water as she melted out of her pirate outfit. She then reformed into her water form.

Jen's eyes turned green. Then her muscles expanded, her height increased, her skin turned green, and her pirate outfit ripped off. She was now the She Hulk.

The four girls took a moment to make sure their transformations stopped.

Maria: Is everyone ok now?

She Hulk: We're fine now. I hope our transformations didn't freak you guys out.

Echo Echo: No they didn't Jen. But lets take it up a notch.

I press my Omnitrix symbol I became Ultimate Echo Echo.

Me: ULTIMATE ECHO ECHO! Cool. I'm an Evolved Sonarosian. This is amazing.

I fired a more powerful sonic blast and blew more of the crew apart.

Maria and Water Hazard fired a combined water blast and skewered more pirates and killed them.

Ultimate Echo Echo: Lets see how you like this.

I have a bunch of sound speakers fly out and they surround a bunch pirates.

Ultimate Echo Echo: WALL OF SOUND!

A powerful sonic blast made them explode.

Ultimate Echo Echo: That was disgusting.

I revert back and I was feeling weird.

Me: Whoa! That was weird turning into an alien like that.

Water Hazard: You get used to it over time J.D. It took me a while to get used to it when I got the Omnitrix.

Me: That's easier said than done.

We killed all the pirates until only Bloth was left.

Bloth: You killed all my crew!

Me: And you are next Bloth.

Bloth unsheathed his sword and we engaged in a powerful sword fight. Sparks were flying and they set the ship on fire. Then I stabbed him in the chest and killed him instantly.

Me: Enjoy the darkness of Hell you monster!

Nita, Maria, Scream, and She Hulk close their eyes once again and concentrated. All of them then screamed in bloodboiling agony.

Nita's head reverted back to its human shape. Then her paws turned back into hands and feet. Next, her fur disappeared as it was replaced by skin. Finally, she regained her black hair, leaving her in her human form while wearing her orange leotard.

Maria's watery skin was replaced by human skin, leaving her in her human form while wearing her aqua blue swimsuit.

Donna's symbiote skin retracted into her body to reveal her human skin. Her hair then changed to fit her human body, leaving her in her human form while still wearing her pirate clothes.

Jen shrunk back down to the height of an average woman and she could feel her leg, neck, arm, and ab muscles shrinking back down. Her eyes opened wide and soon her green eyes became light green and then brown once more. Her long, wavy green hair became shorter and shorter and straighter and straighter until it was once more above her shoulders and its typical black color. She gritted her teeth as her skin soon began to change. It went from green to light green to tan to its original pale complexion. Soon, Jen stood in the spot where She Hulk was a few minutes ago wearing her her purple and white swimming suit-like uniform.

Maria (to Donna, Jen, and Nita): Is everyone ok?

Nita (trying not to fall down): I'm fine. But I think someone needs to catch me before I fall!

Nita fell and Lana and Lola caught her.

Jen (holding her head in pain): My head's really pounding right now.

Donna: I think I'm the only one out of the three of us wearing a pirate outfit right now. Maria's only wearing her swimsuit while Jen and Nita are only wearing their leotards.

Me: That's right Donna. But you guys did great.

Jen: Thanks J.D.

Me: Lets get out of here and destroy this ship.

We flew out and I cupped my hands to my side.

Me: KAAAAA! MEEEEE! HAAAAA! MEEEEE! HAAAAAAAAAAAAAAAAAAAAAAAAAAAAAA!

I fired a Kamehameha Wave at the ship and it hit and exploded with incredible power.

KRABBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

When the smoke cleared there was nothing left of the Maelstrom. It was completely destroyed.

Me: That takes care of that. I hope he loves Davy Jones Locker.

Sora: Being a pirate is awesome for us.

Me: Lets not let it go to our heads Sora. Lets go onto the Wraith.

All: Right.

We flew out.

As Ren and his crew were resting when we landed.

Me: Ahoy there. We mean you all no harm.

Ren: Who are all of you all?

Me: We apologize for landing on your boat without permission. Lets us introduce ourselves. I'm J.D. Knudson.

Varie: I'm Varie Knudson, J.D.'s fiance,

Rachel: I'm Rachel San Diego, another one of J.D.'s fiancés.

Sora: I'm Sora.

Kairi: I'm Kairi.

Rex: I'm Rex Salazar.

Bobo: Name's Bobo.

Maria: I'm Maria Rockell, 2nd in command of the Redemption Squad.

Jen: I'm Jen Walters.

Nita: I'm Nita.

Ben: I'm Ben Tennyson.

Lincoln: I'm Lincoln Loud and these are my little sisters Lucy, Laney, Lana, Lola, Lila, and Lisa.

Lucy: Hey.

Laney: Charmed.

Lana: Sup.

Lola: It's a pleasure.

Lila: Hello.

Lisa: Greetings.

Me: We are from the planet Earth.

Ren: Noy Jitat! We've heard all about you from all over Mer.

Me: How can that be? Our planets are 72,000 light-years apart from each other.

Ren: The Treasures told me you were coming.

Varie: That's amazing.

Laney: Those treasures must be a powerful force to be known.

Tula: They are Laney. We saw that explosion and we saw the Maelstrom explode.

Me: That was us Tula. We killed Bloth and his crew and destroyed the Maelstrom.

Ioz: Chongolongo! It's good you destroyed him and his crew.

Niddler: (Screeches) It's good you did.

Me: Yeah.

Ren: How did you know that Mer was in danger because of the Dark Water?

Me: We have technology that lets us know what's going on across the galaxy. We saw Mer being overrun by the Dark Water and figured we can help you all out.

Ren: We greatly appreciate it.

Me: You're welcome. May we please see the treasures so we can get a good extent of what they are?

Ren: Of course.

Ren led us to a barrel and on it were 7 jewels. One was a blue-green diamond, the second one was a long green hexagonal gem, the third one was a rough blue-green stone, the fourth one was a blue diamond, the fifth one was a triangular aqua blue one with green gems, the sixth one was like a gold broach and the seventh one was like a coaster with a red gem in the middle surrounded by gold and diamonds.

Me: So these are the Treasures of Rule.

Ren: Yes and they are the only thing that can stop the Darkdweller and the Dark Water.

Lincoln: They sure are beautiful.

Me: Yeah.

I pick up a couple of them and the power they had was unbelievable.

Me: Their power is incredible.

Laney: How are we gonna find the other 6 of them?

Ren: I use this compass to find them.

Ren had a gold compass with a gem in the middle of it.

Me: That's interesting.

Lucy: Where are we gonna find the next treasure?

Ren: We have to search hard for it.

We got searching.

---

On the 20 seas we got searching and we found 5 more treasures.

Me: Only one more to find and we have to be ready for anything.

The compass then reacted to something and it lead to the last treasure.

Me: The Last Treasure.

I use my powers and brought it up to us.

Me: That's the last one Ren.

Ren: It sure is J.D. We have them all!

Laney: We sure do.

Sora: This is great.

Lila: It sure is.

Suddenly without warning the area quaked.

Me: Uh oh! Whatever that is it sure doesn't sound good!

---

On the ocean floor a crack formed and out came a mass of Dark Water.

Bubbles were seen on the surface and out of the water came THE DARKDWELLER HIMSELF! He was a living blob of Dark Water and the level of evil he had was unbelievable!

Me: That's the Darkdweller!

Ren: Yes. That's him.

Darkdweller: **So the famous J.D. Knudson and his friends! How nice of you all to arrive so I can destroy the Treasures of Rule!**

Me: Nice to know that you know us as well.

Lincoln: You've tormented this planet for far too long monster!

Lincoln fired a blast of lightning and it hit him and burned him bad.

Ren: Noy Jitat! Your powers can hurt the Darkdweller!

Me: That's what we discovered when we arrived. They're like Holy Water to it and the Dark Water.

Lola fired a blast of fire and evaporated part of him.

Lola: Take that you monster!

Then something strange happened that left us all in shock.

My sword rose out of its sheath on its own and the 13 treasures floated and orbited around my sword.

Me: What's happening?

Sora: What's going on?

Then the 13 treasures merged with the blade of my sword and in a massive blinding flash of light that was brighter than 2,000 suns the sword changed. It had the 13 Treasures embedded in the blade and on the hilt.

I take my sword and when I grabbed the hilt I felt a tremendous increase in power unlike anything before.

Me: Wow! I can feel its power surging through me!

I was enveloped in a blinding flash of golden light and when it faded I was forever changed. I had glowing golden clothes and my eyes had golden yellow sclera and my wings had golden fire on them. I was now a Super Angel 10,000 Angel God.

Me: Wow! What happened?

Lincoln: J.D. you look incredible!

Laney: Yeah! And your power level is off the scale! It's unreal!

Varie: You look incredible honey.

Rachel: You sure do.

Me: Lets see what this power can do.

I dash towards the Darkdweller at a blinding speed and slash him apart and then I fired a blast of energy from my sword that completely obliterated him in an instant. The shadow of the Dark Water was completely destroyed forever and everything that the Dark Water and The Darkdweller destroyed was completely restored!

Me: Wow! What power! But it's finally over guys! The Darkdweller and the Dark Water have been destroyed forever!

We all cheered wildly.

The 13 Treasures of Rule came out my sword and landed on the ship. I reverted back.

Me: Wow. What a rush. But it's over.

Ren: Yes J.D. Thanks to you the World of Mer has been saved from total destruction.

Laney: Yes. It's over. We saved all of Mer.

Lola: And the world of Mer is now at peace.

Lana: Yeah!

Back in Octopon, Ren's home we were given a great ceremony and a feast. We were given the 13 Treasures for safe keeping to make sure that they never come into the wrong hands again. The quest of the Pirates of Dark Water was finally over.

We left for home and it was a grand adventure.

THE END

Another Fanfiction Complete. I used to watch The Pirates of Dark Water all the time back when I was growing up. It was one of my favorite shows back when I was a kid. But trouble is they had to cancel it because of high budget costs and complicated settings that were too advanced for the settings of the 20th century. Which left the show in a massive cliffhanger after 21 episodes. This was an awesome show from February 25, 1991 to May 23, 1993. Not a long running show huh? NicoChan11 gave me the ideas for this one. Thanks for that man. As usual. Let me know what you all think.

See you all next time.

The Pirates of Dark Water is owned by Hanna Barbera, Cartoon Network and David Kirschner.

# Alien Gold Conspiracy

It starts in the middle of Gotham Royal York. Me, Lincoln, Laney and Lana were flying in the city keeping our eyes open for crime when we sensed a massive increase in energy.

Me: Uh oh.

Laney: I sense it too. There's a massive rise in energy coming from that building there.

Laney pointed to a building.

Me: Lets go!

We flew over and bursted in and we saw Batman 2039 fighting a man made of fiery rock, a man flat as a pancake and a woman made of frozen gas.

Me: Whoa!

Laney: What's going on here?

Lana: I don't know but Batman has his hands full.

Lana fired a blast of ice lightning at the magma man and he turned into a normal rock.

Laney wrapped the flat man in bramble vines and Lincoln swooped in and shut off the machine.

Lincoln flew up to the frozen gas woman and sensed something wrong with her.

Lincoln: Wait a second you're Mary Michaels A.K.A. Freon.

Freon: That's right. I've heard a lot about you Lincoln Loud.

Lincoln: How did you become like this?

Freon: We were experimenting with a Particle Fusion reactor experiment and we were exposed to tremendous levels of radiation that mutated us and turned us into what we are now. My fiancé Michael was turned into a magma man, our lab assistant Stewart Lowe became a two-dimensional rubber man and I became a mass of freezing gas with ice powers. We were forever changed into the Terrific Trio as a result.

Lincoln: This is incredible. Lab accidents are one of the most prominent causes of people getting superpowers. Same with Nuclear Radiation.

Freon: That's right. We later found out that because of the experiment our genetic structure was disintegrating.

Me: (Gasp) How is that possible?

Freon: I don't know. But the data on the experiment said that there is no cure and that we're becoming dangerously psychotic.

Laney: That's awful. There has to be something we can do for you.

Me: There may be a way. I'm gonna use my magic to help you. (Chants an incantation) Joutegma Norkwoda Menmentima Worka!

I fired a beam of rainbow light at Freon. Deep in her genetic structure, her DNA was mending back together and she was being cured of her psychosis. Her DNA was fixed.

Freon: (Groans) What happened?

I form a water computer mirror and it showed her DNA back together and she was free of psychosis.

Freon: I'm all cured and my DNA is all fixed up.

Me: Yes. I used my magic to help you.

Freon: Thank you J.D.

She hugged me and I was getting cold on my back.

Me: (Shivers) You're welcome. You're really cold.

Freon: I know. I get that a lot.

Me: I believe it.

Laney: Guys look at 2D Man.

Laney moved her vines and we saw that he had disintegrated into fine powder.

Me: Ooh. That must've not felt good.

Lincoln: No kidding.

Freon: Good bye Stewart.

Lincoln: I'm sorry Mary.

Freon: It's all right Lincoln. As far as I know the men I knew died long ago.

Me: Lets go home.

---

Back at the estate we were watching TV and playing card games and chess. Me and Lisa were playing Go Fish.

Me: Hmm. Lets see. Lisa do you have any 6's?

Lisa: Negative. Go fish.

I draw a card.

Lisa: Do you possess any Kings?

Me: Oh man.

I hand her 3 Kings.

Lisa: Thank you.

She has 2 sets of cards.

Lisa: So how did Freon get her powers of Ice?

Me: She, Stewart Lowe, and her fiancé Mike were exposed to tremendous levels of radiation during a particle fusion experiment and it mutated them and changed them forever. Freon became frozen gas and has ice powers as a result. Mike got fire and magma powers and Stewart got super elasticity despite being turned flat.

Lisa: Fascinating.

Me: Yeah. I was shocked myself. But like I said, Nuclear Radiation and Laboratory Accidents are one of the most prominent causes of people getting superpowers.

Lisa: Indeed. Do you possess any 4's?

Me: Nope. Go fish Lisa.

Lisa drew a card and then the alarm sounded.

Me: Uh oh!

We go to the computer and saw that something is going on over in Scorpion Ridge, New Mexico.

Me: Something's going down over in Scorpion Ridge, New Mexico.

Lincoln: What's that place?

Me: It's called Scorpion Ridge because it has a rock formation in the shape of a Scorpion. The computer is picking signs of Extraterrestrial Activity.

Lori: You mean like Aliens from another planet?

Me: Precisely. Roswell, New Mexico has been known as the sight of extraterrestrial activity. Lincoln, Laney, Freon, Lori, Double D, Ed, Eddy, Hulk, Ben, Hawkgirl, Lana, Starfire you all come with me. According to the computer it says here that Mystery Inc is there too.

Lincoln: Then they must be there to solve a mystery.

Me: Like old times. Lets go!

We set out for Scorpion Ridge, New Mexico.

---

We arrived and saw that Scorpion Ridge looks just like a scorpion.

Starfire: How are we gonna find Mystery Inc.?

Me: We follow a trail.

I point to tire tracks and they lead into a canyon. We followed the tracks and they went into a cave.

Lori: They literally lead into this cave.

Freon: Looks like we have to go in.

Lincoln: Yep.

We go into the cave and discover something really unusual in it.

Lana: It's all mining equipment.

Laney: It sure is. Who do you think it all belongs to?

Hulk: More importantly, Hulk thinks it belong to people here.

Me: I have a feeling you're right.

On a jackhammer we saw on the tool a yellow powder and it was shining and sparkling.

I take some of it off with my finger and look at it.

Me: Just as I thought.

Lana: What is it J.D.?

Me: It's gold. Someone struck gold here.

Ed: And look at this guys!

We saw a huge vein of gold.

Me: Well I'll be. Someone discovered an active vein right here under Scorpion Ridge.

Hawkgirl: This is a lot of gold.

Me: It sure is Shayera.

Laney: What are they gonna do with all of it?

Me: Probably keep it all for themselves. A valuable find like this belongs in Fort Knox.

Hulk: Hulk agree.

Then we heard a scream.

Me: That's Daphne! Come on!

We run and flew down a tunnel and saw a crane with Fred, Daphne and Velma in a net.

Fred: You three aren't going to get away with this!

Max: Oh, we already have, Fred.

Steve (to Laura): Babe, after the heroes are dead, let's use all this gold to retire somewhere in Hawaii.

Laura: Good idea. Hawaii has so many nice beaches.

With that, Laura and Steve kiss, making Max gag.

Max: Oh, c'mon! You two have to do that right now?!

Daphne: I guess even villains need to have love.

Me: Let them go you dirtheads!

Steve: Well if it isn't J.D. Knudson and his friends.

Me: That's right Steve now let our friends go you filthbrain!

Laura: Not a chance. They came to stop us so we won't have that gold.

Starfire cut them free and brought Fred, Daphne and Velma to us.

Ed became Edzilla and Ben became Armodrillo.

Ben: ARMODRILLO!

Me: A Talpaedan from the planet Terraexcava

Armodrillo: That's right.

Hawkgirl: You three still have all of us to deal with!

Me: That's right Pukeheads!

Steve (chuckles): Oh, we didn't forget about the rest of you. You see, we brought a friend to keep you all occupied.

Laura: And he should be coming right about… now!

The heroes then saw a figure in the shadows moving towards them.

?: Solomon Grundy

Me: Oh no.

Eddy (recognizes the voice): You've gotta be kidding me.

?: Born on a Monday

Hawkgirl: I know that voice all too well.

Eddy: Oh, you've gotta be kidding me!

?: Christened on Tuesday.

Lincoln: That voice is familiar to me.

Eddy: OH, YOU'VE GOTTA BE (censored) KIDDING ME!

The figure steps out of the shadows to reveal SOLOMON GRUNDY!

Grundy: Married on Wednesday!

Me: Cyrus Gold A.K.A. Solomon Grundy!

Max: We called Penguin and Grodd to send him over a while ago. And the best part? He can't die no matter what you punks do to him!

Me: So you 3 are one of the members of the Legion of Doom!

Steve: I'm the only member actually. Laura and Max are just along for the ride. We help collect funds for the Legion.

Me: Hulk, Ed, Ben, you all stop Grundy. We'll take care of his lackeys.

Grundy: Grundy smash heroes.

Grundy is about to punch Velma but Hulk and Edzilla punch him back.

Hulk and Edzilla: NO! HULK AND ED SMASH ZOMBIE MAN!

Hulk punched Grundy in the face and sent him crashing into a cave wall.

SMASH!

Edzilla slammed his tail into Grundy and punched him several times. Armodrillo kicked him and punched in the head and sent him crashing into a cave wall.

BLAM!

Armodrillo threw a boulder at Grundy and it slammed into him.

CRASH!

Max: Grundy's losing!

Steve and Laura then took the drill and revved it up and they went at them and Armodrillo went to the drill and punched it. Destroying it.

SMASH!

Then Shaggy, Scooby and a woman named Crystal and her dog Amber came.

Shaggy: Like what's going on!?

Me: It's a huge fight Shaggy! Steve, Laura and Max are trying to get gold for the Legion of Doom!

Crystal: The Legion of Doom!? I thought they were just in the comics.

Hawkgirl: No they are all too real and they are our most dangerous enemies.

Scooby Doo: Rawkgirl!? Rawesome!

Crystal: Let us help you guys.

Crystal and Amber then touched their peace sign necklaces and in a powerful burst of light they turned into their true forms. They were really aliens in disguise.

Shaggy: Zoinks! Crystal and Amber, you're both aliens?

Crystal: Yes. I'll explain everything later.

They went out and punched Steve, Laura and Max in the faces and knocked them out.

Amber took a steal beam and tied it around them.

Solomon Grundy was beaten.

Me: Cyrus listen to me. You are being used. Steve, Laura and Max are using you like a pawn in their diabolical plans.

Grundy then knew that I was right and he was mad. Steve, Laura and Max woke up and saw Grundy approach them.

Grundy (approaches Steve, Laura, and Max): Fake aliens use Grundy. Now Grundy will crush fake aliens!

Double D: No, Grundy! They're not worth it! Look at them. They're no threat to anyone now. They can't hurt anyone. If you kill them, you'll only prove to be the monster that everyone says you are.

Grundy (calms down): Grundy knows monster when Grundy sees one.

Armodrillo (to Steve, Laura, and Max): It's your choice. You three can either go to jail or you can get torn apart by Grundy, Hulk, and Edzilla. Sure, you three might be put into seperate prisons but it's better then getting beaten to death.

Me: We're also gonna take the gold here and put it in the United States Gold Reserves in Fort Knox.

Lana froze their legs with ice.

Lana: And we're gonna make sure you stay in prison.

Freon: Nice work Lana. Your ice powers are as awesome as mine.

Lana: Thanks Freon.

I approached Grundy.

Me: Cyrus I know you must be in a lot of pain but let me remind you of who you are.

I put my hand on his head and reminded him of who he was.

---

He saw what he really was over 90 years ago.

Decades ago in the 1920s, Cyrus Gold was an infamous gangster operating in Gotham City. After a successful bullion robbery, Gold was betrayed and gunned down by his co-conspirators. They cursed his body with a powerful gris-gris and dumped the body in a swamp with its own mystical properties. Over time, the magic mixed, and Cyrus, who was resurrected as a soulless zombie, rose from the swamp. The only things he retained from his past life were his instinctive lust for wealth, which he continued to hoard even though he had no longer any use for it, and a faint memory that he was "born on Monday". For the latter reason, Cyrus was named Solomon Grundy after the nursery rhyme of the same name.

FLASHBACK ENDS

Grundy: Grundy remember. What happened to men who betrayed Grundy?

Me: They were arrested and sent to Alcatraz. But in the 1946 prison battle they were shot and killed.

Grundy: Grundy has been avenged. Grundy now am dead and I don't belong here. Thank you J.D. Knudson for helping Grundy and now I can finally rest in peace.

He turned into dust and closed his eyes and he disintegrated into a pile of dust.

Me: Now he can go to eternal rest in peace.

Hawkgirl: Yes. I'm glad he's now at rest.

Freon: Same here.

Lana: Me too.

Me: Lets get some shovels.

We did so and dug a deep hole and put all the dust into the hole.

Lana got a rock and carved on it "Cyrus Gold AKA Solomon Grundy R.I.P."

Laney: Perfect Lana.

Lana: Thanks Lanes.

Me: Now that that's taken care of.

We turned our attention to Crystal and Amber.

Shaggy: Like, I don't get it. You're aliens?

Crystal and Amber had their heads down in guilt.

Crystal: I have another confession.

Shaggy: Like I know. You're not a government agent.

Crystal: Well actually we are. But not from Earth. We were sent by our world to investigate signals from your planet.

Amber: Transmitted from the S.A.L.F. station.

Me: Wow! That's amazing. So you were investigating the satellite transmission signals.

Crystal: That's right. We first honed in on your television signals sent years ago.

Velma: Sure that's why you're disguised the way you are. The television broadcasts you picked up were sent back in the sixties.

Me: That explains it. It was back in the Woodstock 1969 era.

Amber: That's correct.

Crystal: We thought all Earthlings dressed this way.

Lana: Actually this is the 21st century.

Laney: We have many styles of clothes from all over the world.

Ben: But that old saying goes. To each their own.

Me: That's right Ben. Crystal we've been to many planets across the galaxy and not just here but also in galaxies all over the universe.

Crystal: That's what we heard J.D. You are widely known all over the universe and you have had a dramatic impact on the planets.

Me: It's not the first time we've heard that.

Lincoln: Yeah.

Later Crystal and Shaggy, Scooby and Amber were now a couple. It was a pleasant sight. We then mined all the gold out of the mine and put it all on a cart.

Steve, Laura and Max were arrested.

Steve: And we would've gotten away with it too if it weren't…

Officer: Quiet you!

Me: Enjoy prison you three. Cause you're gonna be there for a really long time.

Fred: Thanks for saving us back there guys.

Me: No problem Fred.

Lana: Those clods deserve to spend every single day of their miserable lives in prison.

Daphne: You'll get no argument from me Lana.

Me: Well we got to go deliver all this gold over to Fort Knox in Kentucky.

Shaggy: Like yeah. That's a good spot for it.

Scooby: Reah.

Me: Take care of yourselves guys. And keep eating Shaggy.

Shaggy: Will do.

---

In Fort Knox, Kentucky we were at the gates with our newly found gold.

We stopped at a gate and I stood in front of a soldier.

Me: (Salutes) James Dean Knudson of Gotham Royal York requesting to make a deposit in gold for the U.S. Gold Reserves, sir!

Soldier: Proceed soldier. Thank you for your deposit.

I nod and the gate opened and go in. I had $500,000,000,000.00 in gold.

General: Where did you find all this gold soldier?

Me: Found it in Scorpion Ridge, New Mexico while investigating signals of Extraterrestrial Activity, sir!

General: Good work J.D. Thank you for bringing it to us.

Me: You're welcome General.

We salute and I left.

Steve, Laura and Max were each placed in three prisons for Life Without Parole. Max was placed in the Antarctica Prison, Laura was placed in the Mariana Trench Prison and Steve because he's the Mastermind was placed into the Moon Prison.

THE END

Another Fanfiction Complete.

Scooby Doo and The Alien Invaders was an awesome movie. The sad ending with Shaggy and Scooby not being together with Crystal and Amber because of our worlds being thousands of light-years apart was a sad one. And the death of Solomon Grundy was a sad one on Justice League Unlimited. NicoChan11 gave me the idea for this one. Thanks man as usual and thanks for refreshing my memory. I wanted to include the fight with the Terrific Trio on Batman Beyond. And that was an awesome episode. Let me know what you all think.

See you all next time.

# A Mad Hatter's Mockery

It starts with me walking home from school.

Me: Ahh. Another great day at school.

As I was walking by the bank I heard the alarm sound.

Me: Uh oh! We got a 211 in progress!

The robbers came out and they were shooting at the bank with tommy guns.

Robber: Thanks for the loot suckers!

Me: Oh no you don't!

I flew in and kick and punch the robbers, hitting two of them and twisting the third and smallest like a top. When I let go of him, he unwinds and I drill him with a flurry of kicks. I then grab him by the head, stopping his upper body from spinning, and his legs whirl like helicopter blades. I picked him up and used him against one of the other robbers like a high-speed flail. I throw the smallest man into the air and pound on the other two. When the airborne robber comes down, I kick him into the heads of the others, and he sails through the air and into a window of the Gotham Royal York Jail. I then pick up the other two, swing them in a circle, and knock them into the prison as well. Inside, the three robbers cry in their cell like babies.

Me: (Blows on knuckles) Crime never pays.

Everyone cheered for me.

Me: Thank you everyone! (To the Viewers) Don't try any of that at home kids.

I pick up the bags of money they stole and walk into the bank.

Me: Here you go Mr. Bank President.

Bank President: Thank you so much J.D.

Me: (Puts the money bags on the floor) You're welcome. This is the 4th time this month this bank was robbed. You need to start beefing up security around here.

Bank President: I know. I need to start doing that. Thank you J.D.

Me: You're welcome.

I left the bank and continued walking home.

Woman: He took my purse!

I saw a crook with a womans purse running.

Me: (In my head) Oh no you don't scum!

I just stood there casually and extended my leg and the crook tripped and I tied him up and go around to the purse.

Me: I'll take that you Puke Eater!

I take the purse and pick him up and put him on my shoulder.

Me: Here's your purse madam.

I hand it back to her and she took it.

Woman: Thank you so much J.D.

Me: You're welcome ma'am.

Officer: Great job catching him J.D.

Me: Thanks officer. Just happen to be in the right place at the right time. He's all yours.

I throw the thief into the paddy wagon.

I continue my walk home.

Back at the estate everyone but Laney and Varie were watching TV.

News Reporter: And so J.D. Knudson foiled another bank robbery at the Gotham Royal York Bank and stopped a Purse Snatcher.

I come in the door.

Me: Whew! Hey guys I'm home!

Lori: Hey J.D. We saw your crime-stopping day on TV.

Me: I know. I had a feeling you did.

Blossom (Adult): When we lived in Townsville, crime was always running rampant and we were busy like crazy.

Me: I believe it Blossom.

Bubbles (Adult): We also fought monsters and our dangerous foes.

Me: That's wicked.

Just then a big moving truck drove by the estate.

Me: A moving van?

Varie: Looks like we got some new neighbors moving in.

Lincoln: Lets go meet them.

Lola: Yeah lets!

Me: Okay.

We go out the door and saw the truck in front of another mansion on our block next to an old abandoned mansion. There was a family moving into the mansion next door from it.

Lincoln: Looks like we have another rich family moving in.

Me: We sure do.

Lori and Leni were hugging each other and shaking in fear.

Lori: (Scared) As long as nobody moves into that house over there!

Aylene: Why? What's wrong with it?

Lori: That house is literally (FRIGHTENING SCREAM IN BACKGROUND) HAUNTED.

Laney: A haunted house on our block?

Lucy: Wicked.

Me: We'll have to check it out later. Lets go meet our new neighbors.

We go over and see that the movers were unloading the furniture.

Me: You need some help sir?

Mover: No we got it but thanks.

Me: You're welcome.

Man: Whoa! A little help here!

I saw a man carrying a heavy chair by himself. He fell and I caught the chair and I was lifting it with my super strength.

Me: Are you all right sir?

Man: Yes.

I help him up.

Man: The famous J.D. Knudson!

Me: That's right. It's a pleasure to meet you mister?

Leandro: My name is Leandro Chan.

Me: Pleasure to meet you Leandro. Welcome to the neighborhood.

Leandro: Thank you. We just moved back to America from the Philippines.

Me: We were just there on a global trip 5 months ago.

Leandro: Interesting. Come on inside and I'll show you where to put the chair.

Me: Okay. Come on guys.

We go into the house and it was beautiful and loaded with stuff from the Philippines.

Me: Wow! You have lots of amazing stuff from the Philippines.

Leandro: We sure do.

A woman came in.

Woman: Who are these… The famous J.D. Knudson and his friends.

Me: That's right. It's a pleasure to meet you miss uh?

Aurora: I'm Aurora Chan. You can put that chair right here.

She points to a spot.

Me: Certainly. Pleasure to meet you Aurora.

I put the chair down in the spot.

4 kids came and they were chasing each other through the house. One older boy and 2 younger girls and one young boy.

Aurora: These are our kids. The oldest one is Nicholas. We call him Nico and the two girls are Alicia and Mindy and the youngest boy is Connor. Kids come and say hello to our guests.

They stopped and looked at us.

Me: Hello guys.

Nico: Wow! The Famous J.D. Knudson and his friends! You guys are our heroes!

Alicia: We've seen all of your adventures and they are amazing!

Me: That's right. It's a pleasure to meet you all.

Nico: My name is Nicholas but everyone calls me Nico.

Alicia: I'm Alicia.

Mindy: I'm Mindy.

Connor: And I'm Connor.

Me: Pleasure to meet you all.

Nico: Lets see if we can figure you all out. [To Varie] You must be Varie.

Varie: That's right. I'm Varie Knudson. J.D.'s fiancé.

Me: We're getting married in 10 years.

Alicia: Awesome. [To Rachel] I don't believe I know you.

Rachel: I'm fairly new. I'm Rachel San Diego and me and my family moved here from New York City.

Alicia: Pleasure to meet you.

Me: Rachel is one of my fiancé's and I'm part of a special ordinance that enables me to have more than one wife.

Nico: That's awesome! [To Vince] You must be Vince Pusateri.

Vince: That's right. It's a pleasure to meet you all.

Me: Vince is one of my best friends and is my partner. He and I have done a lot ever since he moved here from Missouri.

Vince: That's right.

Nico: That is amazing! [To Lori] You must be Lori.

Lori: That's right. It's a pleasure to meet you.

Me: Lori's the eldest of the Loud Siblings. She's what I call the enforcer of the Loud's.

Lori: That's right.

Nico: Awesome. I heard you have awesome wind powers.

Lori: It's true.

Lori spread her wings and had a tornado in her hand.

Me: The Loud Siblings have Iroquois in their blood and she got her powers from the Winds of Ga-oh.

Alicia: That is so cool! I know a lot about the Iroquois Indians of Northern New York and they are an amazing tribe.

Lori: That's cool!

Nico: Alicia is the history wiz of the family and she knows a lot about everything that happened around the world.

Jessie K: That's cool.

Me: It is.

Alicia: Yeah. [To Leni] You must be Leni.

Leni: That's right. It's totes an honor to meet you Alicia.

Alicia: Same here. I saw all your clothes in my favorite magazines The Fashion Enquirer.

Leni: I'm like, honored that you love all my fashion designs.

Me: Leni is the fashion designer of the Loud's. When it comes to fashions, she knows it all.

Alicia: That is so cool!

Mindy: It sure is. [To Luna] You must be Luna Loud. Dude! (British Accent) You are a legend in the world of Mick Swagger mate!

Luna: Nice to meet some fans dudette!

Mindy: You are an awesome rock star!

Me: She sure is. I got to perform on stage with Mick Swagger and we did a song for Luna on Christmas almost 2 years ago.

Mindy: That's awesome! [To Sam] You're Sam!

Sam: That's right. It's a pleasure to meet you dude.

Mindy: I heard what happened to you and I'm so sorry that your former parents were that evil and despicable. People like them deserve to go to Hell!

Aurora: (Scolding) Mindy! Don't use language like that!

Me: It's all right Aurora. We're used to it. We have destroyed and captured the most dangerous criminals and super villains in the world and they deserve the darkness of Hell.

Aurora: Oh. That's all right.

Sam: That's right Mindy. My parents were the most dangerous serial killer couple in the country and they were pure evil. Thank you for your support.

Mindy: You're welcome Sam.

Me: We took her in after we sent them to prison and executed them.

Mindy: That's a noble deed to do. I heard you have awesome fire powers.

Sam: Yep. I got my powers from the Fire of Pele - The Goddess of Fire in Hawaiian Myth.

Mindy: That's so cool!

Me: It sure is.

Connor: Yeah. [To Luan] Awesome you're Luan Loud!

Luan: That's right. I'm Enlightened to meet you! (Laughs to rimshot) Get it?

Most of us laughed while everyone else sighed.

Me: (Laughs) That was a good one Luan.

Connor: (Laughs) Luan you are really funny!

Me: Luan is the jokester of the Loud Siblings. Her jokes always crack us up even if some people don't find them funny.

Connor: That's true.

Connor walks up to Luan and jumps up to her and slams a cake into her face.

Connor: That's a piece of Cake! (Laughs to Rimshot)

We all laugh.

Me: (Laughs) Oh that was too funny! He got you good Luan!

Luan: (Laughs) He sure did! I can tell that he loves my jokes.

Connor: I do Luan. You are a comedy legend. [To Eddy] And you must be Eddy.

Eddy: That's right. It's a pleasure to meet you.

He and Connor shake hands and Connor got zapped.

Eddy: (Laughs) That sure put some buzz in you! (Laughs)

We laugh and Eddy revealed a Joy Buzzer on his hand.

Connor: (Laughs) The Joy Buzzer. Always a classic.

Luan: Eddy is my boyfriend and we are known as the King and Queen of Comedy.

Connor: That's awesome! But I have to warn you. Every April Fools Day, I go on a nasty pranking rampage that would use deadly pranks that would sometimes land my family in the hospital.

Me: Oh man. We know that feeling.

Lori: Luan did just that too.

Me: Yep. After I moved here we saw that on April Fools Day, Luan would become a nasty sadistic prankster that would do these horrible pranks that would cause some serious damage. Me and Varie saw Luan's evil pranks. One time she stapled the furniture in the living room upside-down onto the ceiling. Which was really Topsy-Turvy.

Luan: (Laughs) That was funny.

Me: It was.

Connor: I did that too.

Me: Great minds think alike.

Varie: She even had a bunch of chickens all over the living room.

Me: Which was really un-clucky. (Rimshot)

Everyone laughs.

Luan: (Laughs) That was a good one.

Vince: That was funny!

Lori: She then wrapped our whole house in Wrapping Paper.

Me: Which really Wrapped things up! (Rimshot)

Connor: (Laughs) That was a good one.

Luna: Then she put us all in a big mold of gelatin.

Me: Yeah. There was no jiggling out of that one. (Rimshot)

Mindy: (Laughs) That was funny!

Me: Yeah. Then she shaved the fur and feathers off of the Loud Siblings pets. She shaved the best for last! (Rimshot)

Everyone laughed.

Aurora: That was funny! So you all went through the Prank Apocalypse as well?

Me: Oh yeah. On April 1st, 2016 it was a nightmare. Me, Varie, Lincoln, Laney and Clyde took a major league beating.

Varie: Yeah. It was not pleasant.

Connor: I believe it.

Me: Thanks for the warning though Connor.

Connor: You're welcome.

Nico: [To Lynn] You must be Lynn Jr.

Lynn: That's right Nico. Pleasure to meet you.

Nico: You are a legend in the world of sports. I play tennis.

Lynn: Cool! I play a lot of sports.

Me: Lynn can play any kind of sport you can think of. She is so awesome when it comes to sports.

Lynn: That's right. Sports are everything to me. I also want to become an Olympic Athlete. The Olympics in 2020 are coming up and I want to be a Basketball Olympian.

Nico: Awesome! [To Shannon] You must be Shannon.

Shannon: That's right. It's a pleasure to meet you.

Alicia: We heard that you're a former member of the ruthless Black Daffodil Gang.

Shannon: That's right. (Reveals her Black Daffodil Tattoo) I became a member of the Black Daffodil Gang to get revenge on my parents for the torturous life I had to endure in the Chicago Projects.

Me: Yeah. Living in the Chicago Projects is a death sentence. It's the most crime-filled part of the city of Chicago, Illinois.

Mindy: That's what we heard and I'm so sorry that happened to you Shannon.

Shannon: Thanks Mindy. It's all water under the bridge now.

Mindy: Yeah. [To Lincoln] You must be Lincoln.

Lincoln: That's right. I'm the only son in the Loud House.

Me: Biologically, Lincoln is the only son of the Loud's. He is the middle child between his sisters.

Lincoln: Yeah. And it's not easy living with 11 sisters.

Me: When I met Lincoln when me and my family moved here, it was a constant struggle. But it was awesome.

Nico: I believe it Lincoln. I heard you have awesome Lightning Powers.

Lincoln: I sure do. Me and my dimensional twin here have them.

Nico: Cool! Linka Loud. It's a pleasure to meet you.

Mindy: You both look like identical twins.

Linka: We get that a lot. I came from a flipped gender universe where I have 11 brothers.

Me: Yeah. It's a long story though.

Nico: That's sounds crazy.

Me: It is.

Alicia: Yeah. [To Lucy] You must be Lucy Loud.

Lucy: That's right. It's a pleasure to meet you Alicia.

Me: Lucy is the poet, dark angel and vampire of the family. During an incident we had a while back she was bitten by a vampire bat and she became a vampire as a result. We found a way to help her overcome her weakness to garlic, silver, sunlight, holy water and crucifixes and she can now walk in the sunlight without getting torched. She can also control the thirst for blood and I stop by at a local blood bank every now and then for her.

Mindy: That's amazing!

Alicia: It sure is. I've embraced the gothic subculture as well and know vampires as well. See? (Smiles and reveals that she has fangs)

Some of us scream.

Me: That's wicked cool!

Alicia: It sure is.

Lucy: That's right and I also have dark powers and can use dark magic. I've even killed the spirit of Reverend Henry Cain.

Mindy: Who was he?

Me: He was an insane 19th Century Satanic Cult Leader and he killed all of his followers for power and he became a monstrous abomination bent on destroying the Afterlife.

Lucy: That's correct and I killed his evil spirit in Chicago. I was able to destroy him and follow his movements with my eyes.

Lucy revealed her red demon eyes.

Connor: Whoa!

Alicia: Awesome!

Aurora: My goodness.

Me: Lucy has demon eyes and that's why she had her bangs grown out. They can scare even the most weak minded of people and give you nightmares.

Lucy: That's right. Sorry if I scared you.

Alicia: That's all right Lucy. But I know just how you feel.

Lucy: Thanks Alicia.

Mindy: [To Laney] You must be Laney.

Laney: That's right. I'm the bookworm, gardener, psychologist in training, artist and voice of reason for the Loud's.

Mindy: Cool. I'm an artist myself. I'm also the voice of reason too.

Laney: You and I have so much in common Mindy.

Mindy: We do. I saw your plant powers and they were awesome.

Laney: Thanks. My powers are a force to be known for.

Laney grew a blue rose in her hand.

Aurora: That's amazing.

Laney: Thanks. I was the first one to receive my powers. There were two incidents that I got them.

Me: During an incident a while back, Laney slipped on some chemicals and got superpowers as a result. She got Super Strength, Flight and who know's what else. The 2nd incident is when we were on vacation in Grand Venture State Park. She was given her powers by the Diamond of Gaia. It gave her plant powers and the ability to talk to animals. But it can only give these powers to those that are pure of heart.

Mindy: That's incredible. I have powers too. Watch.

Mindy formed an arch of fire from her hand and it became a dragon and a phoenix.

Me: Wow! You have fire powers!

Mindy: Yep. I was born with them.

Me: That's so awesome. Me, Vince and Carol got our powers because of Cosmic Radiation, Radiation from Outer Space.

Vince: Yes. Its power is infinite and completely unpredictable.

Carol: That's right.

Mindy: That's amazing.

Nico: It sure is. I have powers as well. I have the ability to assimilate a villains powers and abilities whenever they die or are captured.

Me: That's wicked! So you must have Electro's lightning powers.

Nico: That's right and I also have the Joker's knowledge of his deadly pranks and laughing gas, the Scarecrow's knowledge of his fear gas and more.

Lori: That's literally amazing.

Me: It sure is.

Nico: Yeah. [to Lana, Lola and Lila] You three must be (Points to Lana) Lana, (Points to Lola) Lola, (Points to Lila) and Lila.

Lana, Lola & Lila: That's right.

Lana: I'm Lana and I'm the handyman.

Lola: I'm Lola and I'm the beauty pageant queen and princess.

Lila: And I'm Lila and I'm a fusion of both Lana & Lola.

Me: Lila was created in an accidental fusion experiment that created her.

Lila: That's right. We have Fire and Ice Powers.

Mindy: That's awesome!

Lana: It sure is.

Connor: Yeah. [To Lisa] You must be Lisa.

Lisa: Correct. It's a pleasure to make your acquaintance.

Me: Lisa is the Nobel Prize winning scientist and genius of the Loud's. She may be 4 years old but she is incredibly smart and skilled in science, physics and biology. She's even a college professor and teaches in advanced fields of science no one can even understand.

Lisa: Correct.

Alicia: Wow! That is so cool!

Leandro: That is amazing. You all have a prodigy with you.

Me: We sure do.

Connor: Yeah. [To Penny L.] You must be Penny.

Penny L.: I am. It's a pleasure to meet you all.

Me: Penny was adopted by the Loud's when Lincoln and Linka saved her from thieves that stole treasure from pirate caves all over the Gulf of Mexico. They were after the largest diamond in the world - The Devils Eye.

Mindy: Oh wow! That diamond is a beautiful one. It's worth over $900,000,000.00.

Lisa: It's actually worth over $582 Trillion.

Me: That's right. It was a daring adventure. Penny was kidnapped by said thieves from New York City and they took her all the way to Louisiana because she was the only one small enough to go down into the pirate cave to get the diamond.

Alicia: That's awful.

Aurora: I heard about that on the news. They stopped searching for her in New York and her trail went cold.

Me: That's right. That's because she was halfway across the country, over 1,300 miles away in the Bayou's of Louisiana.

Lincoln: Yeah. But I'm glad we saved her.

Linka: Me too.

Aurora: I'm glad she's okay.

Everyone agreed.

Alicia: [To Lily] And you must be little Lily.

Lily: Yes. I'm biologically 15 months old but because of the Glowing Water of Conventina - The Celtic Goddess of Water, I was turned into a 10-year-old girl.

Connor: Amazing!

Me: Yeah. She's now a fry cook at the Krusty Krab 2 and she saved Bikini Bottom from total destruction.

Lily: It's true.

Later we continued to introduce ourselves and we got to May.

Nico: (Lovestruck) You must be May.

May: (Lovestruck) That's right. It's a pleasure to meet you Nico.

Manaphy: And I'm Manaphy.

Me: I can tell that you two are now in love. Cupid's Arrow struck.

Nico: You sure know when to pick up on that J.D.

Manaphy: It's a pleasure to meet you too Nico.

Nico: You too Manaphy. I have a Pokemon too. Poliwag, Poromon come meet our new friends.

Hopping and flying was heard and in came a Poliwag and Poromon - the In-Training Form of Hawkmon.

Poromon: It's a pleasure to meet you all.

Poliwag: Same here. It's a pleasure.

Maria: Oh my gosh!

She hugs Poliwag and cuddles him.

Maria: He's so cute!

Me: Pleasure is all ours. So you're both a Pokemon Trainer and a Digidestined?

Nico: That's right. (Pulls out his Red D-3 Digivice) 7 years ago I was one of the Digidestined that helped unite to destroy MaloMyotismon.

Me: That's unbelievable! I heard about that. Like you I too am a Digidestined.

I pull out my Digivice and my digivice was the one from Digimon Frontier. It was red, orange and yellow.

Nico: Your Digivice is a different Model than the one I have.

Me: I'm a Digimon Tamer and not only do I have a partner Digimon, I also have the ability to become any Digimon on command and I can use their powers as well. I've been a Digidestined for 6 years now.

Nico: That's amazing. Who's your Digimon Partner?

Me: She's Kazemon. Would you all like to meet her?

Everyone said yes.

Me: Okay.

I stand in a stance and pull out a special card. I slide it through the scanner.

Me: (Echoing) DIGIMON SUMMON! KAZEMON!

A portal opened up on the floor.

Kazemon: Whee!

A Fairy Digimon came through the portal.

Kazemon: J.D. it's great to see you again.

Me: You too Kazemon. Guys this is my partner Kazemon. She's a Fairy Digimon and she's also the spirit of wind. She helped me in the battle against the evil power-hungry tyrannical angel Digimon, Lucemon.

Kazemon: That's right. It's a pleasure to meet all of you.

Then my watch beeped.

Me: Uh-oh. There's a robbery in progress at a Gotham Royal York Luxurious restaurant.

Lincoln: We got to get over there.

Me: Yeah. Nico, Alicia, Mindy, Connor, you guys want to come with us?

Alicia: I don't have powers and I'm not into the superhero business.

Mindy: I'm not into the superhero business either.

Connor: Me neither.

Nico: I will gladly join you.

Me: Okay. Lets go.

We set out for the city.

---

We flew over the city and saw the hotel.

We fly in and smash through the window and we saw a man dressed in green with underwear on the outside and he had tanks on his back with blasters of ketchup and mustard?

Me: Who are you?

Condiment King: Prepare to cower before the wrath of the mighty Condiment King!

Me: Condiment King? The city must be doing well. Even the loser villains are getting some attention.

Condiment King: Well lets see if you have the mayonnaise to back those words up.

Me: With Relish.

Luan: (Laughs) Good one J.D.

I punch him in the face and he fired ketchup into my face.

I slurp it off.

Me: Mmm. Ketchup. Needs Hot Dogs and Cheeseburgers to go with it.

Nico kicked him in the stomach and he got up and pulled out a packet of hot sauce and squirt it into his mouth.

Nico: Mmm. Hot sauce. Needs chicken wings though.

Condiment King fired more sauce and Poromon ate them in a huge gulp.

Poromon: (Belch) Tasty.

Nico then fired a blast of lightning and electrocuted him.

He was on the ground a something was smoking on his neck.

Me: What's this?

I pull off a bandage and there was a microchip on Condiment King's neck.

Lincoln: What's that?

Me: Looks like a microchip. Let me see here.

I turn on my Computer eyes and it analyzed the chip. It revealed a set of information that points to mind control.

Me: It's a mind control chip.

Laney: Mind control? Who would use something like that?

Batman: I know who would use it.

Batman arrived.

Nico: Batman!? No way!

Me: Way.

Batman: This is the work of our old friend The Mad Hatter.

Me: Jervis Tetch AKA The Mad Hatter?

Lana: Who's he?

Me: He was a scientist that once worked for Wayne Enterprises. He was developing technologies that were designed to strengthen the brain. But in actuality he invented Mind Control chips. He had a crush on a woman secretary he worked with named Alice and she was already engaged to a man named Billy. When they got into an argument he made his move. He donned the Mad Hatter costume like in Alice In Wonderland and enslaved Billy and forced him to break off with Alice. Batman knows what happened after that.

Alice: (British Accent) He's making a mockery of my friend in wonderland!

Me: He sure is.

A glass smashing was heard.

Me: Uh oh!

We head out and Lincoln and Linka formed ropes of lightning and swung on them. We saw a local store being robbed.

We smash in and saw a man dressed up in a rat costume.

Me: And who are you supposed to be?

Pack Rat: I am Pack Rat and all your trash is my treasure!

Lana: Pack Rat? That's a dumb name and I love rats.

Lila: Me too. Even if they are gross.

Me: I know that old saying "One man's trash is another man's treasure" but this is taking things too far.

Laney: You said it.

Lana and Lila fired a blast of ice lightning and froze him in a block of ice.

Lola: That froze him good.

Nico: Yep. Another loser villain captured.

A scream was heard and it was coming from a local grocery store.

Nico: It's coming from that grocery store.

Me: It's one of those days apparently.

We fly into the store and saw a chubby woman with a broom and pajamas robbing the store.

Me: And you are?

Mighty Mom: I am Mighty Mom!

Me: Yet another loser criminal.

Laney tied her up in vines and Riley punched her in the face and knocked Mighty Mom out.

Me: Nice shot girls.

Riley: Thanks J.D.

Me: I know where Mad Hatter is. Come on.

We set out to his hideout.

---

We arrived in Gotham's Storybook Land Park and we were in the Alice In Wonderland part.

Me: Figured he would be here.

We found him in front of a table with a lot of teapots and teacups on it.

Alice, Nico and May faced him.

Misty: Let me help out. I got a score to settle with him.

Me: I take it that Hatter's another old friend of yours?

Misty (takes out Staryu's Poke Ball): Not really. But we're about to get familiar real fast!

Staryu came out.

Me: Get him guys!

Alice kicked Mad Hatter in the face.

Alice: You're making a mockery of my friend in my Wonderland!

Mad Hatter: Who are you my lovely dear?

Alice: I'm Alice Liddell and I'm here to make sure that you stop ruining the Mad Hatter's good name!

Nico: You're a sick monster Tetch and you deserve to be sent to prison!

Nico fired a blast of lightning at him and electrocuted him bad.

May fired her ice ray and froze him in ice.

Alice: Awesome job guys!

Misty: Staryu head butt him.

Staryu: Hyah!

Like a shuriken he spun and hit Tetch in the head and knocked him out.

Alice slashed his hat apart and shredded it into ribbons.

Me: You're going to the Moon Prison, Tetch!

I beam him to said prison.

Alice: Never again Tetch.

May: You said it Alice.

* * *

Back at the estate, Me and Lincoln dressed up Nico for his date with May.

Me: You look great buddy.

Nico: Thanks J.D. I do look sharp but I'm really nervous.

Me: I know man. Like you I was nervous when I had my first date with Varie.

Lincoln: You can do this man.

Nico: Thanks Lincoln.

Nico had a blue collared shirt with black flames on the bottom and blue khaki pants and blue shoes.

Me: We have confidence in you. We have a strong feeling that you and May are gonna be a great couple.

Nico: Thanks J.D.

In Lori and Leni's room, May was dressed in a red dress and she had a red rose in her hair and had red shoes.

Lori: You literally look amazing May.

May: Thanks Lori.

Leni: These clothes are totes perfect for you on your date.

Manaphy: They sure do Mama May.

May: Thanks guys. Let me tell you though, I'm nervous.

Lori: I know how you feel May. When I first dated Bobby I was nervous too.

May: Really?

Lori: Yes. It was literally very stressful.

May: I believe it.

At the front door Nico and May were off.

Me: Have fun you two.

Nico: We will. Poromon, don't do anything stupid until me and May come back.

Poromon: How irrresponsible do you think I am?

They left on their date.

Lori: (Sighs) There go two great people.

Me: Yep.

---

In the heart of the city they went to a great chicken wing restaurant that has more than 10,000 flavors of chicken wings. Nico got a basket full of dragon sauce wings with wings covered in 1,000-island dressing, cayenne pepper sauce and horseradish. May got a basket full of taco flavor chicken wings covered with nacho cheese sauce, taco seasoning and hot sauce.

May: These wings are delicious.

Nico: I know. They sure are tasty and meaty.

May: Yeah. So Nico when you became a Digidestined, what was it like?

Nico: Well it was back 7 years ago. I started being a Digidestined and I had no idea what being a Digidestined was all about. It's a really rough job and we have a powerful responsibility to maintain order in not just the Digital World but also here on Earth. I became a Digidestined when I heard about The First Digidestined going after the Dark Masters and Apocalymon.

May: That's amazing.

Manaphy: It sure is. That must've been tough.

Nico: It was. Poromon told me about the story of the Digidestined and how they came to be. The story took place 10 years ago when the very first Digimon came to Earth. It was back way before I became I Digidestined. It was the Assault on Highton View Terrace.

May: Highton View Terrace? Where's that?

Nico: It's in Tokyo, Japan. It was an epic fight between a Dinosaur Digimon named Greymon and a Bird Digimon named Parrotmon. They fought with everything they had. 4 years later the War Against Apocalymon and The Dark Masters came and it was a vicious fight but they all prevailed.

May: That's amazing. Who were the Dark Masters?

Nico: 4 Mega Digimon. One was a cybernetic sea dragon Digimon named MetalSeadramon. The 2nd one was a puppet Digimon named Puppetmon. The 3rd one was a Machine Dragon Digimon named Machinedramon. And the final member of the Dark Masters was a clown Digimon named Piedmon. He was the most powerful of them all. But they all met their end at the hands of the Digidestined and Digimon.

May: Wow. That's incredible.

Nico: Yeah. But the Dark Masters were just a front for the ultimate evil. Apocalymon was the worst of them all. He possessed enough power to completely obliterate an entire dimension. He overwhelmed them and sent them off to the Data World. They somehow beat the odds and worked together and overpowered him. But he blew himself up and planned to take Earth and the Digital World with him.

May: What? That's insane!

Nico: It was. But somehow they prevailed and contained the explosion with the power of their Digivices.

May: Wow. That's incredible. What happened after that?

Nico: Well that's when the terrible calamities started. 4 years later an evil, ruthless, tyrannical boy named Ken Ichijouji planned on ruling the entire Digital World with an iron fist. He called himself the Digimon Emperor. He enslaved all kinds of Digimon and had them do his bidding and he made them build these black obelisks called control spires that he used to disable all Digimon from being able to Digivolve.

May: That's awful. Why would he want to do that?

Nico: Like I said. We foiled his plans several times and he tried to kill us too. But there was a time when I killed him.

May: What!? Why?

Nico: Because I was enraged when he created an artificial Digimon named Kimeramon. He was a mixture of a bunch of Digimon combined together. He was weird and horrible.

May: What did he look like?

Nico: I'll show you.

He formed a hologram on his hand with his powers and it was an ugly Digimon. He had Kabuterimon's head, the wings of Angemon and Airdramon, Monochromon's tail, Garurumon's legs, Greymon's Body, MetalGreymon's hair and the arms of Kuwagamon, SkullGreymon and Devimon.

May: Whoa! What a strange creature.

Nico: Yeah. T.K. told me about the fight when I helped out the Digidestined. It was 4 years prior to the fight with Ken. Angemon battled with Devimon and it was an intense one. His partner Digimon, Patamon digivolved into Angemon and he used all of his power and the only way to stop Devimon for good and destroy his evil power was for Angemon to make the ultimate sacrifice. T.K. blamed himself back then for not being able to help him. That's when I snapped and went after Ken intending to kill him.

May: Oh man. Did you fight Ken?

Nico: I sure did and it was not pretty.

---

Nico: (Narrating) **I was on the warpath to face Ken and swore right then and there that I would kill him. We had infiltrated his base at the time. It was when I was walking in his base that we encountered each other.**

Digimon Emperor: I don't remember sending you an invitation. I must admit you have a lot of nerve sneaking into the base of the most powerful being in the Digital World. (Evil chuckle)

Past Nico: Don't make me laugh. You are not as powerful as I am Ichijouji and I'm going to make sure that your reign of terror ends once and for all.

Digimon Emperor: (Gasp) (Enraged Growl) YOU'RE NOBODY! NOT LIKE ME! YOU WILL BOW DOWN BEFORE ME!

Past Nico: Not in a million years you freak!

Nico: **That's when I attacked and punched him in the face and kicked him in the stomach. He pulled out his whip and lashed**

**me right across my face.**

FLASHBACK PAUSE

Nico: That's how I got this scar right across my right cheek. It hurt really bad.

May: Oh man. What happened next?

Nico: That's when things got really intense.

FLASHBACK RESUMES

Nico: (Narrating) **As the fight raged on we both were pretty much equal in strength and power. Ken put up quite a good fight. But what I didn't know was that I was given superpowers as a result. As he was about to punch me I somehow fired a stream of blood red lightning from my hand and it burned a hole all the way through his black heart and killed him instantly. I was absolutely shocked and that's when I realized that I had the power to use the powers of all the bad guys and villains that were either captured or destroyed. I don't know how I got this power but somehow I did and it was incredible. But when I came out of my state of temporary insanity, I saw Ken lying on the floor with a huge hole in his chest in a huge pool of blood and I realized that I made my first kill. I was devastated. But somehow I assimilated his knowledge and skills that he had acquired somehow. I didn't want to kill him, but he left me no other choice.**

FLASHBACK ENDS

Nico: That's when I noticed that I got my powers and it changed my life forever. Then I saw the powerful fights of J.D. Knudson and his friends on the news and he said his famous quote: "With Great Power Comes A Great Responsibility." And that's when I decided to train hard and more so I can one day fight alongside J.D. and help him and his friends out.

May: Nico that's awful. I'm so sorry. But I'm glad you want to help J.D. out.

Nico: Thanks May.

Manaphy: But you stopped Ken's reign of terror.

Nico: Yeah I did.

May: How did you stop Kimeramon?

Nico: That was an epic battle.

ANOTHER FLASHBACK

Nico: (Narrating) **I flew out of the base and saw Kimeramon attacking Nefertimon and Halsemon.**

Past Nico: RIVER OF POWER!

Nico: **I fired MetalSeadramon's River of Power at Kimeramon and it completely obliterated him in an instant and destroyed him. And I did the same thing to Ken's base and completely destroyed it. Nothing of it was left.**

FLASHBACK ENDS.

May: Nico that's incredible.

Nico: Yeah. But the Adventure doesn't stop there. I later found out that Ken was actually a pawn in a much more diabolical plot.

May: What kind of plot?

Nico: A plot that put the entire planet in grave danger. We confronted a man named Yukio Owikawa and he was really the true mastermind behind how Ken became the Digimon Emperor. Turns out Ken was just a pawn in a plan to weaken the Digital Worlds defenses and he made Ken build the control spires for that purpose. He did this by creating a Dark Spore which imbedded itself deep into Ken's neck and as it grew he got better at sports and school and he was on T.V. What triggered this Dark Spore to grow was the death of Ken's older brother Sam. Sam was the genius of his family. But one day he wasn't looking where he was going and he got hit by a car. He was pronounced Dead On Arrival when he got to the hospital. Ken blamed himself because he thought that he was the one that caused him to die.

May: That's horrible.

Manaphy: He had a tragic life.

Nico: Yeah. Owikawa took advantage of Ken's grief for that purpose and that's when the darkness took over him. He was changed later on and he became better at sports and school. But also he was cruel to animals and he hated everyone. But he was very good at hiding it when around people that respected him. Then he became the Digimon Emperor, a ruthless, tyrannical beast hellbent on ruling the Digital World with an iron fist. Until his reign of terror was finished forever by me. After that there was a worldwide massive outbreak of Digimon and I helped Digidestined all over the world send them back to the Digital World. Then we took the fight to Owikawa. He used Ken as a pawn like I said and we ruined his plans. That's when we followed him into another dimension. It was a strange dimension totally beyond the reaches of time and space. That's when we found out that Owikawa was really possessed by our old enemy Myotismon.

May: That's awful.

Nico: Yes. Myotismon was using Owikawa as a vessel to restore his energy after the Digidestined destroyed him when he was VenomMyotismon. He became his most powerful form: MaloMyotismon. He was a Super Ultimate Digimon. The most powerful level of Digimon ever.

May: That's terrible.

Manaphy: How can he have that kind of power?

Nico: He just did and he killed Arukenimon and Mummymon with great ease. He has two shoulder mouths named Sodom and Gomorrah, like the two evil cities that were destroyed by God in the Old Testament of the Bible. He gave us quite a run for our money.

May: How?

Nico: It was a fight I'll never forget. That's when I transformed.

FLASHBACK 3

Nico: (Narrating) **MaloMyotismon was by far the most powerful opponent I had ever encountered. He was plunging the Earth into eternal darkness and I had to stop him at all costs or else our worlds would have no future. He was getting stronger because of the negative energy from all the kids he captured that wanted to be like Ken. I couldn't beat him. He was far too strong. Even my Mega Level Digimon Powers were no match for him. But then I remembered everything that he and Owikawa did and something snapped in me.**

Past Nico: YOU WILL PAY FOR EVERYTHING YOU'VE DONE!

(GOKU'S SUPER SAIYAN THEME PLAYS)

Nico: **I was building up my power at an accelerated rate and the sky darkened as lightning struck everywhere. Rocks and pebbles lifted off the ground and my hair was flashing back and forth from golden yellow to black. Then I released my power and I transformed. I had this powerful energy and golden yellow aura around me. I had become a Super Saiyan. The power I had was unbelievable. I was forever changed as a result.**

FLASHBACK PAUSE

Nico: The truth is May, I'm not from this planet. I was born on another planet. The planet Vegeta. I'm a member of a warrior race called the Saiyan's.

May: That's amazing. Goku is a Saiyan and so is Vegeta.

Nico: Yes. I am a pure blood Saiyan. But I'm much different than an ordinary Saiyan. But I'll tell you all about that later.

FLASHBACK RESUMES

Nico: (Narrating) **I then set my sights on destroying MaloMyotismon and ending the spree of destruction he caused over the course of 4 years. I vowed to get my ultimate**

**vengeance on MaloMyotismon and end his spree of death, destruction and chaos.**

Past Nico: You will pay dearly for everything you've done!

Nico: **Then with an incredible level of speed I went at MaloMyotismon and punched him in the face with devastating force. He let go of his grip on the world and I kicked him in the face and stomach and punched him in the back of the head. I was attacking him with such indiscriminate fury and ruthlessness that it was unbelievable. When he was weakened, Digimon from all over the Digital World came and suddenly thousands, maybe millions of streams of light came down from the sky and it was all the Digidestined from all over the world. They all united together to fight against MaloMyotismon. It was then that I realized that the only way to destroy MaloMyotismon is with positive energy and good dreams and thoughts, love, kindness, compassion and courage. The power of these things was breaking him apart and he was nothing but a cloud of darkness and all that was left for me to do was to deliver the final blow.**

Past Nico: Everyone share your power and energy with me!

Nico: **Everyone channeled their power and energy into me through their Digivices and it was enough.**

Past Nico: Now you die MaloMyotismon and never again will you terrorize our worlds!

He flew at the cloud of Darkness.

Past Nico: DRAGON FIRE!

He swung his fist forward and a massive explosion of fire shot out and became a powerful golden dragon and it went through the darkness and vaporized it completely and reduced it to absolutely nothing.

Nico: **In that ultimate attack, we had completely destroyed MaloMyotismon and rid both worlds of his reign of terror. But**

**there was another casualty: Owikawa. His body was too damaged because of having MaloMyotismon inside of him for 4 years. He died and gave his life force and it revitalized and restored the Digital World to its former glory. It was there after the battle that I got my partner Digimon, Poromon and I got my D-3 Digivice. I have a major responsibility to both worlds in our universe and the Digital World.**

FLASHBACK ENDS

May: Wow. That's incredible.

Nico: Yeah. Ever since then we've been inseparable.

May: That's amazing.

Manaphy: It sure is.

Nico: Yes. After that battle, everyone on Earth now knows about the existence of Digimon.

May: That's amazing. I had no idea.

Nico: Yeah.

May: What about planet Vegeta?

Nico: It was long before I was even born.

FLASHBACK 4

Nico: (Narrating) **Eons ago before I was even born there were two tribes that lived on Vegeta. One was my ancestors of my kind, The Saiyans and the other tribe was called The Tuffles. The Tuffles were an advanced civilization and they had futuristic cities like Gotham Royal York and were at the pinnacle of prosperity and had all the everyday modern conveniences like everything we have on Earth. They had long ago outgrew energy sources which polluted our world and were enjoying the life of good health and prosperity. But not too far away from the cities of the Tuffles, in the arid wastelands of Vegeta, lived the Saiyans. They were twice the height of the**

Tuffles and much smaller in numbers. One thing we Saiyans all have in common was that we all have tails like monkeys. Another thing we have is our brutal and violent nature. We love to fight. But because my people were such few in numbers, the Tuffles never worried too much about us. But that all changed one day when we attacked! That's when the Great War for Planet Vegeta began. With the element of surprise in our favor we quickly gained a strong foothold in the war against the Tuffles. The Tuffles had technology on their side. They had devices that measured their enemies fighting power and advanced weaponry used to hold us at bay. In a way it was a battle between Brains VS Brawn. One of the oldest battles in the history of the universe and a battle thats been around ever since the beginning of time. Though my race were few in number, our strength was so incredible that we won our fair share of the battle. And just when we thought that there was no end in sight to this terrible war, something happened on planet Vegeta that happens there once every 8 years: There was a Full Moon. This was a decisive factor in the war for planet Vegeta. When this happens we become huge giant ape-like creatures and our power is enhanced dramatically as a result. It didn't take long for my kind to destroy the Tuffles and their entire civilization. But another problem emerged. Without the technology of the Tuffles we were at a whole new disadvantage. We couldn't travel into space and we couldn't satisfy our need to fight. Afterwhich my people met the Arcosians. They had money and technology, but the planet Arcos was a total dump. So they hired my people to conquer a planet for them. My race then became Space Pirates and an unholy partnership was formed. With my peoples might and ingenuity combined, they formed a fleet of planet pirates. My people and the Arcosians combined together were determined to do whatever it takes to achieve our goals. They also built an armada of space pods to travel the infinitely vast distances of the cosmos. They sent babies of my race to distant planets. The Saiyan Leaders were more than happy to send specimens of my race into the Great Unknown. And they knew that when the babies grew up, they would eradicate all life on the planet they grew up on. But there was one person that sought to use the Saiyans to expand his mighty empire. Or should I say once mighty empire. His name

**was Frieza. Frieza was a tyrant that was hellbent on ruling the Universe with an Iron Fist. He put my people under his thumb to expand his empire. They conquered planet after planet for him and he was using my people to do his dirty work for years. But because of this, several incredible fighters were emerging and he was fearful that one day a Saiyan would rebel against him and try to overthrow him. And he figured that if one Saiyan could do it, then more of them could. That's when Frieza destroyed all of my people.**

Frieza formed a massive energy ball and sent it at Planet Vegeta and it obliterated the entire Saiyan Race and it completely destroyed the entirety of the planet Vegeta.

Nico: **With a flick of his finger he destroyed planet Vegeta in an instant. My whole race and planet was completely destroyed because of Frieza. Only 5 Saiyans survived the destruction of planet Vegeta. They are Raditz, Nappa, Vegeta, Goku, and myself.**

FLASHBACK ENDS

They gasped.

May: That's horrible!

Manaphy: I can't believe that this happened to you.

Nico: I know. My people were the most dangerous race in the universe. Before Planet Vegeta's destruction ages ago I was sent here to Earth.

May: You were sent here to destroy us?

Nico: Yes. But like all the races in the universe there are black sheep among them. I am that black sheep.

May: Wow. So that explains why you uphold your races ways but you only fight when you have to.

Nico: That's right.

Manaphy: Wow. I didn't know that.

May: That's incredible.

Nico: Yes. I was born on planet Vegeta, but I was raised here on Earth. My Saiyan name is Bokrua but my Earth name is Nicholas or Nico.

May: Wow. That's amazing. My background is a good one.

May revealed her background and it was both sad and amazing.

Nico: Whoa. That's amazing and sad at the same time May.

May: Yeah. I'm now an awesome Pokemon Coordinator.

Nico: You sure are. And I also heard from J.D. that you defeated Team Rocket several times.

May: We sure did.

Manaphy: It was so much fun giving them a blast to the moon.

They laughed.

---

After their dinner they went to the heart of the city and it was time for another humiliation.

Nico: What's going on here?

May: Oh you don't know about this. But those two are the Griffin's. They are called the most hated family in the country.

Nico: What did they do?

May: They abused their daughter Meg, their youngest son Stewie and their dog Brian for a long time and they were given a sentence of 50 years in prison without parole and a Life Sentence of Public Humiliation being broadcasted around the world.

Nico: Oh that's wicked cool.

Manaphy: Yeah but they deserve it. We did all kinds of crazy pranks on them and it was funny.

Nico: Cool. My brother Connor would love this.

May: I know. Lets have some fun.

Nico: Wait. I got something I've been wanting to try. Follow me.

Nico and May went to the top of a nearby building and put on pirate clothes.

May: What's with the pirate clothes?

Nico: I saw this on TV. Follow my lead.

Nico and May fired grappling hooks and they did a stunt like Errol Flynn did and swung down to the street and let go and did a summersault flip and landed in from of the people.

Nico: Ah ha! There's the scurvy dogs of abuse!

Peter: Hey you are no Long John Peter!

Nico: That be true dogs. Me name is Captain Nicoblood.

May: And I'm Lady Mayflower!

She and Nico did pirate laughs.

May: Let me start things off. Lois gave this to me. I got this dirty joke from her.

She pulled out a notecard with the joke on it.

She walked up to Peter and held up the card to his face and he read it and laughed himself silly.

Peter: (Laughs) Oh gosh I pooped my pants.

Everyone laughs at him.

Nico: That was funny! May I see that?

May: Sure.

May handed the card to him and he read it and he laughed.

Nico: (Laughs) Oh gosh this is too funny!

May: Thanks Nico.

Nico: I got something.

Nico pulls out a painting of a horse with it's butt in front and he slammed it onto Peter's head and he was now a horse butt.

Everyone laughed at him a lot.

May: Now who's laughing horsebutt!?

Nico: (Laughs) Horsebutt! That was hilarious!

May: I got something. I saw this on the internet.

May grabbed a chair and she walks up to Bad Lois from behind and hits her on the head with a chair.

SMASH!

Bad Lois: OW!

May: How's that for something to chair with us!?

Everyone laughs again.

Manaphy: That was funny.

Nico: I got something. Watch. (Holds out his hand) CHILI PEPPER PUMMEL!

He fired a bunch of chili peppers from his hand and they hit Bad Lois in the face and they burned like the dickens. She screamed in a lot of pain.

May: That was awesome!

Manaphy: It sure was.

Nico: Yeah. May, I want to show you my Super Saiyan form.

May: You sure?

Nico: Yes. Here it comes.

He stood ready and he had lightning flicker around him and his muscles grew and his yellow aura flared up and he went Super Saiyan. His hair turned golden yellow and his eyes were teal green.

May: Wow!

Nico: What do you think May?

May: This is amazing!

Manaphy: It sure is.

---

At the estate I sensed Nico's energy.

Me: Whoa! Someone has an enormous power!

Lincoln: Incredible! Who is generating that power?

Laney: I don't know. Lets go check it out.

Me, Laney and Lincoln went out.

---

May: Nico you are really gifted.

Nico: I get that all the time.

Me: (Offscreen) What's going on?

We landed and saw Nico in a Super Saiyan form. We were shocked.

Me: Nico you're a Super Saiyan?

Nico: That's right J.D. I am a Saiyan. I was born on planet Vegeta, but I was raised here on Earth.

Lincoln: This is so cool!

Laney: Goku and Vegeta are with us.

Nico: I had a feeling they were.

Me: I can transform too Nico. Watch.

I go Super Angel 2 and our power was incredible.

Nico: Wow! So this is your Super Angel Form.

Me: That's right. And I'm not the only one.

Lincoln and Laney went Super Angel.

May: We're just a bunch of powerhouses.

Nico: We sure are.

Me: Yeah.

We powered down.

Later we went back to the estate.

May: I had an awesome time with you Nico.

Nico: I'm glad May. I guess this is the start of our relationship.

May: It sure is.

They then kissed.

It was the beginning of something more.

THE END

Another Fanfiction complete.

Welcome aboard Nico. You are gonna be an awesome addition to my stories. Or should I say our stories. Thanks for the ideas for the chapter. Thanks man as usual. Let me know what you all think.

See you all next time.

# A General's Vendetta

(JUSTICE LEAGUE INTRO SONG PLAYS)

As the Sun rises over the horizon, multiple figures are walking slowly towards the screen on an arid wasteland as fire burns ferociously in the background and a phoenix screeches behind them. When the sun covers them the title comes.

LOUD HOUSE: REVAMPED

Montage shows all of us displaying our skills in the order from me to the Loud Siblings. The montage ends and we are standing on a cliff with the Team Loud Phoenix Storm Logo on the cliff.

Chapter opens to the Gotham Royal York skyline.

Narrator: The City of Gotham Royal York. But enough about that. [Scene changes to Gotham Royal York Mall] Our chapter begins at Gotham Royal York Mall.

An explosion blasts out of the roof of the mall.

KABOOM!

People are running for their lives. Inside the mall a massive fight has broken out. Me, Vince, Varie, Nico, Rachel, Aylene, Talia, The Eds, The Panda King, and the Loud Kids are fighting Terrorists from HYDRA.

Me: Hiyah!

I kick a creep in the face and throw him into the wall.

POW! CRASH!

Varie punches a man into the counter.

CRASH!

Nico sucked the energy of a bunch of terrorists using Parasite's powers.

Vince: Parasite's powers are perfect for you Nico.

Vince fired an energy blast and vaporized a bunch of the HYDRA Scum.

Nico: Thanks Vince. This is awesome!

Nico punched and kicked a bunch of them with devastating force.

POW! KROW! BLAM! THWACK! ZOW!

Copperhead then arrived.

Nico: Copperhead!

Copperhead: That'ssss right. Now you will feel my poissson (Hisses)

Nico kicked him in the face and knocked him out.

Nico: What a weakling!

Talia: You have an awesome fighting technique Nico.

Nico: Thanks Talia.

Nico used Ebon's powers to form a portal and a bunch of hostages they had ran through it and got out.

Talia fired a stream of Aurora light at a bunch of them and disintegrated them.

Lily: Yeah!

But they just keep on coming.

Me: They just keep on Coming!

Suddenly from out of nowhere a man wearing a red mechanical head mask appeared and kicked and punched and slashed them all and blew them up with bombs.

POW! KROW! BOOM BOOM BOOM! SLASH SLASH SLASH SLASH SLASH!

Me: What the!?

He landed by me.

Me: The Red Hood!

Red Hood: That's right J.D. You are good as you say you are.

Me: I have a feeling we're gonna fight sometime in the future.

Red Hood: You are right. And I look forward to it.

Me: Wouldn't miss it. But we owe you one.

Red Hood: Keep your thanks.

Me: But who are you? Your voice is familiar to me somehow.

Red Hood: You'll know when the time comes.

We had them on the run. Just then an explosion blasted a hole through the mall roof and a bunch of figures came in. It was Iron Man, Thor, Hulk, Captain America, Spiderman, Ultimate Spider Woman, Lukas Cage, Scarlet Witch, Quicksilver, Doctor Strange, Black Panther, Ant Man, War Machine, Wasp, Captain Marvel, Falcon, Vision, Winter Soldier, White Tiger, Hawkeye, Black Widow and Nick Fury.

Me: Oh wow! The famous Avengers!

Iron Man: That's right J.D. It's an honor to meet you all.

Me: We can talk later. Right now we have to stop HYDRA.

We unleashed a powerful onslaught of attacks on them. Until only one of them was left.

Me: I got this.

I grab him and pin him to the wall.

Me: Okay you dirt face! Why did you and your HYDRA Cronies attack us!?

HYDRA Man: I'll never tell!

Me: Why did you and your HYDRA cronies attack us!?

HYDRA Man: I'll Never tell!

Me: (YELLING) WHY DID YOU AND YOUR HYDRA CRONIES ATTACK US!?

HYDRA Man: I hate the third time! We were hired to hunt down and kill Bruce Banner.

We gasp.

Me: Who sent you all to do this!?

HYDRA Man: It was General Ross. He did it.

Me: General Ross? Why?

HYDRA Man: He hates Bruce Banner who is also the Incredible Hulk with a terrible vendetta and he will stop at nothing to kill him because he thinks he's putting everyone in danger when he becomes the Incredible Hulk. He also thinks that he's gonna hurt his daughter.

Scarlet Witch: That's Treason!

Me: It sure is Scarlet Witch. [To the HYDRA Man] Thank you for telling us this. (Punches him and knocks him out)

POW!

Me: That takes care of that.

Later we rendezvoused at Avenger's headquarters in the heart of Gotham Royal York. It was an awesome honor to be in the building of the famous Avengers.

Me: It's truly an honor to meet the famous avengers. We know Hulk, Spiderman, Captain America and Ultimate Spider Woman. But it's an awesome honor to meet you all.

Iron Man: Same here J.D. We've heard all about your achievements and how you have done so much across the universe.

Me: We don't like to brag Tony but thanks.

Vince: Director Fury it's good to see you again.

Nick Fury: You too Vince. Congratulations on the future wedding with Carol.

Vince: Thank you sir.

Varie: Natasha Romanov AKA Black Widow. It's an honor.

Black Widow: (Russian Accent) You too Varie.

Nico: Clint Barton A.K.A. Hawkeye. It's an honor to meet you.

Hawkeye: Same here Nico. It's a pleasure to meet you too.

Me: The mighty Thor - God of Thunder. It's an honor to meet you.

Thor: Same here J.D. It's an honor to meet you too. Word has traveled all over Asgard about you.

Me: Wow. The Maximoff Twins - Wanda and Pietro Maximoff A.K.A. Scarlet Witch and Quicksilver. It's an honor.

Scarlet Witch: Same here J.D.

Quicksilver: We heard so much about all of you.

Lincoln: We get that a lot and you two are amazing.

Lori: Sam Wilson A.K.A. Falcon.

Falcon: That's right Lori. It's a pleasure to meet you.

Lori: It's literally an honor to meet you.

Falcon: Same here.

Luna: James Rupert Rhodes A.K.A. War Machine. It is rockin' to meet you dude.

War Machine: Pleasure is all mine Luna. I love your music.

Luna: Thank you.

Luan: Janet Van Dyne A.K.A. Wasp. You are awesome!

Wasp: Thank you Luan. I love all your jokes and they are really funny.

Luan: Thank you. You sure carry a deadly sting! (Laughs) Get it?

We laugh at that.

Me: (Laughs) That was a good one Luan.

Eddy: (Laughs) That was funny.

Wasp: (Laughs) Deadly sting. That was a good one.

Lynn: Ava Ayala A.K.A. White Tiger. You are an awesome martial artist!

White Tiger: Thanks Lynn. You are quite the Sports star. Keep it up.

Lynn: Thanks. I will.

Lucy: Wicked. Stephen Vincent Strange A.K.A. Doctor Strange. I love your skills in magic.

Doctor Strange: Thank you Lucy. You are quite the little magic master yourself.

Lucy: Thank you.

I saw a little man on my shoulder that was no bigger than an ant.

Me: Scott Lang A.K.A. Ant Man. You are the awesome pint-sized enforcer.

Ant-Man then grew to my height.

Me: Whoa!

Ant-Man: Sorry J.D. but thank you.

Me: You're welcome. That suit you have is awesome.

Ant-Man: Thanks.

Me: I heard that you one time shrunk yourself down to beyond the size of a sub-atomic particle.

Ant-Man: That's right. It was a major league feeling.

Me: I'll bet.

We met the rest of the Avengers and it was an amazing honor.

Laney: It's an amazing honor to meet the famous Avengers. But lets focus on the matter at hand. We have to find a way to prove that General Ross hired HYDRA to kill Hulk.

Me: I know just how to do it. Here's what we'll do.

My plan was a unique one. Ben and Clayface will go to General Ross and Clayface will be disguised as Bruce Banner. He will have a wire on him that will be broadcasted to the joint chiefs of staff and we will fight him when we get the information.

Me: Everyone know what to do?

We agreed.

Lincoln: Okay Operation: Arrest General Ross is a go.

Me: Lets do it.

---

In the deserts of Arizona, General Ross was mad.

Ross just found out that Cap and Spidey are with Bruce.

Ross: Curse you, Banner! You brought the two of them into this. Talbot, if you see any of the Loud Family or their friends, inform me immediately!

Talbot: Yes, sir!

Betty: Dad, please! Don't bring Captain America and Spiderman into your vendetta!

Ross: I didn't involve them, Betty! Banner did! Rogers and Spider Man knew that Banner is a wanted man and they still sided with him anyway. What happens now is on them, not us! I don't like this turn of events either! But whatever the two of them were, they're criminals now. And if they try to stop me, I'll take them down along with the Hulk!

---

At the White House I informed the President of General Ross' betrayal.

President of The United States: I knew that Ross had a massive vendetta against Bruce Banner as the Hulk but I can't believe that he wants to go to great lengths to kill one guy.

Me: I know Mr. President. When HYDRA attacked Gotham Royal York Mall I managed to get all the info out of him when I interrogated him. He sang like a bird. He hired the remains of HYDRA to try and kill Bruce Banner.

President of The United States: I can't believe this. Thank you for telling me this J.D. But we can't act because we don't have any proof.

Me: No worries sir we have a wiretap trap already set up. Clayface is going to Ross disguised as Bruce Banner and get information out of him and it'll be broadcasted here at the White House. Once we have the information we launch an attack.

President of The United States: Very clever J.D. You may have saved this country from a rogue general.

Me: Thank you sir.

---

In the Arizona desert Clayface disguised as Bruce Banner was with Ben Tennyson. Ben was wearing a wire underneath his jacket. It was a camera disguised as a button.

General Ross was standing there waiting when they arrived.

General Ross: The famous Ben Tennyson and Banner, just the man I wanted to see.

Ben: Before we fight I want to ask you a question sir.

General Ross: What is it?

Ben: Why do you have a personal vendetta against Bruce Banner and the Incredible Hulk?

General Ross: Because they are a danger to the country. I was doing what was right to protect the American people from monsters like him. I hired HYDRA to try and kill him along with Captain America and Spiderman. I also wanted to try and kill all over you.

Bruce (?): Why?

General Ross: Because I didn't want them to hurt my daughter and ruin so many lives. People like them are monsters that have no right to live. The President should've ordered for all of you and your kind to be erased from existence forever and have you all sent off to Hell! And if he won't do it I will kill you all myself and no one will stop me!

Betty: Dad stop! That's not..

Ross: Be quiet Betty!

---

WHITE HOUSE

We listened to the whole thing and we were shocked.

Me: Bingo.

President of The United States: I trusted that man. Team Loud Phoenix Storm, Avengers, arrest General Ross.

Me: With pleasure sir. Lets head out everyone.

We flew out in the Avengers jet. Rebecca was with us and she was enraged that Ross was gonna kill her son.

---

As we were flying we were having a talk.

Alexis talked to Doctor Strange about what her life was like before meeting everyone.

When she was young, she used to duel her brother but normally lost. "Swing of Memories" was used to represent her relationship with her brother. As she grew up, she met Pierre the Gambler. She and the class treated him like family, though he showed his true colors, as he loved gambling. Tired of this, she taught him how to play Duel Monsters and beat him. Being in love with her, he stole her mother's scarf, and used Duel Monsters to gamble as well. Shortly afterwards, Alexis and Atticus Rhodes attended Duel Academy together. Shortly after he disappeared, she tried doing anything she could to find him, but had no luck, resulting in her keeping Atticus' disappearance a secret for a while.

Alexis Rhodes, along with Zane Truesdale and Chazz Princeton, became one of the top students at the Academy. She is regarded as the "Madonna" and "Queen of Obelisk Blue", yet she does not follow the crowd nor does she regard herself as better than other people like many of her Obelisk peers, though she does show some respect for them (like during her duel with Chazz).

Alexis first meets Jaden when she watches his midnight Duel against Chazz in the Obelisk Blue dormitory. Security arrives just as the Duel is about to end, forcing them to stop the Duel and leave. Alexis talks to Jaden afterwards saying she believed it could have gone either way, but Jaden reveals his next draw as "Monster Reborn" which would have let him win. Alexis is shocked and becomes interested in knowing more about Jaden's Dueling skills.

In attempt to get Jaden expelled, Dr. Crowler plants a fake love note in Jaden's locker from Alexis to meet her at the Obelisk Blue female dorm, which is illegal for males to enter. Syrus Truesdale stumbles upon the note instead and heads to the female dorm hoping to become an item with Alexis believing she loved him, but is discovered by Alexis and her friends. Alexis and her friends correct Syrus that the letter was sent to Jaden, even though it was a fake letter in the first place. Alexis decides to use the situation to test Jaden's Dueling skills by holding Syrus captive unless he agreed to Duel her. She also threatens to expel both of them for crossing into the female dorm if they lost. She puts up a good fight, but in the end Jaden wins but Alexis reveals in her thoughts that she never would have had them expelled anyways if she did win, because she felt the school year would be much more interesting with them, much to Jasmine's dismay.

When Jaden, Syrus and Chumley Huffington go to investigate the Abandoned Dorm at Duel Academy, they meet Alexis there searching for her missing older brother, Atticus. Alexis enters the dorm by herself but gets kidnapped by Crowler's hired mercenary, Titan. In the dub, he claims he sent her to the Shadow Realm. Jaden wins and frees Alexis. He also offers her his help in finding Atticus, but he leaves before she replies.

After this event, Crowler threatens to expel Jaden and Syrus for visiting the abandoned dorm unless they can beat two extremely difficult Duel opponents (the Paradox Brothers) in a Tag Duel.

Alexis: After the duel was announced I met J.D. and Charlie Nottingham and we exposed Dr. Crowler's corruption and Seto Kaiba came and fired him for framing Jaden and Syrus. We then teamed up and destroyed an evil force called the Light of Destruction and prevented it from destroying the entire universe.

Doctor Strange: That's amazing. I heard all about that and that must've been a really rough battle.

Alexis: It was.

Doctor Strange: Let me tell you my life.

Stephen Strange, M.D., PhD is a selfish doctor who only cares about wealth from his career. The bones in his hands are shattered in a car accident, leading to extensive nerve damage that causes his hands to tremble uncontrollably and renders him unable to perform the fine motor actives required for surgery. Too vain to take on a teaching job, Strange desperately searches for a way to restore his hands.

After he exhausts his funds, he becomes a drifter. Depressed and still searching, Strange, while walking near the docks, overhears two sailors talking about a hermit called the Ancient One (who is actually the Earth's Sorcerer Supreme) in the Himalayas, who can cure any ailment. Strange uses the last of his funds to seek out the aged mystic. The Ancient One refuses to help Strange because of his arrogance, but senses a good side that he attempts to bring to the surface. He fails, but Strange's heroism appears when he discovers the Ancient One's disciple, Baron Mordo, attempting to kill the old man. After a confrontation with Mordo leads to him being shackled with restraining spells preventing him from either attacking Mordo or warning the Ancient One, Strange desperately and selflessly accepts the Ancient One's offer to become his apprentice to have some hope of helping the old man. The Ancient One, pleased at Strange's sincere change of heart, accepts the westerner and promptly frees him from the restraining spells while explaining he was aware of Mordo's treachery all along. Strange soon becomes Mordo's most enduring enemy, as the Ancient One teaches the doctor the mystic arts. After completing his training, Strange returns to New York City and takes up residence within the Sanctum Sanctorum, a townhouse located in Greenwich Village, and is soon assisted by his personal assistant Wong.

As the Ancient One's disciple, Strange encounters the entity Nightmare, and other mystical foes before meeting Dormammu, a warlord from an alternate dimension called the "Dark Dimension". Strange is aided by a nameless girl, later called Clea, who is eventually revealed to be Dormammu's niece. When Strange helps a weakened Dormammu drive off the rampaging Mindless Ones and return them to their prison, he is allowed to leave unchallenged.

Alexis: Stephen that's amazing and astounding at the same time.

Doctor Strange: It is. All I ever cared about was money and only money. But I became a hero after I learned everything in magic and it's amazing.

Alexis: I believe it.

I was having a talk with Iron Man.

Me: So Tony how did you become the Iron Man?

Iron Man: That is an experience I'll never forget.

**Anthony Edward Stark** is the adopted son of wealthy industrialist and head of Stark Industries, Howard Stark, and Maria Stark. A boy genius, he enters MIT at the age of 15 to study electrical engineering and later receives master's degrees in electrical engineering and physics. After his parents are killed in a car accident, he inherits his father's company.

Stark is injured by a booby trap and captured by enemy forces led by Wong-Chu. Wong-Chu orders Stark to build weapons, but Stark's injuries are dire and shrapnel is moving towards his heart. His fellow prisoner, Ho Yinsen, a Nobel Prize-winning physicist whose work Stark had greatly admired during college, constructs a magnetic chest plate to keep the shrapnel from reaching Stark's heart. In secret, Stark and Yinsen use the workshop to design and construct a suit of powered armor, which Stark uses to escape. During the escape attempt, Yinsen sacrifices his life to save Stark's by distracting the enemy as Stark recharges. Stark takes revenge on his kidnappers and rejoins the American forces, on his way meeting a wounded American Marine fighter pilot, James "Rhodey" Rhodes.

Back home, Stark discovers that the shrapnel fragment lodged in his chest cannot be removed without killing him, and he is forced to wear the armor's chestplate beneath his clothes to act as a regulator for his heart. He must recharge the chestplate every day or else risk the shrapnel killing him. The cover story that Stark tells the news media and general public is that Iron Man is his robotic personal bodyguard, and corporate mascot. To that end, Iron Man fights threats to his company (e.g., Communist opponents Black Widow, the Crimson Dynamo, and the Titanium Man), as well as independent villains like the Mandarin (who becomes his greatest enemy). No one suspects Stark of being Iron Man, as he cultivates a strong public image of being a rich playboy and industrialist. Two notable members of the series' supporting cast, at this point, are his personal chauffeur Harold "Happy" Hogan, and secretary Virginia "Pepper" Potts-to both of whom he eventually reveals his dual identity. Meanwhile, James Rhodes finds his own niche as Stark's personal pilot, ultimately revealing himself to be a man of extraordinary skill and daring in his own right.

The series took an anti-Communist stance in its early years, which was softened as public (and therefore, presumably, reader) opposition rose to the Vietnam War. This change evolved in a series of storylines featuring Stark reconsidering his political opinions, and the morality of manufacturing weapons for the U.S. military. Stark shows himself to be occasionally arrogant, and willing to act unethically in order to 'let the ends justify the means'. This leads to personal conflicts with the people around him, both in his civilian and superhero identities. Stark uses his vast personal fortune not only to outfit his own armor, but also to develop weapons for S.H.I.E.L.D.; other technologies and the image inducers used by the X-Men. Eventually, Stark's heart condition is resolved with an artificial heart transplant.

Iron Man: I invented my suit to protect me from everything.

Me: Wow. What's that glowing light in the middle of your chest?

Iron Man: It's my arc reactor. I have a dangerous heart problem of unknown cause and I was given 30 days to live because of it. I made this arc reactor as a result to keep me alive.

Me: Wow. But I don't think that's a disease Tony. Let me see here.

I use my wrist computer and it scanned Tony and discovered a terrible thing.

Me: Oh no. Tony that is not a disease. Someone gave you a lethal poison that would kill you in 30 days.

Iron Man: What!? Who would do that to me?

Me: It's insufficient data but I can cure you of this.

Iron Man: How?

Me: You'll find out now with water.

I fired a blast of water and entombed him in a ball of water and out of his mouth came a black liquid and I put it in a jar and the water dispersed. He was completely cured.

Me: Sorry about that Tony. But this is the poison in you.

Iron Man: So that's the stuff that was inside me.

Me: It is.

I scanned the liquid and it was really a mixture of 4 deadly poisons that slowly destroy the heart.

Me: Whoa. Someone wanted you dead big time. It's a mixture of venom from snakes, scorpion poison, mercury and potassium chloride.

Iron Man: I can't believe this.

Me: Yeah.

Iron Man: I'm eternally grateful to you J.D.

Me: You're welcome Tony.

Hawkeye: So Lana how did you all form the Redemption Squad?

Lana: That's one of the biggest achievements we did. J.D. discovered that some villains are either misunderstood or lead down the wrong path or otherwise. So he formed the Redemption Squad with villains that want to redeem themselves by helping people. Venom, The Life Foundation and others were mislead down the wrong path and whenever there's a spark of good still inside them we reach deep down and help them come back into the light. Sandman was the first of the Redemption Squad to be recruited.

Hawkeye: That's what I heard. I heard his daughter was dying and needed a heart transplant.

Lana: Yep. Penny is in our class and J.D. gave his heart to her and she is now fully better.

Hawkeye: That is truly a selfless deed.

Lana: It is.

Hops Croaks.

Hawkeye: Hops is a cool frog.

Lana: He sure is.

They talked about lots of stuff and more. But Black Widow and Nick Fury are very secretive.

Me: So director Fury what does S.H.I.E.L.D. stand for?

Nick Fury: S.H.I.E.L.D. stands for **S** trategic **H** omeland **I** ntervention **E** nforcement **L** ogistics **D** ivision.

Me: Oh I understand. That must be a huge job.

Nick Fury: Yes. But we are very secretive.

Me: I understand.

Captain America: We're over the desert in Arizona.

Me: All right. Lets get him

The cargo door opened and we jumped out.

---

Ross: Let me guess: You're trying to get me to stand down?

Ben: Nope. I'm here to threaten you.

Ross: You should've transformed for that.

Ben: Where would be the fun in that? Would you like a soda?

Ross: Stalling me won't change anything.

Ben: No, no, no; threatening. No soda? You sure? I'm having one. [starts drinking a soda]

Ross: My soldiers are coming. Nothing will change that. What do I have to fear? Besides the Avengers, I mean.

Ben: Team Loud Phoenix Storm. [Ross looks confused] It's what we call ourselves, sorta like a team. "Earth's Mightiest Heroes" type thing.

Ross: Yes, I've heard about them.

Ben: Well, let me tell you about some of them. A world famous billionare hero, a panda warrior, a webslinging hero, two Keybladers, two KND operatives, a kid with an armor based on Iron Man's, a kid who can turn into a monster like the Hulk, a Ghost Hero, a short kid who's always got a plan, 3 Loud Sisters with different powers, two Teen Titans, two Duelists of Duel Academy, a princess, my sister, who's a Symbiote Hero, and me, a guy who can turn into different aliens. And guess what? You managed to tick off every last one of us.

Ross: Oh please. I already have Copperhead distracting some of them.

Ben: Copperhead's a weak villain. And when my friends come… and they will… they'll come for you.

Ross: I have an army of soldiers.

Ben: We also have a Hulk.

Ross: Which is what I'm here for.

Ben: You're missing the point. There is no version of this where you win. Maybe your army comes and maybe it's too much for us, but it's all on you. Because if we can't protect Bruce Banner, you can be sure that we'll avenge him.

Ross: As last words go, those weren't bad.

Ross points a gun at Ben but he turns into Lodestar and uses his magnetism to break it apart.

Lodestar: Oh, and there's also one other person you ticked off. Her name's Rebecca Banner!

Me: HEADS UP ROSS!

We land and I punch him in the face and knock him down.

Rebecca: No one is gonna kill my son while I'm here!

Edd was in his Iron Boy suit.

Iron Man: You know you look like another me for a second. General Ross, you're under arrest!

Thor: You will be smited before you leader.

Hulk: Hulk smash you.

She-Hulk: Save seconds for me cousin.

Lincoln: You're gonna pay for everything you've done.

Laney: You sent HYDRA to kill us and that makes you a traitor!

Ross: I had to do what was best for our country!

Cyborg: Now we're taking you in.

Jaden: Lets get him guys!

Agony: We won't let you get away with this!

Ross: KILL THEM!

His army came out and Carol fired Godzilla's atomic ray and vaporized them completely.

Nico punched Ross in the face and knocked him out.

I pull out my handcuffs and slap them on him. Nick Fury put electric restraints on his feet.

---

Later Ross was found guilty of High Treason and was sentenced to death. He was executed by firing squad. We killed him and cremated him.

Bruce Banner was free from him and he was reunited with his girlfriend Betty. Rebecca welcomed her into her family.

Another Fanfiction Complete.

NicoChan11 gave me the Idea for this one. Thanks for that man as usual. The Avengers are awesome! I love all of them. The stars of the Avenger movies did a really great job over the course of 6 years. Can't wait for the next Avengers movie. Let me know what you all think.

See you all next time.

# Wrath of The Red Hood

It starts with us in the living room. Me, Nico and Lincoln were having tea with Master Roshi.

Me: Master Roshi, I have a question for you.

Master Roshi: What is it J.D.?

Me: I don't know the full story of Master Piccolo. What's his background?

Master Roshi: That's a story I haven't told in a long time.

Lincoln: We would like to hear it.

Master Roshi: See, long ago before our worlds became one Kami, a warrior from planet Namek and Piccolo were both originally born together as one. He went to the Lookout to become the next guardian of Earth. But the guardian saw that there was a great evil inside him that was about to consume him had he not got rid of it.

Piccolo: Don't waste your breath old man. I'll tell you the story. Continuing from where he left off. Kami had to get rid of this evil from within him.

---

Previous Guardian: THERE IS A GREAT EVIL DEEP IN YOUR HEART. IF YOU WISH TO TAKE MY PLACE YOU MUST RID YOURSELF OF IT. RID YOURSELF OF THE EVIL BEFORE IT CONSUMES YOU.

Piccolo: (Narrating) Kami was able to separate me from him through intense training. He was able to take the throne of the guardian of Earth. The predecessor guardians words stirred something within Kami and he had done his best to suppress me and he confirmed this beyond a shadow of a doubt. Through this powerful training regimen Kami was able to separate me from him and it's how I came into being.

FLASHBACK ENDS

Me: That's amazing.

Lincoln: It sure is. I had no idea that you and Kami were both one.

Piccolo: Yes. It's a powerful thing.

Me: I believe it.

Master Roshi: But here's how Piccolo terrorized the world as King Piccolo and how Goku was able to defeat him.

FLASHBACK 2

Master Roshi: (Narrating) With Piccolo came darkness and chaos. He and his minions brought terror and mayhem onto the land. Destroying everything in their path with indiscriminate fury.

King Piccolo's minions were dragon-like demons and they destroyed practically everything in their path and more and killed many people. They caused chaos, death, destruction, and more.

Master Roshi: No one knew what they wanted or why they were there. They destroyed one city after another with little opposition. Except for a temple of Martial Artists. We were able to stop the skirmish of his minions. But by then only two of us were left: myself and Crane Hermit. We managed to defeat the minions. But they were just an opening act for King Piccolo himself. We didn't stand a chance against him. Compared to him we were but rag dolls caught in a storm. The only thing left standing was my master Mutaido. He however didn't stand a chance against him. Mutaido was dishonored because of it and me and Shen were distraught. Shen became consumed with hatred over me and my students as a result. However as I left to train by myself, King Piccolo continued his path of destruction. Then during my training I got a sign of hope. My master Mutaido had returned and he had found a way to stop King Piccolo. He fired a powerful energy vortex. The Evil Containment Wave imprisoned King Piccolo. We imprisoned King Piccolo in an electronic rice cooker. But as a result it had a heavy price. Master

Mutaido made the ultimate sacrifice to save us all and in doing so regained his honor. After that I obeyed my masters last command and threw the jar into the ocean. But many years later King Piccolo returned and he used the Dragon Balls to get eternal youth and continue his reign of terror. That's when Goku opposed him and he and King Piccolo fought with everything they had. In the end, Goku prevailed.

Goku destroyed King Piccolo by flying up to him and punching all the way through his chest and out the other side with devastating force and he exploded.

Master Roshi: After-which Goku went to the lookout to fix the dragon and he did and brought me and Krillin back to life. But years later at the 23rd World Martial Arts tournament.

FLASHBACK WITHIN A FLASHBACK

Goku in his teens was fighting Piccolo with everything they got. He made it to the finals.

Master Roshi: Piccolo and Goku fought each other with everything they had and neither one was gonna give it up. Even when things look bleak, Goku was one that would never give up. The result of their battle left the entire tournament ring destroyed and the surrounding area in a shambles and that's why there hasn't been a tournament since. When it was all said and done, Goku won the tournament and was declared the strongest fighter in the world.

FLASHBACK ENDS

Me: That's incredible Master Roshi.

Lincoln: It sure is. I had no idea that Master Goku was that determined and honorable.

Nico: No kidding. I may be a Saiyan but I am honorable like Master Kakarot.

Lincoln: Yeah and we still have so much to learn.

Piccolo: Well you all have what it takes to become great warriors.

Me: Thanks Master Piccolo.

The alarm then sounded.

Me: Uh oh.

We go to the computer and on the screen was Red Hood.

Red Hood: Hello J.D. I hope I haven't called at a bad time.

Me: Red Hood. No you haven't. Nice of you to call us. We owe you one for helping us take down HYDRA and General Ross.

Red Hood: Keep your thanks. I called because I want to challenge you.

Me: You aren't the first one to challenge me.

Red Hood: I know. Meet me in the Gotham Royal York park in 2 hours.

Me: I'll be there.

The call clicks off.

Me: I have a feeling that there's more to him. I'm gonna go ask the only person I know who can shed some light on this.

---

At the Moon Prison I was walking down the hall with a prison guard.

Prison Guard: Thank you for coming here J.D.

Me: You're welcome. I'm here to talk to Ra's. The Red Hood has been killing criminals all over the city and just a couple of days ago he helped us take down HYDRA when they were hired by General Ross.

Prison Guard: That's what I heard and I have a feeling that he knows something too.

Me: Same here.

We stopped at Ra's cell.

Prison Guard: Ra's you have a visitor.

Ra's: Yes?

Me: Hello Ra's.

Ra's: J.D. Knudson. How have things been going with my daughter?

Me: They are doing well Ra's thank you for asking. But that's not the reason why I'm here. A masked man that calls himself the Red Hood has been terrorizing Gotham Royal York and has challenged me to fight him. I had a very strong suspicion that you know what's happening.

Ra's: Yes. I do.

Me: [To the guard] Open the cell please.

He did so and I go in.

I sit down with him.

---

Ra's: (Narrating) I was attacking banks in Bosnia. Batman was onto me years ago. When we crossed in Bosnia I hired the Joker and he murdered a boy named Jason Todd. I had overestimated my ability to Joker just as I underestimated his madness.

Batman and Robin AKA Jason Todd were in a drug storage building and they were on a mission to stop the Joker. But Batman was prevented from stopping the Joker and The Joker killed Jason Todd by bludgeoning him to death with a crowbar.

FLASHBACK ENDS

Ra's: I was broken when I found this out.

Me: That's awful and I'm glad that we killed The Joker. He deserves every second of pain and torture in the Darkness of Hell for all eternity. Of course Time has no meaning in the Afterlife.

Ra's: Yes. Jason Todd's death was an unnecessary casualty. As penance after that I chose to never make war with the Detective again and I wanted to correct what happened.

Me: How so?

Ra's: I wanted to return to the Detective what he had lost.

FLASHBACK 2

Ra's: (Narrating) As you know I have walked this world for over 700 years. As you know I achieved this by bathing in the rejuvenating waters of the Lazarus Pit.

Ra's walked into the pit and after a few seconds he emerged stronger and younger and better than ever.

Ra's: Along with its healing abilities, it has been long rumored that it was capable of an even greater feat: To raise the dead.

FLASHBACK ENDS

Me: That's what I've read about according to the legend. It is said to bring the dead back to life like when Jesus resurrected Lazarus through the power of God.

Ra's: Yes.

FLASHBACK 3

Ra's: Procuring the remains of his partner was not difficult. The Detective came to Bosnia under the guise of Bruce Wayne. And he chose to depart as such. He even concocted the cover story that young Jason died in a bombing in Sarajevo. This made it easy for me. All it took was a few payoffs to replace his body.

Ra's men unzipped a bag and it had a dummy of Jason Todd in it. He replaced the real body with it.

FLASHBACK ENDS

Ra's: I was confident that he wouldn't perform an autopsy. And even if he had we still would've bought enough time. But my plan J.D., well it had unfortunate results.

FLASHBACK 4

Jason's body was wrapped in bandages and he was lowered down into the Lazarus Pit. A few seconds later Jason was reborn and he bursted out and he was screaming.

Jason: (SCREAMING)

Everyone was shocked that it worked.

Ra's: He returned to this world but returned, damaged.

Jason's face was mangled as a result because of the Joker beating him.

He got out of the pit like an insane madman from Hell and ran fast and he got out of the castle and went over the cliff.

Ra's: My army searched for months. But we were never able to find the body or pick up a trail.

FLASHBACK 4 ends.

I was shocked.

Me: Wow. That's incredible. The legend is really true. It did bring him back to life.

Ra's: Yes. But I had returned Jason as a blight among the city of Gotham Royal York.

Me: I know. He's been killing petty criminals all over the city like wildfire and he helped us take down the remnants of HYDRA. But I know I can get through to him and save him from the monster he became now.

Ra's: I have a feeling I know you can J.D.

Me: Thanks Ra's. My time in here is done.

I walk out the cell.

Me: Close the cell.

They did so.

I left the prison.

---

At Gotham Royal York park I was waiting for Red Hood. A violent lightning storm was building above the part.

Red Hood: Welcome.

I saw Red Hood.

Red Hood: So glad you could make it.

Me: Red Hood. Glad I could please you. But this ends now.

Red Hood: Nobody knows that better than me.

He threw shuriken at me and I grab them and threw them back and he jumped over them and I flew up to him and kick him in the face and punch him in the stomach. He threw a bunch of bombs at me and I teleport as they explode.

KABOOOM!

THUNDERCLAP!

He pulled out a dagger and went at me and I pulled out my sword and we clashed and I broke off the blade of his dagger and kick him in the stomach and punch him in the face.

Me: You're very skilled I'll give you that. You have a lot of talent as well in the world of Martial Arts.

He got up.

Red Hood: I guess I should reveal myself.

Red Hood took his mask off and I gasp in shock.

Me: Jason Todd!

THUNDERCLAP!

Jason had a Nightwing Mask on over his eyes.

Jason: Yes.

Me: It's really true. You've come back from the dead!

Jason: Oh you got to talking with Ra's huh? Does it make it easier for you to think that my little dip in his fountain of youth turned me Rabid. Or is this just the real me?

He kicked his mask towards me and I stop it with my foot. He pulled out a detonator and pressed a button and I flew out of the way as it exploded.

KRABOOM!

We engaged in a savage and brutal fistfight.

Jason then had me in a headlock.

Jason: Tell me. What bothers you more? That Bruce's greatest failure has returned from the grave or that I have become a better Batman than him?

I grab him and throw him and he landed on his feet.

Me: You've been senselessly killing petty criminals for no other reason than to kill them.

Jason: I'm what this city needs!

Me: No you aren't! Killing people is never the way unless they deserve it!

I kick him into a nearby building and follow him and throw him through a wall.

Me: Jason I know Bruce failed you and I'm trying to help you.

Jason then pulled out a gun and point it at me and I did the same and point it at him.

Jason: Is that what you think that this is about? That he let me die?

Me: Bruce made a mistake Jason and we helped him. He loved you like a son and he treats all of his partners like his family.

Jason: I know.

Batman: (Offscreen) That's right Jason.

Batman came in.

Me: Bruce thank goodness.

Batman: I know. Jason I can help you.

Me: He knows already.

Jason: Yes I do. Bruce I forgive you for not saving me. But why? Why on God's Earth is the Joker dead when I should've been the one that killed him!?

Me: Because he deserved it like I said to Ra's.

Batman: It's true Jason.

Jason: Yes. But ignoring what he's done in the past. Blindly, stupidly disregarding the entire graveyards he's filled, the thousands who have suffered, the friends he's crippled, and I thought… I thought I would be the last person that he would hurt. If it had been you he beat to a bloody pulp, if he had taken you from this world, I would've done nothing but search the planet for that pathetic pile of evil death-worshipping garbage and send him off to Hell!

Me: I know how you feel Jason. I would've done exactly the same thing. But vengeance goes against everything that I believe in and it never solves anything at all. Like my father says. If I killed the man that killed my love ones, I would end up becoming just as bad as he is regardless of everything that he has done. I respect that saying and I won't deny it. We killed the Joker because he deserved it. He was one of the criminals in the world that would never change. They never realize the error of their ways and try to change their act. No. They just keep ruining everyones lives and the world is better off without them. Like when we killed Sam's Parents, Michael and Michelle Malloy. They were 2 of those criminals that would never change and we killed them in this life and the Egyptian Afterlife.

Jason: That's true. I heard about that. But I'm not talking about killing Dent or Penguin. I'm talking about the Joker. Because he took me away from Bruce.

Batman: I know. All I've ever wanted to do was kill him. But if I did. If I ever went down that path I will never come back.

Me: That's right Jason. Bruce is a man that always makes sure that all bad guys get their just desserts and they either belong in Arkham, in prison or dead. But only dead when they deserve it. He lost his parents to a ruthless mob boss as an act of vengeance and now years later we executed them with the chair.

Then Jason began to realize that I was right and then he broke down.

Jason: (Crying) WHAT HAVE I DONE!?

Bruce came and comforted him and I took the gun.

Jason was so guilty of his crimes and killing all the criminals.

---

Back at the estate Jason Todd decided to join us and he was given a house and more. I gave him a call watch and it would call him when it's needed. Batman would visit Jason every now and then to see how he's doing.

THE END

---

Another Fanfiction Complete.

I got the idea for this out of the blue. Batman: Under the Red Hood was an awesome movie. What happened to Jason Todd when the Joker bludgeoned him to death was completely unforgivable and Jason became a revenge obsessed monster bent on killing the Joker and more. NicoChan11 gave me the ideas for this one. Thanks for that man as usual. Let me know what you all think.

See you all next time.

# Tripped (Prequel)

NOTE: This takes place after the events of A Tattler's Tale.

---

[In Rita and Lynn Sr.'s bedroom, the family is counting all of their money in the family jug of change. Lynn Sr. is tossing in coins as his family counts.]

Loud Family: 1,797, 1,798, 1,799… 1,800!

Lynn Sr.: There it is, gang! 1,800 smackeroonies in the savings jug! And you know what that means?

Loud Family: [Singing while dancing in a conga line that carries throughout the house.] We're going on vacation! We're going on vacation! We're going on vacation!

Me and Varie come in.

Me: Hey guys!

Lincoln: What's up J.D.?

Varie: What's everyone conga line dancing for?

Lincoln: [To me and Varie, while the rest of the family continues conga-ing.] This is a big moment for the Louds. We're finally taking a real family vacation! Not an overnight at Aunt Ruth's, or a campout in the church parking lot. A vacation vacation!

Me: All right!

Varie: This sounds like it's gonna be fun!

Lincoln: It is. But getting here wasn't easy.

[Flashback to Lana on the lemonade stand, and Lola standing on the barrel box.]

Lincoln: [narrating] In a family this big, a vacation costs a lot of money.

Lola: [on a megaphone] Line up for lemonade!

Lincoln: [narrating] So we all had to do our part.

Woman: [walks by] Oh, no thank you.

Lola: [goes after her] I said… [on the megaphone again]… line, up, for, LEMONADE!

Woman: [runs back, scared] I'll take 5.

[She holds up her money and Lana makes 5 cups of lemonade. Lana and Lola put their contribution into the jug. Another flashback shows Luna playing her guitar while people walk by and put money in her guitar case.]

Luna: [singing] So many places I wanna go, but I'd never get anywhere, without some dough

Mr. Grouse: Hey, Loud! I'll pay ya just to stop making that horrible racket!

Luna: [puts her guitar away] Whatever works, dude. Vacation, all I ever wanted.

[Luna puts her contribution into the jug. Another flashback. Laney is in the backyard selling her artwork]

Man: I've never seen such a bold and vibrant art piece! So many colors! What do you call it?

Laney: Uh… "Going on Vacation"? I didn't have time to make up a name.

Man: Who cares! I'll take it! [The man gives Laney a wad of cash]

[Laney puts her contribution into the jug. Another flashback. At the IT offices, there's a line of food trucks. Lori is shown to be in a food truck named "Rock Taco", taking orders.]

Lori: Got it. Dad, I need 3 more Lynn-sagnas. Two with extra sauce.

[Lynn Sr. is shown to be in the kitchen, making the orders. However, he's pretty packed up.]

Lynn Sr.: [overworked] Honey, please discourage special orders. I'm backed up in here.

[Lori and Lynn Sr. dump their contribution into the jug, Lynn Sr. notices something.]

Lynn Sr.: Oops. That was a mushroom.

[Another flashback. It's 8:31 PM at Rita's dentist and Rita is working on the woman from the lemonade stand's teeth. She gets tired and falls asleep.]

Woman: Hey! [wakes Rita up with a water tool.]

Rita: [wakes up] Oh, sorry. I've been working a lot of overtime lately.

[Rita puts her contribution in the jug. She notices something.]

Rita: Whoops. That was a molar.

[Another flashback shows Leni running a fashion advice stand and is giving advice to Jancey Yates.]

Leni: Cinch that with a belt.

[Jancey puts a coin in Leni's cup, and walks away, while the woman from the lemonade stand, and the dentist office walks up.]

Leni: Live on the edge with a polka-dot skirt.

[She puts a coin in Leni's cup and walks away.]

Leni: [clearly disgusted by her next customer.] Ugh, no, no. What did I tell you about wearing sock with sandals?

[It's revealed that the customer is Mr. Grouse, who's wearing red shorts, and socks with sandals.]

Mr. Grouse: [sighs as he puts a bunch of coins in Leni's cup.] Oh, only if they're colorful or ironic.

[Leni puts her contribution in the jug. Another flashback shows Lynn on a snowy, winter day knocking on someone's door carrying a snow shovel. An old woman answers it.]

Lynn: All done, Mrs. Parker [It reveals that Lynn shoveled Mrs. Parker's walkway and the walkway next to it.] I also do furniture moving and jar opening. Keep it in mind.

Mrs. Parker: Oh, it's my lucky day. I dropped a jar of pickles under the sofa.

[Lynn puts her contribution in the jug. Another flashback shows Luan entertaining at a child's birthday party as a clown. She rolls up her sleeves and pulls out a penny from behind a boy's ear, then another one, then several more after that and the children cheer. She later puts her contribution in the jug out of her ear. Another flashback shows Lucy serving a funeral with four little kids in a bathroom.]

Lucy: Dearly beloved, we gather today to say goodbye to Dorothy. She lived life to the fullest, whether she was swimming around in her castle, blowing bubbles, or eating rocks. Turns out that last part wasn't the best idea. [flushes Dorothy down the toilet and hands a little girl a tissue.]

Little Girl: Thank you. That was a beautiful service. [gives Lucy a sack of cash]

[Lucy puts her contribution in the jug. Another flashback shows Lincoln delivering newspapers, he throws one and it hits the top of a car, which triggers the alarm to go off. He throws another one and it scares a cat, who dives into the bushes, and crashes through a window. Lincoln puts his contribution in the jug, and then realizes his pockets are empty. Another flashback shows Lily as a DJ and Lisa breakdancing at the Royal Woods Mall. Scoots comes by and tosses a few coins.]

Scoots: Slay all day, girl! Woo!

[Lisa and Lily put their contribution in the jug. End of flashbacks as it cuts back to outside the Loud House.]

Lincoln: Thanks to all our hard work, we saved enough money for a week at the Weeping Willow Resort Lodge on Lake Michigan. We're talking bumper boats, horseback riding, and 26 flavors of fudge.

Me: Oh I got to go ask my mom and dad!

Me and Varie go home and I ask them if I can go with them. They said yes.

[catches up with his family who are still doing the conga.]

Loud Family: We're going on vacation! We're going on vacation! We're going-

Mr. Grouse: [offscreen] Hey, Louds! I'll pay you again to knock off that racket!

Lynn: We already have enough money.

Luna: [nudges Lynn] Hello, road snacks?

[Cuts to the next day; Lynn Sr. putting suitcases on top of Vanzilla.]

Rita: [Walking out with her things] Let's see, work's taken care of, Mr. Grouse is keeping an eye on the house, Clyde and the McBrides are taking care of Walt, Geo, Charles, Cliff, and Squeals.

Lynn Sr.: [singing] Just a few more things and we'll all be relaxing in the…

[He and Rita head inside, while the siblings, minus Lisa and Lily, come outside with their luggage, Lucy is dragging a coffin.]

Lola: [To Lucy] Why are you bringing that on vacation?

Lucy: You have your sunblock, I have mine.

[Laney is seen hauling a huge backpack]

Lincoln: Woah, Laney. You don't have to pack everything. What's in that backpack anyway?

Laney: Just some stuff just in case we run into some trouble on the way to the resort.

Lincoln: Relax, Laney. We're just going on vacation. What can possibly go wrong?

Laney: [To the viewers] Has he even been watching this show?

Me and Varie arrive and we have our backpacks with us.

Me: Hey guys. Me and Varie talked to my mom and dad and they said that it's all right that we can go with you.

The Loud kids cheered.

Lincoln: J.D. that is awesome!

Me: It sure is buddy.

Lynn Sr.: [coming back out with another bag] Whoa, guys, this is too much stuff! Something's gotta go back!

Luna: [Kicks Lynn Sr.'s bag] How 'bout this humungo bag?

Lynn Sr.: Absolutely not! That one's very important!

[The bag opens up to reveal a bunch of jigsaw puzzles.]

Lola: Puzzles?

Lynn Sr.: The bag stays! Laney, why don't you take your backpack back?

Laney: Trust me, dad. It will come in handy unlike all of your jigsaw puzzles!

Me: A lesson Laney learned is to always be prepared.

[The kids start complaining just as Lisa walks out and whistles to get them to stop.]

Lisa: Enough! Stand back and let me work.

[Cuts to later, showing that Lisa has found a space for every piece of luggage in/on Vanzilla. The family, minus Lily, is impressed.]

Lucy: [to Lisa] How did you do that?

Lisa: Quite simple, really. I merely used a formula combining elements of spatial analysis, and the basic physics theorem stating that for every object- [realizes her family minus Laney has gotten in Vanzilla; deadpanned.] Don't ask if you don't really want to know.

Laney: I wanted to know…

Varie: Same here.

Lynn Sr.: [from inside] Sorry kiddo, we should get a move-on. According to the reviews, the hotel has very strict check-in policy. If we're not there by 8:00, they could give away our rooms!

Me: Whoa. That's a very strict policy.

Lynn Sr.: It sure is J.D.

Lana: [Just as Lynn Sr. starts the car.] WAIT! [Opens the door and whistles. In Lola and Lana's room, Hops, El Diablo and Bitey hear and head out through the doggy door. As they enter Vanzilla, El Diablo and Bitey go under the seat, while Hops jumps into Lana's pocket. She closes the door.]

Lynn Sr.: Okay, here we go. Loud Vacation time! Can I get a 'What what?'

Me, Varie and the Loud Family: [as the the car pulls out of the driveway.] What what?

Rita: WAIT! [Lynn Sr. stops the car as she gets out.] I forgot Lily's diapers. [goes back inside and comes out looking sheepish.] Turns out I also forgot Lily. [reveals she has Lily, who looks annoyed.]

Lily: [annoyed as Rita puts her in her seat.] Poo-Poo!

Me: Oh it's all right Lily.

[Lynn Sr. starts the car and the family heads off.]

Loud Family: [singing] We're going on vacation! We're going on vacation!

[The Louds exit Franklin Avenue and head up to the Royal Woods Parkway.]

[Later on the road, an old style horn honks and shows to be a red truck with a farmer driving in it right behind the Louds.]

Lynn: Don't let that old geezer pass us, Dad! Floor it!

Lynn Sr.: Well, it's- It is floored! [the truck passes them] It's been floored the whole time! [mumbling] Dang show off in his hot rod.

Laney: Dad, don't be rude. I'm sure he didn't mean to drive pass us.

Lynn Sr.: Are you kidding me? He saw the opportunity and just passed us through!

[The Louds finally make it up the hill.]

Lynn: Look! [It shows that the truck is already going down.] Come on, Dad! Let's get our dignity back!

Lynn Sr.: I'm right there with ya, LJ.

Me: Lets get him!

[Vanzilla starts overtaking the truck, as Lynn starts shouting "pass".]

Lisa: Father, this is not advisable! Factoring in the angle of our decent, current wind speed, and the condition of this aging heap. I fear we are going to wind up-

[Before she can finish her sentence, Lynn Sr. loses control of Vanzilla and crashes into a fence. Me, Varie and The family are outside, having already survived the crash by leaping out of Vanzilla.]

Lisa: -Nose-first in a ditch.

[The bumper to Vanzilla falls off.]

Lynn Sr.: [gasps and hugs Vanzilla, while crying.] My baby! What have I done?!

Laney: I knew something like this would happen. Nothing good ever comes from trying to one-up someone.

Lori: I know how that feels…

Me: I got this.

I grab under the van and lift it up with my super strength and set it by the road.

Me: There you go.

Lori: Wow! J.D. you are literally strong.

Me: I have Super Strength Lori.

Lana: Let me fix it up.

[Cuts to later, showing that Lana repaired it.]

Rita: [impressed] Wow! Nice job, sweetie. How did you do that?

Lana: Eh, it was no biggie. There was a crack in the cylinder block, so I just re-routed the exhaust manifold pass the carburetor, and then- [realizes her family minus Laney has gotten in Vanzilla; deadpanned.] Don't ask if you don't really want to know.

Laney: I wanted to know.

Varie: Same here.

[Lynn Sr. is about to start the car, when suddenly… ]

Rita: Wait! [Gets out and gets Lily, who looks annoyed and gets back in Vanzilla.] Okay, now we can go.

[The red truck passes by them.]

Lynn and Lynn Sr.: Dang it.

[Later, the Louds are still driving and the weather starts to get a little heated out there.]

Leni: Oh, it's so hot. Dad, can you turn on the AC before my hair totally frizzes?

[Lynn Sr. presses the button to the AC, which seems to be fluttering and then stops working. He presses the button twice after that.]

Lynn Sr.: Huh. Doesn't seem to be working.

Lana: Ugh, the coolant must've leaked when we crashed. [pulls out her toolbox] Pull over, Pops. I'll check it out.

Lynn Sr.: No can do. Remember, 8:00 check in.

Me: Whew. Jeez is it hot.

I have a block of ice on my head to cool me down and Varie was fanning herself.

Varie: No kidding.

Leni: Well, can someone just roll down a window?

Lynn Sr.: Sorry, honey, but if we roll any of these windows down, they're not coming back up.

Rita: I know it's hot, but just pretend you're at the beach.

Leni: In this? Ugh, no!

[Laney is seen with a tiny fan in her seat]

Lola: How come you're not sweating?

Laney: I packed a tiny fan before we went on our vacation. Told you my backpack will come in handy.

Me: It sure did.

Lana: Well, do you think you can share that fan action with us?

Laney: Sure thing! [Just as Laney shares her fan with the twins, the batteries die, turning off the fan] Oh…

Lola: I don't suppose you have an extra set of batteries in that backpack of yours, do you?

Laney: Unfortunately, that was the one thing I didn't pack.

Me: No sweat.

I pull out some batteries from my backpack and hand them to Laney.

Me: Here Laney.

Laney: Oh thanks J.D.

[The siblings see Lori snacking on some bean chips.]

Lori: Anyone want a low-cal bean chip?

Lucy: Vomit.

Laney: No thank you…

Varie: No thanks Lori.

Me: Yeah. I'm good.

Lori: They're delicious. And supes high fiber. [Farts]

Me: Uh oh. (I Plug my nose)

Laney: [Plugs her nose] Too high in fiber if you ask me…

Lisa: Yes apparently.

Lori: It was the seat! See?

[Gas scent comes out of Lori's seat.]

Siblings, except Lori: [Groan in disgust]

Lori: Now it's not doing it.

[The gas scent goes all over Vanzilla. Lincoln and Lucy groan in disgust.]

Luan: Suffocating!

Lola: [Coughs] Ack.

Lynn Sr.: Be strong, kids! No windows! [Gas scent goes into the front seat] Oh, it's in my mouth!

[Lynn Sr. opens up the windows and everyone exhaled deeply, except Lori, who blushes in embarrassment. Eventually, the wind blowing inside the van like a jet turbine is becoming a problem.]

Lynn Sr.: This is better!

Rita: What?! [Lets go of the map and it lands in Lynn Sr.'s face. He screams in panic, and so does the family as they swerve off the road and crash into a section of porta-potties, which topple over like dominoes, and one of the doors to Vanzilla falls off.]

Lynn Sr.: [taking a few deep breaths.] Is everyone okay?

Person: [In one of the porta-potties.] I've been better!

I lift up the porta-potties and got the man out.

Man: Thanks.

Me: No problem.

[Lynn Sr. looks concerned as Lana jumps out and examines the broken door.]

Lana: The good news is, the crash made the windows go back up. The bad news is, now we have no door. No way I can re-attach this baby. [looks up] But I may have a solution.

[Cuts to later, showing that Lana has used Lucy's coffin as a serviceable door.]

Varie: Very clever.

Luan: Nice fix, but we still have a grave situation! [laughs] Get it?

Me and Varie laugh at her joke.

Me: That was too funny.

Varie: That was a good one.

Luan: [realizes her family has gotten in Vanzilla; frustrated.] What? Don't set me up if you don't wanna hear a joke!

Laney: This time, I didn't want to hear that.

[As Luan gets in, Lynn Sr. starts Vanzilla, when suddenly… ]

Rita: Wait! [reveals that Lily is on top of Vanzilla, looking annoyed. Rita reaches her arms out and gets her down.]

Lily: [annoyed] Ah!

Laney: You really need to keep track of your kids.

Me: Agreed.

[The family gets back on the road.]

Rita: Who's ready for lunch?

Siblings: Me! Me! Me! Me!

Rita: Honey, let's start looking for a good picnic spot.

Lynn Sr.: No time! We're behind schedule. We'll have to eat in the car.

Me: Sounds good to me.

Lynn: [Finds sandwiches inside a basket.] I got this. Sammies coming your way. Think fast. [throws them to her other siblings.]

Lola: [Gets hit by a sandwich] Watch it! [Eats sandwich]

Lori: [Gets hit by a sandwich] Ow! [Eats sandwich]

Luna: [Gets hit by a sandwich] Not so hard, dude. [Eats sandwich]

Lincoln: [Misses sandwich] I can't catch.

[Laney hands Lincoln her sandwich]

Laney: Here, Lincoln. You can have mine.

Lincoln: You don't want yours, Laney?

Laney: No, it's smells weird.

Lincoln: Hey. You can't be picky when on the road.

Lynn: You want a sammy J.D.?

Me: No thanks Lynn, I brought my own lunch. My moms homemade tomato soup, a grilled cheese sandwich with garlic bread, some fruit and a turkey leg.

Lola: That sounds tasty.

Me: It is Lola. Sorry about the garlic Lucy.

Lucy: That's okay J.D.

Varie: I brought sushi, Iced tea and deviled eggs.

Me: My favorites Varie.

[The kids minus Laney and parents have finished eating their sandwiches. Rita crumbles up her wrapper.]

Rita: Those egg salad sandwiches were delicious, honey. Thanks for making them.

Leni: You're totes welcome, Mom.

Lynn: Trash back here [Luan, Lisa and Lincoln try to throw the wrappers in the bag.]

Luan: Whoops.

Lisa: Sorry.

Lincoln: I can't throw, either.

Lynn: [Gives him a thumbs down] Weak.

[Luna's stomach growls. Her face turns green and starts to feel nauseous. She takes her headphones off.]

Me: Uh oh. I don't like the sounds of those stomach growls.

Varie: Me neither.

Luna: Whoa, guys, are you feeling alright? I'm not feeling too good myself.

[The other siblings get nauseous as well, except Me, Varie, Leni, Laney, and Lily.]

Me: You guys are turning green around the gills.

Varie: That's not a good sign.

Lori: Leni, what exactly did you put in those sandwiches?

Leni: I can't remember. I made them weeks ago.

Lincoln: Leni!

Lucy: What?

Luan: That can't be good.

Leni: Well, I was so excited for the trip, I wanted to get a head start!

Laney: You know you could've just done that yesterday.

Leni: A good traveller always prepares early. You of all people should know that.

Me: Not when it comes to food Leni. Especially with food that can go bad.

Siblings (Minus Laney): [Groaning]

Varie: Everyone but me, J.D., Laney and Lily have food poisoning!

Lincoln: Uh-oh. I think I'm gonna barf!

Lisa: I second that!

Luna: Puke fest!

Laney: Don't worry guys, I have some ginger ale in here somewhere.

Me: Oh thanks Laney.

Lola: No time! Pull over, Dad!

Lynn Sr.: No time! Use a bag!

Rita: Lynn!

Lynn Sr.: Ok, ok!

[Lynn Sr. stops the van on the gas station. The Loud Family minus Me, Vaire and Laney starts puking in the bathrooms and outside the bathrooms. Cut back to The Loud Family in the van.]

Lori: Leni, you're off lunch duty until further notice.

Lisa: Yeah, let's just round that up to 'forever'.

Me: Boy we dodged a bullet on that one.

Varie: We sure did.

Laney: You know, guys. I have some chips in my backpack if anyone wants some.

Me: No thanks Laney. I'm good.

Varie: Me too.

Lynn Sr.: No thank you! We all had enough snacks, dear.

[The family leaves the gas station as a car carrier passes them in the opposite direction. They notice the farmer from earlier have a flat tire on his truck.]

Lynn: Ha, ha! Check out Farmer Speedy! Not doing much passing now, are you?

Laney: Lynn! That's not very nice to say that! He probably has somewhere to be too.

Rita: Laney's right, dear. [to Lynn Sr.] Honey, we should help him.

Me: Yeah lets help him out.

Lynn Sr.: [sighs] Okay. But only if it takes less than ten minutes!

[Lynn Sr. stops the van and the family gets out. He also failed to notice that he accidentally kicked the gear shift into reverse and Vanzilla starts rolling backwards, unnoticed by the Louds.]

Lana: Need a hand with that flat, buddy?

Farmer: Oh, that'd be swell. The spare is buried under all these crates. [takes out a crate]

Lana: [takes the crate] Not a problem. Louds, assemble!

Me: Lets do it!

[We all gather around Lana and she gives the crate to Lincoln. Lana jumps into the back and we all are passing the crates around and putting them in a pile while the parents are having a conversation with the farmer. Meanwhile, Vanzilla seems to have roll backward onto the car carrier, which has parked on the gas station. Hops, El Diablo, and Bitey pop up; Back with the Louds… ]

Me: Uh oh. Uh guys?

Lana: Last one! [gives the last crate to Lisa. She grabs the spare tire, hops out the truck, and gets out a scissor jack to position where the tire should go.] Huh, I haven't worked one of these babies before. [to the farmer] 1920?

Farmer: '21.

Lana: 12 banger?

Farmer: 16.

Lana: Ha, ha. Nice.

Me: Guys?

[Meanwhile, the car carrier driver comes out the restrooms and gets in as the horn blares. Back with the Louds, Lana has finished putting the spare tire on while the rest of the siblings finish putting all the crates back onto the truck.]

Lana: There. This should get you where you need to go. But keep it under 50. [puts her wrench back in her toolbox.]

Farmer: [tips his hat] Much obliged for all your help, folks. Wish I could repay you in a bigger way, but… [gives a crate to Lynn Sr.]… how about you take some of my cherries for the road.

[The twins grab a couple cherries and taste them.]

Lola: [gasps] These are delicious!

Farmer: It's all about using the right manure.

Lola: [notices what the farmer meant and spits them out.] Blegh!

Lana: [Likes them] Yes. I'm picking up some… horse notes.

Laney: [Eating the cherries] These are very good, Mr. Farmer. Mind if i take some?

Farmer: Sure. Take as much as you want. [Laney puts a few cherries in a sandwich bag as the farmer heads into his truck] You have a nice day now. [drives off as the family waves goodbye.]

Lynn Sr.: Okay, gang. Let's get back on the road.

[The family notice that Vanzilla is not there.]

Rita: [gasps] Where's Vanzilla?!

[Rita's question has been answered when they see Vanzilla on the car carrier and is driving off past them. The family screams in horror and run off after the car carrier.]

Lynn Sr.: Ah, you can't take my girl!

[The family is shouting at the driver to stop.]

Luan: No! That's our car!

Lincoln: [To the viewers] Well, there goes our vacation.

---

[With their mode of transportation gone, Me, Varie and the Loud Family are sitting on a curb near the gas station where we used the bathroom. Lynn Sr. just hung up the payphone.]

Lynn Sr.: Okay, guys. I called the cops and they're gonna try to track down Vanzilla.

Lincoln: I can't believe we're gonna miss out on the bumper boats.

Lori: And the horseback riding.

Lola: And the fudge! [Whines] Oh, the fudge!

Laney: Don't give up, you guys! This is our first real vacation in ages! We've faced bigger disasters before! I've still remember the time Lisa accidentally set the house on fire and we had to stay in that motel for two days.

Rita: That's how long it took to get us banned from there…

Me: I love that optimism Laney.

Lynn Sr.: Laney's right. Our vacation's not over yet. We just need to find a way to get to the hotel.

Lynn: Boom! There's a bus station right down the street!

[The family gets up and cheers as they head to the bus station.]

Lincoln: Alright!

Me: Lets see if we can get tickets.

Lori: We can still do this.

Laney: See? I told you guys, all we need is to keep a positive attiude. Weeping Willows, here we come!

Rita: [realizing something] Oh, wait. I just remembered… [to Lynn Sr.]… your wallet and my purse are both in Vanzilla.

Varie: Uh oh.

[Lynn Sr. looks over Rita's shoulder and sees a place called The Mud Flap Café. It looks like they are having an open mic contest, and the winner gets a cash prize.]

Lynn Sr.: 'Open mic contest?'[gets an idea] We'll just have to raise some cash. And Ol' Ding-a-ling Loud has a plan.

Me: I love open mic contests. They are awesome.

Lisa: Now, Father, don't be so hard on yourself. Anyone could've lost the van.

Lynn Sr.: What I meant was, Ding-a-ling as in… [pulls out his cowbell]… my cowbell! [starts playing it.]

Lisa: Ah.

Lola: [as Lynn Sr. plays his cowbell] So, he doesn't have his wallet, but he has his cowbell?

Lisa: So both definitions of "Ding-a-ling" apply.

Laney: Glad I brought this along. [Pulls out her saxophone from her backpack]

Lincoln: Woah. How much stuff did you pack in there?

Laney: You've gotta be prepared for anything.

Me: I didn't know you play the saxophone Laney.

Laney: I'm really good at playing it in jazz and blues.

Me: That's cool Laney.

Varie: This I got to see.

[Cut to outside shot of The Mud Flap Café.]

Waiter: The Mud Flap Cafe is pleased to present… the Load family.

Lola: Loud!

Waiter: [Thinking Lola means him] The Load family!

[Cuts to the Louds on stage wearing sunglasses.]

*Lynn Sr.: [singing] Wanted a family vacation.*

*Just to get out of town.*

*Had it all planned.*

*Packed up the van.*

*Ended up in a ditch somehow.*

*We've got the blues, baby.*

*Those road trippin' blues.*

*Lori, Leni, Luan, Lana, Lola and Lisa: [singing] Bad, bad news.*

*All: [singing] These seats smell weird.*

*The baby is crying.*

*She's probably mad we left her behind.*

*Lynn Sr.: [singing] Road, road trippin' blues.*

*All: [singing] La, la, la.*

*Lynn Sr.: [singing] AC broke in Vanzilla*

*Lynn: [singing] The windows won't roll down.*

*Leni: [singing] The bean chips of doom.*

*Luan: [choking] They spread noxious fumes!*

*Rita: [also choking] Can't breathe! [faints]*

*Lincoln: I think Mom passed out.*

*Lynn Sr.: [singing] We got the blues, baby.*

*Those road trippin' blues.*

*Lori, Leni, Luan, Lana, Lola and Lisa: [singing] Bad, bad news.*

*[Laney plays her saxophone]*

*All: [singing] The dog ran off.*

*The baby's still crying.*

*At least we didn't forget her this time.*

*Lynn Sr.: [singing] Road, road trippin' blues.*

*All: [singing] La la la.*

*It was one big family throw up.*

*(Glaring at Leni) From the egg salad gone wrong.*

*And that's how all of us wound up,*

*Broke on stage singing this song.*

*Lisa: [singing] Broke on stage singing this song.*

*Lynn Sr.: [singing] Road, road trippin' blues.*

*All: [singing] Yeah.*

*Lynn Sr.: Yeah.*

Me, Varie and the audience cheer wildly.

Me: That was awesome!

Varie: It sure was. They do really good blues music.

[Ticket transition; The Loud family are getting ready to head on the bus while Rita does a head count.]

Rita: 7, 8, 9, 10, 11, 12, 13… Dang it. Forgot Lily again.

Laney: Nope, right here. [Points to Rita who was holding Lily the whole time]

Lily: [angrily] Goo!

Me: Ready to go guys?

Varie: I think we're missing someone.

Rita: Oh. So, who are we missing?

[Just then, an electric guitar can be heard playing inside the cafe, which could only mean one thing… ]

Family: Luna! [run back inside to get her.]

[At that moment, the bus they were supposed to go on leaves and another bus takes its place, unbeknownst to the Louds.]

Bus Driver: [getting out] Oh, gotta pee, gotta pee, gotta pee.

[Luna is still rocking out on stage when Lynn appears.]

Lynn: Luna, we're gonna miss the bus! [grabs her]

Luna: [As her family carries her out.] GOODNIGHT, MUD FLAP CAFE!

Crowd Member: We love you, Load!

Laney: Loud!

Me: Luna your love for music astounds me.

Crowd Member: [Thinking she meant him] WE LOVE YOU, LOAD!

[The Louds gets inside the bus.]

Lynn Sr.: Let's save this vacation!

Bus Driver: [gets back on the bus and looks behind him to see the Loud Family.] Oh, I just thought I was transporting one. Oh well.

Me: I've got a bad feeling about this guys.

Laney: Transporting one? What do you mean… [Looks at the back and sees a burly convict handcuffed at the very back of the bus; frightened] Puh-puh-puh-puh-puh-puh…

[The bus drives off and it reveals that they're actually in a prison bus.]

Lincoln: Where'd all the other passengers go?

Laney: [Still frightened] Puh-puh-puh-puh-puh…

Lola: Who cares? We got the bus to ourselves.

Laney: [Still frightened] Puh-puh-puh-puh-puh…

Lincoln: What is it, Laney? [Sees Laney pointing at the convict growling] Huh. Guess he's taking this bus too.

Rita: Honey, do you think there's something strange about this bus?

Varie: Prison shackles? What are these doing on this bus?

Lynn Sr.: Well, I've never seen one with shackles… [holds up a pair of handcuffs]… but it's probably a safety thing.

Laney: [Still frightened] Puh-puh-puh-puh-puh…

Rita: Or maybe, it's a prison thing.

Lynn Sr.: [gasps] You're right. Which means that guy back there is a…

Laney: [Terrified] PRISONER!

Bus Driver: Hey, quiet back there!

[Rita and Lynn Sr. gasp and look back at the prisoner in worry. Lily is patting the prisoner's face, and Lana is observing his tattoos.]

I growl when I saw the prisoner and my eyes glow red.

Me: You.

Prisoner: Yes me!

Me: Decapitating Leo!

Leo: Yes! You locked me up J.D.

Varie: Who is he J.D.?

Me: That's Leo McGrath A.K.A. Decapitating Leo. He's the first ever serial killer I busted in Michigan 5 days after I moved here.

Leo: That's right.

Varie: How many people did he kill?

Me: 40. He's called Decapitating Leo because he keeps his victims heads as trophies. He was recently sentenced to 40 life sentences without parole because of it after I caught him.

Leo: That's right.

Lana: Cool tattoos, mister. But I think your tattoo artist forgot to give this lady clothes. Don't worry… [pulls out a red marker]… I'll fix it. [draws on his arm]

Leni: [to his right] O.M. Gosh. I am totes obsessed with your bracelets. Can I try them on?

Leo: Uh… sure. If you can get 'em off me.

[Leni pulls out a hair pin, and unlocks the prisoner's handcuffs. Meaning he is now free.]

Lynn Sr.: STOP THE BUS!

[The bus driver stops and drops off me, Varie and the Louds in the middle of a highway. Lily sees the prisoner open the back door of the bus, jump off, and land in the bushes. She giggles at this.]

Leo: I will have my revenge J.D.!

Me: And I'll be ready for a fight Leo!

Lynn Sr.: Chins up, family. This vacation isn't over. Surely, some good Samaritan will give us a ride. [notices a car coming] Oh, here we are.

Woman Passenger: [notices them; nervously] Keep going. Don't make eye contact. [The couple bury their faces in some maps as they drive by.]

Lincoln: Aw, come on!

Lynn: Weak!

Lisa: It's clear what the problem is here. No motorist is going to pick up a family of 14 + 2. I suggest we employ a technique known as "Hide the Iceberg". We put our best 10% forward, and conceal the rest.

Me: Interesting tactic Lisa.

[Cuts to Rita and Lily standing on the side of the road, while the rest of their family is hiding in the bushes with sneaky looks on their faces. Rita holds Lily out and Lily gives a thumbs up, just as a car comes along. It's revealed there's a man, a woman and a girl in said car.]

Man in Car: [concerned] Oh, look at that poor lady and her baby. [to his wife] Pull over.

[The woman pulls over the car, just as the rest of the Louds come out, screaming. The family in the car gasps, just as Lynn Sr. comes out, wailing and wearing some sort of grass outfit.]

Lynn Sr.: [jumping on the windshield] HI! WOULD YOU MIND PULLING OVER, PLEASE?!

[The family in the car screams and swerves. The lady pulls a lever, and the windshield wipers go off, flinging Lynn Sr. off the car, who lands on his stomach.]

Laney: Pro-tip: when trying to get other drivers' attention, the best way is to not run screaming into their windshield wearing a grass skirt.

Lynn Sr.: Noted.

Lola: Well, how do you think we should hitch a ride?

Laney: Allow me. [She reaches into her backpack and pulls out a sign and a marker and starts writing on it]

Lincoln: Seriously! How much stuff you got in there?

[Laney walks out and waves the sign that said "HELP US". A family with a big minivan pulls over and sees her]

Man in Car: Awww. What's the matter, little girl?

Laney: Well… my friends and my family were on our way to a hotel for our vacation. But our car got lost and then we tried to take a bus there, but we accidentally went into a prison bus by mistake. And now we have no chance of getting to Weeping Willows before out deadline.

Man in Car: Weeping Willows? What a coincidence! That's where we're going! Say, would you and your family like a ride? [Laney gives her family a thumbs up and they give a thmbs up back]

Laney: Why, that would be very thoughtful. And don't worry, we won't take up much space.

Man in Car: Oh, I'm sure that won't be a bother. How big is your family anyway?

Laney: I have ten sisters and one brother.

Me: And me and my fiancé here.

Man in Car: I'm sorry, did you say ten sisters?… [The rest of the family minus Lynn Sr. comes out and the man and woman looked at each other in worry]

Laney: So, what do you say?

Man in Car: [Nervous] Uh… I just remembered that we have a deadline at the hotel and we don't want to waste any time so… [Lynn Sr. pops out still wearing his grass skirt]

Man and Woman in Car: Aah!

Lynn Sr.: You have to take us! Please!

Woman in Car: DRIVE, HERMAN, DRIVE!

[The Man and Woman quickly drove off]

Me: Oh Butter Biscuits!

Luan: Well, that was a wash. [Laughs]

Me and Varie laughed.

Lynn Sr.: Too soon, honey.

[The Loud Family sit on the ground. Lana's stomach starts acting up.]

Lana: Excuse me, guys. I gotta lighten my load. [Walks in bushes] Whoa! You guys have to see this!

Rita: Just fill up the hole, sweetie. We don't need to see it.

Lana: Not that. I found our ticket out of here! [her family walks in the bushes] Though, watch your step. I also pooped.

Me: Too much information Lana.

[The Loud Family looks to see that Lana found an aircraft plane and is sitting on it.]

Me: Ancient dust! That's an old crop-duster biplane!

Varie: That's so cool!

Lucy: Pfft, that thing will never fly.

Lana: Leave that to me. [pulls out her tools] I'll have her up and running in no time!

Luna: Well, even so, who's gonna fly it?

Luan: How about Lori? [Lori smiles at this suggestion] She's been crop-dusting us all day! [The whole family, me and Varie, except Lori laugh at Luan's joke.]

Lori: [offended] Excuse me. I told you it was the seat!

Loud Family: Riiiiiiight.

Me: Not buying it Lori.

Rita: I can fly the plane. [hands Lily to Lynn Sr.] Pop Pop taught me he flew jets in the military.

Lincoln: Mom, that is so cool!

Me: I didn't know you could fly a plane Ms. Rita. This I got to see.

Varie: Me too.

Rita: That's nothing. You should see me pop wheelies in a tank, baby.

Lynn Sr.: [gasps] Is there anything else we don't know about you, honey? Honey? Rita?

[Cuts to the plane all fixed up with a diaper attached to it.]

Lana: Some parts were missing, so I had to improvise.

Lola: With a diaper?

Lana: A night time diaper. For extra strength. I even found some paint to give ol' shakey a face lift. [The front of the plane has an angry face.] And I painted Lori on the crop-duster.

Lori: [scoffs] It doesn't even look like me.

Laney: But it sure smells like you! [The family, Me and Varie except Lori once again laugh]

Luan: (Laughs) Good one Laney.

Lori: Ugh!

[Rita puts on airline goggles and starts the plane with her family on it.]

Me and Varie spread our wings and we were by the plane.

Laney: I didn't know you could fly too Varie.

Varie: I can sprout wings too.

Laney: I forgot I can fly too.

Laney got out of the plane and she was floating in the air.

Lynn Sr.: Uh, you sure you know what you're doing? Got our whole family in here. [Rita stops the plane and on top of it, she notices… ]

Rita: Ah! Except Lily! [She gets her down as the others glare at her.] Hey, that one is on all of you! I'm flying the plane here. [starts the plane again]

Lincoln: Mom? You, uh… see the silo, right?

Me: Uh oh.

[Rita doesn't seem to notice, and everyone starts panicking, but Rita pulls up just in time and the plane flies over the silo and take to the skies. The family sighs with relief. Me, Varie and Laney are flying by the plane.]

Me: This is awesome! It's like we're all one with the sky!

Varie: It sure does feel that way!

Laney: It sure does!

During the flight, Lily sees something on the road.]

Lily: [Points down] Ban-zilly.

Family: Aww.

Rita: Actually, sweetie, this is an airplane.

Lily: [With a more serious tone] Ban-zilly! Ban-zilly!

Luna: [Looks to where Lily is pointing] Whoa, the Chill-ster's right, dudes. Look over there!

[The family look, and see the car carrier that has their beloved Vanzilla.]

Me: That's the car carrier that took Vanzilla!

Lynn Sr.: My baby! After that car carrier!

Lincoln: What about our 8:00 check-in time?

Lynn Sr.: The way your mother flies, that shouldn't be a problem.

Me: Lets get it!

[The car carrier driver blows his horn at another driver on the same road.]

Driver: Move it, slowpoke! I'm behind schedule! [He goes around the driver and sees a sign.] Speed limit enforced by aircraft? Yeah, I'll bet. [Through his carrier window, he sees the Louds' plane.] Dang it! If I get one more ticket, I'll be driving a golf cart!

[The driver drives fast and goes through a corn maze.]

Laney: He's going through that cornfield!

Varie: After him!

Rita: Don't worry. Pop-Pop taught me how to handle wise guys like this. Let's take it to him! [She flies after the driver.]

[On the car carrier, some of the Louds' stuff on top of Vanzilla start flying out.]

Luna: [Notices her drum cymbals] My hi-hat! Bogus!

Lynn: [Notices her exercise equipment] My kettlebells! Crud!

Lisa: [Notices her science equipment] My experiments!

Lisa's case flew by us and it exploded when it hit the ground.

KABOOM!

Lynn Sr.: [Notices something] My puzzles! Ding dang darn it! [Instead of catching them, he ducks.]

[The driver goes through a barn, causing all of the Louds' stuff to fall off and Vanzilla to lose its top half.]

Lynn Sr.: [Horrified about the half broken van.] AAH! MY BABY!

Me: Oh man! Good thing Me, Varie and Laney have our backpacks.

Laney: Thank goodness.

Leni: Yay! Now it's a convertible!

Lynn: Man, nothing stops this guy!

Lincoln: Wait a minute, we have a crop-duster.

Lori: [Still offended] Ugh! Why are you guys always piling on me?

Lincoln: Lori, I'm talking about the plane!

Lori: [gets it] Ah.

Lincoln: Get in front of him, Mom!

[Rita flies the plane in front of the driver.]

Lincoln: "Eat hot fertilizer!" [He turns the knob and green fog comes out of the crop-duster. The fog covers the driver's windshield, causing him to scream and crash into a bale of hay.]

Driver: [gets out and runs] You'll never get me, po-po!

[The family cheers in victory.]

Lisa: Flying H!

[Rita lands the plane and they rush over to the van.]

Lynn Sr.: Okay, people. We've got a check-in to make! [looks at Vanzilla close up] Ah-uh, it's okay. It's just a little scratched.

[Hops, El Diablo, and Bitey pop up and are happy to see Lana again.]

Lana: [hugs them] My babies! I thought I lost you!

Lola: [sarcastically] Wouldn't that have been tragic.

[Lily sees another bale of hay roll up to the plane and it reveals Leo from earlier.]

Me: Oh no you don't!

I fly up to him and punch him in the face and send him skidding on the ground. He got up and saw me ready to fight.

Me: This is now a fight between you and me Leo!

Leo: I will now get my revenge and get your head as the greatest trophy!

I get into a stance and use my hand to say "Bring it."

He got mad and came at me roaring in a blind rage and when he was close I punched him in the face and kneed him in the stomach. He tried to punch me but I dodged it and punched him in the face again and knock out most of his teeth. The force of my punch knocked him out.

Me: That takes care of that. Lori call the police.

Lori: You got it J.D.

Lana: Wow! J.D. I didn't know you could fight so well!

Me: Like I told Lynn, I'm a 9th degree black belt. Not that I like to toot my own horn.

Laney: You are really good J.D.

Me: Thanks Laney. Sorry if I scared you.

Laney: It's all right.

Me: We can't let this plane get into the wrong hands again.

I snap my fingers and the plane vanished.

Everyone gasped.

Lincoln: How did you do that!?

Me: I have the power to make anything happen with just a simple snap of my fingers.

Luna: That is rockin' dude!

Laney: Where did you send the plane to?

Me: In a hanger we built in our backyard.

Varie: You are amazing hun.

Me: Aw thanks.

[Nighttime. The Louds drive up a hill and finally make it to Weeping Willow with what's left of Vanzilla. Eventually, the tires give out.]

Lynn Sr.: It's one minute to 8:00. We're gonna have to hoof it! [They get out and run inside the resort. Once inside Lynn Sr. puts some money on the front desk.] Lynn Loud Sr. checking in.

Concierge: [types on her computer and notices something.] Oh no. I'm so sorry, Mr. Loud. But you missed your check-in time, and we gave away your rooms.

Lynn Sr.: But, but- But, but it's 8:00!

Concierge: Actually, sir… [points to the clock]… it's 8:35.

Lynn Sr.: [looks at his watch, only to find out it's broken.] Oh, my watch stopped. How did that happen?

[Flashback to when they were on the plane.]

Lynn Sr.: My puzzles!

[When he ducked, it turned out one of the suitcase's wheels managed to break his watch and he looks back. End flashback.]

Laney: You had to go get your puzzles…

Me: Yep. And she's right too. (I show my watch) It's 8:35 PM.

Lynn Sr.: Ah, please, can't you give us another room? We'll take anything you got!

Concierge: [looks at the results] I'm so sorry. The entire hotel is full.

Luan: You don't know what we've been through.

Luna: I've got a song about it!

Rita: Not now, honey.

Varie: Now's not a good time.

Concierge: I'd love to help you folks, but there's really nothing I can do.

?: But there is something I can do.

[The Louds turn around and it reveals to be the farmer they helped earlier.]

Lynn: Farmer Speedy?

Me: Surprising seeing you here.

Farmer: If it wasn't for you guys, I probably would've missed the check-in myself. So, the least I can do is help you folks out. You're staying with me.

Me: Really?

Varie: Wow!

Lola: Well, that's sweet, mister, but we're a pretty big family. How would you have enough space for all of us?

Farmer: Oh, not a problem. I've got the whole top floor. Let me introduce myself, I'm Jerry Kling, the cherry king. [holds up a jar of his company-branded cherries.]

Lynn Sr.: [gasps] What? I-I cook with your cherries all the time.

Me: I love your cherries. They are tasty.

Jerry Kling: Well, come on, folks. Let me show you to your quarters.

[The Louds chatter in excitement.]

Luan: Aw, this was very cherry-table of you. Up until now, this vacation was the pits. [laughs; Laney shoves some cherries into Luan's mouth]

Me and Varie laugh at Luan's jokes.

Laney: Have some cherries…

[And so the next day, Me, Varie and the Louds enjoy our vacation at the Weeping Willow. Lori, Leni, Luan, Lucy and me are riding horses, but Leni is facing the wrong way. Luna, Lynn, Lincoln, Laney, Lana, and Lisa are on tubes in the lake squirting each other with water guns, Varie is in her mermaid form splashing them, Jerry and Lola are snacking on some of his cherries at the dock, and Rita and Lynn Sr. are relaxing while Lily makes a sand castle.]

Lynn Sr.: Well, honey, we made it. Our first real family vacation.

Rita: I think we should make this a Loud family tradition.

[The couple clink their drinks together.]

Another Fanfiction Complete.

I've been having this one on my mind for a while. But I didn't know how to set it all up. But Tripped was awesome! I'm sorry if there's some confusion but it's a prequel to our global trip further down the road and the Tripped I wrote earlier. The blues song they sang had some similarities to the famous song of the 1980's Bad to The Bone by George Thorogood and the Destroyers and that was awesome! The name of the prisoner was never revealed in the episode so I decided to make up his name and how I busted him as the first ever serial killer I caught. The name came out of the blue for me. Let me know what you all think.

See you all next time.

# A New Ghost Boy

It starts in the Living Room of the estate. We are enjoying some time watching TV, playing board games, card games and more.

Me: Boy it sure is peaceful.

Aylene: It sure is.

Laney: Lets hope it stays that way.

Me: Yeah.

Lincoln: Lets hope so.

Lisa came and called for him.

Lisa: Elder brother, I require your assistance.

Lincoln: Sure Lisa.

Me: I better go with you just in case.

Lincoln: Okay.

Lincoln went up to Lisa's lab and he saw a strange device.

Me: Whoa! What is this?

Lisa: This my 2nd elder brother is my portal that will open up a doorway to the world of ectoplasmic apparitions; street name: Ghosts.

Me: Whoa! That is so cool.

Lisa: All it needs is to be plugged in and it will activate.

Lisa plugged it in but nothing happened.

Lisa: Something's wrong.

Me: That's odd.

Lisa: Let me go get a refreshment and recalculate my equations for it. Be right back.

Me: Okay.

Lincoln then put on a suit and decided to look inside it.

Me: What are you gonna do Lincoln?

Lincoln: I'm gonna take a look inside this thing.

Me: Okay but be careful.

Lincoln went into the machine and he felt around the wall and accidentally pressed the "On" Button and a massive flash of energy blasted him and he underwent a huge change!

I covered my eyes from the massive bright light.

Lincoln was screaming as a result and it was changing him in a powerful way. A ghost fused with his DNA. When the light faded, the portal was now fully operational.

Me: The portal works!

Lincoln was on the floor but he was now forever changed.

Lincoln woke up and he saw me.

Me: Lincoln, are you all right buddy?

Lincoln: J.D.? What happened?

Me: You survived the accident but you were changed because of it. Look.

I form a mirror of water and Lincoln now had glowing green eyes and his hair was still his white color.

Lincoln: What happened to me!?

Me: I don't know.

Lincoln got up and saw that I was right.

Me: I'm gonna go get everyone.

I went and got everyone.

In the lab we saw that Lincoln went invisible.

Me: What the!? Lincoln you went invisible!

Lori: Where is he!? I literally can't see him!

Me: He's right there. I see him with my Inferred Vision.

Danny: I know this all too well. Lincoln was given ghost powers.

Lincoln: I have ghost powers like you now Danny?

Danny: You sure do. I'll gladly train you in everything I know.

Lincoln: Thanks Danny. I greatly appreciate it.

---

Later Lincoln and Danny got to work and Danny was training him hard. Lincoln can now use intangibility, invisibility, can possess people, replicate himself, energy beams, blasts and balls, cryokinesis, force fields, ghostly wail, ghost sense, and more.

Lincoln was now like Danny Phantom and he had an LP on his shirt for his transformation. He was given a Fenton Thermos and an HTR 16 plasma blaster.

Lincoln was now ready to fight ghosts.

Another Fanfiction Complete.

I got the idea for this one out of the blue. I'm going to start working on a series where Danny, Sam, Tucker, Valerie, Jazz, Dani and Lincoln and his friends and sisters are gonna fight the ghosts of Danny Phantom. I'm gonna work on the first part of this coming up. Let me know what you all think.

See you all next time.

# Night of The Living Meat

It starts in the Gotham Royal York suburb of Danny Fenton's Home town of Amity Park, Michigan.

Me: So this is Amity Park.

Danny: Yep. It's home sweet home.

Me: And it's a suburb of Gotham Royal York. It's amazing.

Varie: It sure is. Funny thing is it's right across the street from the Gotham Royal York Middle School.

Lincoln: Yeah. I never even knew it was that close to Lynn's school.

Aylene: Me neither.

Sam M: Our city is practically right across the street from you guys.

Jazz: It sure is. It's like all of our cities are now becoming one.

Me: It does feel that way.

Nico: That is cool.

Me: It sure is. Hey Nico, were the Ichijouji's upset when they found out you killed Ken?

Nico: Upset was an understatement. But the Digidestined stood up for me.

---

T.K.: You really need to back off, Mr. and Mrs. Ichijouji!

Ken's dad: Have you forgotten what your friend did to our son?!

Nico: Ok, it's obvious you two are upset. So…

Ken's mom: Upset is when someone gets our order wrong at a restaurant. Upset doesn't even begin to describe how we're feeling towards you, murderer!

Cody H.: Hey! We're gonna ask you two one last time! Back. Off.

Ken's dad: You back off!

Davis: We're not going anywhere! Nico did what he had to do!

Yolei: We're not happy that Ken's dead either! But we are happy to still be alive! You should be grateful as well. That we can stand here having this argument at all!

Kari: Besides, Nico killed Ken in self defense. He didn't mean to do it on purpose. The way I see it, Ken's death was an accident!

Ken's mom: Figures that you all would still defend him. Well, congratulations. You've all saved the world. I just hope that it was worth the life of our son!

FLASHBACK ENDS

Me: They were enraged. I would've done exactly the same thing for you man.

Nico: Thanks J.D.

Varie: I'm sorry you had to kill Ken, Nico. He was a ruthless monster that was part of a plot to destroy both worlds and it was an accident.

Nico: Thanks Varie. I know.

Me: Does any of the Digidestined still talk to you?

Nico: Yolei calls me on Skype every now and then. She checks up on me to see how I'm doing.

Me: That's nice of her. I'm glad she's looking out for you.

Nico: Thanks J.D.

Me: You're welcome man.

We were in Casper High School.

Me: So this is Casper High School.

Danny: Yep. This is our school.

Jazz: It's a great school. But our teacher Mr. Lancer is a strict one.

Tucker: Yeah he is not everyone's cup of tea.

Me: I'll take your word for it Tucker.

Student 1: Hey what's up Danny?

Danny: Not much.

Student 2: Hey it's the ghost hero!

Lots of kids greeted Danny.

Me: Wow! Everybody worships you now Danny.

Danny: Yeah ever since I saved the world from the tyranny of Vlad Plasmius I have been treated with royalty.

Me: I believe it. But don't let it go to your head man.

Sam: He's not.

Me: Well that's a relief.

Dani: That's my cousin for you.

Me: I know and I heard that you became the youngest mayor in the history of the city and the United States, Tucker.

Tucker: That's right. At 14 years old I became the youngest mayor in any city in the United States.

Lincoln: That is so cool Tucker.

Laney: It sure is. I'm so happy for you.

Tucker: Thanks guys.

Me: You're welcome. Danny when you got your powers who was the first ghost you fought?

Danny: That was the Lunch Lady Ghost.

Lincoln: Lunch Lady Ghost?

Danny: She's the ghost of a cafeteria chef that used to work here at the school.

Sam: She was once an old lunch lady that worked here for 50 years. We don't know what happened to her and we suspect that she died on the job.

Me: Hmm. Let me see here.

I turn on my wrist computer and look up on the internet about her.

Me: Lets see here.

I scroll through names and I found one of interest.

Me: Here it is! He name was Delores MacNugget.

I pull up her profile.

Tucker: That is definitely her.

Danny: I think I know her. She was our cafeteria chef at elementary school.

Jazz: That was someone else Danny.

Me: Interesting. It says here that she vanished while working on the job in the cafeteria 30 years ago. Her body was never found.

Sam M: That's weird.

Jazz: That's unusual. She looks like she cooked really good food. Did they say how she vanished?

Me: Lets see.

I look it up and it said that there was insufficient data.

Me: Not enough data. But maybe we can find out.

---

In the kitchen of the cafeteria we were looking for anything that would link to the disappearance of Lunch Lady Delores MacNugget.

Me: Find anything?

Danny: Nope.

Lincoln: Nothing here J.D.

Me: Hmm.

I walked around and I stepped on a tile that was out of balance.

Me: What the?

I lifted the tile up and saw a strange red rock sticking out of the concrete foundation.

Me: That's unusual.

Sam M: I've never seen something like this here before.

Tucker: What do you think it might be?

Lincoln: Only one way to find out. I'm going Ghost!

Lincoln became Lincoln Phantom.

Laney: That is so cool big bro.

Lincoln: Thanks Laney.

Lincoln went intangible and he phased into the ground and we felt an earthquake and the floor was rising and Lincoln bursted through the floor with a giant red crystal as big as a factory vat.

Me: Whoa!

Laney: What in the world is that!?

Lincoln set it on the ground.

Mr. Lancer came.

Mr. Lancer: What in the world is going on here!?

Me: Mr. Lancer, sorry for all the commotion but we're solving the mystery of the disappearance of Delores MacNugget.

Mr. Lancer: She disappeared 30 years ago.

Sam M: We know.

Me: Yeah. Can you get me a hammer and a chisel?

Lincoln: Here you go J.D.

Lincoln handed me said tools.

Me: Thanks Lincoln.

I walk up to the crystal and feel it.

Me: It's made of crystalized barbecue sauce and meats. Is that even possible?

Laney: Lisa would know about this.

Me: Well. Only one way to find out.

I chip it and it crumbled apart and inside it was a mummified dead body of an old woman.

We gasped!

Me: Whoa!

Mr. Lancer: I don't believe it! It's Delores MacNugget.

Me: She was mummified in crystalized barbecue sauce and meats. Probably by accident.

Danny: But how did this happen to her?

Me: I know one person that can help us with that.

I pull out my cell phone and dialed a number.

Lucy was reading a poetry book at school when her phone rang.

Lucy: Hello?

Me: Lucy it's J.D. We found the mummified remains of Delores MacNugget underneath the kitchen floor in Casper High School.

Lucy: Gasp! I'm on my way J.D.

Lucy turned into a bat and flew towards the school.

Lucy flew in through the cafeteria window and became human and she went into the kitchen.

Lincoln had a puff of blue smoke come out of his mouth.

Lincoln: What was that?

Danny: It's called a Ghost Sense. It lets you know when a ghost is near.

Lincoln looked behind him and saw Lucy.

Lucy: Hey Lincoln.

Lincoln: Hey Lucy.

Lucy: Let me see the body.

Me: She's right here Lucy.

Lucy saw the corpse and looked into it's past.

It was thirty years ago in 1988. Delores was at work when an angry mob of vegetarians armed with pitchforks and torches and they demanded that she change the menu of the school cafeteria and serve only vegetables and fruits on the menu. But Delores refused and the mob was out for blood and they chased her into the kitchen and they pushed her over the edge of a rail and she fell into a vat full of barbecue sauce and mixed meats and she drowned. The school was built over the factory and left untouched for 30 years until today.

---

Lucy gasped.

Me: What is it Lucy?

Lucy: She was killed by an angry mob of vegetarians 30 years ago and she drowned in a vat of barbecue sauce and meats.

We gasped in horror!

Mr. Lancer: Oh good lord!

Me: That is a senseless crime! My son is a vegetarian but he wasn't born then.

Sam M: I'm a vegetarian too and I wasn't born back then either. She hates me for trying to change the menu here.

Tucker: I wasn't born back then either.

Danny: That explains her hatred for vegetarians.

Mr. Lancer: Yes. I can't believe that a sweet woman like Delores was killed in such a senseless manor.

Me: And her spirit won't be at rest until all the vegetarians that killed her are either brought to justice or destroyed.

Mr. Lancer: That is horrible. But you all solved a 30-year-old cold case here. Congratulations to you all.

Me: Thanks Mr. Lancer. After we fix all this up lets give Ms. Delores here a proper burial.

I snap my fingers and the kitchen was all fixed and cleaned up.

Lucy: Here's a body bag for you J.D.

Lucy handed me a body bag.

Me: Thanks Lucy.

Me and Lincoln put on gloves and put it in the bag and zip it up. It was taken to the Gotham Royal York Morgue.

Me: I'm sorry you had to see that Mr. Lancer.

Mr. Lancer: No worries J.D.

Danny: Sorry we didn't come to class Mr. Lancer.

Mr. Lancer: No worries Danny. I'll consider this as extra credit. It's such a tragedy that this happened to such a sweet woman like Delores.

Me: I know. Her life was snuffed out by the senseless and violent actions of an unruly vegetarian mob.

Nico: That is just completely awful.

Varie: Bunch of monsters.

Laney: Yeah. It's just awful that people will go to great lengths to get what they want and even express their opinions.

Lincoln: It sure is.

Danny, Dani and Lincoln sensed a ghost.

Suddenly we heard screaming coming from the school.

Me: Uh oh!

We go outside and saw numerous students being assaulted by monsters of meat!

Me: What the!?

Lincoln: Monsters of Meat!? What's going on!?

Danny: Uh oh! It's the Lunch Lady Ghost!

We saw an elderly ghost and she had a pink uniform with a white apron and she had green skin and red eyes.

Me: It's Delores MacNugget!

Danny: She was the first ghost I fought after I acquired my powers guys.

Lincoln: I didn't know.

Me: We have to eat her monsters! But lets cook them first.

Laney: That's right, we can't eat them raw. That's botulism and E-coli waiting to happen!

Me: You'll get no argument from me Laney. Lets power and suit up!

Me, Varie and Laney go Super Angel, Nico went Super Saiyan,

Danny: We're going ghost!

Danny, Dani and Lincoln go Ghost, Lucy, Jazz, Sam and Tucker go ghost hunter.

Me: Lets get them!

We dash towards them and fired blasts of fire and energy at the meat monsters.

Me: Lets chow down!

Laney: (Slurps) Lets eat!

We ate the meat monsters.

CHOMP! CHOMP CHOMP CHOMP! GULP!

Me: Mm-mwah! Perfection!

Lucy: Delicious.

Danny: You said it.

Tucker: Why didn't you just do this the first time?

Danny: Because she didn't have Meat Minions back then.

Sam: He's got you there.

I face the Lunch Lady Ghost.

Me: Delores MacNugget.

Lunch Lady Ghost: That's right dear. The famous J.D. Knudson.

Me: That's correct. We can help you Delores. We found your body and we know what happened. You were senselessly killed by a mob of angry vegetarians.

Lunch Lady Ghost: That's right. I was killed by those monsters.

Me: I know how you feel Delores. What they did 30 years ago was absolutely despicable. I don't care what food to eat. I eat everything.

Lincoln: It's true Delores.

Me: Plus you can't lash out against all vegetarians for everything they did. They were just voicing their opinions.

Lunch Lady Ghost: That doesn't give them the right to do what they did to me!

Lincoln: You're right Delores. They'll get what they deserve and they need to go to prison! But we don't know where they are!

Lunch Lady Ghost: Then I will find them!

Lunch Lady Ghost then called all the meat in the building and it merged with her and she became a gigantic meat monster!

Me: Holy Mother of All Biscuits and Gravy!

Lincoln: She's gigantic!

Me: We're gonna need some help!

I press a button on a call watch and the Avengers came!

Black Panther: That thing is huge!

Lunch Lady Ghost: More pests!

Falcon: I'll turn you into fried chicken!

Lunch Lady Ghost ate Falcon.

Black Panther: FALCON! NO!

Lunch Lady Ghost: Not so fun when one of you gets eaten, isn't it?!

Lunch Lady Ghost was interrupted when something began pushing inside her meat form. After a few minutes, Falcon came flying out of the meat monsters stomach.

Winter Soldier: You alright, buddy?

Falcon: You know what? Maybe I should start eating some veggies in addition to meat!

Me: That was awesome! I love how you did the Alien Chestburster thing.

Falcon: Thanks J.D.

Me: We need to cook the meat and eat it!

Lincoln fired lightning and Laney fired fire and I fired fire.

Some of the meat was cooked and we ate it.

Ben arrived.

Ben: Let me help out!

Ben became Eatle.

Ben: EATLE!

Me: A Beatlmand!

(Note: I don't know what Eatle's species is so I made it up)

Eatle: That's right J.D.

Eatle ate some of the meat and fired energy blasts from it's horn and burned her apart.

Me: Nice shooting!

Eatle: Thanks.

Rolf and Ed came and they were eating the meat on her. She formed more meat minions and they were eating them.

Me: Wow! This is turning into a battle between Vegetarians and Carnivores!

Nicole: (Offscreen) You said it dad!

Nicole flew in and ate all the meat off of Delores.

Nicole: (LOUD BURP) Whoops. Excuse me.

Me: You're excused Nicole.

Danny: Now you need to go back to the kitchen!

Me: I agree.

I fired my Fenton Thermos and suck her into it and put the cap back on.

Dani: That'll teach her for making the reputation of lunch ladies everywhere look bad!

Lincoln: You said it Dani.

We powered down and everyone cheered wildly for us.

Me: I'm sorry Delores. But your meat is really delicious and if I could I would've turned back the clock and saved you from the horrible fate that you were given. Bunch of cabbage-kissers! No offense Sam.

Sam M: None taken.

Jazz: I can't believe that Delores wants to get revenge on all vegetarians.

Black Panther: Same here. It's not right at all.

Me: Yeah.

?: Hey dweebs!

We saw Dash Baxter coming.

Me: And you are?

Dash: The name's Dash Baxter and you all are dead!

Me: I heard you love to bully Danny.

Dash: That's right and you are gonna be dead when I…

POW!

I punch him in the face and give him a nasty black eye.

Me: No one is touching Danny or his family and friends on our watch!

Dani: Yeah so get lost pukehead!

Me: Nice one Dani.

Dani: Thanks.

Sam M: You've tormented us for far too long Dash so beat it!

Tucker: Yeah! So get lost!

Me: Unless you want to die by my hands.

Dash: You will pay for this!

Mr. Lancer: I don't think so Mr. Baxter. I've been reviewing everything you've done over the course of your career here and you have been bullying Danny Fenton more than anyone else. So I'm giving you 8 weeks of In-School Suspension.

Dash: What!?

Mr. Lancer: And you can kiss that jacket good-bye.

We smirk at him and laugh at him.

Me: Stinks to be you loser!

Danny: I've been wanting this to happen to him for a while.

Lincoln: Well you got your wish Danny.

Me: What a dork!

Dash: You will pay for deadson!

Me: Your brother blows poop bubbles!

We laugh at him and what I said.

However unknown to us in Locker 724, there was an eerie presence.

Voice: Bulllliiiieeesss.

* * *

After we put Delores in the Ghost Zone we settled down to some dinner.

Nico got a call.

Nico: Oh please excuse me.

Me: Certainly.

Nico left and he had a Skype call from Yolei.

Yolei: Hey Nico.

Nico: Oh hey Yolei.

Yolei: So how are things in Royal York for you?

Nico: Pretty good. I got myself a girlfriend. And all of my new friends don't think of me as a murderer. (smiles sadly) Kinda reminds me of how you and the others stood by my side even after all that went down.

Yolei (sighs): Look, I know killing Ken was tough. But you made the right decision, even if it was an accident.

Nico: Well, I'm not so sure about that. Even after all these years, I still keep replaying Ken's death in my head. Maybe there was another way to stop him.

Yolei (smiles warmly at me): Look, if you hadn't killed Ken, all of us and the Digimon probably wouldn't be alive right now. So please stop beating yourself up, ok?

Nico: Thanks Yolei.

Another Fanfiction Complete.

This is the first chapter in the Danny Phantom Series in progress. NicoChan11 and I put it together. Thanks man as usual. We have a lot of ghosts ahead of us and Halloween is just right around the corner. So get ready for a bunch of SCARY ADVENTURES! (EVIL LAUGHTER) Enjoy and let me know what you all think.

See you all next time.

# Assault on The Evil Dragon Castle

It starts in Lucy's room at the estate and Brittney was singing a song as a vicious lightning storm formed in an illusion. She was singing Gravity of Love by Enigma.

Brittney: (Singing Divinely)

"O Fortuna velut Luna" *["O Fortune like the Moon"]*

Turn around and smell what you don't see

Close your eyes… it is so clear

Here's the mirror, behind there is a screen

On both ways you can get in.

Don't think twice before you listen to your heart,

Follow the trace for a new start.

What you need and everything you'll feel

Is just a question of the deal.

In the eye of storm you'll see a lonely dove

The experience of survival is the key

To the gravity of love.

(Lightning struck ferociously in the sky as the Sun was setting behind her)

"O Fortuna velut Luna"

The path of excess leads to the tower of Wisdom

Try to think about it…

That's the chance to live your life and discover

What it is, what's the gravity of love

"O Fortuna velut Luna"

Look around just people, can you hear their voice

Find the one who'll guide you to the limits of your choice.

But if you're in the eye of storm

Just think of the lonely dove

The experience of survival is the key

To the gravity of love.

"O Fortuna velut Luna"

"O Fortuna velut Luna"

The song ended and Lucy, Haiku and the goths cheered.

Lucy: That was amazing Brittney.

Brittney: I've always known that song for a long time Lucy. It's been with me before I embraced the Gothic subculture.

Haiku: That is a cool song.

Shannon: It sure is.

Lana then came in.

Lana: Guys there's a strange story on the news you got to see!

---

In the Living Room on the TV we saw a strange story.

Katherine: This is Katherine Mulligan reporting where a ferocious fire-breathing dragon is wreaking havoc in the middle of the city!

Brittney: Oh man! We got to go stop it now! Goths of Darkness lets move out!

Brittney, Shannon, Maggie, Haiku, Lucy, Raven, Wednesday, and Laney spread their wings and Marie K.L. and Meg rode on Marianas to the city.

They were in the city and they saw a pink dragon with green eyes, pink feather wings and a breath-taking appearance.

Brittney: That is a beautiful Dragon.

Wednesday: It sure is.

Raven: Why would a dragon attack the city like this?

Lucy: Very good question Rachel. Lets find out.

Maggie then noticed a strange amulet around the dragon's neck.

Maggie: Wait! That amulet. I've seen it before.

Maggie then pulled out a book about legendary and mystical artifacts. She found a surprising discovery.

Maggie: Here it is. It's the Cursed Amulet of Aragon. According to myth it is an amulet that has the power to transform anyone into a dragon. But the transformation can only happen when the person is under intense emotions like rage, anger or when they're mad.

Lucy: Gasp! That sounds like a very dangerous medallion.

Marianas: It is. We dragons greatly fear that amulet. It's been that way for thousands of years.

Marie K.L.: We have to remove that amulet from its neck.

Maggie: That's the only way to return the wearer to normal.

Brittney: Well then let me do it.

Brittney flew in and grabbed the amulet.

The dragon changed back and it was a girl with brown hair and she had pink and white clothes, yellow shorts and pink boots. She was unconscious.

Marianas: Great job Brittney.

Brittney: Thanks Marianas. Lets get her back to the estate.

They did so.

---

Back in the estate they watched over her and she started to stir.

Brittney: She's coming around.

She woke up.

?: What happened?

Brittney: This amulet changed you into a dragon when you got angry.

Brittney showed the amulet to her.

?: Who are you all?

Brittney: We are the Goths of Darkness of Gotham Royal York. I'm Brittney Knudson.

Lucy: I'm Lucy Loud.

Maggie: I'm Maggie Loud.

Haiku: I'm Haiku Loud.

Wednesday: I'm Wednesday Addams Loud.

Shannon: I'm Shannon Sanderson Deluth Loud.

Marie K.L.: I'm Marie Kanker Loud.

Raven: I'm Rachel Roth, but everyone calls me Raven.

Laney: And I'm Laney Loud. I hang out with everyone.

Kari: It's a pleasure to meet you all. I'm Kari Kamiya.

Brittney: Pleasure to meet you Kari. Nico told us all about you and how you all destroyed MaloMyotismon.

Kari: Yes you know Nico?

Laney: We sure do. He told us everything that happened and how he killed Ken. That scarred him for life.

Kari: Yeah but I'm glad he's doing all right.

Raven: Yeah.

Me, Nico and Vince came in.

Me: Hey guys we're home.

Nico: It was an aw… Kari?

Kari: Nico!

They hugged.

Nico: Kari it's awesome to see you here.

Kari: Same here.

Me: So you are Kari Kamiya.

Kari: That's right. It's an honor to meet you J.D.

Me: Pleasure's all mine.

Vince: Same here Kari.

Nico: So what brings you here to Michigan?

Kari: I didn't come here on my own accord. This amulet made me transform into a dragon and I went on a rampage and flew here.

Me: That's weird.

Brittney: This amulet is the Cursed Amulet of Aragon. And it turns the wearer into a dragon when they get angry.

Me: That's a deadly thing.

Vince: It sure is.

Danny: Aragon? That monster dark dragon tyrant ghost prince?

Sam M: I remember him. He and our friend Princess Dora kidnapped me to make me his bride in a forced marriage.

Tucker: That guy is a monster.

Jazz: That's what I heard.

Me: He must be really ruthless.

Danny: "Ruthless" is an understatement for him. He is so despicable, vile, and so tyrannical that he will kill anyone to get what he wants.

Me: That's terrible Danny.

Sam M: Princess Dorathea or Dora as she's called is our friend and she has helped us a lot.

Varie: I believe it.

Kari: What's this about ghosts?

Me: We've had a lot of awesome and powerful adventures over the years Kari and it's all amazing.

Aylene: Some of the adventures are ones we can't even begin to imagine.

Kari: I've heard about all of them all over the news and how they have affected the world.

Lincoln: Yeah. We've been all over the planet and learned about all kinds of things and did all sorts of amazing adventures and even been all over the universe.

Laney: It's true.

Kari: Wow. That's amazing.

Lincoln: It sure is.

Me: We'll talk about the rest of our adventures later. Right now we need to get ready.

Danny: That's right. We need to destroy Aragon and make him pay for everything he did to us.

All right lets head to Lisa's lab.

We did so.

---

In Lisa's lab we stood by the portal into the Ghost Zone. Jazz brought out the Fenton Ghost Cruiser. Their personal cruiser for the Ghost Zone.

Me: Okay now Danny you're gonna have to take us to where the Castle of Aragon is. We don't know all about the Ghost Zone like you guys do.

Danny: Okay I can do that.

Kari: Wait, where's Gatomon?

Me: I think she's back in Japan. Let me call her for you.

I get into a stance and pull out my digivice and a Gatomon card.

Me: (Echoing) DIGIMON SUMMON: GATOMON!

I scan the card and a portal appeared and out came Gatomon.

Gatomon: Wow! That was a rush.

Kari: Gatomon!

Gatomon: Kari!

They hugged and were reunited.

Gatomon: I'm glad you're all right.

Kari: Thanks Gatomon.

Lola and Lana squealed when they saw Gatomon and they hugged her.

Lola: Gatomon is so cute!

Lana: She's adorable!

Me: Okay you two let her go. We need to get to work.

Lana: Oh right.

Me: Come on guys. Lets go dethrone a king!

Everyone: YEAH!

Danny: Wait guys. Once we go into the Ghost Zone we'll be like ghosts like they are here on Earth.

Me: Thanks for the heads up Danny.

Lucy: I have a spell that will make us fight them.

Me: Great Lucy.

She casted the spell and we were given the ability to fight ghosts in the Ghost Zone.

Me: Awesome. Lets go guys.

Danny, Dani & Lincoln: WE'RE GOING GHOST!

Danny, Dani and Lincoln went Phantom. We went into the Ghost Zone.

Once inside the Ghost Zone, Nico pulled out his Digivice.

Nico: Lets digivolve Poromon!

Poromon: Right!

A beam of Light enveloped Poromon.

Poromon: POROMON DIGIVOLVE TO…

He became Hawkmon.

Hawkmon: (Echoing) HAWKMON!

Then he went into the Champion Level.

Hawkmon: HAWKMON DIGIVOLVE TO…

Hawkmon became Aquilamon.

Aquilamon: (Echoing) AQUILAMON!

Kari: Lets show that king a thing or two Gatomon!

Gatomon: You got it Kari.

A powerful beam of pink light hit Gatomon and she digivolved.

Gatomon: Gatomon digivolve to…

She became the beautiful Angewomon!

Angewomon: (Echoing) ANGEWOMON!

Me: Lets have three more Digimon join the party! (Echoing) DIGIMON SUMMON! ZHUQIAOMON, LILLYMON AND KAZEMON!

Zhuqiaomon, Lillymon and Kazemon arrived.

Zhuqiaomon: We got your call J.D. We haven't seen each other in a while.

Me: I know my sovereign and I'm sorry. We have a tyrannical ghost prince to overthrow and kill.

Lillymon: But we can't kill ghosts.

Me: Actually we can. Lucy here has the power to kill evil spirits.

Kazemon: Oh this I got to see.

Scarlet Witch was with us.

Scarlet Witch: Are we ready?

Me: We sure are. Danny lead the way.

Danny: Right. We got a prince to dethrone!

We flew towards Aragon's evil castle. As we were going we saw that the Ghost Zone was as vast as the endless reaches of space.

Me: Wow. This place goes on forever. It's hard to imagine that it's home to ghosts of all kinds.

Brittney: No kidding dad. This is amazing.

Lucy: I would call this place my home away from home.

Haiku: Me too.

Raven: This is unbelievable. The Monks of Azarath never mentioned this place.

Scarlet Witch: I don't think they would ever know about a place like this.

Zhuqiaomon: We have known about the Ghost Zone for years. The Sovereign have known about it ever since we were created.

Lillymon: This is all amazing.

Kazemon: It sure is.

Danny: When I first came here it was a nightmare. I was captured by the vigilante prison warden ghost Walker.

Me: I remember him. We'll have to deal with him later.

Laney: This place is amazing. I can't believe that so many ghosts live here.

Sam M: It is amazing.

We then came across a maze tunnel with staircases in all directions.

Me: Wow. It's like we're going through the famous maze painting by M.C. Escher - Relativity.

Laney: It sure feels that way. That's one of my favorite paintings.

Zhuqiaomon: This is all a magnificent feat that the Ghost Zone has.

Kari: It sure is.

Angewomon: This is all a huge mystery for all of us.

Aquilamon: Agreed. The castle must not be that far away.

Kari then felt a pain in her head.

Nico: You alright, Kari?

Kari: I'm fine, Nico. I just have this feeling growing inside me.

Danny: Guys we're here.

We saw up ahead an evil castle with a dead forest surrounding it and it was covered by dark clouds.

Me: So that's Aragon's Kingdom.

Brittney: There's a lot of evil coming from it.

Laney: I can feel it Brittney.

Me: All right then. Lets power up guys!

Me, Varie, Laney, and Brittney went Super Angel, Nico went Super Saiyan, Lana, Lola, Lucy, Maggie, Haiku and Shannon spread their wings and Sam, Tucker and Jazz got their weapons ready and Aylene spread her wings and had her sword ready. Ed became Edzilla and Eddy had his wings spread.

Me: Lets get him!

Edzilla: SMASH DRAGONS!

Zhuqiaomon: (Echoing) BLAZING HELIX!

Zhuqiaomon fired a huge stream of fire in a helix formation at the castle.

Lillymon: (ECHOING) FLOWER CANNON!

Lillymon fired an energy blast from a cannon in the shape of a flower.

Kazemon: (Echoing) HURRICANE WAVE!

Kazemon fired a blast of tornadic wind from her fingertips.

Angewomon: (Echoing) CELESTIAL ARROW!

Angewomon fired an energy arrow from a bow on her arm.

Aquilamon: (Echoing) BLAST RINGS!

Aquilamon fired a blast of ringed energy from his mouth.

The blasts hit the castle at the same time and it exploded with incredible power!

KRABBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

The explosion blew the whole castle apart and Aragon came out and he was not happy when he saw us.

Aragon: You!

Me: That's right. Us. Your reign of terror is over Aragon.

Aragon was enraged and he became a dark dragon. His dragon form was very similar to Maleficent's evil dragon form.

(LOUD ROAR)

Me: Whoa! What a monster dragon!

Scarlet Witch: No kidding!

Me: Lets destroy him!

Lincoln: This is gonna be awesome!

Me: Lets go!

Ben: Let's get him!

Ben became Ultimate Swampfire.

Ben: ULTIMATE SWAMPFIRE!

Me: An Evolved Methanosian!

Ultimate Swampfire: That's right.

Aragon fired a blast of blue fire at him and Nico fired a blast of water at his fire and extinguished it.

Me: My grandmother shoots better than you!

I fired an energy blast and blew his wings off.

He roared in excruciating pain!

(LOUD ROAR)

Lincoln: Your breath is just as bad as your ego!

Lincoln fired a blast of Lightning at him and electrocuted him.

Scarlet Witch: Lets use that combo we worked on Raven.

Raven: You got it Scarlet.

Scarlet Witch and Raven fired a red black energy dragon at Aragon.

Scarlet Witch & Raven: BLACK ROSE DRAGONSTORM!

Aragon blew blue fire at the dragon but it dissolved it and it hit Aragon and burned him in a huge explosion.

KRABBBOOOOOOOOOOOOOOOOOOOOOOOOOMMMMMMMMMM!

Ultimate Swampfire fired blasts of blue fire at Aragon and burned him bad.

Kari the grabbed her head in pain.

Me: Kari what's wrong?

Kari: I can't control the dragon within me!

Me: Yes you can Kari! You have the power to tame the beast within you. You can do it Kari. I believe in you!

When I said those words something changed inside her.

Deep in her subconscious she was talking to her dragon form.

Kari: Chemera, We have to work together to destroy Aragon once and for all.

Chemera: Yes I know and Aragon has made a complete and total mockery of us dragons for centuries and he must be stopped at all costs. It's time for humans and dragons to work together.

Kari: Lets do it.

They fistpumped and they were enveloped in a blinding pink light.

In the ghost zone Kari's amulet changed into the Crest of Light and she started to change. Her eyes became blue and slit, her teeth became fanged, she grew horns from her head, her skin became pink and scaly, she grew wings from her back, her hands and feet grew claws and she grew a long pink tail with yellow spikes. She became a beautiful dragon!

Me: Wow!

Angewomon: Kari is that you!?

Dragon Kari: Yes Angewomon it is me. I now have full control.

Me: I knew you can do it Kari.

Dragon Kari: Ed, it's alright. I'm me again!

Edzilla: ED NOT THAT STUPID! DRAGON GIRL WILL BE SMASHED! (punches Kari some more)

Danny: Ed! Just this once, don't smash!

Edzilla: AW! BUT PUNY DRAGON!

Eddy (sternly): Lumpy!

Edzilla (pouts): Fine! (reverts back to Ed)

Me: Good boy Ed.

Dragon Kari: Thanks J.D. and you too Eddy.

Nico: Lets show him no mercy!

Kari breathed a huge blast of pink fire at Aragon and it burned him bad.

Sam rallied up the citizens and formed a revolt against Aragon.

Nico swooped in and grabbed Aragon's amulet. He changed back to his human self.

Me: Leave him to me guys. He's mine.

I fly down and land on the ground.

Me: It's over Aragon. Your reign of terror is finished.

Aragon: No! I will never be finished! You all ruined everything!

Me: And I show no remorse in doing so. You've tormented these people for far too long Aragon and now it will end for you!

Aragon: Not if I take you with me to Hell!

Me: So be it!

I unsheathe my sword and he did the same and we ran and clashed. We were having a majorly violent sword fight and massive amounts of sparks were flying everywhere and setting the forest on the land on fire. It was like a battle in the very darkness of Hell.

We were facing each other.

Aragon: I hate you J.D.!

My aura flared up.

Me: Your hatred only makes me more powerful.

I punch him in the face and send him crashing into a tree. Ultimate Swampfire fired blasts of fire at Aragon and burned him.

Me: You are no prince Aragon.

Aragon heard that and he was infuriated.

Aragon: What did you say to me!?

Me: You are no prince. All you are is nothing but a ruthless and arrogant tyrant that delights in seeing others suffer for you own selfish desires! Your power is now nothing compared to that of an angel.

Then something in Aragon snapped and he screamed in an incredibly massive explosion of insane anger and rage! He then grabbed his sword and went at me and we resumed clashing and we were going at it with extreme speed and ferocity. Then as he clashed with my sword again he broke his sword on my blade and I sheathed my sword and punched him in the stomach and kicked him in the face.

He got up and went at me again and I dodged him and kicked him in the back. He crashed into a burning tree and it crashed onto him. Aragon got up and he was getting madder and madder by the second at an incredibly insane level.

Aragon: (ENRAGED SCREAMING) I HATE YOOOOUUUUU!

My aura flared up to an extreme level.

Me: You can hate me all you want but all you're doing is making me more powerful.

We clashed in a ferocious fistfight and it was a brutal and savage clash of the titans. It was a ferocious and vicious fight. None of the both of us were willing to give up until one of us dies. Massive fiery explosions and thunderous shockwaves were decimating the area and the power of our fight was being felt all throughout the Ghost Zone. Lightning from our punches struck separate islands all over the area. It was shaking the very fabric of the universe in its entirety. I punch him in the face and we both unleash a ferocious flurry of fisticuffs and kicks and we were really destroying each other. But I dodged all of his attacks and more. We fired energy blasts and more at each other and massive explosions destroyed everything around us. We were now flying over the kingdom in the Ghost Zone and it was a really ferocious fight.

Sam then fired a blast from her energy blaster and Jazz fired her energy bazooka and they hit Aragon and I stabbed him in the chest and when I pull my arm out a massive blast of black lightning hit him.

Lucy: Never again will you terrorize the lives of ghosts and people everywhere!

Aragon screamed in excruciating pain as he was being destroyed completely.

Me: Go to Hell and stay there you pathetic son of a (Censored)!

Aragon's spirit was killed by Lucy Loud, the slayer of evil spirits.

Aragon was destroyed completely. His spirit no longer exists.

Me: It's over guys! We won!

We all cheered wildly.

The Reign of Terror of Aragon had been silenced forever and he will never terrorize his people or the Ghost Zone ever again.

Princess Dorothea was now made Queen and she was a really benevolent queen that was pure good.

Queen Dora: Thank you so much for helping us destroy my brother Aragon.

Me: It was our pleasure your majesty. If anyone deserved to be destroyed it was Aragon the Terrible.

Queen Dora laughed.

Queen Dora: That's a good name for him.

* * *

Later we were back in the living room and we were sitting on the couch watching TV and playing board games.

Lincoln: That was awesome.

Dani: It sure was Lincoln. I'm glad we killed Aragon.

Kari: Me too Dani. It's awful that he wanted to rule the Ghost Zone with an iron fist.

Me: Yeah.

Nico: So what did you think about all this Kari?

Kari: It was amazing Nico. It's hard to imagine that you all have done so much.

Me: We get that a lot Kari.

Lincoln: Yeah.

Laney: By the way Danny were there other Ghost Hunters out to destroy the Ghost Zone?

Danny: Yes there were Laney. Our most deadliest enemy ghost hunter organization was the Guys in White. They are these men that wear these White Tuxedoes and they want to destroy the Ghost Zone.

Me: But if they did then they would destroy the Earth too.

Danny: Yeah. After I saved the world from Plasmius' plans Guys in White were trying to experiment on the ghosts of America's Founding Fathers and Valerie reported this and got them arrested for treason.

Laney: That's awful.

Varie: I agree. Messing around with all of America's history is treachery to our country and I wouldn't be surprised that they got the chair for it.

Lincoln: Me too.

Aylene: Lets hope so.

Me: Same here. But great job guys.

We were watching TV until it was time for dinner. Kari Kamiya is living with us from now on and so is Gatomon.

THE END

Another Fanfiction Complete.

This is Part 2 of my Danny Phantom Series. I hated Aragon for his cruel and malevolent ways and they were absolutely despicable. NicoChan11 gave me the ideas and lines for this one. Thanks for that man as usual. Next up is the nerdy ghost Sidney Poindexter who hates all bullies with a vengeance like I do. Let me know what you all think.

See you all next time.

# Vigilantism of Sidney Poindexter

It starts at Casper High and Me, Varie, Aylene, Lincoln, Lori, Lana and the Fenton Team are walking down the hall.

Me: Another day at Casper High.

Lori: This is a nice school. It's literally much different than ours in Gotham Royal York.

Lana: It sure is big sis.

Dash: Hey Fenturd!

Dash came and he was infuriated.

Me: Dash. What an unpleasant surprise.

Dash: I'll pulverize you into bloody mush for ruining my life!

Danny: You brought all that on yourself Dash.

Dash: I'll show you deadbeat!

I punch him in the face.

POW!

I send him crashing into a locker and he landed on the floor and the door fell and hit his head.

CLANG!

Mr. Lancer came.

Mr. Lancer: You're in trouble again Mr. Baxter.

Mr. Lancer grabs him by the ear and pulls him.

Dash: You will pay for this! I will kill you and eat your heart and crush your head and splatter your blood and brains all over the place! ***I SWEAR IT!***

Me: Ah your brother chews on whale barnacles!

We all laugh at him.

I then see a mirror in the locker.

Me: I wonder what this mirror is for.

Danny, Lincoln and Dani's ghost senses activate and the mirror in the locker glows and out came a nerdy kid ghost.

Danny: Sidney Poindexter.

Lincoln: Who's he?

Me: Let me see here.

I look him up on my arm computer and found some surprising information.

Me: Here it is. Sidney Poindexter. He once attended Casper High School back in the 1950's over 60 years ago. He was the victim of bullying around the clock and was shoved into his locker, locker number 724 more times than anybody else could count. He was also the victim of so many cruel pranks that nobody can even fathom the torment he went through here and that makes me really sick!

Sidney: You're telling me J.D. But it's an honor to meet you though. We have heard all over the Ghost Zone about you all.

Me: Pleasure to meet you too Sidney.

Sidney: You too. Danny I'm sorry I mistook you for a bully.

Danny: It's all right Sidney. I forgive you.

Me: Cool. I can't believe that those kids back all those decades ago did all that stuff to you. If I could turn back the clock I would gladly pulverize all those menacing kids into mush for you.

Sidney: Thanks J.D. but that's not needed. When I died I made it my mission to defend all the nerdy kids from bullies like those two big brutes.

Tucker: You mean like Dash Baxter and his best friend Kwan?

Sidney: Exactly.

Me: Yeah. Some bullies can never be reformed through normal methods and juvenile correctional facilities and they can never learn from their mistakes. They think they're so much better than everybody else that they think that they can get away with anything.

Varie: Yeah. That's sick.

Aylene: You'll get no argument from me Varie.

Lori: If I saw someone bullying someone I would literally turn them into a human pretzel!

Lana: I would smash their faces in and have Lola drive over them with her Princess Car!

Me: Well said girls.

Lincoln: I know how you feel Sidney. My sister Luan was bullied for her braces, Lucy was bullied because of her dark appearance and style and Laney was bullied for the sheer pleasure of it.

Laney: It's true Sidney and I killed my bully twice.

Sidney: His name was Chandler Henderson right?

Laney: Yes. How did you know that?

Sidney: His evil spirit is in the Ghost Zone.

Me: Is he royalty over there?

Sidney: No he is far worse than that. He's terrorizing the elementary school across the way from the Casper High School in the Ghost Zone.

Me: Even in death he still delights in seeing people suffer.

Sidney: That's right. I've always been able to stop him. But after our last fight he fled and we have no idea where he is in the Ghost Zone.

Laney: So my old nemesis is coming back.

Me: We won't let him touch you Laney. Maybe we can help you Sidney.

Sidney: Thanks J.D. But lets stop these bullies here.

Me: You read my mind. Danny besides Dash who also picked on you?

Danny: Kwan. He's Dash's best friend and he supports him.

Me: Well then. It's payback time.

We were on the warpath. Dash just came out of the Principals office when suddenly Dash had a kick me sign placed on his back. Star saw this and she came up to him and she kicked him in the butt.

WHAK!

Dash: OW!

Star: Loser!

Sidney saw Star and almost instantly he was hit with Cupid's arrow.

Me: Looks like someone is in love.

Sidney: You're right J.D. I'm in love with her. (Points to Star)

Danny: Oh that's Star. She is one of the popular ones.

Sidney: She's beautiful.

Me: Lets get you two hooked up later.

Sidney: But I'm too nervous.

Me: Don't be man. Lets work on it later.

Star punched Dash in the face.

POW!

Sam M: Nice one Star.

Star: Thanks Sam.

We had Dash cornered and we were ready to pulverize them.

Me: Welcome to the corner of pay and back.

Danny: I've been wanting to do this for a long time.

Kwan came and grabbed Dash.

Kwan: Dash this way!

Dash: I know a good hiding place!

They ran and we followed them. We saw them go into the janitors closet.

---

Kwan: Dash! Hiding in the janitor's closet isn't going to save us from harm's way once Fenton and his friends eventually find us!

Dash: Relax, will ya? I always keep a couple of months worth of food for when the heat gets turned up. [eats a big of chips.] They'll forget about us in no time.

Kwan: How'd you manage to get this much food in here?

Dash: Being the quarterback has its advantages.

Me: (From outside) We know you guys are in there. Come on and fight us like men.

Dash: Never!

Me: Have it your way.

---

We waited and they were not coming out.

Me: They're not coming out guys.

Star: Kwan is such a coward.

Sidney: You said it Star. By the way my name is Sidney Poindexter.

Star: (Gasp) You're the ghost of the kid from the 1950's.

Sidney: That's right.

Star: Oh Sidney. (Hugs him) I'm so sorry you were bullied all those years.

Sidney: It's all right Star. But thanks for your concern.

Star: You're welcome Sidney and I think you are really cute.

Sidney: (Blushes) Thanks Star.

Kwan: (From the closet, Betrayed) Star… why?

Star (to Kwan): We're through, you and me! I got someone else now. Someone better!

Me: Whoa! That's a harsh breakup. But he deserves it.

Lana: You said it.

Lori: Yeah. Kwan and you are not perfect for each other Star. But I'm getting married to Bobby soon.

Sam M: We heard about that. Congratulations Lori.

Lori: Thanks Sam.

Me: Well they're not coming out. Want to get some grub?

Danny: You know it. Lets go to the Nasty Burger.

Laney: Sure. I want to see how it compares to our favorite restaurant the Burpin Burger.

Danny: Okay.

We left.

---

We went to the Nasty Burger and it was just as good as the Burpin Burger. Valerie Gray was with us.

Me: Mmm. Delicious.

Laney: It sure is.

Sidney: I haven't had food this good in 60 years.

Star: I'll bet.

Me: No offense Star but I'm glad you left Kwan. He and Dash are total jerks.

Star: None taken J.D. and yes I'm glad too.

Jazz: That's good.

Lana: Same here.

Lincoln: Yeah. Our buddy and best friend Vince works at the Burpin Burger in the middle of the city and he makes great burgers.

Star: That's what we heard.

Sidney: I also heard from a source that your little sister works at an underwater restaurant.

Laney: That's our youngest sibling Lily. She works at the Krusty Krab 2.

Me: She's a great fry cook.

Sidney: That's what I heard.

Valerie: You guys have a lot of talent in some amazing things.

Me: Thanks Valerie. I heard from Danny that you are a really good Ghost Hunter.

Valerie: Yep. I have awesome Ghost Armor.

Me: That's amazing. We'll have to see it sometime.

---

French Narrator: (French Accent) 10 Days Later.

---

We waited some more outside the janitors closet. We were playing card games and board games. I was playing poker with Sam.

Me: It's been 10 days. They should just accept their fates like men.

Sam M: Yeah.

We were playing for candy.

Me: Lets hope he doesn't starve himself in there.

Danny: C'mon, Dash! It's been 10 days now. You and Kwan better come out.

Dash: Forget it! We're not getting beat up!

Mr. Lancer: Mr. Baxter, you two have probably run out of food by now. Just take your beatings like men and then we'll give you two something to eat!

Me: Yeah come out and take your lumps you mommas boy! (Giggles) I have always wanted to say that.

We laugh at him.

But then something snapped inside Dash when he heard me say

that.

Me: (Senses something) Uh oh! Lets get out of the way!

Danny: Why?

Me: Just do it guys!

We did so and when we got away Dash busted through the closet door like a mad cow and he had eyes full of blazing hatred aimed at me! He was like Lola but without the Fire Powers!

Dash: (ENRAGED SCREAMING) NO ONE! CALLS! ME! A! MOOOOMMMMMMMMAAAAAAAAASSSSS BOOOOOOOOOOOOOOOOOOOYYYYYYYYYYY!

He was so enraged that it was unbelievable and he charged at me like a wild animal and we fought ferociously. Me and Dash got into an extremely savage fist fight. But in the end I came out on top by punching him in the face and kicking him in the nose. He had stars and footballs spiraling around his head. Sidney gave Dash an atomic wedgie and turned it into an irreversible super-ultra-mega wedgie.

Sidney: That'll teach you ya big bully!

Me: You said it Sidney.

I punch Dash in the head and he was in a stupid comedic state. I blow on his face and he was knocked down.

Me: Never mess with people like us. (Blows on Knuckles)

Nico: What a loser.

Me: You said it Nico. (We high five)

Dash and Kwan were expelled from Casper High School for bullying Danny.

---

Later we went into the Ghost Zone and saw an exact replica of Royal Woods Elementary before it became Gotham Royal York Elementary.

Me: Weird. This looks like our elementary school.

Sidney: Yes. This is your school but it's from the 1950's.

Lincoln: I didn't know that.

Laney: Me neither.

We go into the school and saw the kids hanging out.

Me: Boy it's like a blast from the past.

Sam M: It sure does feel like it. It feels like we've gone back in time.

Tucker: That's exactly what it feels like.

Danny: So Lincoln what was this Chandler Henderson kid like?

Lincoln: He was the meanest and nastiest popular kid in our school and he would always do anything to get what he wanted.

Laney: But that's not the worst part of it.

Sam M: What happened Laney?

Laney: I stood up to him and got my revenge on him for bullying me. But as we fought I inadvertently made him reveal his most diabolical plot.

Star: What happened?

Sidney: I heard he was gonna burn down the whole elementary school, kill all the kids and frame J.D. for the crime.

Me: That's right. But we stopped him and had him arrested. He was expelled and sent to a maximum security insane asylum for life.

Laney: Yes. But then he busted out and he came after me to get revenge. But the worst part was that he sold his soul to the Devil for the power to kill me. I fought him at my maximum power and Riley got her powers that day when she saw me fighting. The necklace he got was the source of his power and I took it and shattered it into a million pieces. But as a result the deal he made was broken. The Devil killed him and he disintegrated into a pile of dust and blew away into the wind. I killed him.

Star: Whoa! Laney that's horrible.

Lincoln: It was awful. But Chandler got what he deserved.

Sidney: He sure did. But we here in the Ghost Zone have a strong connection to the Afterlife. Chandler's deeds were so incredibly vile that not even Heaven or Hell would accept him. So he was condemned here to the Ghost Zone for all eternity.

Me: And now he's forever trapped here in Limbo, so to speak. That's weird. So the Ghost Zone is like Purgatory.

Danny: That's how some people view it J.D.

Lori: That is literally weird and amazing at the same time.

Jazz: It sure is Lori.

Me: He should be here somewhere.

Sidney: I know where he is.

Sidney lead us to him and we saw Chandler Henderson being beaten up by a bunch of kids and they were a bunch of kids that Lincoln knew.

Lincoln: Wait a second. I know those kids. Wheeler, Desmond, Ralph!

They saw him.

Ralph: Lincoln Loud Train? Is that you!?

Lincoln: It sure is.

They hugged for the first time in almost 2 years.

Lincoln: I didn't know you guys were dead.

Desmond: Yeah. Chandler Henderson here murdered us in cold blood when he was on the warpath to get his revenge.

Me: What a monster. It's great to see you guys again.

Wheeler: You too J.D. Lori you're just as pretty as I remember.

Lori: Thanks Wheeler.

Laney walked up to Chandler.

Laney: Hello Chandler.

Chandler: Scarfy. You haven't changed at all since we saw each other last.

Laney: Well I'm still kicking. Now you're nothing but a cold-blooded murderer.

Chandler tried to punch Laney but his fist phased right through her.

Chandler: I hate being a ghost! If only I were alive then I would kill you!

Laney: As long as you're a ghost you can't touch me.

Me: I think this fate is perfect for you Chandler and you got what you deserved for selling your soul for power to God's ultimate enemy.

Danny: You brought all that on yourself Chandler and you deserve it.

I punch Chandler in the face and send him crashing into the lockers and through the wall and into a classroom. He was knocked stupid.

Chandler: (Stupidly) Mommy can you please read me the story about the cute pony?

Desmond: That was awesome J.D.

Wheeler: You've gotten stronger J man.

Me: Thanks guys. Years of training and hard work. But Chandler hasn't learned at all.

Ralph: You said it J.D.

Sidney: I'm glad this ruthless bully is being kept in line by you guys.

Wheeler: Thanks Sidney.

* * *

Later we went home and Laney brought her friend Cheryl Henderson with her for some fun.

Cheryl: So I heard you all talked to my brother Laney.

Laney: We sure did. Even though he's dead.

Cheryl: I'm glad he's gone Laney. Thank you for killing him.

Laney: You're welcome Cheryl. I hate Chandler and always will. He made my life a living nightmare and I'm glad he got what he deserved.

Cheryl: You said it.

THE END

Another Fanfiction Complete.

Sidney Poindexter is one of the most interesting Ghosts of Danny Phantom and I think that everything he went through with all the bullies back in the 50's was absolutely disgusting and despicable. I HATE BULLYING WITH A TERRIBLE VENGEANCE AND THEY ARE THE SCUM OF THE EARTH! Sorry. NicoChan11 gave me the lines and ideas for this one. Thanks for that man as usual. Next up is a special chapter and you all with love it. The ghost of Chandler Henderson came out of the blue for me. Let me know what you all

think.

See you all next time.

# The Angry Monster House

It starts in the backyard of the Phoenix Storm Estate.

I am straining very hard and the camera zooms out to show that I'm trying to lift up Thor's Hammer. Thor is watching me try and so is everyone else.

Rachel: Come on J.D.! You can do it!

Me: (Grunting) That's easier said… Than done!

I go Super Angel 10,000 but with all my strength it still wasn't enough to even lift it let alone move it. I power down.

Me: Whew! Even with my Super Angel 10,000 power I still wasn't able to lift it.

Ben: Let me see if I can lift it.

Ben became Ultimate Way Big.

Ben: ULTIMATE WAY BIG!

Ultimate Way Big was 500 feet tall and he was huge!

Me: An Evolved To'Kustar! Wow!

Lana: He's huge!

Ultimate Way Big: Lets see how you handle this.

Riley: Go get it Ben!

Ultimate Way Big tried to pick it up but he couldn't even lift it off the ground with the strength of his massive size.

Ultimate Way Big: Oh man. Well I tried.

He reverted back.

Thor: It's a tough feat having to lift my hammer.

Hulk: Let Hulk lift puny hammer.

Hulk tried to lift it up but even with all his strength he couldn't do it.

Me: Good try though Hulk.

Ed: Let Edzilla do it.

Ed became Edzilla and he couldn't do it either.

Edzilla: Hammer heavy.

Sarah: Good try though Ed.

Danny: Let me see if I can lift it. I'm going Ghost!

Danny became Danny Phantom and he tried to lift it up with all is might but to no avali.

Danny powered down and he was panting like crazy.

Danny: That is one heavy hammer.

Nico: Let me have a go.

Nico tried to pick it up be he couldn't even lift it at all.

May: You can do it Nico!

Nico: (Grunting) Yeah! (Goes Super Saiyan)

Nico tried lifting it up with his Super Saiyan strength but it was no use.

Nico powered down.

Nico: That is an amazing hammer Thor.

Thor: Yes. (Picks up hammer) Nobody but me is allowed to lift it.

Lincoln: That is amazing.

Me: Your hammer is an awesome tool for you.

Lisa then came and she was sweating and had a look of alarm on her face.

Lisa: (Panting and hyperventilating) Guys! We have trouble big! It's computer laboratory!

Me: Whoa! Calm down Lisa. Just calm down. Now tell us slowly.

Lisa: Affirmative. Apologies. My computer in my laboratory glowed and then all of a sudden 4 people and Digimon came out.

Kari: It's my friends. They all came here.

Me: Come on!

We go into Lisa's lab and we saw the 4 kids and Digimon.

Nico: T.K., Yolei, Davis and Cody!

Kari: Guys. Thanks goodness you're all here.

T.K.: Kari!

They hugged again.

Patamon: Thank goodness you're all right.

Kari: Thanks Patamon.

Cody H.: Nico it's great to see you again.

Nico: You too Cody.

Armadillomon: Same here Nico. How have you been?

Nico: I've been doing great Armadillomon.

Yolei: Nico!

Nico and Yolei hugged.

Nico: Yolei it's great to see you!

Yolei: You too.

Hawkmon: It's great to see you again Nico.

Nico: You too Hawkmon.

Davis: Nico!

Nico: Davis!

They fistpump.

Nico: It's been a while man.

Davis: It sure has.

Veemon: You're looking great Nico.

Nico: Thanks Veemon.

Me: So these are your friends we heard about. It's a pleasure to meet you all.

T.K.: Same here J.D.

Me: Wait a minute, your brother Matt is the lead singer of the rock band Teenage Wolves! Dude he is a legend in music!

T.K.: I'm glad you like my brothers band.

Me: Thanks man. How did you guys come through the computer?

T.K.: We came here through a Digi-port. It's a gateway that leads both ways into the Digital world and Earth.

Me: That's incredible.

Lincoln: It sure is.

Laney: Yeah.

At lunch we were having a talk about all the adventures of the Digidestined.

T.K.: So after we defeated the Dark Masters we had to leave the Digital World because we would be stuck there forever.

Kari: Yeah.

Me: And 4 years later the Tyranny of The Digimon Emperor reared its ugly head. Sorry Nico.

Nico: No it's all right J.D.

Cody H.: Yeah. Ken was a monster when he created Kimeramon and he ruined the lives of all Digimon everywhere.

Me: I agree Cody. Ken was a monster that was beyond all form of help and he was a ruthless tyrant. Whether he was a pawn in a dark plan or not he had to be stopped.

Hercules: I agree J.D. He was a monster.

Zoe: Yeah he became a tyrant hellbent on ruling the Digital World with an iron fist. He was also planning to enslave all the Digimon.

Me: You'll get no argument from me Zoe. What a beast.

Kari: Yeah. But he deserved it.

Gatomon: I know. He took my tail ring. But after the fight with MaloMyotismon I got it back.

Nico: I remember that.

Lincoln: We've officially seen the last of Ken the Terrible.

We laugh at that name.

Laney: That's a good one.

Luan: Yeah. Good one Lincoln.

Lincoln: Thanks guys.

Then the alarm went off.

Me: Uh oh.

We went to the computer.

The computer popped up and on a holographic globe it picked up some supernatural activity in the town of Mayville, Wisconsin.

Me: There's some supernatural activity going down in Mayville, Wisconsin.

Lucy: I wonder what's going on there.

Me: I don't know. But we better go check it out. Danny, Lincoln, Team Phantom, Rachel, Bloom, Nico, Wasp, Ben, Carmen, Wasp, May, Lucy, Eds, Luan, Lori, Lola, Zoe, you all come with me.

Yolei: Let us help out too.

Me: Okay Yolei. Lets go!

We set out for Mayville, Wisconsin.

* * *

We arrived in the dead of night and found the source of the activity. It was coming from an old dilapidated house.

Me: This house looks like it's been here for quite some time.

Rachel: Yeah.

Zoe: Wait a second. I know this house. That's the house of war veteran Horace Nebbercracker. He fought in World War II and he was on the demolition squad. Legends say that this very house is haunted by the spirit of his wife Constance and it grabs anyone that comes near it.

Lori: (Frightened) H… Ha… Haunted!?

Lucy: Wicked.

?: That's what I saw.

We saw 2 boys and a girl. They were D.J. Walters and his best friend Chowder and a girl named Jenny Bennett who is D.J.'s love interest.

Me: You saw that the house is alive?

D.J.: We sure did. Whoa! You're the famous J.D. Knudson and his friends of Team Loud Phoenix Storm!

Me: That's right. It's a pleasure to meet you guys. And you are?

D.J.: My name is D.J. Walters and this is my best friend Chowder and this is Jenny Bennett.

Me: Pleasure to meet you all.

Zoe: This house is said to be possessed by the spirit of Horace Nebbercracker's deceased wife Constance.

Jenny: Really? How is that possible?

Zoe: Lots of things can happen when you learn about the worlds of the mystic and the supernatural.

Lucy: That's right.

D.J.: We're gonna go in and see what's going on.

Me: Okay.

I get a call on my cell phone.

Me: (Answers) Hello?

Cleo: (On the phone) J.D. it's Cleo.

Me: Cleo what's up?

Cleo: We have Mr. Nebbercracker here in the hospital. He has an arm injury but he's gonna be all right.

Me: Okay. It's good he's all right. We responded to reports about his house being haunted and we're gonna check it out.

Cleo: Okay. Be careful guys.

Me: Will do.

I hang up.

Me: All right guys. Stay close and be quiet. We're going in. Wasp you go to where Horace Nebbercracker is.

Wasp: Right.

Wasp flew off.

We walk up to the house quietly and go onto the porch and open the door. We go into the house. In the main living room we saw what looked like a beautiful place.

Me: (Whispering) Stay close.

We are ready for anything. I had an energy ball used as a flashlight.

Lucy was using her Demon Eyes and what she saw was terrifying. The house was overflowing with spiritual energy.

Me: What do you see Lucy?

Lucy: (Whispering) This place is overflowing with spiritual energy. This house is definitely possessed.

Lori: (Whispering) This place literally gives me the creeps.

Zoe: (Whispering) It sure does.

Rachel: (Whispering) How are we gonna stop it?

Me: First we find out what or who this house is possessed by and we destroy the house.

D.J.: (Whispering) Why?

Me: Because we have to in order to protect the neighborhood from it.

Jenny: (Whispering) Good idea.

We continue walking and we went down to the basement and we saw an old cage.

Laney: (Whispering) Looks like an old freak show cage.

Lola: (Whispering) Lets go in.

We open the cage and we saw a mound and it was a big woman.

Jenny: It's Constance.

Me: Lets see.

I tap on the face and it cracked and the concrete shell broke apart and revealed her skeletal remains.

Me: Whoa.

Lucy: Gasp.

Bloom: (Whispering) What happened to her?

Ed: (Whispering) Looks like she fell to her death here.

Edd: (Whispering) Looks like it Ed.

* * *

In Mayville Hospital which is not far from the house, Cleo, Rikki, Emma, Bella, Maria and Ant Man were talking to an elderly man named Horace Nebbercracker in the hospital.

Cleo: So your house is possessed by the spirit of your wife Constance?

Nebbercracker: Yes. It was back 60 years ago.

* * *

It was at a local circus. A young Nebbercracker had just finished seeing the show and he met the love of his life at a freak show. It was a big woman named Constance. Almost instantly the two were drawn together and they married and decided to build a house together. But then into the construction, tragedy struck. After being pelted with rocks by kids because of her huge size she went after them in a rage and she was hit and she fell into the hole of the house where she was killed instantly. Nebbercracker was devastated by this and continued building the house like she would've wanted it. But as the years went by Nebbercracker felt trapped and he pretended to hate kids to keep them away from the house. This is because Constance's spirit has possessed the house and it's going to protect him and the land no matter what. For 60 years this went on.

FLASHBACK ENDS

Nebbercracker: Now, do you see? I never hated kids. I just wanted them to be away from Constance's grasp.

Cleo: Don't worry. We understand now.

Rikki: Oh (censored)! Too late! J.D. and some of our other friends went inside the house to investigate it!

Emma: Well, at least we know that they can destroy it easily.

Bella: Still, we better go help them right away!

Ant Man: Lets go!

They left the hospital.

---

Back in the house we were looking over her body.

Me: Lucy can you find out what caused her to die?

Lucy: I sure can.

Lucy put her hand on the body and she saw Constance's past and how she possessed the house.

Lucy gasped.

Chowder: What is it?

Lucy: She died while being picked on by kids as they were building the house and she fell to her death here at this spot. She died but her spirit stayed here for 60 years.

Me: So that's it.

May: We have to destroy this house.

Me: Lets get out of here.

I blasted us out through the foundation and the house screamed in pain.

Ed became Edzilla and Ben became Humongosaur.

Ben: HUMONGOSAUR!

Me: A Vaxasaurian!

Humongosaur: That's right J.D.

Edzilla: ED SMASH STUPID HOUSE!

Humongosaur: Save some for me as well, Ed! It's been a while since I got to beat someone up with Humongosaur!

Nebbercracker: I just hope we aren't too late!

Ant Man: Relax. If I know J.D., that house is as good as rubble.

Wasp (they see that the house is still intact): I wouldn't count on it!

I fired a blast of fire at the house but it roared in pain.

Poromon: Lets help out Nico!

Nico: Right.

Poromon: POROMON DIGIVOLVE TO…

He became Hawkmon.

Hawkmon (Nico): HAWKMON!

He then digivolved into his champion level.

Hawkmon (Nico): HAWKMON DIGIVOLVE TO…

Hawkmon became Aquilamon.

Aquilamon: (Echoing) AQUILAMON!

Yolei: Ready partner?

Hawkmon: You know it!

Yolei: (Echoing) DIGI-ARMOR ENERGIZE!

She activated the Digi-Egg of Love.

Hawkmon: (Echoing) Hawkmon Armor Digivolve To…

Hawkmon became Halsemon.

Halsemon: ホルスモン HALSEMON - THE WINGS OF LOVE!

Me: Lets blast this monster.

Nico blew a blast of corrosive gas and it burned the house as it roared in pain.

Cleo and Bella came and they fired water that turned into jelly right into the houses eyes. Blinding it.

Me: Very clever.

Maria smiled at Nico for using Puff's corrosive breath.

Wasp: Carmen lets attack it together.

Carmen: Right Wasp!

Carmen and Wasp teamed up and became a huge swarm of wasps made entirely out of pure fire.

Wasp and Carmen: FIRESTORM WASP SWARM!

They hit the house and burned it as it roared in pain.

Maria: Ant-Man?

Ant-Man: Right!

Ant-Man called a huge group of his ant friends and they formed into a massive house size ant and Maria covered it in water and they became a huge ant made of pure water.

Ant Man and Maria: TSUNAMI MONSTER ANT!

The Water ant headbutt the house and knocked it clear off of its foundation.

D.J.: That did it!

Me: Uh. Guess again.

The house got up and Nico's Poliwag was scared. Nico hugged it.

Yolei: If it's going to be like that we've gotta get her outta here!

Jenny: There's a construction site nearby. We can lure it there!

Me: That's perfect. Lets go.

Halsemon: EAGLE EYE!

Halsemon fired red lasers from his eyes.

Aquilamon: BLAST RINGS!

Aquilamon fired a laser ring blast from his mouth.

Humongosaur punched the house in the face and Edzilla punched it too.

Humongosaur: That must've hurt. Lets see how you like this.

He pressed the Omnitrix button on his chest and became Ultimate Humongosaur. He was twice the size of Humongosaur and he had an Ankylosaurus shell with spikes, a mace club tail and blasters for hands.

Ultimate Humongosaur: ULTIMATE HUMONGOSAUR!

Me: An Evolved Vaxasaurian.

Ultimate Humongosaur: That's right.

He fired blasts at the house and we lured the house to a construction site. Luan fired blasts of light and Lensay fired orange light blasts at the house and they blinded it.

Lucy fired black lightning at the house and blew the front door mouth off.

Eddy fired blue light at the house and blinded it more.

Lola fired a blast of fire at the house and burned it and it screamed in pain. We got to the construction sight and Laney held it down with her plant powers.

Nico: CRIMSON LIGHTNING!

Nico fired a stream of blood red lightning from his hand at the house and it went all the way through its eye and blinded it.

Me: Nice shot Nico.

Nebbercracker gave D.J. some dynamite.

Nebbercracker: Here. You have to destroy the house by throwing this down the chimney.

D.J.: Okay.

Me: You sure you want to do it D.J.? I can do it.

D.J.: No I can do it.

Me: Okay. We'll hold it off long enough for you to do it.

D.J.: Thanks J.D.

Danny fired an energy ray and Lincoln fired lightning. They hit the house and blew its teeth off.

Dani fired energy rays and Jazz, Sam, Tucker, Star and Valerie fired energy bazookas.

Sidney: (Offscreen) Let us help you out!

Sidney arrived and he was riding Dora in her dragon form.

Me: Way to go Sidney!

Dora: Lets burn that infernal house!

Dora breathed blue fire at the house and it was screaming in pain as it was being burned. Sidney fired energy blasts from his hands. Lori fired blasts of wind and blew open the house in spots. It screamed in pain some more. Rachel fired magic blasts from her hands and they burned the house and Zoe fired dark blasts and burned the teeth off. May fired ice fire and her freeze ray and froze the arms and they shattered and the house screamed in pain. Manaphy fired a blast of water.

I fired Heatblast's fire blasts.

Bloom: Dragon Flame!

Bloom fired a flame blast in the shape of a dragon at the house and blew it open.

D.J. was holding on to a rope from a crane.

D.J.: J.D. light me!

Me: Coming at ya!

I flicked a little fireball at D.J. and it lit the fuse.

D.J. swung on the crane rope and threw the dynamite down the chimney.

Me: It's away! Lets get out of here!

We ran out of the area and then the house exploded.

KRABBBOOOOOOOOOOOOOOOOOOOOOOOOOMMMMMMMMMMMMMM

The house completely exploded into burning ashes. Amidst the smoke and flaming ash we saw Constance's spirit with Horace Nebbercracker and she was forever grateful to be free. She then went up to Heaven where she can rest in peace.

Me: I'm sorry Horace. She would've wanted this to happen.

Nebbercracker: I know. But I'm free! Thanks to all of you J.D. After 45 years I'm now free.

Me: You're welcome Horace.

Lori: I'm glad she can now rest in peace.

Lucy: Me too Lori.

---

D.J.: Thanks for helping us J.D.

Me: It was our pleasure D.J.

Jenny: You guys are really powerful as we had heard in the news.

Me: We get that all the time.

Lincoln: This was all a really fun time for us.

Me: You said it buddy. I have a strong feeling that we're gonna meet again. Lets go home guys.

We did so. After a powerful fight that went into the night we turned in.

THE END

Another Fanfiction Complete.

I watched the movie Monster House with my friends and it was an awesome movie. NicoChan11 gave me the ideas for this one after the events of Vigilantism of Sidney Poindexter and thanks for that man. Next up is a chapter for The Box Ghost, the lamest enemy of Danny Phantom. Let me know what you all think.

See you all next time.

Monster House is owned by Gil Kenan and Columbia Pictures.

# The Annoyance of The Box Ghost

It starts in the Living Room. Me, Lincoln, Laney and Team Phantom are watching TV.

Me: So far things have been quiet.

Lincoln: Yep.

Then Lincoln sensed a ghost and out of the floor came The Box Ghost.

Box Ghost: I am the Box Ghost!

Danny: (Bored) Oh brother not this guy again.

Me: Who is he?

Danny: That's the Box Ghost. He's the most annoying ghost in the Ghost Zone. All he does is control boxes and is the most egotistical of all the ghosts.

Me: This guy must be really pathetic.

Sam M: Pathetic is an understatement.

Me: I believe it.

Box Ghost: You should beware of my Lunchbox of Misfortune!

He pulled out a lunchbox and fired a barrage of double meat and baloney sandwiches with lettuce, tomato, cheese, and bacon.

We were eating a lot of them.

Me: (With mouth full) Delicious. You make good sandwiches.

Laney: Mmm. (With mouth full) You said it.

Box Ghost: Why thank you.

Me: I have a proposition for you.

Box Ghost: Okay.

Me: How would you like to help us bring annoyance to some of our enemies?

Box Ghost: What's in it for me?

Me: You annoy all the villains we know and you get a great lunch.

Box Office: Hey! I'm in! They will know the meaning of the name of The Box Ghost! Beware!

Me: Cool! Here's what we do.

I whisper our plan in his ear and I call a meeting in the briefing room and tell everyone our plan. Everyone agreed with our plan.

Sandman: Let me have first crack and I know just who to dish out the annoyance on.

Me: I have a feeling I know just who you are gonna do it on.

Lincoln pulled out a big box.

Biox Ghost: Oh I see what you are gonna do. I like it!

Me: Lets wrap this up man! (Rimshot)

Luan: (Laughs) Good one J.D.

Me: Thanks Luan.

Box Ghost: (Laughs) You got to admit that is pretty funny!

Me: Luan always cracks us up. Though her siblings might not think it's funny I think it's funny.

We wrapped him up and Sandman took the box.

Maria: Scott how did you become the Ant-Man?

Ant-Man: That is a question I haven't heard in a while.

Scott Edward Harris Lang was born in Coral Gables, Florida. A movie fanatic, he turned to burglary when his occupation as an electrical engineer failed to provide him with enough excitement in life. (This was later retconned with the statement that he did so because he couldn't support his family.) Apprehended, Lang served his prison sentence and was paroled after four years for good behavior. In prison, he furthered his study of electronics and was soon hired by Stark International to work in its design department. Under Tony Stark's direction, he helped install a new security system in Avengers Mansion.

When his daughter Cassie became seriously ill, Scott Lang sought out Dr. Erica Sondheim, the only person capable of helping her. However, at the very moment he attempted to contact her, Sondheim was forcibly taken away to Cross Technological Enterprises, and in order to get her out, he decided to return to burglary as a final resort.[10] He broke into Dr. Hank Pym's home and stole the Ant-Man suit and shrinking gas canisters. Garbed as Ant-Man, Lang broke into Cross Enterprises and discovered that Sondheim was being held prisoner by Darren Cross. He rescued the doctor from Cross' clutches and was relieved when Sondheim was able to save his beloved Cassie's life. Upon being confronted by Pym (as Yellowjacket), Lang intended to return the Ant-Man suit to Pym and turn himself in for its theft, but Pym, aware of the use to which Lang had put the stolen goods, offered to let him keep them, provided he only use them to uphold the law.

Shortly after, Scott Lang donned the Ant-Man costume on various occasions, primarily to assist Iron Man and the Avengers. Scott came to the rescue when Iron Man was trapped in his armor in the aftermath of a system overload. He also helped Yellowjacket (Hank Pym's alias at the time) attempt to rescue the Wasp captured by Dr. Parnell Solomon, and alongside the Avengers he first battled Taskmaster. He then battled Odd John's mutated insects, and encountered Biotron of the Micronauts. Alongside Spider-Man, he again battled Taskmaster, exploiting Taskmaster's belief that he was Pym by using his growth capsules on one of his ants as a surprise tactic. As Lang, he attempted to stop the Raiders at a Dallas electronics engineers convention. He then battled the malfunctioning GARD computer security system at *Stark International* . As Lang, he aided Iron Man and Jim Rhodes against Mauler. He then met the Fantastic Four, and on their behalf first journeyed to a "micro-world", and joined the Thing in battle against its denizens.

Scott was instrumental in helping Iron Man discover who possessed copies of his technology during the *Armor Wars* storyline. He also aided the Avengers in infiltrating Taskmaster's henchmen-training facility, battling the Taskmaster alongside Hawkeye, and visited Henry Pym while he was in prison. He encountered Rick Jones and Alpha Flight, and then battled Dire Wraiths alongside Rom and Starshine. Scott was serving in an Avengers back-up team created when Baron Zemo's Masters of Evil took control of the Mansion and captured some of the current team; he even helped the Wasp defeat the Absorbing Man and Titania when they attacked a hospital in an attempt to kill a comatose Hercules. He accidentally shrank Spider-Man and battled the Scarlet Beetle. He also battled Dragonfly.

Lang was briefly hired by the Fantastic Four to serve as their technical consultant when Reed Richards was missing and presumed dead. It was during this period that Lang learned that Cassie had long since found out about his double life as a superhero. Lang later returned to form a temporary Fantastic Four with the Human Torch, She-Hulk and Namoritawhen the other three were temporarily trapped in the Negative Zone.

Lang played an important role in helping Mister Fantastic cure the Hulk, who was suffering from Lou Gehrig's disease; using a cure devised by Leader, Lang shrank down to microscopic size, entered Hulk's genes, and replaced the damaged genes causing the disease with healthy genes taken from the corpse of Bruce Banner's father, the energy surge released when Hulk returned to human form integrating the new genes into Hulk's system and curing of the disease.

After his ex-wife Peggy Rae gained custody of their daughter, Lang accepted an offer to join the Avengers officially. His personality clashed immediately with fellow Avenger Jack of Hearts. However, in *Avengers* vol. 3 #76, Jack helped save Cassie from a child-murderer, shortly before committing suicide by traveling into space with the murderer and exploding rather than return to the containment cells required to control his power.

He also appeared in the series *Alias* by Brian Michael Bendis, where he dated the leading character Jessica Jones, a former costumed superhero named Jewel who left that avocationto become a private investigator.

He assists her in a matter with Mattie Franklin, one of the many female heroes to take the Spider-Woman name. Assisting the duo is S.H.I.E.L.D. agent Clay Quartermain. Purple Man uses his powers to make it seem as if Scott had been consumed by ants.

When Jack of Hearts reappears on the grounds of Avengers Mansion in a zombified state, Scott Lang rushes to Jack, only for Jack to blow himself up, destroying much of the mansion and seemingly killing Scott. This Jack may have been some type of "apparition" created by an insane Scarlet Witch rather than the actual Jack of Hearts, starting the crisis known as *Avengers Disassembled* .

His daughter Cassie Lang subsequently takes the name Stature as a member of the Young Avengers, having apparently taken enough Pym particles over the years to enable Cassie to automatically grow and shrink in size whenever she wants.

His Ant-Man helmet falls into Amadeus Cho's possession for a time with Cassie's blessing, choosing to focus on the insect mind-controlling abilities.

During the events of the limited series *Avengers: The Children's Crusade*, Iron Lad takes the Young Avengers and an amnesiac Wanda Maximoff into the past, back to the day that the events of *Avengers Disassembled* began. Here, despite Iron Lad's assurance that they could not interact, Scott Lang is hugged by his daughter, and to take him away from the zombified Jack of Hearts who is revealed to be the real Jack of Hearts under the control of an insane Scarlet Witch. When Jack explodes, the Scarlet Witch regains her memories and returns them to the present, including Scott (thus his death is retconned as having never actually happened, as he was merely taken from his time and brought forward).[39] Scott is proud that his daughter followed in his footsteps. However, a subsequent battle ensues (regarding the fate of the Scarlet Witch) involving the Avengers, Young Avengers, X-Men, Magneto, X-Factorand Doctor Doom. In the course of the fight, Scott is seemingly killed by Doom, although he actually survives relatively unscathed; enraged, Cassie attacks but Doom kills her, much to Scott's grief.

Afterwards, Scott joins the new Defenders team composed of Doctor Strange, Silver Surfer, Namor, Red She-Hulk, Iron Fist and Black Cat. Eventually, he became the second Future Foundation's leader replacing Reed Richards when the Fantastic Four went on a time travel trip. Still suffering from his daughter's death, he decided to aim all the Foundation's resources towards making Doctor Doom pay for his crime; in the meantime he engaged in a romantic relationship with Darla Deering, aka Ms. Thing.

After a heated battle, Scott managed to exact his revenge on Doctor Doom by gradually overwhelming and defeating him, and by having him believe he had killed Valeria Richards. He also determined the true meaning of Pym Particles, and how they operate on three distinct axes determining size, strength and durability.

During the *AXIS* storyline, a now-heroic and repentant Doctor Doom used Scarlet Witch's powers to resurrect Cassandra Lang, seeking to atone for at least one of his crimes; she turned out alive and well on Scott's doorstep.

Following this, Lang moved to Miami to start a new life as well as to spend more time with his daughter. Scott later established Ant-Man Security Solutions. When he was attacked by Grizzly, mistaking him for Eric O'Grady unaware of the latter's death, Scott had to clear up the misunderstanding. Afterwards, Scott offered Grizzly a job in the company. When Cassie was kidnapped by Crossfire on behalf of Augustine Cross to use Cassie's Pym-particle irradiated heart could revive the very first villain Scott had fought, Scott was forced to turn to Grizzly and his fellow supervillain Machinesmith to infiltrate Cross' plant to save his daughter. With Machinesmith disabling all the security Scott was able to get into Cross Technologies and fight his way to Darren Cross, whom Dr. Sondheim was blackmailed into reviving using Cassie's heart. Darren engaged in combat against Ant-Man while the hero tried to buy time for Sondheim to transplant another heart into Cassie. After Cross was forced to flee when the Pym Particles now in his body caused him to shrink down, Scott shrank down to microscopic size, and was guided by Sondheim to attack Cassie's white cells and allow her body accept the new heart's tissue. Even though the procedure was difficult, Scott was finally able to help Cassie survive the experience. When Peggy and Blake arrived, Sondheim told her that Cassie suffered an infraction and Scott took them to her. Although he saved his daughter, Scott decided to distance himself from her so that she could have a normal life.

Some months ago, Ant-Man helped Giant-Man into rescuing a computer technician named Raz Malhotra from Egghead. Months later after the incident where Hank Pym and Ultron were fused together with Pym seemingly perishing as a result of the fusion, Scott received one of Pym's labs. Recalling his encounter with Raz, Scott sent Raz a present in the form of the Giant-Man suit.

During the "Last Days" part of the *Secret Wars* storyline, Ant-Man recovers an unnamed Asgardian artifact from Slug which he won from Mary Morgan in a game of contact bridge. Ant-Man delivers the goods to Mary Morgan where he learns that she is Miss Patriot. Mary Morgan revealed that Valhalla Villas is a retirement home for Golden Age heroes and villains where they live out their days in blissful remembrance. Mary Morgan then assembles the residents of Valhalla Villas like Golden Girl, Doctor Fear, Thunderer, Leopard Girl, Human Top, Sun Girl, American Ace, Flash Foster, and Wax Master. Using the Asgardian artifact, Mary Morgan rejuvenated the Valhalla Villa residents as Miami sees the unexpected resurgence of characters from the Golden Age. Mary decides to remain elderly since the past was too much to bear the first and only time. Scott then visits his ex-wife Peggy Rae in an attempt to see his daughter Cassandra Lang. Peggy puts Scott in his place due to him making no effort to visit her since she was in the hospital. Peggy also tells Scott that Cassandra is at a school excursion to Atlanta. While drinking at a nightclub, Ant-Man encounters Janice Lincoln and tries to take her down, only to get blasted. Janice states to Ant-Man that he should party like there is no tomorrow since it is the last night on Earth. Ant-Man takes in Janice's suggestions as they both hit the dance floor. He wakes up the next morning with Janice in his bed as the final parts of the Incursion occur.

As part of the *All-New, All-Different Marvel* event, Ant-Man becomes a target of Whirlwind when Power Broker offers a demonstration of the Hench App to Darren Cross. When Cross was unable to pay $12,000,000.00 to Power Broker, Whirlwind received orders to not attack Ant-Man. Ant-Man later helped Darla Deering when she was attacked by the second Magician (the son of the original Magician) when he was hired by a publicist named Marlena Howard through the Hench App to pretend to have a grudge against her.

Scott Lang later reunited with Raz Malhotra and took him to confront Power Broker at his public promotion of the Hench App 2.0. They ended up coming into conflict with a female Blacklash who Power Broker hired to guard the event. Due to Raz's inexperience in crimefighting, Blacklash got away. Following the incident, Scott Lang gave Raz an offer come with him to Florida to be trained while looking over Hank Pym's lab there. Raz accepted the offer.

Scott later recruited Hijacker, Whirlwind, the new Beetle, the Voice and the Magician to his Ant-Man Security Solutions. As a team, they fought Darren Cross, Crossfire and Augustine Cross to save Stinger, aka Cassie Lang. After that battle, the NYPD arrested Scott for his crimes, but after a trial, he was released.

During the *Secret Empire* storyline, Ant-Man joins the resistance group against HYDRA after they takeover the U.S. After seeing footage from Rick Jones, explaining Steve Rogers' conversion into HYDRA's supreme leader, Scott is among the heroes who join Hawkeye in the search for the Cosmic Cube fragments that were scattered around the world, so they could reform the Cube and restore Steve back to normal. After he smuggles Cassie out of the country, he offers Sam Wilson to join the resistance but Sam turns it down. Ant-Man then meets him at a bar, with a small group of heroes led by Hawkeye. Hawkeye and the Tony Stark A.I. manage to convince Sam to smuggle them out of the country so they can find the Cosmic Cube fragments. It is eventually revealed that HYDRA found and captured Cassie, forcing Scott to become a double agent in order to save her life. He confesses his treachery just as HYDRA's forces arrive and destroy the resistance's hideout. During the final battle, Scott shrinks Bucky Barnes down so that he can enter the Cosmic Cube and reawaken Kobik. This ultimately allows Kobik to bring back the original Steve Rogers, who defeats his HYDRA doppelganger.

With his reputation tarnished due to his betrayal, Scott joins the Guardians of the Galaxy in order to get away from Earth for a while. During a later attempt to coordinate a return to Earth for Cassie's birthday with Nadia van Dyne's aid, things go quickly awry, and the two of them experience a series of bizarre adventures in the microverse before returning home. However, in the process the two of them became quantum-entangled with each other.

Maria: Wow. That's incredible. I had no idea that you had a dark background.

Ant-Man: That's right.

SINISTER 6

Sandman brought the present containing Box Ghost and he knocked on the door of the hideout of the Sinister 6.

Doctor Octopus answered it.

Doctor Octopus: Yes.

He saw the present.

Doctor Octopus: What a beautiful present.

He found a note attached to it and it was an apology letter. He read it.

Doctor Octopus: I can't believe Sandman wrote this apology letter all by himself.

Mysterio: Does he truly believe that an apology will fix things?

Scorpion: Yeah! Electro, Hydro Man, and Vulture are dead because of him!

Hobgoblin: He can rot in Hell for all I care.

Unknown to the others, Rhino and Shocker were smiling.

Shocker (quietly): Apology accepted, Flint.

Rhino (quietly): Good to hear from ya as well.

Doctor Octopus opened the present and out came the Box Ghost.

Box Ghost: I am the Box Ghost! Beware my cardboard wrath!

Scorpion: You're an interesting fella. Want to rob a bank?

Box Ghost: Oh yeah.

Unfortunately the robbery didn't go as well as they had planned and it got on his nerves really fast.

He took the Box Ghost back.

There was a knock on our door and I answered it. It was Scorpion.

Me: Mac Gargan AKA Scorpion?

Scorpion: Yeah that's right. Does this moron belong to you?!

Danny: Unfortunately, yes.

Scorpion: Well, me and my buddies want him far away from us! Got it? (throws Box Ghost at Danny and slams the door)

Me: Sheesh. Good job Box Ghost.

Box Ghost: Thanks man.

We had a great dinner.

Me: Now for our next target.

## PENGUIN

Clayface sent the Box Ghost to Penguin.

He knocked on the door of Oswald Chesterfield Cobblepot AKA Penguin.

Penguin answered.

Penguin: Yes?

He saw the present.

Penguin: What a beautiful present. I wonder who it's from.

Penguin opened it and out came the Box Ghost.

Box Ghost: I am the Box Ghost! Beware of my power.

Penguin: You'll be perfect for helping me in making the Iceberg Lounge whole again.

Unfortunately things didn't go well for him. And he returned Box Ghost to us. The same thing happened to Gorilla Grodd as he was working on a device, Riddler as he was preparing a scheme for Batman, and Livewire who was in the process of working on a jewelry store heist

After our spree of annoyance was done we were having a great dinner.

Me: Great job Box Ghost. You have become a great villain. And you can annoy anyone.

Box Ghost: Thanks J.D. I owe you one.

Me: You're welcome. You know I feel sorry for all the ghosts and villains that have to put up with you.

We all agreed.

---

Later we sent the Box Ghost back to the Ghost Zone and when he went home he had a run in with an unexpected surprise. He ran into

Skulker.

Skulker: Box Ghost I thought we were rid of you in the Ghost Zone!

He kicked Box Ghost back to Earth and he saw me and Team Phantom.

Me: We will be ready to fight Skulker. Your time has come.

Skulker: We shall see J.D. Knudson. You and Team Phantom will all be mounted on my wall as trophies.

Danny: We would like to see you try Skulker.

He went back into the Ghost Zone.

THE END

Another Fanfiction Complete.

The Box Ghost was a funny ghost and he was the most pathetic villain in Danny Phantom. There are some shows in the cartoon world that have villains that are just absolutely pathetic and are used only for comedy relief. Like Toiletnator in Codename KND. The next chapter is the fight with Skulker so get ready for a Predator fight. NicoChan11 gave me the ideas for this one. Thanks for that man as usual. Let me know what you all think.

See you all next time.

# The Hunt of Skulker

It starts in the Ghost Zone. Skulker is making some modifications to his armor suit.

Skulker: Now that Box Ghost is no longer around to annoy me, I can finally finish preparing my plan for when I fight Phantom and his friends.

Skulker has no idea how wrong he is.

In the Amity Park Zoo Me, Varie, Aylene, Rachel, Team Phantom, Yolei, Laney, Lola, Carmen, Wasp and Starfire were at the Amity Park Zoo.

Me: I love the zoo. It's one of my favorite Summertime activities.

Lana: I love the zoo too. I love all the animals.

Laney: I love learning about animals too.

Danny: The zoo was never my favorite thing but it's all right.

Sidney: I've always wanted to go to the zoo and it's awesome.

Star: It sure is.

Yolei: Carmen what was your life like before Maria came back?

Carmen: My life was the antipode of all supervillains. After I got my fire powers because of the Big Bang I was changed into a flaming powerhouse. A lot of my friends at school thought I was cool. It was awesome to receive superpowers and I became the most popular girl in school. But I didn't let it go to my head. Also I decided to help out Static and Gear. My fire powers are incredibly strong and it's given me an incredible feeling of justice. I saw J.D.'s achievements on the news and I'm not afraid to keep my real name hidden and I heard his great quote "With Great Power Comes a Great

Responsibility." It's been a powerful form of motivation for me.

Yolei: That's amazing.

Carmen: Yeah.

Yolei: What's the Big Bang?

Me: It was an awful event over in Dakota City. A bunch of barrels containing an experimental biohazardous mutagenic compound exploded and it covered much of Dakota City and mutated a bunch of kids exposed to it and it gave them all kinds of powers. Maria is one of those kids. So is Carmen.

Yolei: That's awful. I think I read about that on the internet.

Me: It was on the news all over the world.

Yolei: I believe it.

Me: Yeah. Janet how did you become the Wasp?

Wasp: That is an unusual story.

**Janet Van Dyne** was the daughter of world-renowned scientist Vernon Van Dyne. Early in her life, she was a flighty, self-centered dilettante living luxuriously on her father's fortune. She had an on-and-off romantic relationship with the world-renowned soldier-of-fortune called Paladin. When an alien brought to Earth during one of her father's experiments murdered the elder Van Dyne, Janet contacted his colleague, Dr. Henry Pym.

She told Pym of her resolve to bring her father's killer to justice. Pym revealed his secret identity as Ant-Man, and Janet underwent a biochemical process involving his Pym Particles that allowed her to shrink to insectoid proportions and implanted Bio-Synthetic Wings. Furthermore, Pym outfitted her with wrist devices which allowed her to discharge blasts of compressed air that she called her "wasp's stings".

As The Wasp, Jan and Hank tracked down and defeated the murderous Kosmosian, banishing it to its home dimension. Pym and

Van Dyne gradually fell in love; Jan reminded Pym of his deceased first wife, Maria. Pym and Van Dyne became crime-fighting partners in their costumed identities, fighting menaces like the Egghead, the A-Chiltarians and their robot Cyclops, the trumpet-playing criminal Trago and the Porcupine. They were two of the founding members of the Avengers (along with Thor, Iron Man and The Hulk) after responding when Hank's helmet picked up Rick Jones' fateful call for help. It was, in fact, the Wasp who suggested the name "Avengers" for the group that had gathered. In a further milestone in Avengers history, Jan and the other founders (minus the Hulk) were the discoverers of the great World War II hero, Captain America, still frozen from the last days of the war. Being a fashion designer, the Wasp would become known for her frequent costume changes throughout her career as a superhero.

Jan's attitude towards crime fighting was, at first, very carefree. She saw it as her way of attracting attention from Hank. Still the shallow socialite early in her career, Jan would often comment on the attractiveness of Thor to try and elicit jealousy from her partner. The studious Pym began to experiment with Pym Particles, and found that he could cause himself to grow beyond his normal height to giant sizes. Soon, both crime fighters had been exposed to the Particles long enough to be able to change size at will rather than rely on gas capsules or potions, and Jan could fire her stinger blasts without the aid of wrist devices. Changing his costumed identity to "Giant-Man", Pym eventually experienced bodily strain because of the process' physiological effects. Because of this, Pym decided to take a break from costumed adventuring. With the stress of constant threats from Pym's enemies such as Egghead, the Human Top (later Whirlwind) and the Black Knight, as well as confronting Kang the Conqueror and the Masters of Evil[ with the Avengers and surviving a brush with death after having been shot by a Maggia agent, Jan was ready for a break herself. Meanwhile, Thor and Iron Man also took leaves of absence from the Avengers, leaving Captain America to preside over a new incarnation of the team. Jan remained in her civilian career as a fashion designer, with Pym continuing his scientific pursuits.

Sometime later, however, Pym and Van Dyne learned that the Namor the Sub-Mariner was heading for New York City. Fearing trouble, they decided to alert the Avengers. The Wasp was captured by first Namor's foe, the undersea barbarian leader Attuma, and then by the Collector. In order to help the Avengers rescue Janet, Pym decided to use his growing power again, donning a new costume and adopting the new name of "Goliath".

Pym had always loved Janet, but various inhibitions kept him from proposing to her - feelings of inadequacy due to her wealth chief among them. One day, while he had still not fully mentally recovered from the stress of accidentally creating one of the Avengers' greatest foes in the form of Ultron, Hank had a lab accident with experimental gases. These caused a reaction in him that broke his inhibitions down, and induced a severe case of schizophrenia. This was his second breakdown, the first having been after his first wife, Maria, had been killed. Believing he was a new person named "Yellowjacket", Pym broke into Avengers Mansion and told the team that he had killed Henry Pym. When the team attacked him, he captured the Wasp and escaped. Soon after, the Avengers were shocked to hear that Janet, who suspected it was Pym all along, was going to marry him. Their wedding at Avengers Mansion was attended by a who's-who of active superheroes at the time. Immediately following, the Avengers were attacked by the villainous Circus of Crime. Janet later felt guilty at having taken advantage of Hank's mental state to finally get married, but the couple was happy… at first.

Wasp was once temporarily possessed by the Power Prism fragments, briefly acting as Dr. Spectrum.

Hank later had a third breakdown, during which he was captured by Ultron, reverted to his earliest days as Ant-Man, and made to attack the Avengers. During the fighting, it was the Wasp who took down her wayward husband. Janet later suspected that this, being brought down by his own wife, might have further exacerbated Pym's fragile mental state. She had begun seeing a therapist on the side, hoping for insight into how to help Hank's ego.

When the Avengers were battling the Elfqueen, Hank blasted her in the back during a lull in the fighting while Captain America was trying to talk her down. This began another round of fighting that caused Captain America to charge Hank for reckless behavior under the Avengers by-laws, since bystanders could have been killed. This began Pym's fourth nervous breakdown. He decided that if he could build a robot to attack Avengers Mansion, he could defeat it and be a hero in the eyes of his teammates. He included a special hidden weak spot on the robot just for the occasion. When Jan protested, Hank lashed out, brutally striking his wife. His plan went awry, and when the robot attacked the mansion, it was the Wasp who disabled it after Hank was overpowered. In the subsequent court-martial, Pym was stripped of his Avengers membership. Meanwhile, Jan began divorce proceedings.

Me: Whoa! That's awful Janet.

Wasp: Yeah.

Lana: Yeah. It's a shame Sam couldn't come with us.

Danny: I know. She's sick and she has to stay in her house.

Me: Boy that stinks.

Lincoln: Yeah.

Danny, Lincoln and Dani's ghost senses kicked in.

Suddenly we heard screaming and we saw people running.

We then saw a ghost wearing a mechanical battle suit.

Danny: Skulker!

Me: Who or what is Skulker?

Danny: He's a hunter ghost that wants to capture me to add to his trophy collection.

Me: So that's the case. Sorry Skulker but hunting season is over!

Ember: He's also my ex-boyfriend.

We were shocked to hear that.

Me: WHAT!?

Ember: Yeah I'm afraid so.

Laney: We had no idea Ember.

Ember: Yeah. It was a really rough relationship that went sour.

Skulker: Come on Ember baby. I still love you.

Ember: How many times do I have to tell you Skulker!? WE… ARE… THROUGH!

Lincoln: Yeah so grow up and move on!

Me: You should learn to accept it and move on!

Danny, Lincoln and Dani: We're going Ghost!

Me: Power up guys!

Me, Varie and Laney went Super Angel, Nico went Super Saiyan, Danny, Lincoln and Dani went Ghost and everyone else got their weapons ready and spread their wings.

Ben became Nanomech.

Ben: (Tiny Techno Voice) NANOMECH!

He was no more than an inch tall.

Me: What alien is Nanomech?

Nanomech: I'm a hybrid of a Nanochip Hive Alien.

Me: Wow. That's interesting.

Nanomech: Watch what I can do.

He shrunk to the size of an ant and he went into Skulker's suit and his arm shorted out and exploded.

KABOOM!

Me: Whoa! Nice one!

Lincoln: That was so cool!

Dani: It sure was.

Stalker, Kraven and Cody were called in and they bashed and slashed Skulker to pieces. He revealed his true form. He was a tiny little ghost piloting the battle suit.

Me: That's his true form? He's nothing but a little shrimpy ghost.

Danny: That was my first reaction too.

Star B.: Let us handle some of the action!

Star Butterfly and War Machine flew in.

War Machine: Lets use that Combo Move.

Star B.: You got it.

Star & War Machine: NARWHAL MISSILE BARRAGE!

Star and War Machine fired Narwhal Shaped missiles and blew apart the rest of Skulker's battle suit in a huge explosion.

KRABOOM!

Me: Whoo! Nice shot you two!

Star B: Thanks J.D. That was fun!

Me: It sure was. One last thing to clear.

I pull out the thermos and suck Skulker in.

Skulker: YOU HAVEN'T SEEN THE LAST OF ME!

I cap it and he was in the thermos.

Me: We will one day Skulker.

---

Later we went back home and it was a good time at the zoo.

Another Fanfiction Complete.

Skulker was the first villain I saw on Danny Phantom when I watched the show. It was awesome. Matthew St. Patrick and Kevin Michael Richardson did a really great job voicing him. In all honesty I don't know what the producers were thinking making Ember and Skulker have a relationship. It's funny but weird at the same time. NicoChan11 gave me the ideas for this one. Thanks for that man as usual. Next up is the Undergrowth Chapter and it's also Laney Loud's birthday. So she's gonna have the ultimate fight of plants. Let me know what you all think.

See you all next time.

# The Green Thumb of Undergrowth

It starts at the estate.

Today is a very special Sunday morning in the Phoenix Storm Estate. For today was Laney's birthday. She was turning 8 on this special day and everything was set up for her party. That's why we were holding a meeting on what to give her on her day.

Lincoln: Alright, guys. As you all know, today's Laney's birthday. And our plan is to make sure she gets the best one ever by giving her the perfect gift. [Leni raises her hand] Yes, Leni?

Leni: I say we give her this stylish pink scarf. [Holds out a pink scarf with hearts on them] Because she's always wearing one to hide her scar.

[Flashback to the time Laney got herself cut with the broken plate shards]

Leni: [narrating] She always wore it ever since her accident. [Flashback to the time Laney was frantically looking for her scarf]

Flashback Laney: Oh no oh no oh no oh no oh no! [Flashback shows Laney confessing to her sisters about her scarf. Next she reveals the scar to Lynn Sr. and Rita on our Global Trip. Cut back to present day]

Lent: Now she's not shy about hiding it anymore! So I figured it would be perfect for her to wear this.

She held up a red bandana with roses on it.

Me: That's a great idea Leni. The roses are amazing.

Leni: Thanks J.D.

Lola: That's great, Leni. But my gift is even better! You know how Laney is always painting pictures?

[Flashback to all the times Laney has painted pictures in the house]

Lola: [narrating] She's always showing off her artistic side. [cut back to present day] So that's why I painted her this! [Holds out an odd looking painting of Laney]

Lincoln: Uh, Lola? What is that supposed to be?

Linka: Yeah it looks different.

Lola: Duh! It's a picture of Laney!

Luna: [squints] Kinda looks like dad.

Aylene: I can't tell.

Lori: No, it's more like Aunt Ruth with a tummy tuck.

Cody: My thoughts exactly.

Lola: So what if I'm not a talented artist like Laney? She'll love it because it's the thought that counts.

Me: That's true. You did do a good job though.

Rachel: You did put a good effort into it Lola.

Lola: Thanks Rachel.

Paige: Lets hope she likes it.

Lynn: So what? She'll love my gift more!

Lola: And what exactly are you going to give her, Lynn?

Lynn: Just this! [holds out a pair of roller skates]

Lola: Roller skates? That's the best you got for Laney?

Lynn: Uh, yeah. She's always quick on her feet. Like that time she was helping Lincoln with his school project! [flashback to the time he dashed to get Scoots across the street]

Flashback Scoots: Quit pushing me! [hits Laney over the head with a cane]

Flashback Laney: Ow! [flashback to Laney helping her dad make dinner. Cutting hot dogs with ice skates, using Geo as a can opener, etc.]

Lynn: [Narrating] And not to mention the time she helped dad improvise dinner. [Cut back to present] So I thought she might use these to get around faster.

Me: She does have a lot of talent in cooking and she does need a little mode of transportation.

Luan: Pfft! That's nothing! [Holds out a teddy bear] This little cutie is a shoo-in to be the highlight of Laney's birthday!

Lynn: How is a teddy bear the best gift you can give to seven year old in the fith grade?

Luan: Well, it's a security bear. For in case Laney has her episodes. [Flashback to the time Laney didn't know how to stop her sisters meddling in Lincoln's bully trouble]

Flashback Laney: I-I-I-I-I-I-I-I-I-I… [smoke began to puff out of her ears; her eyes started spinning around]

Luan: [narrating] Whenever she can't find a solution to a problem, she turns into a bigger blubbering mess then Clyde! [Cut back to present day] All she has to do is hug this little guy whenever she feels helpless, and her worries melt away. Cause we all know she can't 'bear' to see us fighting! [laughs while the others groan]

Me, Varie and the rest laugh at Luan's joke.

Me: (Laughs) That was a good one Luan. And she will love it. Plus her condition is something called Stressful Confusion Overload. I saw it with Lincoln when we had the Sisternado Meddling Travesty.

They looked at me with confusion.

Me: It was the best name I could come up with for the Ronnie Anne

Meddling Incident.

Rachel: That's all right.

Lori: Forget it you guys! Laney will literally die once she sees the new handbag I got her! [holds out a handbag]

Cody: That's a beautiful handbag Lori.

Lori: Thanks Cody.

Lisa: What about this journal I made for her to organize all her important events?

Vince: She'll love that Lisa.

[Soon all the sisters argue about all there gifts for Laney]

Me: (Whistles) That's enough! [They all stop once Laney enters the room and they all hide their gifts]

Laney: Hey guys. What's going on?

Everyone: Nothing!

Lincoln: Uh… Laney! We were just thinking on what to do on your birthday.

Laney: Oh, well. I hope you guys think of something really great for my birthday. You guys have always been there for me. And even though you have your share of quarrels and fights, you guys know what's right. [Her siblings smile at this] Well, see you at the party. [Leaves and closes the door]

Luna: That girl always knows what to say.

Janeen: She sure does.

Luan: Yeah and not to mention knows what to do.

At that, we all smile as we reminisce about all the times Laney has helped around the house. All the times she played with Lily, comforted her other sisters, helped Lincoln and his friends. She has really done a lot for everyone.

Lincoln: Yeah, she really deserves something special.

Vince: She sure does.

Lori: But what can we do? It's not like we can give her all of our gifts.

Lincoln: [gets an idea] Or can we?…

[Cut to later in the afternoon in the backyard where Laney's birthday was being celebrated. All of her guests, all of us and her parents gathered around as Laney gets ready to blowout the candles in her birthday cake]

Kids and Parents: [sing] *Happy birthday dear Laney, happy birthday to you!* [Laney blows out the candles and everyone applauds]

Me: Happy 8th birthday Laney.

Laney: Thanks J.D.

Rita: Okay, Laney. Now it's time to open your presents.

Lincoln: [off-screen] You said it, mom. [All eyes were at Lincoln and his sisters, and all of us walking in with something hidden under a tarp. We all stand behind it] Laney, we wanted to give you something awesome. Something that says we love you and all the things we do.

Lola: But the thing is we couldn't decide which one of our gifts is better.

Lori: So we decided to give you all of them!

We pull out the tarp that revealed all of our presents to Laney in one big diorama. Lola's painting wrapped in Leni's scarf, next to Luan's teddy bear and Lynn's rollerskates. And Lori's handbag with Lisa's journal in it and several gifts were on the cart from all of us. Laney was filled with joy at the very sight of it.

Laney: [in awe] Guys I… I… I… I don't know what to say!

Luna: Just our way of saying how much you rock! [Laney gathered all of us for one big hug]

Laney: You have all made this the best birthday ever! Thanks guys!

Me: You're welcome Lanes.

Suddenly an earthquake rattled the land and we saw numerous plants and flowers grow in a crack that formed in the earth and a huge flower grew and bloomed into a brain and eyes. Walls of leaves wrapped around it and it bursted and out came the plant ghost UNDERGROWTH!

Undergrowth: (Roars) **Flesh Dwellers, you have caused pain to my children once to often. Now you too shall feel pain, The PAIN OF UNDERGROWTH!**

Me: Who is Undergrowth?

Danny: He's a plant ghost and he wants to take over the world and destroy all of humanity and replace it with his offspring. He's capable of regenerating himself and using plants to do his bidding.

Laney: That's absolutely nuts!

Me: It sure is. Lets power up guys!

We transform and got our weapons ready. I fired an energy blast and blew his arm off and he grew it back.

However Undergrowth got the drop on us by entangling us in vines.

Undergrowth: **Such limited lifeforms. Although instant destruction is an option I feel a rather more productive use is in order.**

His head split open and out came a bunch of sleep spores.

Danny: Sleep spores!

It put us all to sleep.

Undergrowth: **Rejoice, for a new era is to begin root.**

---

We woke up 7 hours later and we saw the whole city of Gotham Royal York and Amity Park completely covered in plants. But the Estate was still standing as the computer activated an anti-ghost shield force field around it.

Me: Whoa! What happened here? The whole city is now a jungle! A real Jungle!

Lori: From the looks of it we're literally tied to a giant tree.

Lola: And that's not the worst of it guys. Look!

We saw everyone acting like zombies and they had vines sticking into their necks.

Me: The entire city is under the control of Undergrowth!

Lana: We have to stop this!

Me: Yeah but how?

Undergrowth then reformed right in front of us.

Undergrowth: **Yes. The growth is far stronger than any meat creature. No matter how powerful they think they are.**

Me: What do you want Undergrowth!?

Undergrowth: **What any other lover nature desires. You'll soon realize that this is what nature intended all along. You'll see that mankind is just another weed in the garden of life. A weed that can be removed.**

Lily: Yeah! This is so uncalled for. We'll never submit to you!

Tucker: Submit? We can't even wiggle our fingers!

Undergrowth: **Your pessimistic but accurate friend is right. Observe, your once proud progressive metropolis.**

A giant brain plant was controlling everyone in Gotham Royal York and Amity Park except us.

Undergrowth: **The Mind Vine enables me to control the inhabitants every movement. Why burden myself with the destruction of your cities when I can have its own citizens do it for me.**

The citizens under Undergrowth's control were destroying all the buildings and even planting trees and new plants all over the place.

Undergrowth: **Once the way is cleared, my children shall be planted and grow anew. My consciousness, my will shall spread throughout the globe and the concrete jungles shall become REAL jungles. (Evil Laughter)**

His eye showed his vision of the future and it revealed that he will cover the entire planet in plants.

Me: You're going to return the world to what it was during the Carboniferous Period!

Nicole: That'll raise the oxygen levels through the roof!

Laney: I won't let that happen!

Danny: You tried this plan before Undergrowth! And I stopped you!

Undergrowth: **Yes I remember that.**

Me: Wait. Where's Sam?

Undergrowth: **Ah yes the female. Every garden needs a caretaker.**

A giant purple rose grew and bloomed and out came Sam and she was under the control of Undergrowth.

Me: Whoa!

Laney: Sam. No.

Danny: Sam. Not again.

Undergrowth: **Her love of vegetation makes her the perfect choice to work alongside me. I can show her the roots or vines so to speak.**

Sam M.: Fleshwalkers, your bodies are needed for work.

She sent a bunch of vines over to us and just as they were about to touch us our auras burned them off.

Laney: (Furious) That does it!

Laney broke out of her vine restraints and she went Super Angel 3. She freed Riley and they went at Undergrowth!

Me: Show no mercy Laney!

Ben: Get him Riley!

Luna: Go get him dudes!

Luan: Show that plant beast a Weed Killing time! (Laughs) Get it?

Everyone laughs.

Me: (Laughs) That was a good one Luan. Love the jokes but now is not the time for them.

Lincoln: Come on Laney!

Me: Get him you two!

Laney and Riley were about to fight Undergrowth but Sam got in their way and stopped them.

Laney: Sam!

Sam M: Join us Laney. The growth is family.

Laney: Sam we don't want to fight you. I know you're in there somewhere. Undergrowth is controlling you. Come back to us Sam. You are better than this! You can do it!

Riley: Yeah. We know you're in there Sam. You can fight him!

Laney and Riley's words broke Sam out of Undergrowth's control and suddenly, green lightning hit the vines and burned them from out of nowhere and a giant eagle made of leaves erupted out of the ground, swooped in and grabbed Sam in it's talons. She was enveloped in a tornado of Leaves.

Laney: It's a Deity choosing.

Riley: Wow!

Hercules: Another deity chose her!

When the tornado faded Sam was back to normal but she had angel wings made of pure leaves and she had a leaf bird mark emblazoned in the middle of her forehead.

Undergrowth: **What is going on here?**

Sam M: What happened? I feel really strange.

Laney: Sam you got powers now like mine and Riley's.

Sam: How is that possible!?

Laney: We'll explain later Sam. Lets take this overgrown cabbage monster down!

Sam: Lets!

Riley, Laney and Sam: YEAH!

Laney, Riley and Sam fired a blast of energy and blew apart Undergrowth's arms and face and blew a hole in his chest and they weakened him. Then they punched and kicked him in the face and stomach and punched him in the mouth and knocked out his teeth.

Laney: Lets see how you like this Cabbage Face! Sam, Riley, lets do it together!

Sam M: You got it Laney.

Laney: NATURES

Riley: VENGEANCE

Sam M: KAMEHAME…

Laney, Riley and Sam:
HAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAA!

They all fired a combined energy ball and it hit Undergrowth and exploded. But it went inside him and he closed his chest. Then it glowed in him.

Undergrowth: **No! NO!**
**NOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO**

He exploded with incredible power.

KRABBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

He exploded everywhere as a pile of chlorophylic slop and the plants he grew all over the city died and everyone was freed from his control.

Me: They did it!

We all cheered wildly for them!

Danny: That was awesome!

Dani: Way to go guys!

Laney: Are you all okay?

Lori: We sure are Laney. Thanks to you, Riley and Sam. You three literally saved us all.

Lynn: You sure did. You guys were awesome!

Lana: That was amazing sis!

Lola: Yeah you guys were incredible!

Riley: Ben!

Ben: Riley!

They hugged.

Ben: You were incredible. I'm so proud of you.

Riley: Thanks Ben.

Lisa: Affirmative. You, Laney and Sam sure gave that chlorophyll monster a dose of his own medicinal punch.

Me: You were awesome girls. You, Laney and Sam did a fantastic job.

Sam M: Thanks J.D. But how did I get my powers in plants?

Me: We'll have to look it up when we go inside.

We went in and I pulled out my book and looked it up. I found a surprising discovery.

Me: This is cool! You were blessed by the Eagle of Nerthus.

Sam M: The Goddess of Nature in German Myth?

Me: That's right. Once every 100 years Nerthus sends an eagle made of leaves to a worthy soul and bestows upon them the power of nature, plant control, winged flight, super strength, speed, agility, nature control and even the power to communicate with plants and animals. But there's a major catch. Nerthus can only grant her powers to a worthy soul who has been under the control of the evil plant ghost Undergrowth.

Laney: Wow! And we were just attacked by Undergrowth.

Leni: We totes were.

Riley: Yeah.

The ground rumbled and out came a sapling. It was Undergrowth and he was regenerating.

Undergrowth: **I am regenerating!**

Lucy: Not for long.

Lucy fired a blast of black lightning and killed Undergrowth completely.

Me: Good work Lucy.

Lucy: Thanks J.D.

Carol: Laney I hope you're not upset that Undergrowth ruined your birthday.

Laney: Are you kidding Carol? This was the most awesome birthday ever! I loved every second of it! Thanks guys for making my birthday so unforgettable.

Me: You're welcome Laney.

She and I hugged.

Riley: This was a battle of nature that we will never forget.

Ben: No we won't.

THE END

Another Fanfiction Complete.

Laney's birthday is on September 16th and that's her birthday from Kinghammer. Undergrowth is one of my favorite villains in Danny Phantom. Mark Hamill voiced him and he did a great job in the episode Urban Jungle. It was really scary seeing Sam under his control like that and how he was gonna destroy the Earth by covering everything with plants and then his kind. Kinghammer made the Laney's Birthday chapter and I decided to make it Laney's birthday chapter. Thanks for the inspiration and set up man. Let me know what you all think.

See you all next time.

# The Wishes of Desiree

(Treasure Trove Cove Theme in Banjo Kazooie plays)

It starts at the beach. We were relaxing and having a great time enjoying the fun in the sun. We were doing all kinds of great activities in the sand and more.

Me: Ah. What a great day.

Nico: You said it man.

Me: Hey Nico how did you and Poliwag meet?

Nico: Well that is an interesting story.

---

Nico: (Narrating) I was walking in the jungles of the Philippines and Poromon and me were looking for fruit. That's when I found a wild Poliwag. He was scared and was afraid of being in our world. I befriended him and we became buddies and partners. I taught him how to talk like me and it was a great feat.

FLASHBACK ENDS

Me: Wow. So that's how you found Poliwag.

Nico: Yep.

Me: That's awesome.

Maria: You boys having fun?

Me: We sure are Maria. Just soaking up some rays.

Maria and Nico blushed when they saw each other.

(Record Scratch)

Maria and Nico: (In Unison) Need I remind you that you already have a boyfriend/girlfriend.

Me: I was gonna say the same thing but you beat me too it.

We laugh.

Then I saw something shining in the sunlight. It was coming from under the sand. I went over to it and pick it up. It was a beautiful golden bottle.

Me: Wow. What a pretty bottle.

Lori: (Offscreen) It's time to go J.D.

Me: Coming guys!

I run back to them with the bottle in my hands. We got back in the van and headed home.

French Narrator: (French Accent) 2 Hours Later.

We got back to the Estate and I head up into Lincoln's room.

Lincoln: I wonder what's in that bottle.

Me: Lets find out.

I pull the top off and rub it.

Out of the bottle came a cloud of green glitter smoke and out came the genie ghost DESIREE!

Desiree: I am Desiree.

Me: A genie! It's a pleasure to meet you Desiree. I'm J.D. Knudson.

Desiree: The famous hero.

Me: I know a genie in Agrabah with my friend and partner Aladdin.

Desiree: Ah that's interesting. And you must be Lincoln Loud.

Lincoln: That's right.

In the living room Danny and Dani sensed Desiree and they went into Lincoln's room and they saw her.

Danny: Desiree!

Desiree: Danny Phantom. How nice to see you again.

Danny: What are you doing here?

Me: (Shocked) Desiree is a ghost!?

Danny: She's a genie ghost!

Then Desiree fled.

Lincoln: My ghost sense didn't tell me that.

Me: That's unusual. But how did Desiree become a ghost?

Danny: I'll show you.

Danny took us to the computer and he typed in Desiree's history. 1,000 years ago in Saudi Arabia she was a harem girl that would be promised her hearts desire: Her own kingdom. But the sultan's wife banished her from the kingdom in a fit of jealous rage. She died of a broken heart and natural causes. After that her spirit roamed the world over the centuries granting peoples deepest desires but at a great price.

Me: That's terrible. She was robbed of her desire and now she's only looking for the thing she wants most: To be loved and have a kingdom of her own.

Laney: Poor woman.

Lana: Yeah.

Me: We have to help her at any cost. Luan, Lynn, Laney, Aqua, Thor, Lea, Sora, Kairi, Nico, May, Vince, Carol, Team Phantom, you all come with me. I know where she's at. Donald, Goofy you go get Aladdin, Jasmine and Genie.

Goofy: You got it J.D. Ahyuck!

Me: Lets go!

We set for Desiree's location: The Beach.

---

It was night time and we were at the beach.

Me: Look sharp guys.

Danny: J.D., Desiree is really tricky and she could be anywhere.

Sam M: Genies usually are tricky. They have incredible power and they can do anything.

Sora: They sure can.

Suddenly we heard screaming and we saw the Heartless terrorizing some people.

Me: The Heartless!?

Sora: How can they be here when they are all supposed to be dead?

Me: That's what I would like to know. Lets go!

We went at them and we were fighting Kurt Zisa Heartless. They were tough but they made us stronger.

Danny: What are these things?

Me: (Grunts as I destroy them) They're the Heartless. They are the physical embodiments of the Darkness in the soul.

Dani: I think I heard about these guys and how you guys killed some evil man out to destroy the entire universe. What was his name? Xehanort?

Sora: That's him Dani.

Me: Yep.

?: You will pay for killing Master Xehanort, J.D.!

But the Heartless were just an appetizer for the grand game. We saw 2 enemies that we thought we would never see again. We saw Lexaeus and SaiX of Organization XIII!

Me: SaiX and Lexaeus!? How did you two come back to life!?

SaiX: Desiree resurrected us and now we will have our revenge on you for not only killing Master Xehanort, but us too!

Me: She is a genie and she has the power to do anything. Luan, Lynn you two take them.

Genie: (Offscreen) Hey J.D. need a hand?

We saw Genie, Jasmine and Aladdin arrive.

Me: Great of you all to arrive Aladdin!

Aladdin: Thanks. SaiX and Lexaeus! But how are they here?

Lincoln: This genie ghost named Desiree resurrected them and now they're back to get revenge.

Jasmine got her Keyblade ready.

Jasmine: Lets get them!

Me: Lets!

We took care of the Heartless and Luan and Lynn were facing SaiX and Lexaeus. I formed a barrier that blocked the Moon's light to prevent SaiX from getting his power.

---

Battle 1: Luan VS SaiX

SaiX swung his Claymore at Luan but she dodged it and fired a beam of light at him. Lensay popped out from her back in the carrier and did the same thing and they hit him. But SaiX recovered and threw a Claymore at Luan, who dodged it.

Saix (Luan picks up the thrown Claymore): Oh, please. You don't even know how to use that.

Luan: Really now? Let this shed some Light on you.

Luan flipped with the Claymore, hitting Saix. She then spun with the weapon rapidly, rapidly hitting the blue haired Organization member.

POW POW BLAM BLAM BASH BASH SMASH SMASH ZONK ZONK KROW KROW KATOW KATOW!

SaiX was beaten up really bad and he was dying.

Lea came and talked to him.

Lea: I'm sorry SaiX but this is the end for you.

SaiX: So that's it? You're just going to kill me like some wild animal even after everything we went through together?!

Lea (sadly points his Keyblade at SaiX): I wish there were some other way, SaiX. But you're dangerous and you are a threat to me and my friends.

SaiX: Friends?! You and I were friends!? What happened to you?

Lea: People change.

SaiX: You think you're some kind of hero? But deep down, you're still the same punk kid I met in Radiant Garden. You don't have the guts. You want to kill me? Kill me. Only one of us is walking out of here alive.

Lea (starts to cry): You're right.

With that, Lea fired a blast of fire from his Keyblade, killing SaiX.

Nicole: Never again will you terrorize the pure light of the moon. (Chants an Incantation) ALDRUON ENLENTHRANEL VOSOLUN LIRUS-NOR!

SaiX was sealing into the Book of Vile Darkness.

Luan: It's not your fault Lea. SaiX was pure evil and he deserved this. Never beat yourself up like this.

Lensey: Wea gweat bwother.

Lea: Thanks girls.

---

Battle 2: Lynn VS Lexaeus.

Lynn was fighting Lexaeus. She was fighting him with her earth powers and her Axe Sword.

Lexaeus drags his weapon on the ground in order to hit Lynn.

Lexaeus: You won't be able to kill me this time, Lynn. You aren't even a Keyblade Master.

Lynn: You're right. But I don't need a Keyblade to beat you!

Lexaeus tried to hit Lynn but she blocked it. She then leapt back, slid behind Lexaeus, and slammed into him with a massive uppercut.

She launched lots of rocks and powerful earth missiles at him and mortally wounded him.

Lexaeus: Looks like I'll finally be able to die in peace.

Lynn: It's not too late for you Lexaeus. There's still a chance for you to be redeemed. I can force Desiree to stop you from dying.

Lexaeus: Lynn, listen to me. You and I, we're not so different. We're both masters of the Earth. And we're both physically powerful to take on whatever life throws at us. But where I used my abilities to helping Organization XIII, you used yours to help those who couldn't help themselves. You've been a sports athlete, a sister, and a hero, a far more better person then me. (chuckles) That's right. In my dying moments, I see it now. You're the more superior Earth elemental. Lynn Loud Jr, will you hear my dying wish?

Lynn: I will. (to the others) I'm sorry, guys. But this is what he wants. There's no way to save him.

Me: I understand Lynn.

Lexaeus: Live your life to the fullest. That is my dying wish. No longer live with regrets. Find yourself a boyfriend that has similar interests to you. You deserve to be happy. But most of all, always be good to your family and keep being the hero that you are now.

Lynn (solemnly): I promise.

Lexaeus (starts to fade away): Thank you.

With that, Lexaeus peacefully faded away from existence for good.

Me: Rest well Lexaeus. Rest well.

Lynn: I wish we could've helped him.

Me: I know Lynn. And you are helping him by being who you are.

Lynn: Thanks J.D.

Aqua: J.D. we got rid of the Heartless.

Me: All right. Lets get Desiree. But the only way to get her to come to us is if we wish for something.

Suddenly 4 figures came out. It was Rhydon, Kingler, Hariyama, Walrein.

Nico: It's a Rhydon, Kingler, Hariyama and Walrein!

May: Oh man! Desiree must've called them.

Me: She must have.

May: Ready Manaphy?

Manaphy: You know it. Lets team up.

Nico: Poliwag? Ready?

Poliwag: I sure am.

May pulled out some Pokeballs and out came Beautifly, Blaziken and Glaceon. Manaphy and Beautifly was facing Rhydon, Poliwag faced Rhydon, Blaziken faced Hariyama and Glaceon faced Walrein.

Ben became Wildvine.

Ben: WILDVINE!

Me: A Florauna!

Wildvine: That's right.

Wildvine grabbed the Pokemon after they were defeated and picked them up with his vines and slammed them into the ground. They fainted.

Manaphy: That's that mama.

May: You know it.

Nico: May you were amazing! Mind if I catch them?

May: They're all yours.

She handed him 4 Pokeballs.

Nico: I've always wanted to try this. Pokeballs go!

He threw them and they caught them. The red lights came on as they wiggled and they disappeared 5 seconds later. Meaning that they were caught.

Nico: Oh yeah! My first caught pokemon!

Me: Way to go Nico!

Nico: Thanks man.

He picked up the pokeballs and put them in his vest.

Desiree then appeared.

Desiree: You are all very strong.

Me: Desiree please. Before we fight lets talk. We know what happened to you back 1,000 years ago and that woman should not have done that to you. So I'm going to give you the greatest wish you ever had.

Desiree: You would do that for me?

Me: I sure would. I was the one that found you so I should give you this wish. I wish for you to have your life back and for you to have the greatest kingdom anywhere so you can be happy!

Desiree let out a tear and she granted it.

She became what she was like back 1,000 years ago and next to the beach was a magnificent castle any king or queen of Arabia would envy and she was so happy.

Desiree: I'm back to life and I'm now Sultana.

Me: You sure are Desiree. Or should I call you Sultana?

Desiree: You can call me Desiree, J.D. (Hugs me) Thank you so much for giving me a second chance.

Me: You're so welcome Desiree.

Laney: I'm so happy for you.

Desiree: Thanks Laney. Oh come here everyone! Big group hug! Group hug!

She had us in a group hug.

Lori: I'm glad you are literally happy Desiree.

Aqua: Same here.

Jazz: Your castle is amazing.

Tucker: It sure is.

* * *

Later back at the estate we were sitting on the sofa and watching cartoons and reading books.

Me: I'm glad that Desiree is happy and has the kingdom she wanted.

Lola: Me too J.D. That was a big sacrifice you made for her to be happy.

Me: She's a genie and now a Sultana. Thanks for looking up her info Danny.

Danny: No problem J.D.

Dani: It's awesome to have a genie here.

Lana: It sure is.

Lily: You said it sisters.

Lila: Yeah.

Another Fanfiction Complete

Desiree is an awesome genie ghost. She's one of the villains I feel sorry for on Danny Phantom. She was robbed of her dreams because of the jealousy of the Sultan's wife. Poor girl. Peri Gilpin did a great job voicing her. She also was Volcana's voice, King of the

Hill and many live action Television shows. But she was not in many movies. She was mostly in Television. Next up is The Fright Knight. I love the Fright Night. I was gonna save this one for Halloween but I figured it would be perfect for now since Halloween is right around the corner. NicoChan11 gave me the ideas for this one. Thanks for that man. As usual. Also I wanted to make Nico get more Pokemon thank just Poliwag. Let me know what you all think.

See you all next time.

# The Nightmare of The Fright Knight

It starts in the Ghost Zone. Brittney is flying around the Ghost Zone looking for something or someone.

Brittney: Wow. This place goes on forever. It's like the dead have homes everywhere.

She flew off into the distance.

---

In the estate we are sitting in the living room and watching TV, reading books, playing card and board games and texting on the phone.

Danny: Hey what is Brittney doing in the Ghost Zone?

Jared: She said something about wanting to find her own weapon for herself.

Lincoln: Yeah. It's because she doesn't have one other than magic.

Dani: That's understandable.

---

Back in the Ghost Zone, Brittney came across an evil looking castle. The castle looked like the very castle of the Devil Himself.

Brittney: Now that is a true castle from Hell.

She went in the castle through the tower window and she went up the stairs and it was a lot of steps.

Brittney: Wow. This is a tall staircase.

Suddenly a bunch of razor-sharp pendulum axes swung and she dodged them as she climbed the stairs and she got to the door. She went in the door and she saw a bunch of skeletons and they were on the sides of the wall.

Brittney: Uh oh. I know this trap.

She ran and got to the door before it became a spiked crusher wall.

Brittney: That was a close one.

She looked on and saw a green sword sticking into a purple pumpkin.

Brittney: There it is. The Soul Shredder Sword. With this I can have my own sword.

She walked up to the sword and pulled it out like Excalibur.

Brittney: Yeah!

The skeletons came to life and Brittney saw them.

Brittney: Oh no you don't!

She kicked them and destroyed them in an instant.

Brittney: That was too easy.

Then she saw the pumpkin explode out of the smoke arose THE FRIGHT KNIGHT!

Brittney: The Fright Knight!

Fright Knight: Free! You there. Give me back my sword!

Brittney: I've read a lot about you. You are the spirit of Halloween and that's not for another month.

Fright Knight: That's right. Now give me my sword!

Brittney: Sorry but I found it and it's my sword now.

Fright Knight: That wasn't a request. It was a demand whelp!

Brittney: Well you're in no position to give me orders!

She sheathed the sword in her left hip and went at the Fright Knight and punched him in the face and sent him crashing into the wall. She also reformed the purple pumpkin and left.

The Fright Knight got up and he saw that Brittney was gone.

---

In Lisa's lab Brittney came out of the portal of the Ghost Zone.

Brittney: That was a close one. (Unsheathes the Soul Shredder) I've read a lot about the Soul Shredder and if what I read about it is true than not only will I become the Empress of Darkness but also the Princess of Fear. I will make evil fear me.

Brittney walks down to the living room.

Brittney: Hey guys I'm back.

Lori: Hey Brittney. Did you find what you were looking for?

Brittney: I sure did Lori. Check it out.

She revealed the Soul Shredder.

Sam M: You got the sword of the Fright Knight!?

Brittney: Yep. I figured it would serve me like it does for the Fright Knight.

Danny: Brittney that is awesome! But you're in a lot of trouble with the Fright Knight.

Brittney: I know. That's why I'm gonna show him that I'm the Empress of Darkness and the Princess of Fear.

Me: Nice title but you are already known as The Empress of Darkness and an empress is more powerful than a Princess.

Brittney: That's true dad. I'll think of a secondary title later. Right now the Fright Knight is coming and we have to be ready for him.

Tucker: We sure do. He'll come for his sword.

Dani: We can't let him get it no matter what.

Brittney: I know. Lynn you want to see me practice with this sword?

Lynn: Oh you know it Britts! Sorry it's a nickname for you.

Brittney: No it's all right Lynn. I like it.

---

In the Training Yard, Lynn set up earth training dummies and they looked like all the enemies we faced and killed and they were scattered all over the field.

Lynn: All set Brittney!

Brittney: Okay. Here I come!

She dashed towards the dummies and unsheathed the Soul Shredder and slashed them at a powerful level. She then stood in front of another earth dummy and swung the blade and it fired a barrage of fire bats made of pure black fire and they hit the dummy and exploded with the power of 2 pounds of C4 explosives.

KRABOOOOM!

The dirt and rocks rained down.

Brittney: Wow! What power!

Lynn: That was awesome Britts!

Brittney: Thanks Lynn.

In the house we saw Brittney practice with the Soul Shredder and she was doing well.

Me: Wow. Brittney sure is learning how to adapt to using the sword really quickly.

Allie: She's a really fast learner dad. She lost her sword in the time we came from before we came here.

Me: Wow.

Lincoln: That's awful but Brittney has a weapon again.

Lucy: I've read a lot of stories about the Fright Knight and the Soul Shredder. Legend says that if you get cut by the sword it brings your worst fears to life.

Laney: That is a deadly sword.

Lisa: Ach pish-posh. A sword cannot do that in terms of superstition.

Me: Actually Lisa it can. We've only seen the tip of the iceberg of what the Soul Shredder is capable of.

* * *

Later at night we were resting by the TV watching the Dream Boat when the alarm went off.

Me: Uh oh.

The computer popped up and it showed the Ghost Zone and a bunch of ghosts were heading towards our portal.

Me: It's the Fright Knight and his soldiers! They're coming! Battlestations people!

I sound the alarm and we got ready. We stood ready outside and out of the mansion arose hundreds of ghosts. It was the Fright Knight and his soldiers.

Me: The Fright Knight!

Fright Knight: The famous J.D. Knudson and Danny Phantom. How nice that you would be the one that would challenge me.

Me: Nice to know that we've made an impression.

Rikki: Hey, Fright Knight! Don't you know that Halloween's still only a month away?

Fright Knight: Of course I do. But you fools won't live long enough to see it!

Lincoln: Come and try it! We're going ghost!

Lincoln, Danny and Dani went Phantom.

Fright Knight: Lets see you handle this!

Fright Knight fired a beam of dark energy and what we saw was a shocker. We saw that the Fright Knight brought Scarecrow back to life!

Me: Scarecrow! But that's impossible! We killed him!

Fright Knight: Yes you did kill him but this is a clone of him. I have the power to bring villains that instill fear into their enemies back to life.

Brittney: Then lets dance.

Brittney unsheathed the Soul Shredder and she slashed him and sent him into another dimension and he was surrounded by a colony of bats with glowing red eyes and they screeched horribly.

The Scarecrow clone was terrified beyond all known recognition.

Brittney then suddenly got a sudden and massive increase in power from the sword.

Brittney: Whoa! What a rush! It's like Scarecrow's fear has made me far more powerful than ever.

Fright Knight: If you all thought Scarecrow was scary, you haven't seen anything yet!

Fright Knight called 2 more clones and they were of Leena Klammer and Tantrum.

Me: Leena Klammer?

Maria: Tantrum?

Ed: I got this one!

Ed became Edzilla and he pulverized the Leena clone into oblivion and killed her. Then he went after the Tantrum Clone.

Edzilla: ED SMASH PURPLE HULK!

Tantrum: NO! TANTRUM SMASH GREY LIZARD!

They went at each other and engaged in a savage, brutal and ferocious fight. Ed punched Tantrum in the mouth and punched him in the face and kicked him in the stomach.

POW! SMASH! BLAM! KROW! WHAM!

Ed kicked and bashed him in the stomach and the mouth and knocked out some of his teeth and he bit him in the arm and Tantrum screamed in pain as Edzilla bit his arm clean off.

Maria: Oh man! That's got to hurt!

Hulk: Water girl not kidding!

Ed punched him where the sun doesn't shine and he screamed like a little girl!

WHAM! CRUNCH!

We winced.

Me: Ooh! That's not gonna feel good in the morning!

Lincoln: AY YI YI!

Lynn: That must've really hurt!

Me: It sure did.

Edzilla pulverized the Tantrum clone until he was dead.

Nicole sealed their spirits into the Book of Vile Darkness.

Fright Knight: I've not yet begun to fight!

He formed another clone and it was Nico's worst fear: Slappy the dummy from the Goosebumps books.

Me: That's Slappy from the Goosebumps books!

Nico saw him and he crouched down to the ground in fear and was sitting on the ground in a fetal position.

Me: Nico what's wrong?

Vince: He's in a state of fear.

Nico: Sla sla sla…

He started having memory flashbacks from when he was a little kid. He watched the Goosebumps movies for Night of The Living Dummy and he was scared to death of him instantly.

Nico: (Shivering in fear)

Me: Nico you have to snap out of it!

Nico pointed at Slappy and we put the pieces of the puzzle together.

Me: So that's it. He saw Night of The Living Dummy back when he was a child and it traumatized him!

Vince: I would be traumatized too if I saw that. Nico you have to snap out of it. That dummy was not real in those movies. It was just a puppet.

Me: That's right. Like Luan's dummy Mr. Coconuts and the Scarface puppet. They are not real!

Luan: (As Mr. Coconuts) Hey! I resent that! (Normal Voice) Shut up Mr. Coconuts. Now's not the time for it. (As Mr. Coconuts) Sorry.

Me: Nico you are stronger than any dummy! You have the power to conquer your fear of the dummy Slappy. The movie Saw is not real and neither is that overgrown toothpick!

Something within Nico stirred within him when I said that and he knew that I was right.

Nico: You're right! Thanks J.D.

Me: Anytime man. Now go show that overgrown tree stump that you mean business! All is going to be well.

Nico: I will.

Nico walked up to Slappy and went Super Saiyan.

Slappy: You will never win against me! I will destroy all your friends and make them my puppets!

But then something snapped within Nico.

Me: What the?

Nico: (In his head) I won't let him torment me anymore! (Out Loud) AAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAA

The ground exploded and a huge cloud of dust exploded out and the ground was shaking extremely violently and rocks and pebbles were lifting off the ground as he was screaming like a madman!

Me: His power is unreal!

Lincoln: Unbelievable!

Goku: Whoa! What incredible power!

Piccolo: Nico is releasing his energy!

Laney: Holy mackerel!

Krillin: What power!

(Gohan's Anger Theme Plays)

Nico's power was rising fast at an accelerated rate and lightning was flickering around him.

Nico: YOU WON'T TORMENT ME EVER AGAIN!

Slappy was getting terrified of him now.

Nico: I WON'T LET YOU DO THIS TO ME ANYMORE!

Nico's hair turned more spiked and his muscles grew bigger and he released the full extent of his power and a massive shockwave of energy blew across the area. Luckily our house was still standing.

When the dust and smoke cleared we saw Nico forever changed. He was now a Super Saiyan 2! He had a more jagged yellow aura, bigger muscle mass, and lightning was flickering around him and the level of power he had was absolutely incredible.

Me: Whoa! Nico you've become a Super Saiyan 2! Unbelievable!

Vegeta: Unreal! What power!

Laney: This is unbelievable!

Goku: His power is incredible!

Gohan: What enormous power!

Me: Slappy is in a helluva lot of trouble now!

Vince: It was the fear and torment Slappy put him through that did it.

Me: Yep. So start praying Slappy!

Nico: Slappy you will pay for putting me through all the pain and suffering I had to endure because of you! I will never forgive you for everything you've done to me!

He walked up to Slappy and he went at him and Slappy kicked him. But he only kicked an afterimage. Slappy saw him up in the sky and went at him and try as he might he couldn't land a single blow on Nico and then Nico returned fire with an iron fist and punched him in the stomach so hard that his fist went all the way through him and out through his back.

SQUEELLLLLLCCCCHHHHHHHH!

Nico: You go to Hell and stay there you rotten piece of wood!

He pulled his fist out and fired a blast of energy at him and vaporized Slappy completely.

Me: Whoa! He did it!

Nicole sealed him into the Book of Vile Darkness.

Nico then set his sights onto the Fright Knight.

Me: He's going after the Fright Knight.

Fright Knight: I'm not done yet!

He created more clones and they were of Richard Fenton and The 110 foot Giant Squid!

Me: Richard Fenton!

Lana: The Giant Squid of Graves Point!

Aqua: Let us handle these two! Thor lets do that combo!

Thor: Right.

Aqua and Thor: ARCTIC THUNDER HAMMER STRIKE!
